ITEM 9. REGULATION FD DISCLOSURE

On September 26, 2002, Monsanto Company's Chief Technology Officer, Robert T. Fraley, Ph.D., will speak at the Credit Suisse First Boston 15th Annual Chemicals Conference in New York. A press release dated September 26, 2002, issued by Monsanto Company, and a slide presentation given at the conference, are attached to this report as Exhibits 99.1 and 99.2, respectively, and incorporated herein by reference.

We are furnishing the information contained in this report, including the attached slide presentation, pursuant to Regulation FD promulgated by the Securities and Exchange Commission (SEC). This information is furnished pursuant to Item 9 of Form 8-K and shall not be deemed to be filed for the purposes of Section 18 of the Securities Exchange Act of 1934 or otherwise subject to the liabilities of that section, unless we specifically incorporate it by reference in a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934. By filing this report on Form 8-K and furnishing this information, we make no admission as to the materiality of any information in this report that is required to be disclosed solely by reason of Regulation FD or that the information includes material investor information that is not otherwise publicly available.

The information contained in this report, including the information contained in the attached slide presentation, is summary information that is intended to be considered in the context of our SEC filings and other public announcements that we may make, by press release or otherwise, from time to time. We disclaim any current intention to revise or update the information contained in this report, including the information contained in the attached slide presentation, although we may do so from time to time as our management believes is warranted. Any such updating may be made through the filing of other reports or documents with the SEC, through press releases or through other public disclosure.

Certain statements contained in this report, including the information contained in the attached slide presentation, such as statements concerning the company's anticipated financial results, current and future product performance, regulatory approvals, currency impact, business and financial plans and other non-historical facts are forward-looking statements. These statements are based on current expectations and currently available information. However, since these statements are based on factors that involve risks and uncertainties, the company's actual performance and results may differ materially from those described or implied by such forward-looking statements. Factors that could cause or contribute to such differences include, among others: fluctuations in exchange rates and other developments related to foreign currencies and economies; increased generic and branded competition for the company's Roundup herbicide; the success of the company's research and development activities and the speed with which regulatory authorizations and product launches may be achieved; domestic and foreign social, legal and political developments, especially those relating to agricultural products developed through biotechnology; the accuracy of the company's estimates and projections, for example, those with respect to product returns and grower use of our products and related distribution inventory levels; the company's ability to continue to manage its costs; the company's ability to successfully market
