UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, DC 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF
1934

For the quarterly period ended September 30, 2018

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF
1934

For the transition period from to

Commission File Number 001-08499

CAPITAL PROPERTIES, INC.

(Exact name of registrant as specified in its charter)

Rhode Island 05-0386287
(State or other jurisdiction of (IRS Employer
incorporation or organization) identification No.)

5 Steeple Street, Unit 303
Providence, Rhode Island 02903
(Address of principal executive offices) (Zip Code)

(401) 435-7171

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (Section 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files.) Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer a smaller reporting company or an emerging growth company. See the definitions of the "large accelerated filer," "accelerated filer," "non-accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer	Accelerated Filer
Non-Accelerated Filer	Smaller reporting company
	Emerging Growth Company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to section 13(a) of the Exchange Act.

As of September 30, 2018, the Company had 6,599,912 shares of Class A Common Stock outstanding.

CAPITAL PROPERTIES, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017

(Unaudited)

1. Description of business:

Capital Properties, Inc. and its wholly-owned subsidiaries, Tri-State Displays, Inc., Capital Terminal Company and Dunellen, LLC (collectively referred to as “the Company”) for many years operated in two segments, leasing and petroleum storage. On December 20, 2016, the Company’s Board of Directors (“Board”) authorized the sale of the Company’s petroleum storage facility and related assets, including the Wilkesbarre Pier and petroleum transmission pipelines owned or controlled by Capital Terminal Company and Dunellen, LLC (“Petroleum Segment”), to Sprague Operating Resources, LLC, a subsidiary of Sprague Resources, LP (collectively referred to as “Sprague”) for \$23 Million subject to certain adjustments. The Company concluded that the sale of the petroleum storage facility met the criteria of a discontinued operation in conformity with United States generally accepted accounting principles (“GAAP”) and therefore the petroleum storage segment is reported as a discontinued operation for all periods presented. On January 24, 2017, the Company and Sprague entered into a definitive purchase and sale agreement (the “Sale Agreement”). The sale closed on February 10, 2017. See Note 7. With the sale of the Terminal, the Board determined that there was no longer a need to maintain Capital Terminal Company and Dunellen, LLC, and at its April 24, 2018 regularly scheduled Board meeting, it voted to liquidate and dissolve these two companies.

The Company’s continuing operations consist of the long-term leasing of certain of its real estate interests in downtown Providence, Rhode Island (upon the commencement of which the tenants have been required to construct buildings thereon, with the exception of the parking garage and Parcel 6C), the leasing of a portion of its building (“Steeple Street Building”) under short-term leasing arrangements and the leasing of locations along interstate and primary highways in Rhode Island and Massachusetts to Lamar Outdoor Advertising, LLC (“Lamar”) which has constructed outdoor advertising boards thereon. The Company anticipates that the future development of its remaining properties in and adjacent to the Capital Center area will consist primarily of long-term ground leases. Pending this development, the Company leases these parcels for public parking to Metropark, Ltd.

2. Principles of consolidation and basis of presentation:

The accompanying condensed consolidated financial statements include the accounts and transactions of the Company and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

The accompanying condensed consolidated balance sheet as of December 31, 2017, has been derived from audited financial statements and the unaudited interim condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. It is suggested that these condensed consolidated financial statements be read in conjunction with the consolidated financial statements and the notes thereto included in the Company’s latest Form 10-K for the year ended December 31, 2017. In the opinion of management, the accompanying condensed consolidated financial statements contain all adjustments (consisting solely of normal recurring adjustments) necessary to present fairly the financial position as of September 30, 2018 and the results of operations for the three and nine months ended September 30, 2018 and 2017, and cash flows for the nine months ended

September 30, 2018 and 2017.

The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year.

Environmental incidents:

The Company accrues a liability when an environmental incident has occurred and the costs are estimable. The Company does not record a receivable for recoveries from third parties for environmental matters until it has determined that the amount of the collection is reasonably assured. The accrued liability is relieved when the Company pays the liability or a third party assumes the liability. Upon determination that collection is reasonably assured or a third party assumes the liability, the Company records the amount as a reduction of expense.

Cash and cash equivalents:

For purposes of the statements of cash flows, the Company considers all highly liquid deposits purchased with a maturity of three months or less to be cash equivalents.

Investments:

Investments consist of certificates of deposit that bear interest at 2.5 percent per annum with an original maturity of March 15, 2023 plus earned interest. Each certificate of deposit (\$1,000,000) provides for a one-time penalty free withdrawal after September 16, 2018 and March 16, 2019.

Recent accounting pronouncements:

In February 2016, the FASB established Topic 842, Leases, by issuing Accounting Standards Update No. 2016-02, which requires lessors to classify leases as sales-type, direct financing, or operating leases. Topic 842 was subsequently amended by ASU No. 2018-01, Land Easement Practical Expedient for Transition to Topic 842; ASU No. 2018-10, Codification Improvements to Topic 842, Leases; and ASU No. 2018-111, Targeted Improvements. A lease is a sales-type lease if any one of the five criteria are met, each of which indicate that the lease, in effect, transfers control of the underlying asset to the lessee. If none of the five criteria are met, but two additional criteria are both met, indicating that the lessor has transferred substantially all of the risks and benefits of the underlying asset to the lessee and a third party, the lease is a direct financing lease. All leases that are not sales-type or direct financing leases are operating leases.

The new standard is effective for the company on January 1, 2019, with early adoption permitted. A modified retrospective transition approach is required, applying the new standard to all leases existing at the date of initial application. An entity may choose to use either (1) its effective date or (2) the beginning of the earliest comparative period presented as its date of initial application. The Company will adopt the new standard on January 1, 2019 and use the effective date as our date of initial application.

The new standard provides a number of practical expedients in transition. The Company will elect the “package of practical expedients”, which permits the Company not to reassess under the new standard our prior conclusions about lease identification, lease classification and initial direct costs. For additional information on the Company’s leases, see Note 5.

3. Use of estimates:

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

4. Properties and equipment:

Properties and equipment consist of the following:

	September 30,	December 31,
	2018	2017
Properties on lease or held for lease:		
Land and land improvements	\$ 4,701,000	\$ 4,701,000
Building and improvements, Steeple Street	5,831,000	5,831,000
	10,532,000	10,532,000
Office equipment	95,000	95,000
	10,627,000	10,627,000
Less accumulated depreciation:		
Properties on lease or held for lease	1,728,000	1,593,000
Office equipment	84,000	81,000
	1,812,000	1,674,000
	\$ 8,815,000	\$ 8,953,000

5. Description of leasing arrangements:

Long-term land leases:

As of September 30, 2018, the Company had entered into nine long-term land leases. The various tenants have completed construction of improvements on seven of the parcels. On Parcel 6B, construction of a 169-unit residential complex commenced in November 2016 and is not yet complete. Parcel 6C is being used as a construction staging area for the construction on Parcel 6B. On September 28, 2017, the Company entered into a long term ground lease of Parcel 20. Under the terms of the lease, tenant possession will not occur until such time as the tenant has received all necessary approvals for construction of not less than 100,000 square feet of mixed use improvements. Prior to transfer of possession, no rent is being paid by the tenant and the Company receives all rents from existing tenants and parking lease revenue and remains responsible for all expenses, including real estate taxes, related to Parcel 20. Following tenant possession, tenant is obligated not only to pay ground rent for the parcel but also to pay the Company an additional amount for thirty years to compensate the Company for the building presently located on the premises.

Under the nine land leases, the tenants may negotiate tax stabilization treaties or other arrangements, appeal any changes in real property assessments, and pay real property taxes assessed on land and improvements under these arrangements. Accordingly, with the exception of Parcel 20, real property taxes payable by the tenants are excluded from leasing revenues and leasing expenses on the accompanying consolidated statements of income and retained earnings. Real property taxes attributable to the Company's land under these leases totaled \$309,000 and \$927,000 for the three and nine months ended September 30, 2018 and \$310,000 and \$927,000, respectively, for the three and nine months ended September 30, 2017.

Under two of the long-term land leases, the Company receives contingent rentals (based on a fixed percentage of gross revenue received by the tenants) which totaled \$28,000 and \$82,000 for the three and nine months ended September 30, 2018 and \$25,000 and \$76,000 for the three and nine months ended September 30, 2017.

With respect to the Parcel 6B and 6C leases, each lessee has the right to terminate its lease at any time during the remaining term of that lease upon thirty days' notice. To date, no notice of termination has been received by the Company. The current annual rents on Parcels 6B and 6C are \$195,000 and \$200,000, respectively.

Lamar lease:

The Company, through a wholly-owned subsidiary, leases 23 outdoor advertising locations containing 44 billboard faces along interstate and primary highways in Rhode Island and Massachusetts to Lamar under a lease which expires in 2045. The Lamar lease provides, among other things, for the following: (1) the base rent will increase annually at the rate of 2.75% for each leased billboard location on June 1 of each year, and (2) in addition to base rent, for each 12-month period commencing each June 1, Lamar must pay to the Company within thirty days after the close of the lease year 30% of the gross revenues from each standard billboard and 20% of the gross revenues from each electronic billboard for such 12-month period, reduced by the sum of (a) commissions paid to third parties and (b) base monthly rent for each leased billboard display for each 12-month period. For the lease years ended May 31, 2018 and 2017, the percentage rent totaled \$119,000 and \$108,000, respectively, which amounts are included in operating revenues on the accompanying consolidated statements of income for the nine months ended September 30, 2018 and September 30, 2017.

Parking lease:

The Company leases the undeveloped parcels of land in or adjacent to the Capital Center area for public parking purposes to Metropark under a ten year lease. The lease is cancellable as to all or any portion of the leased premises at any time on thirty day's written notice in order for the Company or any new tenant of the Company to develop all or any portion of the leased premises.

Steeple Street:

At September 30, 2018, the Company has three tenants occupying 44 percent of the Steeple Street Building under short-term leases of five years or less at a current annual rental of \$82,000. The Company is recognizing the revenue from these leases on a straight-line basis over the terms of the leases. At September 30, 2018 and 2017, there was no excess of straight-line over contractual rentals. The Company also reports as revenue tenant reimbursements for common area costs and real property taxes. The Company is currently marketing the remaining portions of the building for lease and utilizes a portion of the building for its offices.

6. Income taxes, continuing operations:

Deferred income taxes are recorded based upon differences between financial statement and tax basis amounts of assets and liabilities. The tax effects of temporary differences for continuing operations which give rise to deferred tax assets and liabilities were as follows:

	September 30, 2018	December 31, 2017
Gross deferred tax liabilities:		
Property having a financial statement basis in excess		
of tax basis	\$ 844,000	\$ 825,000
Insurance premiums and accrued leasing revenues	19,000	14,000
	863,000	839,000
Less deferred tax assets	(124,000)	(36,000)
	\$ 739,000	\$ 803,000

7. Discontinued operations:

On December 20, 2016, the Company's Board of Directors voted to authorize the sale of its Petroleum Segment to Sprague for \$23 Million (the "Sale Price") subject to certain adjustments. On January 24, 2017, the Company and Sprague entered into the Sale Agreement. The sale closed on February 10, 2017.

Pursuant to the Sale Agreement, the Sale Price was reduced by \$1,040,000, the estimated cost of a turning dolphin (Dolphin Project) to be constructed by Sprague adjacent to the Pier in order that the Pier can berth Panamax sized vessels; \$1,725,000 of the Sale Price was placed in escrow to secure the Company's indemnity obligations under the Sale Agreement and \$441,000 in normal closing adjustments, transfer taxes, investment banking and other fees, other than federal and state income taxes. The net proceeds delivered to the Company amounted to \$19.8 Million.

Following receipt of the net proceeds, the Company issued a notice of mandatory redemption of 100% of the remaining Dividend Notes for a redemption price equal to the outstanding principal face amount of \$10,608,000 plus accrued interest of \$156,000. The Notes were redeemed on March 31, 2017.

In accordance with the Sale Agreement, the Company has agreed to retain and pay for the environmental remediation costs associated with a 1994 storage tank fuel oil leak which allowed the escape of a small amount of fuel oil. Since 1994, the Company and its consultants have continued to work with the Rhode Island Department of Environmental Management ("RIDEM") through the various phases of remediation and are now working to complete the final remediation plan. At December 31, 2017 the total accrual for the cost of remediation was \$434,000. During 2018, remediation costs of \$16,000 were incurred which reduced the total accrual to \$418,000. Through September 30, 2018, the company incurred professional fees of \$85,000 related to this matter. Any subsequent increases or decreases to the expected cost of remediation will be recorded in the Company's consolidated income statement and retained earnings as income or expense from discontinued operations.

The Sales Agreement also contains a cost sharing provision for the Dolphin Project whereby any variance from the initial estimate of \$1,040,000 will be borne equally by Sprague and the Company subject to certain limitations. In

May 2018 the Company received notice from Sprague that Sprague had received bids for the Dolphin Project and that the cost of the Project was estimated at \$1,923,284. Sprague requested that the Company acknowledge that it was obligated to pay 50% of the cost in excess of \$1,040,000, or \$441,642. The Company replied that pursuant to the letter agreement between the Company and Sprague (the "Letter Agreement") the Company's obligation cannot exceed \$104,000 assuming, among other things, that Sprague had been timely in securing bids for the Project and the scope of the Project as bid was consistent with the Letter Agreement.

Provided there are no breaches, the aforementioned escrow will be returned to the Company, 50 percent after 12 months and the remainder after 24 months. As the release of the funds held in escrow is contingent on no breaches in the Company's representations, warranties and covenants, the Company will report as income the escrow funds when received. In February 2018, the Company received 50 percent of the aforementioned escrow, or \$862,000, which amount is reported net of income taxes as "Gain on sale of discontinued operations, net of taxes."

Edgar Filing: CAPITAL PROPERTIES INC /RI/ - Form 10-Q

A reconciliation of the major classes of liabilities associated with the discontinued operations as of September 30, 2018 and December 31, 2017 is as follows:

	September 30,	December 31,
	2018	2017
Environmental remediation	\$ 418,000	\$ 434,000
Accounts payable, income taxes and other	-	55,000
	\$ 418,000	\$ 489,000

Revenue and income before income taxes attributable to discontinued operations for the three and nine months ended September 30, 2018 and 2017 are as follows:

	Three Months Ended		Nine Months Ended	
	September 30, 2018	September 30, 2017	September 30, 2018	September 30, 2017
Revenues	\$-	\$-	\$-	\$364,000
Operating expenses	21,000	61,000	85,000	907,000
Loss from discontinued operations before				
income taxes	(21,000)	(61,000)	(85,000)	(543,000)
Income tax (benefit)	(7,000)	(23,000)	(20,000)	(212,000)
Loss from discontinued operations, net				
of taxes	\$(14,000)	\$(38,000)	\$(65,000)	\$(331,000)

The net gain from sale of discontinued operations as of September 30, 2018 and 2017, was calculated as follows:

	Nine Months Ended	
	September 30, 2018	September 30, 2017
Gain from sale of discontinued operations before		
income taxes	\$862,000	\$8,640,000
Less income tax expense:		
Current tax expense	198,000	6,607,000
Deferred tax benefit	-	(3,177,000)
	198,000	3,430,000
Net gain from sale of discontinued operations	\$664,000	\$5,210,000

8. Fair value of financial instruments:

The Company believes that the fair values of its financial instruments, including cash and cash equivalents, investments, receivables and payables, approximate their respective book values because of their short-term nature. The fair values described herein were determined using significant other observable inputs (Level 2) as defined by GAAP.

9. Subsequent event:

At its October 30, 2018 regularly scheduled quarterly Board meeting, the Board of Directors voted to declare a quarterly dividend of \$.07 per share for shareholders of record on November 9, 2018, payable November 23, 2018.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations
FORWARD LOOKING STATEMENTS

Certain portions of this report, and particularly the Management's Discussion and Analysis of Financial Condition and Results of Operations, contain forward-looking statements within the meaning of Sections 27A of the Securities Act of 1933, as amended, and Sections 21E of the Securities Exchange Act of 1934, as amended, which represent the Company's expectations or beliefs concerning future events. The Company cautions that these statements are further qualified by important factors that could cause actual results to differ materially from those in the forward-looking statements, including, without limitation, the following: the ability of the Company to generate adequate amounts of cash; the collectability of the accrued leasing revenues when due over the terms of the long-term land leases and the early termination of the Parcel 6C land lease; the commencement of additional long-term land leases; changes in economic conditions that may affect either the current or future development on the Company's parcels; and exposure to remediation costs associated with its former operation of the petroleum storage facility. The Company does not undertake the obligation to update forward-looking statements in response to new information, future events or otherwise.

1. Overview:

Critical accounting policies:

The Company believes that its revenue recognition policy for long-term leases with scheduled rent increases meets the definition of a critical accounting policy which is discussed in the Company's Form 10-K for the year ended December 31, 2017. There have been no changes to the application of this accounting policy since December 31, 2017.

2. Liquidity and capital resources:

Historically, the Company has had adequate liquidity to fund its operations.

Cash and cash commitments:

At September 30, 2018, the Company had cash and cash equivalents of \$4,072,000. The Company and its subsidiary each maintain a checking account in the same bank and the Company maintains a checking and money market account in another bank, all of which accounts are insured by the Federal Deposit Insurance Corporation to a maximum of \$250,000. The Company periodically evaluates the financial stability of the financial institutions at which the Company's funds are held.

The Company also has \$2,025,000 in certificates of deposit (certificates) that bear interest at 2.5 percent per annum with an original maturity of March 15, 2023. One certificate (\$1,000,000) provides for a one-time penalty free withdrawal any time after September 16, 2018; the other certificate's penalty free withdrawal date is any time after March 16, 2019. The Company will continue to evaluate other investment options for any funds in excess of amounts needed for ordinary business operations.

Under the terms of a long-term land lease on Parcel 7A, the land was appraised which resulted in a rent increase in excess of 20 percent. The lease provides that an increase in excess of 20 percent will be effective ratably over four years, beginning April 1, 2018.

The lease for Parcel 2 provides for a rent adjustment in the eighth year after the initial operating period and every five years thereafter until such time as an appraisal is required under the terms of the lease. The increase is based upon the change in the Consumer Price Index- All Cities Average Urban Wage Earner as provided for in the lease. The annual increase in rent effective May 1, 2018 was \$47,000.

At September 30, 2018, the Company has three tenants occupying 44 percent of the Steeple Street Building under short-term leases (five years or less) at a current annual rental of \$82,000. The Company is currently marketing the remaining portions of the building for lease.

On February 24, 2017, the Company issued a notice of mandatory redemption of the entire remaining outstanding balance of its Dividend Notes. The principal balance plus accrued interest to the date of redemption was \$10,764,000. The Company received \$19,794,000 from the sale of its petroleum storage business after giving effect to escrows, a credit to Sprague for the cost of constructing a turning dolphin adjacent to the Pier, and other customary closing costs. The cash outlay for federal and state income taxes arising from the sale through September 30, 2017 equaled \$6,418,000. The balance of the proceeds from the sale was used to effect the redemption of the Dividend Notes on March 31, 2017.

Pursuant to the Sale Agreement and related documentation, the Company is required, at its expense, to secure an approved remediation plan and to remediate contamination caused by a 1994 leak in a 25,000 barrel storage tank at the Terminal. See Note 7. At December 31, 2017 the total accrual for the cost of remediation was \$434,000. During 2018, remediation costs of \$16,000 were incurred which reduced the total accrual to \$418,000. Through September 30, 2018, the company incurred professional fees of \$85,000 related to this matter. Any subsequent increases or decreases to the expected cost of remediation will be recorded in the Company's consolidated income statement as income or expense from discontinued operations.

The Sales Agreement also contains a cost sharing provision for the Dolphin Project whereby any variance from the initial estimate of \$1,040,000 will be borne equally by Sprague and the Company subject to certain limitations. In May 2018 Sprague received bids for the Project and based on the low bid estimated that the Project with cost \$1,923,284. Sprague requested that the Company acknowledge its responsibility to pay 50% of the Project costs in excess of \$1,040,000, which the Company has refused to do. See Note 7.

The declaration of future dividends will depend on future earnings and financial performance.

3. Results of operations:

Three months ended September 30, 2018 compared to three months ended September 30, 2017:

Leasing revenues increased \$55,000 over the 2017 level due to scheduled rent increases under Parcel 2's long-term land lease (\$12,000), increased revenue associated with public parking (\$18,000) and short-term lease arrangements (\$25,000). Interest income results from earnings on certificates of deposit and money market funds. Operating expenses decreased \$155,000 due principally to lower legal fees associated with certain tenants (\$87,000), insurance costs (\$21,000) and repairs and maintenance costs at the Steeple Street Building (\$20,000).

General and administrative expense decreased \$64,000 principally due to reduced payroll and related costs as a result of one less employee (\$57,000) offset by increased professional fees associated with development opportunities (\$13,000).

Nine months ended September 30, 2018 compared to nine months ended September 30, 2017:

Leasing revenues increased \$75,000 over the 2017 level due principally to scheduled rent increases in rents under long-term land leases (\$20,000) and short-term lease arrangements. Interest income earned on investments and money market funds totaled \$72,000. Operating expenses decreased \$171,000 due to lower legal fees and repair and maintenance costs at the Steeple Street Building.

General and administrative expense decreased \$352,000 due to 2017 bonuses for officers totaling \$245,000, reduced payroll and payroll related costs associated with two fewer employees (\$97,000) and costs associated with moving the Company's principal office in 2017 offset by increased professional fees.

For the nine months ended September 30, 2017 interest expense on the Dividend Notes was \$112,000. The Dividend Notes were entirely redeemed on March 31, 2017 following the sale of the petroleum storage business.

For information relating to the sale of the petroleum storage facility and related assets to Sprague, see Note 7. Any further expenses and increases or reduction in retained liabilities relating to the petroleum storage facility and related assets will be recognized within discontinued operations.

Item 4. Controls and Procedures

As required by Rule 13a-15 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the Company carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the period covered by this report. This evaluation was carried out under the supervision and with the participation of the Company's management, including the Company's principal executive officer and the Company's principal financial officer. Based upon that evaluation, the principal executive officer and the principal financial officer concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms.

There was no significant change in the Company's internal control over financial reporting that occurred during the Company's most recent fiscal quarter that has materially affected, or is reasonably likely to affect, the Company's internal control over financial reporting. The Company continues to enhance its internal controls over financial reporting, primarily by evaluating and enhancing process and control documentation. Management discusses with and discloses these matters to the Audit Committee of the Board of Directors and the Company's auditors.

PART II – OTHER INFORMATION

Item 6. Exhibits

(b) Exhibits:

- 3.1 Restated Articles of Incorporation (incorporated by reference to Exhibit 3.1 to the registrant's report on Form 8-K filed on April 24, 2013)
- 3.2 By-laws, as amended, October 25, 2017 (incorporated by reference to Exhibit 3.2 to the registrant's report on Form 8-K filed October 25, 2017)
- 10 Material contracts:
 - (a) Lease between Metropark, Ltd. and Company:
 - (i) Dated January 1, 2017 (incorporated by reference to Exhibit 10 to the registrant's annual report on Form 10-K for the year ended December 31, 2017)
- 31.1 Rule 13a-14(a) Certification of Chairman and Principal Executive Officer
- 31.2 Rule 13a-14(a) Certification of Treasurer and Principal Financial Officer
