**PART I**

**Item 1. BUSINESS**

**(a) General Development of Business**

Hormel Foods Corporation, a Delaware corporation (the Company), was founded by George A. Hormel in 1891 in Austin, Minnesota, as George A. Hormel & Company. The Company started as a processor of meat and food products and continues in this line of business. The Company name was changed to Hormel Foods Corporation on January 31, 1995. The Company is primarily engaged in the production of a variety of meat and food products and the marketing of those products throughout the United States and internationally. Although pork and turkey remain the major raw materials for its products, the Company has emphasized for several years the manufacturing and distribution of branded, value-added consumer items rather than the commodity fresh meat business. The Company has continually expanded its product portfolio through organic growth, new product development, and acquisitions.

Internationally, the Company markets its products through Hormel Foods International Corporation (HFIC), a wholly owned subsidiary. HFIC has a presence in the international marketplace through joint ventures and placement of personnel in strategic foreign locations such as Australia, Canada, China, Japan, and the Philippines. HFIC also has a global presence with minority positions in food companies in Mexico (Hormel Alimentos, 50% holding) and the Philippines (Purefoods-Hormel, 40% holding), and in a hog production and processing operation in Vietnam (San Miguel Purefoods (Vietnam) Co. Ltd., 49% holding).

On October 26, 2009, the Company completed the formation of MegaMex Foods, LLC (MegaMex), a 50 percent owned joint venture which markets Mexican Foods in the United States. During the Company's fourth quarter of fiscal 2010, MegaMex also acquired Don Miguel Foods Corp., a leading provider of branded frozen and fresh authentic Mexican appetizers, snacks, and hand-held items.

Effective February 1, 2010, the Company also completed the acquisition of the *Country Crock*® chilled side dish business from Unilever United States Inc. This line of microwaveable, refrigerated side dishes complements the Company's *Hormel*® refrigerated entrees and *Lloyd* s® barbeque product lines.

The Company has not been involved in any bankruptcy, receivership, or similar proceedings during its history. Substantially all the assets of the Company have been acquired in the ordinary course of business.

The Company had no significant change in the type of products produced or services rendered, or in the markets or methods of distribution since the beginning of the 2010 fiscal year.

**(b) Segments**

The Company's business is reported in five segments: Grocery Products, Refrigerated Foods, Jennie-O Turkey Store (JOTS), Specialty Foods, and All Other. Net sales to unaffiliated customers and operating profit, and the presentation of certain other financial information by segment, are reported in Note N of the Notes to Consolidated Financial Statements and in the Management's Discussion and Analysis of Financial Condition and Results of Operations of the Annual Stockholder's Report for the fiscal year ended October 31, 2010, incorporated herein by reference.

**(c) Description of Business****Products and Distribution**

The Company's products primarily consist of meat and other food products. The meat products are sold fresh, frozen, cured, smoked, cooked, and canned. The percentages of total revenues contributed by classes of similar products for the last three fiscal years of the Company are as follows:

	<u>October 31, 2010</u>	<u>Fiscal Year Ended October 25, 2009</u>	<u>October 26, 2008</u>
Perishable meat	54.3%	53.9%	53.5%
Poultry	18.7	19.3	19.2
Shelf-stable	17.5	17.3	17.1
Other	9.5	9.5	10.2
	100.0%	100.0%	100.0%

Table of Contents

Reporting of revenues from external customers is based on similarity of products, as the same or similar products are sold across multiple distribution channels such as retail, foodservice, or international. Revenues reported are based on financial information used to produce the Company's general-purpose financial statements.

Perishable meat includes fresh meats, sausages, hams, wieners, and bacon (excluding JOTS products). The Poultry category is composed primarily of JOTS products. Shelf-stable includes canned luncheon meats, shelf-stable microwaveable entrees, stews, chilies, hash, meat spreads, flour and corn tortillas, salsas, tortilla chips, and other items that do not require refrigeration. The Other category primarily consists of nutritional food products and supplements, sugar and sugar substitutes, creamers, salt and pepper products, sauces and salad dressings, dessert and drink mixes, and industrial gelatin products.

Domestically, the Company sells its products in all 50 states. The Company's products are sold through its sales personnel, operating in assigned territories coordinated from sales offices located in most of the larger U.S. cities, as well as independent brokers and distributors. Dedicated sales teams also serve major retail customers and coordinate sales of both Grocery Products and Refrigerated Foods products. As of October 31, 2010, the Company had approximately 660 sales personnel engaged in selling its products. Distribution of products to customers is primarily by common carrier.

Through HFIC, the Company markets its products in various locations throughout the world. Some of the larger markets include Australia, Canada, China, England, Japan, Mexico, Micronesia, the Philippines, and South Korea. The distribution of export sales to customers is by common carrier, while the China operations own and operate their own delivery system. The Company, through HFIC, has licensed companies to manufacture various Company products internationally on a royalty basis, with the primary licensees being Tulip International of Denmark and CJ CheilJedang Corporation of South Korea.

**Raw Materials**

The Company has, for the past several years, been concentrating on processed branded products for consumers with year-round demand to minimize the seasonal variation experienced with commodity-type products. Pork continues to be the primary raw material for Company products. Although the live pork industry has evolved to large, vertically integrated, year-round confinement operations, and supply contracts have become prevalent in the industry, there is still a seasonal variation in the supply of fresh pork materials. The Company's expanding line of processed items has reduced, but not eliminated, the sensitivity of Company results to raw material supply and price fluctuations.

The majority of the hogs harvested by the Company are purchased under supply contracts from producers located principally in Colorado, Idaho, Illinois, Iowa, Kansas, Minnesota, Nebraska, Oklahoma, South Dakota, Texas, Utah, and Wisconsin. The cost of hogs and the utilization of the Company's facilities are affected by both the level and the methods of pork production in the United States. The movement toward year-round confinement operations which operate under supply agreements with processors has resulted in fewer hogs being available on the spot cash market. The Company, like others in the industry, uses supply contracts to manage the effects of this trend and to ensure a stable supply of raw materials. The Company has converted the majority of its contracts to market-based formulas to better match input costs with customer pricing, and all contract costs are fully reflected in the Company's reported financial statements. In fiscal 2010, the Company purchased 94 percent of its hogs under supply contracts. The Company also procures a portion of its hogs through farms that it either owns or operates in Arizona, California, Colorado, Kansas, and Wyoming.

In fiscal 2010, JOTS raised turkeys representing approximately 70 percent of the volume needed to meet its raw material requirements for whole bird and processed turkey products. Turkeys not sourced within the Company are contracted with independent turkey growers. JOTS turkey-raising farms are located throughout Minnesota and Wisconsin.

Production costs in raising hogs and turkeys are subject primarily to fluctuations in feed grain prices and, to a lesser extent, fuel costs. To manage this risk, the Company hedges a portion of its anticipated purchases of grain using futures contracts.

## **Manufacturing**

The Company has four plants that harvest hogs for processing. Quality Pork Processors, Inc. of Dallas, Texas, operates the harvesting facility at Austin, Minnesota, under a custom harvesting arrangement. The Company has six turkey harvest and processing operations, and 39 facilities that produce and distribute other manufactured items. Albert Lea Select Foods, Inc. operates the processing facility at Albert Lea, Minnesota, under a custom manufacturing agreement. Company products are also custom manufactured by several other companies. The following are the Company's larger custom manufacturers: Steuben Foods, Jamaica, New York; Park 100, Kokomo, Indiana; Wells Dairy, Inc., Le Mars, Iowa; Lakeside Packing Company, Manitowoc, Wisconsin; Schroeder Milk, Maplewood, Minnesota; Reichel Foods, Rochester, Minnesota; Power Packaging, St. Charles, Illinois; Tony Downs, St. James, Minnesota; and Reser's Fine Foods, Topeka, Kansas. Exel, Inc., based in Westerville, Ohio, operates distribution centers for the Company in Dayton, Ohio, and Osceola, Iowa.

**Patents and Trademarks**

There are numerous patents and trademarks that are important to the Company's business. The Company holds 11 foreign and 47 U.S.-issued patents. Some of the trademarks are registered and some are not. Some of the more significant owned or licensed trademarks used by the Company or its affiliates are:

HORMEL, ALWAYS TENDER, AMERICAN CLASSICS, AUSTIN BLUES, BANGKOK PADANG, BLACK LABEL, BREAD READY, BÚFALO, CAFÉ H, CALIFORNIA NATURAL, CHI-CHI'S, COMPLEATS, COUNTRY CROCK, CURE 81, CUREMASTER, DAN'S PRIZE, DI LUSSO, DINTY MOORE, DODGER DOG, DON MIGUEL, DOÑA MARIA, DUBUQUE, EMBASA, FARMER JOHN, FAST 'N EASY, GRANDE GOURMET, HERB-OX, HERDEZ, HIBACHI GRILL, HOMELAND, HOUSE OF TSANG, JENNIE-O TURKEY STORE, KID'S KITCHEN, LA VICTORIA, LAYOUT, LITTLE SIZZLERS, LLOYD'S, MAGNIFOODS, MANNY'S, MARRAKESH EXPRESS, MARY KITCHEN, NATURAL CHOICE, NATURASELECT, OLD SMOKEHOUSE, PELOPONNESE, PILLOW PACK, POCO PAC, PREP CHEF, PREMORO, RANGE BRAND, RICO OLE, ROSA GRANDE, SAAG'S, SANDWICH MAKER, SAUCY BLUES, SPAM, SPAMTASTIC, STAGG, TEZZATA, THICK & EASY, VALLEY FRESH, and WRANGLERS.

*Country Crock*® remains a registered trademark of the Unilever Group of Companies and is being used under license.

The Company's patents expire after a term that is typically 20 years from the date of filing, with earlier expiration possible based on the Company's decision to pay required maintenance fees. As long as the Company intends to continue using its trademarks, they are renewed indefinitely.

**Customers and Backlog Orders**

During fiscal year 2010, sales to Wal-Mart Stores, Inc. (Wal-Mart) represented approximately 13 percent of the Company's revenues (measured as gross sales less returns and allowances), the same percentage as fiscal year 2009. Wal-Mart is a customer for all five segments of the Company. The five largest customers in each segment make up approximately the following percentage of segment sales: 46 percent of Grocery Products, 36 percent of Refrigerated Foods, 43 percent of JOTS, 42 percent of Specialty Foods, and 24 percent of All Other. The loss of one or more of the top customers in any of these segments could have a material adverse effect on the results of such segment. Backlog orders are not significant due to the perishable nature of a large portion of the products. Orders are accepted and shipped on a current basis.

**Competition**

The production and sale of meat and food products in the United States and internationally are highly competitive. The Company competes with manufacturers of pork and turkey products, as well as national and regional producers of other meat and protein sources, such as beef, chicken, and fish. The Company believes that its largest domestic competitors for its Refrigerated Foods segment in 2010 were Tyson Foods and Smithfield Foods; for its Grocery Products segment, ConAgra Foods, General Mills, and Campbell Soup Co.; and for JOTS, Cargill, Inc. and Butterball, LLC.

All segments compete on the basis of price, product quality, brand identification, breadth of product line, and customer service. Through aggressive marketing and strong quality assurance programs, the Company's strategy is to provide higher quality products that possess strong brand recognition, which would then support higher value perceptions from customers.

The Company competes using this same strategy in international markets around the world.

### **Research and Development**

Research and development continues to be a vital part of the Company's strategy to extend existing brands and expand into new branded items. The expenditures for research and development for fiscal 2010, 2009, and 2008, were approximately \$27.6 million, \$25.4 million, and \$22.7 million, respectively. There are 112 employees engaged in full time research and development, 50 in the area of improving existing products and 62 in developing new products.

### **Employees**

As of October 31, 2010, the Company had approximately 19,300 active domestic and foreign employees.
