Forward-Looking Statements

This Form 10-K/A contains forward-looking statements regarding the outlook for dry cargo markets, and the Company's prospects. There are a number of factors, risks and uncertainties that could cause actual results to differ from the expectations reflected in these forward-looking statements, including changes in production of or demand for major and minor bulk commodities, either globally or in particular regions; greater than anticipated levels of vessel newbuilding orders or less than anticipated rates of scrapping of older vessels; changes in trading patterns for particular commodities significantly impacting overall tonnage requirements; changes in the rates of growth of the world and various regional economies; risks incident to vessel operation, including discharge of pollutants; unanticipated changes in laws and regulations; increases in costs of operation; the availability to the Company of suitable vessels for acquisition or chartering-in on terms it deems favorable; the ability to attract and retain customers; and the performance of our contract counterparties. This Form 10-K/A also includes statistical data regarding world dry bulk fleet and orderbook and fleet age. We generated some of these data internally, and some were obtained from independent industry publications and reports that we believe to be reliable sources. We have not independently verified these data nor sought the consent of any organizations to refer to their reports in this annual report on Form 10-K/A. The Company assumes no obligation to update or revise any forward-looking statements. Forward-looking statements in this Form 10-K/A and written and oral forward-looking statements attributable to the Company or its representatives after the date of this Form 10-K/A are qualified in their entirety by the cautionary statement contained in this paragraph and in other reports hereafter filed by the Company with the Securities and Exchange Commission (the "SEC").

EXPLANATORY NOTE

This Amendment No. 1 on Form 10-K/A (this "Amendment") amends the Annual Report on Form 10-K of Eagle Bulk Shipping Inc. (the "Company", "we", "our" or "us") for the year ended December 31, 2015 that was originally filed

with the SEC on March 31, 2016 (the "Original Filing") and is being filed to provide the information required by Items 10, 11, 12, 13, and 14 of Part III. This information was previously omitted from the Original Filing in reliance on General Instruction G(3) to Form 10-K, which permits the information in the above referenced items to be incorporated in the Form 10-K by reference from a definitive proxy statement if such statement is filed no later than 120 days after our fiscal year end. We are filing this Amendment to include Part III information in our Form 10-K because we do not expect to file a definitive proxy statement containing this information before that date. The reference on the cover of the Original Filing to the incorporation by reference to portions of our definitive proxy statement into Part III of the Original Filing has been deleted.

In addition, pursuant to the rules of the SEC, Item 15 of Part IV has been amended to include the currently dated certifications of our principal executive officer and principal financial officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. The certifications of our principal executive officer and principal financial officer are filed with this Form 10-K/A as Exhibits 31.1 and 31.2 hereto. Because no financial statements have been included in this Form 10-K/A and this Form 10-K/A does not contain or amend any disclosure with respect to Items 307 and 308 of Regulation S-K, paragraphs 3, 4 and 5 of the certifications have been omitted. We are not including the certificate under Section 906 of the Sarbanes-Oxley Act of 2002 as no financial statements are being filed with this Form 10-K/A.

This Amendment does not amend or otherwise update any other information in the Original Filing. Accordingly, this Amendment should be read in conjunction with the Original Filing and with our filings with the SEC subsequent to the Original Filing.

Communications with the Board of Directors

Shareholders and other interested parties may communicate with members of the Board of Directors, including reporting any concerns related to governance, corporate conduct, business ethics, financial practices, legal issues and accounting or audit matters in writing addressed to the Board of Directors, or any such individual Directors or group or committee of Directors by either name or title in care of: Secretary of Eagle Bulk Shipping Inc., 300 First Stamford Place, 5th Floor, Stamford, Connecticut 06902.

Board of Directors Leadership Structure

We recognize that different Board of Directors leadership structures may be appropriate for the Company during different periods of time and under different circumstances. We believe that our current Board of Directors leadership structure is suitable for us because it allows us to consider a broad range of opinions in the course of our Board of Directors deliberations, including those with knowledge of the Company's day-to-day operations and business strategy, as well as those with an experienced independent viewpoint.

Our Board of Directors has determined that the Company should maintain separate roles for our Chairman of the Board of Directors and Chief Executive Officer. We believe this leadership structure is currently in the best interests of the Company and our stockholders, is appropriate given the particular expertise and strengths of our Chairman and Chief Executive Officer, and allows the individuals to focus on their primary roles. We separate the roles of Chairman and Chief Executive Officer in recognition of the differences between the two roles. Our Chief Executive Officer has the general responsibility for implementing the policies of the Company and for the management of the day-to-day business and affairs of the Company. Our Chairman has been closely involved with the Company since its emergence from bankruptcy. Given his unique knowledge, experience and relationship with the Board of Directors, we believe his continued service as Chairman provides significant value to the Company and its shareholders, and that it is beneficial for our Chairman to lead our Board of Directors members as they provide leadership to our management team. In addition, our Chairman contributes significantly to developing and implementing our strategy; facilitating communication among the directors; developing Board of Directors meeting agendas in consultation with management; and presiding at Board and shareholder meetings. We believe that having a separate Chairman creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board of Directors to monitor whether management's actions are in the best interests of the Company and our stockholders. As a result, we believe that having a separate Chairman can enhance the effectiveness of the Board of Directors as a whole.

Our corporate governance guidelines provide the flexibility for our Board of Directors to modify or continue our leadership structure in the future, as it deems appropriate.

The Company has developed a consistent, systemic and integrated approach to risk management to help determine how best to identify, manage and mitigate significant risks throughout the Company.

The Board of Directors is responsible for overseeing management in the execution of its responsibilities, including assessing the Company's approach to risk management. The Board of Directors exercises these responsibilities periodically as part of its meetings and also through three of its committees, each of which examines various components of enterprise risk as part of its responsibilities. The Audit Committee has primary responsibility for addressing risks relating to financial matters, particularly financial reporting, accounting practices and policies, disclosure controls and procedures and internal control over financial reporting. The Nominating and Governance Committee oversees risks associated with the independence of the Board of Directors and succession planning. The Compensation Committee has primary responsibility for risks and exposures associated with the Company's compensation policies, plans and practices, regarding both executive compensation and the compensation structure generally, including whether it provides appropriate incentives that do not encourage excessive risk taking.

An overall review of risk is inherent in the Board of Directors' evaluation of the Company's long-term strategies and other matters presented to the Board of Directors. The Board of Directors' role in risk oversight of the Company is consistent with the Company's leadership structure; the CEO and other members of senior management are responsible for assessing and managing the Company's risk exposure, and the Board of Directors and its committees provide oversight in connection with those efforts.

Executive Sessions

Consistent with our corporate governance guidelines, the non-employee directors of the Board of Directors regularly hold executive sessions. The Audit Committee, in accordance with its charter, meets separately with our executives at regular intervals or as otherwise deemed appropriate throughout the year to review our financial affairs, and meets separately in sessions with the independent auditors at such times as the Audit Committee deems appropriate to fulfill its responsibilities under its charter. The independent directors met in executive sessions five times during 2015.

Item 11. Executive Compensation

COMPENSATION DISCUSSION & ANALYSIS

Introduction

This Compensation Discussion and Analysis (“CD&A”) is a discussion of how we use different elements of compensation to achieve the objectives of our executive compensation program. This information should be read in conjunction with the data and associated narrative provided in the Summary Compensation Table and other tables following this CD&A. For 2015, the following individuals were our named executive officers:

Gary Vogel, Director and Chief Executive Officer.

Adir Katzav, Chief Financial Officer.

Stanley H. Ryan, Director and former interim Chief Executive Officer.

Sophocles N. Zoullas, former Chairman and Chief Executive Officer.

Alexis P. Zoullas, former Director and Chief Operating Officer.

Compensation Objectives and Philosophy

We believe that the leadership and proven talents of our executive team are essential for our continued success and sustained financial performance. The primary objectives of our compensation program are to attract and retain highly qualified personnel for positions of substantial responsibility, and to provide incentives for such persons to perform to the best of their abilities, achieve our strategic objectives, enable the Company to compete effectively in the seaborne transportation industry and to promote the success of our business. Therefore, our compensation program is designed to attract, motivate and retain executives who possess the talent, leadership and commitment needed to operate our business, create and implement new opportunities, anticipate and effectively respond to new challenges, and make and execute difficult decisions.

The Compensation Committee believes that the Company's compensation programs should:

Align the interests of our executives with those of our shareholders;

Encourage and reward achievement of the Company's annual and longer-term performance objectives;

Promote the long-term success of the Company through an appropriate balance of current and long-term compensation opportunities;

Differentiate pay based on individual and company performance;

Reflect the market and provide competitive compensation opportunities based on performance;

Make wise use of our equity resources to ensure compatibility between senior management and shareholder interests;
and

Balance incentives for constructive risk management.

How Our Compensation Decisions Are Made

The Company's executive compensation is determined by the Company's Compensation Committee.

Role of the Board of Directors and Compensation Committee

Our Board of Directors is responsible for establishing and administering our executive compensation and equity incentive programs. This duty of the Board of Directors has been delegated to the Compensation Committee in accordance with the Compensation Committee Charter. The Compensation Committee reviews executive performance to establish compensation and approves appropriate modifications to the named executive officers' compensation. The Committee also evaluates and recommends for approval by the Board of Directors, the annual compensation of the non-employee directors and oversees the equity compensation plans.

Role of the Compensation Consultant

In accordance with its Charter, the Compensation Committee has the authority to engage, retain and terminate a compensation consultant. The Committee also has the sole authority to approve the fees of such consultant. The Compensation Committee does not currently retain the services of a consultant and did not do so during 2015.

Role of Management

The Compensation Committee has sole authority to establish annual compensation for the Company's named executive officers, and none of the named executive officers determines his own pay. At the request of the Compensation Committee, our Chief Executive Officer provides recommendations regarding compensation of our other named executive officers during the annual compensation approval process and information regarding compensation trends within the seaborne transportation industry.

Competitive Marketplace Assessment

Most of our direct business competitors are foreign companies that are not required to disclose compensation information for their executive officers on an individual basis and detailed compensation data is therefore limited or unavailable. Additionally, the management structures of comparable organizations are often non-traditional, further complicating direct comparison of positions and responsibilities. To provide context and to ensure that Eagle Bulk arrangements are reasonable, the Committee does reference compensation arrangements for executives at other similarly sized companies in the shipping industry for whom compensation data is publicly available.

Elements of the Company's Executive Compensation Program

Our compensation program is comprised of two main elements:

Fixed compensation in the form of base salary.

Variable incentive compensation which is delivered in cash and equity.

Fixed Compensation

Base Salary

Base salary provides a competitive rate of fixed pay and reflects different levels of responsibility within the Company, the skills and experience required for the job, individual performance and labor market conditions.

Variable Incentive Compensation

Annual Incentive Compensation

Due to the cyclical and volatile nature of the business in which the Company competes, like most companies in the shipping industry, the Company does not set performance targets with respect to incentive compensation. Instead, the Compensation Committee considers performance across a wide range of quantitative, qualitative, operational and strategic measures and determines annual incentive compensation on a discretionary basis following a comprehensive assessment of the macro-economic environment, the Company's performance, and each executive's contribution to that performance. The Committee believes that this approach provides for greater flexibility to reward executives for quick thinking and decisive actions taken to better position the Company in scenarios which may be difficult to predict or anticipate given the extreme volatility of the dry bulk shipping market.

Role of Our Shareholders

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act and SEC regulations, we submitted a non-binding proposal to our shareholders at our 2015 Annual Meeting, consisting of an advisory vote to approve the compensation of our named executive officers, or a say-on-pay vote. Shareholders approved the say-on-pay vote relating to our 2014 compensation. In light of the approval of the say-on-pay vote, the Compensation Committee did not make specific changes to our executive compensation program in response to the vote. The Compensation Committee intends to consider the outcome of the Company's say-on-pay vote when making future compensation decisions for the named executive officers.

Long-Term Incentive Compensation – Equity Awards

The Committee believes that the effective use of stock-based long-term incentive compensation has been integral to the Company's success in the past and is vital to its ability to achieve continued strong performance in the future and therefore delivers a portion of each executive's incentive compensation in the form of equity. These awards are intended to align the interests of executives with those of shareholders, enhance the personal stake of executive officers in the growth and success of the Company, provide an incentive for the executive officers' continued service at the Company, and provide an opportunity for executives to increase their stock ownership levels.

In accordance with the prepackaged reorganization plan, on October 15, 2014, the Company adopted the 2014 Equity Incentive Plan (the "2014 Plan"), which provides for equity-based compensation, including in the form of restricted shares of the Company's common stock and options to acquire shares of common stock. On October 15, 2014, in connection with the Company's emergence from bankruptcy, the Company granted equity-based compensation under the 2014 Plan to the participating senior management and other employees of the reorganized Company with 2% in the form restricted shares of the Company's common stock (on a fully diluted basis) as of such date, and two tiers of options to acquire 5.5% of the common stock (on a fully diluted basis) with different strike prices based on the equity value for the reorganized Company and a premium to the equity value, each of the foregoing to vest generally over a four year schedule through 25% annual installments commencing on the first anniversary of the grant date. The equity awards are subject to vesting, but the holders thereof are entitled to receive all dividends paid with respect to the underlying shares as if such shares had vested on the grant date (subject to forfeiture by the holder in the event that such grant is terminated prior to vesting unless the administrator of the 2014 Plan determines otherwise). The awards granted under the 2014 Plan contain adjustment provisions to reflect certain transaction involving shares of the Company's common stock, including as a result of any dividend, recapitalization, or stock split, so as to prevent any diminution or enlargement of the holder's rights under the award.

In addition, upon his commencement of employment with the Company, Mr. Vogel received 325,000 restricted shares of common stock of the Company, an option to purchase 325,000 shares of common stock at an exercise price per share equal to the fair market value of the common stock as of the grant date, and an option to purchase 325,000 shares of common stock at an exercise price per share equal to \$13.00, in each case, subject to the terms of the Company's 2014 Plan. The options shall have a five year term and shall vest ratably on each of the first four anniversaries of September 1, 2015, subject to Mr. Vogel's continued employment with the Company on each applicable vesting date. The restricted shares shall vest as to 100% of such restricted shares on September 1, 2018, subject to Mr. Vogel's continued employment with the Company on the vesting date, subject to adjustment in the event Mr. Vogel's employment is terminated by the Company without cause or by him for good reason, as set forth in his employment agreement.

Special Awards

From time to time, the Company also makes special cash incentive awards, as deemed appropriate by the Compensation Committee. The purpose of these payments is to recognize significant individual contributions that would not, in the view of the Compensation Committee, be fully accounted for under our annual compensation determinations. The amount of any special cash incentive award is determined and approved by the Compensation Committee. No named executive officer received a special award in 2015.

Other Elements

Perquisites

As a general matter, the Company does not provide perquisites for its executive officers.

401(k) Savings Plan

We provide all qualifying full-time employees with the opportunity to participate in our tax-qualified 401(k) savings plan. Our named executive officers participate in this plan on the same basis as our other full-time employees.

Employment Agreements

We have entered into an employment agreement with our Chief Executive Officer. The terms of the agreement are described in greater detail under the section entitled “Agreements with our Chief Executive Officer.”

Severance Benefits

Under the terms of his employment agreement, our Chief Executive Officer is entitled to certain payments and benefits if we terminate his employment without cause or he terminates employment for good reason, as these terms are defined in his contract. These benefits and payments are described in greater detail in the section below entitled “Potential Payments Upon Termination or Change-in-Control.”

Risk Assessment

The Compensation Committee believes that the Company's compensation objectives and policies do not create risks that are reasonably likely to have a material adverse effect on the Company. Determinations regarding incentive compensation are based on a discretionary assessment of a variety of factors related to the performance of the Company and the contributions of each executive officer to that performance. Incentive compensation awards are not tied to formulas based on short-term performance, and no one factor disproportionately affects incentive amounts, which diversifies the risk associated with any single indicator of performance. A significant portion of each executive's total compensation is delivered in the form of equity that vests over multiple years, thereby aligning the interests of our executive officers with those of our shareholders. Compensation is determined by our Compensation Committee, which is comprised solely of independent members of our Board of Directors.

Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, (the "Code"), limits the deductibility of compensation to certain employees in excess of \$1 million.

COMPENSATION COMMITTEE REPORT

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Disclosure and Analysis be included in this Report.

The Compensation Committee Consists of:

Bart Veldhuizen (Chairman)

Paul M. Leand Jr.

In addition, Mr. Vogel received 325,000 restricted shares of common stock of the Company, an option to purchase 325,000 shares of common stock at an exercise price per share equal to the fair market value of the common stock as of the grant date, and an option to purchase 325,000 shares of common stock at an exercise price per share equal to \$13.00, in each case, (i) subject to the terms of the 2014 Plan and the applicable award agreement and (ii) pursuant to the exemption from registration under Section 4(a)(2) of the Securities Act of 1933, as amended (the "Securities Act"), and Rule 506 of Regulation D thereunder. Mr. Vogel is subject to nonsolicitation and noncompetition covenants during the course of his employment and for 12 months following termination of employment for any reason.

Agreements with our former Chief Executive Officer

On October 15, 2014, we entered into an amended employment agreement with Sophocles N. Zoullas pursuant to which Mr. Zoullas served as our Chief Executive Officer through his resignation which was effective as of March 9, 2015. The agreement had an initial term of five years; however, commencing on the third anniversary of the date thereof and each anniversary thereafter, the agreement automatically extended for additional one-year terms unless, not later than 90 days prior to any such anniversary, either party thereto notifies the other party that such extension shall not take effect. Under the agreement, either our Chief Executive Officer or we were permitted to terminate the employment agreement for any reason on 30 days' written prior notice. We were also permitted to terminate our Chief Executive Officer's employment at any time for cause. On February 19, 2015, Mr. Zoullas delivered written notice (the "Notice") to the Company purporting to be a Notice of Termination for Good Reason pursuant to the employment agreement. The Notice was the first correspondence received by the Company claiming that events or circumstances constituting Good Reason for Mr. Zoullas to terminate his employment under the employment Agreement had occurred. Effective March 9, 2015, Mr. Zoullas resigned from all positions that he holds or has ever held with the Company and its subsidiaries, including, without limitation, as a member of the Board. In connection with Mr. Zoullas's resignation, on March 9, 2015, the Company, a subsidiary of the Company and Mr. Zoullas entered into a Separation Agreement and General Release (the "Separation Agreement") that, subject to certain terms and conditions

with respect to clauses (ii) and (iii) below, among other things, provides Mr. Zoullas with (i) a lump sum payment consisting of all unpaid salary and accrued unused vacation pay, (ii) the vesting of 270,270 restricted shares of common stock of the Company previously granted to Mr. Zoullas pursuant to a Restricted Stock Award Agreement, dated as of October 15, 2014, and the 2014 Plan and (iii) the Company's waiver of Mr. Zoullas's obligations pursuant to the covenant related to non-competition set forth in his employment agreement. Any and all other equity awards previously granted by the Company to Mr. Zoullas, including, without limitation, pursuant to those certain Option Award Agreements, dated as of October 15, 2014, between the Company and Mr. Zoullas shall be canceled without consideration pursuant to the Separation Agreement. Additionally, the employment agreement was terminated effective March 9, 2015 in accordance with the Separation Agreement and subject to the survival of certain provisions of the employment agreement (including the covenant related to non-solicitation set forth in the employment agreement). The Separation Agreement also includes mutual general releases and a covenant related to mutual non-disparagement.

Other Executive Officers

In accordance with the prepackaged reorganization plan, on October 15, 2014 (the "Effective Date"), the Company adopted the post-emergence Management Incentive Program, which provides for the distribution of New Eagle MIP Primary Equity in the form of shares of New Eagle Common Stock, and New Eagle MIP Options, to the participating senior management and other employees of the reorganized Company with 2% of the New Eagle Common Stock (on a fully diluted basis) on the Effective Date, and two tiers of options to acquire 5.5% of the New Eagle Common Stock (on a fully diluted basis) with different strike prices based on the equity value for the reorganized Company and a premium to the equity value, each of the foregoing to vest generally over a four year schedule through 25% annual installments commencing on the first anniversary of the Effective Date. The New Eagle MIP Primary Equity is subject to vesting, but the holder thereof is entitled to receive all dividends paid with respect to such shares as if such New Eagle MIP Primary Equity had vested on the grant date (subject to forfeiture by the holder in the event that such grant is terminated prior to vesting unless the administrator of the Management Incentive Program determines otherwise). The New Eagle MIP Options will contain adjustment provisions to reflect any transaction involving shares of New Eagle Common Stock, including as a result of any dividend, recapitalization, or stock split, so as to prevent any diminution or enlargement of the holder's rights under the award.

Effective April 27, 2015, Alexis P. Zoullas, former Chief Operating Officer of the Company and former President of Eagle Shipping International (USA) LLC, separated from the Company and any of its subsidiaries with which he held a position. On May 1, 2015, the Company, Eagle International and Mr. Zoullas entered into a Separation Agreement and General Release (the "Separation Agreement") in connection with Mr. Zoullas's separation. Subject to certain terms and conditions, the Separation Agreement provides Mr. Zoullas with, among other things, (i) a lump sum payment consisting of all unpaid salary and accrued unused vacation pay and (ii) the vesting of 40,000 restricted shares of common stock of the Company previously granted to Mr. Zoullas pursuant to a Restricted Stock Award Agreement, dated as of December 2, 2014, and the Company's 2014 Equity Incentive Plan, payable in accordance with the terms and conditions of the Separation Agreement. All other equity awards previously granted by the Company to Mr. Zoullas have been canceled. The Separation Agreement also includes mutual general release, a non-solicitation obligation on Mr. Zoullas, and a covenant related to mutual non-disparagement. Subsequent to Mr. Zoullas' separation and entering into the Separation Agreement, the 40,000 restricted shares were forfeited pursuant to the terms of the Separation Agreement.

The following table sets forth certain information regarding the beneficial ownership of the Company's outstanding common stock as of April 29, 2016 of:

each person, group or entity known to the Company to beneficially own more than 5% of our stock;
each of our Directors and Director nominees;
each of our Named Executive Officers; and

On March 30, 2016, Eagle Shipping, as borrower, and certain of its subsidiaries, as guarantors, entered into the Second Lien Loan Agreement with the Second Lien Lenders and the Second Lien Agent. The Second Lien Lenders include certain of the Company's existing shareholders, including the Chairman and Chief Executive Officer, as well as other investors. In connection with the entry into the Second Lien Loan Agreement, the Company agreed to issue up to 344,587,536 shares of common stock to the Second Lien Lenders pro rata based on their participation in the Second Lien Facility, which Second Lien Lenders will receive shares equivalent to approximately 90% of the outstanding common stock of the Company after such issuance.

In a first step, the Company issued and delivered 7,425,519 shares of common stock, representing approximately 19.4% of the Company's pre-transaction amount of outstanding shares of common stock, to the Second Lien Lenders (the "Initial Share Issuance"). In a second step and subject to certain approvals by our shareholders, the Company will issue and deliver up to an additional 335,192,945 shares of common stock, representing more than 20% of the Company's current share count, to the Second Lien Lenders (the "Additional Share Issuance") and an additional 1,969,072 shares of common stock, to the Chairman and Chief Executive Officer who participated as Second Lien Lenders (the "Director and Officer Issuance").

As of April 29, 2016 and prior to giving effect to the transactions under the Second Lien Loan Agreement, a total of 38,287,504 shares of common stock were outstanding. After giving effect to the Initial Share Issuance, a total of 45,713,023 shares of common stock (the "Pre-Shareholder Vote Pro Forma Shares") will be outstanding. The Pre-Shareholder Vote Pro Forma Shares do not include the Additional Share Issuance or the Director and Officer Issuance, which are each subject to shareholder approval, although the effects of such issuances are disclosed in the footnotes below. If shareholders approve the issuance of additional shares, we will have 382,875,040 shares of common stock (the "Post-Shareholder Vote Pro Forma Shares") outstanding.

The amounts and percentages of common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a "beneficial owner" of a security if that person has or shares "voting power," which includes the power to vote or to direct the voting of that security, or "investment power," which includes the power to dispose of or to direct the

disposition of that security. A person is also deemed to be a beneficial owner of any securities as to which that person has a right to acquire beneficial ownership presently or within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities, and a person may be deemed to be the beneficial owner of securities as to which that person has no economic interest.

Delphin was formed for the purpose of acquiring and operating dry bulk and other vessels. Under the terms of the Management Agreement, the Company provides commercial and technical supervisory vessel management services to dry bulk vessels acquired by Delphin for a fixed monthly management fee based on a sliding scale. Pursuant to the terms of the Management Agreement, the Company has been granted an opportunity to acquire for its own account any dry bulk vessel that Delphin proposes to acquire. The Company has also been granted a right of first refusal on any dry bulk charter opportunity, other than a renewal of an existing charter for a Delphin-owned vessel that the Company reasonably deems suitable for a Company-owned vessel. The Management Agreement also provides the Company a right of first offer on the sale of any dry bulk vessel by Delphin. The term of the Management Agreement is one year and is renewable for successive one year terms at the option of Delphin.

On October 15, 2014, the above referenced Management Agreement was amended and restated (as so amended and restated, the “Amended Management Agreement”). The commercial management fee is 1.25% of charter hire; provided, however, that no commercial management fee shall be payable with respect to a charter hire that is earned while a vessel is a member of a pool and with respect to which a fee is paid to the pool manager. Following Mr. S. Zoullas’ resignation on March 9, 2015, the Company no longer considers the Amended Management Agreement to be a related party transaction.

Registration Rights Agreement

On the Effective Date, and in accordance with the Plan, the Company and certain of its shareholders, including funds related to or managed by Brigade Capital Management, LP, Davidson Kempner Capital Management LP, Oaktree Capital Management, L.P. and Canyon Capital Advisors LLC, entered into a registration rights agreement. The registration rights agreement provides the shareholders party thereto with demand and piggyback registration rights with respect to certain securities of the Company held by them, subject to the requirement that such securities qualify as Registrable Securities, as defined therein.

New Eagle Equity Warrant Agreement

On the Effective Date, and in accordance with the Plan, the New Eagle Equity Warrants were issued pursuant to the terms of a warrant agreement (the "Warrant Agreement"). Each New Eagle Equity Warrant has a 7-year term (commencing on the Effective Date) and is exercisable for one share of New Eagle Common Stock (subject to adjustment as set forth in the Warrant Agreement). The New Eagle Equity Warrants are exercisable at an exercise price of \$27.82 per share (subject to adjustment as set forth in the Warrant Agreement). The Warrant Agreement contains customary anti-dilution adjustments in the event of any stock split, reverse stock split, stock dividend, reclassification, dividend or other distributions (including, but not limited to, cash dividends), or business combination transaction.

The New Eagle Equity Warrants were distributed to holders of the old equity interests of the predecessor Company (other than the consenting lenders on account of amended lender warrants or shares received upon conversion of the amended lender warrants), which were cancelled as of the Effective Date. Equity interests of the Company issued to directors, officers and employees of the Company under compensatory plans that were unvested as of the Effective Date were deemed vested automatically on the Effective Date, so that all New Eagle Equity Warrants received in exchange therefor were deemed vested.

Second Lien Loan Facility

The Second Lien Lenders include certain of the Company's existing shareholders, including the Chairman and Chief Executive Officer, as well as other investors. In connection with the entry into the Second Lien Loan Agreement, the Company agreed to issue up to 344,587,536 shares of common stock to the Second Lien Lenders pro rata based on their participation in the Second Lien Facility, which Second Lien Lenders will receive shares equivalent to approximately 90% of the outstanding common stock of the Company after such issuance.

Nominating Agreement

The Company entered into a nominating agreement on March 30, 2016, as amended (the “Nominating Agreement”), with GoldenTree Asset Management LP, acting in its capacity as investment manager or advisor to certain private investment funds and managed accounts (“GoldenTree”) in connection with GoldenTree’s participation as a lender under the Second Lien Loan Agreement, pursuant to which the Company agreed that GoldenTree will have the right to designate one individual to serve as a member of the Board of Directors and on a committee of the Board of Directors selected by GoldenTree (subject to any independence requirement imposed by law or by the rules of any national securities exchange on which the Company’s common stock may be listed or traded) so long as GoldenTree and its affiliates beneficially own a number of shares of common stock equal to or greater than 5% of the Company’s common stock at any one time outstanding and 80% of the number of shares of common stock it owned as of the effective date of the Nominating Agreement, as adjusted to give effect to the issuance and delivery of the shares of common stock under the Second Lien Loan Agreement and equitable adjustment for certain transactions.

Pre-Approval Policy for Services Performed by Independent Auditor

The Audit Committee has responsibility for the appointment, compensation and oversight of the work of the Company's independent auditor. As part of this responsibility, the Audit Committee must pre-approve all permissible services to be performed by the independent auditor. The Audit Committee has adopted an auditor pre-approval policy which sets forth the procedures and conditions pursuant to which pre-approval may be given for services performed by the independent auditor. Under the policy, the Audit Committee must give prior approval for any amount or type of service within four categories: audit, audit-related, tax services or, to the extent permitted by law, other services that the independent auditor provides. Prior to the annual engagement, the Audit Committee may grant general pre-approval for independent auditor services within these four categories at maximum pre-approved fee levels. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval and, in those instances, such service will require separate pre-approval by the Audit Committee if it is to be provided by the independent auditor. For any pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence, whether the auditor is best positioned to provide the most cost effective and efficient service and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. The Audit Committee may delegate to one or more of its members authority to approve a request for pre-approval provided the member reports any approval so given to the Audit Committee at its next scheduled meeting.
