PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS To Be Held July 18, 2003

These proxy materials are furnished to you in connection with the solicitation of proxies by and on behalf of the Board of Directors of Universal Compression Holdings, Inc. (sometimes referred to as the "Company"), for use at the 2003 Annual Meeting of Stockholders of the Company. The meeting will be held at the Hilton Houston Westchase & Towers, 9999 Westheimer Road, Houston, Texas 77042, on July 18, 2003, at 9:00 a.m., local time. The proxies also may be voted at any adjournments or postponements of the meeting. We are first sending these proxy materials to our stockholders on or about June 20, 2003.

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

Only owners of record of issued and outstanding shares of our common stock at the close of business on June 9, 2003 are entitled to vote at the meeting, or at adjournments or postponements of the meeting. Each owner of record is entitled to one vote for each share of common stock held. On June 9, 2003, there were 30,863,477 shares of our common stock issued and outstanding. Each share of common stock issued and outstanding on June 9, 2003 entitles the holder thereof to one vote on all matters submitted for a vote of the stockholders at the meeting. The quorum requirement for holding the meeting and transacting business is met when a majority of the outstanding shares entitled to be voted at the annual meeting are present in person or represented by proxy. Both abstentions and "broker non-votes" are counted as present for the purpose of determining the presence of a quorum.

Whether you hold shares directly as the stockholder of record or in street name, you may vote without attending the meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. In most instances, you will be able to do this by mail, by telephone or over the Internet. Please refer to the instructions on your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee. All properly executed written proxies, and all properly completed proxies submitted by telephone or by the Internet, that are delivered pursuant to this solicitation will be voted at the meeting in accordance with the directions given in the proxy, unless the proxy is revoked prior to or at the meeting. You can revoke your proxy by giving written notice to our corporate secretary, delivering a later-dated proxy, using the telephone or Internet voting procedures described in the enclosed proxy card or voting in person at the meeting.

You should specify your choice for each matter on the enclosed proxy card. If no instructions are given, proxies that are signed and returned will be voted FOR the election of all director nominees and FOR the proposal to ratify the appointment of Deloitte & Touche LLP as our independent auditors. Broker non-votes do not count as a vote for or against any proposal; however, an abstention counts as a vote against a proposal.

Other than the two proposals described in this Proxy Statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders on the proxy card will have discretion to vote your shares on any additional matters properly presented for a vote at the meeting. A representative of EquiServe, our transfer agent, will tabulate the votes and act as the inspector of elections. For questions about this Proxy Statement or the meeting, please contact D. Bradley Childers, our Senior Vice President, General Counsel and Secretary, at (713) 335-7000.

ELECTION OF DIRECTORS

(Proposal 1)

The Company's directors are divided into three classes, with each class serving for a period of three years. The terms of Bernard J. Duroc-Danner, William M. Pruellage and Samuel Urcis will expire at the 2003 Annual Meeting. Messrs. Duroc-Danner, Pruellage and Urcis have been nominated to stand for election at the meeting to hold office until our 2006 Annual Meeting of Stockholders or until they are succeeded by qualified and elected directors. In voting on the election of the three director nominees to serve until our 2006 Annual Meeting, you may vote in favor of all nominees, withhold votes as to all nominees or withhold votes as to specific nominees. Stockholders may not cumulate their votes in the election of directors. Directors will be elected by a plurality, which means that the three nominees receiving the greatest number of votes will be elected. We have no reason to believe that any of these nominees will be unable or unwilling to serve if elected. However, if any nominee should become unable or unwilling to serve for any reason, proxies may be voted for another person nominated as a substitute by our Board of Directors, or the Board may reduce the number of directors.

Our Board of Directors recommends a vote **FOR** the election of Bernard J. Duroc-Danner, William M. Pruellage and Samuel Urcis as directors.

REPORT OF THE COMPENSATION COMMITTEE

Compensation Policy

The goal of our compensation policy is to offer a cash and stock-based compensation package that attracts and retains executive officers and that aligns executive compensation with the interests of our stockholders. Our philosophy is to provide a base salary that is competitive with companies of similar size in the oilfield services sector, annual bonus potential that is based on a combination of corporate and individual performance and long and short-term incentives. The Compensation Committee of the Board of Directors reviews our executive compensation programs annually to ensure these programs are competitive and reasonable.

Compensation Policy Components

Base Salary. Base salaries are competitive with those offered by companies of similar size in the oilfield services sector. Individual salaries, which are reviewed annually, are based on individual skills and performance and market comparisons.

Incentive Bonus. The Compensation Committee has adopted an Officers' Incentive Plan each year to provide each executive officer with the potential to earn a cash bonus expressed as a percentage of salary. The amount of each bonus paid to executive officers in fiscal year 2003 was determined by the Compensation Committee and based on the Fiscal Year 2003 Officers' Incentive Plan.

The Fiscal Year 2003 Officers' Incentive Plan provided for bonus payments upon the attainment of Company financial and operating goals, as well as individual performance. Seventy percent of the fiscal year 2003 bonus payment to each officer was based on an objective analysis of our financial performance, 20% was based on a subjective analysis of individual performance and 10% was based on an objective analysis of our annual safety performance. The Compensation Committee has the discretion to award bonuses in excess of the targeted amount in the event the goals are exceeded. Likewise, the Compensation Committee can award less than the targeted amount in the event any of the goals are not achieved.

Stock Option Grants. The use of stock options is considered to be an important incentive to our executive officers for working toward our long-term growth. We believe that stock options provide our executive officers with a benefit that will increase only to the extent that the value of the common stock increases. The number of options granted is based on the contribution of the executive officer, and the options granted are subject to vesting over a three year period and have exercise prices equal to the market value of our stock on the date of the grant. In fiscal year 2003, our executive officers received grants representing 285,000 shares of common stock.

Restricted Stock Grants. We also utilize grants of restricted stock as long-term compensation for our executive officers. The Compensation Committee can exercise its discretion in determining the vesting schedule for restricted stock. During fiscal year 2003, 50,000

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

shares of restricted stock were granted to four of our executive officers. Generally, common stock subject to the restricted stock grants vests 0% upon the first anniversary of the grant and 25% on each anniversary thereafter through the fifth anniversary.

Other Compensation Programs. Our 401(k) savings plan provides employees, including executive officers, the opportunity to defer up to 25% of their salary on a pre-tax basis through contributions to an account from which the employee may direct how the funds are invested. We match, with Company common stock, 50% of the first six percent of such employee contributions, with a maximum match of three percent of the employee's compensation. Employees vest in the Company's contribution over five years, based on length of employment. The common stock contributed by the Company to an employee's matching contribution account cannot be sold except upon certain events, such as termination of employment or death. Company stock is not an investment option for employees.

11

Our Employees' Supplemental Savings Plan provides executive officers the opportunity to defer up to 25% of their salary. In addition, participants can defer up to 100% of their bonuses. The Company matches 50% of the first six percent of compensation, excluding any bonus deferred. Prior to September 1, 2002, our matching contributions were in the form of cash. Since September 1, 2002, our matching contributions have been in the form of Company stock, which cannot be sold except upon certain events, such as termination of employment or death.

Fiscal Year 2003 Compensation for the President and Chief Executive Officer

In fiscal year 2003, Mr. Snider received a base salary of \$375,000. His targeted bonus potential was 100% of this base salary and the Compensation Committee awarded him \$93,750, or 25% of the targeted amount of \$375,000. Mr. Snider was granted options representing 35,000 shares of common stock. In addition, the Company made matching contributions of 350 shares of common stock to Mr. Snider's 401(k) account and \$4,760 and 237 shares of common stock to his account under the Supplemental Savings Plan.

Mr. Snider's compensation is determined using substantially the same criteria utilized to determine compensation for our other executive officers, as discussed earlier in this report. The increase in Mr. Snider's total compensation was intended to make his compensation more competitive with those of similarly situated officers in comparable companies in the oilfield services sector and to recognize his efforts to grow the Company's business and increase stockholder value. The number of shares subject to options granted to Mr. Snider was determined to be an appropriate level to provide an incentive to increase the value of the Company's common stock in the future.

Compensation Deductions Limitations

Section 162(m) of the Internal Revenue Code, as amended, limits the deductibility of certain compensation expenses in excess of \$1,000,000 to any one individual in any fiscal year. Compensation that is "performance based" is excluded from this limitation. For compensation to be "performance based," it must meet certain criteria including certain predetermined objective standards approved by stockholders. We believe that maintaining the discretion to evaluate the performance of our management is an important part of our responsibilities and benefits the Company's stockholders. We intend to take into account the potential application of Section 162(m) on incentive compensation awards and other compensation decisions.

Summary

In making decisions regarding executive compensation, the Committee compares current compensation levels with those of other companies within the oilfield services sector that compare favorably to our company with regard to market capitalization and other financial indicators by which we have historically measured the Company's performance. The Committee uses its discretion to determine a total compensation package of base salary, short-term and long-term incentives that are competitive with this group of peer companies.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors assists the Company's Board of Directors in the oversight of our accounting functions, internal controls and independent auditors. The Audit Committee is composed of four directors. All four members of our Audit Committee are "independent" as that term is defined in the New York Stock Exchange listing standards. The Audit Committee operates under a written charter approved by our Board of Directors. A copy of the charter, which was amended to address regulatory and legislative requirements recently adopted, is attached to this Proxy Statement as Exhibit A. The Company's Board of Directors has determined that Janet F. Clark is an "audit committee financial expert," as that term is defined in the rules and regulations of the SEC.

In connection with the fiscal year 2003 audit, the Audit Committee:

reviewed and discussed with management the Company's audited financial statements for the fiscal year ended March 31, 2003;

discussed with Deloitte & Touche LLP, the Company's independent auditors, the matters required to be discussed by Statement of Accounting Standards No. 61, as modified or supplemented;

received from and discussed with Deloitte & Touche LLP the written disclosures and letter from the independent accountants required by Independence Standards Board Standard No. 1, as modified or supplemented, regarding their independence; and

discussed with Deloitte & Touche LLP their independence and considered whether the provision of non-audit services provided by Deloitte & Touche LLP for the Company is compatible with maintaining their independence.

Based on the review and the discussions described in the preceding bullet points, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended March 31, 2003 be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2003 for filing with the SEC. The Audit Committee also appointed Deloitte & Touche LLP as the Company's independent auditors for the Company's 2004 fiscal year.

The Company's management is responsible for the Company's internal controls, financial reporting process, internal audit process and the preparation of the Company's financial statements in accordance with generally accepted accounting principles in the United States. Deloitte & Touche LLP is responsible for auditing the financial statements in accordance with auditing standards generally accepted in the United States. The Audit Committee monitors and oversees these processes and procedures but does not conduct auditing or accounting reviews.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Arrangements with Weatherford International

Registration Rights Agreement. Concurrently with our acquisition of Weatherford Global Compression Services, L.P. in February 2001, we entered into a registration rights agreement with WEUS Holding, Inc., a wholly owned subsidiary of Weatherford International, Inc. In connection with the June 26, 2002 restructuring of Weatherford International, Inc., WEUS Holding's rights under the registration rights agreement were transferred to Weatherford International Ltd. Under this agreement, Weatherford International Ltd. has the right, on up to three occasions, to cause us to register at our expense Weatherford International Ltd.'s shares of our common stock under the Securities Act at any time by providing a written demand to us, subject to certain minimum dollar values. The registration rights agreement also provides Weatherford International Ltd. with certain "piggyback" registration rights, or rights to require us, subject to certain limitations, to include its shares of our common stock in certain other registration statements that we may file.

Board Representation. In connection with our acquisition of Weatherford Global, WEUS Holding was granted the right to designate three members to our Board of Directors for so long as it owns at least 20% of our outstanding common stock. One WEUS Holding nominee is a Class A director with a term of office expiring in 2004, the second WEUS Holding nominee is a Class B director with a term of office expiring in 2005, and the third WEUS Holding nominee is a Class C director with a term of office expiring in 2003. In connection with the June 26, 2002 restructuring of Weatherford International, Inc., WEUS Holding's right to designate members to our Board of Directors was transferred to Weatherford International Ltd. If Weatherford International Ltd.'s ownership of our common stock falls below 20%, Weatherford International Ltd. may designate only two directors, and if its ownership falls below 10%, it may no longer designate directors to our Board. Weatherford International Ltd.'s current designees to our Board of Directors, including through WEUS Holding's previous designations, are Mr. Dutton (Class A), Ms. Rodriguez (Class B) and Mr. Duroc-Danner (Class C).

Registration Rights Agreement

In connection with our acquisition of Tidewater Compression in 1998, we entered into a registration rights agreement with Castle Harlan Partners III, L.P. and some of our other stockholders (including certain of our directors and officers). As part of another acquisition, Energy Spectrum Partners, L.P. was added as a party to this agreement. Under the registration rights agreement, these stockholders generally have the right to require us to register any or all of their shares of our common stock under the Securities Act, at our expense, subject to certain minimum dollar values. In addition, these stockholders are generally entitled to include, at our expense, their shares of our common stock covered by the registration rights agreement in any registration statement that we propose to file with respect to registration of our common stock under the Securities Act. We also agreed in this registration rights agreement to indemnify the stockholders against specified liabilities, including liabilities under the Securities Act.

Castle Harlan Board Representation

In connection with our 1998 acquisition of Tidewater Compression, we entered into an agreement with Castle Harlan to nominate a total of three Castle Harlan designees for election to our Board of Directors for so long as Castle Harlan beneficially owns at least 15% of our outstanding stock (including shares over which it has voting control pursuant to voting agreements and trusts). Although Castle Harlan's right terminated upon completion of our equity offering in July 2001, its remaining designee to our Board, Mr. Pruellage, is serving a term expiring at our 2003 Annual Meeting. Our Board of Directors has recommended that Mr. Pruellage stand for re-election as a Director for the term expiring in 2006.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

The Company has elected, as a policy matter, not to offer employment agreements to its executive officers. During fiscal 2003, only one of our Named Officers, Mr. Richard Leong, had a termination of employment agreement with the Company. This termination agreement provides that Mr. Leong will receive one year of base salary as in effect at the time of termination and one year of medical benefits if he is involuntarily terminated by the Company without cause at any time during the three-year period that began December 1, 2001.

Certain of our executive officers are offered change of control agreements pursuant to which the executive officers may receive certain payments, including a lump sum payment of two years' compensation and continuation of our employee benefits for two years, in the event of termination upon a change of control in exchange for a two-year non-competition agreement. To date, Messrs. Snider, Danner, Anderson, Townsend and Childers have entered into change of control agreements with the Company. In addition, the Company has agreed that Stephen A. Snider, our President and Chief Executive Officer, and his spouse will be entitled to continue to participate, at our expense, in our medical benefit plan following his retirement so long as he remains an active employee of the Company until his retirement.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

(Proposal 2)

The Audit Committee has appointed Deloitte & Touche LLP to serve as our independent auditors for the fiscal year ending March 31, 2004. Deloitte & Touche LLP has served as our independent auditors since 1998 when we were formed.

We have been advised by Deloitte & Touche LLP that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

One or more representatives of Deloitte & Touche LLP will be present at this year's annual meeting of stockholders. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

In voting on the ratification of the appointment of Deloitte & Touche LLP as our independent auditors, you may vote in favor of the ratification, against the ratification or abstain from voting on the ratification. The ratification of the appointment of Deloitte & Touche LLP as our independent auditors will be approved upon receiving the affirmative vote of the holders of a majority of our common stock present or represented by proxy and entitled to vote at the annual meeting. If our stockholders do not ratify the appointment of Deloitte & Touche LLP, our Audit Committee may reconsider the appointment.

Audit Fees

The aggregate fees billed by Deloitte & Touche LLP for professional services rendered for the audit of our annual financial statements for the fiscal year ended March 31, 2003 and for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q for the same fiscal year were approximately \$471,000.

Audit Related Fees

The aggregate fees billed by Deloitte & Touche LLP during the fiscal year ended March 31, 2003 for audits of our benefit plans, operating lease facilities and review of tax disclosures in the annual financial statements amounted to approximately \$178,000.

All Other Fees

The aggregate fees billed by Deloitte & Touche LLP for services rendered to the Company, other than the services described above under "Audit Fees" and "Audit Related Fees" for the fiscal year ended March 31, 2003 were approximately \$736,600. These other fees include approximately \$318,400 for tax compliance services, and the remaining amount of approximately \$418,200 was primarily for tax related business consulting services.

The Audit Committee has considered whether and determined that the provision of non-audit services by Deloitte & Touche LLP is compatible with maintaining the independent auditor's independence.

The Board of Directors recommends that you vote **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent auditors as described in this Proposal 2.

EXPENSES OF SOLICITATION

We will bear all expenses incurred in connection with the solicitation of proxies.

EXHIBIT A

AUDIT COMMITTEE CHARTER
(Effective May 14, 2003)

I.

Purposes of the Audit Committee: The purposes of the Audit Committee (the "Committee") of Universal Compression Holdings, Inc. (the "Company") are to assist the Company's Board of Directors' (the "Board") oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independent auditors' qualifications and independence, and (iv) the performance of the independent auditors and the Company's internal audit function. The Committee also shall be responsible for the preparation of the report required to be prepared by the Committee pursuant to the rules of the U. S. Securities and Exchange Commission (the "Commission") for inclusion in the Company's annual proxy statement.

The function of the Committee is oversight. The management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements. Management and the internal auditing department are responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out a proper audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements prior to the filing, and other procedures.

II.

Composition of the Committee: The Committee shall be comprised of at least three directors, each of whom the Board has determined is "independent" under the rules of the New York Stock Exchange (the "NYSE"). The Board shall also determine that each member is "financially literate," and that one member of the Committee is an "audit committee financial expert" as defined by the Commission (or, if no member is an "audit committee financial expert," the reason for not having an "audit committee financial expert" on the Committee), as such qualifications are interpreted by the Board of Directors in its business judgment.

No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee, and discloses this determination in the Company's annual proxy statement. No member of the Committee may receive any compensation from the Company other than (i) director's fees, which may be received in cash, stock options or other in-kind consideration ordinarily available to directors and (ii) a pension or other deferred compensation for prior service that is not contingent on future service.

Members shall be appointed by the Board based on nominations recommended by the Company's Nominating Committee, or, in the absence of a Nominating Committee or committee serving the function of a Nominating Committee, the full Board, and shall serve at

Edgar Filing: UNIVERSAL COMPRESSION HOLDINGS INC - Form DEF 14A

the pleasure of the Board and for such term or terms as the Board may determine.

The Board shall designate one member of the Committee as its chairperson.

III.

Meetings of the Committee: The Committee shall meet once every fiscal quarter, or more frequently if circumstances dictate, to discuss with management the annual audited financial statements and quarterly financial statements, as applicable. The Committee should meet separately, periodically with management, the senior staff of the internal auditing department and the independent auditors to discuss any matters that the Committee or any of these persons or firms believes should be discussed privately. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. Members of the Committee may participate in a

A-1

meeting of the Committee by means of conference call or similar communication system by means of which all persons participating in the meeting can hear each other.

IV.

Duties and Powers of the Committee: To carry out its purposes, the Committee shall have the following duties and powers:

4. to ensure that the independent auditors prepare and deliver any reports or statements required by any applicable law, rule or regulation or the NYSE;
5. to review the qualifications, performance and independence of the independent auditors, including the "audit partners" of the independent auditors (as such term is defined by the rules and regulations of the Commission), and to discharge the independent auditors when circumstances warrant. When evaluating the independent auditors and its audit partners, the Committee should consider: (a) the opinions of the Company's management and internal auditing department (with whom the Committee may either agree or disagree in the judgment of the Committee); (b) considerations as to independence of the independent auditors, including whether permitted non-audit services are compatible with maintaining the independent auditors' independence; (c) whether the independent auditors' quality controls are adequate; and (d) whether, to assure continuing auditor independence, rotation of the audit partners has occurred in accordance with the rules and regulations of the Commission. The Committee shall present the conclusions of its evaluations of the independent auditors and its audit partners to the independent auditors and the Board; and
6. to review regularly with the independent auditors: (a) any accounting adjustments that were noted or proposed by the independent auditors but were "passed" by management as immaterial or otherwise; (b) any communications between the persons comprising the audit team of the independent auditors and the national office of the independent auditors respecting auditing or accounting issues presented by the engagement; (c) any "management" or "internal control" letter issued, or proposed to be issued, by the independent auditors to the Company; and
