FORWARD-LOOKING STATEMENTS

Some of the statements contained in this prospectus supplement and the accompanying prospectus are forward-looking statements. These forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and include estimates and assumptions related to economic, competitive and legislative developments. These forward-looking statements are subject to change and uncertainty which are, in many instances, beyond our control and have been made based upon management's expectations and beliefs concerning future developments and their potential effect upon us. There can be no assurance that future developments will be in accordance with management's expectations or that the effect of future

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

developments on us will be those anticipated by management. Actual results could differ materially from those expected by us, depending on the outcome of various factors. These factors include:

- the difficulty in predicting our potential exposure for asbestos and environmental claims and related litigation, in particular, significant uncertainty with regard to the outcome of our current dispute with Mac Arthur Company and its subsidiary, Western MacArthur Company;
- the uncertain nature of damage theories and loss amounts and the development of additional facts related to the September 11, 2001 terrorist attack;
- the uncertain impact on us of various tax reduction proposals being considered by Congress that relate to the lowering of the capital gains rate and the application of that rate to dividend distributions or the exclusion of some or all of such distributions from gross income;
- the response of reinsurance companies under reinsurance contracts, the impact of increasing reinsurance rates and the availability and adequacy of reinsurance to protect us against losses;
- the possibility of more unfavorable loss experience than anticipated;
- the possibility of general economic and business conditions that are less favorable than anticipated;
- the incidence and severity of catastrophes, both natural and man-made;
- the effect of changes in interest rates, the stock markets or other financial markets;
- stronger than anticipated competitive activity;
- unfavorable legislative, regulatory or judicial developments;
- our ability to distribute our products through distribution channels, both current and future;
- the uncertain effects of emerging claim and coverage issues;
- the effect of assessments and other surcharges for guaranty funds and second-injury funds and other mandatory pooling arrangements;
- a downgrade in our claims-paying, financial strength or credit ratings;
- the ability of our subsidiaries to pay dividends to us; and
- other factors described in such forward-looking statements.

THE HARTFORD FINANCIAL SERVICES GROUP, INC.

GENERAL

We are a diversified insurance and financial services holding company. We are among the largest providers of investment products, individual life, group life and disability insurance products, and property and casualty insurance products in the United States. Hartford Fire Insurance Company, or Hartford Fire, founded in 1810, is the oldest of our subsidiaries. Our companies write

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

insurance and reinsurance in the United States and internationally. At March 31, 2003, our total assets were \$188.66 billion and our total stockholders' equity was \$9.44 billion.

We were formed in December 1985 as a wholly-owned subsidiary of ITT Corporation. On December 19, 1995, all our outstanding shares were distributed to ITT Corporation's stockholders and we became an independent company. On May 2, 1997, we changed our name from ITT Hartford Group, Inc. to our current name, The Hartford Financial Services Group, Inc.

As a holding company that is separate and distinct from our insurance subsidiaries, we have no significant business operations of our own. Therefore, we rely on the dividends from our insurance company and other subsidiaries as the principal source of cash flow to meet our obligations. These obligations include payments on our debt securities and the payment of dividends on our capital stock, including preferred stock. The Connecticut insurance holding company laws limit the payment of dividends by Connecticut-domiciled insurers. Under these laws, the insurance subsidiaries may only make their dividend payments out of unassigned surplus. In addition, these laws require notice to and approval by the state insurance commissioner for the declaration or payment by those subsidiaries of any dividend if the dividend and other dividends or distributions made within the preceding twelve months exceeds the greater of:

- 10% of the insurer's policyholder surplus as of December 31 of the preceding year, or
- net income, or net gain from operations if the subsidiary is a life insurance company, for the previous calendar year, in each case determined under statutory insurance accounting principles.

In addition, if any dividend of a Connecticut-domiciled insurer exceeds the insurer's earned surplus, it requires the prior approval of the Connecticut Insurance Commissioner.

The insurance holding company laws of the other jurisdictions in which our insurance subsidiaries are incorporated, or deemed commercially domiciled, generally contain similar, and in some instances more restrictive, limitations on the payment of dividends. Our insurance subsidiaries are presently permitted to pay us up to a maximum of approximately \$335 million in dividends for the remainder of 2003 without prior approval.

Our rights to participate in any distribution of assets of any of our subsidiaries, for example, upon their liquidation or reorganization, and the ability of holders of the securities to benefit indirectly from a distribution, are subject to the prior claims of creditors of the applicable subsidiary, except to the extent that we may be a creditor of that subsidiary. Claims on these subsidiaries by persons other than us include, as of March 31, 2003, claims by policyholders for benefits payable amounting to \$55.18 billion, claims by separate account holders of \$108.07 billion, and other liabilities including claims of trade creditors, claims from guaranty associations and claims from holders of debt obligations amounting to \$15.97 billion.

Our principal executive offices are located at Hartford Plaza, Hartford, Connecticut 06115, and our telephone number is (860) 547-5000.

S-8

DESCRIPTION OF THE NOTES

GENERAL

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

The notes will only be issued in fully registered form in denominations of \$1,000 and multiples of \$1,000. The notes will mature on May , 2006. The accompanying prospectus describes additional provisions of the notes and of the indenture under which we will issue the notes. There is no limit on the aggregate principal amount of notes of this series that we may issue. Subject to certain tax limitations, we reserve the right, from time to time and without the consent of any holders of any of the notes, to re-open this series of notes on terms identical in all respects to the outstanding notes (except the date of issuance, the date interest begins to accrue and, in certain circumstances, the first interest payment date), so that such additional notes shall be consolidated with, form a single issue with and increase the aggregate principal amount of the notes.

INTEREST PAYMENTS

The notes will bear interest at a rate equal to three-month LIBOR (as defined below) plus %. We will pay interest on the floating rate notes quarterly in arrears on February , May , August and November of each year, beginning August , 2003, each an "interest payment date", and on the maturity date. Interest will be computed on the basis of a 360-day year based on the actual number of days elapsed during the applicable interest period. Interest on the notes will accrue from May , 2003 to, but excluding, the first interest payment date, and then from, and including, the immediately preceding interest payment date to which interest has been paid or duly provided for to, but excluding, the next interest payment date or the maturity date, as the case may be. Each period from and including an interest payment date to but excluding the next interest payment date or the maturity date, as the case may be, is referred to as an "interest period". The interest rate on the notes will be calculated by JPMorgan Chase Bank, as calculation agent, except that the interest rate in effect for the period from May , 2003 to August , 2003 (the "initial interest rate") will be established by us as the rate for deposits in U.S. dollars having a maturity of three months commencing on May , 2003 that appears on Telerate Page 3750, plus %, as of 11:00 a.m., London time, on May , 2003. If no rate appears on Telerate Page 3750, as specified in the preceding sentence, then LIBOR will be determined by us in the manner described in clause (ii) below, except that the banks referred to in that clause will be selected by us rather than the calculation agent. All percentages resulting from any calculation on the notes will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with five one-millionths of a percentage point rounded upwards. All dollar amounts used in or resulting from such calculation on the notes will be rounded to the nearest cent, with one-half cent being rounded upward.

The calculation agent will reset the interest rate with respect to the notes on each interest payment date, each of which is referred to as an "interest reset date", based on LIBOR, as determined by the calculation agent, on the second London business day preceding that interest reset date, which is referred to as the "interest determination date" for that interest reset date. The interest rate in effect on each date that is not an interest reset date will be the interest rate determined as of the interest determination date relating to the immediately preceding interest reset date. The interest rate in effect on any day that is an interest reset date will be the interest rate determined as of the interest determination date relating to that interest reset date, except that the interest rate in effect for the period from and including May , 2003 to August , 2003 will be the initial interest rate.

If an interest payment date other than the maturity date falls on a day that is not a business day, it will be postponed to the following business day, except that if that business day would fall in the next calendar month, the interest payment date will be the immediately preceding business day. If the maturity date falls on a day that is not a business day, the payment of

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

principal and interest due on the maturity date will be made on the next succeeding business day, but interest on that payment will not accrue during the period from and after the maturity date.

S-9

If an interest reset date falls on a day that is not a business day, it will be postponed to the following business day, except that if that business day is in the next calendar month, the interest reset date will be the immediately preceding business day.

"LIBOR" will be determined by the calculation agent in accordance with the following provisions:

(i) With respect to any interest determination date, LIBOR will be the rate for deposits in U.S. dollars having a maturity of three months commencing on the first day of the applicable interest period that appears on Telerate Page 3750 as of 11:00 a.m., London time, on that interest determination date. If no rate appears on that interest determination date, LIBOR, in respect to that interest determination date, will be determined in accordance with the provisions described in (ii) below.

(ii) With respect to an interest determination date on which no rate appears on Telerate Page 3750, as specified in (i) above, the calculation agent will request the principal London offices of each of four major reference banks in the London interbank market, as selected by the calculation agent, to provide the calculation agent with its offered quotation for deposits in U.S. dollars for the period of three months, commencing on the first day of the applicable interest period, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on that interest determination date and in a principal amount that is representative for a single transaction in U.S. dollars in that market at the time. If at least two quotations are provided, then LIBOR on that interest determination date will be the arithmetic mean of those quotations. If fewer than two quotations are provided, then LIBOR on the interest determination date will be the arithmetic mean of the rates quoted at approximately 11:00 a.m., New York City time, on the interest determination date by three major banks in New York City selected by the calculation agent for loans in U.S. dollars to leading European banks, having a three-month maturity and in a principal amount that is representative for a single transaction in U.S. dollars in that market at that time; provided, however, that if the banks selected by the calculation agent are not providing quotations in the manner described by this sentence, LIBOR for the interest period commencing on the interest reset date following the interest determination date will be LIBOR in effect on that interest determination date.

In no event will the rate of interest on the notes be higher than the maximum rate permitted by New York law, as the same may be modified by United States law of general application.

A "business day" means any day, other than a Saturday or Sunday that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in The City of New York.

"London business day" means any day on which dealings in U.S. dollars are transacted in the London interbank market.

"Telerate Page 3750" means the display designated as "Page 3750" on the Moneyline Telerate, Inc. or any successor page or service, for the purposes

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

of displaying the London interbank offered rates for U.S. dollar deposits.

RANKING

The notes will rank equally with all of our other unsecured, unsubordinated obligations.

REDEMPTION

The notes may not be redeemed prior to their stated maturity.

S-10

DEFEASANCE

The provisions of the indenture relating to defeasance, which are described under the caption "Description of the Debt Securities -- Defeasance" in the accompanying prospectus, will apply to the notes.

BOOK-ENTRY SECURITIES

The notes will be issued in the form of global securities. The global securities will be deposited with, or on behalf of, The Depository Trust Company ("DTC"), and registered in the name of DTC or a nominee of DTC.

DTC has advised us as follows: DTC is a limited purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in the securities through electronic book-entry changes in participants' accounts, eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations, some of whom, or their representatives, own DTC. Access to DTC's book-entry system also is available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC are on file with the Securities and Exchange Commission.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a general discussion of certain United States federal income tax considerations relating to the purchase, ownership and disposition of senior notes to holders who purchase notes at their original offering price and hold the notes as capital assets. Except as provided below, this discussion applies only to (1) an individual citizen or resident of the United States, (2) a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States or any state thereof or the District of Columbia or (3) a partnership, estate or trust treated, for United States federal income tax purposes, as a domestic partnership, estate or trust (referred to as a "U.S. holder"). This discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), Treasury regulations (including proposed Treasury regulations) issued thereunder, Internal Revenue Service rulings and pronouncements and judicial decisions now in effect, all of which are subject to change, possibly with retroactive effect.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

This discussion does not address all aspects of United States federal income taxation that may be relevant to holders in light of their particular circumstances, such as holders who are subject to special tax treatment (for example, (1) banks, regulated investment companies, insurance companies, dealers in securities or currencies or tax-exempt organizations, (2) persons holding senior notes as part of a straddle, hedge, conversion transaction or other integrated investment or (3) persons whose functional currency is not the U.S. dollar), some of which may be subject to special rules, nor does it address alternative minimum taxes, federal estate taxes or state, local or foreign taxes. PROSPECTIVE INVESTORS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF NOTES IN LIGHT OF THEIR OWN CIRCUMSTANCES.

INTEREST INCOME AND ORIGINAL ISSUE DISCOUNT

We anticipate that the notes will not be issued with an issue price that is less than their stated redemption price at maturity by more than the statutory de minimis amount. As a result, the notes will not be subject to the original issue discount ("OID") rules, so that U.S. holders will generally be taxed on the stated interest on the notes as ordinary income at the time it is paid or accrued in accordance with the U.S. holder's regular method of tax accounting.

SALE, EXCHANGE, RETIREMENT OR OTHER DISPOSITION OF THE SENIOR NOTES

Upon the sale, exchange, retirement or other disposition of a note, a U.S. holder will generally recognize taxable gain or loss in an amount equal to the difference between the amount realized by such U.S. holder and such U.S. holder's adjusted tax basis in the notes. Any gain or loss so recognized will generally be capital gain or loss and be long-term capital gain or loss if the U.S. holder has held the notes for more than one year at the time of disposition. A reduced tax rate on long-term capital gain may apply to individual holders. The deductibility of capital losses is subject to limitations.

NON-U.S. HOLDERS

If an investor is not a U.S. holder as defined above (a "non-U.S. holder"), payments received with respect to the notes should not be subject to United States withholding tax, provided that such non-U.S. holder (1) does not actually or constructively hold 10% or more of the combined voting power of all classes of our stock that are entitled to vote within the meaning of section 871(h)(3) of the Code, (2) is not a controlled foreign corporation for United States federal income tax purposes that is related to us through stock ownership and (3) complies with applicable certification requirements relating to its non-U.S. status (including, in general, furnishing an IRS Form W-8BEN or a substitute form).

In general, United States federal withholding tax will not apply to any gain or income realized by a non-U.S. holder on the sale, exchange or other disposition of the notes.

S-12

BACKUP WITHHOLDING AND INFORMATION REPORTING

Unless a U.S. holder is an exempt recipient, such as a corporation, payments under the notes and the proceeds received from the sale or other disposition of notes may be subject to information reporting and may also be subject to United States federal backup withholding tax at the applicable rate if such U.S. holder fails to supply an accurate taxpayer identification number

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

or otherwise fails to comply with applicable United States information reporting or certification requirements. Any amounts so withheld may be allowed as a credit against the holder's United States federal income tax liability provided the required information is furnished to the IRS.

A U.S. holder will also be subject to information reporting with respect to payments on the notes and proceeds from the sale or other disposition of the notes, unless such U.S. holder is a corporation or other exempt recipient and appropriately establishes that exemption.

A non-U.S. holder may have to comply with certification procedures to establish that such holder is not a United States person in order to avoid information reporting and backup withholding tax.

UNDERWRITING

Subject to the terms and conditions of the underwriting agreement, the underwriters named below have severally agreed to purchase from us, and we have agreed to sell, the principal amount of floating rate senior notes listed opposite their names below at the public offering price less the underwriting discount set forth on the cover page of this prospectus supplement:

UNDERWRITERS -----	PRINCIPAL AMOUNT OF NOTES -----
Banc of America Securities LLC.....	\$
Wachovia Securities, Inc.	-----
Total.....	\$250,000,000

The underwriting agreement provides that the obligations of the several underwriters to purchase the notes offered hereby are subject to certain conditions and that the underwriters will purchase all of the notes offered by this prospectus supplement if any of these notes are purchased.

We have been advised by the representatives of the underwriters that the underwriters propose to offer the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and to certain dealers at such price less a concession not in excess of % of the principal amount of the notes. The underwriters may allow, and such dealers may re-allow, a concession not in excess of % of the principal amount of the notes to certain other dealers. After the initial public offering, representatives of the underwriters may change the offering price and other selling terms.

We estimate that our share of the total expenses of this offering, excluding the underwriting discount, will be approximately \$.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, and to contribute to payments the underwriters may be required to make in respect of any of these liabilities.

The notes are a new issue of securities with no established trading market. The notes will not be listed on any securities exchange or on any automated

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

dealer quotation system. The underwriters may make a market in the notes after completion of the offering, but will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

In connection with the offering of the notes, certain of the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may overallocate in connection with the offering, creating a short position. In addition, the underwriters may bid for, and purchase, the notes in the open market to cover short positions or to stabilize the price of the notes. Any of these activities may stabilize or maintain the market price of the notes above independent market levels, but no representation is made hereby of the magnitude of any effect that the transactions described above may have on the market price of the notes. The underwriters will not be required to engage in these activities, and may engage in these activities, and may end any of these activities at any time without notice.

Each underwriter has represented, warranted and agreed that: (i) it has not offered or sold and, prior to the expiry of a period of six months from the closing date, will not offer or sell any notes to persons in the United Kingdom except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations

S-14

1995; (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 ("FSMA")) received by it in connection with the issue or sale of any notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

The notes may not be offered, sold, transferred or delivered in or from The Netherlands, as part of their initial distribution or as part of any re-offering, and neither this prospectus supplement, the accompanying prospectus nor any other document in respect of the offering may be distributed or circulated in The Netherlands, other than to individuals or legal entities which include, but are not limited to, banks, brokers, dealers, institutional investors and undertakings with a treasury department, who or which trade or invest in securities in the conduct of a business or profession.

The notes have not been and will not be registered under the Securities and Exchange Law of Japan. Each underwriter has represented and agreed that it has not offered or sold, and it will not offer or sell, directly or indirectly, any of the Company's notes in Japan or to, or for the account or benefit of, any resident of Japan or to, or for the account or benefit, of any resident for reoffering or resale, directly or indirectly, in Japan or to, or for the account or benefit of, any resident of Japan except (i) pursuant to an exemption from the registration requirements of, or otherwise in compliance with, the Securities and Exchange Law of Japan and (ii) in compliance with the other relevant laws and regulations of Japan.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

No offer to sell the notes has been or will be made in the Hong Kong Special Administrative Region of the People's Republic of China ("Hong Kong"), by means of any document, other than to persons whose ordinary business is to buy or sell shares or debentures, whether as principal or agent, except in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32) of Hong Kong, and unless permitted to do so under the securities laws of Hong Kong, no person has issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purpose of issue, any advertisement, document or invitation relating to the notes in Hong Kong other than with respect to the shares intended to be disposed of to persons outside Hong Kong or only to persons whose business involves the acquisition, disposal or holding of securities whether as principal or agent.

This prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each of the underwriters has agreed that this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the notes may not be circulated or distributed, nor may the notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to the public or any member of the public in Singapore other than (i) to an institutional investor or other person specified in Section 274 of the Securities and Futures Act 2001 of Singapore (the "SFA"), (ii) to a sophisticated investor, and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

The underwriters and their affiliates have provided and in the future may continue to provide investment banking and other financial services, including the provision of credit facilities, to us in the ordinary course of business for which they have received and will receive customary compensation.

S-15

ERISA CONSIDERATIONS

Section 406 of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and Section 4975 of the Internal Revenue Code of 1986, as amended (the "Code"), prohibit pension, profit-sharing or other employee benefit plans, as well as individual retirement accounts and Keogh plans subject to Section 4975 of the Code ("Plans"), from engaging in certain transactions involving "plan assets" with persons who are "parties in interest" under ERISA or "disqualified persons" under the Code ("Parties in Interest") with respect to certain Plans. As a result of our business, we may be a Party in Interest with respect to certain Plans. Where we are a Party in Interest with respect to a Plan (either directly or by reason of our ownership of our subsidiaries), the purchase and holding of the senior notes by or on behalf of the Plan may be a prohibited lending transaction under Section 406(a)(1) of ERISA and Section 4975(c)(1) of the Code, unless exemptive relief were available under an applicable administrative exemption (as described below) or there was some other basis on which the transaction was not prohibited.

Accordingly, the notes may not be purchased or held by any Plan, any entity whose underlying assets include "plan assets" by reason of any Plan's investment in the entity (a "Plan Asset Entity") or any person investing "plan assets" of any Plan, unless such purchaser or holder is eligible for the exemptive relief available under prohibited Transaction Class Exemption ("PTCE") 96-23, 95-60, 91-38, 90-1 or 84-14 issued by the U.S. Department of Labor or there was some other basis on which the purchase and holding of the notes by the Plan Asset Entity is not prohibited. Any purchaser or holder of the senior notes or any interest therein will be deemed to have represented by its purchase and holding

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

thereof that either (a) it is not a Plan or a Plan Asset Entity and is not purchasing the notes on behalf of or with "plan assets" of any Plan or (b) its purchase and holding of the senior notes is eligible for the exemptive relief available under PTCE 96-23, 95-60, 91-38, 90-1 or 84-14 or there is some basis on which such purchase and holding is not prohibited.

Employee benefit plans that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and foreign plans (as described in Section 4(b)(4) of ERISA) are not subject to these "prohibited transaction" rules of ERISA or Section 4975 of the Code, but may be subject to similar rules under other applicable laws or documents. Due to the complexity of the applicable rules, it is particularly important that fiduciaries or other persons considering purchasing the notes on behalf of or with "plan assets" of any Plan consult with their counsel regarding the relevant provisions of ERISA and the Code and the availability of exemptive relief under PTCE 96-23, 95-60, 91-38, 90-1 or 84-14.

Under this shelf process, we may sell the securities described in the prospectus from time to time. This prospectus provides you with a general description of the securities we may offer. We may also add, update or change information contained in this prospectus through one or more supplements to this prospectus. Any statement that we make in this prospectus will be modified or superseded by any inconsistent statement made by us in a prospectus supplement. prospectus, and information that we file later with the SEC will automatically update and supersede this information. See "Incorporation by Reference." You should read both this prospectus and any prospectus supplement together with additional information described under the heading "Where You Can Find More Information."

No person has been authorized to give any information or to make any representations, other than those contained or incorporated by reference in this prospectus and, if given or made, such information or representation must not be relied upon as having been authorized by The Hartford Financial Services Group, Inc., or any underwriter, agent, dealer or remarketing firm. Neither the delivery of this prospectus nor any sale made hereunder shall under any circumstances create any implication that there has been no change in the affairs of The Hartford Financial Services Group, Inc. since the date hereof or that the information contained or incorporated by reference herein is correct as of any time subsequent to the date of such information. FORWARD-LOOKING STATEMENTS

Certain of the statements contained in this prospectus or incorporated by reference into this prospectus (other than statements of historical fact) are forward-looking statements. These forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and include estimates and assumptions related to economic, competitive and legislative developments. These forward-looking statements are subject to change and uncertainty which are, in many instances, beyond our control and have been made based upon management's expectations and beliefs concerning future developments and their potential effect upon us. There can be no assurance that future developments will be in accordance with management's expectations or that the effect of future developments on us will be those anticipated by management. Actual results could differ materially from those expected by us, depending on the outcome of various factors. These factors include:

- the difficulty in predicting our potential exposure for asbestos and environmental claims and related litigation, in particular, significant uncertainty with regard to the outcome of our current dispute with Mac Arthur Company and its subsidiary, Western MacArthur Company;
- the uncertain nature of damage theories and loss amounts and the development of additional facts related to the September 11 terrorist attack;
- the uncertain impact on us of the Bush Administration's budget proposals relating to the distribution of nontaxable dividends to stockholders and the creation of new tax-favored individual savings accounts;
- the response of reinsurance companies under reinsurance contracts, the impact of increasing reinsurance rates, and the availability and adequacy of reinsurance to protect us against losses;

ii

- the possibility of more unfavorable loss experience than anticipated;
- the possibility of general economic and business conditions that are less favorable than anticipated;

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

- the incidence and severity of catastrophes, both natural and man-made;
- the effect of changes in interest rates, the stock markets or other financial markets;
- stronger than anticipated competitive activity;
- unfavorable legislative, regulatory or judicial developments;
- our ability to distribute our products through distribution channels, both current and future;
- the uncertain effects of emerging claims and coverage issues;
- the effect of assessments and other surcharges for guaranty funds and second-injury funds and other mandatory pooling arrangements;
- a downgrade in our claims-paying, financial strength or credit ratings;
- the ability of our subsidiaries to pay dividends to us; and
- other factors described in such forward-looking statements.

iii

THE HARTFORD FINANCIAL SERVICES GROUP, INC.

We are a diversified insurance and financial services holding company. Through our subsidiaries, we are among the largest providers of investment products, individual life, group life and disability insurance products, and property and casualty insurance products in the United States. Hartford Fire Insurance Company, or Hartford Fire, founded in 1810, is the oldest of our subsidiaries. Our companies write insurance and reinsurance in the United States and internationally. At December 31, 2002, our total assets were \$182.0 billion and our total stockholders' equity was \$10.7 billion.

We were formed in December 1985 as a wholly owned subsidiary of ITT Corporation. On December 19, 1995, all our outstanding shares were distributed to ITT Corporation's stockholders and we became an independent company. On May 2, 1997, we changed our name from ITT Hartford Group, Inc. to our current name, The Hartford Financial Services Group, Inc.

As a holding company that is separate and distinct from our insurance subsidiaries, we have no significant business operations of our own. Therefore, we rely on the dividends from our insurance company subsidiaries, which are primarily domiciled in Connecticut, and our other subsidiaries as the principal source of cash flow to meet our obligations. These obligations include payments on our debt securities and the payment of dividends on our capital stock, including preferred stock. The Connecticut insurance holding company laws limit the payment of dividends by Connecticut-domiciled insurers. Under these laws, the insurance subsidiaries may only make their dividend payments out of earned surplus. In addition, these laws require notice to and approval by the state insurance commissioner for the declaration or payment by those subsidiaries of any dividend if the dividend and other dividends or distributions made within the preceding twelve months exceeds the greater of:

- 10% of the insurer's policyholder surplus as of December 31 of the preceding year, and
- net income, or net gain from operations if the subsidiary is a life insurance company, for the previous calendar year,

in each case determined under statutory insurance accounting principles.

The insurance holding company laws of the other jurisdictions in which some of our insurance subsidiaries are incorporated generally contain similar, and in some instances more restrictive, limitations on the payment of dividends. As of December 31, 2002, our insurance subsidiaries are permitted to pay us up to a maximum of approximately \$1.8 billion in dividends in 2003 without prior regulatory approval.

Our rights to participate in any distribution of assets of any of our subsidiaries (for example, upon their liquidation or reorganization) and the ability of holders of the securities to benefit indirectly from a distribution, are subject to the prior claims of creditors of the applicable subsidiary, except to the extent that we may be a creditor of that subsidiary. Claims on these subsidiaries by persons other than us include, as of December 31, 2002, claims by policyholders for benefits payable amounting to \$49.7 billion, claims by separate account holders of \$107.1 billion, and other liabilities including claims of trade creditors, claims from guaranty associations and claims from holders of debt obligations amounting to \$14.5 billion.

Our principal executive offices are located at Hartford Plaza, Hartford, Connecticut 06115, and our telephone number is (860) 547-5000.

THE HARTFORD CAPITAL TRUSTS

We created each trust as a Delaware statutory trust pursuant to a trust agreement. We will enter into an amended and restated trust agreement for each trust, which will state the terms and conditions for the trust to issue and sell its preferred securities and common securities. We will amend and restate each trust agreement in its entirety substantially in the form filed as an exhibit to the

1

Registration Statement which includes this prospectus. Each trust agreement will be qualified as an indenture under the Trust Indenture Act of 1939, as amended, which we refer to in this prospectus as the "Trust Indenture Act."

Each trust exists for the exclusive purposes of:

- issuing and selling to the public preferred securities, representing undivided beneficial interests in the assets of the trust,
- issuing and selling to us common securities, representing undivided beneficial interests in the assets of the trust,
- using the proceeds from the sale of the preferred securities and common securities to acquire a corresponding series of junior subordinated deferrable interest debentures, which we refer to in this prospectus as the "corresponding junior subordinated debentures,"
- distributing the cash payments it receives from the corresponding junior subordinated debentures it owns to you and the other holders of preferred securities and us, as the holder of common securities, and
- engaging in the other activities that are necessary, convenient or incidental to these purposes.

Accordingly, the corresponding junior subordinated debentures will be the sole assets of the trust, and payments under the corresponding junior subordinated

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

debentures and the related expense agreement will be the sole revenue of the trust.

We will own all of the common securities of each trust. The common securities of a trust will rank equally with and payments will be made pro rata with the preferred securities of the trust, except that if an event of default under a trust agreement then exists, our rights as holder of the common securities to payment of distributions and payments upon liquidation or redemption will be subordinated to your rights as a holder of the preferred securities of the trust. See "Description of Preferred Securities -- Subordination of Common Securities."

Unless we state otherwise in a prospectus supplement, each trust has a term of approximately 45 years. A trust may also terminate earlier. The trustees of each trust will conduct its business and affairs. As holder of the common securities we will initially appoint the trustees. Initially, the trustees will be:

- Wilmington Trust Company, which will act as property trustee and as Delaware trustee, and
- Two of our employees or officers or those of our affiliates, who will act as administrative trustees.

Wilmington Trust Company, as property trustee, will act as sole indenture trustee under each trust agreement for purposes of compliance with the provisions of the Trust Indenture Act. Wilmington Trust Company will also act as trustee under the guarantee and the junior subordinated indenture pursuant to which we will issue the junior subordinated debentures. See "Description of Junior Subordinated Debentures" and "Description of Guarantee."

The holder of the common securities of a trust, or the holders of a majority in liquidation preference of the preferred securities if an event of default under the trust agreement for the trust has occurred and is continuing, will be entitled to appoint, remove or replace the property trustee and/or the Delaware trustee of the trust. You will not have the right to vote to appoint, remove or replace the administrative trustees. Only we, as the holder of the common securities, will have these voting rights. The duties and obligations of the trustees are governed by the applicable trust agreement. We will pay all fees and expenses related to the trusts and the offering of the preferred securities and will pay, directly or indirectly, all ongoing costs, expenses and liabilities of the trusts, except for payments made on the preferred securities or the common securities, subject to the guarantee.

The principal executive office of each trust is Hartford Plaza, Hartford, Connecticut 06115, Attention: Secretary, and its telephone number is (860) 547-5000.

2

USE OF PROCEEDS

Unless we state otherwise in a prospectus supplement, we intend to use the proceeds from the sale of the securities offered by this prospectus, including the corresponding junior subordinated debentures issued to the trusts in connection with their investment of all the proceeds from the sale of preferred securities, for general corporate purposes, including working capital, capital expenditures, investments in loans to subsidiaries, acquisitions and refinancing of debt, including outstanding commercial paper and other short-term indebtedness. We will include a more detailed description of the use of proceeds of any specific offering of securities in the prospectus supplement relating to the offering.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of consolidated earnings to fixed charges for the years and the periods indicated:

	YEAR ENDED DECEMBER 31,				
	2002	2001	2000	1999	1998
Ratio of Consolidated Earnings to Total Fixed Charges.....	1.7	1.2(1)	2.0	1.8	1.8
Ratio of Consolidated Earnings to Total Fixed Charges and Preference Dividends(2).....	1.7	1.2(1)	2.0	1.8	1.8

(1) For 2001, the calculation of the ratio of consolidated earnings to total fixed charges reflects losses of \$678 million relating to the terrorist attack on September 11, 2001.

(2) We had no dividends on preferred stock for the years 1998 to 2002.

For purposes of computing the ratio of consolidated earnings to fixed charges, "earnings" consists of income from operations before federal income taxes and fixed charges. "Fixed charges" consists of interest expense (including interest credited to contractholders), capitalized interest, amortization of debt expense and an imputed interest component for rental expense.

DESCRIPTION OF THE DEBT SECURITIES

We may offer unsecured senior debt securities or subordinated debt securities. We refer to the senior debt securities and the subordinated debt securities together in this prospectus as the "debt securities." The senior debt securities will rank equally with all of our other unsecured, unsubordinated obligations. The subordinated debt securities will be subordinate and junior in right of payment to all of our senior debt.

We will issue the senior debt securities in one or more series under an indenture, which we refer to as the "senior indenture," dated as of October 20, 1995, between us and JPMorgan Chase Bank (formerly The Chase Manhattan Bank), as trustee. We will issue subordinated debt securities in one or more series under an indenture, which we refer to as the "subordinated indenture," between us and the trustee to be named in the prospectus supplement relating to the offering of subordinated debt securities.

The following description of the terms of the indentures is a summary. It summarizes only those portions of the indentures which we believe will be most important to your decision to invest in our debt securities. You should keep in mind, however, that it is the indentures, and not this summary, which define your rights as a debtholder. There may be other provisions in the indentures which are also important to you. You should read the indentures for a full description of the terms of the debt. The senior indenture and the subordinated indenture are filed as exhibits to the Registration Statement that includes this prospectus. See "Where You Can Find More Information" for information on how to obtain copies of the senior indenture and the subordinated indenture.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

THE DEBT SECURITIES ARE UNSECURED OBLIGATIONS

Our debt securities will be unsecured obligations. Our senior debt securities will be unsecured and will rank equally with all of our other unsecured and unsubordinated obligations. As a non-operating holding company most of our operating assets are owned by our subsidiaries. We rely primarily on dividends from these subsidiaries to meet our obligations for payment of principal and interest on our outstanding debt obligations and corporate expenses. Accordingly, the debt securities will be effectively subordinated to all existing and future liabilities of our subsidiaries, and you should rely only on our assets for payments on the debt securities. The payment of dividends by our insurance subsidiaries is limited under the insurance holding company laws in the jurisdictions where those subsidiaries are domiciled. See "The Hartford Financial Services Group, Inc."

Unless we state otherwise in the applicable prospectus supplement, the indentures do not limit us from incurring or issuing other secured or unsecured debt under either of the indentures or any other indenture that we may have entered into or enter into in the future. See "-- Subordination under the Subordinated Indenture" and the prospectus supplement relating to any offering of subordinated debt securities.

TERMS OF THE DEBT SECURITIES

We may issue the debt securities in one or more series through an indenture that supplements the senior indenture or the subordinated indenture or through a resolution of our board of directors or an authorized committee of our board of directors.

You should refer to the applicable prospectus supplement for the specific terms of the debt securities. These terms may include the following:

- title of the debt securities,
- any limit upon the aggregate principal amount of the series,
- maturity date(s) or the method of determining the maturity date(s),
- interest rate(s) or the method of determining the interest rate(s),
- dates on which interest will be payable and circumstances, if any, in which interest may be deferred,

Debt securities may also be issued under the indentures upon the exercise of warrants or delivery upon settlement of stock purchase contracts. See "Description of Warrants" and "Description of Stock Purchase Contracts."

SPECIAL PAYMENT TERMS OF THE DEBT SECURITIES

We may issue one or more series of debt securities at a substantial discount below their stated principal amount. These may bear no interest or interest at a rate which at the time of issuance is below market rates. We will describe United States federal tax consequences and special considerations relating to any series in the applicable prospectus supplement.

The purchase price of any of the debt securities may be payable in one or more foreign currencies or currency units. The debt securities may be denominated in one or more foreign currencies or currency units, or the principal of, premium, if any, or interest on any debt securities may be payable in one or more foreign currencies or currency units. We will describe the restrictions, elections, United States federal income tax considerations, specific terms and other information relating to the debt securities and any foreign currencies or foreign currency units in the applicable prospectus supplement.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

If we use any index to determine the amount of payments of principal of, premium, if any, or interest on any series of debt securities, we will also describe in the applicable prospectus supplement the special United States federal income tax, accounting and other considerations applicable to the debt securities.

DENOMINATIONS, REGISTRATION AND TRANSFER

We expect to issue most debt securities in fully registered form without coupons and in denominations of \$1,000 and any integral multiple of \$1,000. Except as we may describe in the applicable prospectus supplement, debt securities of any series will be exchangeable for other debt securities of the same issue and series, in any authorized denominations, of a like aggregate principal amount and bearing the same interest rate.

You may present debt securities for exchange as described above, or for registration of transfer, at the office of the securities registrar or at the office of any transfer agent we designate for that purpose. You will not incur a service charge but you must pay any taxes and other governmental charges as described in the indentures. We will appoint the trustees as securities registrar under the indentures. We may at any time rescind the designation of any transfer agent that we initially

5

designate or approve a change in the location through which the transfer agent acts. We will specify the transfer agent in the applicable prospectus supplement. We may at any time designate additional transfer agents.

GLOBAL DEBT SECURITIES

We may issue all or any part of a series of debt securities in the form of one or more global securities. We will appoint the depository holding the global debt securities. Unless we otherwise state in the applicable prospectus supplement, the depository will be The Depository Trust Company, or DTC. We will issue global securities in registered form and in either temporary or definitive form. Unless it is exchanged for individual debt securities, a global security may not be transferred except:

- by the depository to its nominee,
- by a nominee of the depository to the depository or another nominee, or
- by the depository or any nominee to a successor of the depository, or a nominee of the successor.

We will describe the specific terms of the depository arrangement in the applicable prospectus supplement. We expect that the following provisions will generally apply to these depository arrangements.

BENEFICIAL INTERESTS IN A GLOBAL SECURITY

If we issue a global security, the depository for the global security or its nominee will credit on its book-entry registration and transfer system the principal amounts of the individual debt securities represented by the global security to the accounts of persons that have accounts with it. We refer to those persons as "participants" in this prospectus. The accounts will be designated by the dealers, underwriters or agents for the debt securities, or by us if the debt securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to participants or persons who may hold interests through participants. Ownership and transfers of beneficial interests in the global security will be shown on, and transactions

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

can be effected only through, records maintained by the applicable depository or its nominee, for interests of participants, and the records of participants, for interests of persons who hold through participants. The laws of some states require that you take physical delivery of securities in definitive form. These limits and laws may impair your ability to transfer beneficial interests in a global security.

So long as the depository or its nominee is the registered owner of a global security, the depository or nominee will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the indenture. Except as provided below, you:

- will not be entitled to have any of the individual debt securities represented by the global security registered in your name,
- will not receive or be entitled to receive physical delivery of any debt securities in definitive form, and
- will not be considered the owner or holder of the debt securities under the indenture.

PAYMENTS OF PRINCIPAL, PREMIUM AND INTEREST

We will make principal, premium, if any, and interest payments on global securities to the depository that is the registered holder of the global security or its nominee. The depository for the global securities will be solely responsible and liable for all payments made on account of your beneficial ownership interests in the global security and for maintaining, supervising and reviewing any records relating to your beneficial ownership interests.

6

We expect that the depository or its nominee, upon receipt of any principal, premium, if any, or interest payment immediately will credit participants' accounts with amounts in proportion to their respective beneficial interests in the principal amount of the global security as shown on the records of the depository or its nominee. We also expect that payments by participants to you, as an owner of a beneficial interest in the global security held through those participants, will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name." These payments will be the responsibility of those participants.

ISSUANCE OF INDIVIDUAL DEBT SECURITIES

Unless we state otherwise in the applicable prospectus supplement, if a depository for a series of debt securities is at any time unwilling, unable or ineligible to continue as depository, we will issue individual debt securities in exchange for the global security. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to the debt securities, determine not to have any debt securities represented by one or more global securities. If that occurs, we will issue individual debt securities in exchange for the global security.

Further, we may specify that you may, on terms acceptable to us, the trustee and the depository, receive individual debt securities in exchange for your beneficial interest in a global security, subject to any limitations described in the prospectus supplement relating to the debt securities. In that instance, you will be entitled to physical delivery of individual debt securities equal in principal amount to that beneficial interest and to have the debt securities registered in your name. Unless we otherwise specify, we will issue those

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

individual debt securities in denominations of \$1,000 and integral multiples of \$1,000.

PAYMENT AND PAYING AGENTS

Unless we state otherwise in an applicable prospectus supplement, we will pay principal of, premium, if any, and interest on your debt securities at the office of the trustee for your debt securities in the City of New York or at the office of any paying agent that we may designate.

Unless we state otherwise in an applicable prospectus supplement, we will pay any interest on debt securities to the registered owner of the debt security at the close of business on the record date for the interest, except in the case of defaulted interest. We may at any time designate additional paying agents or rescind the designation of any paying agent. We must maintain a paying agent in each place of payment for the debt securities.

Any moneys deposited with the trustee or any paying agent, or then held by us in trust, for the payment of the principal of, premium, if any, and interest on any debt security that remain unclaimed for two years after the principal, premium or interest has become due and payable will, at our request, be repaid to us. After repayment to us, you are entitled to seek payment only from us as a general unsecured creditor.

REDEMPTION

Unless we state otherwise in an applicable prospectus supplement, debt securities will not be subject to any sinking fund.

Unless we state otherwise in an applicable prospectus supplement, we may, at our option, redeem any series of debt securities on any interest payment date in whole or in part. We may redeem debt securities in denominations larger than \$1,000 but only in integral multiples of \$1,000.

7

REDEMPTION PRICE

Except as we may otherwise specify in the applicable prospectus supplement, the redemption price for any debt security which we redeem will equal any accrued and unpaid interest to the redemption date, plus the greater of:

- the principal amount, and
- an amount equal to:
 - for debt securities bearing interest at a fixed rate, the discounted remaining fixed amount payments, calculated as described below, or
 - for debt securities bearing interest determined by reference to a floating rate, the discounted swap equivalent payments, calculated as described below.

The discounted remaining fixed amount payments will equal the sum of the current values of the amounts of interest and principal that would have been payable by us on each interest payment date after the redemption date and at stated maturity of the final payment of principal. This calculation will take into account any required sinking fund payments, but will otherwise assume that we have not redeemed the debt security prior to the stated maturity.

The current value of any amount is the present value of that amount on the

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

redemption date after discounting that amount on a semiannual basis, from the originally scheduled date for payment. We will use the treasury rate to calculate this present value.

The treasury rate is a per annum rate, determined on the redemption date to be the per annum rate equal to the semiannual bond equivalent yield to maturity for United States Treasury securities maturing at the stated maturity of the final payment of principal of the debt securities redeemed. We will determine this rate by reference to the weekly average yield to maturity for United States Treasury securities maturing on that stated maturity, if reported in the most recent Statistical Release H.15(519) of the Board of Governors of the Federal Reserve. If no such securities mature at the stated maturity, we will determine the rate by interpolation between the most recent weekly average yields to maturity for two series of United States Treasury securities, (1) one maturing as close as possible to, but earlier than, the stated maturity and (2) the other maturing as close as possible to, but later than, the stated maturity, in each case as published in the most recent Statistical Release H.15(519) of the Board of Governors of the Federal Reserve.

The discounted swap equivalent payments will equal the sum of:

- the current value of the amount of principal that would have been payable by us at the stated maturity of the final payment of the principal of the debt securities redeemed. This calculation will take into account any required sinking fund payments, but will otherwise assume that we had not redeemed the debt security prior to the stated maturity, and
- the sum of the current values of the fixed rate payments that leading interest rate swap dealers would require to be paid by an assumed fixed rate payer having the same credit standing as ours against floating rate payments to be made by these leading dealers equal to the interest payments on the debt securities being redeemed, taking into account any required sinking fund payments but otherwise assuming we had not redeemed the debt securities prior to the stated maturity, under a standard interest rate swap agreement having a notional principal amount equal to the principal amount of the debt securities, a termination date set at the stated maturity of the debt security and payment dates for both fixed and floating rate payers set at each interest payment date of the debt securities. The amount of the fixed rate payments will be based on quotations received by the trustee, or an agent appointed for that purpose, from four leading interest rate swap dealers or, if quotations from four leading interest rate swap dealers are not obtainable, three leading interest rate swap dealers.

8

NOTICE OF REDEMPTION

We will mail notice of any redemption of your debt securities at least 30 days but not more than 60 days before the redemption date to you at your registered address. Unless we default in payment of the redemption price, on and after the redemption date interest will cease to accrue on the debt securities or the portions called for redemption.

CONSOLIDATION, MERGER AND SALE OF ASSETS

We will not consolidate with or merge into any other corporation or convey, transfer or lease our properties and assets substantially as an entirety to any person, and no person may consolidate with or merge into us or convey, transfer or lease to us its properties and assets substantially as an entirety, unless:

- if we consolidate with or merge into another corporation or convey or transfer

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

our properties and assets substantially as an entirety to any person, the successor corporation is organized under the laws of the United States of America or any state or the District of Columbia, and the successor corporation expressly assumes our obligations relating to the debt securities,

- immediately after giving effect to the consolidation, merger, conveyance or transfer, there exists no event of default, and no event which, after notice or lapse of time or both, would become an event of default, and
- other conditions described in the indenture are met.

The general provisions of the indenture do not protect you against transactions, such as a highly leveraged transaction, that may adversely affect you.

LIMITATIONS UPON LIENS

The indentures provide that neither we nor our restricted subsidiaries may issue, assume or guarantee any indebtedness for money borrowed if the indebtedness is secured by a lien upon any of our or any restricted subsidiaries' principal property, or on any shares of stock of any restricted subsidiary, whether the principal property or shares of stock are now owned or later acquired.

GENERAL EXCEPTIONS

The indentures permit us to incur secured debt if we provide that the debt securities will be secured equally and ratably with or in priority to the new secured indebtedness. In this event, we may also provide that any of our other indebtedness, including indebtedness guaranteed by us or the restricted subsidiary, will be secured equally with or in priority to the new secured indebtedness. Further, the restriction on incurring secured indebtedness will not apply to:

- liens on property or shares of stock of any corporation existing at the time the corporation becomes a restricted subsidiary,
- liens on property existing at the time it is acquired, or liens on property which secure the payment of the purchase price of the property, or liens on property which secure indebtedness incurred or guaranteed for the purpose of financing the purchase price of the property or the construction of that property, including improvements to existing property, which indebtedness is incurred or guaranteed within 180 days after the latest of the acquisition or completion of construction or commencement of operation of the property,
- liens securing indebtedness owing by any restricted subsidiary to us or a wholly owned restricted subsidiary,
- liens on the property of a corporation existing at the time the corporation is merged into or consolidated with us or a restricted subsidiary or at the time of a purchase, lease or other

acquisition of the properties of a corporation or other person as an entirety by us or a restricted subsidiary,

- liens on our property or the property of a restricted subsidiary in favor of the United States of America or any state, agency, instrumentality or political subdivision of the United States of America, or in favor of any other country, or any political subdivision of that country, to secure any indebtedness incurred or guaranteed for the purpose of financing all or any

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

part of the purchase price or the cost of construction of the property subject to those liens within 180 days after the latest of the acquisition, completion of construction or commencement of operation of that property, and

- any extension, renewal or replacement of any lien referred to in the five preceding clauses.

EXCEPTIONS FOR SPECIFIED AMOUNT OF INDEBTEDNESS

We and one or more restricted subsidiaries may, without securing the debt securities, issue, assume or guarantee secured indebtedness which would otherwise be subject to the above restrictions, provided that after doing so the aggregate amount of this indebtedness does not exceed 10% of consolidated net tangible assets. In computing the aggregate amount of indebtedness outstanding for purposes of the previous sentence, indebtedness issued, assumed or guaranteed pursuant to the above clauses is not included.

When we use the term "consolidated net tangible assets," we mean the total amount of assets, less applicable reserves and other properly deductible items, after deducting:

- all current liabilities, excluding any liabilities which are by their terms extendible or renewable at the option of the obligor to a time more than 12 months after the time as of which the amount is being computed, and
- all segregated goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, all as set forth on the most recent balance sheet of The Hartford Financial Services Group, Inc. and its consolidated subsidiaries and prepared in accordance with generally accepted accounting principles. Our subsidiaries include any corporation where more than 50% of its voting stock is owned or controlled by us or by another subsidiary.

When we use the term "principal property," we mean all land, buildings, machinery and equipment, and leasehold interests and improvements relating to these items, which would be reflected on our consolidated balance sheet prepared in accordance with generally accepted accounting principles, excluding all tangible property located outside the United States of America and excluding any tangible property which, in the opinion of our board of directors set forth in a board resolution, is not material to us and our consolidated subsidiaries taken as a whole.

When we use the term "restricted subsidiary," we mean any subsidiary which is incorporated under the laws of any state of the United States or of the District of Columbia, and which is a regulated insurance company principally engaged in one or more of the property, casualty and life insurance businesses. However, no subsidiary is a restricted subsidiary:

- if the total assets of that subsidiary are less than 10% of our total assets and the total assets of our consolidated subsidiaries, including that subsidiary, in each case as set forth on the most recent fiscal year-end balance sheets of the subsidiary and us and our consolidated subsidiaries, respectively, and computed in accordance with generally accepted accounting principles, or
- if in the judgment of our board of directors, as evidenced by a board resolution, the subsidiary is not material to the financial condition of us and our subsidiaries taken as a whole.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

As of the date of this prospectus, the following subsidiaries meet the definition of restricted subsidiaries: Hartford Fire, Hartford Life Insurance Company, Hartford Life and Accident Insurance Company and Hartford Life and Annuity Insurance Company.

MODIFICATION AND WAIVER

MODIFICATION

We and the trustee may modify and amend each indenture with the consent of the holders of a majority in aggregate principal amount of the series of debt securities affected. However, no modification or amendment may, without the consent of the holder of each outstanding debt security affected:

- change the stated maturity of the principal of, or any installment of interest on, any outstanding debt security,
- reduce the principal amount of, or the rate of interest on or any premium payable upon the redemption of, or the amount of principal of an original issue discount security that would be due and payable upon a declaration of acceleration of the maturity of, any outstanding debt security,
- change the place of payment, or the coin or currency in which any outstanding debt security or the interest is payable,
- impair your right to institute suit for the enforcement of any payment on or relating to any outstanding debt security after the stated maturity, or
- change the amendment provisions of the indenture requiring the consent of the affected holders for waiver of compliance with the indenture or waiver of past defaults.

WAIVER

The holders of a majority in principal amount of the outstanding debt securities of a series may, on behalf of the holders of all debt securities of that series, waive compliance by us with certain restrictive covenants of the indenture which relate to that series.

The holders of not less than a majority in principal amount of the outstanding debt securities of a series may, on behalf of the holders of that series, generally waive any past default under the indenture relating to that series of debt securities. However, a default in the payment of the principal of (or premium, if any), or any interest on, any debt security of that series or relating to a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series affected cannot be so waived.

EVENTS OF DEFAULT

Under the terms of each indenture, each of the following constitutes an event of default for a series of debt securities:

- default for 30 days in the payment of any interest when due,
- default in the payment of principal, or premium, if any, at maturity,
- default in the performance of any other covenant in the indenture for 60 days after written notice,
- our bankruptcy, insolvency or reorganization,

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

- acceleration or default in the payment of indebtedness for borrowed money in excess of \$25,000,000, which has not been rescinded or annulled within 30 days after notice, or
- any other event of default described in the applicable board resolution or supplemental indenture under which the series of debt securities is issued.

11

We are required to furnish the trustee annually with a statement as to the fulfillment of our obligations under the indenture. Each indenture provides that the trustee may withhold notice to you of any default, except in respect of the payment of principal or interest on the debt securities, if it considers it in the interests of the holders of the debt securities to do so.

EFFECT OF AN EVENT OF DEFAULT

If an event of default exists, the trustee or the holders of not less than 25% in principal amount of a series of debt securities may declare the principal amount, or, if the debt securities are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series, of the debt securities of that series to be due and payable immediately, by a notice in writing to us, and to the trustee if given by holders. Upon that declaration the principal will become immediately due and payable. However, at any time after a declaration of acceleration has been made, but before a judgment or decree for payment of the money due has been obtained, the holders of a majority in principal amount of outstanding debt securities may, subject to conditions specified in the indenture, rescind and annul that declaration.

Subject to the provisions of the indentures relating to the duties of the trustee, if an event of default then exists, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at your request, order or direction, unless you have offered to the trustee reasonable security or indemnity. Subject to the provisions for the security or indemnification of the trustee, the holders of a majority in principal amount of a series of outstanding debt securities have the right to direct the time, method and place of conducting and proceeding for and remedy available to the trustee, or exercising any trust or power conferred on the trustee in connection with the debt securities of that series.

LEGAL PROCEEDINGS AND ENFORCEMENT OF RIGHT TO PAYMENT

You will not have any right to institute any proceeding in connection with the indenture or for any remedy under the indenture, unless you have previously given to the trustee written notice of a continuing event of default with respect to debt securities of that series. In addition, the holders of at least 25% in principal amount of the outstanding debt securities must have made written request, and offered reasonable indemnity, to the trustee to institute that proceeding as trustee, and, within 60 days following the receipt of that notice, the trustee must not have received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request, and must have failed to institute the proceeding. However, you will have an absolute right to receive payment of the principal of, premium, if any, and interest on that debt security on or after the due dates expressed in the debt security and to institute a suit for the enforcement of that payment.

SATISFACTION AND DISCHARGE

Each indenture provides that when, among other things, all debt securities not previously delivered to the trustee for cancellation:

- have become due and payable, or
- will become due and payable at their stated maturity within one year,

and we deposit or cause to be deposited with the trustee, in trust, an amount in the currency or currencies in which the debt securities are payable sufficient to pay and discharge the entire indebtedness on the debt securities not previously delivered to the trustee for cancellation, for the principal, and premium, if any, and interest to the date of the deposit or to the stated maturity, as the case may be, then the indenture will cease to be of further effect, and we will be deemed to have satisfied and discharged the indenture. However, we will continue to be obligated to pay all other

12

sums due under the indenture and to provide the officers' certificates and opinions of counsel described in the indenture.

DEFEASANCE

Unless we state otherwise in the applicable prospectus supplement, each indenture provides that we will be deemed to have paid and discharged the entire indebtedness on all the debt securities of a series at any time prior to their stated maturity or redemption when:

- we have irrevocably deposited or caused to be deposited with the trustee, in trust, either:
 - sufficient funds to pay and discharge the entire indebtedness on the debt securities for the principal, premium, if any, and interest to the stated maturity or any redemption date, or
 - the amount of U.S. government securities as will, in the written opinion of independent public accountants delivered to the trustee, together with predetermined and certain income to accrue, without consideration of any reinvestment, be sufficient to pay and discharge when due the entire indebtedness on the debt securities for principal, premium, if any, and interest to the stated maturity or any redemption date,
- we have paid or caused to be paid all other sums payable on the debt securities,
- we have delivered to the trustee an officer's certificate and an opinion of counsel to the effect that:
 - we have received from, or there has been published by, the Internal Revenue Service a ruling, or
 - since the date of execution of the applicable indenture, there has been a change in the applicable federal income tax law,

in either case to the effect that the deposit and related defeasance would not cause you to recognize income, gain or loss for federal income tax purposes,

- we have delivered to the trustee an opinion of counsel that neither we nor the trust held by the trustee will immediately after the deposit just described be an "investment company" or a company "controlled" by an "investment company" within the meaning of the Investment Company Act of 1940, and

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

- we have delivered to the trustee the other officer's certificates and opinions of counsel as may be required by the indenture, each stating that all conditions precedent relating to the satisfaction and discharge of the entire indebtedness on all debt securities have been complied with.

The subordinated indenture will not be discharged as described above if we have defaulted in the payment of principal of, premium, if any, or interest on any senior debt and that default is continuing or another event of default on the senior debt then exists and has resulted in the senior debt becoming or being declared due and payable prior to the date it would have become due and payable.

CONVERSION OR EXCHANGE

We may convert or exchange the debt securities into common stock or other securities. If so, we will describe the specific terms on which the debt securities may be converted or exchanged in the applicable prospectus supplement. The conversion or exchange may be mandatory, at your option, or at our option. The applicable prospectus supplement will describe the manner in which the shares of common stock or other securities you would receive would be converted or exchanged.

SUBORDINATION UNDER THE SUBORDINATED INDENTURE

In the subordinated indenture, we have agreed that any subordinated debt securities are subordinate and junior in right of payment to all senior debt to the extent provided in the subordinated indenture.

13

In case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other proceeding relative to us, the holders of senior debt will first be entitled to receive payment in full of principal of, premium, if any, and interest on the senior debt before the holders of subordinated debt securities will be entitled to receive or retain any payment of the principal of, premium, if any, or interest on the subordinated debt securities.

If the maturity of any subordinated debt securities is accelerated, the holders of all senior debt outstanding at the time of the acceleration will first be entitled to receive payment in full of all amounts due, including any amounts due upon acceleration, before you will be entitled to receive any payment of the principal of, premium, if any, or interest on the subordinated debt securities.

We will not make any payments of principal of, premium, if any, or interest on the subordinated debt securities if:

- a default in any payment on senior debt then exists,
- an event of default on any senior debt resulting in the acceleration of its maturity then exists, or
- any judicial proceeding is pending in connection with default.

When we use the term "debt" we mean, with respect to any person, whether recourse is to all or a portion of the assets of that person and whether or not contingent:

- every obligation of that person for money borrowed,
- every obligation of that person evidenced by bonds, debentures, notes or other similar instruments, including obligations incurred in connection with the acquisition of property, assets or businesses,

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

- every reimbursement obligation of that person with respect to letters of credit, bankers' acceptances or similar facilities issued for the account of that person,
- every obligation of that person issued or assumed as the deferred purchase price of property or services, but excluding trade accounts payable or accrued liabilities arising in the ordinary course of business,
- every capital lease obligation of that person, and
- every obligation of the type referred to in the prior five clauses of another person and all dividends of another person the payment of which that person has guaranteed or is responsible or liable for, directly or indirectly, including as obligor.

When we use the term "senior debt" we mean the principal of, premium, if any, and interest on debt, whether incurred on, prior to, or after the date of the subordinated indenture, unless the instrument creating or evidencing that debt or pursuant to which that debt is outstanding states that those obligations are not superior in right of payment to the subordinated debt securities or to other debt which ranks equally with, or junior to, the subordinated debt securities. Interest on this senior debt includes interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to The Hartford Financial Services Group, Inc., whether or not the claim for post-petition interest is allowed in that proceeding.

However, senior debt will not include:

- any debt of The Hartford Financial Services Group, Inc. which when incurred and without regard to any election under Section 1111(b) of the Bankruptcy Code, was without recourse to The Hartford Financial Services Group, Inc.,
- any debt of The Hartford Financial Services Group, Inc. to any of its subsidiaries,
- debt to any employee of The Hartford Financial Services Group, Inc.,

14

- any liability for taxes, and
- indebtedness or monetary obligations to trade creditors or assumed by The Hartford Financial Services Group, Inc. or any of its subsidiaries in the ordinary course of business in connection with the obtaining of materials or services.

We are a non-operating holding company, and most of our assets are owned by our subsidiaries. Accordingly, the debt securities will be effectively subordinated to all our existing and future liabilities, including liabilities under contracts of insurance and annuities written by our insurance subsidiaries. You should rely only on our assets for payments of interest and principal and premium, if any. The payment of dividends by our insurance company subsidiaries is limited under the insurance holding company laws in the jurisdictions where those subsidiaries are domiciled. See "The Hartford Financial Services Group, Inc."

The subordinated indenture does not limit the amount of additional senior debt that we may incur. We expect from time to time to incur additional senior debt.

The subordinated indenture provides that we may change the subordination

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

provisions relating to any particular issue of subordinated debt securities prior to issuance. We will describe any change in the prospectus supplement relating to the subordinated debt securities.

GOVERNING LAW

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York.

CONCERNING THE TRUSTEES

Each of the trustees acts as depository for funds of, makes loans to, and performs other services for, us and our subsidiaries in the normal course of business.

DESCRIPTION OF JUNIOR SUBORDINATED DEBENTURES

We will issue the junior subordinated debentures in one or more series under a junior subordinated indenture, as supplemented from time to time, between us and Wilmington Trust Company, as debenture trustee.

The following description of the terms of the junior subordinated debentures is a summary. It summarizes only those terms of the junior subordinated debentures which we believe will be most important to your decision to invest in our junior subordinated debentures. You should keep in mind, however, that it is the junior subordinated indenture, and not this summary, which defines your rights as a holder of our junior subordinated debentures. There may be other provisions in the junior subordinated indenture which are also important to you. You should read the junior subordinated indenture for a full description of the terms of the junior subordinated debentures. The junior subordinated indenture is filed as an exhibit to the Registration Statement that includes this prospectus. See "Where You Can Find More Information" for information on how to obtain a copy of the junior subordinated indenture.

RANKING OF THE JUNIOR SUBORDINATED DEBENTURES

Each series of junior subordinated debentures will rank equally with all other series of junior subordinated debentures, and will be unsecured and subordinate and junior in right of payment, as described in the junior subordinated indenture, to all of our senior debt. See "-- Subordination."

As a non-operating holding company, most of our operating assets and the assets of our consolidated subsidiaries are owned by our subsidiaries. We rely primarily on dividends from our subsidiaries to meet our obligations for payment of principal and interest on our outstanding debt

15

obligations and corporate expenses. Accordingly, the junior subordinated debentures will be effectively subordinated to all existing and future liabilities of our subsidiaries. You should rely only on our assets for payments on the junior subordinated debentures. The payment of dividends by our insurance company subsidiaries is limited under the insurance holding company laws in which those subsidiaries are domiciled. See "The Hartford Financial Services Group, Inc."

Unless we state otherwise in the applicable prospectus supplement, the junior subordinated indenture does not limit us from incurring or issuing other secured or unsecured debt under the junior subordinated indenture or any other indenture that we may have entered into or enter into in the future. See "-- Subordination" and the prospectus supplement relating to any offering of

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

securities.

TERMS OF THE JUNIOR SUBORDINATED DEBENTURES

We may issue the junior subordinated debentures in one or more series through an indenture that supplements the junior subordinated indenture or through a resolution of our board of directors or an authorized committee of our board of directors.

You should refer to the applicable prospectus supplement for the specific terms of the junior subordinated debentures. These may include:

- the title and any limit upon the aggregate principal amount,
- the date(s) on which the principal is payable or the method of determining those date(s),
- the interest rate(s) or the method of determining these interest rate(s),
- the date(s) on which interest will be payable or the method of determining these date(s),
- the circumstances in which interest may be deferred, if any,
- the regular record date or the method of determining this date,
- the place or places where we may pay principal, premium, if any, and interest,
- conversion or exchange provisions, if any,
- the redemption or early payment provisions,
- the authorized denominations,
- the currency, currencies or currency units in which we may pay the purchase price for, the principal of, premium, if any, and interest on the junior subordinated debentures,
- additions to or changes in the events of default or any changes in any of our covenants specified in the junior subordinated indenture,
- any index or indices used to determine the amount of payments of principal and premium, if any, or the method of determining these amounts,
- whether a temporary global security will be issued and the terms upon which you may exchange a temporary global security for definitive junior subordinated debt securities,
- whether we will issue the junior subordinated debt securities in whole or in part in the form of one or more global securities,
- the terms and conditions of any obligation or right we would have to convert or exchange the junior subordinated debentures into preferred securities or other securities, and
- additional terms not inconsistent with the provisions of the junior subordinated indenture.

SPECIAL PAYMENT TERMS OF THE JUNIOR SUBORDINATED DEBENTURES

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

We may issue junior subordinated debentures at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. We will describe United States Federal income tax consequences and special considerations relating to any junior subordinated debentures in the applicable prospectus supplement.

The purchase price of any of the junior subordinated debentures may be payable in one or more foreign currencies or currency units. The junior subordinated debentures may be denominated in one or more foreign currencies or currency units, or the principal of, premium, if any, or interest on any junior subordinated debentures may be payable in one or more foreign currencies or currency units. We will describe the restrictions, elections, federal income tax considerations, specific terms and other information relating to the junior subordinated debentures and the foreign currency units in the applicable prospectus supplement.

If we use any index to determine the amount of payments of principal of, premium, if any, or interest on any series of junior subordinated debentures, we will also describe special federal income tax, accounting and other considerations relating to the junior subordinated debentures in the applicable prospectus supplement.

DENOMINATIONS, REGISTRATION AND TRANSFER

Unless we state otherwise in the applicable prospectus supplement, we will issue the junior subordinated debentures only in registered form without coupons in denominations of \$25 and any integral multiple of \$25. Junior subordinated debentures of any series will be exchangeable for other junior subordinated debentures of the same issue and series, of any authorized denominations, of a like aggregate principal amount, of the same original issue date and stated maturity and bearing the same interest rate.

You may present junior subordinated debentures for exchange as described above, or for registration of transfer, at the office of the securities registrar or at the office of any transfer agent we designate for that purpose. You will not incur a service charge but you must pay any taxes and other governmental charges as described in the indenture. We will appoint the trustees as securities registrars under the indentures. We may at any time rescind the designation of any transfer agent that we initially designate or approve a change in the location through which the transfer agent acts. We must maintain a transfer agent in each place of payment. We will specify the transfer agent in the applicable prospectus supplement. We may at any time designate additional transfer agents.

If we redeem any junior subordinated debentures, neither we nor the debenture trustee will be required to:

- issue, register the transfer of, or exchange junior subordinated debentures during a period beginning at the opening of business 15 days before the day of selection for redemption of the junior subordinated debentures and ending at the close of business on the day of mailing of the relevant notice of redemption, or
- transfer or exchange any junior subordinated debentures selected for redemption, except for any portion not redeemed of any junior subordinated debenture that is being redeemed in part.

GLOBAL JUNIOR SUBORDINATED DEBENTURES

We may issue a series of junior subordinated debentures in the form of one or more global junior subordinated debentures. We will identify the depository

holding the global junior subordinated debentures in the applicable prospectus supplement. We will issue global junior subordinated debentures only in fully registered form and in either temporary or permanent form. Unless it is

17

exchanged for an individual junior subordinated debenture, a global junior subordinated debenture may not be transferred except:

- by the depositary to its nominee,
- by a nominee of the depositary to the depositary or another nominee, or
- by the depositary or any nominee to a successor depositary, or any nominee of the successor.

We will describe the specific terms of the depositary arrangement in the applicable prospectus supplement. We expect that the following provisions will generally apply to these depositary arrangements.

BENEFICIAL INTERESTS IN A GLOBAL JUNIOR SUBORDINATED DEBENTURE

If we issue a global junior subordinated debenture, the depositary for the global junior subordinated debenture or its nominee will credit on its book-entry registration and transfer system the principal amounts of the individual junior subordinated debentures represented by the global junior subordinated debenture to the accounts of persons that have accounts with it. We refer to those persons as "participants" in this prospectus. The accounts will be designated by the dealers, underwriters or agents for the junior subordinated debentures, or by us if the junior subordinated debentures are offered and sold directly by us. Ownership of beneficial interests in a global junior subordinated debenture will be limited to participants or persons that may hold interests through participants. Ownership and transfers of beneficial interests in the global junior subordinated debenture will be shown on, and effected only through, records maintained by the applicable depositary or its nominee, for interests of participants, and the records of participants, for interests of persons who hold through participants. The laws of some states require that you take physical delivery of securities in definitive form. These limits and laws may impair your ability to transfer beneficial interests in a global junior subordinated debenture.

So long as the depositary or its nominee is the registered owner of the global junior subordinated debenture, the depositary or the nominee will be considered the sole owner or holder of the junior subordinated debentures represented by the global junior subordinated debenture for all purposes under the junior subordinated indenture. Except as provided below, you:

- will not be entitled to have any of the individual junior subordinated debentures represented by the global junior subordinated debenture registered in your name,
- will not receive or be entitled to receive physical delivery of any junior subordinated debentures in definitive form, and
- will not be considered the owner or holder of the junior subordinated debenture under the junior subordinated indenture.

PAYMENTS OF PRINCIPAL, PREMIUM AND INTEREST

We will make principal, premium and interest payments on global junior subordinated debentures to the depositary that is the registered holder of the

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

global junior subordinated debenture or its nominee. The depositary for the junior subordinated debentures will be solely responsible and liable for all payments made on account of your beneficial ownership interests in the global junior subordinated debenture and for maintaining, supervising and reviewing any records relating to your beneficial ownership interests.

We expect that the depositary or its nominee, upon receipt of principal, premium or interest payments, immediately will credit participants' accounts with amounts in proportion to their respective beneficial interests in the principal amount of the global junior subordinated debenture as shown on the records of the depositary or its nominee. We also expect that payments by participants to you, as an owner of a beneficial interest in the global junior subordinated debenture held through those

18

participants, will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name." These payments will be the responsibility of those participants.

ISSUANCE OF INDIVIDUAL JUNIOR SUBORDINATED DEBENTURES

Unless we state otherwise in the applicable prospectus supplement, if a depositary for a series of junior subordinated debentures is at any time unwilling, unable or ineligible to continue as depositary, we will issue individual junior subordinated debentures in exchange for the global junior subordinated debenture. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to the junior subordinated debentures, determine not to have any junior subordinated debentures represented by one or more global junior subordinated debentures. If that occurs, we will issue individual junior subordinated debentures in exchange for the global junior subordinated debenture.

Further, we may specify that you may, on terms acceptable to us, the debenture trustee and the depositary for the global junior subordinated debenture, receive individual junior subordinated debentures in exchange for your beneficial interest in a global junior subordinated debenture, subject to any limitations described in the prospectus supplement relating to the junior subordinated debentures. In that instance, you will be entitled to physical delivery of individual junior subordinated debentures equal in principal amount to that beneficial interest and to have the junior subordinated debentures registered in your name. Unless we otherwise specify, those individual junior subordinated debentures will be issued in denominations of \$25 and integral multiples of \$25.

PAYMENT AND PAYING AGENTS

Unless we state otherwise in the applicable prospectus supplement, we will pay principal of, premium, if any, and interest on your junior subordinated debentures at the office of the debenture trustee in the City of New York or at the office of any paying agent that we may designate.

Unless we state otherwise in the applicable prospectus supplement, we will pay any interest on junior subordinated debentures to the registered owner of the junior subordinated debenture at the close of business on the regular record date for the interest, except in the case of defaulted interest. We may at any time designate additional paying agents or rescind the designation of any paying agent. We must maintain a paying agent in each place of payment for the junior subordinated debentures.

Any moneys deposited with the debenture trustee or any paying agent, or then

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

held by us in trust, for the payment of the principal of, premium, if any, and interest on any junior subordinated debenture that remain unclaimed for two years after the principal, premium or interest has become due and payable will, at our request, be repaid to us. After repayment to us, you are entitled to seek payment only from us as a general unsecured creditor.

REDEMPTION

Unless we state otherwise in the applicable prospectus supplement, junior subordinated debentures will not be subject to any sinking fund.

We may, at our option, redeem any series of junior subordinated debentures on any interest payment date in whole or in part. We may redeem junior subordinated debentures in denominations larger than \$25 but only in integral multiples of \$25.

19

REDEMPTION PRICE

Except as we may otherwise specify in the applicable prospectus supplement, the redemption price for any junior subordinated debenture redeemed will equal any accrued and unpaid interest to the redemption date, plus the greater of:

- the principal amount, and
- an amount equal to:
 - for junior subordinated debentures bearing interest at a fixed rate, the discounted remaining fixed amount payments, calculated as described below, or
 - for junior subordinated debentures bearing interest determined by reference to a floating rate, the discounted swap equivalent payments, calculated as described below.

The discounted remaining fixed amount payments will equal the sum of the current values of the amounts of interest and principal that would have been payable by us on each interest payment date after the redemption date and at stated maturity of the final payment of principal. This calculation will take into account any required sinking fund payments, but will otherwise assume that we have not redeemed the junior subordinated debenture prior to the stated maturity.

The current value of any amount is the present value of that amount on the redemption date after discounting that amount on a monthly, quarterly or semiannual basis, whichever corresponds to the interest payment date periods of the related series of junior subordinated debentures, from the originally scheduled date for payment. We will use the treasury rate to calculate this present value.

The treasury rate is a per annum rate, expressed as a decimal and, in the case of United States Treasury bills, converted to a per annum yield, determined on the redemption date to be the per annum rate equal to the semiannual bond equivalent yield to maturity, adjusted to reflect monthly or quarterly compounding in the case of junior subordinated debentures having monthly or quarterly interest payment dates for United States Treasury securities maturing at the stated maturity of the final payment of principal of the junior subordinated debentures redeemed. We will determine this rate by reference to the weekly average yield to maturity for United States Treasury securities maturing on that stated maturity if reported in the most recent Statistical

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

Release H.15(519) of the Board of Governors of the Federal Reserve. If no such securities mature at the stated maturity, we will determine the rate by interpolation between the most recent weekly average yields to maturity for two series of United States Treasury securities, (1) one maturing as close as possible to, but earlier than, the stated maturity and (2) the other maturing as close as possible to, but later than, the stated maturity, in each case as published in the most recent Statistical Release H.15(519) of the Board of Governors of the Federal Reserve.

The discounted swap equivalent payments will equal the sum of:

- the current value of the amount of principal that would have been payable by us pursuant to the terms of the junior subordinated debenture at the stated maturity of the final payment of the principal of the junior subordinated debentures. This calculation will take into account any required sinking fund payments but will otherwise assume that we had not redeemed the junior subordinated debenture prior to the stated maturity, and
- the sum of the current values of the fixed rate payments that leading interest rate swap dealers would require to be paid by an assumed fixed rate payer having the same credit standing as ours against floating rate payments to be made by these leading dealers equal to the interest payments on the junior subordinated debentures being redeemed, taking into account any required sinking fund payment, but otherwise assuming we had not redeemed the junior subordinated debenture prior to the stated maturity, under a standard interest rate swap agreement having a notional principal amount equal to the principal amount of the junior subordinated debentures, a termination date set at the stated maturity of the junior subordinated debentures and payment

20

dates for both fixed and floating rate payers set at each interest payment date of the junior subordinated debentures. The amount of the fixed rate payments will be based on quotations received by the trustee, or an agent appointed for that purpose, from four leading interest rate swap dealers or, if quotations from four leading interest rate swap dealers are not obtainable, three leading interest rate swap dealers.

SPECIAL EVENT REDEMPTION

Unless we state otherwise in the applicable prospectus supplement, if a special event relating to a series of junior subordinated debentures then exists, we may, at our option, redeem the series of junior subordinated debentures in whole, but not in part, on any interest payment date within 90 days of the special event occurring. The redemption price will equal the principal amount of the junior subordinated debentures then outstanding plus accrued and unpaid interest to the date fixed for redemption.

A "special event" means a "tax event" or an "investment company event." A "tax event" occurs when a trust receives an opinion of counsel experienced in these matters to the effect that, as a result of any amendment to, or change, including any announced prospective change in, the laws or regulations of the United States or any political subdivision or taxing authority affecting taxation, or as a result of any official administrative pronouncement or judicial decision interpreting or applying those laws or regulations, which amendment or change is effective or pronouncement or decision is announced on or after the date of issuance of the preferred securities of a trust, there is more than an insubstantial risk that:

- the trust is, or will be within 90 days of that date, subject to United States federal income tax with respect to income received or accrued on the

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

corresponding series of junior subordinated debentures;

- interest payable by us on the series of junior subordinated debentures is not, or within 90 days of that date, will not be, deductible, in whole or in part, for United States federal income tax purposes; or
- the trust is, or will be within 90 days of that date, subject to more than a de minimis amount of other taxes, duties or other governmental charges.

An "investment company event" occurs when, in respect of a trust, there is change in law or regulation, or a change in interpretation or application of law or regulation, by any legislative body, court, governmental agency or regulatory authority such that such trust is or will be considered an "investment company" that is required to be registered under the Investment Company Act of 1940, which change becomes effective on or after the date of issuance of the preferred securities of a trust.

NOTICE OF REDEMPTION

We will mail notice of any redemption of your junior subordinated debentures at least 30 days but not more than 60 days before the redemption date to you at your registered address. Unless we default in payment of the redemption price, on and after the redemption date interest will cease to accrue on the junior subordinated debentures or the portions called for redemption.

OPTION TO EXTEND INTEREST PAYMENT DATE

If provided in the applicable prospectus supplement, we will have the right during the term of any series of junior subordinated debentures to extend the interest payment period for a specified number of interest payment periods, subject to the terms, conditions and covenants specified in the prospectus supplement. However, we may not extend these interest payments beyond the maturity of the junior subordinated debentures. We will describe the federal income tax consequences and

21

special considerations relating to any junior subordinated debentures in the applicable prospectus supplement.

If we exercise this right, during the extension period we and our subsidiaries may not:

- declare or pay any dividends or distributions on, or redeem, purchase, acquire or make a liquidation payment on, any of our capital stock, or
- make any payment of principal, premium, if any, or interest on or repay, repurchase or redeem any debt securities that rank equally with or junior in interest to the junior subordinated debentures or make any related guarantee payments,

other than:

- dividends or distributions on our common stock,
- redemptions or purchases of any rights pursuant to our rights plan, or any successor to our rights plan, and the declaration of a dividend of these rights in the future, and
- payments under any guarantee.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

MODIFICATION OF INDENTURE

We and the debenture trustee may, without the consent of the holders of junior subordinated debentures, amend, waive or supplement the junior subordinated indenture for specified purposes, including, among other things, curing ambiguities, defects or inconsistencies. However, no action may materially adversely affect the interests of holders of any series of junior subordinated debentures or, in the case of corresponding junior subordinated debentures, the holders of the corresponding series of preferred securities so long as they remain outstanding. We may also amend the junior subordinated indenture to maintain the qualification of the indenture under the Trust Indenture Act.

We and the debenture trustee may, with the consent of the holders of not less than a majority in principal amount of the series of junior subordinated debentures affected, modify the junior subordinated indenture in a manner affecting the rights of the holders of junior subordinated debentures. However, no modification may, without the consent of the holder of each outstanding junior subordinated debenture affected:

- change the stated maturity of the junior subordinated debentures,
- reduce the principal amount of the junior subordinated debentures,
- reduce the rate or, except as permitted by the junior subordinated indenture and the terms of the series of junior subordinated debentures, extend the time of payment of interest on the junior subordinated debentures, or
- reduce the percentage of principal amount of the junior subordinated debentures, the holders of which are required to consent to the modification of the junior subordinated indenture.

In the case of corresponding junior subordinated debentures, so long as any of the corresponding series of preferred securities remain outstanding:

- no such modification may be made that adversely affects the holders of the preferred securities,
- no termination of the junior subordinated indenture may occur, and
- no waiver of any debenture event of default or compliance with any covenant under the junior subordinated indenture may be effective,

without the prior consent of the holders of at least a majority of the aggregate liquidation preference of the preferred securities unless the principal of the corresponding junior subordinated debentures

22

and all accrued and unpaid interest on the corresponding junior subordinated debentures have been paid in full and other conditions are satisfied.

In addition, we and the debenture trustee may execute, without your consent, any supplemental indenture for the purpose of creating any new series of junior subordinated debentures.

DEBENTURE EVENTS OF DEFAULT

Under the terms of the junior subordinated indenture, each of the following constitutes a debenture event of default for a series of junior subordinated debentures:

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

- failure for 30 days to pay any interest on the series of junior subordinated debentures when due, subject to the deferral of any due date in the case of an extension period,
- failure to pay any principal or premium, if any, on the series of junior subordinated debentures when due, including at maturity, upon redemption or by declaration,
- failure to observe or perform in any material respect specified other covenants contained in the indenture for 90 days after written notice from the debenture trustee or the holders of at least 25% in principal amount of the relevant series of outstanding junior subordinated debentures,
- our bankruptcy, insolvency or reorganization, or
- any other event of default described in the applicable board resolution or supplemental indenture under which the series of debt securities is issued.

EFFECT OF EVENT OF DEFAULT

The holders of a majority in outstanding principal amount of the series of junior subordinated debentures have the right to direct the time, method and place of conducting any proceeding for any remedy available to the debenture trustee. The debenture trustee or the holders of not less than 25% in aggregate outstanding principal amount of the series of junior subordinated debentures may declare the principal due and payable immediately upon a debenture event of default. In the case of corresponding junior subordinated debentures, if the debenture trustee or the holders of the corresponding junior subordinated debentures fail to make this declaration, the holders of at least 25% in aggregate liquidation preference of the corresponding series of preferred securities will have that right.

WAIVER OF EVENT OF DEFAULT

The holders of a majority in aggregate outstanding principal amount of the series of junior subordinated debentures may rescind and annul the declaration and its consequences if:

- the event of default is other than our non-payment of the principal of the junior subordinated debentures which has become due solely by such acceleration and all other events of default have been cured or waived, and
- we have paid or deposited with the debenture trustee a sum sufficient to pay:
 - all overdue installments of interest (including interest on overdue installments of interest) and principal (and premium, if any) due other than by acceleration, and
 - certain amounts owing to the debenture trustee, its agents and counsel.

23

The holders of a majority in aggregate outstanding principal amount of the junior subordinated debentures affected by the default may, on behalf of the holders of all the junior subordinated debentures, waive any past default and its consequences, except:

- a default in the payment of principal (or premium, if any) or interest,
- a default relating to a covenant or provision which under the junior subordinated indenture cannot be modified or amended without the consent of

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

the holder of each outstanding junior subordinated debenture.

We are required under the junior subordinated indenture to file annually with the junior subordinated indenture trustee a certificate of compliance.

DIRECT ACTIONS BY PREFERRED SECURITYHOLDERS

If a debenture event of default is attributable to our failure to pay interest or principal on the corresponding junior subordinated debentures on the date the interest or principal is payable, you, as a holder of preferred securities, may institute a legal proceeding directly against us, which we refer to in this prospectus as a "direct action," for enforcement of payment to you of the principal of or interest on the corresponding junior subordinated debentures having a principal amount equal to the aggregate liquidation amount of your related preferred securities.

We may not amend the junior subordinated indenture to remove the right to bring a direct action without the prior written consent of the holders of all of the preferred securities. If the right to bring a direct action is removed, the applicable issue may become subject to the reporting obligations under the Securities Exchange Act of 1934. We have the right under the junior subordinated indenture to set-off any payment made to you as a holder of preferred securities by us in connection with a direct action. You will not be able to exercise directly any other remedy available to holders of the corresponding junior subordinated debentures.

You will not be able to exercise directly any remedies other than those described in the preceding paragraph available to holders of the junior subordinated debentures unless there has been an event of default under the trust agreement.

CONSOLIDATION, MERGER, SALE OF ASSETS AND OTHER TRANSACTIONS

We will not consolidate with or merge into any other corporation or convey, transfer or lease our properties and assets substantially as an entirety to any person, and no person will consolidate with or merge into us or convey, transfer or lease its properties and assets substantially as an entirety to us, unless:

- if we consolidate with or merge into another corporation or convey or transfer our properties and assets substantially as an entirety to any person, the successor corporation is organized under the laws of the United States or any state or the District of Columbia, and the successor corporation expressly assumes our obligations relating to the junior subordinated debentures,
- immediately after giving effect to the consolidation, merger, conveyance or transfer, there exists no debenture event of default, and no event which, after notice or lapse of time or both, would become a debenture event of default,
- in the case of corresponding junior subordinated debentures, the transaction is permitted under the related trust agreement or guarantee and does not give rise to any breach or violation of the related trust agreement or guarantee, and
- other conditions described in the junior subordinated indenture are met.

The general provisions of the junior subordinated indenture do not protect you against transactions, such as a highly leveraged transaction, that may adversely affect you.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

SATISFACTION AND DISCHARGE

The junior subordinated indenture provides that when, among other things, all junior subordinated debentures not previously delivered to the debenture trustee for cancellation:

- have become due and payable, or
- will become due and payable at their stated maturity within one year,

and we deposit or cause to be deposited with the debenture trustee, in trust, an amount in the currency or currencies in which the junior subordinated debentures are payable sufficient to pay and discharge the entire indebtedness on the junior subordinated debentures not previously delivered to the debenture trustee for cancellation, for the principal, premium, if any, and interest on the date of the deposit or to the stated maturity, as the case may be, then the junior subordinated indenture will cease to be of further effect and we will be deemed to have satisfied and discharged the indenture. However, we will continue to be obligated to pay all other sums due under the junior subordinated indenture and to provide the officers' certificates and opinions of counsel described in the junior subordinated indenture.

CONVERSION OR EXCHANGE

We may convert or exchange the junior subordinated debentures into preferred securities or other securities. If so, we will describe the specific terms on which junior subordinated debentures may be converted or exchanged in the applicable prospectus supplement. The conversion or exchange may be mandatory, at your option or at our option. The applicable prospectus supplement will state the manner in which the preferred securities you would receive would be converted or exchanged.

SUBORDINATION

In the junior subordinated indenture, we have agreed that any junior subordinated debentures will be subordinate and junior in right of payment to all senior debt to the extent provided in the junior subordinated indenture.

In case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relative to us, the holders of senior debt will first be entitled to receive payment in full of principal of, premium, if any, and interest on the senior debt before the holders of junior subordinated debentures or, in the case of corresponding junior subordinated debentures, the property trustee on behalf of the holders, will be entitled to receive or retain any payment of the principal, premium, if any, or interest on the junior subordinated debentures.

If the maturity of any junior subordinated debentures is accelerated, the holders of all senior debt outstanding at the time of the acceleration will first be entitled to receive payment in full of all amounts due, including any amounts due upon acceleration, before you will be entitled to receive any payment of the principal of, premium, if any, or interest on the junior subordinated debentures.

We will not make any payments of principal of, premium, if any, or interest on the junior subordinated debentures if:

- a default in any payment on senior debt then exists,
- an event of default on any senior debt resulting in the acceleration of its

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

maturity then exists, or

- any judicial proceeding is pending in connection with a default.

25

When we use the term "debt," we mean, with respect to any person, whether recourse is to all or a portion of the assets of that person and whether or not contingent:

- every obligation of that person for money borrowed,
- every obligation of that person evidenced by bonds, debentures, notes or other similar instruments, including obligations incurred in connection with the acquisition of property, assets or businesses,
- every reimbursement obligation of that person with respect to letters of credit, bankers' acceptances or similar facilities issued for the account of the person,
- every obligation of that person issued or assumed as the deferred purchase price of property or services, but excluding trade accounts payable or accrued liabilities arising in the ordinary course of business,
- every capital lease obligation of that person, and
- every obligation of the type referred to in the prior five clauses of another person and all dividends of another person the payment of which the person has guaranteed or is responsible or liable for, directly or indirectly, including as obligor.

When we use the term "senior debt" we mean the principal, premium, if any, and interest on debt, whether incurred on, prior to or after the date of the junior subordinated indenture, unless the instrument creating or evidencing that debt or pursuant to which that debt is outstanding states that those obligations are not superior in right of payment to the junior subordinated debentures or to other debt which ranks equally with, or junior to, the junior subordinated debentures. Interest on this senior debt includes interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to The Hartford Financial Services Group, Inc., whether or not the claim for post-petition interest is allowed in that proceeding.

However, senior debt will not include:

- any debt of The Hartford Financial Services Group, Inc. which when incurred and without regard to any election under Section 1111(b) of the Bankruptcy Code, was without recourse to The Hartford Financial Services Group, Inc.,
- any debt of The Hartford Financial Services Group, Inc. to any of its subsidiaries,
- debt to any employee of The Hartford Financial Services Group, Inc.,
- any liability for taxes,
- indebtedness or monetary obligations to trade creditors or assumed by The Hartford Financial Services Group, Inc. or any of its subsidiaries in the ordinary course of business in connection with the obtaining of materials or services, and
- any other junior subordinated debentures issued pursuant to the Junior

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

Subordinated Indenture, dated as of February 28, 1996 and the Junior Subordinated Indenture, dated as of October 30, 1996.

We are a non-operating holding company, and most of our assets are owned by our subsidiaries. Accordingly, the junior subordinated debentures will be effectively subordinated to all existing and future liabilities of our subsidiaries, including liabilities under contracts of insurance and annuities written by our insurance subsidiaries. You should rely only on our assets for payments of interest and principal and premium, if any. The payment of dividends by our insurance company subsidiaries is limited under the insurance holding company laws in the jurisdictions where those subsidiaries are domiciled. See "The Hartford Financial Services Group, Inc."

The junior subordinated indenture does not limit the amount of additional senior debt that we may incur. We expect from time to time to incur additional senior debt.

26

The indenture provides that we may change the subordination provisions relating to any particular issue of junior subordinated debentures prior to issuance. We will describe any change in the prospectus supplement relating to the junior subordinated debentures.

GOVERNING LAW

The junior subordinated indenture and the junior subordinated debentures will be governed by and construed in accordance with the laws of the State of New York.

INFORMATION CONCERNING THE DEBENTURE TRUSTEE

The debenture trustee will have all the duties and responsibilities of an indenture trustee specified in the Trust Indenture Act. Subject to those provisions, the debenture trustee is not required to exercise any of its powers under the junior subordinated indenture at your request, unless you offer reasonable indemnity against the costs, expenses and liabilities which the trustee might incur. The debenture trustee is not required to expend or risk its own funds or incur personal financial liability in performing its duties if the debenture trustee reasonably believes that it is not reasonably assured of repayment or adequate indemnity.

DESCRIPTION OF CAPITAL STOCK OF THE HARTFORD FINANCIAL SERVICES GROUP, INC.

AUTHORIZED AND OUTSTANDING CAPITAL STOCK

Our Amended and Restated Certificate of Incorporation, as amended effective May 1, 2002, provides that our authorized capital stock is 800,000,000 shares. These shares consist of:

- 50,000,000 shares of preferred stock, par value \$.01 per share, of which 300,000 shares have been designated as Series A Participating Cumulative Preferred Stock; and
- 750,000,000 shares of common stock, par value \$.01 per share.

As of March 31, 2003, we had 255,441,328 outstanding shares of common stock. Holders of common stock have received a right entitling them, when the right becomes exercisable, to purchase shares of Series A Participating Cumulative Preferred Stock. See "-- Rights Agreement." No shares of preferred stock are currently outstanding.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

No holders of any class of our capital stock are entitled to preemptive rights except as may be agreed from time to time by us and any such holders.

In general, the classes of authorized capital stock are afforded preferences in relation to dividends and liquidation rights in the order listed above. Our board of directors is empowered, without approval of our stockholders, to cause the preferred stock to be issued in one or more classes or series, or both, with the numbers of shares of each class or series and the rights, preferences and limitations of each class or series to be determined by it. The specific matters that may be determined by our board of directors include the dividend rights, voting rights, redemption rights, liquidation preferences, conversion and exchange rights, retirement and sinking fund provisions and other rights, qualifications, limitations and restrictions of any wholly unissued series of preferred stock, or of the entire class of preferred stock if none of the shares have been issued, the number of shares constituting that series and the terms and conditions of the issue of the shares.

The following description of our capital stock is a summary. It summarizes only those aspects of our capital stock which we believe will be most important to your decision to invest in our capital stock. You should keep in mind, however, that it is our Amended and Restated Certificate of Incorporation and our Amended and Restated By-Laws, and the Delaware General Corporation Law, and not this summary, which define your rights as a securityholder. There may be other provisions in these documents which are also important to you. You should read these documents for a full description

27

of the terms of our capital stock. Our Amended and Restated Certificate of Incorporation and our Amended and Restated By-Laws are incorporated by reference as exhibits to the Registration Statement that includes this prospectus. See "Where You Can Find More Information" for information on how to obtain copies of these documents.

COMMON STOCK

Subject to any preferential rights of any preferred stock created by our board of directors, as a holder of our common stock you are entitled to dividends as our board of directors may declare from time to time out of funds that we can legally use to pay dividends. The holders of common stock possess exclusive voting rights, except to the extent provided by law and to the extent our board of directors specifies voting power for any preferred stock that is issued.

As a holder of our common stock, you are entitled to one vote for each share of common stock and do not have any right to cumulate votes in the election of directors. In the event of our liquidation, dissolution or winding-up, you will be entitled to receive on a proportionate basis any assets remaining after provision for payment of creditors and after payment or provision for payment of any liquidation preferences to holders of preferred stock. Our common stock is listed on the New York Stock Exchange under the symbol "HIG."

The transfer agent and registrar for our common stock is The Bank of New York.

PREFERRED STOCK

We will describe the particular terms of any series of preferred stock in the prospectus supplement relating to the offering.

We will fix or designate the rights, preferences, privileges and restrictions, including dividend rights, voting rights, terms of redemption, retirement and sinking fund provisions and liquidation preferences, if any, of a series of

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

preferred stock through a certificate of designation adopted by our board of directors or a duly authorized committee of our board of directors. We will describe the terms, if any, on which shares of any series of preferred stock are convertible or exchangeable into common stock in the prospectus supplement relating to the offering. The conversion or exchange may be mandatory, at your option or at our option. The applicable prospectus supplement will state the manner in which the shares of common stock that you will receive as a holder of preferred stock would be converted or exchanged.

On October 10, 1995, our board of directors declared a dividend of rights to holders of record of our common stock outstanding as of the close of business on December 19, 1995, with respect to common stock issued after that date until the distribution date, and, in certain circumstances, with respect to common stock issued after the distribution date. When those rights become exercisable, holders of the rights will be entitled to purchase shares of Series A Participating Cumulative Preferred Stock. See "-- Rights Agreement."

PROVISIONS OF OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AND AMENDED AND RESTATED BY-LAWS THAT MAY DELAY OR MAKE MORE DIFFICULT UNSOLICITED ACQUISITIONS OR CHANGES OF OUR CONTROL

Some provisions of our Amended and Restated Certificate of Incorporation and Amended and Restated By-Laws may delay or make more difficult unsolicited acquisitions or changes of our control. We believe that these provisions will enable us to develop our business in a manner that will foster long-term growth without disruption caused by the threat of a takeover not thought by our board of directors to be in our best interest and the best interests of our stockholders.

Those provisions could have the effect of discouraging third parties from making proposals involving an unsolicited acquisition or change of control of our company, although the proposals, if made, might be considered desirable by a majority of our stockholders. Those provisions may also have the

28

effect of making it more difficult for third parties to cause the replacement of our current management without the concurrence of our board of directors.

These provisions include:

- the availability of capital stock for issuance from time to time at the discretion of our board of directors (see "-- Authorized and Outstanding Capital Stock" and "-- Preferred Stock"),
- prohibitions against stockholders calling a special meeting of stockholders or acting by written consent instead of at a meeting,
- requirements for advance notice for raising business or making nominations at stockholders' meetings, and
- the ability of our board of directors to increase the size of the board and to appoint directors to fill newly created directorships.

NO STOCKHOLDER ACTION BY WRITTEN CONSENT; SPECIAL MEETINGS

Our Amended and Restated Certificate of Incorporation and Amended and Restated By-Laws provide that stockholder action can be taken only at an annual or special meeting and cannot be taken by written consent. Our Amended and Restated Certificate of Incorporation and Amended and Restated By-Laws also provide that special meetings of stockholders can be called only by the chairman of our board

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

of directors or by a vote of the majority of the entire board of directors. Furthermore, our Amended and Restated By-Laws provide that only such business as is specified in the notice of any special meeting of stockholders may come before the meeting.

ADVANCE NOTICE FOR RAISING BUSINESS OR MAKING NOMINATIONS AT MEETINGS

Our Amended and Restated By-Laws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of stockholders and for nominations by stockholders of candidates for election as directors at an annual or special meeting at which directors are to be elected. The only business that may be conducted at an annual meeting of stockholders is the election of members of the board of directors for the succeeding year and business that has been specified in the notice of the meeting given by or at the direction of the board of directors or otherwise brought before the meeting by, or at the direction of, the board of directors, or by a stockholder who has given to the secretary of the company timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Only persons who are nominated by, or at the direction of, the board of directors, or who are nominated by a stockholder who has given timely written notice, in proper form, to the secretary prior to a meeting at which directors are to be elected will be eligible for election as directors.

To be timely, notice of business to be brought before an annual meeting or nominations of candidates for election as directors at an annual meeting must be given by a stockholder to the company's secretary not later than 90 days prior to the anniversary date for the immediately preceding annual meeting, or not more than 10 days after the first public disclosure of the originally scheduled date of the annual meeting, whichever is earlier.

Similarly, notice of nominations to be brought before a special meeting of stockholders for the election of directors must be delivered to the secretary no later than the close of business on the seventh day following the date on which notice of the date of the special meeting of stockholders is given.

The notice of any nomination for election as a director is required to state:

- the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated,

29

- a representation that the stockholder is a holder of record of stock entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice,
- a description of all arrangements or understandings relating to the nomination between the stockholder and each nominee and any other person or persons, naming those persons,
- all other information regarding each nominee proposed by the stockholder that would have been required to be included in a proxy statement filed under the proxy rules of the Securities and Exchange Commission had each nominee been nominated, or intended to be nominated, by our board of directors,
- the consent of each nominee to serve as a director if so elected, and
- if applicable, a representation that the stockholder intends to solicit proxies in support of each nominee.

NUMBER OF DIRECTORS; FILLING OF VACANCIES

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

Our Amended and Restated By-Laws provide that newly created directorships resulting from any increase in the authorized number of directors, or any vacancy, may be filled by a vote of a majority of directors then in office, subject to the requirement in the Amended and Restated By-Laws that the majority of directors holding office immediately after the election must be "independent directors," as defined in the Amended and Restated By-Laws. Accordingly, our board of directors may be able to prevent any stockholder from obtaining majority representation on the board of directors by increasing the size of the board and filling the newly created directorships with its own nominees.

RIGHTS AGREEMENT

THE HARTFORD FINANCIAL SERVICES GROUP, INC. RIGHTS

On October 10, 1995, our board of directors declared a dividend of one right for each share of common stock outstanding as of the close of business on December 19, 1995, with respect to common stock issued after that date until the distribution date, and, in certain circumstances, with respect to common stock issued after the distribution date.

On May 21, 1998, our board of directors declared a two-for-one stock split effected in the form of a 100% stock dividend distributed on July 15, 1998 to stockholders of record as of June 24, 1998. Before our board of directors declared the two-for-one stock split, each right entitled the registered holder to purchase from us, when it became exercisable, one one-thousandth (1/1000th) of a share of Series A Participating Cumulative Preferred Stock, at a price of \$220, subject to adjustment in specific circumstances. As a result of the stock split, the terms of the rights were adjusted so that the holder of a right may purchase from us, when the right becomes exercisable, one two-thousandth (1/2000th) of a share of Series A Participating Cumulative Preferred Stock, at a price of \$110, subject to adjustment in specific circumstances.

Each right is subject to redemption at a price of \$.005 per share. The terms of the rights are described in the rights agreement, dated as of November 1, 1995, between us and The Bank of New York, as rights agent. The rights will not be exercisable until the distribution date and will expire on November 1, 2005, unless earlier redeemed by us as described below. Until a right is exercised, the holder of the right will not as a result of holding that right have rights as a stockholder of our company including the right to vote or to receive dividends with respect to the rights or the Series A Participating Cumulative Preferred Stock relating to the right.

The following description of the terms of the rights is a summary. It summarizes only those terms of the rights which we believe will be most important to your decision to invest in our common stock. You should keep in mind, however, that it is the rights agreement, and not this summary, which defines your rights as a holder of our rights. There may be other provisions in the rights agreement

30

which are also important to you. You should read the rights agreement for a full description of the terms of the rights. The rights agreement is filed as an exhibit to the Registration Statement that includes this prospectus. See "Where You Can Find More Information" for information on how to obtain a copy of the rights agreement.

DISTRIBUTION DATE

Under the rights agreement, the distribution date is the earlier of:

- the time that we learn that a person or group, including any affiliate or

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

associate of the person or group, has acquired, or has obtained the right to acquire, beneficial ownership of more than 15% of the outstanding shares of our common stock (we refer to that person or group as an "acquiring person"), unless provisions preventing accidental triggering of the distribution of the rights apply, and

- the close of business on the date, if any, that may be designated by our board of directors following the commencement of, or first public disclosure of an intent to commence, a tender or exchange offer for more than 15% or more of the outstanding shares of our common stock.

A person or group, or any affiliate or associate of the person or group, however, that inadvertently acquires more than 15% of the outstanding shares of our common stock will not be deemed to be an acquiring person provided that person or group reduces its percentage of beneficial ownership to less than 15% of the outstanding shares of our common stock by the close of business on the fifth business day after notice from us that that person's or group's ownership interest exceeds 15% of the outstanding shares of our common stock. That person or group will be deemed to be an acquiring person at the end of that five business day period absent such reduction.

EVIDENCE OF RIGHTS

Until the distribution date, the rights will be evidenced by the certificates for common stock rather than separate right certificates. Therefore, from the issuance date until the distribution date, you will be able to transfer the rights only with the common stock and each transfer of common stock will also transfer the associated rights. As soon as practicable following the distribution date, we will mail separate certificates evidencing the rights to holders of record of the common stock as of the close of business on the distribution date, and to each initial record holder of common stock originally issued after the distribution date. These separate certificates alone will then evidence the rights.

ADJUSTMENTS

The number of shares of Series A Participating Cumulative Preferred Stock or other securities that we will issue upon exercise of the rights, the purchase price, the redemption price and the number of rights associated with each share of common stock are all subject to adjustment from time to time if there is any change in the common stock or the Series A Participating Cumulative Preferred Stock. An adjustment may be made as a result of stock dividends, stock splits, recapitalizations, mergers, consolidations, combinations or exchanges of securities, split-ups, split-offs, spin-offs, liquidations, other similar changes in capitalization or any distribution or issuance of cash, assets, evidences of indebtedness or subscription rights, options or warrants to holders of common stock or Series A Participating Cumulative Preferred Stock.

We may, but we are not required to, issue fractions of rights or distribute right certificates which evidence fractional rights. Instead of issuing fractional rights, we may make a cash payment based on the market price of those rights. In addition, we may, but we are not required to, issue fractions of shares upon the exercise of the rights or distribute certificates which evidence fractional shares of Series A Participating Cumulative Preferred Stock. Instead of fractional shares of Series A Participating Cumulative Preferred Stock, we may utilize a depository arrangement as provided by the terms of the Series A Participating Cumulative Preferred Stock and, for fractions other than one

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

Preferred Stock or integral multiples, may make a cash payment based on the market price of those shares.

TRIGGERING EVENT AND EFFECT OF TRIGGERING EVENT

Any time there is an acquiring person, the rights will entitle you, provided you are not the acquiring person, to purchase, for the purchase price of the rights, that number of one two-thousandths of a share of Series A Participating Cumulative Preferred Stock equivalent to the number of shares of common stock which at the time of that event would have a market value of twice the purchase price.

If we are acquired in a merger or other business combination by an acquiring person or an affiliate or associate of an acquiring person that is a publicly traded corporation, or 50% or more of our assets or assets representing 50% or more of our revenues or cash flow are sold, leased, exchanged or otherwise transferred in one or more transactions to an acquiring person or an affiliate or associate of an acquiring person that is not a publicly traded corporation, each right will entitle you, subject to the next paragraph, to purchase, for the purchase price of the right, that number of common shares of that corporation which at the time of the transaction would have a market value of twice the purchase price. If we are acquired in a merger or other business combination by an acquiring person or an affiliate or associate of an acquiring person that is not a publicly traded entity or 50% or more of our assets or assets representing 50% or more of our revenues or cash flow are sold, leased, exchanged or otherwise transferred in one or more transactions to an acquiring person or an affiliate or associate of an acquiring person that is not a publicly traded entity, each right will entitle you, subject to the next paragraph, to purchase, for the purchase price of the right, at your option:

- that number of shares of the surviving corporation which at the time of the transaction would have a book value of twice the purchase price,
- that number of shares of that entity which at the time of the transaction would have a book value of twice the purchase price, or
- if that entity has an affiliate which has publicly traded common shares, that number of common shares of that affiliate which at the time of the transaction would have market value of twice the purchase price.

Any rights that are at any time beneficially owned by an acquiring person, or any affiliate or associate of an acquiring person, will be null and void and nontransferable. Any holder of that right, including any purported transferee or subsequent holder, will be unable to exercise or transfer the right.

REDEMPTION

At any time prior to the earlier of:

- the time a person or group becomes an acquiring person, and
- November 1, 2005,

our board of directors may redeem the rights in whole, but not in part, at a price, which we refer to in this prospectus as the "redemption price," in cash or common stock or other securities deemed by our board of directors to be at least equivalent in value to \$.005 per right. This amount is subject to adjustment as provided in the rights agreement. Immediately upon the action of our board of directors ordering the redemption of the rights, and without any further action and without any notice, your right to exercise the rights will terminate and your only right as a holder of rights will be to receive the redemption price. Within 10 business days after the action of our board of

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

directors ordering the redemption of the rights, we will give notice of the redemption to the holders of the then

32

outstanding rights by mail. We will state the method by which we will pay the redemption price in the notice of redemption.

In addition, at any time after there is an acquiring person, our board of directors may elect to exchange each right, other than rights that have become null and void and nontransferable as described above, for a consideration per right consisting of one-half of the securities that would be issuable at that time upon exercise of one right.

AMENDMENT

At any time prior to the distribution date, we may, without your approval, supplement or amend any provision of the rights agreement, including, without limitation, the distribution date, the definition of acquiring person, the time during which the rights may be redeemed or the terms of the Series A Participating Cumulative Preferred Stock. However, we will not supplement or amend the rights agreement to reduce the redemption price or provide for an earlier expiration date. After the distribution date and subject to applicable law, we may amend the rights agreement without your approval only:

- to cure any ambiguity or to correct or supplement any provision contained in the rights agreement which may be defective or inconsistent with any other provision of the rights agreement, or
- to make any other provision which we may deem necessary or desirable and which will not adversely affect the interests of the holders of right certificates.

Any supplement or amendment adopted during any period after any person or group has become an acquiring person but prior to the distribution date will be null and void unless that supplement or amendment could have been adopted under the prior sentence after the distribution date.

EFFECT OF THE RIGHTS AGREEMENT

The rights agreement is designed to protect you in the event of unsolicited offers to acquire us and other coercive takeover tactics which, in the opinion of our board of directors, could impair our ability to represent your interests. The provisions of the rights agreement may render an unsolicited takeover more difficult or less likely to occur or might prevent such a takeover, even though that takeover may offer you the opportunity to sell your stock at a price above the prevailing market rate and may be favored by a majority of our stockholders.

RESTRICTIONS ON OWNERSHIP UNDER INSURANCE LAWS

State insurance laws could be a significant deterrent to any person interested in acquiring control of our company. The insurance holding company laws of each of the jurisdictions in which our insurance subsidiaries are incorporated or commercially domiciled, as well as state corporation laws, govern any acquisition of control of our insurance subsidiaries or of our company. In general, these laws provide that no person or entity may directly or indirectly acquire control of an insurance company unless that person or entity has received the prior approval of the insurance regulatory authorities. An acquisition of control would be presumed in the case of any person or entity who purchases 10% or more of our outstanding common stock, or 5% or more, in the case of the Florida insurance holding company laws, unless the applicable insurance regulatory authorities determine otherwise.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

DELAWARE GENERAL CORPORATION LAW

The terms of Section 203 of the Delaware General Corporation Law apply to us since we are a Delaware corporation. Under Section 203, with some exceptions, a Delaware corporation may not engage in a broad range of business combinations, such as mergers, consolidations and sales of

33

assets, with an "interested stockholder," for a period of three years from the date that person became an interested stockholder unless:

- the transaction or the business combination that results in a person becoming an interested stockholder is approved by the board of directors of the corporation before the person becomes an interested stockholder,
- upon consummation of the transaction which results in the stockholder becoming an interested stockholder, the interested stockholder owns 85% or more of the voting stock of the corporation outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers and shares owned by certain employee stock plans, or
- on or after the date the person becomes an interested stockholder, the business combination is approved by the corporation's board of directors and by holders of at least two-thirds of the corporation's outstanding voting stock, excluding shares owned by the interested stockholder, at a meeting of stockholders.

Under Section 203, an "interested stockholder" is defined as any person (or the affiliates or associates of such person), other than the corporation and any direct or indirect majority-owned subsidiary, that is:

- the owner of 15% or more of the outstanding voting stock of the corporation, or
- an affiliate or associate of the corporation and was the owner of 15% or more of the outstanding voting stock of the corporation at any time within the three-year period immediately prior to the date on which it is sought to be determined whether the person is an interested stockholder.

Section 203 does not apply to a corporation that so provides in an amendment to its certificate of incorporation or by-laws passed by a majority of its outstanding shares at any time. This stockholder action does not become effective for 12 months following its adoption and would not apply to persons who were already interested stockholders at the time of the amendment. Our Amended and Restated Certificate of Incorporation does not exclude us from the restrictions imposed under Section 203.

Section 203 makes it more difficult for a person who would be an interested stockholder to effect business combinations with a corporation for a three-year period, although the stockholders may elect to exclude a corporation from the restrictions imposed. The provisions of Section 203 may encourage companies interested in acquiring us to negotiate in advance with our board of directors, because the stockholder approval requirement would be avoided if a majority of the directors then in office approve either the business combination or the transaction which results in the stockholder becoming an interested stockholder. These provisions also may have the effect of preventing changes in our management. It is further possible that these provisions could make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interest.

DESCRIPTION OF DEPOSITARY SHARES

GENERAL TERMS

We may elect to offer depositary shares representing receipts for fractional interests in debt securities or preferred stock. In this case, we will issue receipts for depositary shares, each of which will represent a fraction of a debt security or share of a particular series of preferred stock, as the case may be.

We will deposit the debt securities or shares of any series of preferred stock represented by depositary shares under a deposit agreement between us and a depositary which we will name in the applicable prospectus supplement. Subject to the terms of the deposit agreement, as an owner of a depositary share you will be entitled, in proportion to the applicable fraction of a debt security or

34

share of preferred stock represented by the depositary share, to all the rights and preferences of the debt security or preferred stock, as the case may be, represented by the depositary share, including, as the case may be, interest, dividend, voting, conversion, redemption, sinking fund, repayment at maturity, subscription and liquidation rights.

The following description of the terms of the deposit agreement is a summary. It summarizes only those terms of the deposit agreement that we believe will be most important to your decision to invest in our depositary shares. You should keep in mind, however, that it is the deposit agreement, and not this summary, which defines your rights as a holder of depositary shares. There may be other provisions in the deposit agreement that are also important to you. You should read the deposit agreement for a full description of the terms of the depositary shares. The form of the deposit agreement is filed as an exhibit to the Registration Statement that includes this prospectus. See "Where You Can Find More Information" for information on how to obtain a copy of the deposit agreement.

INTEREST, DIVIDENDS AND OTHER DISTRIBUTIONS

The depositary will distribute all payments of interest, cash dividends or other cash distributions received on the debt securities or preferred stock, as the case may be, to you in proportion to the number of depositary shares that you own.

In the event of a distribution other than in cash, the depositary will distribute property received by it to you in an equitable manner, unless the depositary determines that it is not feasible to make a distribution. In that case the depositary may sell the property and distribute the net proceeds from the sale to you.

REDEMPTION OF DEPOSITARY SHARES

If we redeem a debt security or series of preferred stock represented by depositary shares, the depositary will redeem your depositary shares from the proceeds received by the depositary resulting from the redemption. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per debt security or share of preferred stock, as the case may be, payable in relation to the redeemed series of debt securities or preferred stock. Whenever we redeem debt securities or shares of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing, as the case may be, the debt

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

securities or shares of preferred stock redeemed. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot, proportionately or by any other equitable method as the depositary may determine.

EXERCISE OF RIGHTS UNDER THE INDENTURES OR VOTING THE PREFERRED STOCK

Upon receipt of notice of any meeting at which you are entitled to vote, or of any request for instructions or directions from you as holder of debt securities, the depositary will mail to you the information contained in that notice. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary how to give instructions or directions with respect to the debt securities represented by that holder's depositary shares or how to vote the amount of the preferred stock represented by that holder's depositary shares. The record date for the depositary shares will be the same date as the record date for the debt securities or preferred stock, as the case may be. The depositary will endeavor, to the extent practicable, to give instructions or directions with respect to the debt securities or to vote the amount of the preferred stock, as the case may be, represented by the depositary shares in accordance with those instructions. We will agree to take all reasonable action which the depositary may deem necessary to enable the depositary to do so. The depositary will abstain from giving instructions or directions with respect to the debt securities or voting shares of the preferred stock, as the case may be, if it does not receive specific instructions from you.

35

AMENDMENT AND TERMINATION OF THE DEPOSIT AGREEMENT

We and the depositary may amend the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement at any time. However, any amendment which materially and adversely alters the rights of the holders of the depositary shares will not be effective unless the amendment has been approved by the holders of at least a majority of the depositary shares then outstanding.

The deposit agreement will terminate if:

- all outstanding depositary shares have been redeemed, or
- there has been a complete repayment or redemption of the debt securities or a final distribution in respect of the preferred stock, including in connection with our liquidation, dissolution or winding up, and the repayment, redemption or distribution proceeds, as the case may be, have been distributed to you.

RESIGNATION AND REMOVAL OF DEPOSITARY

The depositary may resign at any time by delivering to us notice of its election to do so. We also may, at any time, remove the depositary. Any resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of such appointment. We must appoint the successor depositary within 60 days after delivery of the notice of resignation or removal. The successor depositary must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

CHARGES OF DEPOSITARY

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the depositary in connection with the initial deposit of the debt securities or

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

preferred stock, as the case may be, and issuance of depositary receipts, all withdrawals of shares of debt securities or preferred stock, as the case may be, by you and any repayment or redemption of the debt securities or preferred stock, as the case may be. You will pay other transfer and other taxes and governmental charges, as well as the other charges that are expressly provided in the deposit agreement to be for your account.

MISCELLANEOUS

The depositary will forward all reports and communications from us which are delivered to the depositary and which we are required or otherwise determine to furnish to holders of debt securities or preferred stock, as the case may be.

Neither we nor the depositary will be liable under the deposit agreement to you other than for the depositary's gross negligence, willful misconduct or bad faith. Neither we nor the depositary will be obligated to prosecute or defend any legal proceedings relating to any depositary shares, debt securities or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, or upon information provided by persons presenting debt securities or shares of preferred stock for deposit, you or other persons believed to be competent and on documents which we and the depositary believe to be genuine.

DESCRIPTION OF WARRANTS

We may issue warrants, including warrants to purchase debt securities, preferred stock, common stock or other of our securities. We may issue warrants independently or together with any other securities, and they may be attached to or separate from those securities. We will issue the warrants under warrant agreements between us and a bank or trust company, as warrant agent, that we will describe in the prospectus supplement relating to the warrants that we offer.

36

The following description of the terms of the warrants is a summary. It summarizes only those terms of the warrants and the warrant agreement which we believe will be most important to your decision to invest in our warrants. You should keep in mind, however, that it is the warrant agreement and the warrant certificate relating to the warrants, and not this summary, which defines your rights as a warrant holder. There may be other provisions in the warrant agreement and the warrant certificate relating to the warrants which are also important to you. You should read these documents for a full description of the terms of the warrants. Forms of these documents are filed as exhibits to the Registration Statement that includes this prospectus. See "Where You Can Find More Information" for information on how to obtain copies of these documents.

DEBT WARRANTS

We will describe in the applicable prospectus supplement the terms of warrants to purchase debt securities that we may offer, the warrant agreement relating to the debt warrants and the warrant certificates representing the debt warrants. These terms will include the following:

- the title of the debt warrants,
- the debt securities for which the debt warrants are exercisable,
- the aggregate number of the debt warrants,
- the principal amount of debt securities that you may purchase upon exercise of each debt warrant, and the price or prices at which we will issue the debt

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

warrants,

- the procedures and conditions relating to the exercise of the debt warrants,
- the designation and terms of any related debt securities issued with the debt warrants, and the number of debt warrants issued with each debt security,
- the date, if any, from which you may separately transfer the debt warrants and the related securities,
- the date on which your right to exercise the debt warrants commences, and the date on which your right expires,
- the maximum or minimum number of the debt warrants which you may exercise at any time,
- if applicable, a discussion of material United States federal income tax considerations,
- any other terms of the debt warrants and terms, procedures and limitations relating to your exercise of the debt warrants, and
- the terms of the securities you may purchase upon exercise of the debt warrants.

We will also describe in the applicable prospectus supplement any provisions for a change in the exercise price or expiration date of the warrants and the kind, frequency and timing of any notice to be given. You may exchange debt warrant certificates for new debt warrant certificates of different denominations and may exercise debt warrants at the corporate trust office of the warrant agent or any other office that we indicate in the applicable prospectus supplement. Prior to exercise, you will not have any of the rights of holders of the debt securities purchasable upon that exercise and will not be entitled to payments of principal, premium, if any, or interest on the debt securities purchasable upon the exercise.

OTHER WARRANTS

We may issue other warrants. We will describe in the applicable prospectus supplement the following terms of those warrants:

- the title of the warrants,

37

- the securities, which may include preferred stock or common stock, for which you may exercise the warrants,
- the aggregate number of the warrants,
- the number of securities that you may purchase upon exercise of each warrant, and the price or prices at which we will issue the warrants,
- the procedures and conditions relating to the exercise of the warrants,
- the designation and terms of any related securities issued with the warrants, and the number of warrants issued with each security,
- the date, if any, from which you may separately transfer the warrants and the related securities,

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

- the date on which your right to exercise the warrants commences, and the date on which your right expires,
- the maximum or minimum number of warrants which you may exercise at any time,
- if applicable, a discussion of material United States federal income tax considerations, and
- any other terms of the warrants, including terms, procedures and limitations relating to your exchange and exercise of the warrants.

We will also describe in the applicable prospectus supplement any provisions for a change in the exercise price or the expiration date of the warrants and the kind, frequency and timing of any notice to be given. You may exchange warrant certificates for new warrant certificates of different denominations and may exercise warrants at the corporate trust office of the warrant agent or any other office that we indicate in the applicable prospectus supplement. Prior to the exercise of your warrants, you will not have any of the rights of holders of the preferred stock, common stock or other securities purchasable upon that exercise and will not be entitled to dividend payments, if any, or voting rights of the preferred stock, common stock or other securities purchasable upon the exercise.

EXERCISE OF WARRANTS

We will describe in the prospectus supplement relating to the warrants the principal amount or the number of our securities that you may purchase for cash upon exercise of a warrant, and the exercise price. You may exercise a warrant as described in the prospectus supplement relating to the warrants at any time up to the close of business on the expiration date stated in the prospectus supplement. Unexercised warrants will become void after the close of business on the expiration date, or any later expiration date that we determine.

We will forward the securities purchasable upon the exercise as soon as practicable after receipt of payment and the properly completed and executed warrant certificate at the corporate trust office of the warrant agent or other office stated in the applicable prospectus supplement. If you exercise less than all of the warrants represented by the warrant certificate, we will issue you a new warrant certificate for the remaining warrants.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating you to purchase from us, and for us to sell to you, a specific number of shares of common stock or preferred stock, or other property, at a future date or dates. The price per share of preferred stock or common stock may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula described in the stock purchase contracts. We may issue stock purchase contracts separately or as a part of units each consisting of a stock purchase contract and debt securities, trust preferred securities, depository shares representing fractional interests in debt securities or shares of preferred stock, or debt obligations of third parties, including U.S. Treasury securities,

38

securing your obligations to purchase the preferred stock or the common stock, or other property, under the stock purchase contract. The stock purchase contracts may require us to make periodic payments to you or vice versa and the payments may be unsecured or prefunded on some basis. The stock purchase contracts may require you to secure your obligations in a specified manner. We will describe in the applicable prospectus supplement the terms of any stock

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

purchase contracts or stock purchase units.

DESCRIPTION OF PREFERRED SECURITIES

The trustees of each trust will issue preferred securities and common securities of the trust. The preferred securities will represent preferred undivided beneficial interests in the assets of the related trust. As a holder of trust preferred securities, you will generally be entitled to a preference with respect to distributions and amounts payable on redemption or liquidation over the common securities of the trust, as well as other benefits as described in the corresponding trust agreement. Each of the trusts is a legally separate entity and the assets of one are not available to satisfy the obligations of any of the others.

The following description of the terms of the form of trust agreement is a summary. It summarizes only those portions of the form of trust agreement which we believe will be most important to your decision to invest in the preferred securities. You should keep in mind, however, that it is the trust agreement, and not this summary, which defines your rights as a holder. There may be other provisions in the trust agreement which are also important to you. You should read the form of trust agreement itself for a full description of the terms of the preferred securities. The form of trust agreement is filed as an exhibit to the Registration Statement. See "Where You Can Find More Information" for information on how to obtain a copy of the trust agreement.

RANKING OF PREFERRED SECURITIES

The preferred securities of a trust will rank equally, and we will make payments proportionately, with the common securities of the trust except as described under "-- Subordination of Common Securities." The preferred securities of each trust represent preferred undivided beneficial interests in the assets of the trust. The property trustee will hold legal title to the corresponding junior subordinated debentures in trust for the benefit of the holders of the related preferred securities and common securities.

Each guarantee agreement that we execute for your benefit, as a holder of preferred securities of a trust, will be a guarantee on a subordinated basis with respect to the related preferred securities. However, our guarantee will not guarantee payment of distributions or amounts payable on redemption or liquidation of the preferred securities when the related trust does not have funds on hand available to make such payments. See "Description of Guarantee."

DISTRIBUTIONS ON THE PREFERRED SECURITIES

The trust will pay the distributions on the preferred securities and common securities at a rate specified in the prospectus supplement.

The amount of distributions the trust must pay for any period will be computed on the basis of a 360-day year of twelve 30-day months unless we otherwise specify in the applicable prospectus supplement. Distributions that are in arrears may bear interest at the rate per annum specified in the applicable prospectus supplement. The term "distributions" as we use it in this prospectus includes any additional amounts provided in the corresponding trust agreement.

Distributions on the preferred securities will be cumulative, will accrue from the date of original issuance and will be payable on the dates specified in the applicable prospectus supplement. If any date on which distributions are payable on the preferred securities is not a business day, the trust will instead make the payment on the next succeeding day that is a business day, and without any

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

interest or other payment on account of the delay. However, if that business day is in the next succeeding calendar year, the trust will make the payment on the immediately preceding business day. In each case payment will be made with the same force and effect as if made on the date the payment was originally due. When we use the term "business day" in this prospectus, we mean any day other than a Saturday or a Sunday, or a day on which banking institutions in the City of New York are authorized or required by law or executive order to remain closed or a day on which the corporate trust office of the property trustee or the debenture trustee is closed for business.

If provided in the applicable prospectus supplement, we have the right under the junior subordinated indenture, the contract that provides the terms for the corresponding junior subordinated debentures, to extend the interest payment period for a specified number of periods. However, we may not extend these interest payments beyond the maturity of the junior subordinated debentures. As a consequence of any extension, distributions on the corresponding preferred securities would be deferred by the trust during the extension period. These distributions would continue to accumulate additional distributions at the rate per annum set forth in the prospectus supplement.

If we exercise this right, during the extension period we and our subsidiaries may not:

- declare or pay any dividends or distributions on, or redeem, purchase, acquire or make a liquidation payment on, any of our capital stock, or
- make any payment of principal, premium, if any, or interest on or repay, repurchase or redeem any debt securities that rank equally with or junior in interest to the corresponding junior subordinated debentures or make any related guarantee payments,

other than:

- dividends or distributions on our common stock,
- redemptions or purchases of any rights pursuant to our rights plan, or any successor to our rights plan, and the declaration of a dividend of these rights in the future, and
- payments under any guarantee.

We anticipate that the revenue of each trust available for distribution to you, as a holder of preferred securities, will be limited to payments under the corresponding junior subordinated debentures in which the trust will invest the proceeds from the issuance and sale of its preferred securities and its common securities. See "Description of Corresponding Junior Subordinated Debentures."

If we do not make interest payments on the corresponding junior subordinated debentures, the property trustee will not have funds available to pay distributions on the corresponding preferred securities. The payment of distributions, if and to the extent the trust has funds legally available for the payment of these distributions is guaranteed by us on a limited basis as set forth under "Description of Guarantee."

The trust will pay distributions on the preferred securities to you provided you are entered in the register of the trust on the relevant record dates. As long as the preferred securities remain in book-entry form, the record date will be one business day prior to the relevant distribution date. If any preferred securities are not in book-entry form, the record date for the preferred securities will be the date 15 days prior to the relevant distribution date.

REDEMPTION

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

REDEMPTION ON A REPAYMENT OR REDEMPTION OF THE CORRESPONDING JUNIOR SUBORDINATED DEBENTURES

Upon the repayment or redemption, in whole or in part, of any corresponding junior subordinated debentures, the property trustee must apply the proceeds from that repayment or redemption to redeem a like amount of the corresponding preferred securities. This redemption must be made

40

upon not less than 30 nor more than 60 days notice to you. The redemption price will be equal to the aggregate liquidation preference of the preferred securities, plus accumulated and unpaid distributions on the preferred securities to the date of redemption and the related amount of any premium paid by us upon the concurrent redemption of the corresponding junior subordinated debentures. See "Description of Corresponding Junior Subordinated Debentures -- Optional Redemption."

If less than all of any series of corresponding junior subordinated debentures are repaid or redeemed, then the proceeds from the repayment or redemption will be allocated to redeem a proportionate amount of each of the preferred securities and the common securities. The amount of premium, if any, paid by us upon the redemption of all or any part of any series of any corresponding junior subordinated debentures repaid or redeemed will be allocated proportionately to the redemption of the preferred securities and the common securities.

We must repay the principal of the corresponding junior subordinated debentures when they are due. In addition, we will have the right to redeem any series of corresponding junior subordinated debentures:

- in whole or in part, subject to the conditions we describe under "Description of Corresponding Junior Subordinated Debentures -- Optional Redemption,"
- at any time, in whole, but not in part, upon the occurrence of a tax event or an investment company event, each as defined below, and subject to the further conditions we describe under "Description of Corresponding Junior Subordinated Debentures -- Optional Redemption," or
- as we may otherwise specify in the applicable prospectus supplement.

REDEMPTION OR DISTRIBUTION UPON THE OCCURRENCE OF A TAX EVENT OR AN INVESTMENT COMPANY EVENT

If an event occurs that constitutes a tax event or an investment company event we will have the right to:

- redeem the corresponding junior subordinated debentures in whole, but not in part, and cause a mandatory redemption of the preferred securities and common securities in whole, but not in part, within 90 days following the occurrence of the tax event or an investment company event, or
- terminate the related trust and cause the corresponding junior subordinated debentures to be distributed to the holders of the preferred securities and common securities in liquidation of the trust.

If provided in the applicable prospectus supplement, we will have the right to extend or shorten the maturity of any series of corresponding junior subordinated debentures at the time that we exercise our right to elect to terminate the related trust and cause the corresponding junior subordinated debentures to be distributed to the holders of the preferred securities and

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

common securities in liquidation of the trust.

When we use the term "additional sums" in this prospectus we mean the additional amounts that may be necessary in order that the amount of distributions then due and payable by a trust on its outstanding preferred securities and common securities will not be reduced as a result of any additional taxes, duties and other governmental charges to which the trust has become subject as a result of a tax event.

When we use the term "tax event" we mean the receipt by the trust of an opinion of counsel experienced in those matters to the effect that, as a result of any amendment to, or change, including any announced prospective change, in, the laws of the United States or any political subdivision or taxing authority affecting taxation, or as a result of any official administrative pronouncement or judicial decision interpreting or applying those laws or regulations, which

41

amendment or change is effective or pronouncement or decision is announced on or after the trust issues the preferred securities, there is more than an insubstantial risk that:

- the trust is, or will be within 90 days of the date of the opinion, subject to United States federal income tax with respect to income received or accrued on the corresponding series of corresponding junior subordinated debentures,
- interest payable by us on the series of corresponding junior subordinated debentures is not, or within 90 days of the date of the opinion, will not be, deductible, in whole or in part, for United States federal income tax purposes, or
- the trust is, or will be within 90 days of the date of the opinion, subject to more than a de minimis amount of other taxes, duties or other governmental charges.

When we use the term "investment company event" we mean the occurrence of a change in law or regulation or a change in interpretation or application of law or regulation by any legislative body, court, governmental agency or regulatory authority to the effect that the applicable trust is or will be considered an investment company that is required to be registered under the Investment Company Act of 1940, which change becomes effective on or after the date of original issuance of the series of preferred securities issued by the trust.

When we use the term "like amount," we mean:

- with respect to a redemption of any series of preferred securities, preferred securities having a liquidation amount equal to that portion of the principal amount of corresponding junior subordinated debentures to be contemporaneously redeemed, the proceeds of which will be used to pay the redemption price of the preferred securities, and
- with respect to a distribution of corresponding junior subordinated debentures to you, as a holder of preferred securities in connection with a dissolution or liquidation of the related trust, corresponding junior subordinated debentures having a principal amount equal to the liquidation amount of your preferred securities.

When we use the term "liquidation amount," we mean the stated amount of \$25 per preferred security and common security.

After the liquidation date fixed for any distribution of corresponding junior

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

subordinated debentures for any series of preferred securities:

- the series of preferred securities will no longer be deemed to be outstanding,
- The Depository Trust Company, which we refer to in this prospectus as "DTC," or its nominee, as the record holder of the series of preferred securities, will receive a registered global certificate or certificates representing the corresponding junior subordinated debentures to be delivered upon that distribution, and
- any certificates representing the series of preferred securities not held by DTC or its nominee will be deemed to represent the corresponding junior subordinated debentures having a principal amount equal to the stated liquidation preference of the series of preferred securities, and bearing accrued and unpaid interest in an amount equal to the accrued and unpaid distributions on the series of preferred securities until you present the certificates to the administrative trustees or their agent for transfer or reissuance.

We can make no assurance as to what the market prices will be for the preferred securities or the corresponding junior subordinated debentures that may be distributed to you in exchange for your preferred securities if a dissolution and liquidation of a trust were to occur. Accordingly, the preferred securities that you purchase, or the corresponding junior subordinated debentures that you receive on dissolution and liquidation of a trust, may trade at a discount to the price that you paid to purchase the preferred securities.

42

VOLUNTARY DISTRIBUTION OF JUNIOR SUBORDINATED DEBENTURES

If we so provide in the applicable prospectus supplement, we may elect, at any time, to dissolve the trust and cause the corresponding junior subordinated debentures to be distributed to you, as a holder of the preferred securities, and us, as the holder of the common securities, in liquidation of the trust.

REDEMPTION PROCEDURES

The trust will redeem the preferred securities on each redemption date at the redemption price with the applicable proceeds from the contemporaneous redemption of the corresponding junior subordinated debentures. The trust will make redemptions of the preferred securities and pay the redemption price only to the extent that it has funds available for the payment of the redemption price. See also "-- Subordination of Common Securities."

If a trust gives notice to you of redemption of your preferred securities, then by 12:00 noon, New York City time, on the redemption date, to the extent funds are available, the property trustee will irrevocably deposit with DTC funds sufficient to pay the applicable redemption price and will give DTC irrevocable instructions and authority to pay the redemption price to you. See "-- Book-Entry Issuance."

If the preferred securities are no longer in book-entry form, the trust, to the extent funds are available, will irrevocably deposit with the paying agent for the preferred securities funds sufficient to pay the applicable redemption price to you and will give the paying agent irrevocable instructions and authority to pay the redemption price to you upon surrender of your certificates.

The trust will pay any distributions payable on or prior to the redemption date for any preferred securities called for redemption to you on the relevant record dates for the distribution. If the trust has given notice of redemption and has

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

deposited the required funds, then upon the date of the deposit, all your rights will cease, except your right to receive the redemption price, without interest on that redemption price, and your preferred securities will cease to be outstanding. If any date fixed for redemption of preferred securities is not a business day, then the trust will pay the redemption price on the next succeeding day which is a business day, and without any interest or other payment on account of the delay. However, if the business day falls in the next calendar year, the trust will make the payment on the immediately preceding business day. If payment of the redemption price is improperly withheld or refused and not paid either by the trust or by us pursuant to the guarantee as described under "Description of Guarantee," distributions on the preferred securities will continue to accrue at the then applicable rate, from the redemption date originally established by the trust for the preferred securities to the date the redemption price is actually paid. In this case the actual payment date will be the date fixed for redemption for purposes of calculating the redemption price.

Subject to applicable law, including United States federal securities law, we or our subsidiaries may at any time purchase outstanding preferred securities by tender, in the open market or by private agreement.

The trust will make payment of the redemption price on the preferred securities and any distribution of corresponding junior subordinated debentures to the applicable record holders as they appear on the register for the preferred securities on the relevant record date. This date will generally be one business day prior to the relevant redemption date or liquidation date. However, if any preferred securities are not in book-entry form, the relevant record date for the preferred securities will be the date 15 days prior to the redemption date or liquidation date.

If less than all of the preferred securities and common securities issued by a trust are to be redeemed on a redemption date, then the aggregate liquidation amount of the preferred securities and common securities to be redeemed will be allocated proportionately among the preferred securities and the common securities. The property trustee will select the particular preferred securities to be redeemed on a proportionate basis not more than 60 days prior to the redemption

43

date from the outstanding preferred securities not previously called for redemption, by any method that the property trustee deems fair and appropriate. This method may provide for the selection for redemption of portions, equal to \$25 or an integral multiple of \$25, of the liquidation amount of preferred securities. The property trustee will promptly notify the trust registrar in writing of the preferred securities selected for redemption and, in the case of any preferred securities selected for partial redemption, the liquidation amount of the preferred securities to be redeemed.

SUBORDINATION OF COMMON SECURITIES

The trust will make payment of distributions, any additional amounts and the redemption price on the preferred securities and common securities proportionately based on the liquidation amount of the preferred securities and common securities. However, if on any distribution date or redemption date a debenture event of default exists, the trust will not make any payment on the common securities unless payment in full in cash of all accumulated and unpaid distributions, any additional amounts and the full amount of the redemption price on all of the outstanding preferred securities of the trust, has been made or provided for. The property trustee will apply all available funds first to the payment in full in cash of all distributions on, or redemption price of, the preferred securities then due and payable.

If any event of default resulting from a debenture event of default exists, we as holder of the common securities of the trust will be deemed to have waived any right to act with respect to the event of default under the trust agreement until the effect of all those events of default with respect to the preferred securities have been cured, waived or otherwise eliminated. Until any events of default under the trust agreement with respect to the preferred securities have been so cured, waived or otherwise eliminated, the property trustee will act solely on your behalf, as a holder of the preferred securities, and not on our behalf as holder of the common securities, and only you acting with the other holders will have the right to direct the property trustee to act on your behalf.

LIQUIDATION DISTRIBUTION UPON DISSOLUTION

Each trust will automatically terminate upon expiration of its term or the redemption of all of the preferred securities of the trust. In addition, we will terminate the trust on the first to occur of:

- our bankruptcy, dissolution or liquidation,
- the distribution of a like amount of corresponding junior subordinated debentures to the holders of its preferred securities and common securities,
- the redemption of all of the preferred securities, and
- the entry of an order for the dissolution of the trust by a court of competent jurisdiction.

If an early dissolution occurs as described in the clauses above, the trustees will liquidate the trust as expeditiously as the trustees determine to be possible by distributing, after satisfaction of liabilities to creditors of the trust as provided by applicable law, to the holders of the preferred securities and common securities a like amount of corresponding junior subordinated debentures. If the property trustee determines that this distribution is not practical, you will be entitled to receive out of the assets of the trust available for distribution, after satisfaction of liabilities to creditors of the trust as provided by applicable law, an amount equal to the aggregate of the liquidation amount plus accrued and unpaid distributions to the date of payment. We refer to this liquidation amount in this prospectus as the "liquidation distribution." If the trust can make the liquidation distribution only in part because it has insufficient assets available to pay the full aggregate liquidation distribution, then it will pay the amounts on a proportionate basis. We, as the holder of the common securities, will be entitled to receive distributions upon any liquidation proportionately with you, and the other holders of the preferred securities, except that if an event exists that constitutes a debenture event of default, the preferred securities will have a priority over the common securities. A supplemental indenture may provide that if an early dissolution occurs as described in the third clause above, the

44

corresponding junior subordinated debentures may be subject to optional redemption in whole, but not in part.

EVENTS OF DEFAULT; NOTICE

Under the terms of the form of trust agreement, each of the following constitutes an event of default for a series of preferred securities:

- the occurrence of a debenture event of default under the junior subordinated indenture (see "Description of Junior Subordinated Debentures -- Debenture

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

Events of Default"),

- default by the property trustee in the payment of any distribution when it becomes due and payable, and continuation of that default for a period of 30 days,
- default by the property trustee in the payment of any redemption price of the preferred securities or common securities when it becomes due and payable,
- default in the performance, or breach, in any material respect, of any covenant or warranty of the trustees in the trust agreement, other than a covenant or warranty a default in the performance of which or the breach of which is dealt with in the second and third clauses above, and continuation of the default or breach for a period of 60 days after there has been given to the defaulting trustee or trustees by the holders of at least 10% in aggregate liquidation amount of the outstanding preferred securities, a written notice specifying the default or breach and requiring it to be remedied and stating that the notice is a notice of default under such trust agreement, or
- the bankruptcy or insolvency of the property trustee and our failure to appoint a successor property trustee within 60 days of that event.

Within five business days after the occurrence of any event of default actually known to the property trustee, the property trustee will transmit notice of the event of default to you, the administrative trustees and us, as depositor, unless the event of default has been cured or waived. We, as depositor, and the administrative trustees are required to file annually with the property trustee a certificate as to whether or not we are and they are in compliance with all the conditions and covenants applicable to them and to us under the trust agreement.

If a debenture event of default then exists, the preferred securities will have a preference over the common securities upon termination of the trust. See "-- Liquidation Distribution Upon Dissolution."

The existence of an event of default does not entitle you to accelerate the maturity.

REMOVAL OF TRUSTEES

Unless a debenture event of default then exists, the holder of the common securities may remove any trustee. If a debenture event of default then exists the holders of a majority in liquidation amount of the outstanding preferred securities may remove the property trustee and the Delaware trustee. In no event will you have the right to vote to appoint, remove or replace the administrative trustees. These voting rights are vested exclusively in us as the holder of the common securities. No resignation or removal of a trustee and no appointment of a successor trustee will be effective until the acceptance of appointment by the successor trustee in accordance with the provisions of the trust agreement.

CO-TRUSTEES AND SEPARATE PROPERTY TRUSTEE

Unless an event of default then exists, for the purpose of meeting the legal requirements of the Trust Indenture Act or of any jurisdiction in which any part of the trust property may be located, we, as the holder of the common securities, and the administrative trustees will have power to appoint one or more persons approved by the property trustee either to act as a co-trustee, jointly with the property trustee, of all or any part of the trust property, or, to the extent required by law, to act as separate

trustee. These persons will have the powers provided in the instrument of appointment, and we may vest in that person or persons any property, title, right or power deemed necessary or desirable, subject to the provisions of the trust agreement. If a debenture event of default exists, the property trustee alone will have power to make that appointment.

MERGER OR CONSOLIDATION OF TRUSTEES

Any corporation into which the property trustee, the Delaware trustee or any administrative trustee that is not a natural person may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the trustee is a party, or any corporation succeeding to all or substantially all the corporate trust business of the trustee, will be the successor of such trustee under the trust agreements, provided that the corporation is otherwise qualified and eligible.

MERGERS, CONSOLIDATIONS, AMALGAMATIONS OR REPLACEMENTS OF THE TRUSTS

A trust may not merge with or into, consolidate, amalgamate, or be replaced by, or convey, transfer or lease its properties and assets substantially as an entirety to any corporation or other body, except as described below.

A trust may, at our request, with the consent of the administrative trustees and without your consent, merge with or into, consolidate, amalgamate, or be replaced by a trust organized under the laws of any state. However, the following conditions must be satisfied:

- the successor entity must either:
 - expressly assume all of the obligations of the trust relating to the preferred securities, or
 - substitute for the preferred securities other securities having substantially the same terms and the same ranking as the preferred securities,
- we must expressly appoint a trustee of the successor entity possessing the same powers and duties as the property trustee as the holder of the corresponding junior subordinated debentures,
- the successor securities must be listed, or any successor securities must be listed upon notification of issuance, on any national securities exchange or other organization on which the preferred securities are then listed,
- the merger, consolidation, amalgamation or replacement must not cause the preferred securities, including any successor securities, to be downgraded by any nationally recognized statistical rating organization,
- the merger, consolidation, amalgamation or replacement must not adversely affect the rights, preferences and privileges of holders of the preferred securities, including any successor securities, in any material respect,
- the successor entity must have a purpose identical to that of the trust,
- prior to the merger, consolidation, amalgamation, replacement, conveyance, transfer or lease we must have received an opinion of counsel to the trust to the effect that:
 - the merger, consolidation, amalgamation or replacement does not adversely affect the rights, preferences and privileges of holders of the preferred securities, including any successor securities, in any

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

material respect, and

- following the merger, consolidation, amalgamation or replacement neither the trust nor the successor entity will be required to register as an investment company under the Investment Company Act, and

46

- we or any permitted successor or assignee must own all of the common securities of the successor entity and guarantee the obligations of such successor entity under the successor securities at least to the extent provided by the guarantee.

However, a trust must not, except with the consent of holders of 100% in liquidation amount of the preferred securities, consolidate, amalgamate, merge with or into, or be replaced by or convey, transfer or lease its properties and assets substantially as an entirety to any other entity or permit any other entity to consolidate, amalgamate, merge with or into, or replace it if it would cause the trust or the successor entity to be classified as other than a grantor trust for federal income tax purposes.

VOTING RIGHTS; AMENDMENT OF TRUST AGREEMENT

Except as provided below and under "Description of Guarantee -- Amendments and Assignment" and as otherwise required by law and the applicable trust agreement, you will have no voting rights.

We and the trustees may amend a trust agreement without your consent:

- to cure any ambiguity, correct or supplement any provisions in the trust agreement which may be inconsistent with any other provision, or to make any other provisions with respect to matters or questions arising under the trust agreement, which are not inconsistent with the other provisions of the trust agreement, or
- to modify, eliminate or add to any provisions of the trust agreement to the extent necessary to ensure that the trust will be classified for federal income tax purposes as a grantor trust at all times that any preferred securities and common securities are outstanding, or to ensure that the trust will not be required to register as an investment company under the Investment Company Act.

However, in the case of the first clause above, the action may not adversely affect in any material respect the interests of the holders of the preferred securities or our interests, as the holder of the common securities. Any amendments of the trust agreement will become effective when notice is given to you and us.

We and the trustees may also amend a trust agreement with:

- the consent of holders representing not less than a majority, based upon liquidation amounts, of the outstanding preferred securities and common securities, and
- receipt by the trustees of an opinion of counsel to the effect that the amendment or the exercise of any power granted to the trustees under the amendment will not affect the status of the trust as a grantor trust for federal income tax purposes or its exemption from the status of an "investment company" under the Investment Company Act.

Without both your and our consent a trust agreement may not be amended to:

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

- change the amount or timing of any distribution on the preferred securities and common securities or otherwise adversely affect the amount of any distribution of the preferred securities and common securities as of a specified date, or
- restrict your or our right to institute suit for the enforcement of any payment on or after that date.

So long as any corresponding junior subordinated debentures are held by the property trustee, the trustees may not:

- direct the time, method and place of conducting any proceeding for any remedy available to the debenture trustee, or for executing any trust or power conferred on the debenture trustee with respect to the corresponding junior subordinated debentures,

47

- waive any past default that is waiveable under specified sections of the junior subordinated indenture,
- exercise any right to rescind or annul a declaration that the principal of all the junior subordinated debentures is due and payable, or
- consent to any amendment, modification or termination of the junior subordinated indenture or the corresponding junior subordinated debentures, where that consent is required,

without, in each case, obtaining the prior approval of the holders of a majority in aggregate liquidation amount of all outstanding preferred securities. However, where a consent under the junior subordinated indenture would require the consent of each holder of corresponding junior subordinated debentures affected by the consent, no consent may be given by the property trustee without the prior consent of each holder of the corresponding preferred securities.

The trustees may not revoke any action previously authorized or approved by a vote of the preferred securities except by subsequent vote of the holders of the preferred securities. The property trustee will notify you of any notice of default with respect to the corresponding junior subordinated debentures. In addition to obtaining the approval of the holders of the preferred securities prior to taking any of these actions, the trustees must obtain an opinion of counsel experienced in these matters to the effect that the trust will not be classified as a corporation or partnership for United States federal income tax purposes on account of the action.

Any required approval of holders of preferred securities may be given at a meeting of holders of preferred securities convened for that purpose or through a written consent. The property trustee will cause a notice of any meeting at which you are entitled to vote, or of any matter upon which action by written consent is to be taken, to be given to each holder of record of preferred securities in the manner set forth in the trust agreement.

Your vote or consent is not required for a trust to redeem and cancel the preferred securities under the applicable trust agreement.

Any preferred securities that are owned by us, the trustees or any of our affiliates or any affiliate of the trustees, will, for purposes of a vote or consent, be treated as if they were not outstanding.

GLOBAL PREFERRED SECURITIES

We may issue a series of preferred securities in the form of one or more global preferred securities. We will identify the depositary which will hold the global preferred security in the applicable prospectus supplement. Unless we otherwise indicate in the applicable prospectus supplement, the depositary will be DTC. We will issue global preferred securities only in fully registered form and in either temporary or permanent form. Unless it is exchanged for individual preferred securities, a global preferred security may not be transferred except:

- by the depositary to its nominee,
- by a nominee of the depositary to the depositary or another nominee, or
- by the depositary or any nominee to a successor depositary, or any nominee of the successor.

We will describe the specific terms of the depositary arrangement in the applicable prospectus supplement. We expect that the following provisions will generally apply to these depositary arrangements.

BENEFICIAL INTERESTS IN A GLOBAL PREFERRED SECURITY

If we issue a global preferred security, the depositary for the global preferred security or its nominee will credit on its book-entry registration and transfer system the aggregate liquidation amounts of the individual preferred securities represented by the global preferred securities to the accounts of

48

participants. The accounts will be designated by the dealers, underwriters or agents for the preferred securities, or by us if the preferred securities are offered and sold directly by us. Ownership of beneficial interests in a global preferred security will be limited to participants or persons that may hold interests through participants. Ownership and transfers of beneficial interests in the global preferred security will be shown on, and effected only through, records maintained by the applicable depositary or its nominee, for interests of participants, and the records of participants, for interests of persons who hold through participants. The laws of some states require that you take physical delivery of the securities in definitive form. These limits and laws may impair your ability to transfer beneficial interests in a global preferred security.

So long as the depositary or its nominee is the registered owner of the global preferred security, the depositary or nominee will be considered the sole owner or holder of the preferred securities represented by the global preferred security for all purposes under the trust agreement. Except as provided below, you:

- will not be entitled to have any of the individual preferred securities represented by the global preferred security registered in your name,
- will not receive or be entitled to receive physical delivery of any preferred securities in definitive form, and
- will not be considered the owner or holder of the preferred security under the trust agreement.

PAYMENTS OF DISTRIBUTIONS

We will pay distributions on global preferred securities to the depositary that is the registered holder of the global security, or its nominee. The depositary for the preferred securities will be solely responsible and liable for all

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

payments made on account of your beneficial ownership interests in the global preferred security and for maintaining, supervising and reviewing any records relating to your beneficial ownership interests.

We expect that the depository or its nominee, upon receipt of any payment of liquidation amount, premium or distributions, immediately will credit participants' accounts with amounts in proportion to their respective beneficial interests in the aggregate liquidation amount of the global preferred security as shown on the records of the depository or its nominee. We also expect that payments by participants to owners of beneficial interests in the global preferred security held through those participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name." These payments will be the responsibility of those participants.

ISSUANCE OF INDIVIDUAL PREFERRED SECURITIES

Unless we state otherwise in the applicable prospectus supplement, if a depository for a series of preferred securities is at any time unwilling, unable or ineligible to continue as a depository and we do not appoint a successor depository within 90 days, we will issue individual preferred securities in exchange for the global preferred security. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to the preferred securities, determine not to have any preferred securities represented by one or more global preferred securities. If that occurs, we will issue individual preferred securities in exchange for the global preferred security.

Further, we may specify that you may, on terms acceptable to us, the property trustee and the depository for the global preferred security, receive individual preferred securities in exchange for your beneficial interests in a global preferred security, subject to any limitations described in the prospectus supplement relating to the preferred securities. In that instance, you will be entitled to physical delivery of individual preferred securities equal in liquidation amount to that beneficial interest and to have the preferred securities registered in its name. Unless we otherwise specify,

49

those individual preferred securities will be issued in denominations of \$25 and integral multiples of \$25.

PAYMENT AND PAYING AGENCY

The trust will make payments on the preferred securities to DTC, which will credit the relevant accounts at DTC on the applicable distribution dates. However, if any preferred securities are not held by DTC, the trust will make the payments by check mailed to the address of the holder entitled to the payment as shown on the register. Unless we state otherwise in the applicable prospectus supplement, the paying agent will initially be the property trustee, together with any co-paying agent chosen by the property trustee and acceptable to the administrative trustees and us. The paying agent may resign as paying agent upon 30 days' written notice to the administrative trustees, property trustees and us. If the property trustee ceases to be the paying agent, the administrative trustees will appoint a successor to act as paying agent. The successor must be a bank or trust company acceptable to the administrative trustees and us.

REGISTRAR AND TRANSFER AGENT

Unless we state otherwise in the applicable prospectus supplement, the property trustee will act as registrar and transfer agent for the preferred securities.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

The trust will register transfers of preferred securities without charge, but upon your payment of any tax or other governmental charges that may be imposed in connection with any transfer or exchange. The trust will not be required to register the transfer of its preferred securities after the preferred securities have been called for redemption.

INFORMATION CONCERNING THE PROPERTY TRUSTEE

The property trustee, unless an event of default then exists, will be required to perform only those duties that are specifically set forth in the applicable trust agreement. After an event of default, the property trustee must exercise the same degree of care and skill as a prudent person would exercise or use in the conduct of his or her own affairs. However, the property trustee is under no obligation to exercise any of the powers vested in it by the trust agreement at your request unless you offer reasonable indemnity against the costs, expenses and liabilities that it might incur. If no event of default then exists and the property trustee is required to decide between alternative causes of action, construe ambiguous provisions in a trust agreement or is unsure of the application of any provision of a trust agreement, and the matter is not one on which holders are entitled under the trust agreement to vote, then the property trustee will take such action as is directed by us. If it is not so directed, the property trustee will take such action as it deems advisable and in the best interests of the holders of the preferred securities and the holder of the common securities and will have no liability except for its own bad faith, negligence or willful misconduct.

MISCELLANEOUS

The trust agreements authorize and direct the administrative trustees to operate the related trusts in such a way that the trust will not be deemed to be an investment company required to be registered under the Investment Company Act or taxed as a corporation for federal income tax purposes and so that the corresponding junior subordinated debentures will be treated as our indebtedness for United States federal income tax purposes. We and the administrative trustees are authorized to take any action, not inconsistent with applicable law, the certificate of trust of the trust or the trust agreement, that we and the administrative trustees determine in our discretion to be necessary or desirable for these purposes, as long as the action does not materially adversely affect the interests of the holders of the preferred securities.

You have no preemptive or similar rights as a holder of preferred securities. No trust may borrow money or issue debt or mortgage or pledge any of its assets.

DESCRIPTION OF GUARANTEE

At the same time as the issuance by a trust of its preferred securities, we will execute and deliver a guarantee for your benefit, as a holder of the preferred securities. The Wilmington Trust Company will act as indenture trustee under the guarantee for the purposes of compliance with the Trust Indenture Act. The guarantee will be qualified as an indenture under the Trust Indenture Act.

The following description of the terms of the guarantee is a summary. It summarizes only those portions of the guarantee which we believe will be most important to your decision to invest in the preferred securities. You should keep in mind, however, that it is the guarantee, and not this summary, which defines your rights. There may be other provisions in the guarantee which are also important to you. You should read the guarantee itself for a full description of its terms. The guarantee is filed as an exhibit to the Registration Statement that includes this prospectus. See "Where You Can Find

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

More Information" for information on how to obtain a copy of the guarantee. When we refer in this summary to preferred securities, we mean the preferred securities issued by a trust to which the guarantee relates.

GENERAL TERMS OF THE GUARANTEE

We will irrevocably agree to pay in full on a subordinated basis, to the extent described below, the guarantee payments, as defined below, to you, as and when due, regardless of any defense, right of set-off or counterclaim that the trust may have or assert other than the defense of payment.

The following payments, which we refer to in this prospectus as the "guarantee payments," to the extent not paid by or on behalf of the related trust, will be subject to the guarantee:

- any accrued and unpaid distributions required to be paid to you on the related preferred securities, to the extent that the trust has funds available for the payments,
- the redemption price for any preferred securities called for redemption, to the extent that the trust has funds available for the payments, or
- upon a voluntary or involuntary dissolution, winding up or liquidation of the trust, unless the corresponding junior subordinated debentures are distributed to you, the lesser of:
 - the liquidation distribution, and
 - the amount of assets of the trust remaining available for distribution to you.

Our obligation to make a guarantee payment may be satisfied by us directly paying to you the required amounts or by causing the trust to pay the amounts to you.

The guarantee will be an irrevocable guarantee on a subordinated basis of the related trust obligations under the preferred securities, but will apply only to the extent that the related trust has funds sufficient to make the payments. It is not a guarantee of collection.

If we do not make interest payments on the corresponding junior subordinated debentures held by the trust, we expect that the trust will not pay distributions on the preferred securities and will not have funds legally available for those payments. The guarantee will rank subordinate and junior in right of payment to all senior debt. See "-- Status of the Guarantee."

As a non-operating holding company, most of our operating assets and the assets of our consolidated subsidiaries are owned by our subsidiaries. We rely primarily on dividends from our subsidiaries to meet our obligations for payment of principal and interest on our outstanding debt obligations and corporate expenses. Accordingly, our obligations under the guarantee will be effectively subordinated to all existing and future liabilities of our subsidiaries. You should rely only on our assets for payments we owe. The payment of dividends by our insurance company subsidiaries is limited under the insurance holding company laws in which those subsidiaries are domiciled. See "The Hartford Financial Services Group, Inc."

Unless we state otherwise in the applicable prospectus supplement, the guarantee does not limit the amount of secured or unsecured debt that we may incur. We

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

expect from time to time to incur additional senior debt.

We have, through the guarantee, the trust agreement, the junior subordinated debentures, the junior subordinated indenture and the expense agreement, taken together, fully, irrevocably and unconditionally guaranteed all of the obligations of the trust under the preferred securities. No single document standing alone or operating in conjunction with fewer than all of the other documents constitutes the guarantee. It is only the combined operation of these documents that has the effect of providing a full, irrevocable and unconditional guarantee of the obligations of the trust under the preferred securities. See "Relationship Among the Preferred Securities, the Corresponding Junior Subordinated Debentures and the Guarantees."

STATUS OF THE GUARANTEE

The guarantee will constitute an unsecured obligation of The Hartford Financial Services Group, Inc. and will rank subordinate and junior in right of payment to all its senior debt.

Unless we state otherwise in the applicable prospectus supplement, the guarantee of a series of preferred securities will rank equally with the guarantees relating to all other series of preferred securities that we may issue. The guarantee will constitute a guarantee of payment and not of collection, which means that the guaranteed party may institute a legal proceeding directly against us to enforce its rights under the guarantee without first instituting a legal proceeding against any other person or entity. The property trustee of the related trust will hold the guarantee for your benefit. The guarantee will not be discharged except by payment of the guarantee payments in full to the extent not paid by the trust or upon distribution of the corresponding junior subordinated debentures to you.

AMENDMENTS AND ASSIGNMENT

We may not amend the guarantee without the prior approval of the holders of not less than a majority of the aggregate liquidation amount of outstanding preferred securities, except for any changes which do not materially adversely affect the rights of the holders of the preferred securities, in which case no vote will be required. The manner of obtaining any approval will be as set forth under "Description of the Preferred Securities -- Voting Rights; Amendment of Trust Agreement."

All guarantees and agreements contained in the guarantee will bind our successors, assigns, receivers, trustees and representatives and will inure to the benefit of the holders of the related preferred securities then outstanding.

EVENTS OF DEFAULT

An event of default under the guarantee will occur when we fail to perform any of our payment or other obligations under the guarantee. The holders of not less than a majority in aggregate liquidation amount of the related preferred securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the guarantee trustee under the guarantee or to direct the exercise of any trust or power conferred upon the guarantee trustee under the guarantee.

You may institute a legal proceeding directly against us to enforce your rights under the guarantee without first instituting a legal proceeding against the trust, the guarantee trustee or any other person or entity.

We, as guarantor, are required to file annually with the guarantee trustee a certificate as to whether or not we are in compliance with all the conditions and covenants applicable to us under the guarantee.

INFORMATION CONCERNING THE GUARANTEE TRUSTEE

The guarantee trustee, unless a default by us in the performance of the guarantee then exists, is required to perform only those duties that are specifically set forth in the guarantee. After a default under the guarantee, the guarantee trustee must exercise the same degree of care and skill as a prudent person would exercise or use in the conduct of his or her own affairs. However, the guarantee trustee is under no obligation to exercise any of the powers vested in it by the guarantee at your request unless you offer reasonable indemnity against the costs, expenses and liabilities that it might incur.

TERMINATION OF THE GUARANTEE

The guarantee will terminate and be of no further force and effect:

- upon full payment of the redemption price of the related preferred securities,
- upon full payment of the amounts payable upon liquidation of the related trust, or
- upon distribution of corresponding junior subordinated debentures to the holders of the preferred securities.

The guarantee will continue to be effective or will be reinstated if at any time you must restore payment of any sums paid under the preferred securities or the guarantee.

GOVERNING LAW

The guarantee will be governed by and construed in accordance with the laws of the State of New York.

THE EXPENSE AGREEMENT

Under an expense agreement entered into by us, we will irrevocably and unconditionally guarantee to each person or entity to whom a trust becomes indebted or liable, the full payment of any costs, expenses or liabilities of the trust, other than obligations of the trust to pay to you the amounts due to you under the terms of the preferred securities.

DESCRIPTION OF CORRESPONDING JUNIOR SUBORDINATED DEBENTURES

The corresponding junior subordinated debentures are to be issued in one or more series of junior subordinated debentures under the junior subordinated indenture with terms corresponding to the terms of the related preferred securities. See "Description of Junior Subordinated Debentures."

The following description of the terms of the corresponding junior subordinated debentures and the junior subordinated indenture is a summary. It summarizes only those portions of the junior subordinated indenture which we believe will be most important to your decision to invest in the preferred securities. You should keep in mind, however, that it is the junior subordinated indenture, and not this summary, which defines your rights. There may be other provisions in the junior subordinated indenture which are also important to you. You should read the junior subordinated indenture itself for a full description of its terms. The junior subordinated indenture is filed as an exhibit to the Registration Statement that includes this prospectus. See "Where You Can Find More Information" for information on how to obtain a copy of the junior

subordinated indenture.

GENERAL TERMS OF THE CORRESPONDING JUNIOR SUBORDINATED DEBENTURES

At the same time a trust issues preferred securities, the trust will invest the proceeds from the sale and the consideration paid by us for the common securities in a series of corresponding junior subordinated debentures issued by us to the trust. Each series of corresponding junior subordinated debentures will be in the principal amount equal to the aggregate stated liquidation amount of the

53

related preferred securities plus our investment in the common securities and, unless we state otherwise in the applicable prospectus supplement, will rank equally with all other series of corresponding junior subordinated debentures. The corresponding junior subordinated debentures will be unsecured and subordinate and junior in right of payment to the extent and in the manner set forth in the junior subordinated indenture to all our senior debt. See "Description of Junior Subordinated Debentures -- Subordination" and the prospectus supplement relating to any offering of related preferred securities.

OPTIONAL REDEMPTION

Unless we state otherwise in the applicable prospectus supplement, we may, at our option, redeem the corresponding junior subordinated debentures on any interest payment date, in whole or in part. Unless we state otherwise in the applicable prospectus supplement, the redemption price for any corresponding junior subordinated debentures will be equal to any accrued and unpaid interest to the date fixed for redemption, plus the greater of:

- the principal amount of the debentures, and
- an amount equal to:
 - for junior subordinated debentures bearing interest at a fixed rate, the discounted remaining fixed amount payments. See "Description of Junior Subordinated Debentures -- Redemption."
 - for junior subordinated debentures bearing interest determined by reference to a floating rate, the discounted swap equivalent payments. See "Description of Junior Subordinated Debentures -- Redemption."

If a tax event or an investment company event exists, we may, at our option, redeem the corresponding junior subordinated debentures on any interest payment date falling within 90 days of the occurrence of the tax event or investment company event, in whole but not in part, subject to the provisions of the junior subordinated indenture. The redemption price for any corresponding junior subordinated debentures will be equal to 100% of the principal amount of the corresponding junior subordinated debentures then outstanding plus accrued and unpaid interest to the date fixed for redemption. See "Description of Junior Subordinated Debentures -- Redemption."

For so long as the applicable trust is the holder of all the outstanding series of corresponding junior subordinated debentures, the trust will use the proceeds of any redemption to redeem the corresponding preferred securities. We may not redeem a series of corresponding junior subordinated debentures in part unless all accrued and unpaid interest has been paid in full on all outstanding corresponding junior subordinated debentures of the series for all interest periods terminating on or prior to the redemption date.

COVENANTS OF THE HARTFORD FINANCIAL SERVICES GROUP, INC.

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

We will covenant in the junior subordinated indenture for each series of corresponding junior subordinated debentures that we will pay additional sums to the trust, if:

- the trust that has issued the corresponding series of preferred securities and common securities is the holder of all of the corresponding junior subordinated debentures,
- a tax event exists, and
- we have not redeemed the corresponding junior subordinated debentures or terminated the trust.

We will also covenant, for each series of corresponding junior subordinated debentures, that we and our subsidiaries will not:

54

- declare or pay any dividends or distributions on, or redeem, purchase, acquire, or make a liquidation payment on any of our capital stock, or
- make any payment of principal of, interest or premium, if any, on or repay or repurchase or redeem any debt securities, including other corresponding junior subordinated debentures, that rank equally with or junior in interest to the corresponding junior subordinated debentures or make any related guarantee payments,

other than:

- dividends or distributions in our common stock,
- redemptions or purchases of any rights pursuant to our rights plan, or any successor to our rights plan, and the declaration of a dividend of these rights in the future, and
- payments under any guarantee of preferred securities,

if at that time:

- there has occurred any event of which we have actual knowledge that with the giving of notice or the lapse of time, or both, would constitute an "event of default" under the junior subordinated indenture for that series of corresponding junior subordinated debentures which we have not taken reasonable steps to cure,
- we are in default on our payment of any obligations under the related guarantee, or
- we have given notice of our selection of an extension period as provided in the junior subordinated indenture for that series of corresponding junior subordinated debentures and have not rescinded that notice, or the extension period, or any extension, is continuing.

We will also covenant, for each series of corresponding junior subordinated debentures:

- to maintain, by ourselves or our permitted successors, directly or indirectly, 100% ownership of the common securities of the trust to which corresponding junior subordinated debentures have been issued,

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 424B5

- not to voluntarily terminate, wind-up or liquidate any trust, except in connection with a distribution of corresponding junior subordinated debentures to you in liquidation of the trust, or in connection with mergers, consolidations or amalgamations permitted by the related trust agreement, and
- to use our reasonable efforts, consistent with the terms and provisions of the related trust agreement, to cause the trust to remain a statutory trust and not to be classified as an association taxable as a corporation for United States federal income tax purposes.

RELATIONSHIP AMONG THE PREFERRED SECURITIES, THE CORRESPONDING JUNIOR SUBORDINATED DEBENTURES AND THE GUARANTEES

As long as payments of interest and other payments are made when due on each series of corresponding junior subordinated debentures, these payments will be sufficient to cover distributions and other payments due on the related preferred securities, primarily because:

- the aggregate principal amount of each series of corresponding junior subordinated debentures will be equal to the sum of the aggregate stated liquidation amount of the corresponding preferred securities and corresponding common securities,
- the interest rate and interest and other payment dates on each series of corresponding junior subordinated debentures will match the distribution rate and distribution and other payment dates for the corresponding preferred securities,
- we will pay for all and any costs, expenses and liabilities of the trust except the obligations of the trust to holders of its preferred securities under the preferred securities, and

55

- each trust agreement further provides that the trust will not engage in any activity that is not consistent with the limited purposes of the trust.

We will irrevocably guarantee payments of distributions and other amounts due on the preferred securities, to the extent the trust has funds available for the payment of such distributions, to the extent set forth under "Description of Guarantee."

Taken together, our obligations under each series of junior subordinated debentures, the junior subordinated indenture, the related trust agreement, the related expense agreement and the related guarantee provide a full, irrevocable and unconditional guarantee of payments of distributions and other amounts due on the related series of preferred securities. No single document standing alone or operating in conjunction with fewer than all of the other documents constitutes the guarantee. It is only the combined operation of these documents that has the effect of providing a full, irrevocable and unconditional guarantee of the obligations of the trust under the preferred securities. If and to the extent that we do not make payments on any series of corresponding junior subordinated debentures, the trust will not pay distributions or other amounts due on its preferred securities.

Notwithstanding anything to the contrary in the junior subordinated indenture, we have the right to set-off any payment we are otherwise required to make under the indenture with and to the extent we have made or are making a payment under the related guarantee.

You may institute a legal proceeding directly against us to enforce your rights under the related guarantee without first instituting a legal proceeding against

the guarantee trustee, the related trust or any other person or entity.

The preferred securities of each trust evidence your rights to the benefits of the trust. Each trust exists for the sole purpose of issuing its preferred securities and common securities, investing the proceeds from the sale of such securities in corresponding junior subordinated debentures and related purposes.

A principal difference between your rights as a holder of a preferred security and the rights of a holder of a corresponding junior subordinated debenture is that a holder of a corresponding junior subordinated debenture will accrue, and, subject to the permissible extension of the interest period, is entitled to receive, interest on the principal amount of corresponding junior subordinated debentures held, while you are only entitled to receive distributions if and to the extent the trust has funds available for the payment of those distributions.

Upon any voluntary or involuntary termination, winding-up or liquidation of any trust involving the liquidation of the corresponding junior subordinated debentures, you will be entitled to receive, out of assets held by the trust, the liquidation distribution in cash. See "Description of Preferred Securities -- Liquidation Distribution Upon Termination."

Upon any voluntary or involuntary liquidation or bankruptcy of The Hartford Financial Services Group, Inc., the property trustee, as holder of the corresponding junior subordinated debentures, would be a subordinated creditor. In this case, the property trustee would be subordinated in right of payment to all senior debt, but entitled to receive payment in full of principal and interest, before any of our stockholders receive payments or distributions. Since we are the guarantor under each guarantee and have agreed to pay for all costs, expenses and liabilities of each trust, your position as a holder of the preferred securities and the position of a holder of the corresponding junior subordinated debentures relative to other creditors and to our stockholders in the event of liquidation or bankruptcy of our company would be substantially the same.

A default or event of default under any senior debt would not constitute a default or event of default under the junior subordinated indenture. However, in the event of payment defaults under, or acceleration of, senior debt, the subordination provisions of the junior subordinated indenture provide that we may not make payments on the corresponding junior subordinated debentures until the senior debt has been paid in full or any payment default under the senior debt has been cured or

56

waived. Our failure to make required payments on any series of corresponding junior subordinated debentures would constitute an event of default under the junior subordinated indenture.
