Proxy Statement

*For the Annual Meeting of Stockholders
to be held October 9, 2007*

GENERAL INFORMATION

About this Proxy Statement

This proxy statement is furnished to you in connection with the solicitation of proxies by the Board of Directors of Casella Waste Systems, Inc. for the Annual Meeting of stockholders to be held on Tuesday, October 9, 2007 at 10:00 a.m., local time, at the Killington Grand Hotel, 228 East Mountain Road, Killington, Vermont 05751, including any postponements or adjournments thereof.

The notice of the Annual Meeting, this proxy statement, the Company's annual report to stockholders for the fiscal year ended April 30, 2007 and the enclosed proxy are being mailed to stockholders on or about September 10, 2007.

Voting of Proxies

All shares held by stockholders who are entitled to vote and who are represented at the Annual Meeting by properly executed proxies received by the Company prior to or at the Annual Meeting will be voted in accordance with the instructions indicated on the proxy card, unless it is revoked prior to the vote. If a proxy card does not instruct the Company how to vote, the shares will be voted FOR approval of the proposals set forth in the notice of the Annual Meeting to which this proxy statement is attached.

A proxy may be revoked before it is used to cast a vote. To revoke a proxy, a stockholder must:

- file with the corporate secretary of the Company, at or before the taking of the vote, a written notice of revocation bearing a later date than the proxy;
- duly execute a later dated proxy relating to the same shares and deliver it to the corporate secretary of the Company before the taking of the vote; or
- attend the Annual Meeting and vote in person. Attendance at the Annual Meeting, if a stockholder does not vote, is not sufficient to revoke a proxy.

Any written notice of revocation or subsequent proxy should be sent to the Company at the following address: Casella Waste Systems, Inc., 25 Greens Hill Lane, Rutland, Vermont 05701, Attention: Corporate Secretary.

If a stockholder indicates on a proxy that the shares should be voted FOR approval of the matters presented at the Annual Meeting, the proxy will have discretion to vote the shares on any other matters which are properly presented at the Annual Meeting for consideration, including a motion to adjourn the Annual Meeting to another time or place for the purpose of soliciting additional proxies, unless a stockholder withholds authorization for the proxy to use his discretion.

Stockholders Entitled to Vote

The Company's Board of Directors has fixed August 21, 2007 as the record date for the determination of stockholders entitled to vote at the Annual Meeting. Only holders of record of the Company's voting stock at the close of business on the record date are entitled to notice of and to vote at the Annual

Meeting. On August 21, 2007, there were 24,351,167 shares of Class A common stock and 988,200 shares of Class B common stock outstanding and entitled to vote. Each share of Class A common stock entitles the record holder to one vote on each matter properly submitted for consideration at the Annual Meeting. Each share of Class B common stock entitles the record holder to ten votes on each matter properly submitted for consideration at the Annual Meeting.

Votes Required

The presence, in person or by proxy, of shares representing a majority of the votes entitled to be cast at the Annual Meeting by the holders of Class A common stock and Class B common stock, voting together as a class, is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares of common stock present in person or represented by proxy, including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval, will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

If a broker does not have discretionary voting authority to vote shares for which it is the holder of record as to a particular matter at the Annual Meeting, the shares, although they will be counted in determining whether a quorum is present, cannot be voted by the broker. Accordingly, these broker non-votes and any abstentions would have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the votes cast on a matter, but would be the equivalent of a no vote on any matter which requires the affirmative vote of a certain percentage of shares entitled to vote on a matter.

Election of Directors. Directors are elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting. The three nominees receiving the highest number of affirmative votes of the shares of Class A common stock and Class B common stock voting together as a class, present, in person or represented by proxy, and voting on the election of directors at the Annual Meeting will be elected as Class I directors for a three-year term. Shares represented by proxies received by the Board of Directors and not marked to withhold authority to vote for a nominee will be voted for the election of the nominee. If a stockholder properly withholds authority to vote for the nominee or abstains from voting, such stockholder's shares will not be counted toward the nominee's achievement of a plurality. Broker non-votes, if any, will also not be counted toward the nominee's achievement of a plurality.

Other Matters. The affirmative vote of the holders of Class A common Stock and Class B common Stock voting together as a class representing a majority of votes cast is required for approval of the ratification of Vitale, Caturano & Company, Ltd. as the registered public accounting firm of the Company for the current fiscal year. The affirmative vote of the holders of Class A common Stock and Class B common Stock voting together as a class representing at least seventy-five percent (75%) of the votes which all of the stockholders would be entitled to cast at any election of directors or class of directors (other than an election of the Class A directors) is required for the proposed amendments to the Corporation's Certificate of Incorporation and By-laws. If any matter to be voted upon that is not discussed in this Proxy Statement is presented at the Annual Meeting upon which a vote may be properly taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as proxies in the proxy card.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information as of August 15, 2007 regarding the beneficial ownership of shares of the Company's voting stock by (a) each person or entity known by the Company to own beneficially more than 5% of the outstanding shares of any class of the Company's voting stock, (b) each director and director nominee of the Company, (c) each of the named executive officers of the Company, as described in the Summary Compensation Table below, and (d) the directors and executive officers of the Company as a group.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission, or SEC, and includes generally voting power and/or investment power with respect to securities. Shares of Class A common stock subject to options and/or Class B common stock which are currently exercisable or convertible or which are exercisable or convertible within 60 days after August 15, 2007 are deemed outstanding for purposes of computing the percentage beneficially owned by the person or entity holding such securities but are not deemed outstanding for purposes of computing the percentage beneficially owned by any other person or entity. Except as indicated by footnote, the Company believes that the persons named in this table, based on information provided by these persons, have sole voting and investment power with respect to the securities indicated. Unless otherwise indicated, the address of each executive officer and director of the Company is care of Casella Waste Systems, Inc., 25 Greens Hill Lane, Rutland, Vermont 05701.

The Total Ownership of Equity Securities column reflects each listed individual's or entity's percent beneficial ownership with respect to all voting securities of the Company as of August 15, 2007. This column reflects the conversion of shares of Class B common stock into shares of Class A common stock of the Company. Holders of Class B common stock are entitled to ten votes for each share of Class B common stock that they beneficially own. Each share of Class B common stock is convertible at the discretion of the holder thereof into one share of Class A common stock. As of August 15, 2007, a total of 24,350,842 shares of the Company's Class A common stock were outstanding. All of the Company's Series A Redeemable Convertible Preferred Stock were redeemed in accordance with their terms on August 13, 2007.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and holders of more than 10% of the Company's common stock to file with the SEC initial reports of ownership and reports of changes in ownership of the Company's common stock and other equity securities. Based solely on a review of copies of reports filed pursuant to Section 16(a) and representations made by persons required to file such reports, the Company believes that during the fiscal year ended April 30, 2007 the Company's officers, directors and greater than ten percent owners timely filed all reports they were required to file under Section 16(a), except that one report each was filed late by Mr. David L. Schmitt, Mr. Michael Viani and Mr. Donald A. Wallgren.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company has three classes of directors, currently consisting of three Class I directors, three Class II directors and three Class III directors. At each Annual Meeting, directors are elected for a full term of three years to succeed those whose terms are expiring. The terms of the three classes are staggered in a manner so that stockholders elect only one class annually. The three Class I directors are proposed for election this year to serve as members of the Board of Directors until the 2010 Annual Meeting of stockholders, or until their successors are elected and qualified.

The persons named in the enclosed proxy will vote at the Annual Meeting to elect, as Class I directors, Messrs. James F. Callahan, Jr., Douglas R. Casella and D. Randolph Peeler, the three director nominees named below, unless the proxy is marked otherwise. Messrs. Callahan, Casella and Peeler are currently members of the Board of Directors.

Each of the nominees has indicated his willingness to serve, if elected; however, if any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by the Board of Directors. The Board of Directors has no reason to believe that any of the nominees will be unable to serve if elected. However, Mr. Peeler has been serving as the designee to the Board of Directors of the Series A Redeemable Convertible Preferred Stock, which was redeemed in its entirety on August 13, 2007 pursuant to its terms. As a result of such redemption, Mr. Peeler has indicated a desire to step down as a member of the Board of Directors following such time as the Company identifies a suitable replacement candidate. The Company is currently conducting a search. If the amendments to the Certificate of Incorporation and By-laws set forth in Proposal 2 below are approved by the stockholders at the Annual Meeting, any such person filling the vacancy created by Mr. Peeler's resignation would be subject to election at the 2008 Annual Meeting.

The Board of Directors believes that the election of the director nominees is in the best interests of the Company and of its stockholders and therefore recommends that the Company's stockholders vote FOR this proposal.

Set forth below for each director, including the director nominees, is information as of August 15, 2007 with respect to (a) his name and age, (b) his position and offices at the Company, (c) his principal occupation and business experience during at least the past five years, (d) his directorships, if any, of other publicly held companies and (e) the year he became a director of the Company.

Our Board has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of our Company and our stockholders. These guidelines, which provide a framework for the conduct of the Board's business, provide, among other matters, that:

- the Board's principal responsibility is to oversee the management of our Company;
- a majority of the members of the Board shall be independent directors;
- the independent directors shall meet regularly in executive session;
- directors have full and free access to management and, as necessary and appropriate, independent advisors;
- new directors participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and
- at least annually, the Board and its committees will conduct a self-evaluation to determine whether they are functioning effectively.

Board of Directors Meetings and Attendance

The Board of Directors met six times during the fiscal year ended April 30, 2007 (fiscal 2007), either in person or by teleconference. During fiscal 2007, each director attended at least 75% of the aggregate of the number of meetings of the board and the number of meetings held by all committees on which he then served.

Director Attendance at Annual Meeting of Stockholders

Messrs. John Casella, Bohlig, Douglas Casella and Callahan attended the 2006 Annual Meeting of stockholders. The Company encourages, but has no policy with respect to, attendance of directors at the Annual Meeting.

Board Committees

The Board of Directors has established three standing committees—Audit, Compensation, and Nominations and Governance—each of which operates under a charter that has been approved by the board. In addition, the Compensation Committee has designated two of its members to serve on the Stock Plan Subcommittee.

The Board of Directors has determined that all of the members of each of the board's standing committees and subcommittee are independent as defined under the rules of the NASDAQ Stock Market, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Exchange Act. In addition, all of the members of the Audit Committee otherwise satisfy NASDAQ's eligibility requirements for Audit Committee membership.

Audit Committee

The purpose of the Audit Committee is to assist the Board of Directors' oversight of:

- the integrity of the Company's financial statements;
- the Company's compliance with legal and regulatory requirements;
- the independent auditor's qualifications and independence;
- the performance of the Company's internal audit function and registered public accounting firm; and
- the risk management policies of the Company.

The Audit Committee currently consists of Messrs. Callahan, Peeler and Peters. The Board of Directors has determined that Mr. Callahan is an Audit Committee financial expert as defined in Item 407(d) of Regulation S-K. The Audit Committee held five meetings during fiscal 2007. See Report of the Audit Committee of the Board of Directors.

Compensation Committee and Stock Plan Subcommittee

The Compensation Committee's responsibilities include:

- reviewing executive salaries;
- administering any bonus, incentive compensation and stock option plans of the Company; and
- approving the salaries and certain other benefits of the executive officers of the Company.

The Stock Plan Subcommittee of the Compensation Committee grants stock options and other awards under the Company's stock option plans to executive officers.

The members of the Compensation Committee during fiscal 2007 were Messrs. Doody, Peeler, Peters and McManus. The members of the Stock Plan Subcommittee are Messrs. Peeler and Peters. The Compensation Committee held six meetings during fiscal 2007.

Nominations and Governance Committee

The Nominations and Governance Committee's responsibilities include:

- identifying individuals qualified to become members of the Board of Directors;
- recommending to the Board of Directors persons to be nominated for election as directors;
- developing and recommending to the Board of Directors corporate governance principles applicable to the Company; and
- evaluating the Board of Directors.

The members of the Nominations and Governance Committee are Messrs. Peeler and Peters. The Nominations and Governance Committee held four meetings during fiscal 2007.

Board of Directors Determination of Independence

Edgar Filing: CASELLA WASTE SYSTEMS INC - Form DEF 14A

Under NASDAQ rules, a director of the Company will only qualify as an independent director if, in the opinion of the Company's Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Company's Board of Directors has determined that none of Messrs. Callahan, Chapple, Doody, Peeler, Peters or McManus has a relationship which would interfere with the exercise of independent judgment in

12

carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 4200(a)(15) of the NASDAQ Stock Market, Inc. Marketplace Rules.

The independent members of the Board of Directors have designated Mr. Peters as the lead outside director of the Board of Directors. The lead outside director chairs meetings of the Company's independent directors, meets with any directors who are not adequately performing his or her duties as a member of the Board of Directors or any committee and facilitates communications between the chairman of the Board of Directors and other directors. The lead outside director also works with the chairman of the Board of Directors in preparing agendas for each meeting of the Board of Directors and consults with the chairman of the Board of Directors on matters relating to corporate governance and board performance.

Communicating with the Independent Directors

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The lead outside director, with the assistance of the Company's general counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he or she considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the lead outside director considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which the Company tends to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to: Board of Directors, c/o Corporate Secretary, Casella Waste Systems, Inc., 25 Greens Hill Lane, Rutland, Vermont 05701.

Compensation Committee Interlocks and Insider Participation

None of our executive officers serves as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any entity that has one or more executive officers who serve as members of our board of directors or a compensation committee. None of the members of our compensation committee is an officer or employee of our company, nor have they ever been an officer or employee of our company.

Director Nominations Process

The Nominations and Governance Committee acts under a written charter. The Company has posted a current copy of the charter on its website, which is located at www.casella.com. The process followed by the Nominations and Governance Committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and the board.

In considering whether to recommend any particular candidate for inclusion in the board's slate of recommended director nominees, the Nominations and Governance Committee applies the criteria set forth in the Company's corporate governance guidelines. These criteria include the candidate's integrity, business acumen, knowledge of the Company's business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. The Company believes that the backgrounds and qualifications of its directors, considered as a group,

should provide a composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities.

Stockholders may recommend individuals to the Nominations and Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of the Company's common stock for at least a year as of the date such recommendation is made, to: Nominations and Governance Committee, c/o Corporate Secretary, Casella Waste Systems, Inc., 25 Greens Hill Lane, Rutland, Vermont 05701. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If the Board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in the Company's proxy card for the next Annual Meeting.

Stockholders also have the right to directly nominate director candidates, without any action or recommendation on the part of the Nominations and Governance Committee or the Board of Directors, by following the procedures set forth under Stockholder Proposals for the 2008 Annual Meeting. Candidates nominated by stockholders in accordance with these procedures will not be included in the Company's proxy card for the next Annual Meeting.

Compensation of Directors

Role of Board and Compensation Committee

The form and amount of director compensation is determined by the Board in accordance with the policies and principles set forth below. The Compensation Committee conducts an annual review of the compensation of the Company's directors. The Compensation Committee shall consider that questions as to directors' independence may be raised if director compensation and perquisites exceed customary levels, if the Company makes substantial charitable contributions to organizations with which a director is affiliated or if the Company enters into consulting contracts or business arrangements with (or provides other indirect forms of compensation to) a director or an organization with which the director is affiliated.

Forms of Compensation

The Board believes that directors should be incentivized to focus on long-term stockholder value. Including equity as part of director compensation helps align the interest of directors with those of the Company's stockholders.

The Company seeks to attract exceptional talent to its Board. Therefore, the Company's policy is to compensate directors at least competitively relative to comparable companies. The Company's management shall, from time to time, present a comparison report to the Board, comparing the Company's director compensation with that of comparable companies. The Board believes that it is appropriate for the Chairman of the Board and the chairmen and members of the committees to receive additional compensation for their services in those positions.

Cash Compensation The Company reimburses non-employee directors for expenses incurred in attending Board of Directors and committee meetings. In addition, non-employee directors of the Company currently receive \$6,250 for each fiscal quarter that the non-employee director continues to serve on the Board of Directors, \$1,500 for each meeting of the Board of Directors that the non-employee director attends in person, \$1,000 for each meeting of the Board of Directors that the non-employee director attends by telephone, \$1,000 for each meeting of a committee of the Board of Directors that the non-employee director attends in person and \$500 for each meeting of a committee of the Board of

Directors that the non-employee director attends by telephone. The non-employee director serving as chairman of the Audit Committee receives \$5,000 for each fiscal year and each non-employee director serving as a chairman of other committees of the Board of Directors receives \$3,000 for each fiscal year.

In addition to the compensation described above, Mr. Peters receives \$18,750 for each fiscal quarter that he serves as the lead outside director of the Company.

Equity-Based Compensation The Board believes that each director should acquire and hold shares of Company stock in an amount that is meaningful and appropriate to such director. Therefore, the Board shall establish a target for stock ownership by each director and a time period during which this target is to be met. Each non-employee director receives an option to purchase 7,500 shares of Class A common stock upon the non-employee director's initial election to the Board of Directors. In addition, each incumbent non-employee director receives an additional option to purchase 7,500 shares of Class A common stock at the time of each Annual Meeting of stockholders of the Company, other than directors who were initially elected to the Board of Directors at the Annual Meeting or, if previously, at any time after the prior year's Annual Meeting of stockholders. Each such option is exercisable at a price per share equal to the fair market value of the Company's Class A common stock on the date of grant and vests in three equal annual installments, commencing on the first anniversary of the date of grant, provided that the non-employee director continues to serve as a member of the Board of Directors at the respective vesting date.

Employee Director Compensation Directors who are also employees of the Company receive no additional compensation for Board or committee service.

The Company has also entered into or engaged in certain transactions with directors of the Company or affiliates of directors of the Company. See Certain Relationships and Related Transactions.

The following table provides compensation information for the fiscal year ended April 30, 2007, for each member of our Board of Directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses the principles underlying our executive compensation policies and decisions and the most important factors relevant to an analysis of these policies and decisions. It provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our executives and is intended to place in perspective the data presented in the tables and narrative that follow.

The Role of Our Compensation Committee

The Compensation Committee of the Board of Directors, including its Stock Plan Subcommittee, administers bonus, incentive compensation and stock option plans of the Company, and approves the salaries and other benefits of the executive officers of the Company. In addition, the Compensation Committee consults with the Company's management regarding benefit plans and compensation policies and practices of the Company.

Objectives and Philosophy of Our Executive Compensation Program

The Compensation Committee, including its Stock Plan Subcommittee, seeks to achieve three broad objectives in connection with the Company's executive compensation program. First, the Compensation Committee seeks to reward executives for the achievement of business objectives of the Company. Second, the executive compensation program is intended to provide executives with equity incentives so as to link a portion of the executive's compensation with the future performance of Class A common stock of the Company. Finally, the Compensation Committee structures its executive compensation program so as to enable it to attract and retain key executives.

To ensure retention of qualified management, the Company has entered into employment agreements with each of its executive officers. The employment agreements establish annual base salary amounts that the Compensation Committee may increase. In determining base salaries for the executive officers, the Compensation Committee evaluates the executive's experience, length of service, historical salary level, responsibilities of the specific executive position and performance of the executive. In addition, the Compensation Committee assesses the Company's financial and operational performance for the prior fiscal year and the competitiveness of the Company's executive compensation program and executive compensation packages of comparable companies.

The Compensation Committee also considers general economic conditions and forecasts in evaluating the executive's performance. The Compensation Committee also considers the payment of bonuses as part of its compensation program. In general, the Compensation Committee has tied potential bonus compensation to performance factors, including the executive officer's efforts and contributions towards obtaining Company objectives and the Company's overall growth.

In making compensation decisions, the compensation committee compares our executive compensation against that paid by a peer group of publicly traded companies in the waste management industry developed by the committee. This peer group, which is periodically reviewed and updated by the committee, consists of companies the committee believes are generally comparable to our company and against which the committee believes we compete for executive talent. The companies included in this peer group are Waste Industries USA, Inc. and Waste Connections, Inc.

We compete with many other companies for executive personnel. Accordingly, the compensation committee generally targets overall compensation for executives near the median of compensation paid to similarly situated executives of the companies in the peer group. Variations to this general target may occur as dictated by the experience level of the individual and market factors.

Components of our Executive Compensation Program

The primary elements of our executive compensation program are:

- base salary;
- annual cash incentive bonuses;
- stock option awards; and
- severance and change-of-control benefits.

We do not have any policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, the compensation committee, determines subjectively what it believes to be the appropriate level and mix of the various compensation components.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executives. When establishing base salaries for fiscal 2007, the compensation committee considered the survey data of compensation in the peer group, as well as a variety of other factors, including the executive's experience, length of service, historical salary level and the responsibilities of the specific executive position and performance of the executive. In addition, the Compensation Committee assesses the Company's financial and operational performance for the prior fiscal year and the competitiveness of the Company's executive compensation program and executive compensation packages of comparable companies. Generally, we believe that executive base salaries should be targeted near the median of the range of salaries for executives in similar positions at comparable companies. The minimum base salary is mandated by our employment agreements with our executive officers.

Base salaries are reviewed at least annually by our compensation committee, and are adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

Annual Cash Incentive Bonus

The employment agreements of each of the executive officers provides that each of these employees will be eligible to receive a bonus consisting of cash, stock options or a combination thereof in an amount, if any, to be determined by the Compensation Committee after the conclusion of each fiscal year.

The annual cash incentive bonuses are intended to compensate for the achievement of both company strategic, operational and financial goals and individual performance objectives. Amounts payable under the annual cash incentive bonus plan are calculated as a percentage of the applicable executive's base salary. The corporate targets are given ninety percent weighting and the individual objectives are given a ten percent weighting in the bonus analysis. The corporate targets generally conform to the financial metrics contained in the internal business plan adopted by the board of directors relating to EBITDA, EPS and RONA. Individual objectives are necessarily tied to the particular area of expertise of the employee and their performance in attaining those objectives relative to external forces, internal resources utilized and overall individual effort. The compensation committee approves the company and individual performance goals for each executive, the weighting of various goals for each executive and the formula for determining potential bonus amounts based on achievement of those goals.

The compensation committee works with the chief executive officer to develop corporate and individual goals that they believe can be reasonably achieved with hard work over the next year.

For fiscal 2007, the compensation committee determined that the corporate strategic, operational and financial targets had not been met, and that accordingly the portion of the bonuses attributable to such targets would not be payable. The compensation committee also determined that the executive officers had met their individual performance goals and as a result that a portion of the bonus attributable to such individual goals should be paid in full.

Stock Options

The executive officers are also eligible to receive stock options under the Company's stock incentive plans. The Stock Plan Subcommittee grants stock options and other awards under the Company's stock incentive plans to the executive officers. The use of stock options is a significant element of the compensation packages of the Company's executive officers. The grant of new stock options depends upon a number of factors, including the executives' current stock and stock option holdings and such other factors as the Stock Plan Subcommittee deems relevant.

Our equity awards have typically taken the form of stock options. The compensation committee reviews all components of the executive's compensation when determining annual equity awards to ensure that an executive's total compensation conforms to our overall philosophy and objectives. We intend that the annual aggregate value of these awards will be set near median levels for companies in our compensation peer group.

Typically, the stock options we grant to our executives vest at a rate of 25% per year over the first four years of the ten-year option term. Exercise rights cease shortly after termination of employment except in the case of death or disability. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

In fiscal 2007, Mr. Casella, Mr. Bohlig, Mr. Leonard and Mr. Norris were each granted 30,000 stock options. In granting these stock options, the Stock Plan Subcommittee considered the Company's achievement of financial and operational performance goals. It has been the policy of the Stock Plan Subcommittee to set the exercise price of the stock options at a price that is at least equal to the fair market value of a share of Class A common stock of the Company as of the date of grant.

Benefits and Other Compensation

We maintain broad-based benefits that are provided to all employees, including health and dental insurance, life and disability insurance and a 401(k) plan. The Company contributes fifty cents for every dollar an employee invests in the 401(k) plan up to a maximum Company match of seven-hundred fifty dollars per calendar year. Executives are eligible to participate in all of our employee benefit plans, in each case on the same basis as other employees.

Severance and Change-of-Control Benefits

Pursuant to employment agreements we have entered into with our executives and our 2006 Stock Incentive Plan, our executives are entitled to specified benefits in the event of the termination of their employment under specified circumstances, including termination following a change of control of our company. We have provided more detailed information about these benefits, along with estimates of their value under various circumstances, under the caption "Potential Payments Upon Termination or Change of Control" below.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to a public company for compensation over \$1,000,000 paid to its chief executive officer and its four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, may be deducted if certain requirements are met. The Compensation Committee, including its Stock Plan Subcommittee, reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be in excess of the limit when it believes such payments are appropriate and in the best interests of the Company's stockholders, after taking into consideration changing business conditions and the performance of the Company's employees.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management. Based on this review and discussion, the Compensation Committee recommended to the Company's Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Employment Agreements

Each of John W. Casella, James W. Bohlig, Charles E. Leonard and Richard A. Norris has an employment agreement with the Company. The employment agreements of each of Mr. Casella and Mr. Bohlig commenced as of December 14, 1999. Mr. Leonard's employment agreement commenced as of June 18, 2001 and Mr. Norris' employment agreement commenced as of July 20, 2001. Each agreement had an initial term of three years from the respective commencement date and is automatically renewable for additional terms of one year unless terminated by either party pursuant to the terms of the agreement. Messrs. Casella, Bohlig, Leonard and Norris are each entitled to a specified annual base salary and a cash bonus in an amount, if any, determined by the Compensation Committee of the Company's Board of Directors prior to the conclusion of each fiscal year, and to a severance package upon the termination of their respective employment. Each of Messrs. Casella, Bohlig, Leonard and Norris is also entitled to a bonus consisting of stock options, in an amount, if any, determined by the Stock Plan Subcommittee of the Board of Directors, prior to the conclusion of each fiscal year during the term of their respective agreements. In addition, the Company has agreed to use its best efforts to assure that Mr. Casella and Mr. Bohlig are each elected as a director of the Company. Pursuant to their agreements, in fiscal 2007, the annual base salary of Mr. Casella was \$340,591, the annual base salary of Mr. Bohlig was \$324,991, the annual base salary of Mr. Leonard was \$283,629 and the annual base salary of Mr. Norris was \$271,811.

Messrs. Casella, Bohlig, Leonard and Norris each also agreed not to compete with the Company for a period of two years after the termination of their respective employment terms within 300 miles of any facility operated by the Company during such term of employment. In addition, Messrs. Casella, Bohlig, Leonard and Norris each also agreed that during this two-year period, they will not solicit the Company's customers or accounts or other employees. In the event that Mr. Casella or Mr. Bohlig were to terminate their employment voluntarily and as a result are not entitled to severance, the non-compete would not apply unless the Company continues to pay their base salary.

In the event of a termination of either of Mr. Casella's or Mr. Bohlig's employment without cause, the Company will be required to pay the respective officer an amount equal to (a) three times the sum of (i) his highest base salary paid under the agreement and (ii) the higher of the most recent bonus paid to such officer under his agreement or 50% of his base salary immediately prior to such termination; plus (b) an amount in cash equal to the value of any accrued but unpaid base salary, bonus and vacation pay. In addition, the officer will continue to receive healthcare and other benefits for a period of three years from the date of termination. In the event that Mr. Casella or Mr. Bohlig terminates his employment with the Company following a change of control of the Company in which specified events occur which affect the terms of the respective officer's employment, he will receive the payments described in the preceding two sentences plus an additional payment intended to compensate him for excise taxes payable in connection with the severance payments.

In the event of a termination of Mr. Leonard's employment without cause, the Company will be required to pay him an amount equal to (a) the sum of his highest base salary under the agreement; plus (b) an amount in cash equal to the value of any accrued but unpaid base salary, bonus and vacation pay.

In the event of a termination of Mr. Norris' employment without cause, the Company will be required to pay him an amount equal to (a) (i) his highest base salary paid under the agreement and (ii) the higher of the most recent bonus paid to him under his agreement or 50% of his base salary immediately prior to such termination; plus (b) an amount in cash equal to the value of any accrued but unpaid base salary, bonus and vacation pay.

Any stock options issued by the Company to Mr. Norris would become exercisable in full upon termination without cause. In addition, Mr. Leonard or Mr. Norris will continue to receive benefits for a

period of one year from the date of termination without cause. In the event that Mr. Leonard or Mr. Norris terminates his employment with the Company following a change of control of the Company in which specified events occur which affect the terms of the respective officer's employment, he will receive his respective severance and payments described above, other than acceleration of vesting of stock options by Mr. Norris, plus an additional payment intended to compensate him for excise taxes payable in connection with the severance payments.

For purposes of each agreement discussed above, **cause** means the discharge of the employee resulting from (a) a conviction of a crime involving the Company; (b) an act or omission which has a material adverse effect on the Company; (c) fraud, misappropriation or embezzlement; or (d) the breach of confidentiality, non-competition or other material obligations by the employee.

For purposes of each agreement discussed above, **good reason** means the occurrence of (a) a change in control, accompanied by, or followed within the twelve-month period after a change in control by (b) (i) the assignment to the employee of any duties inconsistent with his status prior to the change in control or which require travel significantly more time-consuming than that required at commencement of the agreement, or (ii) a material adverse alteration in the nature or status of the employee's responsibilities from those provided in the agreement or the transfer of a significant portion of such responsibilities to one or more other persons, or (iii) a material diminution in the employee's compensation.

In fiscal 2007, the Company paid an aggregate of \$15,290 pursuant to this arrangement. As of April 30, 2007, the Company had accrued \$120,251 for costs related to those post-closure obligations.

On March 2, 2000, the Company made a loan to Mr. Bohlig, the Company's president and chief operating officer and a director of the Company. The terms of the loan provide for the payment of interest upon demand. The loan has no fixed repayment terms. Interest on the loan accrues monthly at the prime rate (8.25% at April 30, 2007) and is adjusted on a monthly basis. The Company's loan to Mr. Bohlig was in the aggregate principal amount of \$400,000. All of the members of the Audit Committee are independent as defined by the rules of the NASDAQ Stock Market that apply to the Company and otherwise satisfy NASDAQ's eligibility requirements for Audit Committee membership. The Audit Committee held five meetings during fiscal 2007.

The Audit Committee has reviewed the Company's audited financial statements for the fiscal year ended April 30, 2007 and has discussed these financial statements with the Company's management and the Company's independent auditors.

Statement on Auditing Standards No. 61 requires the Company's independent auditors to discuss with the Company's Audit Committee, among other things, the following:

- Methods to account for significant unusual transactions;
- The effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- The process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- Disagreements, if any, with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*), as adopted by the Public Company Accounting Oversight Board in Rule 3600T. The Audit Committee has discussed with the independent auditors their independence from the Company.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended April 30, 2007.

**PROPOSAL 2 APPROVAL OF AMENDMENT TO THE CERTIFICATE
OF INCORPORATION AND BY-LAWS OF THE COMPANY**

On July 31, 2007, our Board of Directors adopted, subject to shareholder approval, proposed amendments to both the Company's Second Amended and Restated Certificate of Incorporation (our Certificate) and the Second Amended and Restated By-laws (our By-laws). The proposed amendments, copies of which are attached as Annexes A and B to this proxy statement, provide that the term of any director elected by the Board of Directors to fill a vacancy between annual meetings will last until the next annual meeting and until such director's successor has been elected and qualified, or until his earlier death, resignation or removal.

Our Certificate and By-laws each currently provide that a director elected to fill a vacancy shall be elected for the unexpired term of his predecessor in office, if applicable, and a director chosen to fill a position resulting from an increase in the number of directors shall hold office until the next election of the class for which such director shall have been chosen.

The purpose of the proposed amendments is to allow shareholders to vote on the re-election of directors who are appointed to fill vacancies at the next annual meeting following their initial appointment. The directors believe that the amendments reflect the board's commitment to good corporate governance. The amendments are being submitted as a single vote because they are identical. The board believes that the amendments are in the best interests of shareholders and recommends a vote FOR this proposal.

**PROPOSAL 3 RATIFICATION OF THE
SELECTION OF REGISTERED PUBLIC ACCOUNTING FIRM**

On September 11, 2006 the Audit Committee of the Board of Directors dismissed PricewaterhouseCoopers LLP (PwC) as the Company s registered public accounting firm. Also on September 11, 2006 the Audit Committee of the Board of Directors appointed Vitale, Caturano & Company, Ltd. (Vitale, Caturano) as the Company s registered public accounting firm for the remainder of the 2007 fiscal year. At the 2006 Annual Meeting, that selection was ratified by the stockholders. The Company s stockholders are being asked to ratify the appointment of Vitale, Caturano for the fiscal year ended April 30, 2008.

PwC served as the Company s registered public accounting firm for the fiscal years ended April 30, 2005 and 2006 and the interim period ended July 31, 2006. PwC s report on the Company s financial statements for the fiscal years ended April 30, 2005 and 2006 did not contain an adverse opinion or disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope, or accounting principles. During the fiscal years ended April 30, 2005 and 2006, and the subsequent interim period, there were no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure.

During the fiscal years ended April 30, 2005 and 2006, and the subsequent interim period, there were no reportable events with respect to the Company as such term is defined in Item 304(a)(1)(v) of Regulation S-K.

During the fiscal years ended April 30, 2005 and 2006, and the subsequent interim period, the Company did not consult with Vitale, Caturano with respect to the Company regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K. Vitale, Caturano audited the results of the Company s subsidiary Maine Energy Recovery Company, Limited Partnership for the years ended December 31, 2005 and 2006 and the Company s 401(k) plan for the years ended December 31, 2004 and 2005.

The Company provided PwC with a copy of the disclosures contained herein and PwC furnished the Company with a letter addressed to the SEC stating that it agreed with the preceding statements.

A representative of Vitale, Caturano is expected to be present at the Annual Meeting to respond to appropriate questions and to make a statement if he or she so desires. No representatives of PwC are expected to be at the Annual Meeting.

The Board of Directors believes that the selection of Vitale, Caturano & Company, Ltd. as the Company s registered public accounting firm is in the best interests of the Company and of its stockholders and therefore recommends that the Company s stockholders vote FOR this proposal.
