QUESTIONS AND ANSWERS

Following are some commonly asked questions raised by our stockholders and answers to each of those questions.

2. HOW DOES THE BOARD RECOMMEND THAT I VOTE ON THE PROPOSALS?

The Board of Directors recommends a vote FOR each proposal.

3. HOW DO I VOTE?

Sign and date each proxy card you receive and return it in the postage-paid envelope prior to the Annual Meeting.

4. CAN I REVOKE MY PROXY?

You have the right to revoke your proxy at any time before the Annual Meeting by: (1) notifying the Secretary of the Company in writing; (2) voting in person; or (3) returning a later-dated proxy card.

5. WHO WILL COUNT THE VOTE?

U.S. Stock Transfer Corporation will count the votes and act as the inspector of election.

6. WHAT SHARES ARE INCLUDED ON THE PROXY CARD(S)?

The shares on your proxy card(s) represent ALL of your shares. If you do not return your proxy card(s), your shares will not be voted.

7. WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY CARD?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. Sign and return all proxy

Edgar Filing: ACACIA RESEARCH CORP - Form DEF 14A

cards to ensure that all your shares are voted. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting our transfer agent, U.S. Stock Transfer Corporation, or if your shares are held in "street name," by contacting the broker or bank holding your shares.

8. WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

Only holders of record of the Company's Acacia Research - Acacia Technologies common stock ("AR - Acacia Technologies stock") and Acacia Research - CombiMatrix common stock ("AR - CombiMatrix stock") as of the close of business on March 14, 2005, are entitled to notice of and to vote at the Annual Meeting. The AR - Acacia Technologies stock and the AR - CombiMatrix stock are sometimes referred to collectively as "Acacia common stock."

9. HOW MANY VOTES MAY BE CAST?

As of March 14, 2005, the record date for the Annual Meeting, 27,212,769 shares of AR - Acacia Technologies stock and 31,200,496 shares of AR - CombiMatrix stock, the only outstanding voting securities of the Company, were issued and outstanding. At the meeting, each outstanding share of AR - Acacia Technologies stock will be entitled to 1.665 votes, and each outstanding share of AR - CombiMatrix stock will be entitled to one vote. The voting rights of the AR - Acacia Technologies stock have been determined based on the market values of each class of Acacia common stock in accordance with the formula set forth in our Restated Certificate of Incorporation. The holders of AR - Acacia Technologies stock and AR - CombiMatrix stock will vote together as a single class at the meeting.

10. WHAT IS A "QUORUM" AT THE ANNUAL MEETING?

A "quorum" is a majority of the outstanding shares entitled to vote. The shares may be present or represented by proxy. For the purposes of determining a quorum, shares held by brokers or nominees will be treated as present even if the broker or nominee does not have discretionary power to vote on a particular matter or if instructions were never received from the beneficial owner. These shares are called "broker non-votes." Abstentions will be counted as present for quorum purposes.

11. WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL?

For the election of directors, once a quorum has been established, the nominees for director who receive the most votes will be elected directors of the Company. To ratify the appointment of the independent registered public accounting firm, a majority of the shares represented at the Annual Meeting, either in person or by proxy, must be voted in favor of the proposal.

If a broker indicates on its proxy that it does not have discretionary authority to vote on a particular matter, the affected shares will be treated as not present and entitled to vote with respect to that matter, even though the same shares may be considered present for quorum purposes and may be entitled to vote on other matters.

12. WHAT HAPPENS IF I ABSTAIN?

Proxies marked "abstain" will be counted as shares present for the purpose of determining the presence of a quorum, but for purposes of determining the outcome of a proposal, shares represented by such proxies will not be treated as affirmative votes. For proposals requiring an affirmative vote of a majority of the outstanding shares entitled to vote or a majority of the shares present, an abstention is equivalent to a "no" vote.

13. HOW WILL VOTING ON ANY OTHER BUSINESS BE CONDUCTED?

Although the Company does not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement, if any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to the proxy holders, Paul R. Ryan and Robert A. Berman, to vote on such matters at their discretion.

14. WHO ARE THE LARGEST PRINCIPAL STOCKHOLDERS?

For information regarding holders of more than 5% of the Company's outstanding common stock, see "Security Ownership of Certain Beneficial Owners and Management."

15. WHO WILL BEAR THE COST OF THIS SOLICITATION?

The Company will bear the entire cost of the solicitation. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred in sending proxies and proxy solicitation materials to stockholders. Proxies may also be solicited in person, by telephone, or by facsimile by directors, officers and employees of the Company without additional compensation. The Company has retained Georgeson Shareholder Communications, Inc. ("Georgeson") to perform various solicitation services. The Company will pay Georgeson a fee of \$5,000, plus phone and other related expenses, in connection with their solicitation services.

EMPLOYMENT AGREEMENTS

The Company has not entered into employment contracts with any of its Named Executive Officers nor does the Company have any agreement or arrangement with any such Named Executive Officers relating to a change in control of the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Company's Board of Directors currently consists of Messrs. de Boom, Currie, Frykman and Graziadio. None of these individuals was an officer or employee of the Company at any time during 2004 or at any other time. No current executive officer of the Company has ever served as a member of the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

18

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee is responsible for approving the compensation package of each executive officer and recommending it to the Board of Directors as well as administering the 2002 Acacia Technologies Stock Incentive Plan and the 2002 CombiMatrix Stock Incentive Plan. In making decisions regarding executive compensation, the Compensation Committee considers the input of the Company's management and other directors.

The Company's executive compensation program consists of a mixture of base salary, cash bonuses and stock option awards. In determining the total amount and mixture of the compensation package for each executive officer, the Compensation Committee and the Board of Directors subjectively consider the overall value to the Company of each executive in light of numerous factors such as competitive position, individual performance, including past and expected contribution to the Company's goals of each executive officer, and the Company's long-term needs and goals, including attracting and retaining key management personnel.

The Compensation Committee will periodically review the individual base salaries of the executive officers, and adjust salaries based on individual job performance and changes in the officer's duties and responsibilities. In making salary decisions, the Compensation Committee exercises its discretion and judgment based on these factors. No specific formula is applied to determine the weight of each factor.

Long-term incentive compensation is realized through granting of stock options to most employees, including eligible executive officers. The Company has no other long-term incentive plans. Stock options are granted by the Company to aid in the retention of employees and to align the interests of employees with those of the stockholders. In addition, the Compensation Committee believes that the grant of an equity interest serves to link management interests with stockholder interests and to motivate executive officers to make long-term decisions that are in the best interests of the Company and the stockholders as well as provides an incentive to maximize stockholder value. Stock options have

Edgar Filing: ACACIA RESEARCH CORP - Form DEF 14A

value for an employee only if the price of the Company's common stock increases above the exercise price, and the employee remains in the Company's employ for the period required for the stock to be exercisable, thus providing an incentive to remain in the Company's employ.

EXECUTIVE SEVERANCE POLICY. The Company's Executive Severance Policy provides that, in the event of involuntary termination of employment of an executive officer for other than cause or other than on account of death or disability, the Company shall pay to the executive officer a lump sum amount equal to the aggregate of the officer's annual base salary through the date of termination and any compensation previously deferred by the executive officer, any accrued vacation pay, and reimbursable expenses, as well as three (3) months of the executive officer's base salary for each full year that the officer was employed by the Company, up to a maximum of twelve (12) months of the executive officer's base salary. In addition the Executive Severance Policy provides for paid COBRA coverage for the medical and dental benefits selected by the executive officer in the year in which the termination occurs.

COMPENSATION OF CHIEF EXECUTIVE OFFICER. Paul R. Ryan, the Company's Chairman and Chief Executive Officer, received an annual base salary of \$287,356 and a bonus in the amount of \$5,613 in 2004, as well as a stock option grant of 91,667 shares of AR - Acacia Technologies stock as set forth above under "Option Grants in Last Fiscal Year." The cash amount paid to Mr. Ryan in the form of base salary and bonus and the stock option grant was recommended to the Board of Directors by the Compensation Committee. In exercising its discretion and judgment in reaching its recommendation, the Compensation Committee took into consideration the various factors and criteria described above. The Board of Directors approved the Compensation Committee's recommendation.

19

SECTION 162(M) OF THE INTERNAL REVENUE CODE. The Company does not believe Section 162(m) of the Internal Revenue Code of 1986, as amended, which disallows a tax deduction for certain compensation in excess of \$1 million, will generally have an effect on the Company. The Compensation Committee reviews the potential effect of Section 162(m) periodically and will consider various alternatives for preserving the deductibility of compensation payments. However, the Compensation Committee will not necessarily limit compensation to that which is deductible.

Respectfully Submitted by the Compensation
Committee of the Board of Directors,

RIGDON CURRIE

REPORTING

- o Regularly report to the Board about committee activities, issues and related recommendations.
- o Report annually to the stockholders, describing the committee's composition, responsibilities, and how they were discharged, and any other information required by regulators.
