ITEM 5.02 DEPARTURE OF DIRECTORS OR PRINCIPAL OFFICERS; ELECTION OF DIRECTORS; APPOINTMENT OF PRINCIPAL OFFICERS; COMPENSATORY ARRANGEMENTS OF CERTAIN OFFICERS.

On January 24, 2007, Mr. David F. Lamere (the Executive), Vice Chairman of Mellon Financial Corporation (the Corporation), and the Corporation entered into amendments to his Change in Control Severance Agreement and various equity award agreements.

The amendments to Mr. Lamere's Change in Control Severance Agreement (i) eliminate the Executive's ability to receive severance benefits by voluntarily terminating employment for any reason during the 13th month following a Change in Control based upon the transaction (the Transaction) contemplated by the Agreement and Plan of Merger by and between the Corporation and The Bank of New York Company, Inc., dated as of December 3, 2006 (the Merger Agreement), as previously filed on Form 8-K dated December 7, 2006 (File No. 001-07410); and (ii) modify the Good Reason definition within the agreement to accommodate and permit changes in the Executive's initial position following the Transaction. The Executive would remain eligible to receive severance benefits if his employment is terminated under certain circumstances within three years following a Change in Control based upon the Transaction or other change in control. The amendments also include changes necessary for compliance with Internal Revenue Code Section 409A and include a gross-up payment to the extent the Executive incurs additional taxes as a result of such amendments. The approximate value of the potential severance eliminated by these amendments assuming the Executive is not terminated under circumstances providing for severance under the amended agreement (based on the formula in the Change in Control Severance Agreement, which is three times the Executive's highest rate of base pay in the last 12 months plus three times the highest bonus paid (or estimated to be paid) to the Executive in the last three years) is \$7,500,000.

The Executive has also agreed with the Corporation to eliminate the automatic vesting of stock options and restricted stock, including performance-based restricted stock awards, upon a Change in Control based upon the Transaction, and to defer receipt of certain performance share awards that would otherwise have become payable in connection with the Transaction. The amendments also provide that the above-referenced stock options and restricted stock awards (including performance share awards) would vest upon a termination without cause or for good reason within the three year period following the occurrence of the Change in Control based upon the Transaction. The approximate value of the unvested equity awards described above which, but for the amendments, would otherwise vest in connection with the Transaction is \$4,673,600. These awards will remain outstanding and continue to vest in accordance with their terms other than those amended as described above.

The amendments that were executed by the Executive do not amend any benefits that would become vested or payable in connection with a change in control other than a Change in Control based upon the Transaction.

The Corporation has agreed to recommend to the Compensation and Management Succession Committee of the Corporation's Board of Directors at its meeting in February 2007 additional equity awards, in the form of stock options and/or restricted stock valued at \$600,900. These awards are intended for retention purposes and to help mitigate the loss of the economic value of the immediate vesting being waived (as described above). The awards would vest upon the third anniversary of the closing of the Transaction or, if earlier, upon the Executive's termination of employment after closing of the Transaction by reason of death, disability, resignation for good reason or termination other than for cause.

In addition, at the organizational meeting of the Human Resources and Compensation Committee of The Bank of New York Mellon Corporation, the entity contemplated to survive in the Transaction under the Merger Agreement (Newco), there will be proposed an equity incentive award for Mr. Lamere in an amount equal to 1.5 times his base salary and 2006 bonus, or target amount, if greater. The amount of this equity incentive award is currently estimated to be \$3,750,000. The award by Newco would be designed to vest upon the third anniversary of the closing of the Transaction or, if earlier, upon his termination of employment after closing of the Transaction by reason of death, disability, resignation for good reason or termination other than for cause. Also, the award by Newco for Mr. Lamere would be subject to conditions relating to non-solicitation of Newco customers and employees following a termination of employment and would require advance notice to Newco of any voluntary termination of employment that would occur within a specified period following the closing of the Transaction, and any failure to comply with such conditions would require repayment of the award to Newco.

The benefits described in the preceding paragraph for Mr. Lamere would be in addition to the base salary, bonus and other incentive compensation that may be awarded to him by Newco under its annual and long-term incentive compensation plans.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The information presented herein may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based upon our current beliefs and expectations and are subject to significant risks and uncertainties. The following risks, among others, could cause actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: (1) the businesses of The Bank of New York Company, Inc. and Mellon Financial Corporation may not be integrated successfully or the integration may be more difficult, time-consuming or costly than expected;

(2) the combined company may not realize, to the extent or at the time we expect, revenue synergies and cost savings from the transaction; (3) revenues following the transaction may be lower than expected as a result of losses of customers or other reasons; (4) deposit attrition, operating costs, customer loss and business disruption following the transaction, including difficulties in maintaining relationships with employees, may be greater than expected; (5) governmental approvals of the transaction may not be obtained on the proposed terms or expected timeframe; (6) The Bank of New York Company, Inc. or Mellon Financial Corporation's shareholders may fail to approve the transaction; (7) a weakening of the economies in which the combined company will conduct operations may adversely affect our operating results; (8) the U.S. and foreign legal and regulatory framework could adversely affect the operating results of the combined company; and (9) fluctuations in interest rates, currency exchange rates and securities prices may adversely affect the operating results of the combined company. Additional factors that could cause The Bank of New York Company, Inc. or Mellon Financial Corporation's results to differ materially from those described in the forward-looking statements can be found in The Bank of New York Company, Inc. and Mellon Financial Corporation's reports (such as Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K) filed with the Securities and Exchange Commission and available at the SEC's Internet site (<http://www.sec.gov>).
