QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the Annual Report, as well as the enclosed proxy card, because our Board is soliciting your proxy to vote at the Annual Meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. The Annual Meeting will be held on Tuesday, August 11, 2015, at 11:00 a.m. (Eastern time) at the offices of Sullivan & Worcester LLP, 1633 Broadway, New York, NY 10019. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

Website addresses included in this proxy statement are textual references only, and the information in any website is not incorporated by reference into this proxy statement.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on June 29, 2015, will be entitled to vote at the Annual Meeting.

Stockholder of Record: Shares Registered in Your Name

If on June 29, 2015, your shares were registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Similar Organization

If on June 29, 2015, your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account or its agent is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

The matters scheduled for a vote at the Annual Meeting are:

the re-election of six directors of the Company to hold office until our next annual meeting of stockholders and until their respective successors shall be elected and qualified or until their earlier resignation or removal; and

the ratification of the appointment of Kesselman & Kesselman, certified public accountants in Israel, a member of PricewaterhouseCoopers International Limited (the “Independent Auditors”), as the independent registered public accounting firm of the Company for the 2015 fiscal year.

Our Board unanimously recommends that you vote FOR both of the above proposals.

How do I vote?

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person if you have already voted by proxy.

To vote in person, come to the Annual Meeting, where a ballot will be made available to you. Directions to attend the Annual Meeting where you may vote in person can be found at:

<http://www.oramed.com/investors/governance-documents/annual-shareholder-meeting>.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us no less than 24 hours before the Annual Meeting, we will vote your shares as you direct. The chairman of the Annual Meeting may, at his or her discretion, decide to accept proxy cards even if received less than 24 hours before the Annual Meeting.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Similar Organization

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker, bank, or other agent, provided that your broker, bank, or other agent makes telephone or Internet voting available. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker, bank, or other agent included with these proxy materials, or contact your broker, bank, or other agent to request a proxy form.

How many votes do I have?

You have one vote for each share of common stock you own as of the close of business on June 29, 2015.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted “FOR” with respect to Proposals 1 and 2. If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

If your shares are held by your broker as your nominee (that is, in “street name”), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to “discretionary” items, but not with respect to “non-discretionary” items. Discretionary items are proposals considered “routine” under applicable rules on which your broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as “broker non-votes.” Proposal 2 at the Annual Meeting is considered a discretionary item.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date;

You may send a written notice that you are revoking your proxy to our Secretary at Hi-Tech Park 2/4 Givat Ram, PO Box 39098, Jerusalem, 91390, Israel; or

You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank, or other agent, you should follow the instructions provided by your broker, bank, or other agent.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count “For,” “Against” and “Abstain” with respect to Proposals 1 and 2.

How many votes are needed to approve each proposal?

The approval of Proposals 1 and 2 require the vote of a majority of the number of shares of common stock present, in person or represented by proxy at the Annual Meeting and entitled to vote thereat. Other than for the purpose of establishing a quorum, as discussed in the following paragraph, broker non-votes will not be counted as entitled to be voted and will therefore not affect the outcome of the matters to be voted thereon, while abstentions will have the same effect as a vote against such matters.

What is the quorum requirement?

The holders of at least one third (1/3) of the common stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at the Annual Meeting for the transaction of business. As of June 29, 2015, there were 11,550,846 shares of common stock outstanding and entitled to vote. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank, or other agent) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the stockholders entitled to vote thereat, present in person or by proxy, have the power to adjourn the Annual Meeting, without notice other than announcement at the Annual Meeting. At such adjourned Annual Meeting at which the requisite amount of voting stock shall be represented, any business may be transacted which might have been transacted at the Annual Meeting as originally notified.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be reported in a current report on Form 8-K filed with the Securities and Exchange Commission (the "SEC") within four business days after the Annual Meeting.

Inclusion of shares in the table does not, however, constitute an admission that the named stockholder is a direct or indirect beneficial owner of those shares. Unless otherwise indicated, (1) each person or entity named in the table has sole voting power and investment power (or shares that power with that person's

Other than Dr. Berelowitz, none of the independent directors has any relationship with us besides serving on our Board. We have entered into an agreement with Dr. Berelowitz pursuant to which we pay him certain fees as compensation for serving as Chairman of our Scientific Advisory Board. See “Compensation Of Executive Officers and Directors-Director Compensation” for certain information about Dr. Berelowitz.

We have determined that each of the directors is qualified to serve as a director of the Company based on a review of the experience, qualifications, attributes and skills of each director. In reaching this determination, we have considered a variety of criteria, including, among other things: character and integrity; ability to review critically, evaluate, question and discuss information provided, to exercise effective business judgment and to interact effectively with the other directors; and willingness and ability to commit the time necessary to perform the duties of a director.

Board Meeting Attendance

During Fiscal 2014, our Board held nine meetings and took actions by written consent on two occasions. No director attended fewer than 75% of the aggregate of: (1) the total number of meetings of the Board (during the period for which such director served as a director) and (2) the total number of meetings held by all committees of the Board on which such director served (during the period for which such director served on such committees). Board members are encouraged to attend our annual meetings of stockholders. At the annual meeting of stockholders held on July 23, 2014, five Board members were present.

Committees

Audit Committee and Audit Committee Financial Expert

The members of our Audit Committee are Leonard Sank, Harold Jacob and Gerald Ostrov. Our Board has determined that Gerald Ostrov is an “audit committee financial expert” as set forth in Item 407(d)(5) of Regulation S-K and that all members of the Audit Committee are “independent” as defined by the rules of the SEC and the Nasdaq rules and regulations. The Audit Committee operates under a written charter that is posted on the “Investors” section of our website, www.oramed.com. The primary responsibilities of our Audit Committee include:

Appointing, compensating and retaining our registered independent public accounting firm;

Overseeing the work performed by any outside accounting firm;

Assisting the Board in fulfilling its responsibilities by reviewing: (i) the financial reports provided by us to the SEC, our stockholders or to the general public, and (ii) our internal financial and accounting controls; and

Recommending, establishing and monitoring procedures designed to improve the quality and reliability of the disclosure of our financial condition and results of operations.

Our Audit Committee met four times and acted by written consent two times during Fiscal 2014.

Compensation Committee

The members of our Compensation Committee are Leonard Sank, Michael Berelowitz and Gerald Ostrov. The Board has determined that all of the members of the Compensation Committee are “independent” as defined by the rules of the SEC and Nasdaq rules and regulations. The Compensation Committee operates under a written charter that is posted on the “Investors” section of our website, www.oramed.com. The primary responsibilities of our Compensation Committee include:

Reviewing, negotiating and approving, or recommending for approval by our Board of the salaries and incentive compensation of our executive officers;

Administering our equity based plans and making recommendations to our Board with respect to our incentive-compensation plans and equity-based plans; and

Periodically reviewing and making recommendations to our Board with respect to director compensation.

The Compensation Committee meets as often as it deems necessary, without the presence of any executive officer when approving compensation, except that the Company's Chief Executive Officer, at the discretion of the Compensation Committee, may be present during the approval of, or deliberations with respect to, other executive officer compensation. The Compensation Committee may delegate any authority granted to it to one or more subcommittees of the Compensation Committee, in its sole discretion.

Our Compensation Committee met three times and acted by written consent one time during Fiscal 2014.

Compensation Committee Interlocks and Insider Participation

During Fiscal 2014, Mr. Sank, Dr. Berelowitz and Mr. Ostrov served as the members of our Compensation Committee. None of the members of our Compensation Committee is, or has been, an officer or employee of ours.

During the last year, none of our Named Executive Officers served as: (1) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the compensation committee; (2) a director of another entity, one of whose executive officers served on the compensation committee; or (3) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as a director on our Board.

Director Nominations

The Board has not established a nominating committee, nor does it have any charter governing the nomination process. The Board has not established a nominating committee or adopted a charter governing the nomination process because it believes that the Board, of which four of its six members are independent directors, with broad business experience, has the sufficient knowledge to fulfill the functions typically delegated to such committee.

All nominees to the Board are selected and recommended to the Board by a majority of independent directors of the Company. In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our independent directors will apply criteria including the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. No particular criteria will be a prerequisite or will be assigned a specific weight, nor do we have a diversity policy. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

The Company has never received communications from stockholders nominating individuals for appointment to our Board. Therefore we do not yet have a policy with regard to the consideration of any director candidates recommended by stockholders. In Fiscal 2014, we did not pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential nominees for our Board. All of the nominees for election at the Annual Meeting are current members of our Board.

Code of Ethics

We have adopted a Code of Ethics and Business Conduct for our senior officers, directors and employees. Our Code of Ethics and Business Conduct is posted on the "Investors" section of our website, www.oramed.com. A printed copy of our Code of Ethics and Business Conduct is also available free of charge to any stockholder who requests a copy. We intend to disclose any amendment to or waiver of a provision of the Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on our website and/or in our public filings with the SEC.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon a review of Forms 3, 4 and 5, and amendments thereto, furnished to us during Fiscal 2014, we believe that during Fiscal 2014, our executive officers, directors and all persons who own more than ten percent of a registered class of our equity securities complied with all Section 16(a) filing requirements, except as follows:

Harold Jacob, a director, failed to timely file a Form 4 reporting his April 14, 2014 acquisition of 700 shares of our common stock. Mr. Jacob filed a Form 4 reporting this transaction on April 18, 2014.

Harold Jacob also failed to timely file a Form 4 reporting a sale of an aggregate of 834 shares of our common stock on December 30, 2013. Mr. Jacob filed a Form 4 reporting this transaction on January 29, 2014.

Board Leadership Structure and Role in Risk Oversight

Mr. Nadav Kidron serves as our President, Chief Executive Officer and on our Board. None of our independent directors serves as the lead independent director. We believe that this leadership structure is appropriate to our Company given the current size and operations of the Company.

Our Board's, including our Audit and Compensation Committees', as appropriate, role in risk oversight includes risk analysis and assessment in connection with each financial and business review, update and decision-making proposal and is an integral part of all Board deliberations. Each of our Board Committees is focused on specific risks within their areas of responsibility, but the Board believes that the overall enterprise risk management process is more properly overseen by all of the members of the Board. The Audit Committee is responsible for overseeing the management of financial and accounting risks. The Compensation Committee is responsible for overseeing the management of risks relating to executive compensation plans and arrangements. While each Committee is responsible for the evaluation and management of such risks, the entire Board is regularly informed through Committee reports. The Board incorporates the insight provided by these reports into its overall risk management analysis.

The Board's role in our risk oversight is consistent with our leadership structure, with our President and Chief Executive Officer and other members of senior management having responsibility for assessing and managing our risk exposure, and the Board providing oversight in connection with those efforts.

Stockholder Communications

Although we have not adopted a formal process for stockholder communications with our Board, we believe stockholders should have the ability to communicate directly with the Board so that their views can be heard by the Board or individual directors, as applicable, and that appropriate and timely responses are provided to stockholders. All communications regarding general matters should be directed to the Secretary of the Company at the address below and should prominently indicate on the outside of the envelope that it is intended for the complete Board or for any particular director(s). If no designation is made, the communication will be forwarded to the entire Board. Stockholder communications to the Board should be sent to:

REPORT OF THE AUDIT COMMITTEE

In the course of our oversight of the Company’s financial reporting process, we have: (1) reviewed and discussed with management the audited financial statements for Fiscal 2014; (2) discussed with the Independent Auditors the matters required to be discussed by the statement on Auditing Standards No. 16 of the Public Company Accounting Oversight Board; (3) received the written disclosures and the letter from the Independent Auditors required by applicable requirements of the standards of the Public Company Accounting Oversight Board regarding the Independent Auditors’ communications with the Audit Committee concerning independence and discussed with the Independent Auditors the Independent Auditors’ independence; and (4) considered whether the provision of nonaudit services by the Independent Auditors is compatible with maintaining its independence and concluded that it is compatible at this time.

Based on the foregoing review and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report for filing with the SEC.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

This section explains the policies and decisions that shape our executive compensation program, including its specific objectives and elements, as it relates to our Named Executive Officers. Our Named Executive Officers for Fiscal 2014 are those four individuals listed in the "Summary Compensation Table" below. The Compensation Committee believes that our executive compensation is appropriately designed to incentivize our named executive officers to work for our long-term prosperity, is reasonable in comparison with the levels of compensation provided by comparable companies, and reflects a reasonable cost. We believe our named executive officers are critical to the achievement of our corporate goals, through which we can drive stockholder value.

The Compensation Committee of our Board is comprised solely of independent directors as defined by NASDAQ and non-employee directors as defined by Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Compensation Committee has the authority and responsibility to review and approve the compensation of our Chief Executive Officer ("CEO"), and other executive officers. Other information concerning the structure, roles and responsibilities of our Compensation Committee is set forth in "Committees-Compensation Committee".

Our executive compensation program and our Named Executive Officers' compensation packages are designed around the following objectives:

attract, hire, and retain talented and experienced executives;

motivate, reward and retain executives whose knowledge, skills and performance are critical to our success;

focus executive behavior on achievement of our corporate objectives and strategy; and

align the interests of management and stockholders by providing management with longer-term incentives through equity ownership.

The Compensation Committee reviews the allocation of compensation components regularly to ensure alignment with strategic and operating goals, competitive market practices and legislative changes. The Compensation Committee does not apply a specific formula to determine the allocation between cash and non-cash forms of compensation.

Certain compensation components, such as base salaries, benefits and perquisites, are intended primarily to attract, hire, and retain well-qualified executives. Other compensation elements, such as long-term incentive opportunities, are designed to motivate and reward performance. Long-term incentives are intended to reward Named Executive Officers for our long-term performance and executing our business strategy, and to strongly align Named Executive Officers' interests with those of stockholders.

With respect to equity compensation, the Compensation Committee makes awards to executives under our Amended and Restated 2008 Stock Incentive Plan, or 2008 Plan. Executive compensation is paid or granted based on such matters as the Compensation Committee deems appropriate, including our financial and operating performance and the alignment of the interests of the executive officers and our stockholders.

Elements of Compensation

Our executive officer compensation program is comprised of: (1) base salary or monthly compensation; (2) discretionary bonus; (3) long-term equity incentive compensation in the form of stock option and RSU grants; and (4) benefits and perquisites.

In establishing overall executive compensation levels and making specific compensation decisions for our Named Executive Officers in Fiscal 2014, the Compensation Committee considered a number of criteria, including the executive's position, scope of responsibilities, prior base salary and annual incentive awards and expected contribution.

Generally, our Compensation Committee reviews and, as appropriate, approves compensation arrangements for the Named Executive Officers from time to time but not less than once a year. The Compensation Committee also takes into consideration the CEO's recommendations for executive compensation of the other three Named Executive Officers. The CEO generally presents these recommendations at the time of our Compensation Committee's review of executive compensation arrangements.

Base Salary

The Compensation Committee performs a review of base salaries and monthly compensation for our Named Executive Officers from time to time as appropriate. In determining salaries, the Compensation Committee members also take into consideration independent third party market data, such as compensation surveys to industry, individual experience and performance and contribution to our clinical, regulatory, commercial and operational performance. None of the factors above has a dominant weight in determining the compensation of our named executive officers, and our Compensation Committee considers the factors as a whole when considering such compensation. In addition, our Compensation Committee uses comparative data regarding compensation paid by peer companies in order to obtain a general understanding of current trends in compensation practices and ranges of amounts being awarded by other public companies, and not as part of an analysis or a formula.

In each of Fiscal 2014 and the fiscal year ended August 31, 2013 ("Fiscal 2013"), we conducted an analysis of salaries and monthly compensation received by our Named Executive Officers' respective counterparts in companies in the biotechnology industry and other comparable companies in Israel and outside of Israel. During Fiscal 2014, the Compensation Committee received consulting services from Brightman Almagor Zohar & Co., a member firm of Deloitte Touche Tohmatsu Limited with regard to management compensation. The Committee engaged the consultant solely to collect and analyze data regarding management compensation at other companies comparable to the Company. The consultant collected data from companies in the biomed sector that are publicly traded on The NASDAQ Stock Market, in the biomed sector and having similar (within 50%) market cap, total assets, total revenue, net income, and/or location of operations (in Israel) to the Company. The comparable companies that were chosen by the consultants were Amicus Therapeutics, Inc.; Columbia Laboratories Inc.; Enxo Biochem, Inc.; Navidea Biopharmaceuticals Inc.; Pluristem Therapeutics Inc.; Rexhan Pharmaceuticals, Inc.; Sorrento Therapeutics, Inc.; Stemline Therapeutics, Inc.; and Synergy Pharmaceuticals Inc. The Committee looked at the fixed and variable compensation of each of the comparable Named Executive Officers and for directors.

We believe that a competitive base salary and monthly compensation is a necessary element of any compensation program that is designed to attract and retain talented and experienced executives. We also believe that attractive base salaries can motivate and reward executives for their overall performance. Base salary and monthly compensation are established in part based on the individual experience, skills and expected contributions to our performance, as well as such executive's performance during the prior year. Compensation adjustments are made occasionally based on changes in an executive's level of responsibility, company progress or on changed local and specific executive employment market conditions.

In Fiscal 2013, we increased the base salary of Nadav Kidron, our CEO, Miriam Kidron, our Chief Medical and Technology Officer, and Yifat Zommer, our Chief Financial Officer and recruited Joshua Hexter to serve as our the Chief Operating Officer. In Fiscal 2014 our Named Executive Officers' salaries and monthly compensation did not change from the previous year as we believe they fell within the range of salaries received by our Named Executive Officers' respective counterparts in companies in the biotechnology industry and other comparable companies in Israel.

Performance Based Bonus

Our Named Executive Officers are eligible to receive discretionary annual bonuses based upon performance. The amount of annual bonus to our Named Executive Officers is based on various factors, including, among others, the achievement of scientific and business goals and our financial and operational performance. The committee takes into account the overall performance of the individuals as well as the overall performance of the Company over the period being reviewed and recommendation of management. We do not have a written bonus plan setting forth these criteria in advance. The overall payment is also based on historic compensation of the Named Executive Officers.

We believe that annual bonuses payable based on the achievement of short-term corporate goals incentivize our Named Executive Officers to create stockholder value and attain short-term performance objectives.

Long-term Equity Incentive Compensation

Long-term incentive compensation allows the Named Executive Officers to share in any appreciation in the value of our common stock. The Compensation Committee believes that stock participation aligns executive officers' interests with those of our stockholders. The amounts of the awards are designed to reward past performance and create incentives to meet long-term objectives. Awards are made at a level expected to be competitive within the biotechnology industry, as well as with Israeli-based companies. We do not have a formula relating to, and did not conduct any analysis of, the level of awards that is competitive within the biotechnology industry and Israeli-based companies. Awards are made on a discretionary basis and not pursuant to specific criteria set out in advance. In determining the amount of each grant, the Compensation Committee also takes into account the number of shares held by the executive prior to the grant. The vesting schedule for Named Executive Officers is based on monthly installments for periods of no longer than three years. The Compensation Committee believes that time-based vesting encourages recipients to build stockholder value over a long period of time.

RSU awards provide our Named Executive Officers with the right to purchase shares of our common stock at a par value of \$0.012, subject to continued employment with our company. In November 2014, the Compensation Committee awarded RSUs for the first time. We chose to grant RSU awards and not options because RSU awards, once vested, always have an immediate financial value to the holder thereof, unlike options where the exercise price might be above the current market price of the shares and therefore not have any intrinsic value to the holder thereof. In addition, because vested RSU awards always have financial value, as opposed to options, we were able to limit the number of securities issued to our Named Executive Officers and other employees, directors and consultants. RSUs generally vest over a period of no longer than three years. The Compensation Committee believes that time-based vesting encourages recipients to build stockholder value over a long period of time.

Benefits and Perquisites

Generally, benefits available to Named Executive Officers are available to all employees on similar terms and include welfare benefits, paid time-off, life and disability insurance and other customary or mandatory social benefits in Israel. We provide our Named Executive Officers with a phone and a company car which are customary benefits in Israel to managers and officers.

During 2014, the Compensation Committee approved the payment to Mr. Kidron of approximately \$7,000 per month for a of approximately five-month period during which Mr. Kidron was in the United States. This payment replaced

per diem payments for that business travel. The Compensation Committee determined that this amount reflects the difference in the cost of living between Israel and the United States.

We do not believe that the benefits and perquisites described above deviate materially from the customary practice for compensation of executive officers by other companies similar in size and stage of development in Israel. These benefits represent a relatively small portion of the executive officers' total compensation.

Say-on-Pay Vote

Our stockholders approved, on an advisory basis, our executive compensation program at our annual meeting of our stockholders held on July 23, 2014. Besides this approval, we did not seek or receive any specific feedback from our stockholders concerning our executive compensation program during the past year. The Compensation Committee did not specifically rely on the results of the vote in making any compensation-related decisions during Fiscal 2014.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with our management and, based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in the Annual Report and in this proxy statement.
