WE ARE NOT ASKING FOR A PROXY. DO NOT SEND US A PROXY.

Voting Information.

The Company has one class of voting securities issued and outstanding, shares of common stock, par value \$.001 per share. As of the Record Date, there were 13,578,104 shares of common stock issued and outstanding. The approval of a majority of the issued and outstanding shares are required to amend the Certificate of Incorporation. As of the Record Date, the Board of Directors has received written consents from the holders of 8,554,243 shares approving the Amendment, representing approximately 63% of the issued and outstanding shares. Delaware law does not afford to the Company's stockholders the opportunity to dissent from the action described in this Information Statement or in connection therewith to receive value for their shares.

APPROVAL OF THE AMENDMENT

Edgar Filing: EDIETS COM INC - Form PRE 14C

The Board of Directors and the holders of a majority of the outstanding shares have approved an amendment to Article FOURTH of the Company's Restated Certificate of Incorporation (the "Certificate") to increase the Company's authorized stock from 21,000,000 shares to 51,000,000 shares (50,000,000 authorized shares of Common Stock and 1,000,000 authorized shares of Preferred Stock). The relative rights and limitations of the Common Stock remain unchanged under the Amendment. The Common Stock does not have preemptive rights. The proposed Amendment is attached hereto as Exhibit A.

2

At June 4, 2001, the Company had 13,578,104 shares of Common Stock issued and outstanding. No shares of Preferred Stock are issued and outstanding. Approximately 3,248,125 shares of Common Stock are reserved for issuance pursuant to warrants and 2,851,667 shares of Common Stock are reserved for issuance pursuant to outstanding stock options. Thus, at June 4, 2001, there were approximately 322,104 authorized shares of Common Stock unissued and not reserved for issuance.

The increase in the authorized Common Stock has been adopted to assure that an adequate supply of authorized unissued shares is available for general corporate needs. The additional authorized shares of Common Stock could also be used for such purposes as raising additional capital for the operations of the Company, or financing the acquisition of other companies or related businesses. There are currently no plans or arrangements relating to the issuance of any of the additional shares of Common Stock proposed to be authorized. Such shares would be available for issuance without further action by the stockholders, unless required by the Company's Certificate or By-laws or by applicable law.

The issuance of additional shares of Common Stock may, among other things, have a dilutive effect on earnings per share, if any, and on the equity and voting power of existing holders of Common Stock. The issuance of additional shares of Common Stock by the Company also may potentially have an anti-takeover effect by making it more difficult to obtain stockholder approval of various actions, such as a merger or removal of management.

The issuance of shares of Preferred Stock, authorized under the Certificate, while providing the Company with flexibility in connection with possible financings, acquisitions and other corporate purposes, could adversely affect the voting power of the holders of the Company's Common Stock. Also, the issuance of Preferred Stock could and may, under certain circumstances, have the effect of deterring hostile takeovers or delaying changes in control of the Company's management. Other than the authorization of Preferred Stock, the Company's management does not believe that the Certificate of Incorporation or By-laws presently contain any other provisions which should be viewed as having an anti-takeover effect.

Provisions of Delaware law could make the Company's acquisition by a third-party and the removal of its officers and directors more difficult. The Company is subject to Section 203 of the Delaware General Corporation Law, which regulates corporate acquisitions. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder, unless: (1) the board of directors approved the transaction in which such stockholder became an interested stockholder prior to the date the interested stockholder attained such status; (2) upon consummation of the transaction that resulted in the stockholder's becoming an interested stockholder, he or she owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers; or (3) on or subsequent to such date the business combination is approved by the board of directors and

authorized at an annual or special meeting of stockholders.
