Item 7.01

Regulation FD Disclosure.

On October 31, 2014, The Macerich Company (the "Company") sold South Towne Center, a 1,278,000 square foot regional shopping center in Sandy, Utah with annual tenant sales of \$344 per square foot, for \$205 million. The Company initially used the proceeds from the sale to pay down its line of credit and for general corporate purposes. Consistent with the Company's active portfolio management strategy of recycling capital from non-core asset sales into its core portfolio, the proceeds from this disposition will ultimately be used to fund the Company's growing pipeline of expansion, densification and redevelopment opportunities at a number of its highly-productive existing centers. As of September 30, 2014, the Company's in-process pipeline of such projects was approximately \$549 million with a shadow pipeline of approximately \$220-\$240 million.
