**ABRAMS INDUSTRIES, INC.**  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
OCTOBER 31, 2001, AND APRIL 30, 2001  
(UNAUDITED)

**NOTE 1. UNAUDITED STATEMENTS**

The accompanying unaudited consolidated financial statements have been prepared by the Company in accordance with generally accepted accounting principles, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements have been condensed or omitted pursuant to such rules and regulations, although management believes that the disclosures are adequate to make the information presented not misleading. In the opinion of management, the accompanying financial statements contain all adjustments, which consist solely of normal recurring accruals, necessary for a fair statement of the results for the interim periods presented. These financial statements should be read in conjunction with the consolidated financial statements and the notes thereto included in the Company's Annual Report to Shareholders for the year ended April 30, 2001. Results of operations for interim periods are not necessarily indicative of annual results.

**NOTE 2. RECEIVABLES**

All net contract and trade receivables are expected to be collected within one year.

**NOTE 3. DISCONTINUED OPERATIONS**

During the quarter ended January 31, 2000, the Board of Directors of the Company decided to discontinue the operations of the Manufacturing Segment. The remaining assets and liabilities of the Manufacturing Segment were consolidated and presented as Net liabilities of discontinued operations on the Consolidated Balance Sheet at April 30, 2001, which included a \$2.76 million deferred gain, a current liability, related to the amount awarded to the Company in connection with the Georgia World Congress Center Authority's condemnation of the Company's former manufacturing facility. The award was under appeal by both parties at April 30, 2001, and was settled in October 2001. Earnings from discontinued operations for the quarter and six-month period ended October 31, 2001, represent the gain related to the condemnation.

At October 31, 2001, Cash on the Consolidated Balance Sheet includes \$526,345 formerly included in discontinued operations.

**NOTE 4. OPERATING SEGMENTS**

In May 2001, the Company formed a third operating segment, Energy Management, and subsequently acquired substantially all of the assets of Servidyne Systems, Inc., an energy management and engineering services company. Through this new segment, the Company offers its institutional customers energy efficiency products and engineering services that reduce energy consumption, labor, equipment maintenance, and capital costs in commercial buildings.

NOTE 5. PROPERTY HELD FOR SALE

During the quarter ended October 31, 2001, the Company entered into an agreement to sell, at a gain, its shopping center in Englewood, Florida. The Company currently anticipates completing the sale during this fiscal year. As of October 31, 2001, the book basis of the property, \$12.5 million, has been reclassified as a current asset in Property held for sale; the related mortgage debt, \$12.3 million, has been reclassified as a current liability in Current maturities of long-term debt. The results of operations for the property are summarized below:

NOTE 7. EARNINGS PER SHARE

Basic earnings per share are computed by dividing net earnings by the weighted average shares outstanding during the reporting period. In May 2001, the Company issued 150,616 incentive stock options with an exercise price of \$4.00 per share to certain employees. The options issued are not currently dilutive.

NOTE 8. NEW ACCOUNTING PRONOUNCEMENTS

During June 2001, the Financial Accounting Standards Board ( FASB ) issued Statement of Financial Accounting Standards No. 141, Business Combinations ( SFAS 141 ). Under the provisions of SFAS 141, all business combinations initiated after June 30, 2001, must be accounted for using the purchase method of accounting. The adoption of SFAS 141 is not expected to have a material impact on the Company's financial statements.

Also during June 2001, the FASB issued Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets ( SFAS 142 ). Under the provisions of SFAS 142, there will be no amortization of goodwill and other intangible assets that have indefinite useful lives. Instead, these assets must be tested for impairment annually and when events or changes in

**Table of Contents**

circumstances indicate that impairment may have occurred. The Company has elected to adopt SFAS 142 as of May 1, 2001, and therefore goodwill and a trademark with an indefinite useful life acquired in the transaction described below have not been amortized.

During August 2001, the FASB issued Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets ( SFAS 144 ). SFAS 144 supercedes FASB Statement No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of. In addition, SFAS 144 supercedes the accounting and reporting provisions of APB Opinion No. 30,

Reporting the Results of Operations Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions for segments of a business to be disposed of. SFAS 144 addresses the treatment of assets held for sale or to be otherwise disposed of, the evaluation of impairment for long-lived assets, and the reporting of discontinued operations. The provisions of SFAS 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001. The Company is currently evaluating the impact of SFAS 144.

**NOTE 9. ACQUISITION**

In May 2001, the Company acquired substantially all of the assets and employed all of the personnel of an energy management and engineering services company, Servidyne Systems, Inc., and acquired certain intellectual property from an affiliated company, Servidyne, Incorporated, for approximately \$3.1 million, including the costs associated with completing the acquisition, in an all cash transaction (the Servidyne transaction ). This acquisition was accounted for as a purchase, and accordingly, the purchase price was allocated to the underlying assets acquired and liabilities assumed, based upon their estimated fair market values as of the date of acquisition. The results of operations related to the acquired assets have been included in the Company s financial statements since May 2001. Servidyne has offered its expertise, products and services to its institutional customers for more than 27 years. In pursuit of growth and improved shareholder returns, the Company will seek opportunities to leverage Servidyne s reservoir of knowledge in order to assist the now combined customer base in making building infrastructures more efficient.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition:

## Edgar Filing: ABRAMS INDUSTRIES INC - Form 10-Q

Of the \$1,200,034 of acquired intangible assets, \$315,261 was assigned to a registered trademark that is not subject to amortization. The remainder of the intangible assets consists of computer-based work management products (5-year weighted-average useful life) in the amount of \$856,113, and other intangible assets of \$28,660 (10-year useful life). The weighted-average useful life of all acquired intangible assets subject to amortization is 5 years.

**Table of Contents**

The goodwill amount has been assigned to the Energy Management Segment. All of the goodwill is expected to be amortized and deductible for tax purposes.

The following table displays the consolidated unaudited current results for the quarter and six-month period ended October 31, 2001, and the consolidated unaudited proforma results for the quarter and six-month period ended October 31, 2000, as if the acquisition had been completed on May 1, 2000:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Changes in CONSOLIDATED BALANCE SHEETS between April 30, 2001, and October 31, 2001.

Accounts receivable increased by \$7,033,602, Billings in excess of costs and earnings increased by \$522,731, and Trade and subcontractors payable increased by \$5,707,946, primarily because of the timing of the submission and payment of invoices for construction work performed.

Property held for sale increased by \$12,831,542 and Real estate held for future development or sale decreased by \$12,537,647, primarily as a result of the reclassification of the shopping center in Englewood, Florida, and an outlot at the shopping center in North Ft. Myers, Florida, as contracts have been executed for the sale of these properties. See Note 5 to the Consolidated Financial Statements.

NOTES TO CHART A

- (1) REVENUES for the second quarter and first six months 2002 were lower than those of the same periods of 2001, primarily due to a reduction in the number of construction jobs available, which is the result of a decrease or elimination of current capital spending by most of the Construction Segment's existing customers. The Company anticipates this trend will continue in the short-term. During fiscal 2002, however, the Construction Segment has added several new institutional customers who already have awarded jobs to the Company, as it continues its efforts to expand and diversify its customer base.
- (2) The Energy Management Segment was formed in May 2001. See Note 9 to the Consolidated Financial Statements.

- (1) See Note 1 to Chart A above.
- (2) Backlog decreased due to the anticipated sale of the Englewood, Florida, shopping center. See Note 5 to the Consolidated Financial Statements.
- (3) Any Energy Management contracts that can be cancelled with less than one year's notice are not included in backlog. As of October 31, 2001, such contracts total \$1.229 million in potential revenue over the next twelve months, assuming cancellation provisions are not invoked.

**COSTS AND EXPENSES: Applicable to REVENUES from Continuing Operations**

As a percentage of total Segment REVENUES from Continuing Operations (See Chart A) for the second quarter 2002 and 2001, the total applicable COSTS AND EXPENSES (See Chart B) were 92% and 91%, respectively. As a percentage of total Segment REVENUES from Continuing Operations (See Chart A) for the first six months 2002 and 2001, the total applicable COSTS AND EXPENSES were 92% for both periods.

The figures in Chart B are net of Intersegment eliminations.

NOTES TO CHART B

- (1) The increase in the percentage of COSTS AND EXPENSES: Applicable to REVENUES for second quarter and first six months 2002 compared to the same period of 2001 was primarily

attributable to intense competitive pressure on margins, which is a result of a significant decrease in the number of potentially available construction jobs due to the decline or absence of current capital spending by the Company's customers. In addition, costs have increased due to certain subcontractors' defaults on their contractual obligations.

(2) The Energy Management Segment was formed in May 2001. See Note 9 to the Consolidated Financial Statements.

**SELLING, GENERAL AND ADMINISTRATIVE EXPENSES  
FROM CONTINUING OPERATIONS**

For the second quarter 2002 and 2001, Selling, general and administrative expenses from continuing operations, net of intersegment eliminations, were \$1,882,102 and \$2,547,555, respectively. As a percentage of Consolidated REVENUES from Continuing Operations, these expenses were 6% and 5%, respectively. For the first six months 2002 and 2001, Selling, general and administrative expenses from continuing operations, net of intersegment eliminations, were \$3,793,380 and \$4,607,577, respectively. As a percentage of Consolidated REVENUES from Continuing Operations, these expenses were 5% and 4%, respectively. In reviewing Chart C, the reader should recognize that the volume of revenues generally will affect the amounts and percentages. The percentages in Chart C are based upon expenses as they relate to Segment REVENUES from Continuing Operations (Chart A), except that Parent and Total expenses relate to Consolidated REVENUES from Continuing Operations.

NOTES TO CHART C

- (1) On a dollar basis, Selling, general and administrative expenses were lower for second quarter and first six months 2002 compared to the same periods of 2001 primarily because of a decrease in incentive compensation costs.
- (2) On a dollar and percentage basis, Selling, general and administrative expenses were lower for second quarter and first six months 2002 compared to the same periods of 2001 primarily due to a decrease in personnel costs associated with the Company's outsourcing of its asset and property management functions.

Liquidity and capital resources.

Between April 30, 2001, and October 31, 2001, working capital decreased by \$783,680. Operating activities used cash of \$1,028,410. Investing activities used cash of \$3,005,391. Financing activities used cash of \$1,268,205.

At October 31, 2001, the Company and its subsidiaries had available unsecured committed lines of credit totaling \$12,000,000, of which none was outstanding, \$11,500,000 was available, and \$500,000 was reserved for a letter of credit issued as security for a mortgage loan on an income-producing property. The letter of credit has been extended until November 2002, at which time it may be used to pay down the mortgage loan if certain leasing requirements are not attained.

Cautionary statement regarding forward-looking statements.

Certain statements contained or incorporated by reference in this Quarterly Report on Form 10-Q, including without limitation statements containing the words believes, anticipates, expects, and words of similar import, are forward-looking statements within the meaning of the federal securities laws. Such forward-looking statements involve known and unknown risks, uncertainties and other matters which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or uncertainties expressed or implied by such forward-looking statements. Many such risks, uncertainties and other matters are beyond the Company's control. They include, but are not limited to: the possibility of not achieving projected backlog revenues or not realizing earnings from such revenues; the potential impact of factors beyond the control of the Company on future revenues and costs; changes in laws and regulations, including changes in accounting standards; the timing and amount of earnings recognition related to the possible sale of real estate properties held for sale; delays in customer orders; the timing and amount of possible refinancings related to real estate properties; the level and volatility of interest rates; the potential loss of a significant customer; and the deterioration in the financial stability of an anchor tenant, significant subcontractor or significant customer.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

As of October 31, 2001, in connection with the contract to sell the Company's shopping center in Englewood, Florida (See Note 5 to the Company's Consolidated Financial Statements), approximately \$12.3 million of related fixed rate debt would be repaid in the current fiscal year upon the completion of the sale. As of April 30, 2001, approximately \$12.2 million of this debt was expected to mature in fiscal 2003.

In October 2001, the maturity dates of the loans related to the Company's shopping center in North Ft. Myers, Florida, and office building in Atlanta, Georgia, were extended to February 2003. Prior to that date, the Company plans to refinance the office building loan and sell the shopping center or refinance its loan.
