**Item 2.02 Results of Operations and Financial Condition.**

The information contained in the first sentence of the first paragraph under Preliminary Third Quarter Financial Information below is hereby incorporated by reference into this Item 2.02.

**Item 7.01 Regulation FD Disclosure.**

As previously disclosed, on August 27, 2015, Greatbatch Ltd., a direct wholly-owned subsidiary of Greatbatch, Inc. (the Company), entered into a commitment letter with a consortium of lender banks and certain of their respective affiliates for debt financing for the Company's previously announced acquisition of Lake Region Medical Holdings, Inc. (Lake Region) consisting of (i)(A) a senior secured term loan A facility, (B) a senior secured term loan B facility and (C) a senior secured revolving credit facility and (ii) a senior unsecured bridge loan facility (as reduced by the amount of any long term debt financing issued by Greatbatch Ltd. in lieu of such bridge loan facility) (collectively, the Debt Financing).

In connection with the marketing of the Debt Financing to prospective lenders and investors, the Company will provide the following information to such prospective lenders and investors:

*Preliminary Third Quarter Financial Information*

The Company expects that its sales for the quarter ended October 2, 2015 will be approximately \$145 million. The Company expects sales to improve in the fourth quarter of 2015 as new product introductions ramp up and as customer ordering patterns begin to normalize. The Company also expects that, in connection with the announcement of third quarter financial results, it will reduce its guidance regarding sales for fiscal year 2015 from its previously announced range of \$715 to \$730 million to \$685 to \$695 million, while reaffirming its adjusted operating margin and adjusted earnings per share guidance for the year at the low end of their previously announced ranges. The Company's expected updated fiscal year 2015 sales guidance includes the negative impact of approximately \$14 to \$15 million due to foreign currency exchange rate fluctuations in comparison to fiscal year 2014. This third quarter financial information is based on financial results available to us as of the date hereof and is preliminary and unaudited. This preliminary third quarter financial information is subject to the finalization of financial and accounting procedures with respect to the third quarter of 2015 (which have yet to be performed).

The information furnished under Item 2.02 or Item 7.01 of this Current Report on Form 8-K shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (Exchange Act), or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference into any filing made by the Company under the Exchange Act or the Securities Act of 1933, as amended (the Securities Act), except as shall be expressly set forth by specific reference in such filing.

**Non-GAAP Financial Measures**

This Current Report on Form 8-K references (i) adjusted operating margin and (ii) adjusted earnings per share, which are each non-GAAP financial measures as such term is defined in Regulation G under the rules of the Securities and Exchange Commission. While the Company believes these non-GAAP measures are useful in evaluating the Company, this information should be considered as supplemental in nature and not as a substitute for or superior to the related financial information prepared in accordance with GAAP. Further, these non-GAAP financial measures may differ from similarly titled measures presented by other companies. The composition of these non-GAAP financial measures and the reasons management believes that these non-GAAP financial measures provide useful information are set forth in the Company's most recent Form 10-Q filed with the Securities and Exchange Commission.
