Item 8.01 Other Events

Settlement of Certain Litigation Relating to the Merger

On or about February 1, 2019, a purported individual shareholder of Idaho Independent Bank (**IIBK**) filed a lawsuit in the Court for the Fourth Judicial District of the State of Idaho, Ada County (the **Court**), under the caption *Parshall v. Idaho Independent Bank, et. al.*, Case No. CV01-19-02475 (the **Action**). The complaint, which was filed as a putative class action and derivative action on behalf of the individual plaintiff and the public shareholders of IIBK, alleges that the proxy statement/prospectus (the **Proxy Statement/Prospectus**) forming a part of the Form S-4 Registration Statement filed by First Interstate BancSystem, Inc. (**First Interstate**) in connection with the proposed merger of IIBK with First Interstate Bank, the wholly-owned subsidiary of First Interstate, does not contain certain information alleged to be material to the IIBK shareholders concerning the proposed merger. The complaint asserts claims against IIBK's directors for breach of fiduciary duty, and against First Interstate for aiding and abetting the alleged breach of fiduciary duty. The complaint seeks, among other things, injunctive relief against consummation of the merger and additional, allegedly corrective disclosures as well as unspecified attorneys' and expert fees.

Solely to avoid the costs, risks, nuisance and uncertainties inherent in litigation and to allow the IIBK shareholders to vote on the proposals required in connection with the proposed merger with First Interstate Bank at the IIBK special meeting of shareholders to be held on March 27, 2019 (the **Special Meeting**), IIBK hereby supplements the disclosures contained in the Proxy Statement/Prospectus (the **Additional Disclosures**). The Additional Disclosures are set forth below and should be read in conjunction with the Proxy Statement/Prospectus.

In light of the Additional Disclosures, the plaintiff has agreed to dismiss the Action with prejudice as to his individual claims and without prejudice to the claims of the members of the putative class. In dismissing the Action, plaintiff has reserved the right to seek an award of attorneys' fees from the Court.

The agreement to make the Additional Disclosures will not affect the merger consideration to be paid to IIBK's shareholders or the timing of the Special Meeting.

IIBK and the other defendants, including First Interstate, vigorously deny that the Proxy Statement/Prospectus is deficient in any respect and that the Additional Disclosures are material or required. IIBK and First Interstate believe that the claims asserted in the Action are without merit, and that the Additional Disclosures do not provide information required by the federal securities laws or Idaho law or that is material to the decision of the IIBK shareholders as to how to vote their shares at the Special Meeting. As noted above, the Additional Disclosures are being made solely to eliminate the burden, expense, and nuisance of further litigation, and to avoid any possible delay to the closing of the merger that might arise from further litigation. Nothing in this document shall be deemed an admission of the legal necessity or materiality under any applicable laws for any of the disclosures set forth herein.

SUPPLEMENT TO PROXY STATEMENT/PROSPECTUS
