PROXY STATEMENT

GENERAL INFORMATION

The Board of Directors of The Dun & Bradstreet Corporation (D&B or the Company) is soliciting your proxy for use at the Annual Meeting of Shareholders to be held on April 17, 2002. These proxy materials are being mailed to shareholders beginning on or about March 14, 2002. The principal executive offices of D&B are located at One Diamond Hill Road, Murray Hill, New Jersey 07974-1218, and the Company's main telephone number is 908.665.5000.

On September 30, 2000, the company then known as The Dun & Bradstreet Corporation (Old D&B) separated into two publicly traded companies: the new Dun & Bradstreet Corporation (*i.e.*, the company to which this Proxy Statement relates) and Moody's Corporation (the Spin-Off). The separation of the two companies was accomplished through a tax-free distribution by Old D&B of the shares of Common Stock of the Company. Old D&B then changed its name to Moody's Corporation. Information included in this Proxy Statement concerning the Company and its management during periods prior to the Spin-Off actually relates to Old D&B and its management.

Annual Meeting Admission

You will need an admission ticket to enter the Annual Meeting. For shareholders of record, an admission ticket is attached to the proxy card sent to you. If your shares are held in the name of a bank, broker or other holder of record and you plan to attend the meeting in person, you may obtain an admission ticket in advance by sending a written request, along with proof of share ownership, such as a bank or brokerage account statement, to the Company's Corporate Secretary at the address noted above. Shareholders who do not have admission tickets will be admitted only following verification of ownership at the door.

Who Can Vote

Shareholders of record at the close of business on March 1, 2002, are eligible to vote at the meeting. As of the close of business on that date, D&B had outstanding 74,696,447 shares of Common Stock.

How to Vote

In addition to voting in person at the meeting, shareholders of record can vote by proxy by calling a toll-free telephone number, by using the Internet or by mailing their signed proxy cards. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions and to confirm that shareholders' instructions have been recorded properly. Specific instructions for shareholders of record who wish to use the telephone or Internet voting procedures are set forth on the enclosed proxy card.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Certain of these institutions offer telephone and Internet voting.

Revocation of Proxies

A shareholder of record can revoke a proxy at any time before the vote is taken at the meeting by sending written notice of the revocation to the Corporate Secretary of the Company, by submitting another proxy that is properly signed and bears a later date or by voting in person at the meeting. All properly executed proxies not revoked will be voted at the meeting in accordance with their instructions. A proxy that is signed and returned by a shareholder of record without specifications marked in the instruction boxes will be voted in accordance with the recommendations of the Board of Directors, as outlined in this Proxy Statement. If any other proposals are brought before the meeting and submitted to a vote, all proxies will be voted in accordance with the judgment of the persons voting the proxies.

Table of Contents

Special Voting Procedures for Certain Current and Former Employees

Many current and former employees of the Company have share balances in the D&B Common Stock Fund of the D&B or Moody's Corporation Profit Participation Plan or the RMS Savings Plan (collectively, the PPP). The voting procedures described above do not apply to these share balances. Instead, any proxy given by such an employee or former employee will serve as a voting instruction for the trustee of the PPP, as well as a proxy for any shares registered in that person's own name (including shares acquired under the D&B Employee Stock Purchase Plan or otherwise). To allow sufficient time for voting by the trustee, PPP voting instructions must be received by April 10, 2002. If voting instructions have not been received by that date, the trustee will vote those PPP shares in the same proportion as the respective PPP shares for which it has received instructions, except as otherwise required by law.

Proxy Solicitation

Directors, officers and employees of D&B may solicit proxies on behalf of the Company by communicating with shareholders personally or by telephone, facsimile, e-mail, telegraph or mail. D&B will pay all expenses related to such solicitations of proxies. D&B will request banks and brokers to solicit proxies from their customers, where appropriate, and will reimburse them for reasonable out-of-pocket expenses.

Quorum and Voting Requirements

D&B's by-laws provide that a majority of the shares entitled to vote, whether present in person or represented by proxy, constitute a quorum at meetings of shareholders. Abstentions and broker non-votes are counted for purposes of establishing a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee has not received instructions from the beneficial owner and does not have discretionary voting power for that particular matter. Brokers are permitted by the New York Stock Exchange to vote shares without instructions from the beneficial owners on routine matters such as the election of directors and the ratification of the selection of independent accountants.

Election of directors (Proposal No. 1) shall be determined by a plurality of the voting power present in person or represented by proxy at the meeting (*i.e.*, the nominees receiving the greatest number of votes will be elected). Only shares that are voted in favor of a particular nominee will be counted towards such nominee's achievement of a plurality. Thus, shares present at the meeting that are not voted for a particular nominee, shares present by proxy for which the shareholder properly withholds authority to vote for such nominee, and broker non-votes will not be counted towards such nominee's achievement of a plurality.

Ratification of the selection of independent accountants (Proposal No. 2) shall be determined by the affirmative vote of the majority of the voting power represented at the meeting and entitled to vote on the matter. If a shareholder abstains from voting or directs the shareholder's proxy to abstain from voting on the matter, the shares are considered present at the meeting for such matter, but since they are not affirmative votes for the matter, they will have the same effect as votes against the matter. On the other hand, shares resulting in broker non-votes are not considered present at the meeting for such matter and, therefore, have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

SECURITY OWNERSHIP OF MANAGEMENT AND OTHERS

The following table shows the number of shares of the Company's Common Stock beneficially owned by each of the directors and director nominees, each of the executive officers named in the Summary Compensation Table below (the "named executive officers"), and all present directors and executive officers of D&B as a group, on March 1, 2002. The table also shows the names, addresses and share ownership of the only persons known to D&B to be the beneficial owners (the "Owners") of more than 5% of the outstanding Common Stock. This information is based upon information furnished by each such person (or, in the case of the Owners, based upon public filings by such Owners with the Securities and Exchange Commission (the "SEC")). Unless otherwise stated, the indicated persons have sole voting and investment power over the shares listed. Percentages are based upon the number of shares of D&B Common Stock outstanding on March 1, 2002 plus, where applicable, the number of shares that the indicated person or group had a right to acquire within 60 days of such date. The table also sets forth ownership information concerning Stock Units, the value of which is measured by the price of the Company's Common Stock. Stock Units do not confer voting rights and are not considered beneficially owned shares under SEC rules.

RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

Upon the recommendation of the Audit Committee, the Board of Directors of D&B has selected PricewaterhouseCoopers LLP as independent accountants to audit the consolidated financial statements of the Company for the year 2002. In accordance with a resolution of the Board of Directors, this selection is being presented to the shareholders for ratification.

PricewaterhouseCoopers LLP acted as independent accountants for the year 2001. In addition to its audit of the Company's consolidated financial statements, PricewaterhouseCoopers LLP also performed statutory audits required by certain international jurisdictions, audited the financial statements of various benefit plans of the Company, and performed certain non-audit services. Fees for these services are described below.

A representative of PricewaterhouseCoopers LLP is expected to be present at the meeting. Such representative will have the opportunity to make a statement, if he or she so desires, and is expected to be available to respond to questions.

If the proposal to ratify the selection of PricewaterhouseCoopers LLP is not approved by shareholders, or if, prior to the 2003 Annual Meeting, PricewaterhouseCoopers LLP ceases to act as the Company's independent accountants, or if the Board of Directors removes PricewaterhouseCoopers LLP as the Company's independent accountants, then the Board will appoint other independent accountants whose engagement for any period subsequent to the 2003 Annual Meeting will be subject to ratification by shareholders at that meeting.

YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Report of the Compensation & Benefits Committee

Overview of Executive Compensation Philosophy and Program

The Compensation & Benefits Committee has responsibility for establishing the compensation of the Company's executive officers, including Allan Z. Loren, its chairman, chief executive officer and president. The Committee consists entirely of independent, non-employee directors. The Committee meets regularly to review and administer the executive compensation program to ensure that it continues to support the Company's Blueprint for Growth strategy.

Table of Contents

The Company's 2001 executive compensation program was designed to:

Attract, motivate and retain top leadership by providing a total compensation opportunity that was competitive with the Company's market for executive talent; and

Strengthen the relationship between pay and Company performance and the alignment of executive and shareholder interests.

To meet these objectives, the 2001 executive compensation program consisted of the following three components:

Base Salaries. In setting the executive officers' base salaries, a variety of factors were considered, including: individual performance, competencies, skills and prior experience; scope of responsibility and accountability within the organization; and pay levels in the compensation comparison group (*i.e.*, a select group of companies in business information and technology services as provided by an independent third-party consulting organization).

Annual Cash Incentives. Through annual cash incentives, a significant portion of total 2001 cash compensation was at risk since payment was based on performance against predetermined annual goals. These goals, or performance measures, were set early in the year by the Committee after a detailed review by the Board of Directors of the 2001 financial plan. Minimum and target levels of performance were established for each performance goal. Under this program, a full bonus is earned for a measure if the target is achieved. Achievement below the target results in a smaller or zero bonus for that measure; achievement above the target yields a larger bonus. No bonus is earned for performance below the minimum level. The performance measures for 2001 were apportioned into two key categories: 90% was apportioned to financial goals such as earnings per share (EPS), Company revenue growth, and financial flexibility; and 10% was apportioned to improvement in the employee satisfaction index as measured by the Company's Winning Culture Survey. The Winning Culture Survey measures employee perspectives in a number of important areas such as leadership, strategy and work environment.

Long-term Incentives. Through the long-term incentive program, over half of the total compensation opportunity awarded in 2001 to executive officers was equity-based (*i.e.*, stock options). This emphasis on equity compensation reflects the Committee's view that there should be a close alignment between executive rewards and shareholder value creation.

Company Performance

In linking executive pay to performance, the Committee determined that the most important measure of Company performance is the increase in long-term shareholder value, evidenced through improvements in EPS, operating income, revenue growth, and employee satisfaction. The Committee also established goals linked to the Company's Blueprint for Growth strategy that it believed were critical in increasing longer-term value of the Company to its shareholders.

In 2001, overall Company results (on a continuing operations basis, excluding one-time items) were as follows:

EPS growth of 16.7%, which was above target;

Operating income growth of 8.0%, which was below target, but above the revised guidance given to the financial markets for the year;

Revenue growth of 1.1% (before the effect of foreign exchange), which was below target, but above the revised guidance given to the financial markets for the year;

Identification of Financial Flexibility II actions in excess of the \$70.0 million target; and

Employee satisfaction index as measured by the Winning Culture Survey improved 11 percentage points, which was above the improvement goal set by the Committee.

Table of Contents

Based on these results, the Committee approved the 2001 compensation awards for executive officers shown in the Summary Compensation Table that follows this report.

Compensation of the Chairman, Chief Executive Officer and President

Total Cash Compensation. The employment agreement dated as of May 30, 2000, of Allan Z. Loren, the Company's chairman, chief executive officer and president, provides for an annual salary in 2001 of \$700,000 and a sign-on bonus of \$1,160,400, of which \$460,400 was paid in January 2001 and the remaining \$700,000 was paid in January 2002. His employment agreement also provides for a maximum performance-based annual cash incentive opportunity of 100% of base salary, or \$700,000, in 2001 for results above target. Mr. Loren's maximum performance-based annual cash incentive opportunity was apportioned 40% to EPS, 30% to revenue growth, 20% to financial flexibility, and 10% to improvements in the employee satisfaction index as measured by the Company's Winning Culture Survey. Based on performance against these criteria, Mr. Loren's calculated bonus was \$481,250 or 68.8% of the maximum performance-based annual cash incentive opportunity. In addition, the Committee awarded Mr. Loren \$93,750 for the delivery of shareholder value returns in excess of market benchmarks. In total, Mr. Loren's bonus award was \$575,000, representing 82.1% of his maximum performance-based opportunity.

Long-term Compensation. Approximately 70% of Mr. Loren's 2001 target total compensation (*i.e.*, base salary plus annual cash incentive opportunity plus the value of long-term grants) consisted of equity-based awards. The grant to Mr. Loren of 250,000 stock options was approved by the Committee effective December 19, 2001 after consideration of performance and pay positioning versus the Company's compensation comparison group.

Stock Ownership Guidelines

In 2002, the Company adopted stock ownership guidelines whereby executive officers and other members of senior management are expected to acquire over time a minimum amount of Common Stock. These amounts range from 100,000 shares for the CEO (about five times salary), 30,000 shares or about three times salary for the Leadership Team (*i.e.*, senior executives who report directly to the CEO), to 5,000 shares (one times salary) for other participants in the program. The establishment of these guidelines is another component of the Company's efforts to link the interests of executives and shareholders.

Tax Deductibility

Section 162(m) of the U.S. Internal Revenue Code limits the deductibility of compensation in excess of \$1 million paid to the Company's chairman, chief executive officer and president or to any of the Company's four highest-paid other executive officers unless certain specific and detailed criteria are satisfied. The Committee considers the anticipated tax treatment to the Company and its executive officers in its review and establishment of compensation programs and payments, but has determined that it will not necessarily seek to limit compensation to that deductible under Section 162(m).

Mr. Loren's option becomes fully exercisable on the earlier of June 1, 2005 or the date of his retirement from the Company.

All option grants were made in tandem with limited SARs. Limited SARs are exercisable only if and to the extent that the related option is exercisable and are exercisable only during the 30 day period following the acquisition of at least 20% of the outstanding Common Stock pursuant to a tender or exchange offer not made by the Company. Each limited SAR permits the holder to receive cash equal to

the excess over the related option exercise price of the highest price paid pursuant to a tender or exchange offer for Common Stock which is in effect at any time during the 60 days preceding the date upon which the limited SAR is exercised. Limited SARs can be exercised regardless of whether the Company supports or opposes the offer.

- (2) For options (other than those granted to Mr. Loren), grant date present value is based on the Black-Scholes option valuation model, making the following assumptions:

Expiration Date	Stock Price Volatility	Risk-Free Rate of Return	Dividend Yield	Weighted Average Exercise Date

02/21/11	30.0%	5.04%	0.0%	5 Years

12/19/11	30.0%	4.43%	0.0%	5 Years

The grant date present value for Mr. Loren's options is also based on the Black-Scholes option valuation model, making the following assumptions: an expected stock-price volatility factor of 30%; a risk-free rate of return of 4.36%; a dividend yield of 0; and a weighted average exercise date of 4.5 years. The Black-Scholes assumptions set forth in this Proxy Statement may or may not be fulfilled. The amounts shown cannot be considered a prediction of future value. In addition, the options will gain value only to the extent the stock price exceeds the option exercise price during the life of the option.

Retirement Benefits

The following table sets forth the estimated aggregate annual benefits payable under D&B's Retirement Account Plan, Pension Benefit Equalization Plan (PBEP) and Supplemental Executive Benefit Plan (SEBP) as in effect during 2001 to persons in specified average final compensation and credited service classifications upon retirement at age 65. Amounts shown in the table include U.S. Social Security benefits

that would be deducted in calculating benefits payable under these plans. These aggregate annual retirement benefits do not increase as a result of additional credited service after 20 years.

1,000,000	200,000	400,000	500,000	600,000	600,000

The number of full years of credited service under the plans for Mr. Loren, Mr. Alesio, Ms. Hamburger, Mr. Murphy and Ms. Prutzman are 2, 1, 1, 19 and 1, respectively.

Compensation, for the purpose of determining retirement benefits, consists of salary, wages, regular cash bonuses, commissions and overtime pay. Severance pay, contingent payments and other forms of special remuneration are excluded. Bonuses included in the Summary Compensation Table are normally not paid until the year following the year in which they are accrued and expensed. Therefore, compensation for purposes of determining retirement benefits varies from the Summary Compensation Table amounts in that bonuses expensed in the previous year, but paid in the current year, are part of retirement compensation in the current year, and current year's bonuses accrued and included in the Summary Compensation Table are not.

For the reasons discussed above, compensation for determining retirement benefits for the named executive officers differed by more than 10% from the amounts shown in the Summary Compensation Table. 2001 compensation for purposes of determining retirement benefits for Mr. Loren, Mr. Alesio, Ms. Hamburger, Mr. Murphy and Ms. Prutzman was \$1,067,500, \$490,530, \$275,757, \$553,725, and \$310,023, respectively.

Average final compensation is defined as the highest average annual compensation during five consecutive 12-month periods in the last ten consecutive 12-month periods of the member's credited service. Members vest in their accrued retirement benefit upon completion of five years of service. The benefits shown in the table above are calculated on a straight-life annuity basis.

The Retirement Account Plan, together with the PBEP, provides retirement income based on a percentage of annual compensation. The percentage of compensation allocated annually ranges from 3% to 12.5%, based on age and credited service. Amounts allocated also receive interest credits based on 30-year Treasuries with a minimum compounded annual interest credit rate of 3%.

The SEBP provides retirement benefits in addition to the benefits provided under the Retirement Account Plan and the PBEP. The SEBP has the effect of increasing the retirement benefits under the Retirement Account Plan and the PBEP to the amounts shown in the preceding table. The SEBP provides maximum benefits after 20 years.

Employment, Change-in-Control and Severance Arrangements

Employment Arrangements

On May 15, 2000, Old D&B entered into an employment agreement with Mr. Loren which was assigned to the Company in connection with the Spin-Off. The agreement was amended in February 2002. The term of the amended agreement ends on May 30, 2005, subject to extension upon mutual agreement by the parties. The amended employment agreement provides that Mr. Loren will serve as Chief Executive Officer, President and Chairman of the Board of Directors of the Company. It also provides for an annual base salary of \$700,000 and sign-on bonuses of \$460,400 (paid in January 2001) and \$700,000 (paid in January 2002). Mr. Loren is also entitled to an annual bonus if certain performance criteria are attained. The amended employment agreement provides that the maximum bonus for fiscal year 2001 will equal 100% of his annual base salary and is based on performance goals in excess of estimated performance by the Company. The target bonus for fiscal year 2002 will equal 115% of his annual base salary, with a maximum annual bonus of 200% of his annual base salary. The minimum target bonus for each fiscal year after 2002 will be the greater of \$805,000 and 100% of his annual base salary. Mr. Loren received an annual bonus of \$575,000 for fiscal year 2001. Upon the commencement of his employment, Mr. Loren was granted a stock option to purchase 500,000 shares of Old D&B Common Stock and 75,000 shares of Old D&B restricted Common Stock. As of the Spin-Off, this stock option was canceled and replaced with a stock option to purchase 1,012,867 shares of Common Stock of the Company, and the grant of restricted stock was canceled and replaced with a grant of 151,930 shares of restricted Common Stock of the Company. Subject to Mr. Loren's continued employment, both the stock option and the restricted stock vest on May 30, 2003. However, if Mr. Loren is terminated by the Company without cause (as defined in the employment agreement), terminates his employment for good reason (as defined in the employment agreement), dies or becomes disabled, or a change in control of the Company occurs, the stock option and the restricted stock will immediately vest. In addition, if Mr. Loren's employment is terminated by the Company without cause or Mr. Loren terminates his employment for good reason, Mr. Loren will be entitled to continued payment of his annual base salary until May 30, 2005 and, to the extent not previously paid, his sign-on bonuses and his target bonuses for each fiscal year through fiscal year 2005 (prorated for the partial year), but in no event will Mr. Loren receive less than \$805,000.

On January 8, 2001, the Company entered into an employment agreement with Mr. Alesio. The term of the agreement began on January 8, 2001 and ends on July 8, 2002, subject to an option by Mr. Alesio to extend the term up to an additional year. The employment agreement provides that Mr. Alesio will serve as a Senior Vice President of the Company. The employment agreement also provides for an annual base salary of \$500,000 and an annual bonus if certain performance criteria are attained. The maximum annual bonus for each fiscal year will be at least 160% of his annual base salary and will be based on performance goals in excess of estimated performance by the Company. The target bonus for each fiscal year will be at least 80% of his annual base salary. Mr. Alesio received an annual bonus of \$495,000 for fiscal year 2001. Upon commencement of his employment, Mr. Alesio was granted a stock option to purchase 300,000 shares of D&B Common Stock and 40,000 restricted shares of D&B Common Stock. Subject to Mr. Alesio's continued employment, the option vests in three equal installments on January 8, 2004, 2005, and 2006, and the restricted stock vests on January 8, 2004. If Mr. Alesio is terminated by the Company without cause (as defined in the employment agreement) or terminates his employment for good reason (as defined in the agreement), Mr. Alesio will be entitled to two times the sum of his annual base salary and bonus in effect at the time of termination, and an enhanced benefit under the Company's Supplemental Benefit Plan.

Change-in-Control Arrangements

The Company has entered into agreements with the executive officers named in the Summary Compensation Table above providing for certain benefits upon actual or constructive termination of employment in the event of a change in control of the Company. If, following a change in control, the executive is terminated other than for cause or by reason of death, disability or normal retirement, or the executive terminates employment for good reason (generally, an unfavorable change in employment status, compensation or benefits or a required relocation), the executive shall be entitled to receive: (i) a lump sum payment equal to three times the sum of salary plus annual target bonus then in effect; (ii) continuation of

welfare benefits and certain perquisites for three years; (iii) retiree medical and life insurance benefits starting at age 55; (iv) outplacement consulting in the amount of 20% of the sum of salary plus annual target bonus then in effect, but not exceeding \$100,000; (v) immediate vesting of certain entitlements; (vi) a prorated annual target bonus for the year in which the change in control occurs and a full target bonus for all other bonus plans in effect at the time of termination; and (vii) payment of any excise taxes due in respect of the foregoing benefits.

Severance Arrangements

The Company has adopted an Executive Transition Plan (ETP) that provides severance benefits for the Company's Chief Executive Officer and other designated executives. The ETP currently provides for the payment of severance benefits if an eligible executive's employment terminates by reason of a reduction in force, job elimination, unsatisfactory job performance (not constituting cause) or a mutually agreed resignation. In the event of an eligible termination, the executive will be paid 104 weeks of salary continuation and (unless the executive's employment is terminated by the Company for unsatisfactory performance) the executive's guideline annual bonus opportunity for the year of termination, payment of which will be prorated annually over a period equal to the number of weeks of salary continuation. Salary continuation is payable at the times the executive's salary would have been paid if employment had not terminated. In addition, the executive will receive continued medical, dental and life insurance benefits during the salary continuation period and will be entitled to such outplacement services during the salary continuation period as are being provided by the Company. Except in the case of a termination by the Company for unsatisfactory performance, the executive also will receive: (i) a prorated portion of the actual bonus for the year of termination that would have been payable to the executive under the annual bonus plan in which the executive is participating; (ii) cash payments equal in value to a prorated portion of any performance-based awards under the Company's stock incentive plan, provided that the executive was employed for at least half of the applicable performance period; and (iii) financial planning/counseling services during the salary continuation period to the same extent afforded immediately prior to the termination of employment. The ETP gives the Company's Chief Executive Officer the discretion to reduce or increase the benefits otherwise payable to, or otherwise modify the terms and conditions applicable to, an eligible executive under the ETP, other than the Chief Executive Officer; the Compensation & Benefits Committee of the Company has this discretion with respect to the Chief Executive Officer.

Executive officers who do not participate in the ETP are eligible for severance benefits under the Company's Career Transition Plan (CTP). The CTP generally provides for the payment of benefits if an eligible executive's employment terminates by reason of a reduction in force, job elimination, unsatisfactory job performance (not constituting cause) or a mutually agreed resignation. In the event of an eligible termination, an executive officer will be paid 52 weeks of salary continuation (26 weeks if the executive is terminated by the Company for unsatisfactory performance), payable at the times the executive's salary would have been paid if employment had not terminated. For this purpose, salary consists of the executive's annual base salary at the time of termination. In addition, the executive will receive continued medical, dental and life insurance benefits during the applicable salary continuation period and will be entitled to such outplacement services during the salary continuation period as are being provided by the Company. Except in the case of a termination by the Company for unsatisfactory performance, the executive also will receive: (i) a prorated portion of the actual bonus for the year of termination that would have been payable to the executive under the annual bonus plan in which the executive is participating, provided that the executive was employed for at least six full months during the calendar year of termination; (ii) cash payments equal in value to a prorated portion of any performance-based awards under the Company's stock incentive plan, provided that the executive was employed for at least half of the applicable performance period; and (iii) financial planning/counseling services during the salary continuation period to the same extent afforded immediately prior to termination of employment. The CTP gives the Company's Chief Executive Officer the discretion to reduce or increase the benefits otherwise payable to, or otherwise modify the terms and conditions applicable to, an eligible executive under the CTP.

Mr. Loren has waived participation in both the ETP and CTP, subject to the provisions of his employment agreement with the Company described above. Mr. Alesio's employment agreement provides for his severance arrangements. All other executive officers named in the Summary Compensation Table above currently participate in the CTP.

Compensation of Directors

Only non-employee directors receive compensation for serving on the Board.

2001 Director Compensation Program. Compensation in 2001 was delivered through a combination of equity-based awards and cash, with equity representing at least 71% of total targeted compensation. Each non-employee director received an annual grant of stock options with a nominal grant value (based on a Black-Scholes methodology) of \$50,000 and an annual retainer of \$50,000. Half of the annual retainer was paid in restricted stock units (payable in shares of Common Stock upon vesting) and the balance in cash. Committee chairpersons received \$5,000 annual cash retainers. No separate fees were paid for attendance at Board or committee meetings. Directors could also elect to convert Committee chairperson retainers and the cash portion of their annual retainers into additional restricted stock units at a 10% conversion premium or defer such cash amounts in the directors' deferred compensation plan. In addition, each new non-employee director received a one-time stock option grant with a nominal value of \$25,000 upon his or her appointment to the Board.

2002 Director Compensation Program. Effective January 1, 2002, the Board of Directors adopted a new non-employee director compensation program consisting of equity-based awards and cash, with equity representing at least 75% of total targeted compensation. Each non-employee director will receive an annual grant of stock options with a nominal grant value (based on a Black-Scholes methodology) of \$80,000 and an annual retainer of \$75,000. \$40,000 of the annual retainer will be paid in restricted stock units (payable in shares of Common Stock upon vesting) and the balance in cash. Committee chairpersons will receive \$5,000 annual cash retainers. No separate fees will be paid for attendance at Board or committee meetings. Directors may elect to convert Committee chairperson retainers and the cash portion of their annual retainers into additional restricted stock units at a 10% conversion premium or defer such cash amounts in the directors' deferred compensation plan. In addition, each new non-employee director receives a one-time stock option grant with a nominal value of \$35,000 upon his or her appointment to the Board.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires D&B's officers and directors, and persons who own more than 10% of a registered class of D&B's equity securities (insiders), to file reports of ownership and changes in ownership with the SEC. Insiders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on review of the copies of such forms furnished to the Company, the Company believes that during 2001 all Section 16(a) filings requirements applicable to its insiders were complied with, except that Chester J. Geveda, Jr. inadvertently failed to file one Section 16(a) form on a timely basis relating to three transactions involving the sale of an aggregate of 8,306 shares.

OTHER MATTERS

D&B knows of no matters, other than those referred to herein, that will be presented at the meeting. If, however, any other appropriate business should properly be presented at the meeting, the persons named in the enclosed form of proxy will vote the proxies in accordance with their best judgment.

AUDIT COMMITTEE REPORT

To the Board of Directors:

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in compliance with generally accepted accounting principles, applicable laws and regulations. The Company's independent auditors are responsible for expressing an opinion on the conformity of the audited financial statements to generally accepted accounting principles and for ensuring generally accepted auditing standards are met. The Audit Committee's responsibility is to monitor and review these processes. It is not the Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The members of the Audit Committee are not employees of the Company and may not be accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles and on the representations of the independent auditors included in their report on the Company's financial statements.

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the audited financial statements. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee also considered whether the independent auditor's provision of non-audit services to the Company is compatible with the auditor's independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on SEC Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.
