NOTICE OF 2014 ANNUAL MEETING OF SHAREHOLDERS

Dear Shareholder:

We will hold our annual meeting of shareholders at the Grand Hyatt Atlanta in Buckhead, 3300 Peachtree Road NE, Atlanta, Georgia, on May 7, 2014, at 4:00 p.m., Eastern Time. At this meeting, shareholders will vote on:

The election of nine nominees for director to serve a term of one year.

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm.

An advisory vote to approve executive compensation.

Two shareholder proposals, if properly presented at the meeting.

Such other business as may properly come before the meeting.

You can vote if you were a shareholder of record at the close of business on March 11, 2014.

Beginning with this proxy statement, we are pleased to take advantage of the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their shareholders over the internet. We believe that this new e-proxy process will expedite shareholders' receipt of proxy materials and reduce the costs and environmental impact of our annual meeting of shareholders. On March 27, 2014, we will begin mailing a Notice to our shareholders containing instructions on how to access this proxy statement and our 2013 annual report and vote online, as well as instructions on how to receive paper copies of these documents for shareholders who so elect.

We encourage you to vote promptly, whether or not you plan to attend the meeting. You may instruct us as to how you would like your shares to be voted via the internet or by telephone. If you received a paper copy of the proxy card by mail, you may sign and return the proxy card in the envelope provided. Instructions regarding these three methods of voting are contained on the Notice or proxy card.

By Order of the Board of Directors

STEVEN M. COOK

Senior Vice President, General Counsel

and Secretary

Bloomfield Hills, Michigan

March 27, 2014

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF
SHAREHOLDERS TO BE HELD ON MAY 7, 2014.**

The Company's Proxy Statement for the 2014 Annual Meeting of Shareholders and the Annual Report to Shareholders for the fiscal year ended December 31, 2013 are available at: www.proxyvote.com.

PROXY STATEMENT

The Board of Directors of PulteGroup, Inc. ("PulteGroup" or the "Company") is soliciting proxies to be used at the annual meeting of shareholders to be held on May 7, 2014, at 4:00 p.m., Eastern Time, at the Grand Hyatt Atlanta in Buckhead, 3300 Peachtree Road NE, Atlanta, Georgia. In accordance with rules adopted by the Securities and Exchange Commission (the "SEC"), the Company is making this Proxy Statement and the Company's Annual Report on Form 10-K available to our shareholders electronically via the internet. In addition, the Company is using the SEC's Notice and Access Rules to provide shareholders with more options for receipt of these materials. Accordingly, on or about March 27, 2014, the Company will be mailing a Notice of Internet Availability of Proxy Materials and Notice of Annual Meeting (the "Notice") to our shareholders containing instructions on how to access this Proxy Statement and the Company's Annual Report on the internet, how to vote online or by telephone, and how to receive paper copies of the documents and a proxy card.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIAL AND THE ANNUAL MEETING:

What am I voting on?

You are voting on five proposals:

1. The election of nine nominees for director to serve a term of one year.
2. The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm.
3. An advisory vote to approve executive compensation.
4. A shareholder proposal requesting the election of directors by a majority, rather than plurality, vote, if properly presented at the meeting.
5. A shareholder proposal regarding the use of performance-based options, if properly presented at the meeting.

What are the voting recommendations of the Board?

The Board of Directors recommends the following votes:

FOR the election of all of the nominees for director.

FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm.

FOR the proposal relating to the Company's executive compensation.

AGAINST the shareholder proposal requesting the election of directors by a majority, rather than plurality, vote.

AGAINST the shareholder proposal regarding the use of performance-based options.

Will any other matter be voted on?

We are not aware of any other matters on which you will be asked to vote at the meeting. If you authorize a proxy to vote your shares and any other matter is properly brought before the meeting, Richard J. Dugas, Jr. and Steven M. Cook, acting as your proxies, will vote for you in their discretion.

How do I vote my shares?

If you are a shareholder of record as of the close of business on March 11, 2014 (the record date), you can give a proxy to be voted at the meeting either:

if you received your proxy materials by mail, by mailing in the enclosed proxy card;

by written ballot at the meeting;

over the telephone by calling a toll-free number; or

electronically, using the internet.

If you complete and mail in your proxy card, your shares will be voted as you indicate. If you do not indicate your voting preferences, Richard J. Dugas, Jr. and Steven M. Cook, acting as your proxies, will vote your shares FOR Items 1, 2 and 3 and AGAINST Items 4 and 5.

The telephone and internet voting procedures have been set up for your convenience and have been designed to authenticate your identity, to allow you to give voting instructions and to confirm that those instructions have been recorded properly. If you are a shareholder of record and you would like to vote by telephone or by using the internet, please refer to the instructions on the Notice or proxy card.

If you hold your shares in street name, you must vote your shares in the manner prescribed by your broker or nominee. Your broker or nominee has provided or will provide voting instructions for you to use in directing the broker or nominee on how to vote your shares.

What is the difference between a shareholder of record and a street name holder?

If your shares are registered directly in your name with Computershare Trust Company, N.A. (Computershare), the Company's stock transfer agent, you are considered the shareholder of record with respect to those shares.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of these shares, and your shares are held in street name.

Can I change my vote?

Yes. You can change your vote or revoke your proxy before the meeting in any of three ways:

by submitting another proxy by telephone, via the internet or by mail that is later dated and, if by mail, that is properly signed;

by submitting written notice to the Secretary of the Company, which notice must be received by the Company by 5:00 p.m., Eastern Time, on May 6, 2014; or

by voting in person at the meeting.

What percentage of the vote is required for a proposal to be approved?

The nine director nominees receiving the greatest number of votes will be elected. The service of such directors will be subject to the Corporate Governance Guidelines of the Company. The ratification of

the appointment of Ernst & Young LLP as our independent registered public accounting firm, the advisory vote to approve executive compensation and the shareholder proposals each require the affirmative vote of a majority of the votes cast at the meeting. Although the advisory vote to approve executive compensation is non-binding, the Board of Directors will review the results of the vote and will take them into account in making a determination concerning executive compensation.

Who will count the vote?

Broadridge Financial Solutions, Inc. will act as the independent tabulator to receive and tabulate the proxies and as the independent inspector of election to certify the results.

What does it mean if I get more than one Notice or proxy card?

It means your shares are held in more than one account. You should vote the shares on all your proxy cards. To provide better shareholder service, we encourage you to have all your shares registered in the same name and address. You may do this by contacting our transfer agent, Computershare, by phone at (877) 282-1168, by mail at Computershare Investor Services, P.O. Box 43078, Providence, Rhode Island 02940-3078, or via the internet at www.computershare.com.

Why did I receive a one-page Notice in the mail regarding the internet availability of proxy materials instead of a full set of printed proxy materials?

Pursuant to rules adopted by the SEC, the Company is required to provide access to its proxy materials via the internet and has elected to use the SEC's Notice and Access Rules for soliciting proxies. Accordingly, the Company is sending a Notice to all of its shareholders as of the record date. All shareholders may access the Company's proxy materials on the website referred to in the Notice. Shareholders may also request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials via the internet and how to request a printed copy can be found in the Notice. Additionally, by following the instructions in the Notice, shareholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. Choosing to receive your future proxy materials by e-mail will save the Company the cost of printing and mailing documents to you and will reduce the impact of the Company's annual meetings on the environment. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

Who can attend the annual meeting?

All shareholders of record as of the close of business on March 11, 2014 can attend. Registration will begin at 3:30 p.m., Eastern Time. Institutional or entity shareholders are allowed to bring one representative. Attendance at the meeting will be on a first-come, first-served basis, upon arrival at the meeting.

What do I need to do to attend the annual meeting?

You should plan to arrive at the Grand Hyatt Atlanta in Buckhead, 3300 Peachtree Road NE, Atlanta, Georgia, on May 7, 2014 by 3:30 p.m., Eastern Time. Upon your arrival, please follow the signs to the registration desk where you will register for the meeting.

An admission ticket (or other proof of stock ownership) and a government-issued photo identification (such as a valid driver's license or passport) will be required for admission to the annual meeting.

Representatives of PulteGroup will be present at the registration desk to review and determine the validity of such documentation. **Only shareholders who own PulteGroup common shares as of the close of business on March 11, 2014 will be entitled to attend the meeting. An admission ticket or recent bank or brokerage statement will serve as verification of your ownership.**

If your PulteGroup shares are registered in your name and you receive your proxy materials by mail, an admission ticket will be attached to your proxy card.

If your PulteGroup shares are registered in your name and you vote your shares electronically over the Internet, you may access and print an admission ticket after voting such shares.

If your PulteGroup shares are held in a bank or brokerage account, contact your bank or broker to obtain a written legal proxy in order to vote your shares at the meeting. If you do not obtain a legal proxy from your bank or broker, you will not be entitled to vote your shares, but you can still attend the annual meeting if you bring a recent bank or brokerage statement showing that you owned PulteGroup shares on March 11, 2014.

For your comfort and security, no cameras (including cell phones with built-in cameras), recording devices or other electronic devices, packages, signage or costumes will be permitted in the meeting room. We encourage you to leave any such items at home. We will not be responsible for any items checked at the door. Attendees (including their personal belongings) will be subject to security inspections.

What is the quorum requirement of the annual meeting?

On March 11, 2014, there were 381,165,593 shares issued and outstanding. A majority of the shares outstanding and entitled to vote at a meeting on March 11, 2014 constitutes a quorum for voting at the meeting. If you vote, your shares will be part of the quorum. Each share you owned on the record date shall be entitled to one vote.

How will abstentions be treated?

Abstentions will be counted as shares present at the meeting for purposes of determining whether a quorum exists. You may not abstain with respect to the election of directors. With respect to the proposals to ratify the appointment of Ernst & Young LLP, the advisory vote to approve executive compensation and with respect to the shareholder proposals, an abstention will not be counted as a vote cast and therefore will have no effect on whether the proposal is approved.

How will broker non-votes be treated?

Broker non-votes will be treated in the same manner, and have the same effect, as abstentions. A broker non-vote occurs when a broker cannot vote on a matter because the broker has not received instructions from the beneficial owner and lacks discretionary voting authority with respect to that matter. Brokers will lack discretionary voting authority with respect to the election of directors, the advisory vote to approve executive compensation and with respect to the shareholder proposals. Brokers will not lack discretionary voting authority with respect to the proposal to ratify the appointment of Ernst & Young LLP.

Section 16(a) Beneficial Ownership Reporting Compliance

Our directors and executive officers file reports with the Securities and Exchange Commission (the SEC) indicating the number of our common shares that they beneficially owned when they became a director or executive officer and, after that, any changes in their beneficial ownership of our common shares. They must also provide us with copies of these reports. These reports are required by Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act). We have reviewed the copies of these reports that we have received and have also received and reviewed written representations of the accuracy of these reports from these individuals. Persons who own more than 10% of our common shares must also file reports with the SEC.

Based on these reports and representations, PulteGroup believes that during 2013 our directors, executive officers and greater than 10% stockholders complied with all Section 16(a) reporting requirements.

PROPOSAL ONE**ELECTION OF DIRECTORS**

Our Restated Articles of Incorporation, as amended, require that we have at least three, but no more than 15, directors. The exact number of directors is set by the Board of Directors and is currently nine. All directors will be elected on an annual basis for one year terms. The nine directors comprising the Board of Directors, all of whose terms are expiring at the 2014 annual meeting, are Brian P. Anderson, Bryce Blair, Richard J. Dugas, Jr., Thomas J. Folliard, Cheryl W. Gris , Andr  J. Hawaux, Debra J. Kelly-Ennis, Patrick J. O'Leary and James J. Postl. These nine directors are the nominees to serve a one year term expiring at the 2015 annual meeting and each has agreed to serve the one-year term for which they have been nominated, if elected. Please see below for a description of the occupations and recent business experience of all director nominees. In addition, the specific experience, qualifications, attributes or skills that led the Nominating and Governance Committee to the conclusion that each of the director nominees should serve as a director of the Company are included in the descriptions below.

The Corporate Governance Guidelines of the Company provide that any nominee for director who, in an uncontested election, receives a greater number of votes withheld from his or her election than votes for his or her election at the annual meeting (Majority Withheld Vote) will promptly tender his or her resignation from the Board of Directors. The Nominating and Governance Committee, which is comprised exclusively of independent directors, will consider the resignation and recommend to the Board of Directors whether to accept the tendered resignation or reject it. The Board of Directors will act upon the Nominating and Governance Committee's recommendation no later than the first regularly scheduled meeting of the Board of Directors following certification of the Majority Withheld Vote. The action taken by the Board of Directors will be publicly disclosed in a report filed with the SEC and may include, without limitation, acceptance or rejection of the tendered resignation or adoption of measures designed to address the issues underlying the Majority Withheld Vote. The foregoing description is qualified in its entirety by reference to our Corporate Governance Guidelines, which are available for viewing on our website at www.pultegroupinc.com.

Principal Occupation: Executive Vice President, Finance, Administration and Chief Financial Officer, Dick's Sporting Goods, Inc.

Recent Business Experience: Mr. Hawaux joined Dick's Sporting Goods in June 2013 as Executive Vice President, Finance Administration and Chief Financial Officer. Mr. Hawaux served as president of the Consumer Foods business of ConAgra Foods, Inc. from 2009 until May 2013. He joined ConAgra Foods as executive vice president and chief financial officer in 2006, and prior to ConAgra Foods, he served as general manager of a large U.S. division of PepsiAmericas. Mr. Hawaux also previously served as chief financial officer for Pepsi-Cola North America and Pepsi International's China business unit.

Outside Directorships (Last Five Years): Mr. Hawaux previously served as a member of the board of directors of The Timberland Company.

Qualifications: The specific experience, qualifications, attributes or skills that led the Nominating and Governance Committee to conclude that Mr. Hawaux should serve as a director in light of our business and structure include his significant experience serving as a senior officer of several corporations, most recently as executive vice president and chief financial officer of a large, consumer-focused public company. In connection with that role, Mr. Hawaux has extensive experience in operational matters and business strategy, which adds a valuable perspective for the Board's decision making. In addition, Mr. Hawaux has significant experience in the preparation and review of complex financial reporting statements as well as experience in risk management and risk assessment, and is an audit committee financial expert for purposes of the SEC's rules. Mr. Hawaux also brings to the Board of Directors meaningful experience based on his service on the board of directors of The Timberland Company.

Debra J. Kelly-Ennis

Age: 57

Director since: 1997

Principal Occupation: Former President and CEO, Diageo Canada, Inc., Etobicoke, Ontario, Canada

Recent Business Experience: Ms. Kelly-Ennis served as President and Chief Executive Officer of Diageo Canada, Inc., a subsidiary of Diageo plc, a global spirits, wine and beer company, from September 2008 until June 2012. She served as Chief Marketing Officer of Diageo North America, Inc., another subsidiary of Diageo plc., from April 2005 to September 2008. She served as President of Saab Cars USA, a wholly-owned subsidiary of General Motors Europe, from October 2002 to April 2005. Ms. Kelly-Ennis served as General Manager of the Oldsmobile Division of General Motors Corporation from May 2000 until September 2001, and served as Brand Manager of General Motors Chevrolet Division from March 1999 until April 2000. She has also held marketing, sales and general management positions with RJR/Nabisco, Inc., The Coca-Cola Company, and Grand Metropolitan PLC.

Outside Directorships (Last Five Years): Ms. Kelly-Ennis currently serves as a member of the board of directors of Altria Group, Inc., Hertz Global Holdings, Inc., Carnival Corporation & plc and Dress for Success Worldwide (emeritus).

Qualifications: The specific experience, qualifications, attributes or skills that led the Nominating and Governance Committee to conclude that Ms. Kelly-Ennis should serve as a director in light of our business and structure include her significant experience as an executive with several large, consumer-focused companies in multiple industries. In addition, Ms. Kelly-Ennis's significant amount of marketing and distribution experience provides an in-depth understanding of PulteGroup's customers' needs and adds a valuable perspective for Board decision making. Ms. Kelly-Ennis also brings to the Board of Directors meaningful experience based on her service on the boards of directors of Altria Group, Inc., Hertz Global Holdings, Inc. and Carnival Corporation & plc.

Patrick J. O'Leary

Age: 56

Director since: 2005

Principal Occupation: Former Executive Vice President and Chief Financial Officer of SPX Corporation

Recent Business Experience: Mr. O'Leary served as Executive Vice President and Chief Financial Officer of SPX Corporation, a global industrial and technological services and products company, from December 2004 until August 2012, when he retired. Prior to that time, he served as Chief Financial Officer and Treasurer of SPX Corporation from October 1996 to December 2004.

Qualifications: The specific experience, qualifications, attributes or skills that led the Nominating and Governance Committee to conclude that Mr. O'Leary should serve as a director in light of our business and structure include his significant experience as a chief financial officer of a large multinational corporation. In addition, Mr. O'Leary has significant experience in the preparation and review of complex financial reporting statements and is an audit committee financial expert for purposes of the SEC's rules.

James J. Postl

Age: 68

Director since: 2009

Principal Occupation: Former President and Chief Executive Officer of Pennzoil-Quaker State Company

Recent Business Experience:

Mr. Postl retired as president and chief executive officer of Pennzoil-Quaker State Company following its acquisition by Shell Products U.S. in October 2002. He joined Pennzoil in October 1998, prior to the formation of Pennzoil-Quaker State Company in December 1998, when he was named president and chief operating officer and was elected to the board of directors of the new company. In May 2000, he was named president and chief executive officer. Prior to joining Pennzoil-Quaker State, he served as president of Nabisco Biscuit Company from 1996 and was president and chief executive officer of Nabisco International from 1994 to 1996. Prior to joining Nabisco, he held a variety of management positions with PepsiCo, Inc. over a 19-year period.

Outside Directorships (Last Five Years):

Mr. Postl currently serves as a member of the board of directors of American Funds, and previously served as a member of the board of directors of Cooper Industries, Ltd. and Northwest Airlines Corporation.

Qualifications:

The specific experience, qualifications, attributes or skills that led the Nominating and Governance Committee to conclude that Mr. Postl should serve as a director in light of our business and structure include his significant experience serving as an executive officer of several corporations and as a director of several private and public corporations. Mr. Postl has substantial experience in operational matters, having served as president and chief executive officer of several corporations and large business divisions. Mr. Postl also brings to the Board of Directors significant public company management experience, having served as president and chief executive officer of Pennzoil-Quaker State Company, a large public company.

The Board of Directors recommends that shareholders vote FOR the election of these nine nominees.

If a nominee is unable to stand for election, the Board of Directors may reduce the number of directors or choose a substitute. If the Board of Directors chooses a substitute, shares represented by proxies will be voted for the substitute. If a director retires, resigns, dies, or is unable to serve for any reason, the Board of Directors may reduce the number of directors or appoint a new director to fill the vacancy. The new director would serve until the next annual meeting.

Independence

Under the Company's Corporate Governance Guidelines, a substantial majority of the members of our Board of Directors must be independent. The Board of Directors has adopted categorical independence standards to assist the Nominating and Governance Committee in determining director independence, which standards either meet or exceed the independence requirements of the New York Stock Exchange's (NYSE) corporate governance standards. Under these standards, no director can qualify as independent unless (i) the Board of Directors affirmatively determines that the director has no material relationship with the Company directly or as an officer, shareholder or partner of an organization that has a relationship with the Company, and (ii) the director meets the following categorical standards:

Has not been an employee of the Company for at least three years;

Has not, during the last three years, been employed as an executive officer by a company for which an executive officer of the Company concurrently served as a member of such company's compensation committee;

Has no immediate family members (i.e., spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law and anyone (other than

employees) who shares the director's home) who did not satisfy the foregoing criteria during the last three years; provided, however, that such director's immediate family member may have served as an employee but not as an executive officer of the Company during such three-year period so long as such immediate family member shall not have received, during any twelve-month period within such three-year period, more than \$120,000 in direct compensation from the Company for such employment;

Is not a current partner or employee of the Company's internal or external audit firm, and the director was not within the past three years a partner or employee of such a firm who personally worked on the Company's internal or external audit within that time;

Has no immediate family member who (i) is a current partner of a firm that is the Company's internal or external auditor, (ii) is a current employee of such a firm and personally works on the Company's internal or external audit or (iii) was within the past three years a partner or employee of such a firm and personally worked on the Company's audit within that time;

Has not received, and has no immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company (other than in his or her capacity as a member of the Board of Directors);

Is not a current employee, and has no immediate family member who is a current executive officer, of a company that made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues;

Does not serve, and has no immediate family member who has served, during the last three years as an executive officer or general partner of an entity that has received an investment from the Company or any of its subsidiaries, unless such investment is less than the greater of \$1 million or 2% of such entity's total invested capital, whichever is greater, in any of the last three years; and

Has not been, and has no immediate family member who has been, an executive officer of a charitable or educational organization for which the Company contributed more than the greater of \$1 million or 2% of such charitable organizations' consolidated gross revenues, in any of the last three years.

The Board of Directors considered all relevant facts and circumstances in assessing director independence and affirmatively determined that Brian P. Anderson, Bryce Blair, Thomas J. Folliard, Cheryl W. Grisé, André J. Hawaux, Debra J. Kelly-Ennis, Patrick J. O'Leary and James J. Postl are independent within the meaning of the Company's categorical standards and the NYSE listing standards. The Board of Directors further determined that Richard J. Dugas, Jr., who is a current PulteGroup employee, is not independent within the meaning of the Company's categorical standards and the NYSE listing standards.

Board Qualifications

In addition to the individual attributes of each of the directors described above, PulteGroup highly values the collective experience and qualifications of the directors. PulteGroup believes that the collective experiences, viewpoints and perspectives of its directors results in a Board with the commitment and energy to advance the interests of PulteGroup's shareholders.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has four standing committees to facilitate and assist the Board of Directors in the execution of its responsibilities. The committees are currently the Audit Committee, Compensation and Management Development Committee, Nominating and Governance Committee and Finance and Investment Committee. Charters for all of these committees are available on the Company's website at www.pultegroupinc.com. The table below shows current membership for each of the standing Board committees.

Audit Committee

The Audit Committee met eight times in 2013. The Committee represents and assists the Board of Directors with the oversight of the integrity of the Company's financial statements and internal controls, the performance of the Company's internal audit function, the annual independent audit of the Company's financial statements and the independent auditor's engagement, qualifications and independence, the Company's compliance with legal and regulatory requirements, and the evaluation of enterprise risk issues.

The Audit Committee is also responsible for selecting (subject to ratification by our shareholders) the independent auditor as well as setting the compensation for and overseeing the work of the independent auditor and pre-approving all audit services to be provided by the independent auditor. The Board of Directors has determined that each of the members of the Audit Committee is independent within the meaning of the Company's categorical standards and the applicable NYSE and SEC rules and financially literate as defined by the NYSE rules, and that Brian P. Anderson, Thomas J. Folliard and André J. Hawaux are audit committee financial experts for purposes of the SEC's rules. Currently, none of the Audit Committee members serves on more than three audit committees (including the Company's Audit Committee).

Compensation and Management Development Committee

The Compensation and Management Development Committee met five times in 2013. The Compensation and Management Development Committee is responsible for the review, approval, and administration of the compensation and benefit programs for the Chief Executive Officer and the other named executive officers. It also reviews and makes recommendations regarding the Company's incentive plans and certain other compensation plans and reviews the Company's leadership development programs and initiatives and discusses performance, leadership development, and succession planning for key officers with the Chairman of the Board, President and Chief Executive Officer, as appropriate. The Board of Directors has determined that each of the members of the Compensation and Management Development Committee is independent within the meaning of the Company's categorical standards and the NYSE rules.

The Compensation and Management Development Committee meets regularly in person and via teleconference to discharge its duties and responsibilities. Mr. Patrick J. O'Leary is the Chair of the Compensation and Management Development Committee. Mr. O'Leary works with Mr. James R. Ellinghausen, the Company's Executive Vice President, Human Resources, to establish meeting agendas and determine whether any members of PulteGroup's management or outside advisors should attend meetings. The Compensation and Management Development Committee also meets regularly in executive session. At various times during the year at the request of the Compensation and Management Development Committee, Mr. Robert T. O'Shaughnessy, our Executive Vice President and Chief Financial Officer, may attend Compensation and Management Development Committee meetings, or portions of Compensation and Management Development Committee meetings, to provide the Compensation and Management Development Committee with information regarding the Company's operational performance, financial performance, or other topics requested by the Compensation and Management Development Committee to assist it in making its compensation decisions.

The Chairman of the Board, President and Chief Executive Officer, Mr. Richard J. Dugas, Jr., annually reviews the performance of each member of senior management (other than Mr. Dugas, whose performance is reviewed by the Compensation and Management Development Committee). Recommendations based on these reviews, including salary adjustments, annual bonuses, long-term incentives, and equity grants, are presented to the Compensation and Management Development Committee. Decisions regarding salary adjustments, annual bonuses, long-term incentives, and equity grants for Mr. Dugas are made by the Compensation and Management Development Committee. All decisions for 2013 made with respect to the executives listed in the Summary Compensation Table were made after deliberation with Mr. Dugas.

The Compensation and Management Development Committee is also responsible for overseeing the development of, and risks associated with, the Company's succession plan for the Chairman of the Board, President and Chief Executive Officer and other key members of senior management as well as the Company's leadership development programs.

The Compensation and Management Development Committee receives and reviews materials in advance of each meeting provided by the Compensation and Management Development Committee's consultant and management. These materials include information that management believes will be helpful to the Compensation and Management Development Committee, as well as materials the Compensation and Management Development Committee specifically requests.

The Compensation and Management Development Committee has the authority to hire and fire its own outside compensation consultant and any other advisors it deems necessary. Since 2003, the Compensation and Management Development Committee has engaged Pearl Meyer & Partners to act

as its independent consultant. The consultant regularly provides the Compensation and Management Development Committee with information regarding market compensation levels, general compensation trends and best practices. The Compensation and Management Development Committee also regularly asks the consultant to opine on the reasonableness of specific pay decisions and actions for the named executive officers, as well as the appropriateness of the design of the Company's executive compensation programs.

The activities of the compensation consultant are directed by the Compensation and Management Development Committee, although the consultant may communicate with members of management, as appropriate, to gather data and prepare analyses as requested by the Compensation and Management Development Committee. During 2013, the Compensation and Management Development Committee asked Pearl Meyer to review market data and advise the Committee on setting executive compensation and the competitiveness and reasonableness of the Company's executive compensation program; review and advise the Compensation and Management Development Committee regarding the Company's pay for performance, equity grant and dilution levels, each as relative to the Company's peers; review and advise the Compensation and Management Development Committee regarding regulatory, disclosure and other technical matters; and review and advise the Compensation and Management Development Committee regarding the Company's compensation risk assessment procedures. The Compensation and Management Development Committee also asked Pearl Meyer to provide opinions on named executive officer pay decisions.

In 2013, Pearl Meyer did not provide any other services to the Company. The Compensation and Management Development Committee assessed the independence of Pearl Meyer pursuant to SEC rules and concluded that Pearl Meyer's work for the Compensation and Management Development Committee does not raise any conflict of interest.

The Compensation and Management Development Committee has determined that Pearl Meyer & Partners is independent because it does not work for us other than that requested by the Compensation and Management Development Committee. The Chairman of the Compensation and Management Development Committee reviews the consultant's invoices, which are paid by the Company.

Nominating and Governance Committee

The Nominating and Governance Committee met four times in 2013. The Nominating and Governance Committee is responsible for matters related to the governance of the Company and for developing and recommending to the Board of Directors the criteria for Board membership, the selection of new Board members, and the assignment of directors to the committees of the Board of Directors. The Nominating and Governance Committee assures that a regular evaluation is conducted of the performance, qualifications, and integrity of the Board of Directors and the committees of the Board. The Nominating and Governance Committee also reviews and makes recommendations with respect to the compensation of members of the Board of Directors. The Board of Directors has determined that each of the members of the Nominating and Governance Committee is independent within the meaning of the Company's categorical standards and the NYSE rules. The Nominating and Governance Committee is also responsible for reviewing the Company's Environmental Health & Safety Policies, and assessing and monitoring the Company's Enterprise Risk Management Program.

Finance and Investment Committee

The Finance and Investment Committee met four times in 2013. The Finance and Investment Committee reviews all aspects of the Company's policies that relate to the management of the Company's financial affairs. The Finance and Investment Committee also reviews the Company's long-term strategic plans and annual budgets, capital commitments budget, and the Company's cash needs and funding plans.

Board Meeting Information

The Board of Directors held a total of seven meetings in 2013. During 2013, each director attended at least 75% of the aggregate number of meetings of the Board of Directors and of the committees on which such director served that were held during the period that such director served as a member of the Board of Directors and as a member of such committees.

PulteGroup encourages its directors to attend each Annual Meeting of our shareholders, and all of our directors serving on the date of last year's annual meeting attended that meeting.

Throughout the year, PulteGroup held regularly scheduled executive sessions of its non-management directors without management participation. In addition, in 2014, PulteGroup will hold at least one executive session of its non-management directors without the participation of management. James J. Postl, our Lead Director, presides at these executive sessions.

2013 DIRECTOR COMPENSATION

The table below shows compensation for the Company's non-employee directors for the fiscal year ended December 31, 2013. Richard J. Dugas, Jr., our Chairman of the Board, President and Chief Executive Officer, receives no additional compensation for his services as a director of the Company. The compensation received by Mr. Dugas as an employee of the Company is shown in the 2013 Summary Compensation Table set forth in this proxy statement.

Name	Fees Earned			
	or Paid	Stock		
	in Cash	Awards	All Other	Total

Bernard W. Reznicek (5)	\$ 33,668	\$	\$	\$ 33,668

(1) The amounts in this column represent the fees earned or paid in cash for services as a director, including annual retainer, committee chairmanship, and lead director fees.

(2) The amounts reported in this column are valued based on the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation (FASB ASC Topic 718). Assumptions used in the calculation of these amounts are included in note 9 to the Company's audited financial statements included in our Annual Report on Form 10-K (Annual Report) for the fiscal year ended December 31, 2013. On May 8, 2013, the directors received their annual equity grant of 6,180 shares, which represents 140,000 divided by the average of the high and low share price on the date of grant. The amounts reported in this column for Ms. Grisé and Mr. O'Leary represent the value of stock units deferred under the PulteGroup, Inc. Deferred Compensation Plan for Non-Employee Directors. The stock units consist of fully vested deferred stock units that are settled in common shares and may be subject to a deferral election consistent with Internal Revenue Code Section 409A.

(3) As of December 31, 2013, each individual serving as an outside director during 2013 had the following number of deferred stock units and stock options:

Director	Deferred Stock Units	Options
Brian P. Anderson		40,000
Bryce Blair		
Thomas J. Folliard		
Cheryl W. Grisé	52,767	14,000
Debra J. Kelly-Ennis		60,000
André J. Hawaux		
David N. McCammon		60,000
Patrick J. O'Leary	6,180	40,000
James J. Postl		
Bernard W. Reznicek		60,000

(4) On May 8, 2013, Mr. Hawaux was appointed as a member of the Company's Board of Directors.

(5) Messrs. McCammon and Reznicek ceased to serve as members of the Board of Directors, effective at the Company's 2013 Annual Meeting of Shareholders.

Director Compensation

The Nominating and Governance Committee reviews the compensation of the Company's non-employee directors. Based on a 2013 review of director compensation levels, the Nominating and Governance Committee did not make any changes to the non-employee director compensation program. During 2013, non-employee directors received the following compensation for service as members of the Board of Directors and as members of Board committees:

Annual Board membership fee of \$95,000 in cash;

Committee chair retainer fee of \$25,000 in cash;

Lead Director retainer fee of \$25,000 in cash; and

Annual Equity Retainer Fee of \$140,000 in common shares (the number of common shares determined by dividing 140,000 by the average of the high and low share price on the date of grant).

Director Deferred Compensation

In 2013, non-employee directors were entitled to defer all or a portion of their cash and equity compensation. Deferred cash payments were credited with interest at a rate equal to the five year U.S. treasury rate, plus 2%. Under the Deferred Compensation Plan for Non-Employee Directors, the payment of director fees may be deferred for up to eight years, and directors may elect to receive their deferred fees in a lump sum or in equal annual installments over a period not to exceed eight years. In the event of the director's departure either before or after the commencement of a deferral period, such director's deferred fees will be paid in a lump sum payment. Under the terms of the plan, all deferred equity will be distributed to the director upon his or her departure from the Board.

Directors who also are our employees do not receive any of the compensation described above.

Equity Ownership Guidelines

Each member of the Board of Directors is expected to maintain an equity investment in the Company equal to at least three times the annual cash retainer, which must be achieved within five years of the director's initial election to the Board. The holdings that may be counted toward achieving the equity investment guidelines include outstanding stock awards or units, shares obtained through stock option exercise, shares owned jointly with or separately by the director's spouse and shares purchased on the open market. Outstanding stock options do not count toward achieving the equity investment guidelines. As of March 11, 2014, all members of the Board of Directors have met or, within the applicable period, are expected to meet, these share ownership guidelines.

CORPORATE GOVERNANCE

Governance Guidelines; Code of Ethical Business Conduct; Code of Ethics

The Board of Directors has adopted Corporate Governance Guidelines, which reflect the principles by which PulteGroup operates. The guidelines address an array of governance issues and principles including: director independence, committee independence, management succession, annual Board of Directors evaluation, periodic director evaluation, director share ownership, director nominations, director age limitations, role of the Lead Director, and executive sessions of the independent directors. PulteGroup's Governance Guidelines are available for viewing on our website at www.pultegroupinc.com. The Board of Directors also has adopted a Code of Ethical Business Conduct, which applies to all directors and employees and a Code of Ethics that applies to our Chief Executive Officer, Chief Financial Officer, Controller and other senior officers. The Company intends to include on its website any waivers of its Code of Ethical Business Conduct that relate to executive officers and directors as well as any amendments to, or waivers from, a provision of its Code of Ethics that applies to the Company's principal executive officer, principal financial officer, or controller that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K.

Board Leadership

Our Corporate Governance Guidelines contemplate that the independent directors will annually designate one of the independent directors to serve as Lead Director for a one year term. While the Lead Director will be designated annually by the independent directors, in order to provide consistency and continuity, it is generally expected that he or she will serve for more than one year. As noted above, Mr. Postl currently serves as Lead Director. The Lead Director works with the Chairman and Chief Executive Officer to ensure that the Board of Directors discharges its responsibilities, has structures and procedures in place to enable it to function independently of management and clearly understands the respective roles and responsibilities of the Board of Directors and management. In addition, the Lead Director's duties include convening and chairing regular executive session meetings of the non-management directors and, as appropriate, providing prompt feedback to the Chairman and Chief Executive Officer; coordinating and developing the agenda for executive sessions of the independent directors; convening meetings of the independent directors if necessary; coordinating feedback to the Chairman and Chief Executive Officer on behalf of the independent directors regarding business issues and management; providing final approval, after consultation with the Chairman and Chief Executive Officer, as to the agendas for meetings of the Board of Directors and informational needs associated with those agendas and presentations; performing such other duties as may be necessary for the Board of Directors to fulfill its responsibilities or as may be requested by the Board of Directors as a whole, by the non-management directors, or by the Chairman of the Board; in the absence of the Chairman of the Board, acting as chair of meetings of the Board of Directors; serving as the designated spokesperson for the Board of Directors when it is appropriate for the Board of Directors to comment publicly on any matter; and being available for consultation and direct communication if requested by the Company's major shareholders. The Board of Directors believes that having a combined Chairman and Chief Executive Officer and an independent Lead Director having significant and well-defined responsibilities as described above enhances the Chairman and Chief Executive Officer's ability to provide insight and direction on important strategic initiatives to both management and the independent directors and, at the same time, ensures that the appropriate level of independent oversight is applied to all decisions of the Board of Directors, and accordingly facilitates the overall functioning of the Board of Directors.

Board Role in Risk Oversight

The Board of Directors' involvement in risk oversight includes both formal and informal processes and involves the Board of Directors and committees of the Board of Directors.

On an annual basis, the Board of Directors or selected committees of the Board of Directors undertakes a formal enterprise risk assessment at which risks facing PulteGroup and associated responses are evaluated in detail. In addition to the formal assessment, the Board of Directors and committees of the Board of Directors are also involved in risk oversight on a more informal basis at regular Board of Directors and committee meetings. The Audit Committee receives materials on a frequent basis to address the identification and status of risks to the Company, including financial risks and litigation claims and risks. At meetings of the full Board of Directors, these risks are identified to Board members, and the Chairman of the Audit Committee reports on the activities of the Audit Committee regarding risk analysis. In addition, two times per year, the Audit Committee receives a report from PulteGroup's Ethics Committee regarding current hotline activities and associated responses. The other committees of the Board of Directors also consider and address risk as they perform their respective responsibilities, and such committees report to the full Board of Directors from time to time as appropriate, including whenever a matter rises to the level of a material or enterprise level risk. The Board of Directors also receives regular financial and business updates from senior management, which updates involve detailed reports on financial and business risks facing PulteGroup when applicable.

DIRECTOR NOMINATION RECOMMENDATIONS

The Nominating and Governance Committee does not have a single method for identifying director candidates but will consider candidates suggested by a wide range of sources, including candidates recommended by shareholders. The Committee reviews the qualifications of various persons to determine whether they might make good candidates for consideration for membership on the Board of Directors. The Committee will review all proposed nominees, including those proposed by shareholders, in accordance with its charter and PulteGroup's Corporate Governance Guidelines. While the Committee has not established specific types of experience or skills for potential candidates, the Committee will review the person's judgment, experience, qualifications, independence, understanding of PulteGroup's business or other related industries, and such other factors as the Committee determines are relevant in light of the needs of the Board of Directors and PulteGroup. The Board of Directors also believes that diversity is an important goal, and looks for potential candidates who will help ensure that the Board of Directors has the benefit of a wide range of attributes, including cultural, gender, ethnic and age diversity. Although there is no specific policy on diversity, the Nominating and Governance Committee takes various considerations into account in its selection criteria for new directors, which considerations may include the achievement of diversity on the basis of gender, race, national origin, functional background, and executive or professional experience. The Committee will select qualified candidates and review its recommendations with the Board of Directors, which will decide whether to invite the candidate to be a nominee for election to the Board of Directors.

You may recommend a person to be nominated for director by writing to our Secretary by certified mail, return receipt requested, or by recognized overnight courier to Steven M. Cook, Senior Vice President, General Counsel and Secretary, PulteGroup, Inc., 100 Bloomfield Hills Parkway, Suite 300, Bloomfield Hills, Michigan 48304. Shareholders wishing to directly nominate a candidate for election as a director at next year's annual meeting must deliver written notice to PulteGroup at the above address not later than 60 days prior to the date of next year's annual meeting (unless public disclosure of the date of such meeting is made less than 70 days before such meeting, in which case notice must be received within 10 days following such public disclosure).

As further described in the Company's By-laws, your recommendation must set forth:

the name and address of the proposed nominee;

the class or series and number of PulteGroup common shares which you own of record or beneficially and a representation that you intend to appear in person or by proxy at the meeting to nominate the proposed nominee;

a description of all arrangements or understandings between you and any other person (naming such person) pursuant to which the recommendation is being made by you;

any other information relating to the proposed nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act; and

a written consent of the proposed nominee to being named as a nominee and to serve as a director if elected.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The underlying trends in U.S. housing point toward an ongoing multi-year recovery supported by favorable demographics, an improving economy, mortgage interest rates near historic lows, and limited supplies of new and existing home inventories. Our results in 2013 showed significant improvement in the majority of our key operating metrics in the first half of the year, while demand conditions slowed for us in the second half of the year as consumers adjusted to higher home prices and a rapid, although moderate, rise in mortgage interest rates. The overall improvement in market conditions, in concert with our own strategic actions, resulted in the fourth quarter of 2013 being our seventh consecutive profitable quarter. Home closings, revenues, average selling price, inventory turns, gross margin, overhead leverage, and income before income taxes all improved in 2013 compared with 2012.

Operating Performance

The significant improvements reported for 2013 also allowed us to continue to enhance our financial position. We generated significant positive cash flow from operations in each of the last two years via a combination of improved profitability and inventory management. Our improved financial position provided additional flexibility to retire debt early and increase our planned future investments in new communities, while also paying a dividend and selectively repurchasing our common shares. Specifically, we accomplished the following during 2013:

Generated pre-tax income of \$527.8 million;

Increased our total cash balance to \$1.7 billion;

Proactively reduced our outstanding debt by \$461.4 million;

Increased our existing common share repurchase authorization by \$250.0 million and retired \$127.7 million of shares;

Reinstated a quarterly cash dividend;

Increased our land investment spending to support future growth; and

Lowered our ratio of debt to total capitalization from 53% (as of December 31, 2012) to 31% (as of December 31, 2013), in part due to the reversal of a valuation allowance against our deferred tax assets.

The following charts illustrate the three-year directional relationship between Company performance, based on two of our key operating metrics, and the total compensation (as defined below) of our Chairman, President and Chief Executive Officer. These key metrics, pre-tax income and adjusted gross margin, were chosen because we believe they correlate to long-term shareholder value.

(1) *Adjusted Gross Margin is a non-GAAP measure. A reconciliation of this measure to the most closely comparable GAAP measure is included in our Management Discussion and Analysis section of our 2013 Annual Report and incorporated herein by reference.*

(2) *Total compensation for Mr. Dugas in each of 2011, 2012 and 2013 is reported in the 2013 Summary Compensation table on page 42. 2013 total compensation includes the effect of the replacement of cash awards historically granted under the Long-Term Incentive Program with stock-settled performance awards. See the introduction to the 2013 Summary Compensation table for more information regarding the effect of the replacement of long-term incentive cash awards with stock-settled performance awards.*

Return to Shareholders

We created significant value to shareholders over the last one-, three- and five-year periods, based on total shareholder return (TSR), including the previously mentioned reinstatement of quarterly dividend payments to our shareholders in 2013.

Pay for Performance

Our executive compensation program is designed to reward executives for producing sustainable growth and improving shareholder returns consistent with our strategic plan and to align compensation with the long-term interests of our shareholders. The Compensation and Management Development Committee (the Committee) strongly believes that executive compensation both pay opportunities and pay actually realized should be at-risk and tied to Company performance. Accordingly, the Committee designed the 2013 executive compensation program so that performance-based pay elements (annual incentive awards, restricted shares and performance-based awards) constitute a significant portion of the executive compensation awarded, determined at target levels. The following charts demonstrate that these variable pay elements comprised at least 85% of the targeted annual compensation for the Chief Executive Officer and, on average, 73% of the targeted annual compensation for the other named executive officers.

Key Executive Compensation Decisions and Actions

The Committee, with advice from its independent compensation consultant, engages in an ongoing review of our executive compensation program to evaluate whether it supports the Committee's compensation philosophy and serves the interests of our shareholders. In connection with this ongoing review, the Committee continues to revise the executive compensation program to implement and maintain competitive market practices with respect to executive compensation. These practices include the following, each of which the Committee believes reinforces our executive compensation philosophy and objectives:

What We Do:

Pay-for-performance. The Committee believes that a significant percentage of the compensation awarded to our named executive officers should be at-risk by being based on our operating and stock price performance. In 2013, approximately 85% of our Chief Executive Officer's targeted compensation was delivered as at-risk compensation in the form annual incentives, stock-settled performance awards and restricted shares.

Emphasis on future pay opportunity verses current pay. In 2013, all of the long-term incentive awards granted to our named executive officers were in the form of equity-based compensation, half of which will be earned based on our return on invested capital and relative total shareholder return performance over a three-year performance period.

Outside compensation consultant. The Committee retains its own compensation consultant to review the Company's executive compensation programs and practices. The Committee's outside compensation consultant performs no other services for the Company.

Limited Perquisites. The Committee provides a limited number of perquisites that are competitive with market practices. For 2013, these perquisites consisted of financial and tax planning reimbursements, participation in our vehicle reimbursement program for our Area Presidents, costs associated with attending a Company-sponsored event, and relocation reimbursements in connection with our corporate relocation from Michigan to Georgia.

Shareholder Engagement. As part of our shareholder outreach program, members of management engage with shareholders to discuss and understand their perceptions or concerns regarding our executive compensation program.

Clawback Policy. In 2009, the Committee determined that it was in the interests of its shareholders to implement a clawback policy with respect to the annual incentive program, long-term incentive program, and equity grants.

Robust stock ownership guidelines. Executives are required to hold stock equal to a multiple of six times salary for our Chief Executive Officer and one to three times salary for each other named executive officer.

What We Don't Do:

No change-in-control or perquisite tax gross-ups. We do not provide change-in-control tax gross-ups or tax gross-ups on executive perquisite expenses, except for gross-ups relating to relocation expenses.

No service-based defined benefit pension plan or other similar benefits.

No repricing of underwater stock options. Our 2013 Stock Incentive Plan does not permit the repricing of underwater stock options or stock appreciation rights, except in connection with certain corporate transactions involving the Company.

Prohibition against employee and director pledging and hedging of Company securities.

No dividends or dividend equivalents paid on unearned performance-based equity awards. Dividend equivalents are accrued but not paid on performance-based equity awards until the performance-based equity award vests.

2013 Say On Pay Vote

In its compensation review process, the Committee considers whether our executive compensation and benefits program serves the interests of our shareholders. In that respect, as part of its on-going review of our executive compensation program, the Committee considered the approval by over 98% of the votes cast for the Company's say on pay vote at our 2013 Annual Meeting of Shareholders. The Committee was pleased with this favorable outcome and interpreted this significant level of support as an endorsement by our shareholders of our executive compensation program and policies and did not make any changes to our executive compensation program in response to the 2013 say on pay vote. While the Committee did not modify our executive compensation program in response to the 2013 say on pay vote, the Committee will continue to monitor our executive compensation program and engage with shareholders regarding such program.

Named Executive Officers

For 2013, our named executive officers are Richard J. Dugas, Jr., Chairman of the Board, President and Chief Executive Officer, Robert T. O'Shaughnessy, Executive Vice President and Chief Financial Officer, James R. Ellinghausen, Executive Vice President, Human Resources, Harmon D. Smith, Executive Vice President-Homebuilding Operations and Area President-Texas, and Patrick J. Beirne, Area President-Central Area.

Establishing and Evaluating Executive Compensation

Executive Compensation Philosophy

Our overall compensation philosophy applicable to named executive officers is to provide a compensation program that is intended to attract and retain qualified executives for PulteGroup through fluctuating business cycles, provide them with incentives to achieve our strategic, operational, and financial goals, increase shareholder value, and reward long-term financial success.

Key principles of our executive compensation philosophy include:

providing total compensation levels that are competitive with our direct competitors within the homebuilding industry, as well as companies of similar size and complexity in related industries;

fostering a pay for performance environment by delivering a significant portion of total compensation through performance-based, variable pay;

aligning the long-term interests of our executives with those of our shareholders;

requiring our executives to own significant levels of PulteGroup shares;

balancing cash compensation with equity compensation to ensure that each executive has a significant personal financial stake in PulteGroup's share price performance (in general, we seek to provide a significant portion of total compensation to named executive officers in the form of equity-based compensation); and

balancing short-term compensation with long-term compensation to ensure that our senior executives are properly focused on the achievement of both operational and financial goals and longer-term strategic objectives.

While our executive compensation philosophy and decisions with respect to compensation do not differ materially as applied to each of our named executive officers, the Committee believes that, given the contributions of Mr. Dugas to our overall strategy, as well as the requirements and responsibilities of his position as Chairman of the Board and leader of the Company, the total compensation levels for Mr. Dugas should be higher than the total compensation levels of the other named executive officers.

The Compensation and Management Development Committee

The Committee establishes our executive compensation philosophies and oversees the development and implementation of our executive compensation program. The Committee operates under a written charter adopted by the Board of Directors. A copy of the charter is available at www.pultegroupinc.com. In general, the scope of the Committee's authority is determined by the Board of Directors, or established by formal incentive plan documents. The fundamental responsibilities of the Committee include the following with respect to our senior executives:

to establish compensation-related performance objectives under the annual incentive program and long-term incentive program that support our strategic plan;

to establish individual performance goals and objectives for the Chief Executive Officer and other named executive officers;

Edgar Filing: PULTEGROUP INC/MI/ - Form DEF 14A

to evaluate the job performance of the Chief Executive Officer and the other named executive officers in light of those goals and objectives;

to annually review and approve compensation levels for our Chief Executive Officer and other named executive officers. The Committee seeks input from the independent members of PulteGroup's Board of Directors in establishing compensation levels for our named executive officers (including our Chief Executive Officer);

to administer PulteGroup's equity compensation and shareholder-approved incentive compensation plans;

to develop and review succession plans for the Chief Executive Officer position, including assessing and creating development plans for internal talent;

to review succession planning, leadership development programs and bench strength for all other senior executive positions; and

to annually review the potential risks associated with our compensation program.

Information on the Committee's processes and procedures for consideration of executive compensation are addressed under Committees of the Board of Directors Compensation and Management Development Committee above.

The Committee is currently comprised of Mr. Bryce Blair, Ms. Cheryl W. Gris , Mr. Patrick J. O'Leary, and Mr. James J. Postl. Mr. O'Leary currently serves as the Committee Chairman. Each member of the Committee qualifies as an independent director under NYSE listing standards and our Corporate Governance Guidelines.

Independent Compensation Consultant

Pearl Meyer & Partners (Pearl Meyer) provides independent executive consulting services to the Committee. Pearl Meyer is retained by and reports to the Committee and participates in Committee meetings, as requested by the Committee. Pearl Meyer also:

participates in the design of our executive compensation program to help the Committee evaluate the linkage between pay and performance;

assists the Committee in developing a compensation peer group to be used for evaluating compensation decisions;

provides and reviews market data and advises the Committee on setting executive compensation and the competitiveness and reasonableness of our executive compensation program;

reviews and advises the Committee regarding the elements of our executive compensation program, equity grant and dilution levels, each as relative to our peers;

reviews and advises the Committee regarding individual executive pay decisions;

reviews and advises the Committee with respect to new compensation plans and programs;

reviews and advises the Committee regarding regulatory, disclosure and other technical matters;

reviews and advises the Committee regarding our compensation risk assessment procedures; and

reviews and advises the Nominating and Governance Committee regarding Director compensation.

Pearl Meyer does not provide any other services to the Company.

Role of Executive Officers

As noted above, the Committee is responsible for all compensation decisions for our senior executives (which include the named executive officers). Mr. James R. Ellinghausen, our Executive Vice President, Human Resources, works with Mr. O Leary to establish meeting agendas and to determine

whether any members of PulteGroup's management or outside advisors should attend meetings. Our Chairman of the Board, President and Chief Executive Officer, Mr. Richard J. Dugas, Jr., annually reviews the performance of each member of senior management (other than Mr. Dugas performance). Recommendations based on these reviews, including salary adjustments, annual bonuses, and equity grants, are presented to the Committee. Decisions regarding salary adjustments, annual bonuses, and equity grants for Mr. Dugas are made by the Committee. All decisions for 2013 made with respect to the named executive officers other than Mr. Dugas were made after deliberation with Mr. Dugas.

At various times during the year at the request of the Committee, Robert T. O'Shaughnessy, the Executive Vice President and Chief Financial Officer of the Company, attended Committee meetings, or portions of Committee meetings, to provide the Committee with information regarding our operational performance, financial performance, or other topics requested by the Committee to assist the Committee in making its compensation decisions.

Key Factors in Setting 2013 Compensation

In establishing and evaluating our 2013 executive compensation program, the Committee, in consultation with Mr. Dugas, as applicable, considered the following key factors:

overall Company performance and specific financial results relative to incentive performance goals established by the Committee in February 2013;

competitive pay practices (evaluated based on market comparisons and recommendations of Pearl Meyer);

individual performance of each of our named executive officers;

historical equity grants and the current value of each of our named executive officer's equity holdings;

tally sheets presenting the potential compensation for each of our named executive officers based on equity grant values and performance levels under our incentive compensation programs; and

our ability to retain and motivate key talent.

Market Comparisons

The Committee does not believe that it is appropriate to establish compensation levels based only on market practices. The Committee believes that compensation decisions are complex and require a deliberate review of Company performance and peer compensation levels, as well as the overall business environment and the contributions of each individual. While the Committee factors peer compensation levels and practices into setting compensation levels, this peer information is one of the many factors that the Committee considers in determining compensation levels. For each element of compensation, the Committee, based on the advice of Pearl Meyer, uses a guideline range of the 50th to 75th percentile of the market data (*i.e.*, peer group and survey data) to establish target compensation levels. Additionally, at various times during the year, the Committee reviews market data to assess the reasonableness and competitiveness of our executive compensation program. The Committee considers factors such as the size of the Company relative to the compensation peer group, management ownership and financial performance in evaluating market data.

In light of the continued consolidation of the home-building industry over the past several years, in 2012, the Committee felt it appropriate to perform a holistic review of our historical peer group with the assistance of Pearl Meyer. Based on this review, the Committee adopted peer group selection criteria to include in our peer group (i) companies within, or operating in an industry similar to, the home-

building industry and (ii) companies of similar size in terms of revenue or market capitalization (1/2 to 2 times PulteGroup's revenue and market capitalization). In evaluating companies to include in our peer group, the Committee also reviewed the say-on-pay history for each of the companies to understand the alignment of the executive compensation programs at those companies with the interests and views of the shareholders of such companies. Based on this review, the Committee approved the following peer group to be used for evaluating 2013 compensation decisions:

D.R. Horton, Inc.*	Mohawk Industries, Inc.
KB Home*	NVR, Inc.*
Lennar Corporation*	Owens Corning
Masco Corporation	The Ryland Group, Inc.*
M.D.C. Holdings, Inc.	Toll Brothers, Inc.*
Meritage Homes Corporation	USG Corporation

* Indicates prior peer group member.

In addition to reviewing compensation practices among the compensation peer group, the Committee believes it is important to review compensation practices within general industry. The Company participates in or purchases a number of compensation surveys. The Committee reviews a blend of general industry and peer group survey data in establishing target compensation levels and to evaluate whether our compensation policies are in line with market data. The 2013 survey data provided to the Committee by Pearl Meyer was compiled from the following general industry compensation surveys: Mercer Human Resource Consulting's US Mercer Benchmark Database (MBD) Executive (which has approximately 2,500 participating companies) and TowersWatson Top Management Compensation (which has approximately 550 participating companies). For the Area Presidents, Pearl Meyer also utilized survey data from the ACS Homebuilders survey (which has 14 participating companies). To assist the Committee in its review of the general industry survey data, Pearl Meyer extracts compensation information from the surveys with respect to companies with annual revenues ranging from \$3 billion to \$6 billion for Named Executive Officers holding corporate-wide positions and \$800 million for the Area Presidents. The Committee believes that the compensation practices at companies of this size are most relevant to the Committee's decision-making process.

Use of Tally Sheets

The Committee reviews tally sheets, prepared by management and reviewed by Pearl Meyer, which present comprehensive data on the total potential compensation for each of the named executive officers based on various equity grant values and performance levels under our incentive compensation programs. The tally sheets provide the Committee with a framework of potential minimum and maximum compensation levels that each named executive officer may earn under our executive compensation program. While the tally sheets provide a framework for the Committee, they are not determinative of the elements or amounts of compensation paid.

Executive Compensation Program Elements

The Committee has designed the elements of the compensation program for the named executive officers to advance the operational objectives and the long-term strategies of the Company. The following table lists the material elements of our 2013 executive compensation program. The Committee believes that the design of the Company's executive compensation program balances fixed and variable compensation elements and provides alignment with our short and long-term financial and operational priorities and shareholder interests through the annual and long-term incentive programs.

Our incentives are designed to drive overall corporate and individual performance, with compensation payouts varying from target based on actual performance against pre-established and communicated performance objectives.

Base Salary

The Committee determines the appropriateness of executives' base salaries by considering the responsibilities of their positions, their individual performance and tenure, internal equity, comparison to the base salary levels of executives in the compensation peer group and the general industry compensation surveys and the recommendations of Pearl Meyer. Base salary increases are considered annually and are based upon both individual and Company performance in the prior year.

In 2013, the Committee approved salary amounts which did not increase from the base salary levels set in 2012 for the named executive officers.

Annual Incentive Compensation

Under the shareholder-approved PulteGroup, Inc. 2008 Senior Management Incentive Plan (the "2008 Incentive Plan"), the Committee provides both annual and long-term incentives. The Committee adopted the 2013 Annual Incentive Program (the "Annual Program") under the 2008 Incentive Plan. Awards for named executive officers who hold corporate-wide positions are based entirely on corporate performance, while Mr. Smith's award is based 50% on consolidated corporate performance and 50% on his Area's performance and Mr. Beirne's award is based entirely on his Area's performance. The Committee believes that this design element appropriately ties incentive compensation to the performance of the named executive officer's primary area of responsibility.

The financial measures used to assess both consolidated and business unit performance were pre-tax income (25% weighting), adjusted gross margin (30% weighting), SG&A expenses (20% weighting) and inventory turns (25% weighting). Pursuant to the terms of the Annual Program, each performance goal is measured independently of the other performance goals and payout is determined based on the weighted average result of the performance goals. The table below indicates the performance metrics and potential payouts with respect to the Company's consolidated achievement of the 2013 Annual Program goals. The Committee believes that these performance metrics were meaningful measures of 2013 performance because these metrics increase the focus of participants on profitability and are tied to our strategy with respect to shareholder value creation. The Committee established the payout formula for both the consolidated and business unit objectives to encourage strong, focused performance. Given the economic and market conditions at the time the targets were set, the target payout level was designed to be achievable with strong management performance, while payout at the maximum level was designed to be very difficult to achieve.

2013 Consolidated Goals

Performance Measures	Weighting	(\$ in 000s)(1)			Performance Results(2)	Achieved Payout	Weighted Payout
		Threshold Payout	Target Payout	Maximum Payout			
Pre-Tax Income (000s) (2)	25%	\$ 273,288	\$ 342,000	\$ 512,000	\$ 567,169	200%	50%
Adjusted Gross Margin (3)	30%	20.9%	23.0%	25.0%	25.2%	200%	60%
SG&A Expenses (as a % of Adjusted Gross Margin) (4)	20%	54.4%	49.0%	43.0%	40.4%	200%	40%
Inventory Turns (5)	25%	0.78	0.82	0.88	0.97	200%	50%
Total % of Target:							200%

(1) Payouts for performance between threshold and target payout levels and between target and maximum payout levels are calculated using straight line interpolation.

(2) Pre-tax income represents Income (Loss) Before Income Taxes as reported in the Company's Annual Report, as adjusted to exclude the impact of certain items, including: certain land-related adjustments, certain gains on land sales, gains and losses on debt retirement, adjustments to mortgage repurchase reserves, and costs associated with the Company's relocation of its corporate office.

- (3) Adjusted gross margin represents the quotient of Home Sale Gross Margin excluding Land and Community Valuation Adjustments and Capitalized Interest Amortization divided by Home Sale Revenues, each as reported in the Company's Annual Report.
- (4) Selling, general, and administrative percentage represents the quotient of Selling, General, and Administrative Expenses (as reported in the Company's Annual Report) divided by Adjusted Gross Margin.
- (5) Inventory turns represents the quotient of the trailing 12-month sum of Home Sale Cost of Revenues as reported in the Company's Annual Report (excluding interest, land impairments, commissions, closing costs, and certain other items) divided by the trailing 13-month average of the sum of (1) House and Land Inventory, (2) Land Held for Sale, and (3) Land, Not Owned, Under Option Agreements, each as reported in the Company's Annual Report (excluding capitalized interest and certain other items).

The table below indicates the award opportunities established by the Committee and the cash payout under the Annual Program applicable to the named executive officers. The Committee determined the target payout level for each of the named executive officers based on each named executive officer's position within the Company, each named executive officer's historical pay levels, the incentive pay for executives at companies in our compensation peer group and the general industry compensation surveys and the recommendations of Pearl Meyer. In setting the 2013 target award opportunities, the Committee did not change the target award percentage opportunities compared to the 2012 targets for the named executive officers.

Executive	Base Salary 2013	Target as % of Salary	Threshold(1)	Target	Maximum	Total Payout(2)
Richard J. Dugas, Jr.	\$ 1,200,000	175%	\$ 210,000	\$ 2,100,000	\$ 4,200,000	\$ 4,200,000

- (1) The threshold amount represents the minimum award that could be paid to the named executive officer upon the Company's satisfaction of threshold performance for only one of the four performance goals. As noted previously, each performance goal is measured independently of the other performance goals.
- (2) Pursuant to the terms of the 2013 Incentive Plan, the Committee has the discretion to pay the awards in cash, restricted shares or both. The Committee determined to pay the entire award in cash.
- (3) For Mr. Smith, the payout represents weighted average performance results for four Business Units (192%) and corporate-wide performance. For Mr. Beirne, the payout represents weighted average performance results of six Business Units (200)%.

Long-Term Incentive Compensation

In order to provide management with incentives to achieve our long-term goals, in connection with the adoption of the 2008 Incentive Plan, the Committee adopted the LTI Program. During 2013, each named executive officer was granted an aggregate award opportunity in the form of stock-settled performance-based awards under the LTI Program for the 2013-2015 performance period. During the fiscal year ended December 31, 2013, the 2013-2015, 2012-2014 and 2011-2013 performance periods were outstanding under the LTI Program. The Committee designed the LTI Program to have overlapping performance periods to address the cyclical nature of the homebuilding industry. These overlapping performance periods provide the Committee with the flexibility to address circumstances within our industry as well as the general economic and market conditions at the time the targets are set. For performance periods commencing after January 1, 2012, the Committee has replaced the long-term cash incentive awards previously granted under the LTI Program with performance awards that will be settled in PulteGroup shares in accordance with the terms of the applicable award.

agreements. The Committee believes that the replacement of long-term cash incentive awards under the LTI Program with stock-settled performance awards further aligns the interests of the named executive officers with the interests of our shareholders.

2013-2015 LTI Program

For the 2013-2015 LTI Program, the Committee selected ROIC improvement as the primary performance metric. ROIC improvement was deemed by the Committee to be an effective long-term measure that further aligns the executives' interests with the interests of shareholders. For purposes of the 2013-2015 LTI Program, ROIC is defined as (i) consolidated earnings before interest, taxes, depreciation and amortization (adjusted to exclude the expense related to performance awards granted after December 1, 2011, mortgage repurchase reserve adjustments related to mortgage loan originations prior to January 1, 2012, gain or loss on debt retirements, land-related charges and land sale gains related to land acquired prior to January 1, 2012, intangible impairments and changes in U.S. generally accepted accounting principles), divided by (ii) consolidated shareholders' equity plus consolidated debt (each as adjusted to exclude consolidated cash, income tax asset and liability accounts, intangible assets, financial services debt and changes in U.S. generally accepted accounting principles). Given the economic and market conditions at the time the targets were set, the target payout level was designed to be achievable with strong management performance, while the maximum level was designed to be difficult to achieve.

By utilizing an improvement measure, the Committee is able to create meaningful performance targets because the three-year goals would continually be based on improvement relative to prior performance rather than on an absolute basis. Consistent with the design of the 2012-2014 LTI Program, the Committee included an additional performance metric requiring the Committee to either increase or decrease the award payouts by an amount of up to 20% (so long as the award payout does not exceed 200% of the target award) based on our TSR percentile rank relative to a TSR comparator group. The companies used to evaluate TSR consisted of the same companies that were included in our 2013 compensation peer group (D.R. Horton, Inc., KB Home, Lennar Corporation, Masco Corporation, M.D.C. Holdings, Inc., Meritage Holmes Corporation, Mohawk Industries, Inc., NVR, Inc., Owens Corning, The Ryland Group, Inc., Toll Brothers, Inc. and USG Corporation).

The table below shows the award opportunities established by the Committee relating to the 2013-2015 LTI Program. The Committee did not increase the three-year aggregate target award percentage opportunities under the 2013-2015 LTI Program compared to the three-year aggregate target award percentage opportunities set for participating named executive officers for the 2012-2014 LTI Program. Actual settlement of the award will be determined after the end of the three-year performance period based on ROIC improvement during the performance period relative to 2012 as well as TSR performance. Under the award agreements, the 2013-2015 LTI award will be settled in PulteGroup shares, except that the award will be settled in a combination of PulteGroup shares and cash if (i) the fair market value of a PulteGroup share is less than \$5.00 on December 31, 2015 (or the date of termination of employment due to death or disability) or (ii) the Company does not have a sufficient number of available shares under the Company's stock incentive plan in effect at the time of the settlement of the award.

(1) Base salary is measured as of the first day of the performance period.
2012-2014 and 2011-2013 LTI Programs

The 2012-2014 LTI Program remains outstanding and will be settled following the completion of the three-year performance period, depending upon our ROIC improvement compared to 2011 and Company TSR relative to a TSR comparator group consisting of the following companies: D.R. Horton, Inc., KB Home, Lennar Corporation, NVR, Inc., The Ryland Group, Inc. and Toll Brothers, Inc. (collectively, the 2012 TSR Comparator Group).

During 2013, the 2011-2013 LTI Program concluded and for each of the participating named executive officers, payout under the 2011-2013 LTI Program was based on Economic Profit improvement relative to 2010 and Company TSR relative to the 2012 TSR Comparator Group.

The table below sets forth the performance metrics for the 2011-2013 LTI Program. The Committee believed that Economic Profit improvement was an effective measure to align the executives' interests with shareholders' interests given the economic and market conditions at the time the award was granted.

Performance Measures	2011-2013 LTI Program Performance Goals (in '000s)			Performance Results	Achieved
	Threshold	Target	Maximum		
	Payout	Payout	Payout		
	(50%)	(100%)	(200%)		
Economic Profit Improvement (1)	\$93,000	\$186,000	\$279,000	\$361,221	200%

(1) Economic Profit Improvement represents the year over year change in earnings before interest and taxes, as adjusted to include an estimate of the Company's cost of capital. In order to compare similar performance year over year, Economic Profit is adjusted to exclude the impact of certain items, including: goodwill impairments; land-related adjustments; gains on land sales; gains and losses on debt retirement; adjustments to mortgage repurchase reserves; and adjustments to certain restructuring and other reserves.

As discussed in the Executive Summary, our results in 2013 showed significant improvement in the majority of our key operating metrics. The overall improvement in market conditions, combined with our own tactical actions, resulted in the fourth quarter of 2013 being our seventh consecutive profitable quarter. The improved market conditions over the past two years are in significant contrast to the uncertainty in the housing market at the time the 2011-2013 LTI Program and related performance goal were established. Based on our Economic Profit improvement performance over the 2011-2013 performance period, the Committee certified a payout of 200% of target, resulting in the following payouts to each of the named executive officers under the 2011-2013 LTI Program: Mr. Dugas, \$4,000,000; Mr. O' Shaughnessy, \$1,400,000; Mr. Ellinghausen, \$1,050,000; Mr. Smith, \$500,000; and Mr. Beirne, \$500,000.

Equity Grants

In addition to the long-term incentive opportunities granted under the Company's LTI Program, we make annual grants of time-based equity to named executive officers as a means of furthering the linkage between an executive's long-term incentive compensation and shareholder value. We seek to provide a significant portion of total compensation to named executive officers in the form of equity compensation. We believe that equity awards:

support a pay-for-performance culture, as compensation is only recognized by executives to the extent that value is created for shareholders;

balance the overall compensation program by providing an appropriate mix of equity and cash compensation;

properly focus executives on long-term value creation for shareholders; and

encourage executive retention, particularly through fluctuating business cycles.

Our philosophy is to award equity grants to our named executive officers in amounts reflecting market data and the participant's position, ability to influence our overall performance and individual performance based on a review of our named executive officers' performance during the prior year against pre-determined objectives such as operational efficiency, employee engagement, and retention and development of key management talent. In addition, the Committee considers historical grant practices, the current value of each executive's unvested equity holdings, market compensation levels, and executive ownership levels in determining grants for individual executives.

The Committee believes that the annual equity grants to the named executive officers should be determined after a review of the Company's financial statements for a full year. As a result, all annual equity awards are expected to be granted on the date of the regular Board meeting to be held in February of the following year.

In determining the annual equity grants for 2013 performance, the Committee considered the following: (i) the Company's historical year-over-year compensation practices, including historical grant levels; (ii) total compensation earned by the named executive officers; (iii) current equity ownership of each of the named executive officers; (iv) a peer group analysis conducted by Pearl Meyer of the compensation of executive officers holding comparable positions at the companies within the compensation peer group; and (v) PulteGroup's objective to provide greater incentive based on long-term Company performance.

As set forth in the table below, in February 2014, the Committee granted the following awards in recognition of each named executive officer's performance in 2013.

	Executive	Time-Based	
		Restricted Stock Units(1)	Value(2)
		#	
Richard J. Dugas, Jr.		131,039	\$ 2,550,019
Robert T. O'Shaughnessy		39,826	\$ 775,014
James R. Ellinghausen		35,972	\$ 700,015
Harmon D. Smith		25,694	\$ 500,045
Patrick J. Beirne		12,847	\$ 250,003

(1) These equity awards were granted in 2014 and, accordingly, are excluded from the 2013 Summary Compensation Table.

(2) The amounts reported in this column are valued based on the aggregate grant date fair value computed in accordance with FASB ASC Topic 718.

On December 5, 2011, the Committee granted Messrs. O. Shaughnessy, Ellinghausen and Smith performance-based equity awards representing the right to receive the Company's common shares upon satisfaction of certain performance-based milestones. During 2013, 50% of the shares subject to such awards vested based on our achievement of a quarterly adjusted gross margin goal of 20% during 2012 and a quarterly adjusted gross margin goal of 22% during 2013. The remaining portion of the December 2011 performance-based equity awards vests based on inventory turn performance through the end of the five-year performance period (December 31, 2016).

Executive Severance Policy and Separation Arrangements

In 2013, the Committee adopted the PulteGroup, Inc. Executive Severance Policy which provides for severance benefits ranging from one times base salary to two times base salary, depending on the length of service with the Company and the executive's position at the time of a qualifying termination of employment. Also, in 2013, the Committee adopted the PulteGroup Inc. Retirement Policy which establishes administrative guidelines for the treatment of outstanding equity and long-term incentive awards following an employee's qualifying retirement. The Committee believes that these policies help us accomplish our compensation philosophy of attracting and retaining exemplary talent and reduces the need to negotiate individual severance arrangements with new and departing executives.

While these policies reduce the need to negotiate individual severance provisions, the Committee recognizes that under certain circumstances individual severance arrangements may be desirable or beneficial to the Company. Pursuant to the Company's Executive Severance Policy, the Company is prohibited from entering into a severance agreement with a senior executive of the Company without shareholder approval if such agreement would provide for specified benefits exceeding 2.99 times the sum of (a) the senior executive's annual base salary as in effect immediately prior to termination of employment and (b) the senior executive's target annual bonus in the fiscal year in which the termination of employment occurs. Benefits excluded from this policy are (i) the value of any accelerated vesting of any outstanding equity-based award provided under plans, programs or arrangements of the Company applicable to one or more groups of employees in addition to the Company's senior executives, (ii) a pro-rata portion of the value of any accelerated vesting of any outstanding long-term cash-based incentive award provided under plans, programs or arrangements of the Company applicable to one or more groups of employees in addition to the Company's senior executives, (iii) compensation and benefits for services rendered through the date of termination of employment, (iv) any post-termination retirement and other benefits, special benefits or perquisites provided under plans, programs or arrangements of the Company applicable to one or more groups of employees in addition to the Company's senior executives and (v) payments that are required by the Company's bylaws regarding indemnification and/or a settlement of any claim made against the Company. The policy is available for viewing on our website at www.pultegroupinc.com.

Benefits

Named executive officers participate in employee benefit plans on the same terms as generally available to all employees. In addition, each of the named executive officers were eligible to participate in the Financial Counseling Reimbursement Plan. Our Area Presidents are also eligible to participate in our Vehicle Reimbursement Program. The Company has announced it is relocating its corporate headquarters to Atlanta, Georgia and has a relocation policy to facilitate this move for all employees relocating to Atlanta. Pursuant to this relocation policy, during 2013, Mr. Ellinghausen received relocation benefits. These relocation benefits were deemed to be important in retaining our employees in connection with our corporate relocation and are subject to repayment if Mr. Ellinghausen resigns or is terminated by the Company with cause within 12 months of his relocation. During 2013, the named executive officers also participated in a Company-sponsored event in recognition of their prior performance and for team-building purposes.

The named executive officers, as well as other PulteGroup executives, may also participate in the Company's Non-Qualified Deferral Program, under which they may elect to defer the receipt of their annual and/or long-term incentive cash awards. This plan is discussed further under the section 2013 Non-Qualified Deferred Compensation Table. We do not have a defined benefit pension plan.

Clawback Policy

Effective January 1, 2010, the Committee approved a clawback policy with respect to the Annual Program, LTI Program, and equity grants. Under the policy, in the event any named executive officer engages in detrimental conduct (as defined in the policy), the Committee may require that such named executive officer (i) reimburse the Company for all or any portion of any bonus, incentive payment, equity-based award, or other compensation received by such named executive officer within the 36 months following such detrimental conduct and (ii) remit to the Company any profits realized from the sale of Company securities within the 36 months following such detrimental conduct.

Prohibition against pledging and hedging of Company securities.

To further enhance the linkage between executives' long-term incentive compensation and shareholder value, PulteGroup's insider trading policy prohibits directors and executive officers from engaging in hedging or monetization transactions, such as zero-cost collars and forward sale contracts, with respect to their PulteGroup security holdings. Additionally, under PulteGroup's insider trading policy, directors and executive officers are prohibited from holding PulteGroup securities in a margin account or pledging PulteGroup securities as collateral for a loan, as such arrangements could result under some circumstances in a margin sale or foreclosure sale occurring at a time when the director or executive officer is aware of material nonpublic information or otherwise is not permitted to trade in PulteGroup securities.

Share Ownership Guidelines

To align our executives' interests with those of our shareholders and to assure that our executives own meaningful levels of PulteGroup common shares throughout their tenures with the Company, our executive officers are subject to share ownership guidelines adopted by the Committee. The share ownership guidelines require, within a five-year period from date of hire, promotion or determination that a position is subject to Section 16 of the Exchange Act, the Chief Executive Officer to own PulteGroup common shares equal in value to at least six times his base salary and each of the other named executive officers to own PulteGroup common shares equal to at least three times (in the case of Messrs. O'Shaughnessy, Ellinghausen and Smith), and at least one time (in the case of the Area Presidents), his or her respective base salary. Included in the definition of share ownership are restricted shares and restricted stock units, any PulteGroup common shares owned outright (including the value of restricted shares that have vested at the higher of the current market price or the share price on the date of vesting), common shares in any PulteGroup benefit plan, and the intrinsic value of vested in-the-money stock options. Unvested and/or underwater stock options do not count towards meeting share ownership guidelines. As of March 11, 2014, all of the named executive officers have met or, within the applicable period, are expected to meet the share ownership guidelines.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), generally disallows a tax deduction to public companies for compensation over \$1 million paid to any covered employee under Section 162(m), and provides that qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Committee structures compensation to take advantage of the performance-based compensation exemption under Section 162(m) to the

extent practicable. Because the Committee also recognizes the need to retain flexibility to make compensation decisions that may not meet Section 162(m) standards when necessary to enable PulteGroup to continue to attract, retain, and motivate highly-qualified executives, it reserves the authority to approve potentially non-deductible compensation in appropriate circumstances. Due to the ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations and guidance issued thereunder, no assurance can be given, notwithstanding our efforts, that compensation intended by us to satisfy the requirements for deductibility under Section 162(m) does, in fact, do so.

2014 Compensation Decisions

At its February 2014 meeting, the Committee took the following actions with respect to 2014 compensation matters:

Base Salary. The Committee approved 2014 base salaries for the named executive officers, which did not change from the base salary levels set in 2013.

Annual Program. The Committee approved the performance metrics, consisting of pre-tax income, adjusted gross margin, SG&A expenses as a percentage of gross margin and inventory turns, and the 2014 target award opportunities under the Annual Program. The 2014 target award opportunities under the Annual Program did not change compared to the 2013 targets for the named executive officers other than Mr. Dugas. For 2014, the Committee maintained Mr. Dugas' total targeted annual and long-term incentive opportunities, but approved a reallocation of his annual incentive and long-term incentive award opportunities to increase the portion of compensation tied to our long-term performance. Accordingly, for 2014, Mr. Dugas' target annual incentive was reduced from \$2.1 million in 2013 to \$1.5 million in 2014.

Long-Term Incentive Awards. The Committee approved the grant of performance-based awards that will be settled in PulteGroup shares in accordance with the terms of the applicable award agreements and time-based restricted share awards for the Company's 2014 LTI Program. For the 2014-2016 performance period, the Committee approved the performance metrics, consisting of ROIC improvement over the performance period as well as relative TSR performance as measured against the companies in our peer group. The Committee eliminated the TSR modifier that is part of the LTI awards for outstanding performance periods because TSR is now one of the performance metrics for the 2014 LTI Program. The award opportunities under the 2014-2016 LTI Program did not change compared to 2013 for the named executive officers other than Mr. Dugas. As noted above, for 2014, the Committee approved a reallocation of his annual incentive and long-term incentive award opportunities to increase the portion of compensation tied to our long-term performance. Accordingly, for 2014, Mr. Dugas' target award opportunity under the 2014-2016 LTI Program was increased from \$4.5 million to \$5.1 million.

Compensation and Management Development Committee Report

The Compensation and Management Development Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation and Management Development Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and this Proxy Statement.

2013 EXECUTIVE COMPENSATION

2013 Summary Compensation Table

The following table sets forth information concerning the compensation of our Chief Executive Officer, our Chief Financial Officer and our other three most highly compensated executive officers who served in such capacities as of December 31, 2013 (collectively, the named executive officers). The increase in the named executive officers' 2013 total compensation as reflected in this table is primarily due to the Company's operational improvement during 2013 and the replacement of cash awards historically granted under the LTI Program with stock-settled performance awards. Due to SEC reporting requirements, the grant date fair values of the stock-settled performance awards are reported in the year of grant in the Stock Awards column below, rather than after the completion of the three-year performance period that commenced during 2013. Because the payment for the 2011-2013 LTI Program is also included in the Non-Equity Incentive Plan Compensation column, the Summary Compensation Table in effect double counts the named executive officers' long-term incentive compensation for 2013. For example, if the stock-settled performance awards were not included in this table, Mr. Dugas' stock awards for 2013 would be \$2,250,011 and his total compensation would be \$11,678,859. These stock-settled awards are subject to performance measures that could result in a final payout significantly different than the amount included below, including no payout. As noted in the Compensation Discussion and Analysis as well as footnote 2 to this table, based on the achievement of the underlying performance goals under the LTI Program, our LTI Program paid out at 200% of target for the 2011-2013 performance period.

(1) The amounts reported in this column for 2013 are awards granted pursuant to the Company's Stock Incentive Plans and are valued based on the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation (FASB ASC Topic 718). Assumptions used in the calculation of these amounts are included in note 9 to the Company's audited financial statements included in our Annual Report for the fiscal year ended December 31, 2013. The amounts included in the Stock Awards column for the stock-settled performance-based awards granted during 2013 are calculated based on the probable satisfaction of the performance conditions for such awards. Assuming the highest level of performance is achieved for these performance-based awards, the maximum value of these awards at the grant date would be as follows: Mr. Dugas \$4,500,000; Mr. O'Shaughnessy \$1,550,000; Mr. Ellinghausen \$1,400,000; Mr. Smith \$1,000,000; and Mr. Beirne \$500,000.

(2) For 2013, the amounts reflect the actual payout received under the Annual Program by Messrs. Dugas, O'Shaughnessy, Ellinghausen, Smith, and Beirne in the amounts of \$4,200,000, \$1,400,000, \$1,050,000, \$1,224,375, and \$1,000,000, respectively, and the amounts earned in 2013 under the 2011-2013 LTI Program performance cycle by Messrs. Dugas, O'Shaughnessy, Ellinghausen, Smith, and Beirne in the amounts of \$4,000,000, \$1,400,000, \$1,050,000, \$500,000, and \$500,000, respectively.

(3) The following table contains information regarding the compensation and benefits included in All Other Compensation.

Name	Perquisites & Other Personal Benefits	Relocation Expenses	TOTAL All Other Compensation
	(A)	(B)	
Richard J. Dugas, Jr.	\$ 28,848		\$ 28,848
Robert T. O Shaughnessy	\$ 15,149	\$ 10,259	\$ 25,408
James R. Ellinghausen	\$ 10,271	\$ 922,986	\$ 933,257
Harmon D. Smith	\$ 14,861		\$ 14,861
Patrick J. Beirne	\$ 17,466		\$ 17,466

(A) Amounts in this column include the incremental cost of financial planning services for Messrs. Dugas, O Shaughnessy, Ellinghausen and Beirne, the incremental cost of a Company-sponsored event for each of the named executive officers and their spouses, life insurance premiums for each of the named executive officers and amounts paid to Messrs. Smith and Beirne under the Company's vehicle reimbursement program.

(B) Amounts in this column include the incremental cost or valuation of relocation expenses for Messrs. O Shaughnessy and Ellinghausen. The Company has announced it is relocating its corporate headquarters to Atlanta, Georgia and has a relocation policy to facilitate this move for all employees relocating to Atlanta. Pursuant to this relocation policy, Mr. Ellinghausen received assistance with relocation expenses, including travel, shipping household goods, temporary housing and the costs associated with the sale of Mr. Ellinghausen's home in Michigan (including a loss on sale) and purchase of his home in Georgia. This amount also includes tax reimbursements of approximately \$371,115 for such relocation costs. Mr. Ellinghausen's relocation benefits are subject to repayment if Mr. Ellinghausen resigns or is terminated by the Company with cause prior to the 12 month anniversary of his relocation. These relocation expenses represent the amount accrued for payment or paid to the service provider or Mr. Ellinghausen, as applicable.

(4) Mr. Beirne was not a named executive officer in 2012 or 2011.

- (1) Consists of award opportunities under the Annual Program. For each of our named executive officers, the performance goals under the Annual Program were pre-tax income (as adjusted), gross margins, SG&A expenses and inventory turns (see the Annual Incentive Compensation section of the Compensation Discussion and Analysis for further information regarding the Annual Program). For the named executive officers who hold corporate-wide positions the annual incentive payout was based entirely on corporate performance, while Mr. Smith's award is based 50% on consolidated corporate performance and 50% on his Area's performance and Mr. Beirne's award is based entirely on his Area's performance.
- (2) Represents the award opportunities under the LTI Program relating to the Company's performance for the 2013-2015 performance period. Payment of the award depends on improvement in ROIC over a three-year period and the Company's TSR performance compared to the 2013 compensation peer group. The award will be settled in PulteGroup shares in accordance with the terms of the underlying award agreements. Please see Compensation Discussion and Analysis for further information regarding the award.
- (3) Consists of restricted share awards under the 2004 Stock Incentive Plan, which are scheduled to vest on the third anniversary of the grant date. During the restriction period, the named executive officers are entitled to receive dividends and vote the restricted shares. These restricted share grants are subject to only time-based vesting and, accordingly, do not include a performance-based vesting requirement.
- (4) The amounts reported in this column are valued based on the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 and, in the case of the stock-settled performance-based awards, are valued based upon the probable outcome of the applicable performance conditions. Assumptions used in the calculation of these amounts are included in note 9 to the Company's audited financial statements included in our Annual Report for the fiscal year ended December 31, 2013.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table

Employment Arrangements

The Company generally executes an offer of employment prior to the time an executive joins the Company that describes the basic terms of the executive's employment, including his or her start date and initial compensation levels. None of the named executive officers has an employment agreement with the Company.

Equity Awards

Time-based restricted share grants generally cliff vest three years from the anniversary of the grant date. On February 6, 2013, the Committee granted each named executive officer a stock-settled performance-based award under the Company's LTI Program. These stock-settled performance-based awards replaced the Company's cash incentive award that was historically granted under the LTI Program. Actual settlement of the stock-settled performance-based award will be determined after the end of the three-year performance period based on the average of ROIC improvement for each year during the performance period relative to 2012. Under the award agreement, the 2013-2015 LTI Program will be settled in PulteGroup shares.

- (9) Represents stock-settled performance awards granted under the 2012-2014 and 2013-2015 LTI Programs that will vest on December 31, 2014 and December 31, 2015, respectively, following the completion of the three-year performance periods. The awards will be settled based on the Company's ROIC improvement and TSR performance relative to a peer group over the three-year performance period. In accordance with SEC executive compensation disclosure rules, these awards are being reported based on achieving maximum performance goals with respect to both performance periods. For the 2012-2014 performance period, the named executive officers had outstanding stock-settled performance awards in the following amounts: Mr. Dugas \$4,500,000; Mr. O'Shaughnessy \$1,550,000; Mr. Ellinghausen \$1,400,000; Mr. Smith \$600,000; and Mr. Beirne \$500,000. For the 2013-2015 performance period, the named executive officers had outstanding stock-settled performance awards in the following amounts: Mr. Dugas \$4,500,000; Mr. O'Shaughnessy \$1,550,000; Mr. Ellinghausen \$1,400,000; Mr. Smith \$1,000,000; and Mr. Beirne \$500,000.
- (10) Represents performance-based equity awards granted in December 2011, with settlement of the award determined based upon achievement of certain performance goals relating to inventory turns. The performance period with respect to this award commenced on the December 5, 2011 grant date and ends on the earlier to occur of (i) the last day of the quarter in which the applicable performance measure is satisfied and (ii) the five-year anniversary of the grant date.
- (11) Reflects the value using the closing share price at the 2013 fiscal year end of \$20.37.

Non-Qualified Deferral Program

Pursuant to the Company's Non-Qualified Deferral Program, certain executives, including each of our named executive officers, may defer awards earned under the Senior Management Annual Incentive Plan. Deferral elections are made by executives prior to the beginning of the performance period in which awards are earned. Executives may elect to defer from 5% to a maximum of 90% of their incentive pay, with a minimum deferral amount of \$10,000. The executive selects a deferral period that may range from two to twenty years. Payout period elections are restricted to either a lump-sum or annual installments over a period of up to ten years. In the event of death, permanent disability or termination from employment, any remaining deferral period is overridden with the payouts to occur as either a lump-sum or in two or three annual installments. Unfunded deferral accounts are credited with interest on a monthly basis. The annual interest rate is determined each January 1 for a period of one calendar year and is equal to the applicable yield on the five-year U.S. Treasury Note as of the first business day of January, plus 2%. The interest crediting rate for 2013 was 2.72%.

Potential Payments Upon Termination or Change in Control

In 2013, the Committee approved the Executive Severance Policy, which provides for the payment of certain benefits to named executive officers and other eligible executives and key employees of the Company upon a qualifying termination of employment. Under the terms of the policy, a qualifying termination of employment is generally defined as a termination of employment other than due to cause, death, disability, resignation other than for constructive termination or as a result of a sale, spin-off, other divestiture, merger or other business combination where the executive obtains or is offered comparable employment with the resulting entity. In the event of a qualifying termination of employment, the Executive Severance Policy provides for the following severance benefits, subject to the executive's timely execution of a release and restrictive covenant agreement:

Severance Pay. For named executive officers employed by the Company for five or more years as of the termination date, a severance payment equal to 1/12 of the executive's base salary in effect as of the termination date, multiplied by 24. For named executive officers employed by the Company for less than five years as of the termination date, a severance payment equal to 1/12 of the executive's base salary in effect as of the termination date, multiplied by 18. As of December 31, 2013, each of the named executive officers other than Mr. O' Shaughnessy was eligible to receive a multiple equal to 24, while Mr. O' Shaughnessy's severance multiple was equal to 18.

Bonus. The executive will receive a prorated bonus under the Annual Incentive Program for the year in which the termination occurs, calculated based on actual performance during the year.

Long-Term Incentive Plan Awards. The executive will be entitled to a prorated portion of any outstanding long-term incentive plan awards at the end of the applicable performance period, based on actual performance during the period.

Continued Benefits Coverage. Provided that the executive properly elects continued health care coverage under applicable law, a payment equal to the difference between active employee premiums and continuation coverage premiums for up to 18 months of coverage.

In addition, during 2013, the Committee also adopted a Retirement Policy which clarifies the definition of retirement for purposes of determining the treatment of equity and long-term incentive awards following a qualifying retirement. Under the policy, a qualifying retirement will occur upon a separation from the Company after (i) attaining age 60 and completing five consecutive years of service or (ii) on or after attaining age 55 and completing ten consecutive years of service; in both cases, provided that the employee gives at least six months notice to the Company. In the event of a qualifying retirement, the Retirement Policy provides for outstanding equity and long-term incentive awards to be treated as follows, subject to the employee's timely execution of a release and restrictive covenant agreement:

Time-Based Restricted Shares. For any outstanding time-based restricted share awards, fifty percent (50%) of the shares of common stock subject to the award that were not vested immediately prior to the employee's qualifying retirement will vest upon such retirement date. The remaining shares of common stock will continue to vest in accordance with the original vesting schedule set forth in the underlying agreement.

Stock Options. Any outstanding stock options will be exercisable only to the extent that the options are exercisable as of such retirement date or become exercisable pursuant to the terms of the underlying agreement.

Long-Term Incentive Plan Awards. The employee will be entitled to a prorated portion of any outstanding long-term incentive plan awards at the end of the applicable performance period, based on actual performance during the period.

As of December 31, 2013, none of the named executive officers were eligible for retirement benefits under the Retirement Policy.

Our 2004 Stock Incentive Plan and LTI Programs under the 2008 Senior Management Incentive Plan provide for the payment of awards following a change in control and certain terminations of employment. In general, our 2004 Stock Incentive Plan and LTI Program define a change in control as follows:

the acquisition by any individual, entity or group of the beneficial ownership of 40% or more of the then outstanding common shares of the Company or the combined voting power of the then outstanding securities of the Company entitled to vote generally in the election of directors;

individuals who constitute the Board or future directors approved by the Board cease for any reason to constitute at least a majority of such Board;

subject to certain exceptions contained in the plans, the consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company; or

the consummation of a plan of complete liquidation or dissolution of the Company.

The tables below reflect the amount of compensation to be received by each of the named executive officers in the event of a change in control and certain terminations of each executive's employment. The amounts shown assume that such change in control or termination was effective as of December 31, 2013, and thus includes amounts earned through such time and are estimates of the amounts which would be received by the executives upon a change in control or their termination. The calculations in the tables below are based on our closing stock price on December 31, 2013 of \$20.37 per share. The actual amounts to be received by the executives can only be determined at the time of such change in control or separation from the Company.

- (1) Under the terms of the Executive Severance Policy, the named executive officers are eligible to receive cash severance, a prorated payout of the annual incentive award for the year of termination, a prorated payout of outstanding long-term incentive awards and a cash payment equal to health care continuation coverage in the event of a termination other than due to cause, death, disability resignation other than for constructive termination or as a result of a corporate transaction where the executive is offered comparable employment. In addition, pursuant to the terms of the award agreements, the named executive officers are eligible to receive additional equity vesting in the event of an involuntary termination without cause (as described in footnote 6 to this table).

- (2)

Edgar Filing: PULTEGROUP INC/MI/ - Form DEF 14A

Based on age and years of service, these executives are eligible to receive rule of 70 treatment with respect to the continued vesting of their outstanding options.

- (3) Amounts reported in this column represent cash severance (base salary multiplied by the applicable severance multiple) under the Executive Severance Policy for a qualifying termination of employment under the Executive Severance Policy. Under the terms of the Executive Severance Policy, as of December 31, 2013, the severance multiple applicable to each of the named executive officers other than Mr. O Shaughnessy was 2, while Mr. O Shaughnessy's severance multiple was 1.5).
- (4) The executive will receive a prorated bonus under the Annual Incentive Program for the year in which the termination occurs, calculated based on actual performance during the year. Because termination is assumed to occur as of the last day of the fiscal year, the amounts reported represent the full payout of the 2013 Annual Incentive Plan award. This amount is also reported as 2013 compensation in the 2013 Summary Compensation Table.
- (5) Amounts in these columns reflect the long-term incentive awards and equity-based awards to be received upon a termination or a change in control calculated in accordance with the 2004 Stock Incentive Plan, long-term award agreements and Retirement Policy. In the case of stock grants, the equity value represents the value of the shares (determined by multiplying the closing price of \$20.37 per share on December 31, 2013 by the number of unvested shares of restricted stock that would vest upon a change in control or following a qualifying termination of employment, death or disability). In the case of option awards, the equity value was determined by multiplying (i) the spread between the exercise price and the closing price of \$20.37 per share on December 31, 2013 and (ii) the number of unvested option shares that would vest upon a change in control or following a qualifying termination of employment, death, or disability. The calculation with respect to unvested long-term incentive awards and equity-based awards reflects the following additional assumptions under the 2004 Stock Incentive Plan and long-term award agreements:

Risk Management and Compensation

As noted in our Compensation Discussion and Analysis, a key objective of the Company's compensation program is to appropriately incentivize our executives so that they may act in the best interests of the Company and its shareholders. The Compensation and Management Development Committee believes that its incentive compensation programs should encourage risk within parameters that are appropriate for the long-term health and sustainability of the Company's business.

At its February 5, 2014 meeting, the Compensation and Management Development Committee, in consultation with Pearl Meyer, reviewed each compensation element, the group of employees eligible to receive each compensation element, the current performance measures and payout ranges, the potential risks posed by each compensation element as well as the processes used to mitigate any such risks. The Compensation and Management Development Committee determined that any risks associated with the Company's executive and broad-based compensation plans were appropriately mitigated. For example, the maximum payouts under our executive and broad-based annual incentive plans are capped at or below 200% of target. In addition, the Company uses multiple performance metrics with respect to corporate performance under the Annual Program (e.g., consolidated pre-tax income, gross margins, SG&A expenses and inventory turns) and the 2013-2015 performance periods under the LTI Program (e.g., ROIC improvement and total shareholder return), each of which is subject to the scrutiny of our internal control system as well as the Company's annual audit. The Compensation and Management Development Committee also believes that equity-based, long-term incentive awards which vest over a period of years aligns the interests of our executives and employees with those of our shareholders in support of the long-term health of the Company. Finally, the Compensation and Management Development Committee believes that its overall review of the competitiveness and reasonableness of the Company's compensation programs against market data serves as another mechanism to evaluate the compensation program and to identify any risks.

Effective January 1, 2010, the Compensation and Management Development Committee adopted a clawback policy. Under the policy, in the event any named executive officer engages in detrimental conduct (as defined in the policy), the Committee may require that such named executive officer (i) reimburse the Company for all or any portion of any bonus, incentive payment, equity-based award or other compensation received by such named executive officer within the 36 months following such detrimental conduct and (ii) remit to the Company any profits realized from the sale of Company securities within the 36 months following such detrimental conduct. The purpose of this policy is to discourage inappropriate and excessive risks, as executives will be held accountable for conduct which is harmful to the Company.

Based on its review, the Compensation and Management Development Committee determined that the risks arising from the Company's executive and broad-based compensation programs are not reasonably likely to have a material adverse effect on the Company.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2013 with respect to our common shares that may be issued under our existing equity compensation plans:

Notes:

- (1) Does not include options to purchase 602,280 shares having a weighted average exercise price of \$28.38, which were granted in substitution for options to purchase shares of Centex Corporation in connection with our 2009 acquisition of Centex.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We or one of our subsidiaries may occasionally enter into transactions with a related party. Related parties include our executive officers, directors, nominees for director, 5% or more beneficial owners of our common shares, and immediate family members of these persons. We refer to transactions involving amounts in excess of \$100,000 and in which the related party has a direct or indirect material interest as an interested transaction. Each interested transaction must be approved or ratified by the Nominating and Governance Committee of the Board of Directors in accordance with our written Related Party Transaction Policies and Procedures. The Nominating and Governance Committee will consider, among other factors it deems appropriate, whether the interested transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances as well as the extent of the related party's interest in the transaction. There were no interested transactions during the year ended December 31, 2013.

Our Related Party Transaction Policies and Procedures provide that the Nominating and Governance Committee has determined that the following types of transactions are pre-approved or ratified, as applicable, by the Nominating and Governance Committee, even if such transactions involve amounts in excess of \$100,000:

employment by the Company of an executive officer of the Company if: (i) the related compensation is required to be reported in our proxy statement or (ii) the compensation would have been reported in our proxy statement if the executive officer was a named executive officer and the executive officer is not an immediate family member of another executive officer or director of the Company;

compensation paid to a director if the compensation is required to be reported in our proxy statement;

any transaction with another company at which a related party's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of \$1,000,000, or 2% of that company's total annual revenues;

any charitable contribution, grant or endowment by the Company to a charitable organization, foundation or university at which a related party's only relationship is as an employee (other than an executive officer) or a director, if the aggregate amount involved does not exceed the lesser of \$1,000,000, or 2% of the charitable organization's total annual receipts;

any transaction where the related party's interest arises solely from the ownership of the Company's common shares and all holders of the Company's common shares received the same benefit on a pro rata basis; and

any transaction involving a related party where the rates or charges involved are determined by competitive bids.

Our Related Party Transaction Policies and Procedures were adopted on February 1, 2007.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of four directors, all of whom meet the independence standards contained in the applicable NYSE and SEC rules, and operates under a written charter adopted by the Board of Directors. The Audit Committee selects, subject to shareholder ratification, the Company's independent public accountants.

PulteGroup management is responsible for the Company's internal controls and financial reporting process. The Company's independent public accountants, Ernst & Young LLP, are responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, as well as an independent audit of the Company's internal control over financial reporting and issuing an opinion on the effectiveness of internal control over financial reporting. The Audit Committee monitors the Company's financial reporting process and reports to the Board of Directors on its findings.

During the last year, the Audit Committee met and held discussions with management and Ernst & Young LLP. The Audit Committee reviewed and discussed with PulteGroup management and Ernst & Young LLP the audited financial statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2013. The Audit Committee also discussed with Ernst & Young LLP the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board, as well as by SEC regulations.

The Audit Committee has received from Ernst & Young LLP the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with the Audit Committee concerning independence. The Audit Committee discussed with Ernst & Young LLP such firm's independence.

The Audit Committee also considered whether the provision of other non-audit services by Ernst & Young LLP to the Company is compatible with maintaining the independence of Ernst & Young LLP, and the Audit Committee concluded that the independence of Ernst & Young LLP is not compromised by the provision of such services.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

Audit and Non-Audit Fees

The following table presents fees for professional audit services rendered by Ernst & Young LLP for the audit of the Company's annual financial statements for the years ended December 31, 2013 and 2012, and fees billed for other services rendered by Ernst & Young LLP during those periods.

	2013	2012
Audit Fees (1)	\$ 1,907,729	\$ 1,484,618
Audit-Related Fees (2)	52,000	52,000
Tax Fees (3)	220,382	110,502
All Other Fees (4)		
	\$ 2,180,111	\$ 1,647,120

Notes:

- (1) Audit services consisted principally of the audit of the consolidated financial statements included in the Company's Annual Report on Form 10-K, the audit of the effectiveness of the Company's internal controls over financial reporting, reviews of the consolidated financial statements included in the Company's Quarterly Reports on Form 10-Q and various statutory audit reports.
- (2) Audit-related services consisted principally of audits of employee benefit plans.
- (3) Tax services consisted principally of assistance with tax compliance, the preparation of tax returns and tax consultation, planning and implementation services.
- (4) The Company did not engage Ernst & Young LLP to perform any other services during the years ended December 31, 2013 and 2012.

Audit Committee Preapproval Policies

The Audit Committee has adopted strict guidelines and procedures on the use of Ernst & Young LLP to provide any services, including a requirement that the Audit Committee approve in advance any services to be provided by Ernst & Young LLP. The Audit Committee approves the annual audit services and fees at its meeting in May when it reviews the Ernst & Young LLP audit plan for the current year. In 2013 and 2012, the Audit Committee preapproved the use of Ernst & Young LLP for certain routine accounting and tax consultation matters, provided that the fees for any individual consultation are not expected to exceed \$25,000. Prior to the commencement of any other audit-related, tax or other service, the Audit Committee reviews each individual arrangement, including the nature of the services to be provided and the estimate of the fees to be incurred, prior to engaging Ernst & Young LLP to perform the service. All engagements are approved at regularly scheduled meetings of the Audit Committee.

ADDITIONAL PROPOSALS REQUIRING YOUR VOTE

PROPOSAL TWO

RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP

AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Ernst & Young LLP as PulteGroup's independent registered public accounting firm for 2014, and the Board of Directors and the Audit Committee recommend that the shareholders ratify this appointment.

Although there is no requirement that Ernst & Young LLP's appointment be terminated if the ratification fails, the Audit Committee will consider the appointment of other independent registered public accounting firms if the shareholders choose not to ratify the appointment of Ernst & Young LLP. The Audit Committee may terminate the appointment of Ernst & Young LLP as our independent registered public accounting firm without the approval of the shareholders whenever the Audit Committee deems such termination appropriate.

Amounts paid by us to Ernst & Young LLP for audit and non-audit services rendered in 2013 and 2012 are disclosed elsewhere in this Proxy Statement.

Ernst & Young LLP served as our independent registered public accounting firm during 2013 and has served as our independent public accountants for many years. Representatives of Ernst & Young LLP are expected to attend the annual meeting and will be available to respond to appropriate questions, and to make a statement if they wish to do so.

*The Board of Directors and the Audit Committee recommend that shareholders vote **FOR** ratification of the appointment of Ernst & Young LLP as PulteGroup's independent registered public accounting firm for 2014.*

PROPOSAL THREE

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, we are providing shareholders with a vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with SEC rules. The advisory vote to approve executive compensation described in this proposal is commonly referred to as a "say-on-pay" vote.

The Company asks that you indicate your approval of the compensation paid to our named executive officers as described on pages 24 through 53 of this Proxy Statement. Because your vote is advisory, it will not be binding on the Board of Directors. However, the Board of Directors and the Compensation and Management Development Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation.

As described in the Compensation Discussion and Analysis, our overall compensation philosophy applicable to named executive officers is to provide a compensation program that is intended to attract and retain qualified executives for PulteGroup through fluctuating business cycles, provide them with incentives to achieve our strategic, operational, and financial goals, increase shareholder value, and reward long-term financial success.

Key principles of our executive compensation philosophy include:

providing total compensation levels that are competitive with our direct competitors within the homebuilding industry, as well as companies of similar size and complexity in related industries;

fostering a pay for performance environment by delivering a significant portion of total compensation through performance-based, variable pay;

aligning the long-term interests of our executives with those of our shareholders;

requiring our executives to own significant levels of PulteGroup shares;

balancing cash compensation with equity compensation to ensure that each executive has a significant personal financial stake in PulteGroup's share price performance (in general, we seek to provide a significant portion of total compensation to named executive officers in the form of equity-based compensation); and

balancing short-term compensation with long-term compensation to ensure that our senior executives are properly focused on the achievement of both operational and financial goals and longer-term strategic objectives.

This proposal gives our shareholders the opportunity to express their views on the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. For the reasons discussed above, we are asking our shareholders to indicate their support for our named executive officer compensation by voting FOR the following resolution at the Annual Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which disclosure includes the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure).

*The Board of Directors recommends that shareholders vote **FOR** the approval of the advisory resolution relating to the compensation of our named executive officers as disclosed in this Proxy Statement.*

PROPOSAL FOUR

The United Brotherhood of Carpenters Pension Fund, 101 Constitution Avenue, N.W., Washington, D.C. 20001, which has represented to us that it beneficially owns approximately 4,812 of our shares, has submitted the following shareholder proposal.

DIRECTOR ELECTION MAJORITY VOTE STANDARD PROPOSAL

Resolved: That the shareholders of PulteGroup, Inc. (Company) hereby request that the Board of Directors initiate the appropriate process to amend the Company's articles of incorporation to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

Supporting Statement: PulteGroup's Board of Directors should establish a majority vote standard in director elections in order to provide shareholders a meaningful role in these important elections. The

proposed majority vote standard requires that a director nominee receive a majority of the votes cast in an election in order to be formally elected. The Company's current plurality standard is not well-suited for the typical director election that involves only a management slate of nominees running unopposed. Under these election circumstances, a board nominee is elected with as little as a single affirmative vote, even if a substantial majority of the withhold votes are cast against the nominee. So-called withhold votes simply have no legal consequence in uncontested director elections. We believe that a majority vote standard in board elections establishes a challenging vote standard for board nominees, enhances board accountability, and improves the performance of boards and individual directors.

Over the past eight years, nearly 87% of the companies in the S&P 500 Index have adopted a majority vote standard in company bylaws, articles of incorporation, or charters. Further, these companies have also adopted a director resignation policy that establishes a board-centered post-election process to determine the status of any director nominee that is not elected. This dramatic move to a majority vote standard is in direct response to strong shareholder demand for a meaningful role in director elections. PulteGroup's Board of Directors continues to persistently oppose the adoption of a majority vote standard. The Board should adopt a majority vote standard in its governance documents and then refashion its director resignation policy to address the status of unelected directors. A majority vote standard combined with a post-election director resignation policy would establish meaningful voting rights for shareholders in director elections at PulteGroup, while reserving for the Board an important post-election role. We urge the Board to join the mainstream of major U.S. companies and establish a majority vote standard.

The Board of Directors recommends that shareholders vote AGAINST this proposal for the following reasons:

In seven of the past eight years, PulteGroup has received a similar proposal, and each such year the proposal received less than a majority of the votes cast by shareholders. In light of these results and for the reasons provided below, after thoughtful consideration, the Board believes that the Company's current method of electing directors already adequately addresses the concerns the proposal raises and continues to be in the best long-term interest of the Company and its shareholders, and the Board therefore opposes the proposal.

The proposal, which states that under the Company's current voting standard a board nominee is elected with as little as a single affirmative vote, even if a substantial majority of the withhold votes are cast against the nominee, incorrectly describes the Company's current voting standard. As described in greater detail in this Proxy Statement under the caption "Election of Directors", since 2006, the Company's Corporate Governance Guidelines have required a nominee who fails to garner a majority affirmative vote in an unopposed election to tender his or her resignation to the Board. The Nominating and Governance Committee is then in turn obligated to focus its attention on and thoroughly assess any possible causes for concern related to the majority withhold vote for such nominee. Following such assessment, the Nominating and Governance Committee, which is composed exclusively of independent directors, must recommend to the Board whether to accept or reject the resignation, and the Board must take the action it deems appropriate with respect to the resignation. These procedures, which have been in effect for over seven years, already provide the protections that could be achieved by the proposal's implementation, but without the limitations on the Board's judgment that would be attendant to such implementation as described below.

The procedures required under the Company's Corporate Governance Guidelines provide the benefit of ensuring that no director who has received a majority withhold vote will serve on the Board without a high degree of scrutiny. Simultaneously, the Company's Corporate Governance Guidelines preserve the Board's ability to take into account in its decision regarding the resignation all facts and

circumstances surrounding the majority withhold vote, including the underlying reasons, the length of service and qualifications of the director, the director's contributions to the Company and compliance with listing standards and the Company's Corporate Governance Guidelines. The Board believes that the Corporate Governance Guidelines strike an appropriate balance that is sensitive to investors' views on the standard required for election of directors and effectively satisfies the goals of the shareholder proposal while preserving the flexibility of the Board to exercise its independent judgment on a case-by-case basis in the best interest of all shareholders.

Contrary to the shareholder proposal, which incorrectly argues that withhold votes have no legal consequence, we believe that, as a result of the procedures described above and in contrast to a scenario where there is a plurality standard and no such resignation policy, shareholder withhold votes are meaningful and provide an effective means by which shareholders are able to influence the Board's decision making process.

Moreover, the shareholder proposal argues that a strict majority vote standard is a superior solution to a plurality standard, but fails to account for the issues that may arise due to the lost flexibility that would result if this proposal were implemented. Although the proposal, on its face, seems straightforward, the majority vote standard raises complicated issues in its implementation. For example, if a director nominee were to receive a plurality, but not a majority, of the votes cast, the Board would be faced with a choice among several options: (i) to decide whether to appoint a successor, which would be less democratic as a governance matter, (ii) to expend the funds to hold a special meeting to elect a successor or (iii) if the nominee were an existing director, to permit the director to remain in office until the next annual meeting of shareholders.

For the reasons stated above, the Board believes that instituting the change called for by the proposal is unnecessary and not in the best interests of our shareholders.

The Board of Directors recommends that shareholders vote AGAINST this proposal.

PROPOSAL FIVE

The Central Laborers' Pension Fund, P.O. Box 1267, Jacksonville, Illinois 62651, which has represented to us that it beneficially owns approximately 4,593 of our shares, has submitted the following proposal.

PERFORMANCE-BASED OPTIONS PROPOSAL

Resolved: That the shareholders of PulteGroup, Inc. (the "Company") request that the Compensation Committee of the Board of Directors adopt a policy that a significant portion of future stock option grants to senior executives shall be performance-based. Performance-based options are defined as follows: (1) indexed options, in which the exercise price is linked to an industry or well-defined peer group index; (2) premium-priced stock options, in which the exercise price is set above the market price on the grant date; or (3) performance-vesting options, which vest when a performance target is met.

Supporting Statement: As long-term shareholders of the Company, we support executive compensation policies and practices that provide challenging performance objectives and serve to motivate executives to enhance long-term corporate value. We believe that standard fixed-price stock option grants can and often do provide levels of compensation well beyond those merited, by reflecting stock market value increases, not performance superior to the company's peer group.

Our shareholder proposal advocates performance-based stock options in the form of indexed, premium-priced or performance-vesting stock options. With indexed options, the option exercise price moves with an appropriate peer group index so as to provide compensation value only to the extent that the company's stock price performance is superior to the companies in the peer group utilized. Premium-priced options entail the setting of an option exercise price above the exercise price used for standard fixed-priced options so as to provide value for stock price performance that exceeds the premium option price. Performance-vesting options encourage strong corporate performance by conditioning the vesting of granted options on the achievement of demanding stock and/or operational performance measures.

Our shareholder proposal requests that the Company's Compensation Committee utilize one or more varieties of performance-based stock options in constructing the long-term equity portion of the senior executives' compensation plan. The use of performance-based options, to the extent they represent a significant portion of the total options granted to senior executives, will help place a strong emphasis on rewarding superior corporate performance and the achievement of demanding performance goals.

Leading investors and market observers, such as Warren Buffet and Alan Greenspan, have criticized the use of fixed-price options on the grounds that they all too often reward mediocre or poor performance. The Conference Board's Commission on Public Trust and Private Enterprise in 2002 looked at the issue of executive compensation and endorsed the use of performance-based options to help restore public confidence in the markets and U.S. corporations.

At present, the Company does not employ performance-based stock options as defined in this proposal, so shareholders cannot be assured that only superior performance is being rewarded. Performance-based options can be an important component of a compensation plan designed to focus senior management on accomplishing long-term corporate strategic goals and superior long-term corporate performance. We urge your support for this important executive compensation reform.

The Board of Directors recommends that shareholders vote AGAINST this proposal for the following reasons:

In each of the Company's last seven annual meetings of shareholders, shareholders rejected similar proposals requiring PulteGroup to adopt a policy requiring that a significant portion of future option grants to senior executives be performance-based. In light of these results and for the reasons provided below, while the Board strongly believes that performance-based compensation is an essential component of executive compensation, after thoughtful consideration, the Board has concluded that the proposal would limit the ability of the Compensation and Management Development Committee to grant awards that are designed to align the short-term and long-term interests of employees with those of shareholders and that are competitive with our direct competitors in the homebuilding industry, as well as other companies of similar size and complexity, and the Board therefore opposes the proposal.

Consistent with its commitment to pay-for-performance, when deemed appropriate by the Compensation and Management Development Committee, awards with performance-based vesting provisions may be granted. For example, in 2012 and 2013, the Compensation and Management Development Committee granted long-term incentive awards in the form of stock-settled performance-based awards and time-based restricted shares in lieu of a long-term incentive mix of stock options, time-based restricted shares and long-term cash incentive awards previously granted under the Company's long-term incentive program. As described in the Compensation Discussion and Analysis section above and consistent with the structure of the 2013 long-term incentive program, the Compensation and Management Development Committee has determined that a significant portion of the 2014 long-term incentive awards will be structured as stock-settled performance-based awards.

Although the Compensation and Management Committee did not utilize fixed-price options in its 2013 executive compensation program, the Compensation and Management Development Committee believes that fixed-price options provide an objective performance metric that is directly aligned with the interests of shareholders and is an appropriate performance measure for the Company. Because the exercise price of fixed-priced options equals the market value of the Company's common shares on the date of the award, no economic benefit is conferred on the optionee unless the Company's shares increase in value subsequent to the award date. Options also generally vest over a period of years, which requires long-term focus on Company performance in order for the employee to realize any value from the exercise of options. Additionally, the majority of companies in our compensation peer group use fixed-price options in addition to performance-based options. Limiting the Compensation and Management Development Committee's ability to establish compensation packages in line with those of our competitors could place us at a competitive disadvantage in attracting, motivating, rewarding and retaining superior executive talent. The Board of Directors believes that the Compensation and Management Development Committee must have the flexibility to create compensation policies appropriate to the competitive environment in which PulteGroup competes for senior executives, which policies may include the use of fixed-price options.

In addition to fixed-price options, the Compensation and Management Development Committee has used a variety of long-term incentive vehicles and may continue to do so in the future, as permitted under the Company's shareholder-approved equity incentive plan. These incentive vehicles support particular business strategies, retention initiatives and recruiting activities, taking into account circumstances as they exist from time to time, including changing economic and industry conditions, accounting requirements and tax laws, together with evolving corporate governance trends. The Board of Directors believes that the discretion of the Compensation and Management Development Committee in determining which types or combinations of long-term incentive vehicles are the most appropriate and effective for a given situation should not be constrained by a policy mandating that a significant portion of option grants be performance-based.

Executive compensation practices are influenced by a wide range of factors, including changes in strategic goals, regulatory developments and the competitive compensation practices of other companies. The Board of Directors believes that the Compensation and Management Development Committee, which is comprised solely of directors who are independent as defined by the NYSE listing standards, is the governing body best suited to formulate executive compensation principles and practices that balance these factors and reflect the interests of shareholders, while preserving the Committee's ability to respond quickly to changes that may otherwise limit the Company's ability to attract, motivate and retain key talent.

The Board of Directors recommends that shareholders vote AGAINST this proposal.

OTHER MATTERS

Multiple Shareholders Sharing the Same Address

If you and other residents at your mailing address own common shares in street name, your broker or bank may have sent you a notice that your household will receive only one Notice or copy of the annual report and proxy statement. This practice, known as householding, is designed to reduce our printing and postage costs. However, if any shareholder residing at such an address wishes to receive a separate Notice or annual report and proxy statement or if you are receiving multiple Notices or multiple copies of proxy materials and would like to receive one set, you may contact Computershare and inform it of your request by phone at (877) 282-1168 or by mail at Computershare Investor Services, P.O. Box 43078, Providence, Rhode Island 02940-3078.

Proxy solicitation cost

PulteGroup pays the cost of soliciting proxies. Additionally, we hired D.F. King & Co., Inc. to assist in the distribution of proxy materials. The fee is expected not to exceed \$14,000, plus reasonable out-of-pocket expenses. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to shareholders.

Shareholder proposals due for the 2015 annual meeting

To be included in our proxy statement for next year's annual meeting, shareholder proposals must be in writing and received by PulteGroup by November 27, 2014. Shareholder proposals must be sent to Steven M.
