Item 8.01. Other Events.

In accordance with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, the Company notes that certain statements set forth in this Current Report on Form 8-K provide other than historical information and are forward looking. The actual achievement of any forecasted results, or the unfolding of future economic or business developments in a way anticipated or projected by the Company, involve numerous risks and uncertainties that may cause the Company s actual performance to be materially different from that stated or implied in the forward-looking statement. Among those risks and uncertainties, many of which are beyond the control of the Company, include, without limitation, volatility in worldwide energy demand and oil and gas prices; fleet additions by competitors and industry overcapacity; changes in capital spending by customers in the energy industry for offshore exploration, field development and production; changing customer demands for vessel specifications, which may make some of our older vessels technologically obsolete for certain customer projects or in certain markets; uncertainty of global financial market conditions and difficulty in accessing credit or capital; acts of terrorism and piracy; significant weather conditions; unsettled political conditions, war, civil unrest and governmental actions, such as expropriation or enforcement of customs or other laws that are not well developed or consistently enforced, or requirements that services provided locally be paid in local currency, in each case especially in higher political risk countries where we operate; foreign currency fluctuations; labor changes proposed by international conventions; increased regulatory burdens and oversight; and enforcement of laws related to the environment, labor and foreign corrupt practices. Readers should consider all of these risk factors as well as other information contained in this report.

On May 15, 2015, the Company announced that its Board of Directors declared on May 14, 2015, a quarterly cash dividend of \$0.25 per share of common stock payable June 15, 2015, to shareholders of record on June 5, 2015.

On May 15, 2015, the Company also announced that its Board of Directors has approved an extension of its current common stock repurchase program from its original expiration date of June 30, 2015 to June 30, 2016. If shares are purchased in open market or privately-negotiated transactions pursuant to this share repurchase program, the Company will use its available cash and/or borrowings under its revolving credit facility or other borrowings to fund any share repurchases. With this approved extension, the Company s current repurchase program will continue in effect through June 30, 2016. The Company will continue to evaluate share repurchase opportunities relative to other investment opportunities and in the context of current conditions in the credit and capital markets.
