ANNUAL MEETING OF STOCKHOLDERS
June 14, 2012

INTRODUCTION

We are furnishing this Proxy Statement to you in connection with a solicitation of proxies by the Board of Directors of CBOE Holdings, Inc., a Delaware corporation, for use at the CBOE Holdings, Inc. 2012 Annual Meeting of Stockholders (the "Annual Meeting") on Thursday, June 14, 2012 at 9:30 a.m., local time, and at any adjournments or postponements of our Annual Meeting. The approximate date on which this Proxy Statement and the accompanying form of proxy are first being sent to stockholders is April 27, 2012.

On June 18, 2010, after receiving required approvals, Chicago Board Options Exchange, Incorporated converted from a non-stock corporation owned by its members into a corporation that is a wholly-owned subsidiary of CBOE Holdings, Inc. Except as otherwise indicated, the terms "the Company," "we," "us" and "our" refer to CBOE Holdings, Inc. When we use the term "CBOE," we are referring to Chicago Board Options Exchange, Incorporated and when we use the term "CBOE Holdings," we are referring to CBOE Holdings, Inc.

VOTING INSTRUCTIONS AND INFORMATION

Why did I receive these proxy materials?

This Proxy Statement was mailed to holders of our common stock on or about April 27, 2012. Our Board is asking for your proxy. By giving us your proxy, you authorize the proxyholders (William J. Brodsky and Joanne Moffic-Silver) to vote your shares at the Annual Meeting according to the instructions that you provide. If the Annual Meeting is adjourned or postponed, your proxy will be used to vote your shares when the meeting reconvenes.

Our 2011 Annual Report to Stockholders, which includes a copy of our Annual Report on Form 10-K for the year ended December 31, 2011 (excluding exhibits), as filed with the Securities and Exchange Commission, is being mailed to stockholders with this Proxy Statement.

Who can vote at our Annual Meeting?

You are entitled to vote your shares of our common stock if you were a stockholder at the close of business on April 16, 2012, the record date for our Annual Meeting. On that date, there were 87,449,029 shares of our unrestricted common stock outstanding and 1,443,086 shares of unvested restricted stock, which have been granted to our employees and directors and have voting rights at the Annual Meeting. Therefore, there are 88,892,820 shares of voting common stock outstanding, each of which entitles the holder to one vote for each matter to be voted on at our Annual Meeting. Our outstanding common stock is held by approximately 311 stockholders of record as of April 16, 2012.

Who is and is not a stockholder of record?

If you hold shares of common stock registered in your name at our transfer agent, BNY Mellon Shareowner Services,

Table of Contents

you are a stockholder of record.

If you hold shares of common stock indirectly through a broker, bank or similar institution, or are an employee who holds shares of restricted stock at Fidelity, you are not a stockholder of record, but instead hold in “street name.”

What do I need to do to attend our Annual Meeting?

Attendance at our Annual Meeting is generally limited to our stockholders and their authorized representatives. All stockholders must bring an acceptable form of identification, such as a driver's license, in order to attend our Annual Meeting in person. In addition, if you hold shares of common stock in “street name” and would like to attend our Annual Meeting, you will need to bring an account statement or other acceptable evidence of ownership of shares as of the close of business on April 16, 2012, the record date for our Annual Meeting.

Any representative of a stockholder who wishes to attend the Annual Meeting must present acceptable documentation evidencing his or her authority, acceptable evidence of ownership by the stockholder of common stock as described above and an acceptable form of identification. We reserve the right to limit the number of representatives for any stockholder who may attend the meeting. Please contact Investor Relations at investorrelations@cboe.com or (312) 786-5600 in advance of our Annual Meeting if you have questions about attending our Annual Meeting, including regarding the required documentation.

If you plan to attend the Annual Meeting, please provide adequate time to pass through the security process necessary to gain access to the meeting room.

Will the Annual Meeting be webcast?

Yes. A live webcast of the Annual Meeting will be provided from our Investor Relations section of our web site at www.ir.CBOE.com. On the Investor Relations page, click on Events and Presentations and then click on listen to webcast for our Annual Meeting. If you miss the meeting, you can view a replay of the webcast on that site. Please note that you will not be able to vote your shares or ask questions via the webcast. If you plan to view the webcast, please submit your vote in advance.

How do I vote?

You may cast your vote in one of four ways:

• By Internet. The web address for Internet voting is on the enclosed proxy card. Internet voting is available 24 hours a day.

• By Telephone. The number for telephone voting is on the enclosed proxy card. Telephone voting is available 24 hours a day.

• By Mail. Mark the enclosed proxy card, sign and date it, and return it in the pre-paid envelope we have provided.

• At Our Annual Meeting. You may vote in person at our Annual Meeting (see What do I need to do to attend our Annual Meeting?).

If you choose to vote by Internet or telephone, then you do not need to return the proxy card. To be valid, your vote by Internet, telephone or mail must be received by the deadline specified on the proxy card. If you vote by Internet or telephone and subsequently obtain a legal proxy from your account representative, then your prior vote will be revoked regardless of whether you vote that legal proxy.

The Internet and telephone voting procedures are designed to authenticate stockholders' identities, allow stockholders to give their voting instructions and confirm that stockholders' instructions have been recorded properly. Stockholders voting by Internet or telephone should understand that, while we do not charge any fees for voting by Internet or telephone, there may nevertheless be costs that must be borne by you, such as usage charges from Internet access providers and telephone companies.

Table of Contents

May I change my vote?

If you are a stockholder of record, you may revoke your proxy or change your vote at any time before it is voted at the Annual Meeting by:

• submitting a new proxy by telephone or through the Internet, after the date of the earlier voted proxy;

• returning a signed proxy card dated later than your last proxy;

• submitting a written revocation to the Corporate Secretary of CBOE Holdings, Inc. at 400 South LaSalle Street, Chicago, Illinois 60605; or

• appearing in person and voting at the Annual Meeting.

If you are a stockholder of record and need a new proxy card, to change your vote or otherwise, please contact the Corporate Secretary at the address above.

If your bank, broker or other nominee holds your shares in “street name,” you may revoke your proxy or change your vote only by following the separate instructions provided by your bank, broker or nominee.

To vote in person at the Annual Meeting, you must attend the meeting and cast your vote in accordance with the voting provisions established for the Annual Meeting. Attendance at the Annual Meeting without voting in accordance with the voting procedures does not, by itself, revoke a proxy. If your bank, broker or other nominee holds your shares and you want to attend and vote your shares at the Annual Meeting, you must bring a legal proxy signed by your bank, broker or nominee to the Annual Meeting.

If I submit a proxy by Internet, telephone or mail, how will my shares be voted?

If you properly submit your proxy by one of these methods, and you do not subsequently revoke your proxy, your shares of common stock will be voted in accordance with your instructions.

If you sign, date and return your proxy card but do not give voting instructions, your shares of common stock will be voted as follows:

FOR the election of our director nominees,

FOR the advisory vote to approve executive compensation,

• FOR the ratification of the appointment of Deloitte & Touche LLP (“Deloitte”) as our independent registered public accounting firm for our 2012 fiscal year, and

• otherwise in accordance with the judgment of the persons voting the proxy on any other matter properly brought before our Annual Meeting.

If I hold my shares in “street name” and do not provide voting instructions, can my broker still vote my shares?

Under the rules of various securities exchanges, brokers that have not received voting instructions from their customers 10 days prior to the meeting date may vote their customers' shares in the brokers' discretion on the proposal regarding the ratification of the appointment of independent registered public accounting firm, because the rules of the exchanges currently deem this a “discretionary” matter. Absent instruction, brokers would not be able to vote on any of the other matters included in this Proxy Statement.

What vote is required for adoption or approval of each matter?

Election of Directors. You may vote FOR or WITHHOLD for each of the director nominees. A plurality of the votes must be cast FOR the election of a director nominee in order for the director nominee to be elected. Thus, those nominees receiving the greatest number of votes cast will be elected.

Advisory Vote on Executive Compensation Matters. You may vote FOR or AGAINST the advisory proposal to

Table of Contents

approve executive compensation or you may ABSTAIN. A majority of the shares of common stock cast must be voted FOR approval of the advisory proposal in order for it to pass. Votes cast FOR or AGAINST with respect to the proposal will be counted as shares cast on the proposal.

Ratification of the Appointment of Independent Registered Public Accounting Firm. You may vote FOR or AGAINST the ratification of the appointment of our independent registered public accounting firm, or you may ABSTAIN. A majority of the shares of common stock cast must be voted FOR ratification in order for it to pass. Votes cast FOR or AGAINST with respect to this matter will be counted as shares cast on the matter.

Abstentions and Broker Non-Votes. Abstentions and broker non-votes will not be considered cast either for or against any of the matters being presented in this proxy statement and will have no effect on the voting totals. If you do not provide your broker with voting instructions on non-discretionary matters, the broker cannot vote your shares on these matters. A “broker non-vote” occurs when your broker submits a proxy for the meeting with respect to discretionary matters, but does not vote on non-discretionary matters because you did not provide voting instructions on these matters. In the case of a discretionary matter, i.e., the ratification of the independent registered public accounting firm, your broker is permitted to vote your shares of common stock even when you have not given voting instructions, as described under If I hold my shares in “street name” and do not provide voting instructions, can my broker still vote my shares? above.

How many votes are required to transact business at our Annual Meeting?

A quorum is required to transact business at our Annual Meeting. The holders of a majority of the outstanding shares of our common stock as of April 16, 2012, present in person or represented by proxy and entitled to vote, will constitute a quorum for the transaction of business at our Annual Meeting. Abstentions and broker non-votes are treated as present for quorum purposes.

Who will count the vote?

The Company has engaged BNY Mellon to serve as the inspector of elections for the Annual Meeting.

What does it mean if I get more than one proxy or voting instruction card?

If your shares are registered in more than one name or in more than one account, you will receive more than one card. This may occur if you hold unrestricted common stock in both street name and as the record holder with BNY Mellon. Please complete and return all of the proxy or voting instruction cards that you receive (or vote by telephone or through the Internet all of the shares on all of the proxy or voting instruction cards received) to ensure that all of your shares are voted.

PROPOSAL ONE

ELECTION OF DIRECTORS

Board Composition

Our Bylaws provide that our Board will consist of not less than 11 and not more than 23 directors. Our Board currently has 15 directors. Each director serves for a one-year term or until his or her successor is elected and qualified. There is no limit on the number of terms a director may serve on our Board.

General

At our Annual Meeting, our stockholders will be asked to elect the 15 director nominees set forth below, each for a one-year term expiring in 2013. All of the director nominees have been recommended for election by our Nominating and Governance Committee and approved and nominated for election by our Board. The director nominees include two new nominees, Mr. Frank English, Jr. and Ms. Jill Goodman. Messrs. Stuart Kipnes and William Power, who have served on our Board for 8 and 11 years, respectively, are leaving the Board.

The Board recommends that the stockholders vote for the election of each of the nominees indicated below. If you sign and return your proxy card in the enclosed envelope or execute a proxy by telephone or through the Internet, the persons named in the enclosed proxy card will vote to elect these 15 nominees unless you indicate otherwise. Your proxy for the Annual Meeting cannot be voted for more than 15 nominees.

All of the nominees have indicated their willingness to serve if elected. If any nominee is unable or unwilling to serve as a director at the time of the Annual Meeting, then shares represented by properly executed proxies will be voted at the discretion of the persons named in those proxies for such other person as the Board may designate. We do not presently expect that any of the nominees will be unavailable.

The election of each nominee for director requires the affirmative vote of the holders of a plurality of the shares of common stock voted in the election of directors. Thus, those nominees receiving the greatest number of votes cast will be elected.

Set forth below is biographical information and qualifications to serve on our Board for each of the directors nominated to serve on our Board for a one-year term expiring in 2013. The terms indicated for service include the service on the board of CBOE until our demutualization.

The Board of Directors recommends that the stockholders vote FOR each of the director nominees.

Board Structure

Independence

At all times no less than two-thirds of our directors will be independent, as defined in our Bylaws and Corporate Governance Guidelines. The Nominating and Governance Committee has determined that all of our current directors are independent under the NASDAQ Stock Market's listing standards for independence, except Messrs. Brodsky and Duffy.

All of the directors on each of the Audit, Compensation and Nominating and Governance Committees are independent. Each of these committees reports to the Board as they deem appropriate, and as the Board may request.

Lead Director

The Board has an independent Lead Director, Mr. Boris, who is authorized to preside at meetings of the non-management directors and meetings of the independent directors of the Board. The Lead Director also consults with the Chairman on the agenda for Board meetings and serves as a liaison between the Chairman and the independent directors. The Lead Director is also an invited guest to all board committee meetings.

Chairman and CEO Roles

For many years, we have employed a leadership structure that includes having a combined Chairman and Chief Executive Officer. We believe that this leadership structure is effective and should continue. A combined chief executive and chairman role promotes a close relationship between management and the Board and assists in the development and implementation of corporate strategy. In addition, our board has implemented the following elements in order to ensure independent oversight for us and for our Board:

- requiring the Board to consist of at least two-thirds independent directors who meet regularly without management,
- establishing independent Audit, Compensation and Nominating and Governance Committees, and
- appointing an independent Lead Director.

Board Oversight of Risk

Our Board is responsible for overseeing our risk management process. The Board is responsible for addressing both our general risk management strategy and significant risks facing us. It is also responsible for ensuring that management implements appropriate risk mitigation strategies. The Board stays apprised of particular risk management matters in accordance with its general oversight and approval of corporate matters.

The Board has delegated to the Audit Committee oversight of our risk management process. Among its duties, the Audit Committee is responsible for reviewing our guidelines, policies and practices regarding risk assessment and risk management, and reviewing the adequacy and effectiveness of internal controls and procedures. The Compensation Committee has been delegated oversight of risk management as it relates to our compensation policies and procedures. All committees report to the full Board when a matter rises to the level of a material or enterprise level risk.

Table of Contents

Our management is responsible for daily risk management. In addition, heads of each of our divisions attend periodic enterprise risk management meetings at which an established matrix of identified risks is reviewed to evaluate the level of potential risks facing us and to identify any new risks. This group provides information and recommendations to the Audit Committee as necessary. We believe this division of risk management responsibilities is an effective approach for addressing the enterprise risks that we face.

Board and Committee Meeting Attendance

There were 5 meetings of the Board during 2011. Each director attended at least 75% of the aggregate number of meetings of the Board and meetings of committees of which the director was a member during 2011.

Independent Directors Meetings

Each of the independent directors and the non-employee directors meet periodically in executive session without management. The Lead Director presides over these meetings.

Committees of the Board of Directors

Our Board of Directors has the following 5 standing Board committees:

the Audit Committee,

the Compensation Committee,

the Executive Committee,

the Finance Committee. and

the Nominating and Governance Committee.

Each of the members of the Audit, Compensation and Nominating and Governance Committees comply with our director independence requirements. Other than the members of the Executive Committee required to be on the committee pursuant to its charter, each of the members of the committees was recommended by the Nominating and Governance Committee for approval by the Board for service on such committee. Each of the committees has a charter, all of which are available on the Corporate Governance page of our Investor Relations section of our web site at: <http://ir.CBOE.com>.

Audit Committee

The Audit Committee consists of four directors, all of whom are independent under our Bylaws and Corporate Governance Guidelines, as well as Rule 10A-3 of the Securities Exchange Act of 1934, as amended. The current members of the Audit Committee are Eden Martin, Chair, Duane Kullberg, Roderick Palmore and Carole Stone. The Audit Committee consists exclusively of directors who are financially literate. In addition, Duane Kullberg has been designated as our audit committee financial expert and meets the SEC definition of that position.

The Audit Committee's responsibilities include:

- engaging our independent auditor and overseeing its compensation, work and performance;
- reviewing and discussing the annual and quarterly financial statements with management and the independent auditor;
- reviewing our guidelines, policies and practices regarding risk assessment and risk management; and
- reviewing transactions with related persons for potential conflict of interest situations.

Compensation Committee

The Compensation Committee consists of five directors, all of whom are independent. The current members of the Compensation Committee are Eugene Sunshine, Chair, Janet Froetscher, Paul Kepes, William Power and Samuel Skinner. The committee has primary responsibility to make recommendations to the Board for:

- all elements and amounts of compensation for the executive officers other than the CEO, including any performance goals;
- compensation for the CEO and reviewing succession plans relating to the CEO;
- the adoption, amendment and termination of cash and equity-based incentive compensation plans;
- approving any employment agreements, severance agreements or change-in-control agreements with executive officers; and
- the level and form of non-employee director compensation and benefits.

Nominating and Governance Committee

The Nominating and Governance Committee consists of five directors, all of whom are independent. The current members of the Nominating and Governance Committee are Janet Froetscher, Chair, Paul Kepes, Benjamin Londergan, Susan Phillips and Eugene Sunshine. The Nominating and Governance Committee's responsibilities include making recommendations to the Board on:

- persons for election as director;
- a director to serve as Chairman of the Board and an independent director to serve as Lead Director;
- any stockholder proposals and nominations for directors;
- the appropriate structure, operations and composition of the Board and its committees; and
- Corporate Governance Guidelines, a Code of Business Conduct and Ethics and other corporate governance policies and programs.

Criteria for Directors

We believe that each of the individuals serving on our Board has the necessary skills, qualifications and experiences to address the challenges and opportunities we face. The Nominating and Governance Committee is responsible for considering and recommending to the Board nominees for election as directors. The committee annually reviews the skills and characteristics required of directors in the context of the current composition of the Board, our operating requirements and the long-term interests of our stockholders. In evaluating director candidates, the committee takes into consideration many factors, including the individual's educational and professional background, whether the individual has any special experience in a relevant area, personal accomplishments and cultural experiences. In addition, the committee may consider such other factors it deems appropriate when conducting its assessment of director candidates. As part of this process, the committee reviews each incumbent director's continued service on the Board and recommends to the Board an independent director to serve as Lead Director.

Diversity

While we do not currently have a formal diversity policy, our Corporate Governance Guidelines provide that the committee will seek to recommend to the Board candidates for director with a diverse range of experience, qualifications and skills in order to provide varied insights and competent guidance regarding our operations, with a goal of having a Board that reflects diverse backgrounds, experience and viewpoints. We believe that we benefit from having directors with a diversity of skills, characteristics, backgrounds and cultural experiences.

Stockholder Nominations

The Nominating and Governance Committee will consider stockholder recommendations for candidates for our Board of Directors. See "Stockholder Proposals."

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is a current or former officer or employee of ours. In addition, there are no compensation committee interlocks with other entities with respect to any such member.

Annual Meeting Attendance

We encourage members of the Board to attend our Annual Meeting of Stockholders. All of our current directors attended the 2011 Annual Meeting of Stockholders. Meetings of the Board and its committees are being held in conjunction with the Annual Meeting of Stockholders. We expect all directors will attend the Annual Meeting.

Communications with Directors

As provided in our Corporate Governance Guidelines, you may communicate directly with our independent directors or the entire Board. Our policy and procedures on such communications are located in the Investor Relations section of our website at <http://ir.CBOE.com>.

RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Our Audit Committee has responsibility for reviewing and approving all related party transactions. The Committee has adopted a related-party transactions approval policy. Under this policy, transactions between us and any executive officer, director or holder of more than 5% of our common stock, or any immediate family member of such person, must be approved or ratified by the Committee in accordance with the terms of the policy.

Currently, 4 of our 15 directors are individuals who are CBOE or C2 Trading Permit Holders or affiliated with organizations that are Trading Permit Holders. These individuals and organizations derive a substantial portion of their income from their trading or clearing activities on our exchanges. The amount of income that a Trading Permit Holder may derive from its trading or clearing activities with us is, in part, dependent on the fees that we charge them. Trading Permit Holders may benefit from trading rules, privileges and discounts that enhance their trading opportunities and profits. Trading Permit Holders pay fees, either directly or indirectly, to us in connection with the services we provide, which in many cases could be substantial to the Trading Permit Holder. The payments made by such directors or their affiliates are on terms no more favorable than terms given to unaffiliated persons. In addition, as self-regulatory organizations, our subsidiaries may have regulatory oversight responsibilities for the Trading Permit Holders on our exchanges.

We also administer a marketing fee program through which market-makers are assessed a per contract fee on

transactions resulting from customer orders from payment accepting firms and customer orders that have designated a preferred market-maker. We make the funds generated by the marketing fee available to the designated primary market-maker or preferred market-maker in the option class in which the fee was assessed to be used to attract order flow to us. In providing administrative support to the marketing fee program, we do not determine which payment accepting firms are paid these funds or the amount of any such payments. Rather, we provide administrative support in such matters as maintaining the funds, keeping track of the number of qualified orders each firm directs to us, and making the necessary debits and credits to reflect the payments made at the direction of designated primary market-makers and preferred market-makers. Funds that are not paid out are either maintained in an excess pool for later payment or rebated to the market participants who paid the fees. Mr. David Fisher, who resigned from the Board in October 2011, was affiliated with a firm, optionsXpress, Inc., that receives marketing fee funds.

Each of the non-employee directors met this ownership requirement as of December 31, 2011.

Compensation Discussion and Analysis

Overview

The following is a discussion of how our Compensation Committee determined and recommended to the Board the total compensation of our “named executive officers,” or “NEOs,” which consists of:

- William J. Brodsky, Chairman and Chief Executive Officer,
- Edward T. Tilly, President and Chief Operating Officer,
- Alan J. Dean, Executive Vice President Finance and Administration, Chief Financial Officer and Treasurer,
- Gerald T. O'Connell, Executive Vice President and Chief Information Officer, and
- Edward L. Provost, Executive Vice President and Chief Business Development Officer.

Also included as an NEO is Edward J. Joyce, our former President and Chief Operating Officer. Mr. Joyce served as

Table of Contents

our President and Chief Operating Officer until November 1, 2011. Mr. Joyce's base compensation was set in the same manner as the other NEOs, but the remainder of his compensation was paid pursuant to the provisions of his employment agreement in connection with his leaving the company. See footnote 3 to the Summary Compensation Table.

Our executive compensation program is designed to attract and retain talented and dedicated executives, motivate our executives and other key employees to achieve corporate goals that create value for our stockholders and align the compensation of our executive officers with stockholder returns. To meet these objectives, the Compensation Committee designed and implemented an executive compensation program that pays a substantial portion of executive compensation based on corporate and individual performance.

The Compensation Committee believes that compensation plays a vital role in contributing to the achievement of key strategic business objectives that ultimately drive long-term business success. Accordingly, our executive compensation program has been designed to focus our executives on achieving critical corporate goals, while taking steps to position the business for sustained financial performance over time.

The following table lists the various elements included in the total compensation mix for our executive officers and each element's purpose. Additional details regarding each component are provided in later sections.

Total Compensation Component	Purpose
Base salary	Provides a defined amount based on the market value of the position
Annual incentive	Provides variable discretionary payments designed to reward each executive for his or her contribution towards achieving our annual financial and operational results
Long-Term Incentive Plan	Aligns the interests of our executives with stockholders and motivates our executives to focus on our long-term value
Benefits-retirement, medical, life and disability	Provides competitive benefits and protects executives in a catastrophic event
Severance	Creates a stable framework by encouraging retention in a time of uncertainty

2011 Highlights

In 2011, which represented our first full year as a public company, our management team led the effort to achieve several strategic objectives, including:

- maintaining the largest market share in the options industry,
- increasing revenue, which resulted in a pre-tax profit of \$240 million,
- launching SPXpm on C2 (our all electronic exchange),
- effectively managing expenses,
- introducing several new products, and
- advocating strongly on regulatory reform.

In 2011, there were no increases to the base salaries of the named executive officers. Also, for two months during the third quarter, each officer's defined contribution retirement plan match was reduced. The actions were consistent with the organizational priority of carefully managing expenses. In addition, the aggregate incentive pool set by the Board in early 2011 was reduced from 7.5% of adjusted pre-tax income in 2010 to 5.0% of adjusted pre-tax income in 2011.

Best Practices

The Compensation Committee has implemented the following best practices with respect to executive compensation:

• **Stock ownership guidelines:** Executive officers are expected to maintain a certain level of stock ownership, as specified in the Stock Ownership Guidelines.

Table of Contents

Hedging: Our executive officers are prohibited from entering into transactions involving options to purchase or sell our common stock or other derivatives related to our common stock.

Clawbacks: The clawback policy provides that we will attempt to recover annual incentive amounts paid to executive officers based on material noncompliance with any financial reporting requirement. The policy has a three-year look-back and applies to both current and former executives. The Long-Term Incentive Plan includes a provision that allows the Compensation Committee to reduce, cancel or recoup an award upon the occurrence of specified events such as termination for cause or upon the breach of a non-compete, non-solicitation or other restrictive covenant.

Limited employment contracts: The Company only has employment agreements with Messrs. Brodsky and Tilly. The rest of the named executive officers participate in the Executive Severance Plan.

Double trigger: The employment agreements and Executive Severance Plan provide that, if a change in control should occur, severance payments will only occur if the named executive officer's employment is terminated.

Role of Compensation Committee

The Compensation Committee is responsible for reviewing the various components of the total compensation program for all executive officers. The Compensation Committee has engaged McLagan, a division of Aon Hewitt Consulting, to serve as its independent compensation consultant and assist in its review and determination of executive compensation. Messrs. Brodsky and Dean, the independent compensation consultant, and the Vice President of Human Resources generally attend the meetings of the Compensation Committee, except when their compensation is discussed, to provide information and assistance. Mr. Joyce attended the meetings until he left the Company and Mr. Tilly attended thereafter.

Independent Compensation Consultant

The independent compensation consultant reviews the executive compensation program and advises the Compensation Committee on best practices or plan designs that may improve effectiveness. The independent compensation consultant recommends the peer group, provides comparative data and assists the Compensation Committee in monitoring the competitive positioning of the various components of the executive compensation program. At all meetings, the independent compensation consultant meets with the Compensation Committee in executive session without management. The independent compensation consultant also communicates directly with members of the Compensation Committee and the Board at large.

Company's Response to Stockholder Vote on Say-on-Pay. At our last annual meeting, our first stockholder "say-on-pay" vote received the support of over 90% of the votes cast on the matter. The Compensation Committee has reviewed these results and considers them supportive of our executive compensation program and determined that no changes to compensation are warranted as a result of the voting.

Peer Group and Comparative Data

The independent compensation consultant conducted an in-depth analysis to identify and recommend to the Compensation Committee a peer group based upon our business mix and size. The peer group includes financial services firms with a heavy focus on technology and an environment similar to ours. Although the members of our peer group may be larger or smaller in one or several measures, the Committee thought it added more value to focus on members of our industry and believes that the variance is necessary due to our unique business model and in order to have a sufficient number of members in the group. The most recent review, conducted in November 2011, included 2010 data from the following peer group:

BGC Partners, Inc.	MarketAxess Holdings, Inc.
CME Group, Inc.	MF Global Holdings Ltd. (1)
GFI Group, Inc.	NASDAQ OMX Group, Inc.
IntercontinentalExchange, Inc.	NYSE Euronext, Inc.
Investment Technology Group	Penson Worldwide, Inc.
Knight Capital Group, Inc.	TMX Group, Inc.

(1) MF Global Holdings Ltd. was included in the peer group that used 2010 data. It will not be included in the peer group going-forward.

Table of Contents

To ensure that our compensation and performance is competitive, the Compensation Committee reviews, on an annual basis, comparative data from the peer group, including the aggregate level of executive compensation and its various components. The Compensation Committee uses the comparative data as a point of reference, rather than as the determining factor in setting compensation for our executive officers. Profitability measures such as stockholder return, earnings per share, net income, return on equity and return on assets of the peer group were also reviewed in 2011 to evaluate relative performance.

Elements of Compensation

Base Salary. The base salary for our named executive officers is designed to be part of a competitive total compensation package when compared to our peer group companies. Also considered for each named executive officer in determining base salary was his:

- experience,
- industry specific knowledge,
- level of responsibility,
- individual performance,
- potential to influence our future success, and
- total compensation.

For 2011, the Compensation Committee reviewed the base salaries for Messrs. Brodsky, Joyce and Tilly and, with input from Messrs. Brodsky, Joyce and Tilly, reviewed the base salaries for the remaining six executive officers, after which, the Committee made recommendations to our Board. Our named executive officers did not receive an increase in their base salaries during 2011.

Based on the Compensation Committee's recent review of peer group data, the 2011 base salaries for the named executive officers were, on average, near the seventy-fifth percentile. Base salaries are higher than median primarily due to significant industry specific knowledge and scope of responsibility (each named executive officer has over 25 years of industry experience) and is reflective of the fact that, prior to the demutualization, the company could not grant long-term incentives as part of the total compensation package. The annual cash incentive for 2011 is below the twenty-fifth percentile, resulting in average total cash compensation (base and annual incentive) for the named executive officers below the median. In order to better incentivize the named executive officers and align their interests with stockholders, the Compensation Committee has taken and plans to take further action to realign the pay mix in 2012, including tying a greater portion of compensation to performance and, in some instances, reducing base salary.

Annual Incentive. In the first quarter of each year, the Compensation Committee reviews corporate and individual performance for the prior year and makes recommendations to the Board of Directors for annual incentives to be paid to the named executive officers and other executive officers for the prior year performance. The Board of Directors may approve, disapprove or modify the recommendations of the Compensation Committee.

The key drivers in determining annual incentive compensation for 2011 were:

- corporate accomplishments,
- financial performance, and
- individual performance.

In 2011, the company finished its first full year as a public company and met a number of corporate goals, including:

- maintaining the largest market share in the options industry,
- maintaining profitability,
- launching SPXpm on C2,

Table of Contents

effectively managing expenses,
introducing new products, and
advocating strongly on regulatory reform.

The Compensation Committee compared corporate performance through the third quarter, the latest period for which data was available, to our peer group in the areas of:

- return on equity,
- return on assets,
- operating margin,
- EBITDA,
- operating income,
- net income, and
- stockholder return.

The performance data was obtained and reviewed by McLagan, the independent compensation consultant. We performed at or well above median in each category.

With regard to individual performance, the Compensation Committee considered the roles of the named executive officers in the accomplishments listed above. The Compensation Committee received from Messrs. Brodsky and Tilly input regarding the individual performance, and recommendations regarding incentive compensation, of Messrs. Dean, O'Connell, Provost and the other executive officers. The Compensation Committee also evaluated the performance of Messrs. Brodsky and Tilly in the areas of leadership, communication and management, which includes:

developing, communicating and executing strategic goals and vision,
anticipating and addressing changes and challenges facing the organization,
engaging and developing an effective leadership team, and
effectively communicating with stockholders, potential investors, government regulators, the Board and employees.

In early 2011, the Board approved setting the aggregate incentive pool from which annual incentive payments may be made to all employees at 5% of our adjusted pre-tax income, which links incentive compensation to a key corporate performance measure. As a result of this decision and after review of corporate and individual performance for 2011, the Compensation Committee recommended, and the Board of Directors approved, an aggregate annual incentive pool of approximately 25% more than 2010, due to an increase in adjusted pre-tax income. The specific amount awarded to each named executive officer is reflected in the Summary Compensation table under the "Bonus" column.

Long-Term Incentive Plan. The Compensation Committee strongly believes that an ownership culture will enhance our long-term success. The Amended and Restated Long-Term Incentive Plan was amended by stockholders at the 2011 Annual Meeting of Stockholders. With the help of our independent compensation consultant, the Compensation Committee elected not to grant awards under the Long-Term Incentive Plan in 2011. This decision was based on the intention that the initial grant of restricted stock to the named executive officers on June 15, 2010 was to cover a multiple year period, which included 2011. The initial grants assist us in meeting the following goals:

aligning the financial interests of our Board members and employees with the interests of our stockholders,
aligning our Board and executive compensation with that of our peer group in terms of form and amount,

Table of Contents

providing competitive compensation to assist in retaining highly skilled and qualified Board members and executives, and

deferring a significant portion of total compensation to the future and linking the ultimate value of the award to the stock price over the next four years.

The Compensation Committee also intended for the initial grant of restricted stock to reward the named executive officers for their significant efforts toward our initial public offering and demutualization while simultaneously effectively managing many other significant business initiatives. The next equity award for the named executive officers is expected to occur in 2013 for 2012 performance and is expected to be less than the initial grant.

The initial grants of restricted stock made to executive officers and other employees in 2010 have a four-year vesting schedule in which 25% of the shares granted will vest each year on the anniversary of the grant date. Vesting will accelerate upon the occurrence of change in control, unless the awards are replaced with substantially the same terms by a successor entity. Unvested portions of the restricted stock grants will be forfeited if the employee or executive officer terminates employment with us prior to the applicable vesting date. Dividends are paid on the unvested restricted stock. The restricted stock grants to the named executive officers are subject to non-compete, non-solicitation and confidentiality covenants. In addition, the grant to Mr. Brodsky provides that the restricted stock will fully vest upon his retirement.

Stock Ownership Guidelines. The Compensation Committee has adopted stock ownership guidelines, shown below, specifying the levels of stock ownership that each named executive officer must maintain while employed by us. For purposes of this ownership requirement, (a) shares owned outright or in trust and (b) restricted stock, including shares that have been granted but are unvested, are included. The named executive officers have three years to meet the guidelines. The initial grant of restricted stock to each of the named executive officers was enough for most to meet the applicable holding requirement.

Name	Holding Requirement
William J. Brodsky	Five times base salary
Edward T. Tilly	Four times base salary
Alan J. Dean	Two times base salary
Gerald T. O'Connell	Two times base salary
Edward L. Provost	Two times base salary

Hedging Policy. Under our Insider Trading Policy, our executive officers are prohibited from entering into transactions involving options to purchase or sell our common stock or other derivatives related to our common stock.

Clawbacks. The Compensation Committee has implemented a policy for the clawback of cash incentive payments.

The policy provides that we will attempt to recover incentive amounts paid to executive officers based on our material noncompliance with any financial reporting requirement. The policy has a three-year look-back and applies to both current and former executives, regardless of such executive's involvement in the noncompliance.

Employee Benefit Plans, Severance, Change in Control and Employment-Related Agreements. We provide retirement, medical, life and disability plans for our named executive officers in order to provide a level of protection for catastrophic events and provide income during retirement. In addition, we have entered into employment agreements with certain of our executive officers and established the Executive Severance Plan in order to encourage retention, maintain a consistent management team to effectively run our operations and allow executives to focus on our strategic business priorities. The employment agreements and Executive Severance Plan contain severance and change in control provisions and are described more fully below under "Severance, Change in Control and Employment-Related Agreements." Under the agreements, if a change in control should occur, severance includes a double trigger and payments will only occur if the named executive officer's employment is also terminated or he resigns for good reason.

Risk Assessment

With assistance from the independent compensation consultant, the Compensation Committee conducted a risk assessment of our compensation policies and practices for all employees for 2011, including non-executive officers. The Compensation Committee concluded that the compensation policies and practices do not motivate imprudent risk taking. Consequently, the Committee believes that any potential risk arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on us.

2011 Grants of Plan-Based Awards

There were no grants of plan-based awards in 2011. The initial equity award to the non-executive officers granted when the company went public in 2010 was meant to serve as a multi-year award that covered a period that included 2011.

Non-Qualified Defined Contribution Plans

We do not have a defined benefit retirement plan. We currently have two non-qualified defined contribution plans in which the NEOs participate: the Supplemental Executive Retirement Plan (SERP) and the Executive Retirement Plan. The SERP is designed for employees whose level of compensation exceeds the IRS defined annual compensation limit (\$245,000 for 2011). Under the SERP, we match deferral contributions made by executives under the SERP with respect to compensation in excess of the IRS compensation limit. These contributions mirror those under the 401(k) plan. In 2011, we matched eligible employee contributions to the 401(k) plan up to 4% of the employee's compensation, subject to statutory limitations. We matched 200% of such contributions, other than in July and August, when we matched 150%.

All named executive officers are eligible to participate in the Executive Retirement Plan. Our 2011 contribution to the Executive Retirement Plan was six percent of each participant's base salary and annual incentive, and, in the future, we expect to make further contributions consistent with this formula.

Messrs. Tilly, Dean, O'Connell and Provost are also eligible to participate in the age-based component of the Executive Retirement Plan. In addition to the contribution to the Executive Retirement Plan described in the preceding paragraph, under the age-based component, we contribute to each eligible employee's account an amount equal to a percentage of the employee's base salary and cash incentive, based on such employee's age, as set forth in the table below.

Age of Participant	Contribution Percentage	
Under 45	1	%
45 to 49	3	%
50 to 54	6	%
55 to 59	9	%
60 to 64	11	%
65 and over	None	

All of our contributions to non-qualified defined contribution plans vest 20% for each year of continuous service, identical to the qualified 401(k) plan.

Severance, Change in Control and Employment-Related Agreements

Employment Agreements

We have an employment contract with William J. Brodsky, our Chairman and Chief Executive Officer. Mr. Brodsky's employment agreement is currently scheduled to end on December 31, 2013. His employment agreement includes an automatic one-year renewal unless notice not to renew is given by either party at least one year in advance of the beginning of the new term. Under the agreement, his base salary for 2011 is \$1,500,000. Mr. Brodsky is eligible to receive a cash incentive each fiscal year at the sole discretion of the Board of Directors. He is entitled to participate in all our employee benefit plans that are generally available to senior management, except for the age-based portion of the Executive Retirement Plan. All stock award vesting would accelerate upon retirement. Also upon retirement, Mr. Brodsky's employment agreement includes payment of medical insurance for him and his spouse for life, subject to reductions for new employer benefits and Medicare.

Mr. Brodsky's employment agreement may be terminated for cause. If the agreement is terminated without cause by us, for good reason by Mr. Brodsky or due to death or disability, we will pay Mr. Brodsky a severance payment equal to the greater of (1) his then-current annual base salary plus the annual target cash incentive or (2) a prorated base salary and target cash incentive for the remainder of his contract term. If the agreement is terminated by us or a successor as a result of a change in control, we will pay Mr. Brodsky a severance payment equal to two times his then-current annual base salary plus two times the annual target cash incentive. We will provide a gross-up payment to Mr. Brodsky to cover any excise and related income tax liability arising under Section 280G of the Internal Revenue Code, if any, as a result of any payment or benefit arising under the agreement. In the event of a termination without cause or a change in control, Mr. Brodsky would also receive contributions under our retirement plans in an amount equal to the aggregate contributions that would have been made during the period of one year or the remaining terms of the agreement, whichever is greater. Pursuant to the agreement, Mr. Brodsky has agreed to certain non-compete provisions during the employment term and for two years thereafter.

We also have an employment agreement with Edward T. Tilly, our President and Chief Operating Officer. Mr. Tilly's contract is currently scheduled to end on December 31, 2012. This agreement will automatically renew for successive one-year

Table of Contents

terms unless either we or Mr. Tilly gives 180-days notice not to renew. The agreement provides for a base salary of \$600,000. Mr. Tilly is eligible to receive a cash incentive each fiscal year in the sole discretion of the Board of Directors. The agreement provides that Mr. Tilly is entitled to participate in all of our employee benefit plans that are generally available to senior management. Pursuant to the agreement, Mr. Tilly has agreed to certain non-compete provisions during the employment term and for two years thereafter. This employment agreement may be terminated for cause. If the agreement is terminated without cause by us, for good reason by Mr. Tilly, or due to death or disability, we will pay Mr. Tilly a severance payment equal to two times his then-current annual base salary plus two times his annual target cash incentive and all retirement plan contributions, including a lump sum payment equal to the amounts he would have received under the plans for a period of 2 years. We will provide a gross-up payment to Mr. Tilly to cover any excise and related income tax liability arising under Section 280G of the Internal Revenue Code, if any, as a result of any payment or benefit arising under the agreement.

Executive Severance Plan

The Compensation Committee believes it is appropriate to provide a severance plan to encourage retention, maintain a consistent management team to effectively run our operations and allow executives to focus on our strategic business priorities. The plan covers Messrs. Dean, O'Connell and Provost, as well as four of our other officers. Under the plan, an executive who experiences an involuntary termination (as defined in the plan, which includes termination in the event of a change in control) shall be entitled to receive the following severance benefits:

• the executive's accrued salary, unpaid expenses, accrued and unpaid vacation days through the date of termination and any unpaid bonus earned in any year prior to the year in which the executive's employment terminates;

• a pro-rated target bonus;

• a salary and bonus payment in an amount equal to the sum of (a) two times base salary and (b) two times target bonus; and

• COBRA premiums for 18 months and, at the end of such period, premiums for 6 months coverage in the retiree medical plan, if eligible.

If the executive's employment is terminated either by us for cause, or by the executive other than for good reason (each as defined in the plan), we will pay the executive any unpaid bonus and accrued benefits. The plan also provides that we will require any successor to expressly assume and agree to maintain the plan.

In addition to the above, the plan also provides Messrs. O'Connell and Provost with certain death and disability benefits if the executive dies or is terminated due to becoming disabled. These benefits include accrued but unpaid salary; a pro-rated bonus equal to his average annual bonus paid in the prior three years and a salary and bonus payment in an amount equal to the sum of (a) two times his annual rate of base salary, and (b) two times his target annual bonus. Messrs. O'Connell and Provost have also agreed to certain non-compete and non-solicitation provisions during their employment and for a period of two years following termination of their employment.

Severance Payments

The following table shows the potential payment to each officer pursuant to either such executive's agreement or the Executive Severance Plan, each discussed above, upon the termination of the executive's employment either without cause by us or for good reason by the executive or the termination of the executive's employment by us upon a change in control:

Represents amounts to be paid in connection with a termination of the executive's employment by us without cause (1) or a termination of employment by the executive for good reason and, for all except Mr. Dean, payable upon death or disability. For purposes of these calculations, we have assumed that such event occurred on December 31, 2011.

Represents amounts to be paid in connection with a termination of the executive's employment upon a change in (2) control. For purposes of these calculations, we have assumed that change in control occurred on December 31, 2011 and that the Executive Severance Plan was in effect on such date.

The amounts shown represent amounts contributed on behalf of the executive under our qualified and non-qualified defined contribution plans in connection with such executive's termination. It also includes estimated (3) medical insurance cost (based upon total monthly premiums as of December 31, 2011) for the severance period and outplacement cost. The amount included for future medical insurance costs is equal to the actuarial valuation associated with the lifetime continuation of medical insurance for Mr. Brodsky and is reported as an aggregate liability in our financial statements.

PROPOSAL TWO

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board is providing our stockholders with an advisory vote to approve executive compensation. This advisory vote, commonly known as a "say-on-pay" vote, is a non-binding vote to approve the compensation paid to our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

As discussed in the Compensation Discussion and Analysis, our executive compensation program is designed to meet the following objectives:

- attract and retain talented and dedicated executives,

motivate our executives to achieve corporate goals that create value for our stockholders, and align the compensation of our executive officers with stockholder returns.

The Compensation Committee has implemented the following best practices applicable to our executive officers in order to achieve these objectives:

- stock ownership guidelines,
- limitations on hedging,
- drawbacks of incentive compensation, and
- eliminated perquisites.

We believe that the compensation paid to the named executive officers is appropriate to align their interests with those of our stockholders to generate stockholder returns. Accordingly, the Board recommends that our stockholders vote in favor of the say-on-pay vote as set forth in the following resolution:

RESOLVED, that our stockholders approve, on an advisory basis, the compensation paid to our named executive officers, as disclosed in this Proxy Statement, including in the “Compensation Discussion and Analysis,” the accompanying compensation tables and the corresponding narrative discussion.

As this is an advisory vote, the outcome of the vote is not binding on us with respect to future executive compensation decisions, including those relating to our named executive officers. Our Compensation Committee and Board value the opinions of our stockholders. The Compensation Committee and Board will consider the results of the say-on-pay vote and evaluate whether any actions should be taken in the future.

Non-binding approval of our executive compensation program would require that a majority of the shares cast on this matter be cast in favor of the proposal. Abstentions and broker non-votes will not be counted as votes cast and therefore will not affect the vote.

The Board of Directors recommends that the stockholders vote FOR Proposal Two.
