These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Worthington Industries, Inc. Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year), as of December 31, 2005, is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

1 Description of Plan

The following description of Worthington Industries, Inc. Retirement Savings Plan for Collectively Bargained Employees (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution Plan covering all union employees at the Gerstenslager facility of Worthington Industries, Inc. (Worthington or the Company) who meet the hour and age requirements. On September 17, 2004, Worthington acquired the Chilton and Gerett facilities and the related assets from Western Industries, Inc. On that same date, the Plan was amended and restated to include the union employees at these two facilities who previously participated in the Western Industries Savings and Retirement Plan. The account balances of these employees have been transferred into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee of the Plan is Fidelity Management Trust Company (the Trustee). Worthington is the Plan sponsor. The Plan was formerly known as the Gerstenslager Union Retirement Savings Plan.

The Plan is one of five plans within the Worthington Deferred Profit Sharing Plan Master Trust (the Master Trust), the other plans are the Worthington Industries, Inc. Deferred Profit Sharing Plan, the Gerstenslager Deferred Profit Sharing Plan, the Dietrich Industries, Inc. Salaried Employees Profit Sharing Plan and the Dietrich Industries, Inc. Hourly 401(k) Plan.

Prior to March 1, 2004, the Master Trust was comprised of four plans: Worthington Industries, Inc. Deferred Profit Sharing Plan, the Worthington Steel (Malvern) Union Retirement Savings Plan, the Gerstenslager Deferred Profit Sharing Plan and the Gerstenslager Union Retirement Savings Plan.

The accompanying financial statements reflect the Plan's share of the fair value of the assets of the Master Trust. Under the provisions of the Master Trust Agreement, investments are allocated monthly to the participating Plans on the basis of unit ownership at the close of the previous month.

Eligibility:

Union employees at the Gerstenslager facility who are at least eighteen years of age and have been employed for ninety days are eligible to participate in the Plan.

Effective September 17, 2004, the union employees of Chilton and Gerett are eligible to participate in the Plan after satisfying the applicable probationary period for each employment location.

2 Summary of Significant Accounting Policies

Investment Valuation and Income Recognition:

The Master Trust's investments are stated at fair value. Fair value for mutual funds and the commingled trust is determined by the respective quoted market prices. Worthington stock is a unitized stock fund that holds just Worthington common stock and cash. The stock is valued at net asset value, which is net assets divided by units outstanding. Loans are valued at cost, which approximates fair value. The Master Trust accounts for the change in the difference between the fair value and the cost of investments as unrealized appreciation in the aggregate fair value of investments.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

The Company pays substantially all administrative fees.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

3 Tax Status

On November 8, 2002, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended, but a new determination letter from the IRS has not been received. However, the Plan Administrator and the tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statement.

5 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee, therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual fund for the investment management services.

The Plan offers Company stock as an investment option, as a result Worthington qualifies as a party-in-interest.

6 Plan to Plan Transfer

Participants within the Plan that are 100% vested are permitted to transfer their account to another plan sponsored by the Sponsor in the event they change employers within the group. If the participant is not 100% vested, they have to wait until the time that they become 100% vested. The participant's time as a non-union employee with any WI company will count towards their vesting time.

During 2004, the Plan received participant account transfers totaling \$943,708. Of this amount, \$902,992 related to Chilton and Gerett participants who previously participated in the Western Industries Savings and Retirement Plan. The remaining balance was participant transfers from other plans of the plan sponsor.

7 Recently issued Accounting Pronouncements

In December 2005, the FASB issued FASB Staff Position AAG-INV-A. The new pronouncement requires fully benefit-responsive investment contracts be valued at fair value instead of contract value. The pronouncement will be effective for the year ended December 31, 2006. The effect of this pronouncement on these financial statements has not been determined.
