This proxy statement summarizes information about the proposals to be considered at the meeting and other information you may find useful in determining how to vote.

The proxy card is the means by which you actually authorize another person to vote your shares at the meeting in accordance with your instructions.

We will pay the cost of soliciting proxies. Our directors, officers and employees may solicit proxies in person, by telephone or by other means. We will reimburse brokers and other nominee holders of shares for expenses they incur in forwarding proxy materials to the beneficial owners of those shares. We do not plan to retain the services of a proxy solicitation firm to assist us in this solicitation.

We will mail this proxy statement and the enclosed proxy card to stockholders for the first time on or about October 19, 2015. In this mailing, we will include a copy of our fiscal year 2015 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the year ended June 30, 2015 (excluding exhibits), as filed with

the Securities and Exchange Commission.

Who May Vote

Holders of record of our common stock at the close of business on October 1, 2015 are entitled to one vote per share of common stock on each proposal properly brought before the annual meeting.

A list of stockholders entitled to vote will be available at the annual meeting. In addition, you may contact our chief financial officer, Lawrence E. How to Vote

You are entitled to one vote at the meeting for each share of common stock registered in your name at the close of business on October 1, 2015, the record date for the meeting. You may vote your shares at the meeting in person, by proxy or via the internet or the toll-free number (for residents of the United States and Canada) listed on your proxy card.

To vote in person, you must attend the meeting, and then complete and submit the ballot provided at the meeting.

To vote by proxy, you must complete and return the enclosed proxy card. Your proxy card will be valid only if you sign, date and return it before the meeting. By completing and returning the proxy card, you will direct the persons named on the proxy card to vote your shares at the meeting in the manner you specify. If you complete all of the proxy card except the voting instructions, then the designated persons will vote your shares FOR the re-election of each of Drs. Koenig and Magovcevic-Liebisch as a class II director and FOR the ratification of our independent registered public accounting firm. If any other business properly comes before the meeting, then the designated persons will have the discretion to vote in any manner they deem appropriate.

To vote via the internet, you must access the website for internet voting at www.envisionreports.com/AGTC. Please have the enclosed proxy card handy when you access the website and follow the on screen instructions. Internet voting facilities for shareholders of record will be available 24 hours a day until 12:00 a.m. (Central time) on November 19, 2015. If you vote via the internet, you do not have to return your proxy card via mail.

To vote via telephone, use any touch-tone telephone and call 1-800-652-VOTE (8683) to transmit your voting instructions up until 12:00 a.m. (Central time) on November 19, 2015. Please have the enclosed proxy card handy when you call and then follow the instructions. If you vote via telephone, you do not have to return your proxy card via mail.

If you vote by proxy or via the internet or telephone, you may revoke your vote at any time before it is exercised by taking one of the following actions:

sending written notice to our Secretary at our address set forth on the notice of meeting appearing on the cover of this proxy statement;

voting again by proxy or via the internet or telephone on a later date; or

attending the meeting, notifying our Secretary that you are present, and then voting in person.

Shares Held by Brokers or Nominees

If the shares you own are held in street name by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokers also offer the option of providing voting instructions to them over the internet or by telephone, directions for which would be provided by your brokerage firm on your vote instruction form.

Under stock exchange rules applicable to most brokerage firms, if you do not give instructions to your broker, it is permitted to vote any shares it holds for your account in its discretion with respect to routine proposals, but it is not allowed to vote your shares with respect to certain non-routine proposals. **Proposal 1, regarding the election of directors is a non-routine proposal. If you do not instruct your broker how to vote with respect to Proposal 1, your broker will not vote on it and your shares will be recorded as broker non-votes and will not affect the outcome of the vote on Proposal 1.** Broker non-votes are shares that are held in street name by a bank or brokerage firm that indicates on its proxy that, while voting in its discretion on one matter, it does not have or did not exercise discretionary authority to vote on another matter.

Table of Contents

Proposal 2, the ratification of McGladrey LLP as our independent registered public accounting firm, is considered to be a routine item under the applicable rules and your broker will be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name.

If a broker or nominee holds shares of our common stock in street name for your account, then this proxy statement may have been forwarded to you with a voting instruction card, which allows you to instruct the broker or nominee how to vote your shares on the proposals described herein. To vote by proxy or to instruct your broker how to vote, you should follow the directions provided with the voting instruction card. **In order to have your vote counted on Proposal 1, you must either provide timely voting instructions to your broker or obtain a properly executed proxy from the broker or other record holder of the shares that authorizes you to act on behalf of the record holder with respect to the shares held for your account.**

Quorum Required to Transact Business

At the close of business on October 1, 2015, a total of 17,993,746 shares of our common stock were outstanding. Our by-laws require that a majority of the outstanding shares of our common stock be represented, in person or by proxy, at the meeting in order to constitute the quorum we need to transact business at the meeting. We will count abstentions and broker non-votes as shares represented at the meeting in determining whether a quorum exists.

Multiple Stockholders Sharing the Same Address

If you and other residents at your mailing address own shares of common stock through a broker or other nominee, you may have elected to receive only one copy of this proxy statement and our fiscal year 2015 Annual Report. If you and other residents at your mailing address own shares of common stock in your own names, you may have received only one copy of this proxy statement and our fiscal year 2015 Annual Report, unless you provided our transfer agent with contrary instructions.

This practice, known as householding, is designed to reduce our printing and postage costs. You may promptly obtain an additional copy of this proxy statement, enclosed proxy card and our fiscal year 2015 Annual Report by sending a written request to Applied Genetic Technologies Corporation, attention Lawrence E. Bullock, chief financial officer, 11801 Research Drive, Alachua, Florida 32615, or by calling Mr. Bullock at (386) 462-2204. If for any reason any of the nominees becomes unavailable for election, the persons designated in the proxy card may vote the shares represented by proxy for the election of a substitute nominated by the Board of Directors. Each nominee has consented to serve as a director if elected, and we currently have no reason to believe that any of them will be unable to serve.

The two nominees receiving the greatest numbers of votes cast will be elected as class II directors. **Brokers may not vote shares they hold for you in the election of Directors, unless they receive timely voting instructions from you.** We will not count votes withheld or broker non-votes as having been cast for the election of a director.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RE-ELECTION OF DRS. KOENIG AND MAGOVCEVIC-LIEBISCH AS CLASS II DIRECTORS.

**PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

McGladrey LLP currently serves as our independent registered public accounting firm and audited our financial statements for the fiscal year ended June 30, 2015. Our audit committee has retained McGladrey LLP as our independent registered public accounting firm to audit our financial statements for the fiscal year ending June 30, 2016.

Our audit committee is responsible for selecting and appointing our independent registered public accounting firm, and this appointment is not required to be ratified by our stockholders. However, our audit committee has recommended that the Board of Directors submit this matter to the stockholders as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the audit committee will reconsider whether to retain McGladrey LLP, and may retain that firm or another without re-submitting the matter to our stockholders. Even if the appointment is ratified, the audit committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of AGTC and our stockholders.

In order to pass, this proposal must receive a majority of the votes cast with respect to this matter. We will not count abstentions or broker non-votes as votes cast.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF MCGLADREY LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2016.

INFORMATION ABOUT OUR BOARD OF DIRECTORS AND MANAGEMENT

Board Composition

Our board of directors currently consists of eight members, of whom four were elected as directors pursuant to a stockholders agreement that we entered into with the former holders of our preferred stock. The stockholders agreement terminated upon the closing of our initial public offering in April 2014, and there are no other contractual obligations regarding the election of our directors. Our directors hold office until their successors have been elected and qualified or until the earlier of their resignation or removal.

Our amended and restated certificate of incorporation and amended and restated bylaws provide that the authorized number of directors may be changed only by resolution of the board of directors. Our amended and restated certificate of incorporation, and amended and restated bylaws also provide that our directors may be removed only for cause by the affirmative vote of the holders of at least 75% of the votes that all our stockholders would be entitled to cast in an annual election of directors, and that any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office.

In accordance with the terms of our certificate of incorporation and bylaws, our board of directors is divided into three classes, class I, class II and class III, with members of each class serving staggered three-year terms, divided as follows:

the class I directors are Dr. Guyer, Mr. Peacock and Dr. Oronsky whose terms will expire at our 2017 annual meeting of stockholders;

the class II directors are Dr. Koenig and Dr. Magovcevic-Liebisch, whose terms will expire at the annual meeting of stockholders to be held in 2015; and

Board Role in Risk Oversight

One of the key functions of our board of directors is informed oversight of our risk management process. Our chief executive officer is responsible for setting the strategic direction for our company and the day to day leadership and performance of the company, while our Chairman, who is not an executive officer, sets the agenda for board meetings, facilitates communications between the board and the chief executive officer and discussion among the independent directors and presides over meetings of the board and stockholders. Our independent directors meet in executive

session on a regular basis, without management present, with our Chairman presiding.

Our board of directors does not have a standing risk management committee, but rather administers this oversight function directly through the board of directors as a whole, as well as through various standing committees of our board of directors that address risks inherent in their respective areas of oversight. In particular, our board of directors is responsible for monitoring and assessing strategic risk exposure and our audit

committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The audit committee also monitors compliance with legal and regulatory requirements. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance practices, including whether they are successful in preventing illegal or improper liability-creating conduct. Our compensation committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Board Committees

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Each of these committees, which are the only standing committees of our board of directors, operates under a charter that has been approved by our board of directors.

Audit committee. The current members of our audit committee are Mr. Hurwitz, Mr. Peacock and Mr. Rosen. Our board of directors has determined that each member of the audit committee satisfies the NASDAQ Stock Market independence standards and the independence standards of Rule 10A-3(b)(1) of the Securities Exchange Act. Each of the members of our audit committee meets the requirements for financial literacy under applicable rules and regulations of the SEC and the NASDAQ Stock Market. The board of directors has also determined that Mr. Peacock qualifies as an audit committee financial expert, as defined by applicable rules of the NASDAQ Stock Market and the SEC. The audit committee assists our board of directors in its oversight of:

the integrity of our financial statements;

our compliance with legal and regulatory requirements;

the qualifications and independence of our independent registered public accounting firm; and

the performance of our independent registered public accounting firm.

The audit committee has direct responsibility for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. The audit committee establishes and implements policies and procedures for the pre-approval of all audit services and all permissible non-audit services provided by our independent registered public accounting firm and reviews and approves any related party transactions entered into by us.

The audit committee met in person or by telephone 5 times during fiscal year 2015.

Compensation committee. The current members of our compensation committee are Dr. Koenig, Magovcevic-Liebisich and Mr. Rosen, each of whom is an independent director. The compensation committee:

approves the compensation and benefits of our executive officers;

reviews and makes recommendations to the board of directors regarding benefit plans and programs for employee compensation; and

administers our equity compensation plans.

The compensation committee met in person or by telephone 7 times during fiscal year 2015.

Nominating and corporate governance committee. The members of our nominating and corporate governance committee are Dr. Guyer and Mr. Hurwitz, each of whom is an independent director. The nominating and corporate governance committee:

advises the board regarding appropriate corporate governance policies and assists the board in achieving them.

The nominating and corporate governance committee met in person or by telephone 2 times during fiscal year 2015.

Compensation Committee Interlocks and Insider Participation

None of our executive officers serves, or in the past has served, as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any entity that has one or more executive officers who serve as members of our board of directors or our compensation committee. None of the members of our compensation committee is an officer or employee of our company, nor has any of them ever been an officer or employee of our company.

Code of Business Conduct and Ethics; Corporate Governance Guidelines

We have adopted a written code of business conduct and ethics that applies to our directors, executive officers and employees, as well as corporate governance guidelines. Copies of the code of business conduct and ethics and our corporate governance guidelines are posted on the Corporate Governance section of our website, which is located at www.agtc.com. If we make any substantive amendments to, or grant any waivers from, the code of business conduct and ethics for any officer or director, we will disclose the nature of such amendment or waiver on our website.

Meetings of the Board of Directors

Our board of directors met in person or by telephone seven times during fiscal year 2015. Except for Dr. Oronsky, no director attended fewer than 75% of the aggregate number of meetings of the board of directors and of any committee of the Board on which he or she served, in each case held during the period in which he or she served as a director, in fiscal year 2015.

Policy Regarding Board Attendance

Our directors are expected to attend meetings of the board of directors and meetings of committees on which they serve. Our directors are expected to spend the time needed at each meeting and to meet as frequently as necessary to properly discharge their responsibilities. We encourage members of our board of directors to attend our annual meetings of stockholders, but we do not have a formal policy requiring them to do so.

Director Candidates and Selection Process

Our nominating and corporate governance committee, in consultation with our board of directors, is responsible for identifying and reviewing candidates to fill open positions on the board, including positions arising as a result of the removal, resignation or retirement of any director, an increase in the size of the board or otherwise, and recommending to our full board candidates for nomination for election as directors. In recommending new directors, the committee will consider any requirements of applicable law or listing standards, a candidate's strength of character, judgment, business experience and specific area of expertise, diversity, factors relating to the composition of the board of directors (including its size and structure), and such other factors as the committee deems to be appropriate. The goal of the committee is to assemble a board of directors that consists of individuals who bring a variety of complementary attributes and who, taken together, have the appropriate skills and experience to oversee our business. The committee is responsible for reviewing from time to time the appropriate skills and characteristics required of directors in the context of the current make-up of the board of directors, including such factors as business experience, diversity, and personal skills in technology, finance, marketing, sales, financial reporting and other areas that

contribute to an effective board of directors.

Table of Contents

The committee has not adopted any formal policy, guidelines or procedures regarding the diversity of our board of directors. Our priority in selection of board members is identification of members who will further the interests of our stockholders through an established record of professional accomplishment, the ability to contribute positively to the collaborative culture among board members, knowledge of our business and understanding of the competitive landscape.

Stockholders may recommend individuals to the nominating and corporate governance committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to our nominating and corporate governance committee, c/o Secretary, Applied Genetic Technologies Corporation, 11801 Research Drive, Suite D, Alachua, Florida 32615. Assuming that appropriate biographical and background material has been provided on a timely basis, the nominating and corporate governance committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates that it recommends. If the board of directors resolves to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the next annual meeting. Any recommendation of a potential director nominee should also include a statement signed by the proposed nominee expressing a willingness to serve as a director if elected. As part of this responsibility, the committee will be responsible for conducting, subject to applicable law, any and all inquiries into the background and qualifications of any candidate for election as a director and such candidate's compliance with the independence and other qualification requirements established by the committee or imposed by applicable law or listing standards.

Communications with our Board of Directors

Stockholders wishing to communicate with our board of directors should send correspondence to the attention of the Chairman of the Board, c/o Applied Genetic Technologies Corporation, 11801 Research Drive, Suite D, Alachua, Florida 32615, and should include with the correspondence evidence that the sender of the communication is one of our stockholders. Satisfactory evidence would include, for example, contemporaneous correspondence from a brokerage firm indicating the identity of the stockholder and the number of shares held. Our Chairman of the Board will review all correspondence confirmed to be from stockholders and decide whether or not to forward the correspondence or a summary of the correspondence to the full board of directors or a committee thereof. Our Chairman will review all stockholder correspondence, but the decision to relay that correspondence to the full board or a committee will rest entirely within his discretion. Our board believes that this process will suffice to handle the relatively low volume of communications we have historically received from our stockholders. If the volume of communications increases such that this process becomes burdensome to our Chairman, our board of directors may elect to adopt more elaborate screening procedures.

Director Compensation

Our non-employee directors other than Dr. Guyer receive equity-based compensation and cash fees as follows:

each non-employee director receives an annual cash fee in the amount of \$35,000;

our chairman receives an additional cash fee in the amount of \$35,000 (increased from \$27,500 for fiscal year 2015);

Table of Contents

Each such initial or annual stock option is granted with an exercise price equal to the fair value of our common stock on the date of grant.

We have agreed to pay to Dr. Guyer an annual cash fee in the amount of \$85,000 (increased from \$70,000 for fiscal year 2015) for his service on our board of directors in lieu of the cash payments and option grants described above.

The following table sets forth information regarding compensation awarded to, earned by or paid to our non-employee directors who served during fiscal year 2015. Table of Contents**EXECUTIVE COMPENSATION****Executive Summary**

The compensation of our executive officers is determined by the compensation committee of our Board of Directors, and discussed by the committee throughout the year. Our formal annual compensation review process generally takes place during the first quarter of each fiscal year, after the results of the previous fiscal year are known. Annual variable compensation and discretionary cash bonuses for the completed fiscal year, if any, and long-term equity-based incentive compensation, if any, are awarded by the committee on a discretionary basis, generally during the first fiscal quarter, after a review of the previous fiscal year's results.

Our compensation committee is comprised entirely of non-employee Directors, each of whom our Board of Directors has determined is independent within the meaning of the rules of The NASDAQ Stock Market. The members of the compensation committee have substantial managerial experience and wide contacts in the biotechnology and biopharmaceutical industries and in the broader healthcare industry, upon which they rely in making their determinations. The committee also takes into account publicly available information concerning the compensation practices of other companies in the biotechnology industry. This information is used by the committee informally and primarily for purposes of comparison to ascertain whether our compensation practices for our executive officers are broadly competitive.

Our Chief Executive Officer makes recommendations with regard to the compensation of our executive officers other than herself, which are reviewed by the compensation committee. Executive officers do not participate in the process of establishing their own annual compensation.

The committee does not have a formal benchmarking policy or a practice of establishing the amount of any element of our executive officers' compensation by reference to a fixed range of percentages or percentiles of the compensation of any peer or comparison group. As a result, the determinations made by the members of our compensation committee are guided to a significant degree by their collective judgment and experience. During fiscal year 2015, the committee retained a compensation consultant, Aon Consulting's Radford Surveys + Consulting, or Radford, to assist the committee in assessing the form and amount of compensation paid to our executives.

Our compensation committee has reviewed our compensation programs and believes that our compensation programs have not encouraged or rewarded excessive or inappropriate risk taking.

Narrative Disclosure to Summary Compensation Table

We review compensation annually for all of our employees, including our executives. In setting executive base salaries and bonuses and granting equity incentive awards, we consider compensation for comparable positions in the market, the historical compensation levels of our executives, individual performance as compared to our expectations and objectives, our desire to motivate our employees to achieve short- and long-term results that are in the best interests of our stockholders, and a long-term commitment to our company. We do not target a specific competitive position or a specific mix of compensation among base salary, bonus or long-term incentives.

Our compensation committee reviews and discusses management's proposed compensation with the chief executive officer for all executives other than our chief executive officer. Based on those discussions and its discretion, the compensation committee then determines the compensation and benefits of our executive officers.

In preparing to become a public company, we began a thorough review of all elements of our executive compensation program, including the function and design of our equity incentive programs, and in fiscal year 2015, our compensation committee engaged Radford to assist us with the identification of an appropriate peer group of companies for purposes of benchmarking the competitiveness of our executive compensation. Our compensation committee will evaluate the need for revisions to our executive compensation program to ensure that our program is competitive with the companies with which we compete for executive talent and that it is appropriate for a public company.

the 50% level, in the case of a termination by Ms. Washer for good reason other than during the 12 months following a change of control for good reason.

Under the terms of his employment agreement, if we terminate Dr. Chulay's employment without cause or if Dr. Chulay terminates his employment for with us for good reason during the 12-month period following a change of control, in each case as those terms are defined in his employment agreement, he will be entitled to receive severance benefits, payable in a single lump sum, as follows:

An amount equal to the sum of (a) 75% of his then current annual base salary and (b) the product of his target bonus in effect immediately prior to the date of termination multiplied by a fraction equal to the quotient of (i) the number of days elapsed as of the termination date during the year in which the termination occurs divided by (ii) 365.

He will also be entitled to continue to participate in our benefits plans for a period of up to nine months following the effective date of such a termination of his employment on substantially the same terms as were in effect immediately prior to his termination.

In addition, if Dr. Chulay's employment is terminated during the 12 months following a change of control by us without cause or by Dr. Chulay for good reason, all unvested equity awards previously

granted to Dr. Chulay will become fully vested as of the date of such a termination of his employment.

In the event we terminate Dr. Chulay's employment without cause at any time other than during the 12-month period following a change of control, each unvested equity award previously granted to Dr. Chulay will immediately vest with respect to 50% of the shares that are unvested as of the effective date of the termination of his employment.

To the extent that the vesting of any unvested awards held by Dr. Chulay at the time of the termination of his employment is contingent upon the attainment of any corporate or market performance condition that has not been satisfied as of that date, the condition will be deemed to have been satisfied as of the date of termination

at the 100% level, in the case of a termination during the 12 months following a change of control by us without cause or by Dr. Chulay for good reason, or

Agreements with Dr. Shearman and Messrs. Bullock and Potter

Pursuant to the terms of the offer letters, under certain circumstances, we may be required to make severance payments to Dr. Shearman and Messrs. Bullock and Potter following a termination of their respective employment by us. If, at any time following the date that is six months following the start of his respective employment with us, any of Dr. Shearman's, Mr. Bullock's or Mr. Potter's employment by us is terminated (i) by us without cause or (ii) by any of Dr. Shearman, Mr. Bullock or Mr. Potter, as applicable, following a sale of all or substantially all of our stock or assets, whether by merger, acquisition or otherwise, in which he is not offered a position with the successor entity with substantially equivalent responsibilities and with total compensation, benefits and severance rights at least equivalent to those he received from us immediately prior to such event, which we refer to as a change of control termination, the affected individual will receive:

in the case of Dr. Shearman,

an amount equal to six-months of his then-current base salary and earned bonus, if the termination occurs prior to the first anniversary of the commencement of his employment, or

an amount equal to nine-months of his then-current base salary and earned bonus, if the termination occurs on or after the first anniversary of the commencement of his employment; and

if the termination is a change of control termination, all of Dr. Shearman's outstanding unvested options will immediately vest and become exercisable; or

in the case of Mr. Bullock,

an amount equal to six-months of his then-current base salary and earned bonus, if the termination occurs prior to the first anniversary of the commencement of his employment, or

an amount equal to nine-months of his then-current base salary and earned bonus, if the termination occurs on or after the first anniversary of the commencement of his employment, or

an amount equal to twelve months of base salary and bonus, if the termination is a result of a change in control of AGTC and Mr. Bullock is not offered the position of chief financial officer of the acquiring company; or

in the case of Mr. Potter, an amount equal to six-months of his then-current base salary.

Additionally, in the event there is a change of control of AGTC and Mr. Bullock is not offered the position of chief financial officer of the acquiring company, then all of his then-outstanding options will fully vest upon the change of control and remain exercisable until the earlier of the second anniversary of the change of control and their scheduled expiration.

Policy Regarding Hedging

We have adopted a policy that prohibits our officers, directors or employees from entering into any short sale of our securities, buying or selling publicly traded options on our common stock or hedging their positions in our securities, including through the use of instruments such as prepaid variable forwards, equity swaps, collars or exchange funds.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who beneficially own more than ten percent of a registered class of our equity securities, to file reports of ownership of, and transactions in, our securities with the Securities and Exchange Commission. These directors, executive officers and ten-percent stockholders are also required to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms received by us, and on written representations from certain reporting persons, we believe that during fiscal year 2015 our directors, executive officers and ten-percent stockholders complied with all applicable Section 16(a) filing requirements, with the following exceptions:

Dr. Magovcevic-Liebisch filed one late Form 4 with respect to a grant of options on July 11, 2014; and

Dr. Chulay reported the exercise of options on November 13, 2014, January 29, 2015 and March 9, 2015 on a Form 5 filed on August 14, 2015.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Indemnification of Officers and Directors

Our certificate of incorporation provides that we will indemnify our directors and officers to the fullest extent permitted by Delaware law. In addition, we have entered into indemnification agreements with each of our directors that are broader in scope than the specific indemnification provisions contained in the Delaware General Corporation Law.

Policies and Procedures for Related Person Transactions

Our audit committee is responsible for reviewing and approving in advance any related person transactions. For the purposes of this policy, a related person transaction is any transaction between us or any of our subsidiaries and any (a) of our directors or executive officers, (b) nominee for election as a director, (c) person known to us to own more than five percent of any class of our voting securities, or (d) member of the immediate family of any such person, if the nature of such transaction is such that it would be required to be disclosed under Item 404 of Regulation S-K (or any similar successor provision).

In determining whether to approve a related person transaction, the audit committee will take into account, among other factors it deems appropriate, whether the related person transaction is on terms no less favorable than terms generally available to an unaffiliated third-person under the same or similar circumstances and the extent of the related person's interest in the transaction.

INFORMATION ABOUT OUR AUDIT COMMITTEE AND AUDITORS

Audit Committee Report

The primary role of our audit committee is to assist our Board of Directors in fulfilling its oversight responsibilities by reviewing the financial information proposed to be provided to stockholders and others, the adequacy of the system of internal control over financial reporting and disclosure controls and procedures established by management and the Board, and the audit process and the independent auditors' qualifications, independence and performance.

Management is responsible for establishing and maintaining the company's system of internal controls and for preparation of the company's financial statements. Our independent registered public accounting firm, McGladrey LLP, is responsible for performing an audit of our consolidated financial statements in accordance with generally accepted auditing standards and issuing an opinion on the financial statements. The audit committee has met and held discussions with management and our independent auditors, and has also met separately with our independent auditors, without management present, to review the adequacy of our internal controls, financial reporting practices and audit process.

The audit committee has reviewed and discussed our audited consolidated financial statements for the year ended June 30, 2015 with management and the independent auditors. As part of this review, the audit committee discussed with McGladrey LLP the communications required by generally accepted auditing standards, including those described in the Public Company Accounting Oversight Board's Statement on Auditing Standards No. 16, *Communication with Audit Committees*.

The audit committee has received from McGladrey LLP a written statement describing all relationships between that firm and Applied Genetic Technologies Corporation that might bear on the auditors' independence, consistent with Public Company Accounting Oversight Board Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*. The audit committee has discussed the written statement with the independent auditors, and has considered whether the independent auditors' provision of any consultation and other non-audit services to Applied Genetic Technologies Corporation is compatible with maintaining the auditors' independence.

Based on the above-mentioned reviews and discussions with management and the independent auditors, the audit committee recommended to the Board of Directors that Applied Genetic Technologies Corporation's audited financial statements be included in its Annual Report on Form 10-K for the year ended June 30, 2015 as filed with the Securities and Exchange Commission.
