Since we will not in fact file our proxy statement within 120 days from the end of our fiscal year, we are filing this Amendment No. 1 solely for the purpose of providing the information required by Items 10, 11, 12, 13 and 14 of Part III of Form 10-K. Unless otherwise expressly stated, this Amendment No. 1 does not reflect events occurring after the filing of the original Form 10-K, or modify or update in any way disclosures contained in the original Form 10-K.

Ward and J. Thomas Bentley, each of whom are independent as that term is defined under the applicable Nasdaq Stock Market listing standards.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the Nasdaq National Market. Executive officers, directors and greater than ten percent shareholders are required by Securities and Exchange Commission regulations to furnish Nanometrics with copies of all Section 16(a) forms that they file. Based solely on its review of the copies of such forms received by it or written representations from certain reporting persons, we believe that, with the exception of Quentin Wright, during the fiscal year ended December 31, 2005, our executive officers, directors and greater than 10% shareholders complied with all applicable filing requirements. Mr. Wright failed to timely report his initial statement on Form 3 and an option grant on Form 4.

Code of Ethics

We have adopted a code of business conduct and ethics that applies to all officers and employees. We posted our code of business conduct and ethics on our website at www.nanometrics.com. We intend to disclose any amendment to the provisions of the code of business conduct and ethics that apply specifically to officers by filing such information on a Current Report on Form 8-K with the SEC, to the extent such filing is required by The Nasdaq Stock Market's listing requirements; otherwise, we will disclose such waiver by posting such information on our website.

Stock Options Granted in the Fiscal Year Ended December 31, 2005

The following table sets forth information with respect to stock options granted during the fiscal year ended December 31, 2005 to each of the Named Officers. Options were granted under Nanometrics' 2000 Stock Option Plan and 2005 Stock Option Plan. The potential realizable value amounts in the last two columns of the following chart represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. The assumed 5% and 10% annual rates of stock price appreciation from the date of grant to the end of the option term are provided in accordance with rules of the SEC and do not represent Nanometrics' estimate or projection of the future common stock price. Actual gains, if any, on stock option exercises are dependent on the future performance of the common stock, overall market conditions and the option holder's continued employment through the vesting period.

Compensation of Directors

Directors who are not also employees of Nanometrics receive an annual retainer fee of \$5,000, plus \$1,000 for each board and committee meeting attended. Directors are also eligible to participate in the company's Directors' Stock Option Plan. Each audit committee member receives an additional \$3,000 annual retainer and \$500 for attending quarterly earnings release conference calls. Additionally, the audit committee chairman receives an incremental \$2,000 retainer for serving in such capacity.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

Pursuant to the terms of an agreement between Nanometrics and Vincent J. Coates, the Chairman of the Board of Nanometrics, dated May 1, 1985, as amended and restated in August 1996 and April 1998, Nanometrics is obligated to continue to pay Mr. Coates his salary and benefits for five years from the date of his resignation in the event Mr. Coates is required to resign as Chairman of the Board under certain circumstances, including a change of control.

In April 1998, Nanometrics entered into an agreement with John D. Heaton pursuant to which Nanometrics agreed to pay Mr. Heaton his annual salary (excluding bonuses) for a period of one year from the date that he is required or requested for any reason not involving good cause, including a change of control, to involuntarily relinquish his positions with Nanometrics as President, Chief Executive Officer and director. If Mr. Heaton leaves Nanometrics voluntarily, or if he is asked to leave under certain circumstances, no such severance payment is required.

In March 1995, Nanometrics entered into an agreement with Roger Ingalls, Jr. pursuant to which Nanometrics agreed to pay Mr. Ingalls his annual salary (excluding bonuses) for a period of 120 days from the date he is terminated without cause.

In September 2005, Douglas J. McCutcheon became Executive Vice President, Finance and Administration and Chief Financial Officer of Nanometrics. Nanometrics agreed to pay Mr. McCutcheon an annual base salary of \$285,000. Mr. McCutcheon also received a hiring bonus of \$25,000 and was granted options to purchase 150,000 shares of Nanometrics common stock. Furthermore, Nanometrics agreed to pay Mr. McCutcheon 12 months of continued salary at his then-effective annual rate if Nanometrics terminates him for any reason other than for good cause, provided that Mr. McCutcheon executes a general release. Termination for good cause, as used in the foregoing sentence, shall only occur if Mr. McCutcheon commits misconduct, unjustifiably neglects his duties, or acts in a way that has a direct, substantial and adverse effect on Nanometrics or its reputation.

Compensation/Stock Option Committee Interlocks and Insider Participation

Messrs. Edmond Ward, J. Thomas Bentley and Stephen Smith served on the Compensation Committee during 2005. No member of such Compensation Committee is or was at any time an officer or employee of Nanometrics or any of its subsidiaries. During 2005, none of our executive officers served on the compensation committee or board of any other company whose executive officers serve as a member of our board or compensation committee.

Report of the Compensation/Stock Option Committee of the Board of Directors

The following is the report of the compensation/stock option committee of our board of directors describing compensation policies and rationales applicable to certain of our executive officers with respect to the compensation paid to such executive officers for the fiscal year ended December 31, 2005. The information contained in such report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act or Exchange Act, except to the extent that we specifically incorporate it by reference into such filing.

General. The compensation/stock option committee is responsible for making recommendations to the board of directors with respect to cash compensation levels for certain of our executive officers. During fiscal year ended December 31, 2005, the compensation/stock option committee also was responsible for determining levels of equity-based compensation for our employees.

Compensation Philosophy. The compensation/stock option committee makes recommendations as to the salaries of certain of the executive officers by considering (i) the salaries of executive officers in similar positions at comparably-sized peer companies, (ii) our financial performance over the past year based upon revenues and operating results and (iii) the achievement of individual performance goals related to each executive officer's duties and areas of responsibility. The compensation/stock option committee makes recommendations as to the levels of cash bonuses awarded to certain of our executive officers and views such bonuses as being an integral part of its performance based compensation program. Such bonuses are based on our profits and are determined as a percentage of the officer's salaries.

Equity-Based Compensation. The compensation/stock option committee views stock options as an important part of its long-term, performance-based compensation program. The compensation/stock option committee grants stock options to all employees of Nanometrics under its 2005 Stock Option Plan, 2000 Stock Option Plan and 2002 Nonstatutory Stock Option Plan based upon the committee's estimation of each employee's contribution to our long-term growth and profitability. The stock options are intended to provide additional incentives to the executive officers to maximize shareholder value. Options are granted under the 2005 Stock Option Plan, 2000 Stock Option Plan and 2002 Nonstatutory Stock Option at the then-current market price and are generally subject to three-year vesting periods to encourage key employees to remain with us.

Compensation of the Chief Executive Officer. The compensation/stock option committee has reviewed all components of the chief executive officer's compensation, including salary, bonus, equity, stock options, and the obligations under our change of control severance agreement with Mr. Heaton.

Based on this review, the compensation/stock option committee found Mr. Heaton's total compensation (and, in the case of the change of control severance agreement, potential payout) in the aggregate to be reasonable and not excessive. Furthermore, as Mr. Heaton made valuable contributions during the fiscal year ended January 1, 2005, the compensation/stock option committee determined that an increase to the base salary of the chief executive officer would be appropriate. It should be noted that when the compensation/stock option committee considers any component of the chief executive officer's total compensation, the aggregate amounts and mix of all the components, including accumulated (realized and unrealized) option gains are taken into consideration in the compensation/stock option committee's decisions.

Section 162(m). We intend that awards granted under our 2005 Stock Option Plan, 2000 Stock Option Plan and 2002 Nonstatutory Stock Option be deductible by us under Section 162(m) of the Internal Revenue Code of 1986, as amended.

Audit Committee Pre-Approval Policy

Pursuant to our audit committee charter, our audit committee must pre-approve all audit and non-audit services, and the related fees, provided to us by our independent auditors, or subsequently approve non-audit services in those circumstances where a subsequent approval is necessary and permissible under the Exchange Act or the rules of the Securities and Exchange Commission.
