PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON JUNE 15, 2012

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

1. Why did I receive these proxy materials?

We are providing this meeting notice, proxy statement and proxy card (the Proxy Materials), or a notice regarding the Internet availability of such Proxy Materials (the Notice of Internet Availability of Proxy Materials), in connection with the solicitation by the Board of Directors of Rubicon Technology, Inc., a Delaware corporation (Rubicon, the Company, we, us, and our), of proxies to be voted at our 2012 Annual Meeting of Stockholders (the Annual Meeting). The proxies also may be voted at any continuations, adjournments or postponements of the Annual Meeting. This proxy statement contains information you may use when deciding how to vote in connection with the Annual Meeting. We are first sending the Proxy Materials (or Notice of Internet Availability of Proxy Materials) to stockholders on or about May 4, 2012.

2. When and where is the Annual Meeting, and who may attend?

The Annual Meeting will be held on June 15, 2012 at 8:00 a.m. local time, at the Hyatt Regency O Hare, 9300 W. Bryn Mawr Avenue, Rosemont, Illinois 60018. Stockholders who are entitled to vote may attend the meeting, as well as our invited guests.

3. What do I need to attend the Annual Meeting?

Stockholders of Record. If you are a Stockholder of Record and plan to attend the meeting, please bring photo identification.

Beneficial Owners. If you are a Beneficial Owner and you plan to attend the meeting, you must present proof of your ownership of Rubicon shares as of April 17, 2012, such as a bank or brokerage account statement or a letter from the bank, broker or other nominee indicating that you are the beneficial owner of the shares, as well as photo identification. If you wish to vote at the meeting, you must also obtain a signed proxy from your bank, broker or other nominee who holds the shares on your behalf in order to vote at the Annual Meeting.

The answer to Question 11 describes the difference between Stockholders of Record and Beneficial Owners.

4. What proposals are being presented for stockholder vote at the Annual Meeting?

There are two proposals from Rubicon to be considered and voted on at the meeting:

1. Proposal 1: To elect one director named in this proxy statement to a three-year term (see page 6).

2.

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

Proposal 2: To ratify the selection of Grant Thornton LLP as independent auditors of the Company for the fiscal year ending December 31, 2012 (see page 30).

5. How does the Board of Directors recommend that I vote?

Our Board of Directors recommends that you vote your shares (1) FOR the election of the one director named in this proxy statement and (2) FOR the ratification of Grant Thornton LLP as independent auditors of the Company for the fiscal year ending December 31, 2012.

Table of Contents

6. Are there any other matters to be acted upon at the Annual Meeting?

We do not know of any other matter to be presented or acted upon at the meeting. If any matters not set forth in the meeting notice included in the Proxy Materials are properly brought before the meeting, the persons named in the enclosed proxy will vote thereon in accordance with their best judgment.

7. Who is entitled to vote at the Annual Meeting?

You are entitled to vote if you owned shares of our common stock, par value \$0.001, as of the close of business on the record date, April 17, 2012. Each share of common stock is entitled to one vote and there is no cumulative voting. At April 17, 2012 we had 22,533,474 shares of common stock outstanding. Both Delaware law and our bylaws require our Board to establish a record date in order to determine who is entitled to receive notice of the Annual Meeting, and to attend and vote at the Annual Meeting and any continuations, adjournments or postponements of the meeting.

8. How many votes must be present to hold the Annual Meeting?

In order for us to conduct the Annual Meeting, holders of a majority of our outstanding shares of common stock as of the close of business on April 17, 2012 must be present in person or by proxy. This is referred to as a quorum. At April 17, 2012, we had 22,533,474 shares of common stock outstanding. Accordingly, the presence of the holders of common stock representing at least 11,266,738 shares will be required to establish a quorum. Your shares are counted as present if you attend the meeting and vote in person or if you properly return a proxy over the Internet, by telephone or by mail. Abstentions and broker non-votes will be counted for purposes of establishing a quorum.

9. What are broker non-votes?

Your broker or nominee is not permitted to use discretion and vote your shares on non-routine matters, such as the election of directors, without instructions. Shares that are not permitted to be voted by your broker are called broker non-votes. Votes that are withheld and broker non-votes will not be included in determining the number of votes cast and, therefore, will have no effect on these non-routine matters. Therefore, we urge you to give voting instructions to your broker on Proposal 1 Election of Director.

10. How many votes are needed to approve the proposals?

Proposal 1: The election of the nominee for director named in this proxy statement requires the affirmative vote of the holders of shares representing a plurality of the votes cast in the election of director. Votes that are withheld and broker non-votes will have no effect on the election of directors. The nominee will be appointed to a three-year term if he receives enough votes.

Proposal 2: The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the matter will be required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the current fiscal year.

If any other matter is properly submitted to the stockholders at the annual meeting, its adoption generally will require the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on that matter.

In accordance with Delaware law, only votes cast for a matter constitute affirmative votes. A properly executed proxy marked abstain with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Since abstentions will not be votes cast for the particular matter, they will have the same effect as negative votes or votes against that matter.

Table of Contents

If you hold your shares in Street Name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to Proposal 1 Election of Director. Thus, if you do not give your broker or nominee specific instructions with respect to a non-discretionary matter, such as the election of directors, your shares will not be voted on such matter and will not be counted as shares entitled to vote on such matter. Therefore, we urge you to give voting instructions to your broker on the election of directors. Shares represented by such broker non-votes will be counted in determining whether there is a quorum. As broker non-votes are not considered entitled to vote, they will have no effect on the outcome other than reducing the number of shares present in person or by proxy and entitled to vote from which a majority is calculated.

11. What is the difference between holding shares as a Stockholder of Record and as a Beneficial Owner?

If your shares are registered in your name on the books and records of our transfer agent, you are a Stockholder of Record. Rubicon sent the Proxy Materials (or Notice of Internet Availability of Proxy Materials) directly to you.

If your shares are held for you in the name of your broker or bank, your shares are held in Street Name and you are considered the Beneficial Owner. The Proxy Materials have been forwarded to you by your broker, bank or other holder of record, who is considered, with respect to those shares, the Stockholder of Record. As the Beneficial Owner, you have the right to direct your broker, bank or other Stockholder of Record on how to vote your shares by using the voting instruction card included in the mailing. The answer to Question 15 describes brokers' discretionary voting authority and when your bank or broker is permitted to vote your shares of stock without instructions from you. The answer to Question 3 describes how Beneficial Owners may attend the meeting.

12. How do I vote?

Stockholders of Record. If you are a Stockholder of Record and you received a printed copy of the proxy materials by mail, you may vote in person at the Annual Meeting or by one of the following methods:

By Mail. Complete, sign and date the enclosed proxy card and return it in the prepaid envelope provided;

By Telephone. Call the toll-free telephone number set forth on the proxy card (1-800-690-6903), and follow the recorded instructions; or

By Internet. Access the secure Internet website registration page identified on the proxy card, and follow the instructions. Please refer to the specific instructions set forth on the proxy card you received.

If you are a Stockholder of Record and you received a Notice of Internet Availability of Proxy Materials, you may vote in person at the Annual Meeting, by accessing the secure Internet website registration page identified on the Notice of Internet Availability of Proxy Materials and following the instructions, or by mail or telephone if you request a printed copy of the proxy materials by calling the toll-free telephone number set forth on the Notice of Internet Availability of Proxy Materials (1-800-579-1639). Please refer to the specific instructions set forth in the Notice of Internet Availability of Proxy Materials you received.

Please note that the Internet and telephone voting facilities for stockholders of record will close at 11:59 p.m. Eastern Time on June 14, 2012. The individuals named as proxies on the proxy card will vote your shares in accordance with your instructions.

Beneficial Owners. If your shares are held by a bank, broker or other nominee, you should have received instructions on how to vote or instruct the broker to vote your shares from your bank, broker or other nominee. Please follow their instructions carefully. If you give the broker voting instructions, your shares will be voted as

Table of Contents

you direct. **Please note that brokers may not vote your shares on the election of directors or on stockholder proposals in the absence of your specific instructions as to how to vote. Please provide your voting instructions so your vote can be counted.**

Beneficial owners may generally vote by one of the following methods:

By Mail. If you received a printed copy of the proxy materials, you may vote by signing, dating and returning the voting instruction card sent to you by your bank, broker or other nominee in the pre-addressed envelope provided;

By Methods Listed on Voting Instruction Card. Please refer to your voting instruction card or other information provided by your bank, broker or other nominee to determine whether you may vote by telephone or electronically on the Internet, and follow the instructions on the voting instruction card or other information provided by the record holder; or

In Person with a Proxy from the Record Holder. A street name stockholder who wishes to vote at the Annual Meeting will need to obtain a legal proxy from his or her broker, bank or other nominee and present that proxy and proof of identification at the Annual Meeting to vote. Please consult the voting instruction card provided to you by your broker, bank or other nominee to determine how to obtain a legal proxy in order to vote in person at the Annual Meeting.

13. What can I do if I change my mind after I vote my shares?

If you are a Stockholder of Record, you can revoke your proxy before it is exercised by (1) sending written notice of revocation that is later dated than the date of your proxy to our Secretary at 900 East Green Street, Bensenville, Illinois 60106, (2) timely delivering a valid, later-dated proxy or (3) voting by ballot at the Annual Meeting.

If you are a Beneficial Owner of shares, you may submit new voting instructions by contacting your bank, broker or other Stockholder of Record. You may also vote in person at the Annual Meeting if you obtain a legal proxy as described in the answer to Question 12.

14. What if I do not specify a choice for a matter when returning a proxy?

Proxies that are signed and returned but do not contain voting instructions will be voted (1) FOR the election of the one director named in this proxy statement to a three-year term and (2) FOR the ratification of Grant Thornton LLP as our independent auditors for the current fiscal year. If you are a Beneficial Owner, see Question 15 below.

If necessary, and unless the shares represented by the proxy are voted in a manner contrary to the manner described in the preceding paragraph, the persons named in the proxy may also vote in favor of a proposal to recess the Annual Meeting and to reconvene it on a subsequent date or dates, without further notice, in order to solicit and obtain sufficient votes to approve or disapprove any matters being considered at the Annual Meeting.

15. Will my shares be voted if I do not provide my proxy or instruction form?

If you are a Stockholder of Record and do not provide a proxy, you must attend the Annual Meeting in order to vote. If you are a Beneficial Owner and hold shares through an account with a bank or broker, your shares may be voted if you do not provide voting instructions. Brokerage firms have the authority under the NASDAQ Global Market rules to vote shares for which their customers do not provide voting instructions on routine matters. The ratification of the selection of independent auditors is considered a routine matter. The election of directors is not considered a routine matter. When a proposal is not routine and the brokerage firm has not received voting instructions from the beneficial owner, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote. We urge you to give voting instructions to your broker on Proposal 1 Election of Director.

Table of Contents

16. What does it mean if I receive more than one proxy card?

If you received multiple proxy cards, it means that you hold your shares in different ways (e.g., trust, custodial accounts, joint tenancy) or in multiple accounts. You should complete, sign, date and return your proxy card(s), as described in each proxy card you receive.

17. Who will pay for the cost of this proxy solicitation?

We will bear the cost of this proxy solicitation. In addition to solicitation by mail, some of our directors, officers and employees may solicit proxies in person or by telephone at no additional compensation. We will also ask Stockholders of Record who are brokerage firms, custodians and fiduciaries to forward proxy materials to the beneficial owners of such shares and upon request we will reimburse such Stockholders of Record for the customary costs of forwarding the proxy materials.

PROPOSAL 1:

ELECTION OF DIRECTOR

Our Board of Directors currently consists of five directors, who are divided into three classes with staggered terms. Our bylaws permit our Board of Directors to establish by resolution the authorized number of directors. The term of Michael E. Mikolajczyk as director of the Company will expire at the time of the Annual Meeting. Following the recommendation of the Nominating and Governance Committee, the Board of Directors recommends the re-election of Mr. Mikolajczyk to a three-year term.

Although the nominee has indicated his willingness to serve if elected, if at the time of the meeting the nominee is unable or unwilling to serve, shares represented by properly executed proxies will be voted at the discretion of the persons named therein for such other person as the Board may designate.

All of our directors bring to our Board a wealth of executive leadership experience derived from their service as corporate executives as well as service as directors on other boards. When evaluating director candidates, the Nominating and Governance Committee takes into account all factors it considers appropriate, which include (a) ensuring that the Board of Directors, as a whole, is diverse and consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise (including expertise that could qualify a director as a financial expert, as that term is defined by the rules of the Securities and Exchange Commission (the "SEC")), local or community ties and (b) minimum individual qualifications, including strength of character, mature judgment, familiarity with the Company's business and industry, independence of thought and an ability to work collegially. The Committee also considers geographical, cultural, experiential and other forms of diversity when evaluating director candidates. In addition, the Committee also may consider the extent to which the candidate would fill a present need on the Board of Directors. Information about the nominees for election as directors and about our other directors whose terms of office do not expire this year, including their business experience for the past five years, appears below.

CORPORATE GOVERNANCE

Director Independence

Our Board of Directors undertook a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his ability to exercise independent judgment in carrying out his responsibilities. As a result of this review, our Board of Directors determined that Messrs. Aquilano, Caldwell, Mikolajczyk and Spencer, representing four of our five directors, are independent directors as defined under the rules of the NASDAQ Global Market, constituting a majority of our Board of Directors as required by the rules of the NASDAQ Global Market.

Board Leadership Structure

Our Board of Directors is led by an independent Chairman, Mr. Aquilano. Our Chief Executive Officer, Mr. Parvez, is the only member of the board who is not an independent director. We believe that this is the most appropriate structure for the Company in light of the differences between the roles of Chairman of the Board and Chief Executive Officer. The Chief Executive Officer is responsible for setting the strategic direction of the Company and for the day-to-day leadership and performance of the Company, whereas the Chairman of the Board provides guidance to the Chief Executive Officer. Furthermore, this structure enhances the accountability of the Chief Executive Officer to the board and strengthens the board's independence from management. We have had this leadership structure since our inception.

Board Oversight of Risk

Our executive management team is responsible for our day-to-day risk management activities. The Board of Directors oversees these risk management activities, delegating its authority in this regard to the standing committees of the Board of Directors. The Audit Committee is responsible for discussing with executive management policies with respect to financial risk and enterprise risk management. The Audit Committee also oversees the Company's corporate compliance programs. The Compensation Committee considers risk in connection with its design of compensation programs for our executives. The Nominating and Governance Committee annually reviews the Company's corporate governance principles and their implementation. Each committee regularly reports to the Board. In addition to each committee's risk management oversight, the Board of Directors regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

The board believes that the each committee's risk oversight function, together with the efforts of the full Board and the Chief Executive Officer in this regard, enables the Board to effectively oversee the Company's risk management activities.

Committees of the Board of Directors and Meetings

Our Board of Directors has established three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each of these committees is composed entirely of

Table of Contents

non-employee directors who have been determined by our Board of Directors to be independent under the current requirements of the NASDAQ Global Market and the rules and regulations of the SEC and operate under a charter approved by the Board of Directors setting out the purposes and responsibilities of the committee. All committee charters are available for review on our web site, www.rubicon-es2.com. The information contained on our web site is not a part of this proxy statement and shall not be deemed incorporated by reference into this proxy statement or any other public filing made by us with the SEC.

Described below are the membership and principal responsibilities of all of the committees of the Board of Directors as well as the number of meetings held during fiscal year 2011. In addition, the Board of Directors held eight meetings during fiscal year 2011. All directors were in attendance for each of these meetings as well as all meetings of the committees of the Board of Directors on which they served that were held in the past fiscal year with the exception of one audit committee meeting which was not attended by Don N. Aquilano. Our non-employee directors meet regularly without our Chief Executive Officer present.

Audit Committee

Don N. Aquilano, Michael E. Mikolajczyk and Raymond J. Spencer serve on our Audit Committee. Mr. Mikolajczyk is the chairman of our Audit Committee. Our Board of Directors has determined that each member of our Audit Committee meets the requirements for financial sophistication and independence for Audit Committee membership under the current requirements of the NASDAQ Global Market and SEC rules and regulations. Our Board of Directors has also determined that Mr. Mikolajczyk is an audit committee financial expert as defined in the SEC rules. Policies and Procedures Governing Director Nominations

The Nominating and Governance Committee considers candidates for nomination to the Board of Directors from a number of sources, including recommendations by current members of the Board of Directors and members of management. Current members of the Board of Directors are considered for re-election unless they have notified us that they do not wish to stand for re-election. The Nominating and Governance Committee will also consider director candidates recommended by our stockholders. Stockholders desiring to submit recommendations for director candidates must follow the following procedures:

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

The Nominating and Governance Committee will accept recommendations of director candidates throughout the year; however, in order for a recommended candidate to be considered by the Committee for nomination for election at an upcoming annual meeting of stockholders, the recommendation must be received by the Secretary of the Company not less than 60 days and not more than 90 days prior to the

anniversary date of our most recent annual meeting of stockholders, unless the date of the annual meeting is more than 30 days before or more than 60 days after June 15, 2013, in which case notice must be delivered not earlier than 90 days prior to such annual meeting and not later than the 60 days prior to such annual meeting or the 10th day following the day on which we first publicly announce the date of such annual meeting.

This recommendation must be in writing and must include the following initial information: (i) the stockholder's name and address, number of shares owned and proof of ownership; (ii) the name of the candidate; (iii) the candidate's resumé or a listing of his or her qualifications to be a director of the Company; (iv) all other information regarding the candidate that would be required to be disclosed in a proxy statement filed with the SEC if the candidate were nominated for election to the Board of Directors; and (v) the candidate's written consent to be named as a director if selected by the Nominating and Governance Committee and nominated by the Board of Directors. The Nominating and Governance Committee may subsequently request additional information regarding the candidate.

Recommendations must be sent by U.S. Mail, courier or expedited delivery service to William F. Weissman, Secretary, Rubicon Technology, Inc., 900 East Green Street, Bensenville, Illinois 60106.

In evaluating nominees for director, the Nominating and Governance Committee is guided by, among other things, the objective that the board be composed of qualified, dedicated and highly regarded individuals who have experience relevant to our operations and who understand the complexities of our business environment. See Proposal 1: Election of Directors on page 6 for a discussion of the evaluation of director candidates. The Nominating and Governance Committee may also consider other factors such as whether the candidate is independent within the meaning of the listing standards of the NASDAQ Global Market and whether the candidate meets any additional requirements for service on the Audit Committee. The Nominating and Governance Committee does not intend to evaluate candidates recommended by stockholders any differently than other candidates.

Management has the primary responsibility for such financial statements and press releases.

Discussed with the independent auditors the matters requiring discussion by the statement on Auditing Standards No. 61, as amended (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers for 2011 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Executive Summary

Our compensation programs are intended to align our named executive officers' interests with those of our stockholders by rewarding performance that meets or exceeds the goals the Compensation Committee establishes with the objective of increasing stockholder value. Consistent with our pay for performance philosophy, the total compensation received by our named executive officers will vary based on individual and corporate performance measured against annual and long-term performance goals. Our named executive officers' total compensation is comprised of a mix of base salary, annual incentive compensation and long-term incentive awards.

Table of Contents

Our executive team successfully managed our company through the recent severe economic downturn and drove dramatic growth in revenue and earnings in 2011. Below is a comparison of 2011 and 2010 revenue and earnings, which are key metrics on which the Compensation Committee measures management performance. Please see *Management's Discussion and Analysis of Financial Conditions and Results of Operations* in our Annual Report on Form 10-K for a more detailed description of our fiscal year 2011 financial results.

	Year Ended December 31, 2011	Year Ended December 31, 2010
Revenue (in millions)	\$ 134.0	\$ 77.4
Net income (in millions)	\$ 38.1	\$ 29.1
Diluted income per share	\$ 1.61	\$ 1.28

Our financial performance is a key factor in the compensation decisions and outcomes for the fiscal year. In 2009, there were no bonuses earned by our executive officers due to performance below targets. In 2010, based on the exceptional performance of the business, executive officers were awarded bonuses at target levels and were awarded additional cash bonuses in recognition of substantially exceeding performance targets. In 2011, executive officers were awarded bonuses at 70% of target levels in recognition of achieving approximately 70% of performance targets.

We believe that the compensation of our executive officers should facilitate the achievement of short-term corporate goals as well as the performance of long-term business objectives. It is the responsibility of the Compensation Committee of our Board of Directors to administer our compensation practices to ensure that they are competitive and include incentives which are designed to appropriately drive corporate performance. Our Compensation Committee reviews and approves all of our compensation policies, including executive officer salaries, bonuses and equity incentive compensation.

We endeavor to maintain the highest level of corporate governance over our executive pay programs. The following policies were in effect during 2010 and remained in effect in 2011:

No significant perquisites offered: Our executives participate in broad-based Company-sponsored programs on the same basis as other full-time employees (other than with respect to Mr. Parvez's reimbursement for commuting expenses during 2009).

Separation of Governance Positions: In line with corporate governance best practices, we have separated the roles of Board chairman and chief executive officer.

No SERPs: Our executives participate in the same retirement plan generally available to other full-time employees, and we do not offer supplemental executive retirement programs to our executives.

Independence of executive compensation consultant: The compensation consultant historically used by the Compensation Committee does not provide any services to management and has no prior relationship with our named executive officers.

Objectives of Our Executive Compensation Programs

Our compensation programs for our named executive officers are designed to achieve the following objectives:

attract and retain talented and experienced executives in our industry;

motivate and reward executives whose knowledge, skills and performance are critical to our success;

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

align the interests of our executives and stockholders, by encouraging executives to increase long-term stockholder value and rewarding executives when stockholder value increases; and

motivate our executives to manage our business to meet our short-term and long-term corporate goals and business objectives, and reward them for meeting these objectives.

Table of Contents

We use a mix of short-term compensation in the form of base salaries and cash incentive bonuses and long-term compensation in the form of equity incentive compensation to provide a total compensation structure that is designed to encourage our executives to achieve these objectives.

Determining Executive Compensation

The Compensation Committee is responsible for developing, administering and interpreting the compensation program for executive officers and other key employees. Our Compensation Committee was appointed by our Board of Directors and consists entirely of directors who are outside directors for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and non-employee directors for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Compensation Committee may delegate some or all of its responsibilities to one or more subcommittees whenever necessary to comply with any statutory or regulatory requirements or otherwise deemed appropriate by the committee. The Compensation Committee has the authority to retain consultants and other advisors to assist with its duties and has sole authority to approve the fees and other retention terms of such consultants and advisors.

Historically, our chief executive officer makes recommendations to the Compensation Committee regarding the salaries, bonus arrangements and option grants, if any, for all key employees other than himself. For executive officers whose bonus awards are based partly on individual performance, the chief executive officer's evaluation of such performance is provided to and reviewed by the Compensation Committee. Based on the foregoing, the Compensation Committee uses its judgment in making compensation decisions that will best carry out our philosophy and objectives for executive compensation.

Within the context of the overall objectives of our compensation programs, we determined the specific amounts of compensation to be paid to each of our executives in 2011 based on a number of factors, including, but not limited to:

the roles and responsibilities of our executives;

the individual experience and skills of our executives;

the amounts of compensation being paid to our other executives;

the performance of the company against targets pre-established by the Board;

our executives' historical compensation at our Company; and

our understanding of the amount of compensation generally paid by similarly situated companies to their executives with similar roles and responsibilities.

In evaluating the compensation generally paid by similarly situated companies, our Compensation Committee has obtained guidance on appropriate executive compensation practices from executive search firms in the course of recruiting executives for Rubicon. In addition, we have historically taken into account available data relating to the compensation practices of other companies within and outside our industry. The Compensation Committee engaged the consulting firm of Meridian Compensation Partners, LLC to assist us in analyzing our compensation structure and making suggestions for our future compensation structure. The Compensation Committee does not engage in formal benchmarking of compensation, but rather considers the data provided by our compensation consultant along with the other factors described above in making suggestions for our compensation structure.

Stockholder Say on Pay

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

At our 2011 Annual Meeting of Stockholders, our stockholders approved, on an advisory basis, our executive compensation program with approximately 98% support. In addition, our stockholders approved a three-year frequency of stockholder advisory voting to approve our executive compensation with approximately 54%

Table of Contents

support. In accordance with the voting results, we intend to provide our stockholders with an opportunity to cast an advisory vote on executive compensation every three years. During 2011, taking into account the favorable outcome of our stockholder advisory approval vote at the 2011 Annual Meeting of Stockholders, we did not make specific changes to our executive compensation program in 2011. We will continue to take into account the result of future stockholder advisory votes when reviewing and monitoring our compensation program and structure.

Elements of Our Executive Compensation Programs

Our executive compensation primarily consists of base salary, cash incentive and discretionary bonuses, equity-based incentives and benefit programs. We believe it is important that the interests of our executives are aligned with those of our long-term stockholders; therefore, equity incentive compensation constitutes a significant portion of our total executive compensation.

We discuss each of the primary elements of our executive compensation in detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to complement each other and collectively serve all of our executive compensation objectives described above.

Annual cash compensation

Base salary

Base salaries are intended to provide a level of compensation sufficient to attract and retain an effective management team when considered in combination with the performance-based and other components of our compensation program. The base salary of each executive officer is reviewed annually to determine if it is equitably aligned with our other executive officers and is at a sufficient level to attract and retain top talent. Salaries are adjusted to reflect individual roles and performance and may be increased at other times if a change in the scope of the officer's responsibilities justifies such consideration or in order to maintain salary equity among executive officers. We believe that a competitive base salary is a necessary element of any compensation program designed to attract and retain talented and experienced executives. We also believe that attractive base salaries can serve as an effective reward for the executives' overall performance.

Our executives' base salaries reflect the initial base salaries that we negotiated with each of them at the time of his or her initial employment and our subsequent adjustments to these amounts. We formally evaluate executive performance on an annual basis, and these evaluations are one of the factors considered in making adjustments to base salaries. The base salaries for our executive officers, including our chief executive officer, were increased by 4%, which was the average increase in salary for all of our employees in 2011. The size of the increase reflects the Compensation Committee's perception as to the general increase in wages in our industry during the past year.

Cash incentive bonuses

The primary objectives of our incentive bonus plan are to provide an incentive for superior work, to motivate our executives toward even higher achievement and business results, to tie our executives' goals and interests to ours and our stockholders' and to enable us to attract and retain highly qualified individuals. Under the plan, each executive is entitled to receive a bonus based on our attainment of corporate performance targets set by the Compensation Committee. These targets are typically set in the first four months of the year. The targets under our incentive bonus plan are based on internal financial goals set in connection with our Board of Directors' consideration and approval of our annual operating plan. These targets are set at levels that we believe can be achieved if our executive officers perform at a high level and if the assumptions underlying our annual operating plan prove correct. For 2011, these targets were gross revenues of \$173 million and net income of \$62 million. The Compensation Committee believed these were the most appropriate criteria for a company at our stage of

Table of Contents

development and considering current and projected market conditions. Incentive bonuses are set at a percentage of salary, which, in 2011, averaged 28% for our named executive officers. The higher percentages are set for the executives with the greater levels of responsibility, thus furthering the Compensation Committee's objective to have a greater percentage of compensation at risk as an executive's level of responsibility increases. Revenue for 2011 was \$134 million and net income for 2011 was \$38 million. While significant growth in revenue and earnings was delivered by the executive team in 2011, the financial performance did not equal or exceed performance targets. Therefore 70% of incentive bonuses and no discretionary cash bonuses were paid to executive officers for fiscal 2011.

Equity incentive compensation

We grant equity incentive awards in the form of stock options to align the interests of our executives with our stockholders by providing our executives with strong incentives to increase stockholder value. These awards typically represent a significant portion of total executive compensation. In most cases, stock options vest at the rate of 25% of the total option shares on each of the first four anniversaries of the date of grant, thus providing added incentive for the executive to continue his or her employment with us. However, in connection with the beginning of an aggressive two year expansion plan, in December 2009, we also granted stock options to our named executive officers that are performance-based and vest upon the achievement of specified annual revenue and earnings targets. The first level of revenue and earnings target was achieved for fiscal year ended December 31, 2011, and the related options vested with the close of our fiscal 2011 year.

Historically, the Board of Directors has granted stock options at various times during the year based on recommendations from the Compensation Committee. However, in 2008 the board adopted a policy generally to grant stock options to executives once per year (except in the case of newly hired executives, as described below). As such, in the future, such grants normally will be made at a meeting of the Board of Directors held within a prescribed period following our release of year-end financial results. This period runs from the fourth until the 12th business day following the release. However, following our grant of stock options to our named executive officers in December 2009 in connection with our expansion plan, no stock options were granted to our named executives in 2010 or 2011. Otherwise, we do not have any program, plan or practice to time stock option grants in coordination with the release of material non-public information. With respect to newly hired executives, our practice is typically to make stock option grants at the first meeting of the Board of Directors following such executive's hire date. In 2011, we granted options to purchase a total of 382,050 shares of common stock, none of which were granted to our named executive officers.

The exercise price of each stock option granted under our stock incentive plans is based on the fair market value of our common stock on the grant date. Prior to our initial public offering, the fair market value of our common stock for purposes of determining the exercise price of stock options was determined by our Board of Directors based on a number of factors applicable to common stock of privately-held companies.

In connection with and shortly prior to our initial public offering, our Board of Directors and stockholders adopted the 2007 Stock Incentive Plan, or 2007 Plan. The 2007 Plan permits the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards and bonus shares. The 2007 Plan replaced our 2001 Equity Plan effective upon the consummation of our initial public offering. For a further description, please see "Employee Benefit Plans 2007 Stock Incentive Plan" below.

As discussed above, we did not grant any stock options to our named executive officers in 2010 or 2011, following the grant of stock options at the beginning of our two year expansion project in December 2009. The December 2009 stock options were granted in order to incentivize our named executive officers to execute on the aggressive expansion project, which includes establishing two new production facilities and significantly increasing revenue and earnings. The Compensation Committee, in consultation with Hewitt Associates, LLC, determined that performance-based vesting would be used for the majority of this option grant. The revenue and net income chosen as the applicable performance measures that govern the vesting were based on internal

Table of Contents

financial goals set in connection with the expansion plan. The performance targets for one half of the performance-based options issued in this grant were set at levels that we believe can be achieved if our executive officers perform at a high level and if the assumptions underlying our annual operating plan prove correct. The performance targets on the other half of the options were set at levels that we believe would require our executives to significantly outperform the plan. The stock options with time-based vesting were granted in recognition of the effort required to execute on the expansion plan.

Benefits

All of our executive officers are eligible for benefits offered to employees generally, including life, health, disability and dental insurance and our 401(k) plan. Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers. The Compensation Committee, in its discretion, may revise the executive officers' benefits if it deems it advisable.

Severance and change in control arrangements

Our named executive officers have employment and/or other agreements that provide various benefits triggered by such employment-related actions as termination without cause, resignation with good reason and/or termination without cause following a change in control. Such benefits may include salary continuation, guaranteed bonuses, lump sum severance and/or the acceleration of stock option vesting. See *Employment and Severance Arrangements* below for a description of the severance and change in control arrangements for our named executive officers. In addition, each of our equity incentive plans provides for a potential acceleration of vesting of outstanding awards in the event that we undergo a change in control, as defined in such plans. See *Employee Benefit Plans* below for a description of the change in control provisions contained in our equity incentive plans.

In setting the terms of and determining whether to approve these severance and change in control arrangements, our Compensation Committee or Board of Directors, as applicable, recognized that executives often face challenges securing new employment following a termination of their existing employment and that distractions created by uncertain job security may have a detrimental impact on their performance. With the exception of the acceleration of stock option vesting, none of these benefits are triggered by a change in control unless the named executive officer's employment is terminated without cause following such change in control. The acceleration of stock option vesting upon a change in control occurs only if the option is not assumed, or an equivalent right substituted, by the successor corporation. We believe the acceleration of option vesting under such circumstances is appropriate to preserve the benefit intended to be provided to the executive while avoiding the acceleration of benefits where the executive is enjoying a continuation of the same or comparable benefit following the change in control. The levels of severance benefits were set based on our Board of Directors' collective experience and insight regarding severance benefits offered to executives at comparable companies.

Effect of accounting and tax treatment on compensation decisions

In the review and establishment of our compensation programs, we consider the anticipated accounting and tax implications to us and our executives. In this regard, we may begin utilizing restricted stock and/or restricted stock units as additional forms of equity compensation incentives in response to changes in the accounting treatment of equity awards under FASB ASC Topic 718 Stock Compensation. While we consider the applicable accounting and tax treatment, these factors alone are not dispositive, and we also consider the cash and non-cash impact of the programs and whether a program is consistent with our overall compensation philosophy and objectives.

Section 162(m) of the Code imposes a limit on the amount of compensation that we may deduct in any one year with respect to our chief executive officer and each of our next three most highly compensated executive officers other than our chief financial officer, unless certain specific and detailed criteria are satisfied. Performance-based

Table of Contents

compensation, as defined in the Code, is fully deductible if the programs are approved by stockholders and meet other requirements. We will continue to assess the impact of Section 162(m) on our compensation practices and determine whether to qualify equity and cash awards as performance-based compensation.

COMPENSATION COMMITTEE REPORT

As detailed in its charter, the Compensation Committee of the Board of Rubicon oversees Rubicon's executive compensation program on behalf of the Board. In the performance of this function, the Compensation Committee, among other things, reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement and the Annual Report on Form 10-K. Based upon the review and discussions referred to above, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and the Annual Report on Form 10-K.

Table of Contents**COMPENSATION RISKS**

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. In addition, the Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

The Compensation Committee reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

significant weighting towards equity incentive compensation discourages short-term risk taking;

the majority of equity incentive compensation is based on time vesting rather than performance vesting, which discourages short-term risk taking;

rolling three-year performance targets discourage short-term risk taking; and

cash incentive bonus awards are capped by the Compensation Committee and awards for exceeding targets are discretionary. Furthermore, as described in our Compensation Discussion and Analysis, compensation decisions include subjective considerations, which restrain the influence of formulae or objective factors on excessive risk taking.

EMPLOYMENT AND SEVERANCE ARRANGEMENTS

Raja M. Parvez

We entered into an employment agreement with Raja Parvez, our president and chief executive officer, dated January 29, 2009. Mr. Parvez previously had an employment agreement with the Company that expired January 2, 2009. The terms of Mr. Parvez's current agreement are as follows:

Term. The term of the agreement commenced on January 1, 2009 and shall expire no less than 60 days following the date on which the Company or Mr. Parvez provides notice of termination or resignation to the other party.

Compensation. Under the terms of the agreement, Mr. Parvez is entitled to an annual base salary of \$427,500, subject to annual review and adjustment, and an annual discretionary bonus of up to \$175,000 based upon the achievement of certain business objectives. Mr. Parvez's actual salary and bonus for 2011 are shown in the Summary Compensation Table above. The agreement also provides for the grant of an option to purchase 300,000 shares of common stock of the Company, which option was granted on February 27, 2009 (the Parvez Options) at an exercise price of \$4.01 per share. Subject to certain exceptions, the Parvez Options are subject to the Company's standard terms and conditions for stock option grants under the 2007 Plan.

Table of Contents

Severance. In the event that Mr. Parvez's employment is terminated by us without cause or if he resigns for good reason, he will be entitled to receive a severance payment equal to his annual base salary in effect at that time, payable 50% on the termination date and 50% on the six month anniversary of the termination date, and health and welfare benefits for a period of 12 months after his termination date. Furthermore, the vesting of the Parvez Options will be accelerated by rounding up to the full vesting year, provided that Mr. Parvez delivers a release of claims to the Company. For purposes of the agreement, (i) cause generally is defined as Mr. Parvez's willful misconduct materially and adversely affecting us; theft, fraud, embezzlement or similar behavior; indictment or conviction of a felony; or willfully failing to substantially perform the material duties of his position, other than a failure resulting from incapacity due to physical or mental illness, following a demand for performance delivered by the Board of Directors and a specified cure period of not less than 30 days; and (ii) good reason generally is defined as a material reduction in base salary or a material diminution in benefits; substantial diminution in Mr. Parvez's duties, responsibilities or title; or relocation for a period of greater than six consecutive months greater than 100 miles from the Chicago metropolitan area, in each case if uncured 60 days after written notice of the condition is delivered to us by Mr. Parvez. Mr. Parvez's employment agreement provides further that if, within two years after a change in control of the Company, the Company terminates Mr. Parvez without cause or he resigns for good reason, he will be entitled to the benefits described above, except that he will receive a lump sum severance payment equal to two times his annual base salary and maximum annual bonus amount in effect at that time and all of Mr. Parvez's options will immediately vest.

Restrictive covenants. Mr. Parvez's agreement contains customary non-competition and non-solicitation covenants on the part of Mr. Parvez. These restrictions survive for a period of 12 months after Mr. Parvez's resignation or termination; and, in the event of a breach of his employment agreement by Mr. Parvez, the period automatically will be extended by the period of the breach.

William F. Weissman

We entered into an employment agreement with Mr. Weissman, our chief financial officer, effective as of July 30, 2007. The key terms of the agreement are summarized below.

Term. The term of the agreement commenced on July 30, 2007 and expires on June 30, 2008, subject to automatic one-year extensions unless either party provides the other with written notice of non-renewal at least 60 days prior to the end of the then-current term.

Compensation. Under the terms of his agreement, Mr. Weissman was originally entitled to a 2007 annual base salary of \$200,000 (now \$227,136) and an annual discretionary bonus targeted at 25% (now between 35% and 40%) of his annual base salary.

Severance terms. In the event that Mr. Weissman's employment agreement is terminated by us without cause or if he resigns for good reason, he will receive a continuation of his annual base salary for six months thereafter and certain of his options will become vested, provided that Mr. Weissman delivers a release of claims to the Company. In addition, he will receive a continuation of his medical and welfare benefits for a period of six months thereafter. If within one year after a change in control, we terminate Mr. Weissman without cause, he will be entitled to a lump sum payment equal to six months of his annual base salary in lieu of the salary continuation described above.

For purposes of Mr. Weissman's agreement (i) cause generally is defined as willful misconduct materially and adversely affecting us; theft, fraud, embezzlement or similar behavior; indictment or conviction of a felony; or willfully failing to substantially perform the material duties of his position, other than failure resulting from incapacity due to physical or mental illness, following a demand for performance delivered by the Board of Directors and a specified cure period of not less than 10 days; and (ii) good reason generally is defined as a material reduction in base salary or benefits; substantial diminution in Mr. Weissman's duties, responsibilities or title, if uncured by us within 30 days of receipt of notice from Mr. Weissman; or relocation for a period of greater than six consecutive months greater than 100 miles from the Chicago metropolitan area.

Restrictive covenants. Mr. Weissman's agreement contains customary non-competition and non-solicitation covenants on the part of Mr. Weissman. These restrictions survive for a period of 12 months after Mr. Weissman's resignation or termination, and in the event of a breach of his employment agreement, the period is automatically extended by the period of the breach.

Amendments of Employment Agreement. In January 2009, the Company and Mr. Weissman entered into a first amendment (the "First Amendment") of Mr. Weissman's employment agreement. Under the First Amendment, Mr. Weissman received an option to purchase 100,000 shares of common stock of the Company on or about February 27, 2009 (the "Weissman Options") at an exercise price determined in accordance with the 2007 Plan at the time of the grant. Subject to certain exceptions, the Weissman Options are subject to the Company's standard terms and conditions for stock option grants under the 2007 Plan. Under the First Amendment, if Mr. Weissman is terminated without cause or he resigns for good reason, (i) the vesting of the Weissman Options will be accelerated by rounding up to the full vesting year and (ii) he will continue to be entitled to the severance benefits described under "Severance terms" above, provided that Mr. Weissman delivers a release of claims to the Company.

In August 2009, the Company and Mr. Weissman entered into a second amendment (the "Second Amendment") of Mr. Weissman's employment agreement. Under the Second Amendment, if within two years following a change in control, the Company terminates Mr. Weissman without cause or he resigns for good reason, any unvested options under any then existing option agreements will become fully vested, provided that Mr. Weissman delivers a release of claims to the Company.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT

The table below shows the estimated amount of payments and benefits that we would provide to the named executive officers assuming that their employment was terminated as of December 31, 2011 by us without cause, including following a change in control, or by the officer with good reason (each as defined in the respective named executive officer's employment agreement). The table also shows the estimated amount of benefits that we would provide upon the occurrence of a change in control as of December 31, 2011, if the named executive officer's options were not assumed, or an equivalent right substituted, by the successor corporation.

The fair market value of our common stock as of December 30, 2011 was \$9.39.

EMPLOYEE BENEFIT PLANS

2007 Stock Incentive Plan

Our 2007 Stock Incentive Plan, or 2007 Plan, was adopted by our Board of Directors and approved by our stockholders in August 2007. The 2007 Plan was further amended and restated, as adopted by our Compensation Committee in March 2011 and approved by our stockholders at the 2011 Annual Meeting of Stockholders, to (among other things) increase the maximum number of shares of our common stock with respect to which awards may be granted. Our 2007 Plan will automatically terminate in 2017, unless we terminate it sooner. In addition, our Board of Directors has the authority to amend, suspend or terminate the 2007 Plan, provided such action does not impair the rights of any participant.

The 2007 Plan permits us to make grants of incentive stock options, within the meaning of Section 422 of the Code, to our employees and any parent and subsidiary corporation's employees, non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards, bonus shares, and dividend equivalents to our employees, directors and consultants and our parent and subsidiary corporation's employees and consultants. These are referred to in the 2007 Plan as awards. No awards covering more than 300,000 shares of our common stock may be granted to any one individual during any single calendar year, except for calendar year 2009, when this limit was 600,000 shares (including awards that are denominated with reference to our common stock that may be payable in cash). In addition, the maximum amount of awards denominated in cash (including awards that are denominated in cash that may be payable in shares of our common stock) that may be granted to any one individual in any single year is \$2,400,000.

At the 2011 Annual Meeting of Stockholders, our stockholders approved the amendment and restatement of the 2007 Plan, which increased the maximum number of shares of our common stock with respect to which awards may be granted under the 2007 Plan from 2,307,692 to 4,407,692. This number is subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization. Under certain circumstances, shares that are the subject of a previously-issued award can become available again for future grants under the 2007 Plan. As of December 31, 2011, awards with respect to 1,797,532 shares were outstanding under the 2007 Plan.

Plan Administration. The 2007 Plan is administered by the Compensation Committee. The Board of Directors may appoint different committees to administer the 2007 Plan for different groups of persons eligible to receive awards.

Options. Options to purchase our common stock may be granted under our 2007 Plan. The exercise price of options awarded under the 2007 Plan may not be less than the fair market value of our common stock on the date of the option grant. The term of each option may not exceed ten years from the date of grant. The Compensation Committee will specify in the option agreement at what time or times each option may be exercised, including the period of time after disability, death, or other termination of employment during which options that have become exercisable may be exercised.

To qualify as incentive stock options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options which first become exercisable in any one calendar year, and a shorter term and higher minimum exercise price in the case of certain large stockholders.

Stock Appreciation Rights. Stock appreciation rights may be granted under our 2007 Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. The Compensation Committee determines the terms of the stock appreciation rights granted, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of our common stock, or a combination thereof.

Restricted Stock. Restricted stock may be granted under our 2007 Plan. Restricted stock awards are shares of our common stock issued to an employee or other service provider that vest in accordance with terms and conditions established by the Compensation Committee. The Compensation Committee will determine the

Table of Contents

number of shares of restricted stock granted to any employee or other service provider. The Compensation Committee may impose whatever conditions to vesting it determines to be appropriate and may grant restricted stock without requiring the payment of any purchase price. For example, the Compensation Committee may set restrictions based on continuous employment and (or) the achievement of specific performance goals. However, restricted stock that vests solely based on employment and the passage of time may not fully vest less than three years from the grant date, and restricted stock that vests solely based on the achievement of performance factors or other performance conditions may not fully vest less than one year from the grant date, unless the Compensation Committee determines that the vesting of a restricted stock award may be accelerated in the event of the recipient's death, disability, retirement or involuntary termination or a change in control. Shares of restricted stock that do not vest are forfeited. Except as otherwise provided in the applicable restricted stock agreement, the recipient of a restricted stock award has all the rights of a stockholder of our common stock, including the right to vote shares and the right to receive any cash dividends.

Restricted Stock Units. Our 2007 Plan also permits us to grant restricted stock units. A restricted stock unit is a contingent right to receive a share of our common stock in the future in accordance with terms and conditions established by the Compensation Committee. The Compensation Committee will determine the number of shares of restricted stock granted to any employee or other service provider and the conditions under which the restricted stock units will vest. The Compensation Committee may impose vesting conditions based on continuous employment and (or) the achievement of specific performance goals. However, restricted stock units that vest solely based on employment and the passage of time may not fully vest less than three years from the grant date, and restricted stock units that vest solely based on the achievement of performance factors or other performance conditions may not fully vest less than one year from the grant date, unless the Compensation Committee determines that the vesting of restricted stock units may be accelerated in the event of the recipient's death, disability, retirement or involuntary termination or a change in control. Restricted stock units that do not vest are forfeited.

Performance Awards. Our 2007 Plan also permits us to grant performance awards. A performance award is a right to receive a payment that is contingent upon the attainment of one or more performance objectives established by the Compensation Committee for a performance period. A performance award may be denominated in cash or in shares of our common stock. The Compensation Committee will determine the number of performance awards granted to any employee or other service provider, the length of the performance period, the performance objectives, the formula for determining the amount earned under the performance award, any related forfeiture conditions, and any other terms and conditions that it determines to establish.

Bonus Shares. Our 2007 Plan also permits us to grant bonus shares. A bonus share is a grant of common stock to an employee, director or consultant without any payment from the recipient and without any restrictions, in recognition of past performance or as an incentive to become an employee or to provide services to us or any of our subsidiaries.

Repricing. The Compensation Committee is prohibited from repricing any option or stock appreciation right without the prior approval of the Company's stockholders. The prohibition applies to the lowering of the exercise price following the grant date, and the cancellation of an option or stock appreciation right at a time when the exercise price exceeds the fair market value of the underlying shares in exchange for cash or another award (unless the cancellation and exchange occurs in connection with a change in control). In addition, the Company may not offer to buy out any option or stock appreciation right in exchange for cash or shares at a time when the exercise price exceeds the fair market value of the underlying shares.

Change in Control. The 2007 Plan provides that in the event of our change in control, as defined in the 2007 Plan, each outstanding award will be treated as the Compensation Committee determines, including that the successor corporation or its parent or subsidiary may be required to assume or substitute an equivalent award for each outstanding award. The Compensation Committee is not required to treat all awards similarly. If there is no assumption or substitution of outstanding awards, the award recipient will fully vest in and have the right to

Table of Contents

exercise all of his or her outstanding options and stock appreciation rights, all restrictions on restricted stock and restricted stock units will lapse and all performance goals or other vesting requirements for performance awards will be deemed achieved at 100% of target levels and all other terms and conditions will be deemed met. If an option or stock appreciation right is not assumed or substituted, the Compensation Committee will provide notice to the award recipient that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the Compensation Committee in its discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

Section 162(m) Awards and Other Awards. Under Section 162(m), in order for compensation in excess of \$1 million paid in any year to certain executive officers to be deductible by the Company, such compensation must qualify as "performance-based." The 2007 Plan allows the Compensation Committee to make awards that would be performance-based for purposes of exemption from the limitations of Section 162(m). Nothing precludes the Compensation Committee from making any payments or granting any awards that do not qualify for tax deductibility under Section 162(m).

2001 Equity Plan

Our 2001 Equity Plan, or 2001 Plan, was adopted by our Board of Directors on July 30, 2001 and approved by our stockholders on August 2, 2001. Our Board of Directors determined not to grant any additional awards under the 2001 Plan after the completion of our initial public offering on November 21, 2007. As of December 31, 2011, options to purchase 295,576 shares of our common stock were issued and outstanding under the 2001 Plan. The 2001 Plan permitted us to make grants of incentive stock options, non-qualified stock options, and stock purchase rights. No stock purchase rights were ever granted under the 2001 Plan. The 2001 Plan automatically terminated according to its terms in 2011; however, the 2001 Plan (further described below) continues to govern the terms and conditions of the outstanding awards granted under it.

Administrative committee. The administrator of our 2001 Plan is either the Board of Directors or any of its committees or any delegate of the board or of the committee appointed by the Board of Directors. The 2001 Plan may be administered by different committees for different groups of persons eligible to receive awards.

Options. The exercise price of incentive stock options awarded under the 2001 Plan was not less than the fair market value of our common stock on the date of the option grant. The term of each option could not exceed ten years from the date of grant. The committee specified in the option agreement at what time or times each option could be exercised, including the period of time after disability, death, or other termination of employment during which options that become exercisable could be exercised.

Dissolution, liquidation, merger, reorganization or sale. Our 2001 Plan provided for the following in the event of a dissolution, merger, reorganization or sale:

In the event of any proposed dissolution or liquidation, the administrator may provide holders of outstanding options with a 10-day period in which to exercise all outstanding options and may provide for the lapse of any Company repurchase option right.

In the event of any merger, consolidation or similar reorganization in which the outstanding options and stock purchase rights will not be assumed or an equivalent option or right is not substituted by the successor entity, the options and stock purchase rights will fully vest and become exercisable for a period of 15 days, after which, the unexercised options and stock purchase rights will terminate.

LIMITATION ON LIABILITY AND INDEMNITY

Our amended and restated certificate of incorporation contains provisions that limit or eliminate the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as a director, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered into agreements and intend to continue to enter into agreements to indemnify our executive officers and directors. With certain exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding for which indemnification is available. We believe these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' insurance.

At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Grant Thornton LLP (Grant Thornton) to serve as the Company s independent auditors for the fiscal year ending December 31, 2012 and is submitting this matter to the stockholders for their ratification. Grant Thornton has served as the Company s independent auditors since 2002. One or more representatives of Grant Thornton will be present at the Annual Meeting to make a statement if they desire to do so and to be available to respond to appropriate questions that may be asked by stockholders.

In the event the proposal to ratify the selection of Grant Thornton is defeated, the adverse vote will be considered as a direction to the Board of Directors to select other independent auditors for the next fiscal year ending December 31, 2013. However, because of the expense and difficulty in changing independent auditors after the beginning of a year, the Board of Directors intends to allow the appointment for fiscal 2012 to stand unless the Board of Directors finds other reasons for making a change.

Audit Fees

The aggregate fees billed by Grant Thornton for audit services (audit of the Company s annual financial statements, reviews of the Company s interim unaudited financial statements, and assistance with and review of SEC filings) for fiscal 2011 and fiscal 2010 were \$308,707 and \$294,040, respectively.

Audit-Related Fees

There were no audit-related fees billed by Grant Thornton in fiscal 2011 or fiscal 2010.

Tax Fees

The aggregate fees billed by Grant Thornton in fiscal 2011 and fiscal 2010 for tax planning services were \$22,500 and \$52,050, respectively.

All Other Fees

There were no other fees billed by Grant Thornton in fiscal 2011 or fiscal 2010 for any other services.

Pre-Approval Policy and Procedures

In accordance with provisions of the Sarbanes-Oxley Act of 2002, the Audit Committee pre-approves all audit and non-audit services provided to the Company by its independent auditors.

Our Board of Directors recommends that you vote FOR the ratification of the selection of Grant Thornton LLP to serve as the Company s independent auditors for the fiscal year ending December 31, 2012.

MANAGEMENT AND RELATED STOCKHOLDER MATTERS**

Security Ownership of Certain Beneficial Owners and Management

Unless otherwise noted, the following table sets forth, as of April 17, 2012, the beneficial ownership of our common stock by:

each person that is a beneficial owner of 5% or more of our outstanding shares of common stock;

each of our named executive officers;

each of our directors, including the director nominees; and

all of our executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. Except as described below, in computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options or warrants held by that person that are currently exercisable or exercisable within 60 days of April 17, 2012 are deemed outstanding but are not deemed outstanding for computing the percentage ownership of any other person. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to such securities. Except as otherwise indicated, all of the shares reflected in the table are shares of common stock and all persons listed below have sole voting and investment power with respect to the shares beneficially owned by them, subject to applicable community property laws. Percentage of beneficial ownership is based on 22,533,474 shares of common stock outstanding as of April 17, 2012. Unless otherwise indicated in the footnotes below, the address for each beneficial owner is c/o Rubicon Technology, Inc., 900 East Green Street, Bensenville, Illinois 60106.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policy and Procedures for Review, Approval or Ratification

We recognize that transactions between Rubicon and related persons present a potential for actual or perceived conflicts of interest. Our general policies with respect to such transactions are included in our Code of Ethics which is administered by our Audit Committee. All employees and members of our Board of Directors agree to be bound by the Code of Ethics. As a supplement to the Code of Ethics, the Audit Committee adopted a policy setting out the procedures and standards to be followed for the identification and evaluation of related party transactions. For purposes of the policy, a related party transaction is any transaction or series of related transactions in excess of \$120,000 in which we are a party and in which a related person has a material interest. Related persons include our directors, director nominees, executive officers, beneficial owners of 5% or more of any class of our voting securities and members of their immediate families. The Audit Committee has determined that certain transactions are deemed to be pre-approved under this policy. These include (i) transactions with another company in which the related person's only interest is as a director or beneficial owner of less than 10% of the equity interests in that other company and (ii) certain compensation arrangements that have either been disclosed in our public filings with the SEC or approved by our Compensation Committee.

We collect information about potential related party transactions in our annual questionnaires completed by directors, executive officers and certain beneficial owners of 5% or more of any class of our voting securities. Potential related party transactions are first reviewed and assessed by our corporate secretary to consider the materiality of the transactions and then reported to the Audit Committee. If a related party transaction is identified during the year, it is reported promptly to the Audit Committee. The Audit Committee reviews and considers all relevant information available to it about each related party transaction. A related party transaction is approved or ratified only if the Audit Committee determines that it is in, or is not inconsistent with, our best interests and those of our stockholders and is in compliance with the Code of Ethics.

The following related party transactions have been ratified by the Audit Committee in accordance with the policy described above. We believe that we have executed all of the transactions set forth below on terms no less favorable to us than we could have obtained from unaffiliated third parties.

Registration Rights Agreement

We granted registration rights to the holders of our preferred stock pursuant to an amended and restated registration rights agreement, dated November 30, 2005. Under the terms of that agreement, the registration rights were extended to the common stock into which our preferred stock was converted immediately prior to the closing of our initial public offering in November 2007. The stockholders who are currently entitled to such registration rights with respect to their shares of common stock are Cross Atlantic Technology Fund, L.P., Cross Atlantic Technology Fund II, L.P., and The Co-Investment 2000 Fund, L.P. The agreement provides these stockholders with demand and piggyback registration rights and includes customary expense reimbursement and cross indemnification provisions. The registration rights terminate at such time as the earlier of (i) when all registrable securities may be sold during any three-month period without registration under the Securities Act of 1933, as amended (the Securities Act), (ii) when no registrable securities remain outstanding and (iii) November 21, 2012.

Employment and Severance Arrangements with Executive Officers

We have entered into employment and severance arrangements with our executive officers as described under the caption Executive Compensation Employment and Severance Arrangements.

Indemnification Agreements

We have entered and expect to continue to enter into agreements to indemnify our directors and executive officers. For a description of these agreements, see Executive Compensation Limitation on Liability and Indemnity.
