## Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

### Record Date; Shares Entitled To Vote; Quorum

The Board of Directors has fixed the close of business on April 19, 2004 as the record date for Abraxas stockholders entitled to notice of and to vote at the annual meeting. Holders of common stock as of the record date are entitled to vote at the annual meeting. As of the record date, there were 36,301,243 shares of Abraxas common stock outstanding, which were held by approximately 1,594 holders of record. Stockholders are entitled to one vote for each share of Abraxas common stock held as of the record date.

The holders of a majority of the outstanding shares of Abraxas common stock issued and entitled to vote at the annual meeting must be present in person or by proxy to establish a quorum for business to be conducted at the annual meeting. Abstentions and "non-votes" are treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. "Non-votes" occur when a proxy:

- o is returned by a broker or other stockholder who does not have authority to vote;
- o does not give authority to a proxy to vote; or
- o withholds authority to vote on one or more proposals.

### Votes Required

The votes required for each of the proposals is as follows:

Election of Directors. The nominees for director who receive the most votes will be elected. Therefore, if you do not vote for a particular nominee or you indicate "withhold authority to vote" for a particular nominee on your proxy card, your abstention will have no effect on the election of directors.

Appointment of Independent Auditors. The proposal to ratify the appointment of Abraxas' independent auditors must receive the affirmative vote of the holders of a majority of the shares of Abraxas common stock represented and voting at the meeting. If you are an Abraxas stockholder and you are present in person or represented by proxy at the meeting and abstain from voting or if you do not instruct your broker on how to vote, it will have no effect on the proposal because holders of shares who have abstained or for which brokers are not able to vote will not be considered voting at the annual meeting and for purposes of approving this proposal.

### Voting of Proxies

Votes cast in person or by proxy at the annual meeting will be tabulated at the annual meeting. All valid, unrevoked proxies will be voted as directed. In the absence of instructions to the contrary, properly executed proxies will be voted in favor of each of the proposals listed in the notice of annual meeting and for the election of the nominee for director set forth herein.

3

If any matters other than those addressed on the proxy card are properly presented for action at the annual meeting, the persons named in the proxy will have the discretion to vote on those matters in their best judgment, unless authorization is withheld.

### How To Vote By Proxy; Revocability of Proxies

## Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

To vote by proxy, you must complete, sign, date, and return the enclosed proxy card in the enclosed envelope. Any Abraxas stockholder who delivers a properly executed proxy may revoke the proxy at any time before it is voted. Proxies may be revoked by:

- o delivering a written revocation of the proxy to the Abraxas Secretary before the annual meeting;
- o signing and returning a later dated proxy to the Abraxas Secretary; or
- o appearing at the annual meeting and voting in person.

Attendance at the annual meeting will not, in and of itself, constitute revocation of a proxy. An Abraxas stockholder whose shares are held in the name of its broker, bank or other nominee must bring a legal proxy from its broker, bank or other nominee to the meeting in order to vote in person.

### Deadline for Voting by Proxy

In order to be counted, votes cast by proxy must be received by mail prior to the Annual Meeting.

### Solicitation of Proxies

Proxies will be solicited by mail. Proxies may also be solicited personally, or by telephone, fax, or other means by the directors, officers, and employees of Abraxas. Directors, officers, and employees soliciting proxies will receive no extra compensation, but may be reimbursed for related out-of-pocket expenses. In addition to solicitation by mail, Abraxas will make arrangements with brokerage houses and other custodians, nominees, and fiduciaries to send the proxy materials to beneficial owners. Abraxas will, upon request, reimburse these brokerage houses, custodians, and other persons for their reasonable out-of-pocket expenses in doing so. The cost of solicitation of proxies will be paid by Abraxas.

## PROPOSAL ONE

### Election of Directors

The Articles of Incorporation of Abraxas divide the Board of Directors into three classes of directors serving staggered three-year terms, with one class to be elected at each annual meeting of stockholders. In October 2003, Harold D. Carter and Barry J. Galt were added to the Board of Directors and, in accordance with Abraxas' Amended and Restated Bylaws, will stand for election at this year's annual meeting. Mr. Carter's and Mr. Galt's appointment to the Board was recommended by a non-management director. At this year's meeting, a total of three Class III directors are to be elected for a term of three years, to hold office until the expiration of his term in 2007, or until a successor shall have been elected and shall have qualified. In order to comply with AMEX rules and the Company's Articles of Incorporation and Amended and Restated By-Laws, Mr. Phelps has agreed to stand for re-election for a two-year term expiring in 2006, instead of the normal three-year term, and be designated as a Class I Director. The nominees for Class III directors are Robert L.G. Watson, Harold D. Carter, and Barry J. Galt. James C. Phelps has been nominated to serve a two-year term

## Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

and to be designated as a Class I Director upon election. The term of the Class II directors (Messrs. Bartlett, Wagda, Cox, and Logue) expires in 2005 and the term of the current Class I director (Mr. Burke) expires in 2006.

Assuming the presence of a quorum, the nominees for director who receive the most votes will be elected. The enclosed form of proxy provides a means for stockholders to vote for or to withhold authority to vote for the nominees for director. If a stockholder executes and returns a proxy, but does not specify how the shares represented by such stockholder's proxy are to be voted, such shares will be voted FOR the election of the nominees for director. Under applicable Nevada law, in determining whether this item has received the requisite number of affirmative votes, abstentions and broker non-votes will not be counted and will have no effect.

The Board of Directors recommends a vote "FOR" the election of the nominees to the Board of Directors.

### Board of Directors and Executive Officers

Set forth below are the names, ages, and positions of the executive officers and directors of Abraxas. The term of the Class I directors of Abraxas expires in 2006, the term of the Class II directors expires in 2005 and the term of the Class III directors expires in 2004.

The Compensation Committee of the Board of Directors, which consists of Messrs. Phelps, Cox and Logue, met four times during 2003. The duties of the Compensation Committee are to review and make recommendations concerning the compensation of Abraxas' executive and non-executive officers. The Nominating and Corporate Governance Committee, which consists of Messrs. Bartlett, Burke, and Cox, met three times during 2003. The primary functions of the Nominating and Corporate Governance Committee are to develop and maintain the corporate governance policies of Abraxas and to assist the Board in identifying, screening and recruiting qualified individuals to become Board members and determining the composition of the Board and its committees including recommending nominees for annual stockholders meetings or to fill vacancies on the Board.

Each of the Board's committees has a written charter, and copies of the charters are available for review on the Company's website at [www.abraxaspetroleum.com](http://www.abraxaspetroleum.com) in the Investor Relations section.

### Board Independence

A majority of the members of the Board of Directors, as well as all members of the Audit, Compensation, and Nominating and Corporate Governance Committees, are "independent," as currently defined by the Securities and Exchange Commission and the listing standards of the American Stock Exchange. The Board of Directors also conducts an annual self-evaluation on key Board and Committee-related issues, which has proven to be a beneficial tool in the process of continuous improvement in Board functioning and communication.

### Code of Ethics

In April 2004, the Board of Directors unanimously approved the Company's Code of Ethics. This Code is a statement of the Company's high standards for ethical behavior, legal compliance and financial disclosure, and is applicable to all directors, officers, and employees. A copy of the Code of Ethics can be found in its entirety on the Company's website at [www.abraxaspetroleum.com](http://www.abraxaspetroleum.com) in the Investor Relations section. ### Stockholder Communications with Board

The Board of Directors has implemented a process by which stockholders may communicate with the Board of Directors. Any stockholder desiring to communicate with the Board of Directors may do so in writing by sending a letter addressed to The Board of Directors, c/o The Corporate Secretary. The Corporate Secretary has been instructed by the Board to promptly forward communications so received to the members of the Board of Directors.

### Nominations

The Nominating and Corporate Governance Committee is the standing committee responsible for determining the slate of director nominees for election by stockholders, which the committee recommends for consideration by the Board. All director nominees are approved by the Board prior to annual proxy

material preparation and are required to stand for election by stockholders at the next annual meeting. For positions on the Board created by a director's leaving the Board prior to the expiration of his or her current term, whether due to death, resignation, or other inability to serve, Article III of the Company's Amended and Restated Bylaws provides that a Director elected by the Board to fill a vacancy shall be elected for the unexpired term of his or her predecessor in office. During 2003, Messrs. Carter and Galt were appointed to the Board of Directors and, in accordance with Abraxas' Amended and Restated Bylaws, will stand for election at this year's annual meeting. Mr. Carter's and Mr. Galt's appointment to the Board was recommended by a non-management director.

The Nominating and Corporate Governance Committee does not currently utilize the services of any third party search firm to assist in the identification or evaluation of Board member candidates. The Nominating and Corporate Governance Committee may engage a third party to provide such services in the future, as it deems necessary or appropriate at the time in question.

The Nominating and Corporate Governance Committee determines the required selection criteria and qualifications of director nominees based upon the needs of the Company at the time nominees are considered. Minimum criteria for director nominees are determined by the Nominating and Corporate Governance Committee. A candidate must possess the ability to apply good business judgment and must be in a position to properly exercise his or her duties of loyalty and care. Candidates should also exhibit proven leadership capabilities, high integrity and experience with a high level of responsibility within their chosen fields, and have the ability to quickly understand complex principles of, but not limited to, business and finance. Candidates with potential conflicts of interest or who do not meet independence criteria will be identified and disqualified. The Nominating and Corporate Governance Committee will consider these criteria for nominees identified by the Committee, by stockholders, or through some other source. When current Board members are considered for nomination for reelection, the Nominating and Corporate Governance Committee also takes into consideration their prior Board contributions, performance and meeting attendance records.

The Nominating and Corporate Governance Committee will consider qualified candidates for possible nomination that are recommended by stockholders. Stockholders wishing to make such a recommendation may do so by sending the following information to the Nominating and Corporate Governance Committee, c/o Corporate Secretary at the address listed above: (1) name of the candidate with brief biographical information and resume; (2) contact information for the candidate and a document evidencing the candidate's willingness to serve as a director if elected; and (3) a signed statement as to the submitting stockholder's current status as a stockholder and the number of shares currently held. Any such nomination must comply with the advance notice provisions of Abraxas' Amended and Restated Bylaws. These provisions are summarized under "Stockholder Proposals for 2005 Abraxas Annual Meeting" on page 24 of this document.

The Nominating and Corporate Governance Committee conducts a process of making a preliminary assessment of each proposed nominee based upon the resume and biographical information, an indication of the individual's willingness to serve and other background information. This information is evaluated against the criteria set forth above as well as the specific needs of the Company at that time. Based upon a preliminary assessment of the candidate(s), those who appear best suited to meet the needs of the Company may be invited to participate in a series of interviews, which are used for further evaluation. The Nominating and Corporate Governance Committee uses the same process for evaluating all nominees, regardless of the original source of the information.

## Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

### Executive Compensation

#### Compensation Committee Report on Executive Compensation

The Compensation Committee is composed entirely of directors who are not employees of Abraxas. The Committee is responsible for establishing and administering the compensation levels for Abraxas' executive and non-executive officers. The members of the Compensation Committee believe that the ability to attract and retain qualified executive and non-executive officers and provide appropriate incentives to Abraxas' executive and non-executive officers is essential to the long-term success of Abraxas.

In determining executive compensation, the Committee reviews the compensation programs, pay levels and business results of Abraxas as compared to a peer group of oil and natural gas exploration and production companies, which includes those in the William M. Mercer 2003 Energy Compensation Survey.

#### Compensation Philosophy and Objectives

The philosophy underlying the development and administration of Abraxas' annual and long-term compensation plans is to align the interests of management with those of Abraxas' stockholders. Key elements of this philosophy are:

- o Establishing compensation plans that deliver base salaries which are competitive with the companies in the peer group, within Abraxas' budgetary constraints and commensurate with Abraxas' performance as measured by operating, financial, and strategic objectives.
- o Providing equity-based incentives for executive and non-executive

## Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

officers to ensure that they are motivated over the long-term to respond to Abraxas' business challenges and opportunities as owners rather than just as employees.

- o Rewarding executive and non-executive officers for outstanding performance particularly where such performance is reflected by an increase in the value of Abraxas common stock.

The compensation currently paid to Abraxas' executive and non-executive officers consists of base salary, various employee benefits (including medical and life insurance and 401(k) plan benefits generally available to all employees of Abraxas), annual cash bonuses, and grants of stock options and awards under Abraxas' 1994 Long Term Incentive Plan which we sometimes refer to as the LTIP.

### Elements of the Executive Compensation Program

**Base Salaries.** The Committee believes that Abraxas' base salary levels for executive officers are consistent with the practices of the companies in the peer group. Increases in base salary levels from time to time are designed to reflect competitive practices in the industry, Abraxas' financial performance and individual performance of the officer.

In the first quarter of each year, the Chief Executive Officer submits to the Committee recommendations for salary adjustments based upon his subjective evaluation of individual performance and his subjective judgment regarding setting each executive and non-executive officer's salary within Abraxas' salary range. This range is set by reference to the salaries paid by the companies in the peer group while remaining within Abraxas' budgetary constraints. The companies in the peer group are used to compare Abraxas' salary structure to that of other companies that compete with Abraxas for executives but without targeting salaries to be higher, lower, or approximately the same as those of the companies in the peer group. The Committee does not consider the performance of any of the companies in the peer group in setting Abraxas' salary structure.

**Annual Bonuses.** In 2003, the Board of Directors adopted an annual bonus plan, which established certain criteria for the payment of annual bonuses to the senior management of Abraxas. Under the plan, each participant is given an annual bonus opportunity based on the achievement of a goal related to the Net Asset Value ("NAV"), on a per share basis, of the Company's stock, established by the Board of Directors after assessing recommendations by the Chief Executive Officer. Bonuses may be paid in cash, stock, or a combination of both. For Messrs. Watson, Williford, and Carington, the bonus will equal the percentage increase in NAV per share over the previous year's NAV per share for the first 10% increase and twice the percentage increase thereafter with a maximum award

12

for any one year of 70% of annual salary. In 1994, the Board of Directors adopted an annual cash bonus plan, which established certain criteria for the payment of annual cash bonuses to all vice president level officers of Abraxas. The plan was amended in 1997, 1999 and again in 2003. Under the plan as amended, each participant is given an annual bonus opportunity based on the achievement of certain goals. For Mr. Wallace and Dr. Billingsley, the bonus could be as high as 25% of base salary if all goals are attained. The amount of the bonuses to be paid to Mr. Wallace and Dr. Billingsley, if any, will be based upon attaining goals set by the Board of Directors after assessing the recommendations of management for EBITDA, General and Administrative expenses, and Finding Costs. If all performance goals are met or exceeded, each participant can earn additional bonuses of up to 25% of base salary. Under both

## Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

plans, the board has the prerogative to adjust the bonus earned by any participant, including Messrs. Watson, Williford, Carington, Wallace and Dr. Billingsley, to take into account extraordinary factors not contemplated by the respective bonus plans when the impact of such contributions or factors cannot be adequately reflected by the bonus determined under the methodology described above and to determine the cash and/or share component of any earned awards. For 2003, the goals for NAV, General and Administrative expense, and Finding Costs were met and the following bonuses were earned:

Name	Bonus Amount	
----	-----	
Robert L.G. Watson	\$200,200	(1)
Chris E. Williford	120,400	(2)
Robert W. Carington, Jr.	154,000	(3)
Lee T. Billingsley	42,023	(4)
William H. Wallace	42,023	(4)

-----

- (1) Of this amount, \$177,719 will be paid in cash and \$22,481 in restricted stock. \*
- (2) Of this amount, \$101,051 will be paid in cash and \$19,349 in restricted stock. \*
- (3) Of this amount, \$121,211 will be paid in cash and \$32,789 in restricted stock. \*
- (4) Of this amount, \$32,123 will be paid in cash and \$9,900 in restricted stock. \*

\* The number of shares of stock was determined based upon a price of \$2.69 per share, which was the closing price of the Company's common stock on the AMEX on April 15, 2004.

Long-Term Incentives. In 1994, the board adopted the LTIP in order to compensate executive and non-executive officers and employees who contribute significantly to the operation of Abraxas. Up to an aggregate of 5,000,000 shares of Abraxas common stock are available for issuance under the LTIP. The LTIP makes available to the Committee a number of incentive devices such as incentive stock options and non-qualified stock options, stock appreciation rights, restricted stock, performance units, performance shares and dividend units. The Committee adopts administrative guidelines from time to time which define specific eligibility criteria, the types of awards to be employed and the value of such awards. Specific terms of each award, including minimum performance criteria, which must be met to receive payment, are provided in individual award agreements granted to each award recipient. Award agreements also contain change in control provisions. Option holdings and previous awards are not taken into account.

The board believes that the LTIP has given Abraxas the flexibility to structure awards to meet Abraxas' business needs. In making long-term incentive awards under the LTIP, the Committee seeks to ensure that the total compensation package, including cash compensation, is competitive with the compensation paid by the companies included in the Mercer Survey, yet substantially contingent upon the conclusion of individual and corporate efforts to produce attractive long-term returns to Abraxas stockholders.

CEO Compensation. Mr. Watson's salary in 2003 was based on the Committee's evaluation of his performance and Abraxas' performance, after reviewing competitive salary data from the companies included in the Mercer Survey and Abraxas' budgetary constraints. The Committee's determination of Mr. Watson's total salary was based upon the salaries paid to chief executive officers of the companies included in the Mercer Survey and the salary structure of Abraxas.

## Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

Policy on Deductibility of Compensation. In 1993, the federal tax laws were amended to limit the deduction a publicly-held company is allowed for compensation paid to the chief executive officer and to the four most highly compensated executive officers other than the chief executive officer. Generally, amounts paid in excess of \$1 million to a covered executive, other

13

than performance-based compensation, cannot be deducted. In order to constitute performance-based compensation for purposes of the tax law, the performance measures must be approved by the stockholders. Since Abraxas does not anticipate that the compensation for any executive officer will exceed the \$1 million threshold in the near term, stockholder approval necessary to maintain the tax deductibility of compensation at or above that level is not being requested. The Compensation Committee will reconsider this matter if compensation levels approach this threshold, in light of the tax laws then in effect. The Compensation Committee will consider ways to maximize the deductibility of executive compensation, while retaining the discretion necessary to compensate executive officers in a manner commensurate with performance and the competitive environment for executive talent.

Report on Repricing of Options

On December 6, 2002, the Board of Directors approved a plan pursuant to which the price of each outstanding stock option granted to employees of Abraxas with an exercise price greater than \$0.66 per share was reduced to \$0.66 per share. However, only one-half of Mr. Watson's options were repriced at \$0.66. The repricing was approved in connection with Abraxas' financial restructuring which was consummated in January 2003. As part of the negotiations that Abraxas

had undertaken with the beneficial holder of the largest block of Abraxas' then outstanding second lien notes, the holder conditioned its participation in the exchange offer for the second lien notes on the repricing. Because the Board believed that the financial restructuring, including the exchange offer, represented the best alternative available to Abraxas to reduce its long term indebtedness and to increase its liquidity, the Board approved the repricing. The effectiveness of the repricing was conditioned upon the consummation of the financial restructuring which occurred on January 23, 2003. The following table sets forth certain information concerning repricing of stock options held by any current executive officer during the ten year period ending on December 31, 2003.

#### Employment Agreements

Abraxas has entered into employment agreements with each of Messrs. Watson, Williford, Carington, and Wallace and with Dr. Billingsley pursuant to which each of Messrs. Watson, Williford, Carington, and Wallace and Dr. Billingsley will receive compensation as determined from time to time by the board in its sole discretion.

## Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

are scheduled to terminate on December 21, 2004, and shall be automatically extended for additional one-year terms unless Abraxas gives the officer 120 days notice prior to the expiration of the original term or any extension thereof of its intention not to renew the employment agreement. If, during the term of the employment agreements for each of such officers, the officer's employment is terminated by Abraxas other than for cause or disability, by the officer other

than by reason of such officer's death or retirement, or by the officer, for "Good Reason" (as defined in each officer's respective employment agreement), then such officer will be entitled to receive a lump sum payment equal to the greater of (a) his annual base salary for the last full year during which he was employed by Abraxas or (b) his annual base salary for the remainder of the term of each of their respective employment agreements.

If a change of control occurs during the term of the employment agreement for Mr. Watson, Mr. Williford, or Mr. Carington, and if subsequent to such change of control, such officer's employment is terminated by Abraxas other than for cause or disability, by reason of the officer's death or retirement or by such officer, for Good Reason, then such officer will be entitled to the following, as applicable:

Mr. Watson:

- (1) if such termination occurs prior to the end of the first year of the initial term of his employment agreement, a lump sum payment equal to five times his annual base salary;
- (2) if such termination occurs after the end of the first year of the initial term of his employment agreement but prior to the end of the second year of the initial term of his employment agreement, a lump sum payment equal to four times his annual base salary;
- (3) if such termination occurs after the end of the second year of the initial term of his employment agreement but prior to the end of the third year of the initial term of his employment agreement, a lump sum payment equal to three times his annual base salary; and
- (4) if such termination occurs after the end of the third year of the initial term of his employment agreement a lump sum payment equal to 2.99 times his annual base salary.

Mr. Williford or Mr. Carington:

- (1) if such termination occurs prior to the end of the first year of the initial term of the officer's employment agreement, a lump sum payment equal to four times the officer's annual base salary;
- (2) if such termination occurs after the end of the first year of the initial term of the officer's employment agreement but prior to the end of the second year of the initial term of the employment agreement, a lump sum payment equal to three times the officer's annual base salary; and
- (3) if such termination occurs after the end of the second year of the initial term of the officer's employment agreement, a lump sum payment equal to 2.99 times the officer's annual base salary.

Abraxas has entered into employment agreements with Mr. Wallace and Dr. Billingsley pursuant to which each of Mr. Wallace and Dr. Billingsley will receive compensation as determined from time to time by the board in its sole

discretion. The employment agreements, originally scheduled to terminate on December 31, 1998 for Dr. Billingsley and December 31, 2000 for Mr. Wallace, were automatically extended and will terminate on December 31, 2004, and may be automatically extended for an additional year if by December 1 of the prior year neither Abraxas nor Mr. Wallace or Dr. Billingsley, as the case may be, has given notice to the contrary. Except in the event of a change in control, at all times during the term of the employment agreements, each of Mr. Wallace's and Dr. Billingsley's employment is at will and may be terminated by Abraxas for any reason without notice or cause. If a change in control occurs during the term of the employment agreement or any extension thereof, the expiration date of Mr. Wallace's and Dr. Billingsley's employment agreement is automatically extended to a date no earlier than three years following the effective date of such change in control. If, following a change in control, either Mr. Wallace's or Dr. Billingsley's employment is terminated other than for Cause (as defined in each of the employment agreements) or Disability (as defined in each of the Employment Agreements), by reason of Mr. Wallace's or Dr. Billingsley's death or retirement or by Mr. Wallace or Dr. Billingsley, as the case may be, for Good Reason (as defined in each of the employment agreements), then the terminated officer will be entitled to receive a lump sum payment equal to three times his annual base salary.

If any lump sum payment to Messrs. Watson, Williford, Carington, Wallace, or Dr. Billingsley would individually or together with any other amounts paid or payable constitute an "excess parachute payment" within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended, and

applicable regulations there under, the amounts to be paid will be increased so that Messrs. Watson, Williford, Carington, Wallace, or Dr. Billingsley, as the case may be, will be entitled to receive the amount of compensation provided in his contract after payment of the tax imposed by Section 280G.

### Compensation of Directors

Stock Options. In 1999, each of Messrs. Bartlett, Cox, and Wagda were each granted options to purchase 75,000 shares of common stock at an exercise price of \$0.98 per share. In April 2003, Mr. Logue was granted options to purchase 75,000 shares of common stock at an exercise price of \$0.68, Mr. Burke was granted options to purchase 45,000 shares of common stock at an exercise price of \$0.68 and Mr. Phelps was granted options to purchase 43,000 shares of common stock at an exercise price of \$0.68. In September 2003, Mr. Carter was granted options to purchase 45,000 shares of common stock and Mr. Galt was granted options to purchase 75,000 shares of common stock both at an exercise price of \$1.01.

Other Compensation. During 2003, each director who was not an employee of Abraxas or its affiliates, received an annual fee of \$8,000 plus \$1,000 for each board meeting attended and \$500 for each committee meeting attended. Aggregate fees paid to directors in 2003 were \$149,400. Except for the foregoing, the directors of Abraxas received no other compensation for services as directors, except for reimbursement of travel expenses to attend board meetings.

### Section 16(a) Compliance

Section 16(a) of the Exchange Act requires Abraxas' directors and executive officers and persons who own more than 10% of a registered class of Abraxas equity securities to file with the Securities and Exchange Commission and the AMEX initial reports of ownership and reports of changes in ownership of

Abraxas common stock. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all such forms they file. Based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, Abraxas believes that all its directors and executive officers during 2003 complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act.

### Performance Graph

Set forth below is a performance graph comparing yearly cumulative total stockholder return on the Abraxas common stock with (a) the monthly index of stocks included in the Standard and Poor's 500 Index and (b) the Energy Capital Solutions Index (the "ECS Index") of stocks of crude oil and natural gas exploration and production companies with a market capitalization of less than \$300 million (the "Comparable Companies"). The Comparable Companies are: Brigham Exploration Company; Callon Petroleum Company; Comstock Resources Inc.; Delta Petroleum Corporation; Goodrich Petroleum Corporation; KCS Energy Inc.; Magnum Hunter Resources Inc.; Mission Resources Corporation; Parallel Petroleum Corporation; Prima Energy Corporation; Range Resources Corporation; Meridian Resource Corporation; and Wiser Oil Company. Prior to this year, Abraxas had selected the CIBC World Markets Index of stocks of crude oil and natural gas exploration and production companies with a market capitalization of less than \$300 million for industry peer companion purposes. However, CIBC no longer publishes this index and, therefore, Abraxas selected the ECS for industry peer comparison purposes.

All of these cumulative total returns are computed assuming the value of the investment in Abraxas common stock and each index as \$100.00 on December 31, 1998, and the reinvestment of dividends at the frequency with which dividends were paid during the applicable years. The years compared are 1999, 2000, 2001, 2002 and 2003.

### Audit Committee Report

The Audit Committee reviews Abraxas' financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. The Audit Committee is responsible for engaging independent auditors to perform an independent audit of Abraxas' consolidated financial statements in accordance with generally accepted accounting principles and to issue a report thereon. The Committee reviews and oversees these processes, including oversight of (i) the integrity of Abraxas' financial statements, (ii) Abraxas' independent auditors' qualifications and independence, (iii) the performance of Abraxas' independent auditors and (iv) Abraxas' compliance with legal and regulatory requirements.

In this context, the Committee met and held discussions with management and the independent auditors. Management represented to the Committee that Abraxas' consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Committee reviewed and discussed the consolidated financial statements with management and the independent auditors. The Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380), as amended.

In addition, the Committee discussed with the independent auditors the auditors' independence from Abraxas and its management, and the independent auditors provided to the Committee the written disclosures and letter required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees).

The Committee also discussed with Abraxas' independent auditors the overall scope and plans for their respective audit. The Committee met the independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of Abraxas' internal controls, and the overall quality of Abraxas' financial reporting.

20

Based on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the board has approved, that the audited financial statements be included in Abraxas' Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission. The Committee and the board also have recommended, subject to stockholder ratification, the selection of Abraxas' independent auditors for fiscal year 2004.

### Audit Committee Pre-Approval Policy

#### Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee's policy is to pre-approve all audit, audit-related and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee may also pre-approve particular services on a case-by-case basis. Wind River Resources Corporation, all of the capital stock of which was owned by Mr. Watson, owned a twin-engine airplane. The airplane was available for business use by employees of Abraxas from time to time at Wind River's cost. Abraxas paid Wind River a total of \$132,000 for use of the plane through July of 2003.

On July 29, 2003 Abraxas acquired all of the shares of the capital stock of Wind River Resources Corporation. The consideration for the purchase was 106,977 shares of Abraxas common stock and \$35,000 in cash. Subsequent to this transaction, the airplane was sold.

Abraxas has adopted a policy that transactions, including loans, before July of 2002 between Abraxas and its officers, directors, principal stockholders, or affiliates of any of them, will be on terms no less favorable to Abraxas than can be obtained on an arm's length basis in transactions with third parties and must be approved by the vote of at least a majority of the disinterested directors, and does not permit any such loans after July of 2002.

### PROPOSAL TWO

#### Ratification of Selection of Independent Auditors

The Abraxas Board of Directors has selected BDO Seidman, LLP to serve as independent auditors of Abraxas for the fiscal year ending December 31, 2004. Although stockholder ratification is not required, the Board of Directors has directed that such appointment be submitted to the stockholders of Abraxas for ratification at the annual meeting. BDO Seidman, LLP provided audit services to Abraxas for the year ended December 31, 2003. A representative of BDO Seidman, LLP will be present at the Annual Meeting, and will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions. No representative of Deloitte & Touche LLP will be present at the annual meeting.

On April 22, 2003, the Board of Directors engaged the accounting firm of BDO Seidman, LLP as Abraxas' certifying accountant for the year ended December 31, 2003. The decision to approve the dismissal of Deloitte & Touche LLP and engagement of BDO Seidman, LLP was approved by the Audit Committee and the entire Board of Directors. Deloitte & Touche LLP was notified of their dismissal on April 22, 2003.

The reports of Deloitte & Touche LLP on Abraxas' financial statements for the two fiscal years ended December 31, 2001 and 2002 did not contain any adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with the audits of Abraxas' financial statements for each of the two fiscal years ended December 31, 2001 and 2002, there were no disagreements with Deloitte & Touche LLP on any matters of accounting principles, financial statement disclosure or audit scope and procedures which, if not resolved to the satisfaction of Deloitte & Touche LLP, would have caused the firm to make reference to the matter in its report. During each of the two fiscal years ended December 31, 2001 and 2002, there were no reportable events

as described in Item 304(a)(1)(v) of Regulation S-K.

Assuming the presence of a quorum, the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy and entitled to vote on this item at the annual meeting is necessary to ratify the appointment of Abraxas' independent auditors. The enclosed form of proxy provides a means for stockholders to vote for the ratification of selection of independent auditors, to vote against it or to abstain from voting with respect to it. If a stockholder executes and returns a proxy, but does not specify how the shares represented by such stockholder's proxy are to be voted, such shares will be voted FOR the ratification of selection of independent auditors. Under applicable Nevada law, in determining whether this item has received the requisite number of affirmative votes, abstentions and broker non-votes will not be counted and will have no effect.

The Board of Directors recommends a vote "FOR" the ratification of the selection of BDO Seidman, LLP as independent auditors of Abraxas for the fiscal year ending December 31, 2004.
