The Compensation Committee also approved a \$25,000 special cash bonus to Mr. Feder, payable on or before December 31, 2006, for his exceptional performance on certain projects during 2006.

**ITEM 8.01. Other Events.**

In May 2001, Safeguard entered into a \$26.5 million loan agreement with Warren V. Musser, Safeguard's former Chairman and Chief Executive Officer. The proceeds of the loan were used to repay margin loans guaranteed by Safeguard in October 2000. Through September 30, 2006, Safeguard has recognized net impairment charges against the loan of \$15.4 million to the estimated value of the collateral that Safeguard held at each respective date. Safeguard's carrying value of the loan at September 30, 2006 was \$0.4 million. Safeguard's continuing efforts to collect Mr. Musser's outstanding loan obligation have included the sale of existing collateral, obtaining and selling additional collateral, litigation and negotiated resolution. Since 2001 and through September 30, 2006, Safeguard has received a total of \$15.2 million in cash payments on the loan. Safeguard recently restructured the obligation to reduce the amount outstanding to \$14.8 million, bearing interest at a rate of 5% per annum, so that we could obtain new collateral, which is expected to be the primary source of repayment, along with additional collateral required to be provided to us over time. Safeguard will continue to evaluate the value of the collateral compared to the carrying value of the note on a quarterly basis. Cash payments, when received, will reduce the carrying value of the note, and thereafter, will be recognized as income in our statements of operations.
