MTS Signs Reseller Agreement with Avnet Enterprise Solutions

Tuesday September 14, 11:00 am ET

Positioned to Expand US Market Share

RA'ANANA, Israel, Sept. 14 /PRNewswire-FirstCall/ -- MTS - Mer Telemanagement Solutions Ltd. (Nasdaq: MTSL - News), a leader in the enterprise communications management market, today announced that it has entered into an agreement with IT solutions integrator Avnet Enterprise Solutions, a division of Avnet, Inc. (NYSE: AVT - News), to provide telecommunications management products and services to Avnet's customers. Under the terms of the agreement, Avnet Enterprise Solutions will offer MTS' Application Suite of telemanagement and billing solutions through their direct sales force and branch locations throughout the U.S.

The agreement allows Avnet Enterprise Solutions to offer MTS' premier suite of telemanagement products to its customers, while enabling MTS to expand its share in Avnet's various markets including enterprise, government, public education, manufacturing, healthcare, finance, agriculture, wholesale trade and others. MTS' suite of products complements Avnet's existing offerings and is easily integrated into any IT solution.

The MTS Application Suite is a comprehensive, fully scalable solution that enables enterprises, organizations and service providers to be more productive by significantly reducing the cost and complexity associated with managing and monitoring internal and external communications. By maximizing these resources, universities, government agencies, airports, utilities and other enterprises can achieve greater operational cost efficiencies, comprehensive activity analysis, more effective performance and utilization monitoring, enhanced facility management, and improved management services.

MTS' Call Management solution collects and processes communications usage data to provide benefits that enable customers to control usage and abuse; allocate or bill back costs to departments and divisions; monitor employee productivity; resell equipment and services to customers or internal departments; optimize internal networks; and verify phone bills.

"Customers tell us they want comprehensive solutions, which is what this strategic alliance offers," said Jim Teter, president, Avnet Enterprise Solutions. "MTS is a great addition to our IP Telephony solution portfolio providing customers with a communication infrastructure that helps them efficiently collect and process communications usage data."

"We are pleased to partner with Avnet, which is a leader in the IP Telephony market, and to offer products that extend their telecommunication management solutions," said Eytan Bar, president & CEO of MTS. "Combined with Avnet's strong expertise in the commercial and public Sectors and value-added converged network services, MTS will assist in providing complete network lifecycle management solutions.

"Avnet's strategic implementation and customer orientation are well suited to our service philosophy," added Mr. Bar, "and this agreement follows on our strategy of expanding sales channels and market penetration of our product
