Dear Shareholder:

You are cordially invited to attend the 2011 Annual Meeting of Shareholders which will be held at the offices of Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, New York, NY at 1:00 p.m. on Thursday, May 12, 2011. Your Board of Directors looks forward to greeting those shareholders that are able to attend. On the following pages you will find the formal Notice of Annual Meeting and Proxy Statement.

For the Annual Meeting, we are pleased to take advantage of the "Notice and Access" rule adopted by the Securities and Exchange Commission to furnish proxy materials to shareholders over the internet. We believe this new process will provide you with an efficient and quick way to access your proxy materials and vote your shares, while allowing us to reduce the environmental impact of our Annual Meeting and the costs of printing and distributing the proxy materials. On or about April 1, 2011, we intend to mail to most shareholders only a Notice of Internet Availability of Proxy Materials that tells them how to access and review information contained in the proxy materials and vote electronically over the internet. If you received only the Notice in the mail, you will not receive a printed copy of the proxy materials in the mail unless you request the materials by following the instructions included in the Notice.

At the Annual Meeting, you will be asked to (i) elect two Class III Directors; (ii) ratify the appointment of Deloitte & Touche LLP as the company's auditors for the fiscal year ending December 31, 2011; (iii) approve a non-binding, advisory resolution regarding the compensation of our named executives; and (iv) consider and act upon a non-binding, advisory proposal on the frequency of the advisory vote on the compensation of our named executives. Your Board of Directors recommends that you vote your shares "FOR" proposals (i), (ii), and (iii) and for "EVERY THREE YEARS" with respect to proposal (iv). These proposals that are more fully described in the accompanying proxy statement.

Whether or not you expect to attend the Annual Meeting, it is important that your shares be represented. Please vote your shares using the internet or a toll-free telephone number, or by requesting a printed copy of the proxy materials and completing and returning by mail the proxy card and you will receive in response to your request. Instructions on using each of these voting methods are outlined in the proxy statement. Your cooperation will ensure that your shares are voted.

Thank you for your continued support.

Sincerely,

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 12, 2011

This proxy statement is furnished to shareholders of Genco Shipping & Trading Limited (“Genco” or the “Company”) in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of Genco (the “Board”) for use in voting at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held at the offices of Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, New York, NY, on May 12, 2011 at 1:00 p.m., and at any adjournment or postponement thereof.

This proxy statement, the accompanying form of proxy and the Notice of Internet Availability are first being mailed to shareholders on or about April 1, 2011.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Purpose of the Annual Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Shareholders. Each proposal is described in more detail in this proxy statement.

Record Date and Outstanding Shares

The Board has fixed the close of business on March 15, 2011 as the record date (the “Record Date”) for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. Only shareholders of record at the close of business on that date will be entitled to vote at the Annual Meeting or any and all adjournments or postponements thereof. As of March 15, 2011, Genco had issued and outstanding 35,951,198 shares of common stock. The common stock comprises all of Genco’s issued and outstanding voting stock.

Revocability and Voting of Proxies

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

- by writing a letter delivered to John C. Wobensmith, Secretary of Genco, stating that the proxy is revoked;
 - by submitting another proxy with a later date; or
 - by attending the Annual Meeting and voting in person.

Please note, however, that if a shareholder's shares are held of record by a broker, bank or other nominee and that shareholder wishes to vote at the Annual Meeting, the shareholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming that shareholder's beneficial ownership of the shares.

All shares represented by valid proxies received and not revoked before they are exercised will be voted in the manner specified in the proxy.

If you are a shareholder of record and you properly sign, date and return a proxy card, but do not indicate how you wish to vote with respect to a particular nominee or proposal, then your shares will be voted “FOR” the election of such nominee, “FOR” the approval of each proposal, and “EVERY THREE YEARS” for the advisory resolution regarding the compensation of Genco’s named executives. If you indicate a choice with respect to any matter to be acted upon when voting via the Internet (or by telephone or on your returned proxy card) and you do not validly revoke it, your shares will be voted in accordance with your instructions. If you do not vote via the Internet or by telephone, or sign, date and return a proxy card, you must attend the annual meeting in person in order to vote.

If you hold your shares through an account with a bank or broker, your shares may be voted by the bank or broker if you do not provide specific voting instructions. Banks and brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on routine matters. The proposal to ratify the appointment of our independent auditors is a routine matter that is considered a “discretionary” item under NYSE rules. This means that banks and brokers may vote in their discretion on this matter on behalf of clients who have not furnished voting instructions at least ten days before the date of the annual meeting.

The proposals to (i) elect two Class III Directors; (ii) approve a non-binding, advisory resolution regarding the compensation of our named executives; and (iii) consider and act upon a non-binding, advisory proposal on the frequency of the advisory vote on the compensation of our named executives, are each non-routine matters for which brokers do not have discretionary voting power and for which specific instructions from beneficial owners are required. As a result, brokers are not allowed to vote on any of these proposals on behalf of beneficial owners if such owners do not return specific voting instructions.

Voting at the Annual Meeting

Each share of common stock outstanding on the Record Date will be entitled to one vote on each matter submitted to a vote of the shareholders, including the election of directors. Cumulative voting by shareholders is not permitted.

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast by the shareholders entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions and broker “non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Proposal	Vote Required	Effect of Abstentions	Effect of Broker “Non-Votes”
1. Election of Directors	Plurality of votes cast	No effect	No effect
2. Appointment of Independent Auditors	Affirmative vote of a majority of the common shares represented and entitled to vote	Same effect as a vote “against”	No effect

Corporate Governance

Governance Materials - All of the Company's corporate governance materials, including the committee charters of the Board and the Company's Corporate Governance Guidelines, are published on the Corporate Governance section of the Company's website under "Investor" at www.gencoshipping.com. These materials are also available in print to any shareholder upon request. The Board regularly reviews corporate governance developments and modifies its committee charters as warranted. Any modifications are reflected on the Company's website, including modifications recently made to all of its committee charters in connection with the Company's listing on the NYSE.

Director Independence - It is the Board's objective that a majority of the Board consist of independent directors. For a director to be considered independent, the Board must determine that the director does not have any material relationship with the Company. The Board follows the criteria set forth in applicable NYSE listing standards to determine director independence. The Board will consider all relevant facts and circumstances in making an independence determination.

All members of the Audit, Compensation and Nominating and Corporate Governance Committees must be independent directors as defined by applicable NYSE listing standards. Members of the Audit Committee must also satisfy a separate Securities and Exchange Commission independence requirement, which provides that they may not

accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their director compensation.

The independent directors of the Company are Rear Admiral Robert C. North, Basil G. Mavroleon, Harry A. Perrin, Nathaniel C.A. Kramer, and Mark F. Polzin. The Board has determined that each of the members of the Audit, the Compensation and the Nominating and Corporate Governance Committees, respectively, are independent as defined in the applicable NYSE listing standards. In determining that Rear Admiral North is independent, the Board considered that during 2010, the Company paid \$12,000 for the services of North Star Maritime, Inc., a marine industry consulting firm owned and operated by Rear Admiral North. The Board did not believe that these transactions would impair Rear Admiral North's ability to act independently of management. See "Certain Relationships and Related Transactions".

Code of Ethics - All directors, officers, employees and agents of the Company must act ethically at all times and in accordance with the policies comprising the Company's code of ethics set forth in the Company's Code of Ethics. Under the Company's Code of Ethics, the Board will only grant waivers for a director or an executive officer in limited circumstances and where circumstances would support a waiver. Such waivers may only be made by the Audit Committee.

The Company's Code of Ethics is available on the Company's website at www.gencoshipping.com and is available in print to any shareholder upon request.

Communicating Concerns to Directors – Shareholders or other interested parties may communicate directly with any individual director, with the Board of Directors as a group, with the Chairman or other presiding director for the non-management directors, or with non-management directors as a group pursuant to Section 303A.03 of the NYSE's Listed Company Manual. All of Genco's directors are currently non-management directors. All communications should be in writing and should be addressed to the intended recipient(s), c/o John C. Wobensmith, Secretary, 299 Park Avenue, 20th Floor, New York, New York 10171. Once the communication is received by the Secretary, the Secretary reviews the communication. Communications that comprise advertisements, solicitations for business, requests for employment, requests for contributions or other inappropriate material will not be forwarded to our directors. Other communications are promptly forwarded to the addressee.

Board Meetings and Committees

During fiscal year 2010, there were eight meetings of the Board of Directors. A quorum of Directors was present, either in person or telephonically, for all of the meetings. Actions were also taken during the year by unanimous written consent of the Directors. All directors attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings of all Committees of the Board on which they served. The Company encourages all directors to attend each annual meeting of shareholders. Five of Genco's directors attended the 2010 Annual Meeting of Shareholders on May 13, 2010.

During fiscal year 2010, Genco's Audit Committee was comprised of Harry A. Perrin, Nathaniel C.A. Kramer and Mark F. Polzin, all of whom qualify as independent under the listing requirements of the NYSE and are financially literate. Mr. Perrin is also a financial expert as defined under Item 401(h)(2) of Regulation S-K. Please refer to Mr. Perrin's biographical information starting on page 5 for his relevant experience. Through its written charter, the Audit Committee has been delegated the responsibility of reviewing with the independent auditors the plans and results of the audit engagement, reviewing the adequacy, scope and results of the internal accounting controls and procedures, reviewing the degree of independence of the auditors, reviewing the auditor's fees and recommending the engagement of the auditors to the full Board. The Audit Committee held eight meetings during fiscal year 2010.

During fiscal year 2010, Genco's Compensation Committee was comprised of Harry A. Perrin, Basil G. Mavroleon, and Nathaniel C.A. Kramer, all of whom qualify as independent under the listing requirements of the NYSE, and none of whom is an employee of Genco. Through its written charter, the Compensation Committee administers Genco's equity incentive plan and other corporate benefits programs. The Compensation Committee also considers from time to time matters of compensation philosophy and competitive status, and also reviews, approves, or recommends executive officer bonuses, equity grants and other compensation. The Compensation Committee generally does not delegate its authority, although Genco's officers are responsible for the day-to-day administration of Genco's 2005 Equity Incentive Plan. The Compensation Committee's primary processes for establishing and overseeing executive compensation can be found under "Compensation Discussion and Analysis" below. Directors'

compensation is established by the Board of Directors upon the recommendation of the Compensation Committee. The Compensation Committee held five meetings during fiscal year 2010.

During fiscal year 2010, Genco's Nominating and Corporate Governance Committee was comprised of Rear Admiral Robert C. North, Basil G. Mavroleon and Mark F. Polzin, all of whom qualify as independent under the listing requirements of the NYSE, and none of whom is an employee of Genco. Through its written charter, the Nominating and Corporate Governance Committee assists the Board in identifying qualified individuals to become Board members, in determining the composition of the Board and its committees, in monitoring a process to assess Board effectiveness and in developing and implementing the Company's corporate governance guidelines. When a vacancy exists on the Board, or when the Board determines to add an additional director, the nominating and corporate governance committee seeks out appropriate candidates from various sources, which may include directors, officers, employees and others. The committee may use consultants and search firms who may be paid fees for their assistance in identifying and evaluating candidates, but has not done so to date. The committee does not have a set of minimum, specific qualifications that must be met by a candidate for director and will review the candidate's background, experience and abilities, and the contributions the candidate can be expected to make to the collective functioning of the Board and the needs of the Board at the time. The committee considers candidates based on materials provided, and will consider whether an interview is appropriate. The committee will consider shareholder recommendations of director candidates, which should be sent to the attention of the corporate secretary at the Company's headquarters, on the same basis. The Nominating and Corporate Governance Committee held one meeting during fiscal year 2010.

As noted above, the Nominating and Corporate Governance Committee considers many factors when determining the eligibility of candidates for nomination to the Board. The Committee does not have a diversity policy; however, in the event of a vacancy, the Committee's goal is to nominate candidates from a broad range of experiences and backgrounds who can contribute to the board's overall effectiveness in meeting its mission.

Executive Sessions

Under the Corporate Governance Guidelines that the Company adopted in connection with its listing on the New York Stock Exchange to assure free and open discussion and communication among the non-management directors, the non-management directors will seek to meet at least annually and may meet as the non-management directors deem appropriate. In addition, if there are any non-management directors who are not independent directors, the independent directors shall meet in executive session at least once each year. The presiding director at any executive session with the non-management or independent directors will be the Chairman if the Chairman is present and is a non-management or independent director (as applicable) and will otherwise be selected by a majority of the non-management or independent directors (as applicable) present at the meeting. All of Genco's directors are currently non-management directors, and four executive sessions of independent directors were held in fiscal year 2010, including three meetings to consider proposed transactions between the Company and Maritime Equity Partners LLC, a company controlled by our Chairman, Peter C. Georgiopoulos.

Board Leadership Structure

As noted above, our Board is currently comprised of five independent and two non-independent directors. We recognize that different Board leadership structures may be appropriate for the Company during different periods of time and under different circumstances. We believe that our current Board leadership structure is suitable for us because it allows us to consider a broad range of opinions in the course of our Board deliberations, including those with knowledge of the Company's day-to-day operations and business strategy, as well as those with an experienced independent viewpoint.

The Board does not have a policy on whether or not the roles of President and Chairman of the Board should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee Directors or be an employee. The Board believes that it should have the flexibility to make a determination from time to time in a manner that is in the best interests of the Company and its shareholders at the time of such determination.

Our Board has placed the responsibilities of Chairman with a non-employee member of the Board which we believe fosters better accountability between the Board and our management team. Our Chairman has been closely involved with the Company since its founding. Given his unique knowledge, experience and relationship with the Board, we believe his continued service as Chairman provides significant value to the Company and its shareholders,

and that it is beneficial for our Chairman to lead our Board members as they provide leadership to our management team. In addition, our Chairman contributes significantly to developing and implementing our strategy; facilitating communication among the directors; developing Board meeting agendas in consultation with management; and presiding at Board and shareholder meetings. This delineation of duties allows the President to focus his attention on managing the day-to-day business of the Company.

Our Corporate Governance Guidelines provide the flexibility for our Board to modify or continue our leadership structure in the future, as it deems appropriate.

Risk Oversight

The Board believes that oversight of the Company's risk management efforts is the responsibility of the entire Board. It views risk management as an integral part of the Company's strategic planning process. The subject of risk management is regularly discussed at Board meetings with our President and our Chief Financial Officer. Additionally, the charters of certain of the Board's committees assign oversight responsibility for particular areas of risk. For example, our Audit Committee oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls for financial reporting. Our Nominating Committee oversees risk associated with our Corporate Governance Guidelines and Code of Ethics, including compliance with listing standards for independent directors, committee assignments and conflicts of interest. Our Compensation Committee oversees the risk related to our executive compensation plans and arrangements.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section describes the Company's compensation program as it relates to our Chairman, Peter C. Georgiopoulos, our President, Robert Gerald Buchanan, and our Chief Financial Officer, John C. Wobensmith, all of whom we refer to together as our "named executives." We treat Peter C. Georgiopoulos as an executive officer of the Company for securities laws purposes, although he is not an employee or a corporate officer and is not paid a salary or a cash bonus.

Detailed compensation information for each of the named executives is presented in the tables following this discussion in accordance with SEC rules.

Overview of 2010

Fiscal 2010 was a successful year for the Company despite a challenging global business environment and the downturn in the cyclical industry in which the Company competes. The Company made significant progress in positioning itself to improve its performance in 2011 and beyond. In particular, the Company completed the initial public offering of Baltic Trading Limited and entered into two major vessel acquisitions that are substantially complete, which the Company financed through two new credit facilities and concurrent equity and convertible notes offerings. By accomplishing the acquisition and financing of these vessels in last year's challenging environment, the Company's management thus positioned the Company to bring long-term value to shareholders.

The Company continued its record of disciplined growth in 2010 in the face of unfavorable market conditions. Our Compensation Committee considered the Company's performance for the twelve months ended September 30, 2010 against certain peer group companies described below in such metrics as amounts of and twelve-month growth in revenue, EBITDA, and operating income; net income; returns on equity and on invested capital; EBITDA, operating, and profit margins; market capitalization; and total return to shareholders. The Company's performance compared favorably in virtually all of these metrics, often ranking first or second. The Company achieved these results with a small executive team and a lean staff while maintaining relatively low general & administrative expenses on a per vessel per day basis for the drybulk industry. At the same time, 2010's market conditions resulted in lower charter rates and a negative impact to our net income. As with other drybulk shippers, 2010 saw an overall decline in the Company's stock price, despite the Company's strong financial performance.

While the Company recognizes the difficult environment, the Company believes it is important to reward the performance and contribution of our named executives during this period. The Company also believes that it is appropriate for executives' salaries to remain unchanged in light of the factors discussed above.

How Compensation is Determined

Role of Compensation Committee. Our executive compensation program is overseen by the Compensation Committee, which is composed of three non-employee directors: Basil G. Mavroleon, Nathaniel C.A. Kramer and Harry A. Perrin. The Compensation Committee establishes and administers our compensation policies, determines or recommends cash compensation of the Company's senior management and determines or recommends equity grants to the Company's senior management and other key employees under the Company's 2005 Equity Incentive Plan.

Each year, the Compensation Committee conducts an evaluation of each named executive to determine if changes in compensation are appropriate based on the considerations discussed in this section. In evaluating compensation for our named executives, the Compensation Committee reviews tally sheets and other summaries that include the

following information, as applicable for each individual:

- Salary and cash bonus compensation for prior years since 2005 (which was the year in which the Company's initial public offering occurred);
 - Restricted stock granted in prior years since 2005;

- Vested and unvested shares of restricted stock held; and
- The value of benefits and perquisites.

Role of Compensation Consultant. The Compensation Committee has selected and directly retained Steven Hall & Partners, an independent compensation consultant, to review the Company's non-employee directors' compensation program for competitiveness in regards to levels and methods of compensation and to advise on current trends and issues in non-employee directors' compensation. The Compensation Committee also retained Steven Hall & Partners for assistance in matters including evaluating compensation and performance data for peer companies; advising the Compensation Committee on current trends in executive compensation, methods of evaluation and different compensation mechanisms; and responding to other issues raised by the Compensation Committee. The Compensation Committee did not solicit recommendations from this or any other consultant as to the form or amounts of compensation to be awarded to the Company's named executives.

Role of Management. The Compensation Committee consults with our Chairman regarding compensation matters generally and with our senior executives regarding their views on their compensation and the compensation of those who report to them directly or indirectly.

Our Compensation Philosophy

The Company's goal for its executive compensation program is to attract, motivate and retain a talented team of executives who will provide leadership for the Company's success and enable the Company to compete effectively. The Company seeks to accomplish this goal in a way that aligns our executives' interests with those of our shareholders and rewards our executives for and encourages achievement of the Company's annual and longer-term performance objectives.

In light of the cyclical nature of the shipping industry and the volatile and unpredictable markets in which the Company operates, the Company does not establish targets for executive pay, and compensation levels generally are not determined through a benchmarking process. Instead, the compensation of our senior executives is generally determined or recommended by the Compensation Committee in its discretion following a review of the Company's performance and individual contributions to that performance. This approach allows flexibility in awards based on the Compensation Committee's assessment of each executive's performance and allows the Compensation Committee to tailor overall compensation to our executives as a group.

Compensation Objectives

Performance. The amount of compensation for each named executive is based on the Compensation Committee's assessment of factors including the Company's performance, the named executive's individual performance and contributions to improving shareholder value, and his level of responsibility and management experience. In order to provide proper incentives to each executive and appropriately reward performance, the Compensation Committee assesses the proper balance of short-and long-term compensation as well as the form of such compensation, such as cash or equity grants. Specific factors affecting compensation decisions for the named executives include:

- key financial measurements;
- strategic objectives such as acquisitions, dispositions or joint ventures;
- the Company's ability to acquire and dispose of vessels on favorable terms; and

- achieving operational goals for the Company or particular area of responsibility for the named executive such as operations, chartering or finance.

As the Company's overall performance is an important factor in executive compensation, the Compensation Committee compared the Company's performance to a peer group of publicly-traded drybulk and other shipping companies consisting of DHT Holdings, Inc., Eagle Bulk Shipping, Inc., General Maritime Corporation, GulfMark Offshore, Inc., Hornbeck Offshore Services, Inc., International Shipholding Corp., K-Sea Transportation Partners L.P., Overseas Shipholding Group, Inc., TBS International PLC, Diana Shipping Inc., DryShips, Inc., Excel Maritime

Carriers Ltd., Omega Navigation Enterprises, Inc., and Teekay LNG Partners L.P. The Compensation considered the Company's relative performance to this peer group on such metrics as actual amounts and 12-month growth in revenue, EBITDA, and operating income; net income; returns on equity and on invested capital; EBITDA, operating, and profit margins; market capitalization, , and total shareholder return. A detailed analysis of our financial and operational performance is contained in the Management's Discussion & Analysis section of our 2010 Annual Report on Form 10-K filed with the SEC on March 10, 2011.

In order to maintain the competitiveness of the Company's executive compensation, the Compensation Committee also compared its executive compensation arrangements to the same peer group of publicly-traded drybulk and other shipping companies except for Diana Shipping Inc., DryShips, Inc., Excel Maritime Carriers Ltd., Omega Navigation Enterprises, Inc., and Teekay LNG Partners L.P., for which executive compensation information was not publicly available. The Compensation Committee uses this group as a general frame of reference only and does not target the Company's executive compensation as a specific percentile of the executive compensation awarded in this group.

Alignment of Interests. We seek to align the interests of the named executives with those of our investors by evaluating executive performance on the basis of financial measurements which we believe are relevant measurements of long-term shareholder value. In 2010, these included:

- revenue;
- net income;
- total capital;
- return on equity;
- return on invested capital; and
- total shareholder return.

The Compensation Committee believes that use of equity incentive compensation aligns the interests of the named executives with shareholders as equity incentive compensation links a significant portion of compensation to shareholder value and investment risks because the total value of those awards corresponds to stock price appreciation.

Recruitment and Retention. To attract and retain a highly-skilled work force, we believe that the compensation of our executives should reflect the value of each named executive's job in the marketplace. We attempt to retain our executives by using continued service as a determinant of total pay opportunity. In this connection, we have provided for extended vesting terms of our equity grants to our executives.

Elements of the Compensation Program

The compensation program for the named executives consists of two main components:

- Fixed compensation comprised of base salaries; and
- Variable incentive compensation comprised of cash incentive bonuses and equity awards.

The named executives (other than Mr. Georgiopoulos) are also eligible to participate in the Company's health and other broad-based programs on the same basis as other U.S. employees and are eligible for paid time off and paid holidays.

Fixed Compensation

Base Salary. Base salaries and salary increases for the named executives (other than Mr. Georgiopoulos) depend on each named executive's:

- performance;

- the scope and importance of the functions performed by each named executive; and
- internal equity considerations.

Base salaries for such named executive are reviewed annually but are not automatically increased if the Compensation Committee believes that other elements of compensation are more appropriate in light of our stated objectives.

Variable Incentive Compensation

At the end of our fiscal year, the Compensation Committee makes incentive compensation decisions based upon considerations of the Company's financial results, the state of our operations and our strategic accomplishments during the year.

Cash Incentive Bonus. The Company awards a significant portion of annual compensation to its named executives (other than Mr. Georgiopoulos) in the form of cash bonuses, which are used to reward executives who contribute to the Company's performance. Cash bonuses are generally made at the end of the fiscal year. The Compensation Committee considers the amounts of these awards and recommends them to the Board for approval. At the end of our fiscal year, our Chairman reviews with the Compensation Committee the Company's financial results, the state of our operations and our strategic accomplishments during the year.

The salaries paid and the annual bonuses awarded to the named executives in 2010 are discussed below and shown in the Summary Compensation Table on page 17.

Equity Awards. The Company's equity incentive compensation program is designed to recognize scope of responsibilities, reward demonstrated performance and leadership, motivate future performance, align the interests of the executive with our shareholders and retain the executives through the term of the awards. The Company does not have any specific policy on the timing of award grants but has generally made one grant per year at the end of the calendar year. We consider the grant size and form of award when making award decisions.

Restricted Stock Awards. The Company believes long-term equity awards in the form of restricted stock awards are an effective way to attract and retain a talented executive team and align executives interests with those of shareholders. In determining the amounts of restricted stock awards to named executives, the Compensation Committee takes into account that the Company does not have any defined benefit retirement or similar program.

Each of the named executives received grants of restricted stock awards in 2010. Restrictions on the shares of restricted stock granted to such named executives as equity incentive compensation with respect to 2010 will lapse ratably in 25% increments on the first four anniversaries of November 15, 2010. The restrictions applicable to the shares granted to these named executives will also lapse in full upon a change of control. In addition, to the extent that such restrictions were scheduled to have lapsed during the one year period following the executive's termination of employment due to death or disability, they will lapse immediately prior to any such termination.

During the restricted period, unless otherwise determined by the Compensation Committee, each restricted stock grant entitles the named executive to receive payments from the Company of any dividends declared and paid by the Company on its common stock. As the executives share commensurately with other shareholders in receiving dividends, they likewise share in the recognition of the current income generation and future change in stock price. However, if any such restricted shares do not vest, the holders of the non-vesting shares must repay any dividends that were paid to them on the non-vesting shares unless the Board or the Compensation Committee determines otherwise.

The number of shares of restricted stock granted to our named executives in 2010 are shown in the Grants of Plan-Based Awards Table on page 18.

Other Elements

Benefits. We provide our named executives with other benefits, reflected in the All Other Compensation column in the Summary Compensation Table on page 17, that we believe are reasonable, competitive and consistent with the Company's overall executive compensation program. Our named executives (other than Mr. Georgiopoulos)

are also eligible under the same plans as all other U.S. employees for medical, dental, vision, and disability insurance and are eligible for paid time off and paid holidays. We match the 401(k) contributions of Messrs. Buchanan and Wobensmith, and pay premiums on life insurance and long-term disability insurance for Mr. Wobensmith. These benefits are intended to be competitive with benefits offered in our industry. The costs of these benefits constitute only a small percentage of each named executive's total compensation.

Compensation for Our Named Executives in 2010

The specific compensation decisions made for each of the named executives for 2010 reflect the achievement of several operational, financing, technical and commercial successes, despite a challenging market environment and the Company's mixed financial performance. A more detailed analysis of our financial and operational performance is contained in the Management's Discussion & Analysis section of our 2010 Annual Report on Form 10-K, which was filed with the SEC on March 10, 2011.

In determining the compensation of our named executives, we took into account the contributions of each named executive to the performance of the Company as a whole in establishing his compensation. The Compensation Committee viewed 2010 as a successful year for the Company punctuated by a number of achievements by our executives, including the following:

- Entering into agreements to acquire twenty-four drybulk vessels.
- Arranging for the timely delivery of nineteen vessels to their charterers at favorable rates.
 - Fixing seventeen vessels on long term time charters.
- Maintaining high charter coverage at legacy rates, thereby mitigating the effect of the market slowdown on the Company.
 - Negotiating two credit facilities on favorable terms in an unfavorable bank environment.
- Effectively managing the Company's chartering affairs, maintaining a fleet average utilization rate of approximately 99%.
 - Efficiently supervising of the activities of our technical management companies.
 - Effectively managing the Company's cash flow, breakeven levels and interest rate swaps.
 - Maintaining expenses below budgeted amounts.
- The design, implementation and completion of the initial public offering of Baltic Trading Limited.
- The completion of concurrent public offerings of \$125 million aggregate principal amount of 5% Convertible Senior Notes due August 15, 2015 and \$57.5 million of common stock.

As Mr. Georgiopoulos is the Chairman of Baltic Trading Limited and Mr. Wobensmith is its President and Chief Financial Officer, the Compensation Committee took into account compensation awards proposed to be awarded by Baltic Trading's own Compensation Committee to create a total compensation package appropriate for these individuals.

Genco Compensation

Peter C. Georgiopoulos. In determining compensation for our Chairman, the Compensation Committee considers Mr. Georgiopoulos' annual director compensation for his service on the Board. The Company relies significantly on Mr. Georgiopoulos for his contributions in determining its strategic direction and as a key participant in its relationships with investors and lenders. We expect that cash compensation and equity awards for our Chairman other than for his service as a director will be determined based on his involvement in successful strategic and

transactional work for us. Mr. Georgiopoulos receives no salary or bonus from the Company, but did receive director fees of \$35,000 in fiscal year 2010. Mr. Georgiopoulos' 2010 compensation reflects his unique role as the publicly recognized leader of the Company and a prominent figure in the shipping industry. With respect to fiscal year 2010, the Compensation Committee determined to make an award of 200,000 shares of restricted stock to Mr. Georgiopoulos with regard to his efforts in 2010 given his significant and unusual contributions during the year, including facilitating the Company's vessel acquisitions, his role in negotiations with the Company's lenders and serving as a key representative of the Company to the investment community.

Robert Gerald Buchanan. The Compensation Committee considered Mr. Buchanan's compensation in light of his efficient and profitable management of operation of the Company's vessels and his role in the successful delivery of 14 new vessels to Genco in 2010. His annual base salary was \$450,000 for 2010 and will remain the same for 2011. Mr. Buchanan's approved compensation package also included a cash bonus of \$700,000 for performance in 2010 and 25,000 shares of restricted stock as equity incentive compensation for 2010.

John C. Wobensmith. The Compensation Committee recommended Mr. Wobensmith's compensation based on his roles in arranging for the Company's vessel acquisitions and new credit facilities in the past year, as well as serving as the Company's main representative to investors and lenders, roles which the Compensation Committee believes go beyond what is typically expected of a public company chief financial officer. His annual base salary was \$450,000 for 2010 and will remain the same for 2011. Mr. Wobensmith's approved compensation package also included a cash bonus of \$1,500,000 for performance in 2010 and 75,000 shares of restricted stock as equity incentive compensation for 2010.

Baltic Trading Compensation

Peter C. Georgiopoulos. Prior to the consummation of Baltic Trading Limited's initial public offering and the establishment of its own Compensation Committee, the Compensation Committee approved an award of 358,000 restricted shares of Baltic Trading Limited's common stock in recognition of his role in the design and implementation of the initial public offering of Baltic Trading Limited and the acquisition of its initial fleet. Mr. Georgiopoulos also received director fees of \$35,000 and an award of 2,500 shares of restricted stock that the full Board determined to award to all directors for service on the Board generally. In considering Mr. Georgiopoulos' compensation, the Compensation Committee took into account that Mr. Georgiopoulos had received director fees of \$28,000 and an award of 2,500 shares of restricted stock of Baltic Trading Limited for his service as a director and that Baltic Trading Limited's Compensation Committee was proposing to award a year-end grant of 80,000 restricted shares of Baltic Trading Limited's common stock.

John C. Wobensmith. Prior to the consummation of Baltic Trading Limited's initial public offering and the establishment of its own Compensation Committee, the Compensation Committee approved an award of 108,000 restricted shares of Baltic Trading Limited's common stock in recognition of Mr. Wobensmith's role in the design and implementation of the initial public offering of Baltic Trading Limited, the acquisition of its initial fleet, and arranging for its revolving credit facility. In considering Mr. Wobensmith's compensation, our Compensation Committee took into account that Baltic Trading Limited's Compensation Committee was proposing to award a year-end grant of 25,000 restricted shares of Baltic Trading Limited's common stock.

Further details of the compensation awarded, including the terms applicable to the restricted stock grants, are set forth below in this proxy statement under "Executive Compensation."

Severance Benefits

Employment Agreements. On September 21, 2007, we entered into an employment agreement with Mr. Wobensmith for an initial two-year term which automatically extends for successive yearly terms unless either party gives notice of nonrenewal. The agreement provides for a base salary of \$300,000 during the term, which may be increased but not decreased. The agreement also confirms Mr. Wobensmith's eligibility to receive cash bonuses and awards under our 2005 Equity Incentive Plan or other successor plan in amounts that the Compensation Committee may determine. The general terms of Mr. Wobensmith's employment agreement are described in greater detail under the heading "Executive Employment Agreement" on page 20. Mr. Wobensmith's employment agreement provides for payments upon termination of his employment under certain conditions, which are described under the heading "Potential Payments upon Termination or Change-in-Control—Executive Employment Agreement" on page 21.

We entered into this agreement with Mr. Wobensmith to enhance our retention of Mr. Wobensmith, particularly in the event of an actual or rumored change in control. The provisions relating to a change in control serve to align his and our shareholders' interests by enabling Mr. Wobensmith to consider corporate transactions that are in the best interests of shareholders and our other constituents without undue concern over whether the transactions may jeopardize his employment. The change of control payments under Mr. Wobensmith's employment agreement are subject to a "double trigger," meaning that the payments are not awarded upon a change of control unless he terminates his employment for good reason or his employment is terminated without cause (other than for death or disability) within two years of a change of control. The vesting of Mr. Wobensmith's restricted stock, as with all restricted stock granted to directors, officers, and other employees to date, remains subject to a "single trigger" and thus vests immediately upon a change of control. We believe this structure strikes a balance between providing appropriate performance incentives and our executive retention goals.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation to certain employees in excess of \$1 million. So long as the Company qualifies for the exemption pursuant to Section 883 of the Internal Revenue Code of 1986, as amended, it is not subject to United States federal income tax on its shipping income (which comprised substantially all of its gross revenue in 2009). If the Company does not qualify for the Section 883 exemption, its shipping income derived from U.S. sources, or 50% of its gross shipping income attributable to transportation beginning or ending in the United States, would be subject to a 4% tax imposed without allowance for deductions. Further discussion of this exemption is provided in the Company's Annual Report on Form 10-K for the Fiscal Year ended December 31, 2010, under the heading "Risk Factors—Company Specific Risk Factors—We may have to pay tax on U.S. source income . . ." Commencing in 2010, the Company became subject to United States federal income tax on certain non-shipping income derived from its Management Agreement with Baltic Trading Limited and its agency agreement with Maritime Equity Partners LLC. However, the Company views the amount of compensation that would currently be subject to Section 162(m) not to be material. For these reasons, the Company has not sought to structure its cash bonus plan or grants under its 2005 Equity Incentive Plan to qualify for exemption under Section 162(m). The Compensation Committee intends to consider Section 162(m) in the future based on the amount of executive income and other factors.

Accounting for Stock-Based Compensation

The Company follows Accounting Standards Codification Topic 718, Stock Compensation, in accounting for nonvested stock issued under its 2005 Equity Incentive Plan.

Risk Assessment

The Compensation Committee is primarily responsible for overseeing the review and assessment of risks arising from the Company's compensation policies and practices. The Company uses a number of approaches to mitigate excessive risk-taking, including significant weighting towards long-term incentive compensation and emphasizing qualitative goals in addition to quantitative metrics. Based on its review of the Company's compensation policies and practices, the Compensation Committee determined that the risks arising from the Company's compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between any of Genco's executive officers or members of Genco's Board of Directors or compensation committee and any other company's executive officers, Board of Directors or compensation committee.

Executive Employment Agreement

We entered into a letter agreement (the "Employment Agreement") with John C. Wobensmith, our Chief Financial Officer, Principal Accounting Officer, Secretary and Treasurer, effective as of September 21, 2007, with a term continuing through September 20, 2009. The Employment Agreement provides for automatic renewal for

additional one year terms, unless either party terminates the Employment Agreement on at least 90 days' notice. The Employment Agreement provides for a base salary per annum of \$300,000 as well as discretionary bonuses as determined by the Compensation Committee in its sole discretion. Mr. Wobensmith will also be eligible to receive restricted stock and other equity grants from time to time pursuant to our 2005 Equity Incentive Plan, or any successor employee stock incentive or option plan. We will pay for life insurance and long-term disability insurance for Mr. Wobensmith pursuant to the Employment Agreement at a cost of no more than \$20,000 per annum.

Mr. Wobensmith's Employment Agreement provides for certain payments and benefits upon termination of his employment. For details, please see "Potential Payments upon Termination or Change-in-Control—Executive Employment Agreement" below.

Under his Employment Agreement, Mr. Wobensmith has agreed to protect our confidential information and not to solicit our employees for other employment for two years after termination. He has also agreed not to engage in certain defined competitive activities described in the Employment Agreement for two years after the termination of his employment with us. Certain provisions regarding competitive activities will not apply following a change of control or in the event of termination of Mr. Wobensmith by us without cause or by Mr. Wobensmith for good reason. For purposes of the Employment Agreement, change of control is defined generally as the acquisition of beneficial ownership of 30% or more of the voting power of the Company within a 12-month period or of more than 50% of such aggregate voting power or the value of our capital stock by any person or group other than Peter C. Georgiopoulos or Oaktree Capital Management, L.P., formerly Oaktree Capital Management, LLC, and its related entities; the sale of all or substantially all of our assets within a 12-month period; any merger or similar transaction in which holders of our voting stock immediately prior to such transaction do not hold at least 50% of the voting stock of the surviving entity; or a majority of the members of our Board of Directors being replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of our Board of Directors before the date of such appointment or election.

Potential Payments upon Termination or Change-in-Control

Executive Employment Agreement

Mr. Wobensmith's Employment Agreement calls for him to receive payments under certain circumstances following a termination of his employment. If Mr. Wobensmith is terminated without cause or resigns for good reason, we will pay him a pro rata bonus for the year of termination, plus a lump sum equal to double the average of his prior three years' annual incentive awards, plus double his annualized base salary, and provide medical, dental, long-term disability, and life insurance benefit plan coverage for him and his eligible dependents for a period of two years. If a termination without cause or resignation for good reason occurs within two years of a change in control, the amounts that are doubled above become tripled, and the coverage period of two years becomes three years. Mr. Wobensmith's annual incentive award for a given year is his cash bonus earned for that year and, if a termination without cause or resignation for good reason occurs within two years of a change in control, the grant date value of any equity awards granted for such year.

If a payment to Mr. Wobensmith under the Employment Agreement or otherwise after a change of control causes him to owe excise tax under Section 4999 of the Internal Revenue Code, we will fund the amount of this tax on a fully "grossed-up" basis, intended to ensure that after payment of the excise tax and any related taxes and penalties, Mr. Wobensmith retains the full amount of the payment that gave rise to the excise tax liability.

In the event of termination of Mr. Wobensmith's employment due to his death or disability, we will pay him, or his estate, a pro rata bonus for the year of termination and one year's salary and, in the case of disability, to provide

medical coverage for him and his eligible dependents for a period of one year.

The table below sets forth the payments and other benefits that would be provided to Mr. Wobensmith upon termination of his employment by us without cause or by him for good reason under the following sets of circumstances as described more fully above: change of control, no change of control, and death or disability. In each set of circumstances, we have assumed a termination as of the end of the day on December 31, 2010 and used the closing market price of our common stock on that date of \$14.40 per share for purposes of the calculations for the table below:

	Termination by Executive for Good Reason or by Company without Cause		Death or Disability
	Change of Control (1)	No Change of Control	
Cash Severance Payment			
Genco	\$12,766,785	\$2,833,333	\$450,000
Baltic Trading	\$84,736	—	—
Total	\$12,851,521	\$2,833,333	\$450,000
Estimated Present Value of Continued Benefits Following Termination (2)	\$181,974	\$111,795	\$56,078

- (1) Includes for the Company and represents for Baltic Trading the funding of the excise tax under Section 280G of the Internal Revenue Code on a fully “grossed-up” basis on severance payments made and on the value of restricted stock subject to accelerated vesting. See “Potential Payments upon Termination or Change-in-Control—Executive Employment Agreement” above and “— Accelerated Vesting of Restricted Stock” below.
- (2) Mr. Wobensmith and his dependents are entitled to medical, dental and certain other insurance coverage substantially identical to the coverage in place prior to termination. This benefit period is two years if we terminate Mr. Wobensmith’s employment without cause or if he terminates his employment with good reason, three years if such a termination occurs within two years following a change in control, or twelve months in the event of his death or disability. The amounts presented for termination for good reason or without cause assume a discount rate of 6% per annum and annual cost increases of 5% for health insurance. The amounts presented for death or disability assume circumstances which would provide the maximum benefit (i.e., disability of the executive).

Accelerated Vesting of Restricted Stock

Under the terms of Mr. Buchanan’s and Mr. Wobensmith’s restricted stock grant agreements with the Company or Baltic Trading Limited, all shares of restricted stock vest in full automatically upon the occurrence of a change of control (as defined under the relevant issuer’s equity incentive plan). In addition, if Mr. Buchanan’s or Mr. Wobensmith’s service is terminated by the relevant issuer without cause, (as defined in the relevant issuer’s equity incentive plan, the restrictions lapse as to a pro rata percentage of the shares, calculated monthly, that would otherwise vest at the next anniversary of the grant date, except for Mr. Wobensmith’s Baltic Trading Limited shares, which vest in full. Also, if Mr. Buchanan’s or Mr. Wobensmith’s service is terminated by the relevant issuer by reason of his death or disability (each as defined under our the relevant issuer’s equity incentive plan), the restrictions lapse as to a pro rata percentage of the shares, calculated monthly, that would otherwise vest at the next anniversary of the grant date. For purposes of these agreements, “service” means a continuous time period during which recipient of a restricted stock grant is at least one of the following: an employee or a director of, or a consultant to, the Company (or, in the case of Baltic Trading Limited, to the Company or Baltic Trading Limited).

Under the terms of the restricted stock grant agreements between the Company or Baltic Trading Limited and Mr. Georgiopoulos for the grants of 2,500 restricted shares that were awarded to directors generally, all shares of restricted stock vest in full automatically upon a change of control (as defined under the relevant issuer's equity incentive plan) or upon Mr. Georgiopoulos' death or disability. Under the terms of the other restricted stock grant agreements between the Company and Mr. Georgiopoulos, all shares of restricted stock vest in full immediately upon the occurrence of a change of control (as defined under our the relevant issuer's equity incentive plan) or the termination of Mr. Georgiopoulos' service as a director, employee or consultant unless Mr. Georgiopoulos voluntarily terminates his service or he is removed as a director for cause in accordance with the relevant issuer's Amended and Restated By-Laws. In addition, under the terms of such other restricted stock grant agreements, if a payment, benefit, or distribution after a change in control causes him to owe excise tax under Section 4999 of the Internal Revenue Code, we will fund the amount of this tax on a fully "grossed-up" basis, intended to ensure that after payment of the excise tax and any related taxes and penalties, Mr. Georgiopoulos retains the full amount of the payment, benefit or distribution that gave rise to the excise tax liability.

The table below sets forth the vesting of restricted stock that the named executive officers would receive upon termination of their service to the Company under the following sets of circumstances: change of control,

termination without cause, and death or disability. In each set of circumstances, we have assumed a termination as of the end of the day on December 31, 2010 and used the closing market price of the Company's common stock on that date of \$14.40 per share and the closing market price of Baltic Trading's common stock on that date of \$10.21 per share for purposes of the calculations for the table below:

Name	Value of Restricted Stock Subject to Accelerated Vesting (\$)		
Robert G. Buchanan	\$684,000	\$13,522	\$13,522
John C. Wobensmith	\$2,160,000	\$45,014	
Genco	\$1,357,930	\$1,357,930	\$45,014
Baltic Trading	\$3,517,930	\$1,402,944	\$225,549
Total			\$270,563
Peter C. Georgiopoulos	\$5,760,000 (1)		
Genco	\$4,497,505	\$5,724,000	\$5,760,000
Baltic Trading	\$10,257,505 (1)	\$4,471,980	\$4,497,505
Total		\$10,195,980	\$10,257,505

(1) In addition, the amount required to fund the excise tax to which Mr. Georgiopoulos would be subject under Section 280G of the Internal Revenue Code on a fully "grossed-up" basis on the value of restricted stock subject to accelerated vesting would be \$1,280,165 for the Company and \$512,686 for Baltic Trading Limited for a total of \$1,792,851.

For fiscal year 2011, the amounts of the annual fee for each director and fees for committee assignments will remain the same as in fiscal year 2010. REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is to assist the Board of Directors in its oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company and the independence and performance of the Company's auditors. The Board of Directors, in its business judgment, has determined that all members of the Committee are "independent," as provided under the applicable listing standards of the NYSE. The Committee operates pursuant to a Charter. As set forth in the Charter, the Committee's job is one of oversight. Management is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is also responsible for maintaining appropriate accounting and financial reporting principles and practices and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the annual financial statements, expressing an opinion based on their audit as to the statements' conformity with generally accepted accounting principles, monitoring the effectiveness of the Company's internal controls, reviewing the Company's quarterly financial statements prior to the filing of each quarterly report on Form 10-Q and discussing with the Committee any issues they believe should be raised with the Committee.

The Committee met with the Company's independent auditors to review and discuss the overall scope and plans for the audit of the Company's consolidated financial statements for the year ended December 31, 2010. The Committee has considered and discussed with management and the independent auditors (both alone and with management present) the audited financial statements and the overall quality of the Company's financial reporting.

Management represented to the Committee that the Company's financial statements were prepared in accordance with generally accepted accounting principles, and the Committee reviewed and discussed the financial statements with management.

The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. Finally, the Committee has received written disclosures and the letter from the independent auditors required by the Public Company Accounting Oversight Board (United States) Ethics and Independence Rule 3526, Communications with Audit Committees Concerning Independence, as currently in effect. The Committee has discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the field of auditing or accounting, including in respect of auditor independence. Members of the Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's activities do not provide an independent basis to determine that management has maintained appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

Based upon the Committee's receipt and review of the various materials and assurances described above and its discussions with management and independent auditors, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, filed with the Securities and Exchange Commission on March 10, 2011.

The Report of the Audit Committee does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates the Report of the Audit Committee by reference therein.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL
OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of Genco's voting common stock as of March 15, 2011 of:

- each person, group or entity known to Genco to beneficially own more than 5% of our stock;
 - each of our directors;
 - each of our Named Executive Officers; and
- all of our directors and executive officers as a group.

As of March 15, 2011, a total of 35,951,198 shares of common stock were outstanding and entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote on matters on which common shareholders are eligible to vote. The amounts and percentages of common stock beneficially owned are reported on the basis of regulations of the Securities and Exchange Commission governing the determination of beneficial ownership of securities. Under the rules of the Securities and Exchange Commission, a person is deemed to be a "beneficial owner" of a security if that person has or shares "voting power," which includes the power to vote or to direct the voting of that security, or "investment power," which includes the power to dispose of or to direct the disposition of that security. A person is also deemed to be a beneficial owner of any securities as to which that person has a right to acquire beneficial ownership presently or within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities, and a person may be deemed to be the beneficial owner of securities as to which that person has no economic interest.

The policy covers any related person transaction that meets the minimum threshold for disclosure in the proxy statement under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest) and will be applied to any such transactions proposed after its adoption.

Related person transactions must be approved by the Board or by a committee of the Board consisting solely of independent directors, who will approve the transaction only if they determine that it is in the best interests of the Company. In considering the transaction, the Board or committee will consider all relevant factors, including as applicable (i) the related person’s interest in the transaction; (ii) the approximate dollar value of the amount involved in the transaction; (iii) the approximate dollar value of the amount of the related person’s interest in the transaction without regard to the amount of any profit or loss; (iv) the Company’s business rationale for entering into the transaction; (v) the alternatives to entering into a related person transaction; (vi) whether the transaction is on terms no less favorable to the Company than terms that could have been reached with an unrelated third party; (vii) the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflicts; (viii) the overall fairness of the transaction to the Company; and (ix) any other information regarding the transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction. If a director is involved in the transaction, he or she will not cast a vote regarding the transaction.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Our Audit Committee has selected the firm of Deloitte & Touche LLP as Genco’s independent auditors to audit the financial statements of Genco for the fiscal year ending December 31, 2011 and recommends that shareholders vote for ratification of this appointment. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and voting at the Annual Meeting will be required to ratify the selection of Deloitte & Touche LLP.

If the shareholders fail to ratify the selection, our Audit Committee will reconsider its selection of auditors. Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such change would be in the best interests of Genco and its shareholders.

Fees to Independent Auditors for Fiscal 2010 and 2009

The following table presents fees for professional services rendered by Deloitte & Touche LLP for the audit of the Company's annual financial statements for fiscal 2010 and fiscal 2009 and fees billed for audit-related services, tax services and all other services rendered by Deloitte & Touche LLP for fiscal 2010 and fiscal 2009. Amounts for

fiscal 2009 include services performed for the benefit of our subsidiary, Baltic Trading Limited, in connection with its initial public offering.

Type of Fees	2010 (\$ in thousands)	2009 (\$ in thousands)
Audit Fees	\$813	\$584
Audit-Related Fees	\$182	\$198
Tax Fees	\$0	\$0
All Other Fees	\$0	\$0
Total	\$995	\$782

In the above table, in accordance with the SEC’s definitions and rules, “audit fees” are fees that the Company paid to the auditor for the audit of the Company’s annual financial statements included in its Form 10-K and review of financial statements included in its Form 10-Qs and for services that are normally provided by the auditor in connection with statutory and regulatory filings or engagements. “Audit-related fees” are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements and include services associated with primary and secondary offerings of our common stock in the past two fiscal years and other matters related to our periodic public filings; “tax fees” are fees for tax compliance, tax advice and tax planning; and “all other fees” are fees for any services not included in the first three categories.

Pre-Approval Policy for Services Performed by Independent Auditor

The Audit Committee has responsibility for the appointment, compensation and oversight of the work of the independent auditor. As part of this responsibility, the Audit Committee must pre-approve all permissible services to be performed by the independent auditor.

The Audit Committee has adopted an auditor pre-approval policy which sets forth the procedures and conditions pursuant to which pre-approval may be given for services performed by the independent auditor. Under the policy, the Committee must give prior approval for any amount or type of service within four categories: audit, audit-related, tax services or, to the extent permitted by law, other services that the independent auditor provides. Prior to the annual engagement, the Audit Committee may grant general pre-approval for independent auditor services within these four categories at maximum pre-approved fee levels. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval and, in those instances, such service will require separate pre-approval by the Audit Committee if it is to be provided by the independent auditor. For any pre-approval, the Audit Committee will consider whether such services are consistent with the SEC’s rules on auditor independence, whether the auditor is best positioned to provide the most cost effective and efficient service and whether the service might enhance the Company’s ability to manage or control risk or improve audit quality. The Audit Committee may delegate to one or more of its members authority to approve a request for pre-approval provided the member reports any approval so given to the Audit Committee at its next scheduled meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE “FOR” THE RATIFICATION (ITEM 2 OF THE ENCLOSED PROXY CARD) OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS GENCO’S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER

31, 2011.

PROPOSAL NO. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The guiding principles of the Company's compensation policies and decisions include aligning each executive's compensation with the Company's business strategy and the interests of our shareholders and providing incentives needed to attract, motivate and retain key executives who are important to our long-term success. Consistent with this philosophy, a significant portion of the total incentive compensation for each of our executives directly relates to the Company's financial results and to other performance factors that measure our progress against the goals of our strategic and operating plans, as well as performance against our peers.

31

Shareholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses how our compensation design and practices reflect our compensation philosophy. The Compensation Committee and the Board believe that our compensation design and practices are effective in implementing our guiding principles.

We are required to submit a proposal to shareholders for a non-binding advisory vote to approve the compensation of our named executives pursuant to Section 14A of the 1934 Act. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on the compensation of our named executives. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executives and the principles, policies and practices described in this proxy statement. Accordingly, the following resolution is submitted for shareholder vote at the 2011 Annual Meeting:

“RESOLVED, that the shareholders of Genco Shipping & Trading Limited approve, on an advisory basis, the compensation of its named executives as disclosed in the Proxy Statement for the 2011 Annual Meeting, including the Summary Compensation Table and the Compensation Discussion and Analysis set forth in such Proxy Statement and other related tables and disclosures.”

As this is an advisory vote, the result will not be binding on the Company, the Board or the Compensation Committee, although our Compensation Committee will consider the outcome of the vote when evaluating our compensation principles, design and practices. Proxies submitted without direction pursuant to this solicitation will be voted “FOR” the approval of the compensation of the Company’s named executives, as disclosed in this proxy statement.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF ITS NAMED EXECUTIVES, AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF HOLDING AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the 1934 Act, the Company is required to submit to shareholders an advisory vote as to whether the shareholder advisory vote to approve the compensation of its named executives — Proposal No. 3 above — should occur every one, two or three years. You may cast your vote by choosing one year, two years or three years or you may abstain from voting when you vote for the resolution set forth below.

In formulating its recommendation, the Board has determined that an advisory vote on executive compensation every three years is the best approach for the Company based on a number of considerations, including the following:

- Our compensation program is designed to induce performance over a multi-year period. A vote held every three years would be more consistent with, and provide better input on, our long-term compensation, which constitutes a significant portion of the compensation of our named executives;
- A three-year vote cycle gives the Board sufficient time to thoughtfully consider the results of the advisory vote and to implement any desired changes to our executive compensation policies and procedures; and
- A three-year cycle will provide shareholders sufficient time to evaluate the effectiveness of our short- and long-term compensation strategies and the related business outcomes of the Company.

Accordingly, the following resolution is submitted for shareholder vote at the 2011 Annual Meeting:

32

“RESOLVED, that the highest number of votes cast by the shareholders of Genco Shipping & Trading Limited for the option set forth below shall be the preferred frequency with which the Company is to hold an advisory vote on the approval of the compensation of its named executives included in the proxy statement:

- yearly or
- every two years or
- every three years”

The option of one year, two years or three years that receives the highest number of votes cast by shareholders will be the frequency for the advisory vote on executive compensation that has been selected by shareholders. However, as this is an advisory vote, the result will not be binding on our Board or the Company. Our Compensation Committee will consider the outcome of the vote when determining how often the Company should submit to shareholders an advisory vote to approve the compensation of its named executives included in the Company’s proxy statement. Proxies submitted without direction pursuant to this solicitation will be voted for the option of “EVERY THREE YEARS”.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE OPTION OF “EVERY THREE YEARS” AS THE FREQUENCY WITH WHICH SHAREHOLDERS ARE PROVIDED AN ADVISORY VOTE ON THE COMPENSATION OF ITS NAMED EXECUTIVES INCLUDED IN THE COMPANY’S PROXY STATEMENT.

SHAREHOLDER PROPOSALS

Shareholder proposals to be presented at the 2012 Annual Meeting of Shareholders must be received by Genco at its offices in New York, New York, addressed to the Secretary, not later than November 26, 2011, if the proposal is submitted for inclusion in Genco’s proxy materials for that meeting pursuant to Rule 14a-8 under the Securities Act of 1934, or not earlier than November 15, 2011 and not later than December 15, 2011 if the proposal is submitted pursuant to Genco’s By-Laws. Such proposals must comply with Genco’s By-Laws and the requirements of Regulation 14A of the 1934 Act.

In addition, Rule 14a-4 of the 1934 Act governs Genco’s use of its discretionary proxy voting authority with respect to a shareholder proposal that is not addressed in the proxy statement. With respect to Genco’s 2012 Annual Meeting of Shareholders, if Genco is not provided notice of a shareholder proposal on or after November 15, 2011, but not later than December 15, 2011, Genco will be allowed to use its discretionary voting authority when the proposal is raised at the meeting, without any discussion of the matter in the proxy statement.

Based solely on a review of copies of such reports furnished to Genco, and written representations that no reports were required, Genco believes that during the fiscal year ended December 31, 2010 its executive officers, directors, and 10% holders complied with the Section 16(a) requirements.

Wobensmith, Chief Financial Officer, Principal Accounting Officer and Secretary of Genco, at 299 Park Avenue (20th Floor), New York, New York 10171.

If any other matters should come before the Annual Meeting, the persons named in the accompanying proxy will have discretionary authority to vote all proxies in accordance with their best judgment, unless otherwise restricted by law.
