(e) Stock Incentive Plan

On May 15, 2018, Curis, Inc. (the Company) held its 2018 Annual Meeting of Stockholders (the Annual Meeting), at which a quorum was present in person or by proxy.

At the Annual Meeting, the Company's stockholders approved the Company's Third Amended and Restated 2010 Stock Incentive Plan (the Third Amended and Restated 2010 Plan), which was adopted by the Board of Directors of the Company (the Board) on March 6, 2018, subject to stockholder approval.

The following summary of the Third Amended and Restated 2010 Plan does not purport to be complete and is qualified in its entirety by reference to the full text of the Third Amended and Restated 2010 Plan, which is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Number of Shares Available for Award

Up to 30,950,000 shares of the Company's common stock (subject to adjustment in the event of stock splits and other similar events) may be issued pursuant to awards granted under the Third Amended and Restated 2010 Plan.

The Third Amended and Restated 2010 Plan uses a fungible share concept under which each share of stock subject to awards granted as options and stock appreciation rights (SARs) causes one share per share under the award to be removed from the available share pool, while each share of stock subject to awards granted as restricted stock, restricted stock units, other stock-based awards or performance awards where the price charged for the award is less than 100% of the fair market value of the Company's common stock will cause 1.3 shares per share under the award to be removed from the available share pool. Shares covered by awards under the Third Amended and Restated 2010 Plan that are forfeited, cancelled or otherwise expire without having been exercised or settled, or that are settled by cash or other non-share consideration, become available for issuance pursuant to a new award and will be credited back to the pool at the same rates described above. Shares that are tendered or withheld to pay the exercise price of an award or to satisfy tax withholding obligations are not available for issuance pursuant to new awards. Shares are subtracted for exercises of SARs using the proportion of the total SAR that is exercised, rather than the number of shares actually issued. Shares repurchased by the Company on the open market using proceeds from the exercise of an award will not increase the number of shares available for future grant of awards.

Types of Awards

The Third Amended and Restated 2010 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986 (the "Code"), non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units, other stock-based awards, and cash-based awards as described below.

Incentive Stock Options and Non-statutory Stock Options. Optionees receive the right to purchase a specified number of shares of common stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Options may be granted only with an exercise price that is equal to or greater than the fair market value of the common stock on the date of grant, provided that if the Company's board approves the grant of an option effective as of a future date, the exercise price may be not less than 100% of the fair market value on such future date. Under present law, incentive stock options granted to optionees holding more than 10% of the voting power of the Company may not have an exercise price that is less than 110% of the fair market on the date of grant. No option will provide for the payment or accrual of dividend equivalents. Options may not be granted for a term in excess of ten years (five years in the case of incentive stock options granted to optionees holding more than 10% of the voting power of the Company). The Third Amended and Restated 2010 Plan permits the following forms of payment of the exercise price of options:

cash or check;

subject to certain conditions, delivery of an irrevocable and unconditional undertaking by a creditworthy broker to deliver promptly to the Company sufficient funds to pay the exercise price and any required tax withholding or delivery by the participant to the Company of a copy of irrevocable and unconditional instructions to a creditworthy broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price and any required tax withholding;

subject to certain conditions, delivery of shares of common stock owned by the participant valued at their fair market value;

to the extent provided for in the applicable non-statutory stock option agreement or approved by the Board in its sole discretion, by delivery of a notice of net exercise to the Company;

any other lawful means; or

any combination of these forms of payment.

Stock Appreciation Rights. A SAR is an award entitling the holder, upon exercise, to receive an amount in common stock or cash or a combination thereof determined by reference to appreciation, from and after the date of grant, in the fair market value of a share of common stock over the measurement price specified in the applicable SAR agreement. The measurement price

may not be less than 100% of the fair market value on the date the SAR is granted; provided that if the Board approves the grant of a SAR effective as of a future date, the measurement price may be not less than 100% of the fair market value on such future date. No SAR will provide for the payment or accrual of dividend equivalents. SARs may not be granted for a term in excess of 10 years. SARs may be granted independently or in tandem with an option. No SAR shall provide for the payment or accrual of dividend equivalents.

Restricted Stock Awards. Awards of restricted stock entitle recipients to acquire shares of common stock, subject to the Company's right to repurchase all or part of such shares from the recipient in the event that the conditions specified in the applicable award are not satisfied prior to the end of the applicable restriction period established for such award. Any dividends declared and paid by the Company with respect to shares of restricted stock will be paid to the participant only if and when such shares become free from the restrictions on transferability and forfeitability that apply to such shares.

Restricted Stock Unit Awards. Restricted stock unit awards entitle the recipient to receive shares of common stock to be delivered at the time such shares vest (or on a deferred basis) pursuant to the terms and conditions established by the Board. To the extent a restricted stock unit award provides the recipient with the right to receive an amount equal to any dividends or other distributions declared and paid on an equal number of outstanding shares of common stock (referred to as dividend equivalents), the Third Amended and Restated 2010 Plan provides that such dividend equivalents must be subject to the same restrictions on transfer and forfeitability as the restricted stock units with respect to which such dividend equivalents are awarded.

Other Stock-Based Awards. Under the Third Amended and Restated 2010 Plan, the Board has the right to grant other awards based upon the common stock having such terms and conditions as the Board may determine, including the grant of shares based upon certain conditions, the grant of awards that are valued in whole or in part by reference to, or otherwise based on, shares of common stock, and the grant of awards entitling recipients to receive shares of common stock to be delivered in the future. The Board may also grant performance awards or cash-based awards. Any dividends or dividend equivalents with respect to other stock-based awards, cash-based awards, or performance awards must be subject to the same restrictions on transfer and forfeitability as the award with respect to which such dividend equivalents are awarded.

Performance Conditions. The compensation committee may determine, at the time of grant, that an award of restricted stock, a restricted stock unit award, or other stock-based award granted to an officer will vest solely upon the achievement of specified performance criteria. Performance awards can also provide for cash payments of up to \$1,000,000 per calendar year per individual. The performance criteria for each such award will be based on one or more of the following measures:

the entry into an arrangement or agreement with a third party for the development, commercialization, marketing or distribution of products, services or technologies, or for conducting a research program to discover and develop a product, service or technology, and/or the achievement of milestones under such arrangement or agreement, including events that trigger an obligation or payment right;

the achievement of domestic and international regulatory milestones, including the submission of filings required to advance products, services and technologies in clinical development and the achievement of approvals by regulatory authorities relating to the commercialization of products, services and technologies;

the achievement of discovery, preclinical and clinical stage scientific objectives, discoveries or inventions for products, services and technologies under research and development;

the entry into or completion of a phase of clinical development for any product, service or technology, such as the entry into or completion of phase 1, 2 and/or 3 clinical trials;

the consummation of debt or equity financing transactions, or acquisitions of business, technologies and assets;

new product or service releases;

the achievement of qualitative or quantitative performance measures set forth in operating plans approved by the Board from time to time;

specified levels of product sales, net income, earnings before or after discontinued operations, interest, taxes, depreciation and/or amortization, operating profit before or after discontinued operations and/or taxes, sales, sales growth, earnings growth, cash flow or cash position, gross margins, stock price, market share, return on sales, assets, equity or investment, improvement of financial ratings, and

achievement of balance sheet or income statement objectives or total stockholder return.

Such goals may reflect absolute entity or business unit performance or a relative comparison to the performance peer group of entities or other external measures of the selected performance criteria and may be absolute in their terms or measured against, or in relationship to, other companies comparably, similarly or alternatively situated. Such performance goals may be adjusted to exclude any one or more of:

extraordinary items;

gains or losses on the dispositions of discontinued operations;

the cumulative effects of changes in accounting principles;

the writedown of any asset; and

charges for restructuring and rationalization programs.

Such performance goals may vary by participant and may be different for different awards; may be particular to a participant or the department, branch, line of business, subsidiary or other unit in which the participant works and may cover such period as may be specified by the

compensation committee; and, to the extent the award was intended to qualify as performance-based compensation under Section 162(m) of the Code, are set by the compensation committee within the time period prescribed by, and will otherwise comply with the requirements of, Section 162(m). To the extent the performance awards were intended to qualify as performance-based compensation under Section 162(m) of the Code, the compensation committee may adjust downwards, but not upwards, the cash or number of shares payable pursuant to such award, and may not waive the achievement of the applicable performance measures except in the case of the participant's death or disability or a change in control. The Company believes that disclosure of any further details concerning the performance measures for any particular year may be confidential commercial or business information, the disclosure of which would adversely affect the Company.

Though the Third Amended and Restated 2010 Plan retains provisions that relate to Section 162(m) of the Code, these provisions are, in large part, no longer relevant due to elimination of the performance-based compensation exception to the deduction limitation of Section 162(m) pursuant to tax legislation enacted in 2017 commonly known as the Tax Cuts and Jobs Act. Under the Third Amended and Restated 2010 Plan, the Board may, however, continue to make awards of restricted stock, restricted stock units, or other stock-based awards that will vest solely upon the achievement of specified performance criteria that are not intended to qualify for deduction under Section 162(m). Any such awards may be based on the performance criteria described above or other performance measures, may be subject to the adjustments described above or other adjustments, and may be set at the time, in each case, as the Board may determine.

Transferability of Awards

Except as the Board may otherwise determine or provide in an award, awards may not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an incentive stock option, pursuant to a qualified domestic relations order. During the life of the participant, awards are exercisable only by the participant.

Eligibility to Receive Awards

The Company's employees, officers and directors, as well as consultants and advisors to the Company are eligible to be granted awards under the Third Amended and Restated 2010 Plan. Under present law, however, incentive stock options may only be granted to the Company's employees or those of the Company's present or future parent or subsidiary corporations.

The maximum number of shares with respect to which awards may be granted to any participant under the Third Amended and Restated 2010 Plan may not exceed 6,000,000 shares per calendar year. For purposes of this limit, the combination of an option in tandem with a SAR is treated as a single award and each share of common stock subject to an award (including each share of common stock subject to an award of restricted stock, a restricted stock unit award, other stock-based award or performance award) shall be treated as one share.

The Third Amended and Restated 2010 Plan limits to \$400,000 the aggregate compensation that the Company can pay per calendar year to each individual non-employee director of the Company, inclusive of cash compensation and the fair market value (determined for financial reporting purposes) of any equity awards.

Minimum Vesting Provisions

The Third Amended and Restated 2010 Plan requires that all awards granted to all participants in the plan on or after May 15, 2018 have a minimum vesting period, whether by passage of time or achievement of performance metrics, of at least one year, unless the award is granted in lieu of salary, bonus or other compensation earned by the participant, provided that up to 5% of the maximum number of authorized shares available for issuance under the plan may be granted without regard to the minimum vesting provisions.

Administration

The Third Amended and Restated 2010 Plan is administered by the Board. The Board has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the Third Amended and Restated 2010 Plan and to interpret the provisions of the Third Amended and Restated 2010 Plan. The Board may construe and interpret the terms of the Third Amended and Restated 2010 Plan and any award agreements entered into under the Third Amended and Restated 2010 Plan. Pursuant to the terms of the Third Amended and Restated 2010 Plan, the Board may, subject to certain limitations, delegate authority under the Third Amended and Restated 2010 Plan to one or more committees or subcommittees of the Board. Discretionary awards to non-employee directors may be granted and administered only by the Board or a committee, all of the members of which are independent directors as defined by Section 5605(a)(2) of the Nasdaq Stock Market Marketplace Rules. Subject to certain limitations, the Board may delegate to one or more officers the power to grant awards and to exercise such other powers under the Third Amended and Restated 2010 Plan as the Board may determine.

Subject to any applicable limitations contained in the Third Amended and Restated 2010 Plan, the Board or any committee to whom the Board delegates authority, as the case may be, selects the recipients of awards and determines (i) the number of shares of common stock covered by options and the dates upon which such options become exercisable, (ii) the exercise price of options (which may not be less than 100% of fair market value of the common stock), (iii) the duration of options (which may not exceed 10 years), and (iv) the number of shares of common stock subject to any SAR, awards of restricted stock, restricted stock unit award or other stock-based awards and the terms and conditions of such awards, including conditions for repurchase, issue price and repurchase price.

Adjustments for Changes in Common Stock and Certain Other Events

The Board is required to make appropriate adjustments in connection with the Third Amended and Restated 2010 Plan and any outstanding awards to reflect stock splits, stock dividends, recapitalizations, spin-offs and other similar changes in capitalization. The Third Amended and Restated 2010 Plan also contains provisions addressing the consequences of any Reorganization Event, which is defined as:

any merger or consolidation of the Company with or into another entity as a result of which all of the Company's common stock is converted into or exchanged for the right to receive cash, securities or other property, or is cancelled;

other transaction; or

the Company's liquidation or dissolution.

In connection with a Reorganization Event, the Board or the compensation committee may take any one or more of the following actions as to all or any outstanding awards (other than restricted stock) on such terms as the Board or compensation committee determines:

provide that awards will be assumed, or substantially equivalent awards will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof);

upon written notice, provide that all unexercised stock options or other unexercised awards will become exercisable in full and will terminate immediately prior to the consummation of such Reorganization Event unless exercised within a specified period following the date of such notice;

provide that outstanding awards will become realizable or deliverable, or restrictions applicable to an award will lapse, in whole or in part prior to or upon such Reorganization Event;

in the event of a Reorganization Event under the terms of which holders of the Company's common stock will receive, upon consummation thereof, a cash payment for each share surrendered in the Reorganization Event (the "Acquisition Price"), make or provide for a cash payment to an award holder equal to (i) the Acquisition Price times the number of shares of the Company's common stock subject to the holder's awards (to the extent the exercise price does not exceed the Acquisition Price) minus (ii) the aggregate exercise price of all the holder's outstanding awards, in exchange for the termination of such awards;

provide that, in connection with a liquidation or dissolution of the Company, awards will convert into the right to receive liquidation proceeds (if applicable, net of the exercise price thereof); and

any combination of the foregoing.

Upon the occurrence of a Reorganization Event other than a liquidation or dissolution, the Company's repurchase and other rights with respect to outstanding restricted stock shall inure to the benefit of the Company's successor and shall, unless the Board determines otherwise, apply to the cash, securities or other property which the common stock was converted into or exchanged for pursuant to such Reorganization Event in the same manner and to the same extent as they applied to such restricted stock; provided, however, that the Board may provide for termination or deemed satisfaction of such repurchase or other rights under the instrument evidencing any restricted stock or any other agreement between the Company and a Third Amended and Restated 2010 Plan participant, either initially or by amendment. Upon the occurrence of a Reorganization Event involving a liquidation or dissolution, except to the extent specifically provided to the contrary in the instrument evidencing any restricted stock, all restrictions and conditions on all restricted stock then outstanding shall automatically be deemed terminated or satisfied.

Unless otherwise provided for in the instrument evidencing any stock option or any other agreement between the Company and a Third Amended and Restated 2010 Plan participant, effective immediately prior to a Change in Control Event (as this term is defined in the Third Amended and Restated 2010 Plan), the vesting schedule of all options and awards of restricted stock then outstanding shall be accelerated in part so that one-half of the number of shares that would otherwise have first become vested and/or free from restrictions and conditions on any date after the date of the Change in Control Event shall immediately become exercisable. The remaining one-half of such number of shares shall continue to become vested in accordance with the original vesting schedule set forth in such option or award of restricted stock, with one-half of the number of shares that would otherwise have become vested and/or free from restrictions and conditions on each subsequent vesting date in accordance with the original schedule becoming vested on each such subsequent vesting date; provided, however, that each such option and award of restricted stock shall be immediately exercisable in full and/or free from restrictions and conditions if, on or prior to the first anniversary of the date of the consummation of the Change in Control Event, the participant's employment with the Company or the Acquiring Corporation (as this term is defined in the Third Amended and Restated 2010 Plan) is terminated for Good Reason (as this term is defined in the Third Amended and Restated 2010 Plan) by the participant or is terminated without Cause (as this term is defined in the Third Amended and Restated 2010 Plan) by the Company or the Acquiring Corporation.

The Board may specify in an award at the time of grant the effect of a Change in Control Event on a SAR or other stock-based award.

Except as described above, the Board or the compensation committee may at any time after the grant date provide that any award will become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be. However, if any participant terminates his or her employment with the Company due to the participant's death or disability, all awards held by the participant will automatically become fully vested, exercisable, or realizable.

If any award expires or is terminated, surrendered, canceled or forfeited, the unused shares of the Company's common stock covered by such award will again be available for grant under the Third Amended and Restated 2010 Plan, subject, in the case of incentive stock options, to any limitations under the Code.

Substitute Awards

In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant awards in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute awards may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on awards contained in the Third Amended and Restated 2010 Plan. Substitute awards will not count against the overall share limit or any sublimits under the Third Amended and Restated 2010 Plan, except as may be required by the Code.

Restrictions on Repricing

Unless the Company's stockholders approve such action (or it is appropriate under a change in capitalization, a reorganization event, or a Change in Control Event), the Third Amended and Restated 2010 Plan provides that the Company may not:

amend any outstanding stock option or SAR granted under the Third Amended and Restated 2010 Plan to provide an exercise price per share that is lower than the then-current exercise or measurement price per share of such outstanding award;

cancel any outstanding option or SAR (whether or not granted under the Third Amended and Restated 2010 Plan) and grant in substitution therefor new awards under the Third Amended and Restated 2010 Plan (other than as substitute awards as described above) covering the same or a different number of shares of common stock and having an exercise or measurement price per share lower than the then-current exercise or measurement price per share of the cancelled award;

cancel for cash any options or SARs that then have exercise or measurement prices per share above the fair market value of the Company's common stock; or

take any other action that constitutes a repricing within the meaning of the rules of the Nasdaq Stock Market.

Provisions for Foreign Participants

The Board or the compensation committee may modify awards granted to participants who are foreign nationals or employed outside the United States, or establish subplans or procedures under the Third Amended and Restated 2010 Plan to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters.

Amendment or Termination

No Award may be made under the Third Amended and Restated 2010 Plan after May 14, 2028 but awards previously granted may extend beyond that date. The Board may at any time amend, suspend or terminate the Third Amended and Restated 2010 Plan; provided that, to the extent determined by the Board, no amendment requiring stockholder approval under any applicable legal, regulatory or listing requirement, including amendments with regard to the prohibition on repricing or the minimum vesting provisions, will become effective until such stockholder approval is obtained.

Subject to certain limitations, the Board may amend, modify or terminate any outstanding award, including but not limited to, substituting therefor another award of the same or a different type, changing the date of exercise or realization, and converting an incentive stock option to a non-statutory stock option.

Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

At the Annual Meeting, the Company's stockholders approved an amendment to the Company's Restated Certificate of Incorporation (the "Certificate of Amendment") to increase the number of authorized shares of the Company's common stock, \$0.01 par value per share, from 225,000,000 shares to 337,500,000 shares. The additional common stock authorized by the Certificate of Amendment has rights identical to the Company's currently outstanding common stock. The Company filed the Certificate of Amendment, which was effective upon filing, with the Secretary of State of the State of Delaware on May 15, 2018.

The summary of the Certificate of Amendment does not purport to be complete and is qualified in its entirety by reference to the full text of the Certificate of Amendment, a copy of which is attached hereto as Exhibit 3.1 and is incorporated herein by reference.

Item 5.07. Submission of Matters to a Vote of Security Holders.
