PROXY STATEMENT SOLICITATION OF PROXIES

This solicitation of the enclosed proxy is made by the Board of Directors (the "Board") of Unifi, Inc. (the "Company") for use at the Annual Meeting of Shareholders to be held Wednesday, October 22, 2003, at 10:00 A.M. Eastern Daylight Savings Time, at the Company's corporate headquarters located at 7201 West Friendly Avenue, Greensboro, North Carolina, or at any adjournment or adjournments thereof. This statement and the form proxy will first be mailed to the Shareholders entitled to notice of the Annual Meeting of Shareholders on or about September 22, 2003.

The expense of this solicitation will be borne by the Company. Solicitations of proxies may be made in person, by mail or by telephone, telegraph or electronic means by Directors, officers and regular employees of the Company who will not be specially compensated in such regard. In addition, the Company has retained D. F. King & Company to assist in the solicitation of proxies and will pay such firm a fee estimated not to exceed \$6,500 plus reimbursement of expenses. Arrangements will be made with brokers, nominees and fiduciaries to send proxies and proxy materials, at the Company's expense, to their principals.

The Company's common stock, par value \$.10 per share is the only class of stock of the Company. Shareholders of record, as of the close of business on September 12, 2003, will be entitled to notice of and to vote at the meeting or any adjournment thereof. On September __, 2003, the Company had outstanding _____ shares of its common stock. Each share of the Company's common stock entitles the holder to one vote with respect to all matters coming before the meeting and all of such shares vote as a single class.

All shares represented by valid proxies received pursuant to this solicitation and not revoked before they are exercised will be voted in the manner specified therein. If no specification is made with respect to the matter to be acted upon, the shares represented by the proxies will be voted (i) in favor of Proposal No. 1, the amendment to the Company's Restated Certificate of Incorporation reducing the required minimum number of Directors on the Board of Directors from nine (9) to seven (7) members; (ii) in favor of Proposal No. 2, to elect the nine (9) nominees for Director; and (iii) in the discretion of the proxy holders on any other matters presented at the Annual Meeting of Shareholders. **If the enclosed form of proxy is executed and returned it may, nevertheless, be revoked at any time before it is voted by written notice to the Secretary of the Company, by submitting a properly signed proxy with a later date or by the Shareholder personally attending and voting his or her shares at the meeting.**

<Page>

VOTING OF SHARES

The holders of a majority of the outstanding shares entitled to vote, present in person or represented by proxy at this meeting, will constitute a quorum for the transaction of business. New York law and the Company's By-Laws require the presence of a quorum at Annual Meetings of Shareholders. Abstentions and broker non-votes are counted as present for purposes of determining a quorum.

Each share represented is entitled to one vote on all matters properly brought before the meeting. Please specify

your choice by marking the appropriate boxes on the enclosed proxy card and signing it. Directors shall be elected by a plurality of the votes cast by the Shareholders at a meeting in which a quorum was present. Therefore, shares not voted and broker non-votes will have no affect on the election of Directors.

The proposed amendment to the Company's Restated Certificate of Incorporation must receive the affirmative vote of a majority of the outstanding shares of common stock of the Company. A properly executed proxy card marked "Abstain" with respect to this proposal will not be voted. In addition, broker non-votes will not be voted with respect to this proposal. Accordingly, abstentions and broker non-votes will have the effect of a vote "Against" the proposal to amend the Company's Restated Certificate of Incorporation.

**PROPOSAL TO AMEND THE RESTATED CERTIFICATE OF INCORPORATION
TO DECREASE THE MINIMUM NUMBER OF DIRECTORS ON THE BOARD OF DIRECTORS FROM
NINE (9) TO SEVEN (7) MEMBERS**
(Item 1 on the Proxy Card)

On July 23, 2003, the Board of Directors unanimously approved, and recommended for adoption by shareholders at the Annual Meeting of Shareholders, an amendment to Article Seventh of the Company's Restated Certificate of Incorporation to reduce the required minimum number of directors from nine (9) members to seven (7) members (the "Proposal" or the "Proposed Amendment"). The Board of Directors currently consists of nine (9) members.

After due consideration, the Board of Directors has determined to propose the reduction in the minimum number of directors. This determination by the Board is in furtherance of its goal of ensuring that the Company's corporate governance policies maximize accountability to the Shareholders. The Board of Directors also believes that reducing the minimum size of the Board will promote efficiencies by allowing the Company to have a slightly smaller Board which would facilitate communications and decision-making. Additionally, the Board may avoid the situation of having to quickly fill unexpected vacancies in order to meet the existing minimum size requirements. Consequently, when vacancies occur, the Board will have the flexibility to conduct an organized search for a replacement, thereby preserving the quality of the Board and maintaining its diversity of experience.

Further, the Company believes it is advisable to provide greater flexibility in determining the size of its Board of Directors, particularly in light of the trend towards somewhat smaller boards of

<Page>

3

directors with a greater percentage of outside directors. The Company believes that such flexibility is important at this time since outside directors are increasingly becoming more likely to limit the number of boards of directors on which they are willing to serve. There is a limited number of qualified persons who are willing to take on the responsibilities and liabilities of serving as a director and the number of qualified persons varies from time to time.

The Board of Directors will amend the By-Laws to the extent necessary to make them consistent with the amendment to the Restated Certificate of Incorporation. The full text of the Proposed Amendment is attached to this Proxy Statement as Appendix A. The Shareholders are urged to carefully read Appendix A.

Adoption of this Proposal requires the affirmative vote of the holders of a majority of the shares of common stock of the Company outstanding and entitled to vote at the 2003 Annual Meeting of the Shareholders.

The Board of Directors recommends that the Shareholders vote in favor of the Proposed Amendment to the Company's Restated Certificate of Incorporation.

ELECTION OF DIRECTORS
(Item 2 on the Proxy Card)

The Company's Restated Certificate of Incorporation and By-laws permit the Board to set the number of directors, by majority vote; however, as previously discussed, the Board must presently consist of nine (9) members. If Proposal 1 is adopted, the required minimum size of the Board would be decreased to seven (7) members. On July 23, 2003, Mr. Robert A. Ward retired from the Board. In connection with his retirement, the Board fixed the size of the Board at nine (9) members. Nine (9) directors, constituting the entire Board, are to be elected at the Annual Meeting of Shareholders.

All the nominees for election are presently serving and have consented to be named in this proxy statement and to serve, if elected. Although the Board of Directors expects that each of the nominees will be available for election, in the event a vacancy in the slate of nominees is occasioned by death or other unexpected occurrence, it is intended that shares represented by proxies in the accompanying form will be voted for the election of a substitute nominee selected by the persons named in the proxy.

Set forth below is the name of each nominee for election to the Board of Directors, as well as each such person's age, his or her current principal occupation (which has continued for at least the past five years unless otherwise indicated) together with the name and principal business of the company by which such person is employed, the period during which such person has served as Director, all positions and offices that such person holds with the Company and such person's directorships in other companies with a class of securities registered pursuant to Section 12 of the Exchange Act or subject to the requirements of Section 15(d) of the Exchange Act or companies

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has three (3) standing committees: the *Compensation Committee*, the *Audit Committee*, and the *Corporate Governance and Nominating Committee*. The *Compensation Committee* (composed of Messrs. Carter, Langone, Orr and Ms. Cole) met three times during the last fiscal year. The *Audit Committee* (composed of Messrs. Orr, Bourne, and Armfield each of whom is independent under existing SEC and New York Stock Exchange requirements) met four times during the last fiscal year. The *Corporate Governance Committee* (composed of Messrs. Carter, Bourne, and Davis) met two times during the last fiscal year. The Company expects that the members of each of its committees will comply with SEC and NYSE requirements, relating to the applicable committees, which are in effect from time to time.

The *Compensation Committee* operates under a written charter, adopted in April 2003. Its duties include, reviewing and recommending compensation of principal officers, salary policy, benefit programs, future objectives and goals of the Company, and recommending and approving the granting of restricted stock and stock options to eligible persons under the 1999 Unifi, Inc. Long Term Incentive Plan (the "1999 Plan").

The *Audit Committee* operates under a written charter, adopted in April 2000 and amended in July 2001. Its function is to be aware of the financial reporting procedures of the Company, review with the independent auditors the plans and results of the audit engagement, and to investigate when called upon and recommend such changes as deemed desirable to the Board. The control over the financial reports of the Company is the function of Management and the objective of this committee is to act as liaison with the Board in a recommendation capacity. The Board of Directors has considered the independence of each member of the Audit Committee and has determined that each member is free from any relationship that would interfere with his exercise of independent judgment and that each member of the Audit Committee is "independent" as defined in the New York Stock Exchange Listed Company Manual.

The *Corporate Governance and Nominating Committee* operates under a written charter, adopted in April 2003. Its duties include, considering candidates for the Board of Directors recommended by Shareholders, recommending

candidates for membership on the Board and Board committees, overseeing matters of corporate governance, including Board performance, reviews and recommending compensation of non-employee Directors. The **Corporate Governance and Nominating Committee** will consider those recommendations by Shareholders which are submitted with biographical and business experience information to the Secretary of the Company, in compliance with the Shareholder Proposals provision, hereinafter set forth.

The Board of Directors met four (4) times during fiscal year 2003. All Directors attended at least seventy-five percent (75%) of the aggregate number of meetings of the Board and all committees of the Board during the period in which they served as a Director or a committee member.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION IN COMPENSATION DECISIONS

None of the members of the Compensation Committee, who are identified under the heading "Compensation Committee Report" in this proxy statement, were at any time officers or employees of the Company or any of its subsidiaries or had any relationship with the Company requiring disclosure under Securities and Exchange Commission regulations, except for (i) Mr. Langone is a Director, stockholder and Chairman of the Executive Committee of Salem National Corporation, to which the Company paid \$3,588,373 on leases of certain equipment and related services during the last fiscal year, (ii) Mr. Langone is the Chairman of the Board of Directors, principal Shareholder, President and Chief Executive Officer of Invemed Associates, LLC, to which, the Company paid \$30,000 for certain advisory services during the last fiscal year, and (iii) Mr. Orr's son, Donald Fraser Orr, Jr., is the General Manager of the Company's Polyester Business Unit, and earned an aggregate salary and bonus of approximately \$253,000 for his services during fiscal 2003. For further information related to these relationships, see "Insider Transactions" below.

INSIDER TRANSACTIONS

Mr. Langone is a Director, stockholder, and Chairman of the Executive Committee of Salem National Corporation. In fiscal year 2003, the Company paid Salem Leasing Corporation, a wholly owned subsidiary of Salem National Corporation, \$3,588,373 on leases of tractors and trailers, and for services thereto. The terms of the Company's leases with Salem Leasing Corporation are, in Management's opinion, no less favorable than the Company would have been able to negotiate with an independent third party for similar equipment and services.

Mr. Orr's son, Donald Fraser Orr, Jr., is the General Manager of the Company's Polyester Business Unit, and earned an aggregate salary and bonus of approximately \$253,000 for his services during fiscal 2003.

Mr. Langone is Chairman of the Board of Directors, principal Shareholder, President and Chief Executive Officer of Invemed Associates, Inc., an investment firm. During fiscal year 2003, such firm performed certain advisory services for the Company. The fees of \$30,000 paid to Invemed Associates, Inc. during the fiscal year ended in 2003 were, in the opinion of Management, fair and reasonable and as favorable to the Company as could have been obtained from unrelated third parties.

On December 31, 2000, the Company made loans to Mr. Webster in the amount of \$39,150, Mr. Delaney in the amount of \$25,653, Mr. Moore in the amount of \$41,851, Mr. Little in the amount of \$34,291, Mr. Caudle in the amount of \$13,502 and Mr. Smith in the amount of \$2,971 in connection with the payment of income taxes relating to stock awards granted to them under the 1999 Plan. These loans bear interest at a rate of 5.87% per annum and are

evidenced by Promissory Notes that are payable as follows: (a) interest only on December 31, 2001, December 31, 2002, December 31, 2003 and December 31, 2004; and (b) the principal of said loan plus all accrued interest on December 31, 2005.

<Page

10

Effective January 1, 2000, the Company made a loan to Mr. Delaney in the amount of \$27,352 in connection with the payment of income taxes relating to a stock award granted to him under the 1999 Plan. REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

This report of the Compensation Committee of the Board of Directors sets forth the Company's compensation policies with respect to the executives of the Company, including the named executives for whom specific compensation information is reported in the accompanying summary compensation tables.

The Compensation Committee during fiscal year 2003 was composed of non-employee Directors. The Compensation Committee reviews and recommends to the Board of Directors the compensation of the employee Directors as well as other executive officers of the Company. Its duties also include the review of performance and approval of salaries and other types of compensation for senior management of the Company; advising senior management with respect to the range of compensation to be paid to other employees of the Company; and making recommendations to the full Board concerning benefit plans for the Company's Directors, officers and employees, the granting of restricted stock and stock options under the 1999 Plan and recommending benefit programs and future objectives and goals of the Company.

IN GENERAL

The Compensation Committee views executive compensation in three component parts: base

<Page>

13

salary; annual incentive compensation and long-term incentive compensation. The primary goals of the Compensation Committee in setting executive compensation are: (i) to ensure that the Company's compensation program for executive officers attracts and retains qualified, talented, and highly motivated personnel, links executive compensation to corporate and individual performance, and is administered in an equitable manner; and (ii) to align the interest of the executives with those of our shareholders and also with the Company's performance.

The annual and long-term incentive portions of the executive's compensation are intended to achieve the Compensation Committee's goal of aligning the executive's interest with those of our shareholders and with Company performance. These portions of an executive's compensation are placed at risk and are linked to the accomplishment of specific results that are designated to benefit our shareholders and the Company, both in the long and short term. As a result, during years of excellent performance, the executives are provided the opportunity to earn a higher competitive level of compensation and, conversely, in years of below average performance, their compensation may be below competitive levels.

The Compensation Committee has considered the impact of Section 162(m) of the Internal Revenue Code on the Company's executive compensation program. Section 162(m) denies a public company a deduction, except in limited circumstances, for compensation paid to "covered employees," i.e., those employees named in the "Summary Compensation Table" below, to the extent such compensation exceeds \$1,000,000. Based on its review of the likely impact of Section 162(m), the Compensation Committee may in the future recommend changes to the Company's benefit plans in order to qualify compensation paid to covered employees for such exception.

BASE SALARIES

The Compensation Committee recommends to the Board of Directors base salaries they think are fair and reasonable for the services rendered by the respective executive officers and to retain his or her services. The Compensation Committee evaluates the base salary of each of the executive officers on an annual basis, or more frequently if appropriate, and recommends to the entire Board any changes in such base salary levels. In making such evaluations and recommendations, the Compensation Committee considers the historical practices of the Company, the officer's leadership and advancement of the Company's long term strategy, plans and objectives, individual performance and contribution to the Company's success and salary levels of other executives holding similar positions in certain other textile companies. Base salary adjustments are approved by the full Board. The base salary for Mr. Parke is covered by an agreement with the Company.

ANNUAL INCENTIVE COMPENSATION

The Company rewards executives based on each fiscal year's results and reflects a balance between overall corporate performance and performance of the specific areas of the Company under the individual's control. The annual cash incentive compensation, in the form of bonuses is payable based upon the achievement of predetermined, objective performance goals which are specific to each executive. In addition to the objective criteria, bonuses may also be granted based upon the

<Page>

14

subjective evaluation of the performance of the respective executive.

LONG-TERM INCENTIVE COMPENSATION

The 1999 Plan was approved by the Shareholders of the Company at their 1999 Annual Meeting. The 1999 Plan provides for the grant of incentive stock options, non-qualified stock options, restricted stock awards and performance-based awards.

The Company also has four other stock option plans: the 1996 Incentive Stock Option Plan; the 1996 Non-Qualified Stock Option Plan; the 1992 Incentive Stock Option Plan; and the 1987 Non-Qualified Stock Option Plan. No additional options will be granted under these four option plans however, all outstanding option grants remain in full force and effect under their respective terms.

Stock Options - Stock options provide incentive for the creation of Shareholder value over the long term since the full benefit of an executive officer's compensation package cannot be realized unless Company common stock appreciates in value during the term of the option. No stock options were granted during the last fiscal year.

Restricted Stock - Restricted stock is granted from time to time to executive officers, primarily for purposes of retention. Restricted stock is subject to forfeiture and may not be disposed of by the recipient until certain restrictions established by the Compensation Committee lapse. Recipients of restricted stock are not required to provide consideration other than the rendering of their services. No restricted stock awards were granted during the last fiscal year.

2003 COMPENSATION FOR CHIEF EXECUTIVE OFFICER

Compensation paid to Mr. Parke as CEO of the Company during the fiscal year was based on the same factors generally applicable to compensation paid to other executives of the Company. Mr. Parke's base salary was \$750,000 (as provided in his employment agreement with the Company). Mr. Parke received additional incentive compensation equal to \$250,000 for the 2003 fiscal year which represented the Compensation Committee's evaluation of Mr. Parke's superior performance in implementing the Company's long-term strategic goals.

COMMITTEE'S JUDGMENT

It is the judgment of the Compensation Committee that in fiscal 2003, and for the three fiscal years ending June 29, 2003, the total compensation to the executives was appropriate for the performance of the Company and to retain and motivate such executives in the future.

The Securities and Exchange Commission has adopted rules permitting registrants to send a single set of these reports to any household at which two or more Shareholders reside if the registrant believes they are members of the same family. Each Shareholder will continue to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information Shareholders receive and reduces the expense to the registrant. The Company has not implemented these householding rules with respect to its record holders; however, a limited number of brokerage firms have instituted householding which may impact certain beneficial owners of Company common stock. If your family has multiple accounts by which you hold Company common stock, you may have received a householding notification from your broker. Please contact your broker directly if you have any questions, require additional copies of the proxy statement or annual report, or wish to revoke your decision to household, and thereby receive multiple reports. Those options are available to you at any time.

ANNUAL REPORT

The 2003 Annual Report on Form 10-K of the Company, including financial statements, accompanies this Proxy Statement. Upon written request, the Company will provide without charge to any shareholder of record or beneficial owner of common stock a copy of the Company's Annual Report on Form 10-K for the fiscal year ended June 29, 2003 (without exhibits), including financial statements, filed with the SEC. Any such request should be directed to Willis C. Moore, III, the Company's Vice President of Investor and Government Relations, at 7201 W. Friendly Avenue, Greensboro, North Carolina 27410.

APPENDIX A

ARTICLE SEVENTH TO THE RESTATED CERTIFICATE OF INCORPORATION

Effective with the 2003 Annual Meeting of Shareholders, the Restated Certificate of Incorporation of the Company is amended by deleting Article Seventh in its entirety and replacing it with the following:

ARTICLE SEVENTH

The number of Directors shall be fixed in the By-Laws but in no case shall be less than seven (7), but this number may be increased and subsequently increased or decreased from time to time by the affirmative vote of the majority of the Board, except that the number of Directors shall not be less than seven (7). A Director shall hold office until his successor shall be elected and qualified, subject to prior death, resignation, retirement, or removal from office.

Newly created directorships resulting from an increase in the number of Directors and vacancies caused by death, resignation, retirement or removal from office, may be filled by the vote of a majority of the Directors remaining in office. Any Director elected by the Board to fill a vacancy shall serve until the next meeting of the Shareholders, at which the election of Directors is in the regular order of business, and until his successor is elected and qualified. In no case will a decrease in the number of Directors shorten the term of an incumbent Director.
