Report of Independent Registered Public Accounting Firm

To the Participants and Employee Benefits Administration Committee of

American Express Retirement Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of American Express Retirement Savings Plan (the Plan) at December 31, 2008 and 2007, and the changes in net assets available for benefits for the year ended December 31, 2008 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2008 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

1. Description of the Plan

General

The American Express Retirement Savings Plan, (the Plan), formerly known as the American Express Incentive Savings Plan, which became effective June 11, 1973, is a defined contribution pension plan. The Plan name change was effective July 1, 2007. Under the terms of the Plan, regular full-time and certain part-time employees of American Express Company and its participating subsidiaries (the Company) can make elective contributions to the Plan beginning as soon as practicable after their date of hire and are eligible to receive Company contributions, if any, upon completion of one year of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following is not a comprehensive description of the Plan, and therefore, does not include all situations and limitations covered by the Plan. The Plan Document should be referred to for more complete information. In the event of a conflict between the following description and the Plan Document, the Plan Document shall control.

Effective July 1, 2007, certain provisions of the Plan were amended as more fully described throughout Note 1.

Administration

In April 2007, Wachovia Bank, N.A. replaced Ameriprise Trust Company (ATC) (a wholly-owned subsidiary of Ameriprise Financial, Inc. (Ameriprise)) as the Trustee and Record keeper for the Plan. On December 31, 2008, Wachovia Corporation became part of Wells Fargo & Company. The Plan is administered by the Company s Employee Benefits Administration Committee (EBAC), and the Company s Retirement Savings Plan Investment Committee (RSPIC). The Plan Document requires that the American Express Company Stock Fund be offered as an investment option. RSPIC has the power to select the other investment options available under the Plan and the manner in which certain investments of the Plan are invested. Subject to Plan limits, RSPIC has the power to appoint investment managers to make investment decisions. The members of EBAC are appointed by the Chief Executive Officer as authorized by the Compensation and Benefits Committee of the Board of Directors of the Company. The members of RSPIC are set forth in the Plan Document.

Compensation

Participant compensation, used in the calculation of Plan contributions, was generally defined as an employee s base pay through June 30, 2007 and was changed effective July 1, 2007 to generally include base pay plus overtime, shift differentials, and most commissions and incentives. Effective January 1, 2008, for purposes of calculating Company contributions, for participants above certain salary grades as defined by the Plan, compensation does not include any incentive pay which, in the aggregate, is in excess of one times their base salary.

For purposes of the Plan, compensation is limited to a participant s regular cash remuneration up to a maximum of \$230,000 and \$225,000 in 2008 and 2007, respectively, before tax deductions and certain other withholdings.

4

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

1. Description of the Plan (continued)

Contributions

The Plan currently provides for the following contributions:

Elective Contributions

Each pay period, participants may make before-tax contributions, after-tax contributions (up to 10% of eligible compensation), or a combination of both, not to exceed 80% of their compensation to the Plan through payroll deduction. The Internal Revenue Code of 1986, as amended (the Code) imposes a limitation (adjusted annually for cost of living increases) on participants before-tax contributions to plans, which are qualified under Code Section 401(k), and other specified tax favored plans. For both 2008 and 2007, this limit was \$15,500 for participants under age 50 and \$20,500 for participants over age 50. The Plan complied with nondiscrimination requirements under the Code for 2008 and 2007.

Company Matching Contributions

Except as described in the following paragraph, the Company matches 100% of participants before-tax contributions quarterly up to 5% of compensation after a participant s completion of one year of service.

Effective July 1, 2007, for all eligible Global Travel Services participants, the Company matches 100% of participants before-tax contributions up to 4% of compensation upon a participant s completion of one year of service. Global Travel Services employees are generally those participants employed within Global Travel Services (Global Business Travel and Global Foreign Exchange Services) who were younger than age 40 on December 31, 2005, or who had less than five years of service on December 31, 2005, regardless of age. Prior to July 1, 2007, the Company matched 100% of eligible participants before-tax contributions up to 3% of compensation and 50% of Global Travel Services employees before-tax contributions up to 3% of compensation.

A participant must be employed by the Company on the last working day of the quarter to receive Company Matching Contributions.

Profit Sharing Contributions

Upon a participant s completion of one year of service, additional Company contributions of 0-5% of the participant s compensation may be made annually at the Company s discretion which can be based, in part, on the Company s performance. Participants must be employed on the last working day of the Plan year (or be disabled under the terms of the Plan) to be eligible for any Profit Sharing Contributions made for that plan year. Profit Sharing Contributions to eligible participants are made regardless of whether the eligible participant contributes to the Plan. Profit Sharing Contributions for employees other than eligible Global

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

1. Description of the Plan (continued)

Travel Services (Global Business Travel and Global Foreign Exchange Services) participants were 2.25% and 4.25% of compensation in 2008 and 2007, respectively. Eligible Global Travel Services (Global Business Travel and Global Foreign Exchange Services) participants received Profit Sharing Contributions equal to 1.00% and 2.50% of compensation in 2008 and 2007, respectively.

Prior to July 1, 2007, Profit Sharing Contributions were on base salary only with a range from 0-7% of base pay.

Qualified Non-elective Contributions

Effective January 1, 2008, the Company may make Qualified Non-elective Contributions (QNEC). A QNEC is a discretionary, fully vested contribution. The Company may designate all or part of a Company Profit Sharing Contribution as a QNEC. Alternatively, the Company may, in its sole discretion, make an additional contribution designated as QNEC. Any QNECs are fully vested when made and distributable only under circumstances that permit distributions of before-tax contributions (excluding hardship withdrawals). QNECs may be allocated as a uniform percentage of eligible compensation for designated employees and may be restricted to only such employees employed on the last day of the plan year. Alternatively, the Company may direct that QNECs be allocated among specifically designated non-highly compensated employees in varying percentages of compensation as permitted by law.

Company Stock Contributions

Prior to July 1, 2007, upon a participant s completion of one year of service, in addition to the Company Matching Contributions and Profit Sharing Contributions above, the Company contributed to the Plan on a quarterly basis 1% of each eligible participant s base salary, regardless of whether the eligible participant contributed to the Plan. This contribution was initially invested in the American Express Company Stock Fund, but could be immediately moved to another investment offering under the Plan. A participant needed to be employed by the Company on the last working day of the quarter to receive any Company Stock Contributions. Effective July 1, 2007, the Company discontinued Company Stock Contributions.

Conversion Contributions

For eligible employees on the Company s United States payroll (or on unpaid leave of absence) on July 1, 2007 and who generally commenced service prior to April 1, 2007, the Company makes Conversion Contributions equal to a percentage of compensation. The amount of the participant s Conversion Contributions is based on their projected attained age plus completed years of service with the Company as of December 31, 2008 and varies depending on the division of employment. Conversion Contributions will range from 0-8% of compensation.

Disability Contributions

Effective July 1, 2007, certain qualifying participants who become disabled (as defined in the Plan) are eligible to receive contributions similar to Company Conversion, Profit Sharing and/or Matching Contributions.

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

1. Description of the Plan (continued)

Suspension of Company Contributions into the Plan

For pay periods beginning on or after March 30, 2009, the Company suspended Company Matching Contributions and Company Conversion Contributions to the Plan. Company Conversion Contributions continue for eligible employees who are considered retirement eligible, generally meaning those employees who will be at least 55 years old and have at least 10 years of service as of December 31, 2009. Company Matching Contributions continue for eligible employees who were hired pursuant to the requirements of the Asset Purchase Agreement dated as of March 26, 2008, among General Electric Capital Corporation, GE Capital Financial Inc., General Electric Company, American Express Travel Related Services Company, Inc. and American Express Bank, FSB. The contributions to certain disabled participants described above also continue.

Transfer of Account Balances

Participants account balances may be transferred among the Plan s investment options upon receipt of instructions from the participant.

Participant Rollovers

A Rollover is a transfer to the Plan of a qualified distribution in accordance with the provisions of the Plan. Rollovers are accepted into the Plan, but are not subject to Company Matching, Profit Sharing or Conversion Contributions.

Vesting and Forfeitures

Participants are immediately vested in their elective before-tax and after-tax contributions, rollovers, if any, and Company Stock Contributions made by the Company prior to July 1, 2007, and investment earnings on the foregoing. Other contributions become vested as set forth below:

Company Matching Contributions

If a participant is eligible for Conversion Contributions, his or her Matching Contributions and investment earnings thereon, are always 100% vested.

If a participant is not eligible for Conversion Contributions, his or her Matching Contributions and investment earnings thereon made for payroll periods ending after July 1, 2007, are 100% vested after three years of service (as defined in the Plan), or if he or she retires at or after age 65, becomes disabled or dies.

Profit Sharing Contributions

All Profit Sharing Contributions and investment earnings thereon for the 2007 calendar year and later (which are generally contributed to the Plan in 2008 and later) are 100% vested after three years of service, or upon retirement at or after age 65, disability or death.

All pre-2007 calendar year Profit Sharing Contributions and investment earnings thereon for participants that were actively employed by the Company on July 1, 2007, become 100% vested after three years of service, or upon retirement at or after age 65, disability, or death.

7

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

1. Description of the Plan (continued)

If a participant was not employed by the Company on July 1, 2007, and has not been rehired after that date, any Profit Sharing Contributions and investment earnings thereon become 100% vested after five years of service or upon retirement at or after age 65, disability or death.

Qualified Non-elective Contributions

Any Qualified Non-elective Contributions are always 100% vested as soon as they are deposited into the RSP. *Conversion Contributions*

All Company Conversion Contributions and investment earnings thereon are 100% vested after three years of service, or upon retirement at or after age 65, disability or death.

Disability Contributions

Any Disability Contributions are always 100% vested.

Unallocated forfeited account balances were \$2,173,121 and \$2,400,310 as of December 31, 2008 and 2007, respectively. Forfeitures are used to pay administrative expenditures or to reduce future Company contributions. Profit Sharing Contributions made to the Plan were reduced by \$2,190,000 and \$1,800,000 from forfeited account balances in 2008 and 2007, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and plan assets will be distributed in accordance with the Plan Document.

Loan Program

Participants are allowed to apply for a loan from the Plan for a minimum amount of \$500 up to the lesser of \$50,000 or 50% of their vested balance, subject to certain restrictions set forth in the Plan and the Code. General purpose loans are limited to terms of 59 months. Loans to purchase a principal residence have a maximum term of 359 months. Loan repayment amounts, including principal and interest, are deducted each pay period and allocated to participants investment accounts in accordance with the election in effect for new contributions at the time of repayment.

Loans are collateralized by the participant s remaining vested account balance and the interest rate is fixed based on the prime rate for the month prior to the month in which the loan request is being processed. In the event of a loan default, EBAC may direct the Trustee to treat the outstanding loan balance as an early withdrawal of funds from the Plan, thereby subjecting the participant to income tax plus any penalties imposed by the Code based on the loan balance. Loans to participants at December 31, 2008 were at interest rates varying from 4.0% to 10.5% and will mature at various dates through October 2038.

Tax Deferrals

Edgar Filing: AMERICAN EXPRESS CO - Form 11-K

As long as the Plan remains qualified and the related Trust (the Trust) remains tax exempt, amounts invested in the Plan through participant and Company contributions and Rollovers, as well as the investment earnings on such amounts, are not subject to federal income tax until distributed to the participant.

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

1. Description of the Plan (continued)

Distributions and Withdrawals

Upon disability, death or retirement at or after attaining the Plan's normal retirement age (65), participants or their beneficiaries are eligible to receive a distribution of the full value of their accounts. If employment ends for other reasons, participants are eligible to receive a distribution of their vested account balance. If employment ends, participants (or their beneficiaries) may elect to receive their vested balance as a lump sum cash amount, American Express Company common shares, shares of any investment available through the Self-Managed Brokerage Account (SMBA), or a combination of cash and shares. If the account balance is greater than \$1,000, a participant may elect to defer distribution until the April of the year following the year in which the participant attains age 70-1/2. If the account balance is \$1,000 or less, a distribution will be made in a lump sum following the end of employment. Participants may request a withdrawal of all or a portion of their vested account balance subject to limitations under the terms of the Plan and certain tax penalties imposed by the Code.

Expenses

The Company and the participants share the costs of administering the Plan. The Company currently pays certain administrative expenses such as audit and legal fees. Expenses related to investment funds, for example, investment management fees, brokerage commissions, stock transfer, or other taxes and charges incurred in the purchase or sale of investments, are generally paid out of the applicable investment funds. Fees, commissions, and other charges and administrative expenses that are attributable to the investment funds as a whole are generally paid from the Trust. These expenses are included within net appreciation/(depreciation) in fair value of investments on the Statement of Changes in Net Assets Available for Benefits. These expenses were \$8,088,958 for the year ended December 31, 2008. Certain expenses of the SMBA may be charged directly to a participant s account. In the future, the Company may pass on additional costs to Plan participants to the extent permitted under the Code and ERISA.

2. Summary of Significant Accounting Policies

Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America and include the use of management estimates. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis. As required by the Plan, all dividend and interest income is reinvested into the same investment funds in which the dividends and interest income arose with the exception of the American Express Company Stock Fund which is an Employee Stock Ownership Plan (ESOP). The ESOP holds shares of American Express Company stock on behalf of participants. Dividends are automatically reinvested in the Fund, unless participants elect that the dividends paid with respect to their interest in the Fund are to be distributed in cash and recorded as withdrawal payments.

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

2. Summary of Significant Accounting Policies (continued)

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Fair Value Measurements

On January 1, 2008 the Plan adopted the effective provisions of Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standard (SFAS) No. 157, Fair Value Measurements (SFAS No. 157). SFAS No. 157 applies broadly to financial and non-financial assets and liabilities reported or disclosed at fair value under existing authoritative accounting pronouncements. FASB Staff Position (FSP) FAS 157-2, Effective Date of FASB Statement No. 157 (FSP FAS 157-2), delays the effective date of SFAS No. 157 for non-financial assets and non-financial liabilities, except for items that are recognized or disclosed at fair value in the Plan's financial statements on a recurring basis (at least annually), until its fiscal year beginning after November 15, 2008, including interim periods within that fiscal year (January 1, 2009 for the Plan). In accordance with FSP FAS 157-2, the Plan has partially adopted SFAS No. 157. The Plan currently does not have any non-financial assets or non-financial liabilities that are measured at fair value on a non-recurring basis.

The Plan s partial adoption of SFAS No. 157 did not result in significant changes to the valuation techniques it had previously used to measure the fair value of its investments. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date, and is based on the Plan s principal or most advantageous market for the specific asset or liability. The partial adoption of SFAS No. 157 did not have a material impact on the Plan s net assets or changes in net assets.

SFAS No. 157 established a three-level hierarchy of valuation techniques used to measure fair value, defined as follows:

Unadjusted Quoted Prices (Level 1) - The fair value of an asset or liability is based on unadjusted quoted prices, in active markets for identical assets or liabilities. An example would be a marketable equity security that is actively traded on the New York Stock Exchange.

Pricing Models with Significant Observable Inputs (Level 2) - The fair value of an asset or liability is based on information derived from either an active market quoted price, which may require further adjustment based on the attributes of the financial asset or liability being measured, or an inactive market transaction. Circumstances when adjustments to market quoted prices may be appropriate include (i) a quoted price for an actively traded equity investment that is adjusted for a contractual trading restriction, or (ii) the fair value derived from a trade of an identical or similar security in an inactive market.

10

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

2. Summary of Significant Accounting Policies (continued)

Pricing Models with Significant Unobservable Inputs (Level 3) - The fair value of an asset or liability is primarily based on internally derived assumptions surrounding the timing and amount of expected cash flows for the financial instrument. Therefore, these assumptions are unobservable in either an active or inactive market.

The level in the fair value hierarchy to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurement. For example, if an asset or liability is valued based on observable inputs (e.g., Level 2) as well as unobservable inputs (e.g., Level 3), and the unobservable inputs insignificantly contributed to the determination of fair value, it is classified in Level 2 of the fair value hierarchy.

The Plan s valuation techniques used to measure the fair value of its investments may produce fair values that may not be indicative of a future sale, or reflective of future fair values. The use of different techniques to determine the fair value of these types of investments could result in different estimates of fair value at the reporting date. SFAS No. 157 was adopted by the Plan on January 1, 2008; therefore, classification of the Plan s investments pursuant to the fair value hierarchy is applicable only to the estimated fair values as of December 31, 2008.

The Plan s mutual funds and collective investment funds are valued using a net asset value (NAV). The NAV is measured by the custodian or investment manager as of the close of regular trading. Information that becomes known after the NAV has been calculated is not used to retroactively adjust the previously determined NAV. These investments are classified within Level 1 of the fair value hierarchy.

Investments in American Express Company common stock, other stock, and active publicly traded fixed income securities are valued at the official closing price or, if there is no official closing price that day, at the last sales price. These investments are classified in Level 1 of the fair value hierarchy.

When quoted prices in an active market are not available, the fair market values for the Plan s fixed income securities are obtained primarily from pricing service engaged by the Plan s trustee, and the Plan receives one price for each security. The fair values provided by the pricing service are estimated by using pricing models, where the inputs to those models are based on observable market inputs. The inputs to the valuation techniques applied by the pricing service vary depending on the type of security being priced but are typically benchmark yields, benchmark security prices, credit spreads, prepayment speeds, reported trades, broker-dealer quotes, all with reasonable levels of transparency. The pricing service does not apply any adjustments to the pricing models used, nor does the Plan apply any adjustments to prices received from the pricing service. In addition, no adjustments were deemed necessary to the prices provided by the pricing service as a result of current market conditions. Although the underlying inputs are directly observable from active markets or recent trades of similar securities in inactive markets, the pricing models used do entail a certain amount of subjectivity and therefore differing judgments in how the underlying inputs are modeled could result in different estimates of fair value. As of December 31, 2008, the Plan s fixed income securities are classified within Level 2 of the fair value hierarchy.

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

2. Summary of Significant Accounting Policies (continued)

Fully benefit-responsive investment contracts are valued at fair value with an adjustment for contract value on the Statement of Net Assets Available for Benefits. Contract value represents the face amount of the contract plus interest at the contract rate. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and the investment contract. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts. Fair value for synthetic contracts is estimated based on the quoted market prices of the underlying fixed income securities. The wrap contracts for the Stable Value Fund are purchased to protect against the loss of value on the underlying securities in the Stable Value portfolio. The wrap contracts are valued on the basis of the present value of the estimated three year wrap contract fee. The adjustment to contract value represents the remaining difference between the combined fair value of securities and the wrap contracts, versus the wrap contract value. These wrap contracts are classified within level 3 of the fair value hierarchy.

Participant loan accounts are valued at amortized cost, which approximates fair value and are classified within Level 3 of the fair value hierarchy.

Recently Issued Accounting Pronouncements

FSP FAS 157-2, as described above, delays the effective date of SFAS No. 157 for non-financial assets and non-financial liabilities, except for items that are recognized or disclosed at fair value in the Plan s financial statements on a recurring basis (at least annually) until January 1, 2009.

Reclassifications

Certain prior period amounts have been reclassified to conform to the current year presentation. These reclassifications had no impact on net assets available for benefits or net increase in net assets available for benefits as previously reported.

3. Investments

Investment Elections

The investment options available to participants are the SMBA, the American Express Company Stock Fund and five core investment funds (Core Investment Funds): The Stable Value Fund, The Diversified Bond Fund, The U.S. Large-Cap Equity Fund, The U.S. Small/Mid-Cap Equity Fund and The International Equity Fund. In addition, participants may elect to contribute to funds that invest in a mix of assets from the Core Investment Funds based on target retirement

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

3. Investments (continued)

dates (Retirement Funds). The balances of the Core Investment Funds in the financial statements include the amounts held in the Retirement Funds. A participant may currently elect to invest contributions in any combination of investment funds in increments of 1% and change investment elections for future contributions on any business day the New York Stock Exchange is open, with the exception of the SMBA. The SMBA has a minimum initial transfer of \$3,000 and additional funds must be transferred in increments of at least \$500. Contributions cannot be made directly to the SMBA; funds may only be transferred from other Plan investment options to the SMBA.

A brief description of the investments available to participants at December 31, 2008 is set forth below:

Core Investment Funds:

The Core Investment Funds are managed by multiple investment managers and represent broad asset classes, comprising several different investments.

The Stable Value Fund Invests in high quality fixed income securities such as treasuries, government agencies, government-backed securities, and various investment contracts, directly or indirectly, offered by insurance companies or other financial institutions. Contracts may be subject to penalties if they are terminated before their stated maturity if the purpose for termination is other than to obtain funds for ordinary participant benefit payments. The average yield on investment contracts was 4.96% and 7.25% for 2008 and 2007, respectively. The weighted average crediting rates on investment contracts was 4.56% and 4.93% at December 31, 2008 and 2007, respectively. Ameriprise Trust Company (ATC) acts as investment manager for The Stable Value Fund. The goal of this fund is to protect original investment while offering a competitive rate of interest with minimum risk.

The Diversified Bond Fund The goal of this fund is total return consistent with the preservation of capital, and includes investment grade fixed income securities such as U.S. government securities, corporate debt securities and mortgage- and asset-based debt securities with at least one year remaining to maturity. The value, liquidity and related income of these underlying securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market s perception of the issuers and changes in interest rates.

The U.S. Large-Cap Equity Fund The goal of this fund is long-term capital appreciation by investing in large-capitalization stocks listed on major U.S. stock exchanges.

The U.S. Small/Mid-Cap Equity Fund The goal of this fund is long-term capital appreciation by investing primarily in small and medium sized stocks listed on major U.S. stock exchanges.

The International Equity Fund The goal of this fund is long-term growth of capital from investment in non-U.S. stocks, and includes equity securities from markets outside the U.S.

Retirement Funds:

Retirement Funds utilize a mix of the Core Investment Funds to provide a diversification of investments based on the expected number of years until the participant s retirement.

American Express Company Stock Fund The American Express Company Stock Fund invests primarily in the Company s common stock, purchased in either the open market or directly from the Company, and in cash or short-term cash equivalents. The Plan Document requires that the American Express Company Stock Fund be offered as an investment option under the Plan.

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

3. Investments (continued)

Beginning July 1, 2007, participants will only be able to allocate 10% of their future contributions to the American Express Company Stock Fund. In addition, transfers of balances from other investment options into the American Express Company Stock Fund are only permitted to the extent the participant s investment in the American Express Company Stock Fund after the transfer does not exceed 10% of the participant s overall Plan balance.

Self-Managed Brokerage Account The SMBA gives participants the freedom to invest in a wide variety of mutual funds in addition to the other aforementioned investment options. Participants are provided a list of over 900 mutual funds from which to make choices and investment selections of their own design. In March 2007, some participants elected to transfer Ameriprise common shares held in the Plan from the Ameriprise Financial Stock Fund to the SMBA. The Ameriprise Financial, Inc. Stock Fund was dissolved as of April 24, 2007.

At December 31, 2008 and 2007, investments with a fair value representing 5% or more of the Plan s net assets were as follows:

Description	2008	2007
American Express Company Common Stock	\$ 250,321,306	\$ 769,129,589
State Street Bank and Trust S&P 500 Flagship Fund Class A	177,780,809	270,407,893
At Documber 21, 2009 and 2007, investment entions with a fair value representing 5% or more of the Dlan	s not assats were as fo	llower

At December 31, 2008 and 2007, investment options with a fair value representing 5% or more of the Plan s net assets were as follows:

Description	2008	2007
The U.S. Large-Cap Equity Fund	\$ 508,827,720	\$ 807,737,042
The Stable Value Fund	551,562,018	460,224,820
The International Equity Fund	224,732,721	347,471,281
The U.S. Small/Mid-Cap Equity Fund	190,976,379	277,448,701
The Diversified Bond Fund	190,588,386	191,322,367

There were no other individual securities held within the core investment funds or SMBA that exceeded 5% of the Plan s net assets at December 31, 2008 or 2007.

During 2008, the Plan s investments (including investments purchased, sold, as well as held during the year) appreciated (depreciated) in fair value as follows:

Common stocks	\$ (827,257,469)
Common/collective trusts	(104,632,518)
Mutual funds	(221,564,618)
Fixed income securities	2,793,337
Net depreciation in fair value of investments	\$ (1,150,661,268)

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

3. Investments (continued)

Fair Value

The following table summarizes the inputs used as of December 31, 2008 in determining the fair valuation of the Plan s investments:

Description	Level 1	Level 2	Level 3	Total
Common stocks	\$ 955,864,442	2 \$	\$	\$ 955,864,442
Common/collective trusts	224,732,721	L		224,732,721
Mutual funds	301,301,469)		301,301,469
Stable value obligations				
Mutual funds / US treasury notes	240,558,429)		240,558,429
Fixed income obligations		311,003,589		311,003,589
Wrap contracts			(11,667,411)	(11,667,411)
Participant loans			92,925,838	92,925,838
Total	\$ 1,722,457,061	\$ 311,003,589	\$ 81,258,427	\$ 2,114,719,077

The table below sets forth a summary of changes in the fair value of the Plan s level 3 assets for the year ended December 31, 2008:

Level 3 Assets

Year Ended December 31,2008

Description	Wrap Contracts	Participant Loans	Total
Balance, beginning of year	\$ (3,830,494)	\$ 90,454,543	\$ 86,624,049
Realized gains/(losses)			
Unrealized gains/(losses) relating to instruments still held at the reporting date			
Purchases, sales, issuances, and settlements (net)	(7,836,917)	2,471,295	(5,365,622)
Balance, end of year	\$ (11,667,411)	\$ 92,925,838	\$ 81,258,427

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will continue to occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

In late 2008 and the first quarter of 2009, four putative class actions against American Express Company and other defendants were filed in the United States District Court for the Southern District of New York. These actions allege that the defendants violated certain ERISA obligations by: allowing the investment of American Express Retirement Savings Plan assets in American Express common stock when American Express common stock was not a prudent investment; misrepresenting and failing to disclose material facts to Plan participants in connection with the administration of the Plan; and breaching certain fiduciary obligations. These actions were consolidated in April 2009 into an amended consolidated complaint captioned In Re American Express ERISA Litigation.

5. Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service (the IRS) dated February 20, 2004 stating that the Plan is qualified, the Trust established under the Plan is tax-exempt and the Plan satisfies the requirement of Code Section 4975(e)(7). Subsequent to this determination by the IRS, the Plan has been amended. The Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore believes that the Plan, as amended, is qualified, the related trust is tax-exempt and the Plan satisfies the requirements of Section 4975(e)(7) of the Code.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2008 and 2007 to Form 5500:

	2008	2007
Net assets available for benefits per the financial statements	\$ 2,190,688,752	\$ 3,226,414,110
Less: Loans deemed distributed	(1,796,480)	(1,956,652)
Net assets available for benefits per the Form 5500	\$ 2,188,892,272	\$ 3,224,457,458

The following is a reconciliation of withdrawal payments per the financial statements for the year ended December 31, 2008:

Withdrawal payments per the financial statements	\$ 230,538,711
Less: Deemed loans offset by distributions	(365,483)
Withdrawal payments per the Form 5500	\$ 230,173,228

AMERICAN EXPRESS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

6. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of interest on participant loans per the financial statements for the year ended December 31, 2008:

Interest on participant loans per the financial statements	\$ 6,209,024
Interest on deemed distributed loans	4,782
Interest on participant loans per the Form 5500	\$ 6,213,806

Participant loans are deemed as distributions for Form 5500 reporting purposes when the event of default occurs. For financial statement reporting purposes, participant loans are deemed as distributions when the Form 1099 is issued and the event becomes taxable to the participant.

7. Related Party Transactions

Certain Plan investments are shares of American Express Company common stock and mutual funds managed by the Plan s Trustee. In addition, the core investment funds held common stock and may hold fixed income securities of the Plan s custodians. These transactions represent investments in related parties and, therefore, qualify as exempt party-in-interest transactions.
