Dear Stockholders:

You are cordially invited to attend the 2013 Annual Meeting of Stockholders of Systemax Inc. (the “Company”) which will be held at the Company’s corporate offices, located at 11 Harbor Park Drive, Port Washington, New York at 2:00 p.m. on Monday, June 10, 2013. I look forward to greeting those stockholders who are able to attend. On the following pages you will find the formal Notice of Annual Meeting and Proxy Statement.

For the Annual Meeting, we are pleased to use the “Notice Only” rule adopted by the Securities and Exchange Commission to furnish proxy materials to stockholders over the Internet. We believe this process will provide you with an efficient and quick way to access your proxy materials and vote your shares, while allowing us to reduce the environmental impact and the costs of printing and distributing the proxy materials. On or about April 30, 2013, we mailed to most stockholders only a Notice of Internet Availability of Proxy Materials that tells them how to access and review information contained in the proxy materials and our annual report for fiscal year 2012 and vote electronically over the Internet. If you received only the Notice in the mail, you will not receive a printed copy of the proxy materials in the mail unless you request the materials by following the instructions included in the Notice.

At the Annual Meeting, you will be asked to: (1) elect seven Directors; and (2) ratify the appointment of Ernst & Young LLP as the Company’s auditors for the fiscal year ending December 31, 2013. Your Board of Directors recommends that you vote your shares “FOR” proposals (1) and (2). These proposals are more fully described in the accompanying proxy statement.

Whether or not you plan to attend the meeting in person, it is important that your shares be represented and voted at the Annual Meeting. Accordingly, please vote your shares over the internet at www.proxyvote.com or by telephone at (800) 690-6903 until 11:59 PM (EDT) on June 9, 2013, or if you received a paper proxy card, date, sign and return the proxy card as soon as possible in the envelope provided or to the address set forth in the voting instructions therein. Your cooperation will ensure that your shares are voted.

If your shares are held in “street name” in a stock brokerage account or by a bank or other nominee, you must provide your broker with instructions on how to vote your shares in order for your shares to be voted on important matters presented at the Annual Meeting. If you do not instruct your broker on how to vote in the election of directors and on compensation matters, your shares will not be voted on these matters.

I hope that you will attend the Annual Meeting, and I look forward to seeing you there.

Sincerely,
RICHARD LEEDS
Chairman and Chief Executive Officer

PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors (the “Board”) of Systemax Inc., a Delaware corporation (the “Company”), for the 2013 Annual Meeting of Stockholders of the Company to be held on June 10, 2013 (the “Annual Meeting”). The Company has made the proxy materials available to stockholders of record as of the close of business on April 15, 2013 at www.proxyvote.com beginning on April 30, 2013 and is first mailing such materials to stockholders that requested printed copies of such materials on or about April 30, 2013.

You can ensure that your shares are voted at the meeting by voting your shares over the internet at www.proxyvote.com or by telephone at (800) 690-6903 until 11:59 PM (EDT) on June 9, 2013 or by signing, dating and promptly returning a proxy, if you received a proxy by mail, in the envelope provided or to the address contained in the voting instructions therein. Voting your shares over the internet, by telephone or by sending in a signed proxy will not affect your right to attend the meeting and vote in person. Stockholders of record may revoke their proxy at any time before it is voted by notifying the Company’s Transfer Agent, American Stock Transfer & Trust Company LLC, 6201 15th Avenue, Brooklyn, NY 11219, Attention: Proxy Department, in writing, or by executing and delivering a subsequently dated proxy to the address contained in the voting instructions in the proxy, which revokes your previously executed proxy. Beneficial holders whose shares are held of record by a broker, bank or other nominee may revoke their proxy at any time before it is voted by following the instructions of their broker, bank or other nominee.

The Company’s principal executive offices are located at 11 Harbor Park Drive, Port Washington, New York 11050.

Voting Procedures

Proxies will be voted as specified by the stockholders. Where specific choices are not indicated, proxies will be voted, per the Board of Directors’ recommendations, FOR proposals 1 and 2. If any other matters properly come before the Annual Meeting, the persons named in the proxy will vote at their discretion.

Under the Delaware General Corporation Law and the Company’s Amended and Restated Certificate of Incorporation and By-Laws, (1) the affirmative vote of a plurality of the outstanding shares of common stock of the Company (the “Shares”) entitled to vote and present, in person or by properly executed proxy, at a meeting at which a quorum is present will be required to elect the nominated directors of the Board (Proposal 1); and (2) the affirmative vote of a majority of the outstanding Shares entitled to vote and present, in person or by properly executed proxy, at a meeting at which a quorum is present will be required to ratify the appointment of Ernst & Young LLP as the Company’s independent registered public accountants (Proposal 2).

Richard Leeds, Bruce Leeds and Robert Leeds (each a director and officer of the Company), together with trusts for the benefit of certain members of their respective families and other entities controlled by them, as applicable, beneficially owned as of our record date more than 50% of the shares of common stock, and they have each separately advised us that they intend to vote all of such shares of common stock they each have the power to vote in accordance with the recommendations of the Board of Directors on each of the items of business identified above, which will be sufficient to constitute a quorum and to determine the outcome of each item under consideration.

A quorum is representation in person or by proxy at the Annual Meeting of at least a majority of the outstanding Shares. Abstentions will have no effect on the election of directors (Proposal 1). Abstentions on other matters will be treated as votes cast on particular matters as well as shares present and represented for purposes of establishing a quorum, with the result that an abstention has the same effect as a negative vote regarding such other

matters. Where nominee record holders do not vote on specific issues because they did not receive specific instructions on such issues from the beneficial owners, such broker non-votes will not be treated as votes cast on a particular matter, and will therefore have no effect on the vote, but will be treated as shares present or represented for purposes of establishing a quorum.

If your shares are held through a broker, bank or other nominee, you must provide voting instructions to such record holder in accordance with such record holder's requirements in order to ensure that your shares are properly voted. Please note that the rules regarding how brokers may vote your shares have recently changed. Brokers may no longer vote your shares on the election of directors, or any other non-routine matters, in the absence of your specific instructions as to how to vote. We encourage you to provide instructions to your broker regarding the voting of your shares. If you do not provide your broker or other nominee with instructions on how to vote your "street name" shares, your broker or nominee will not be permitted to vote them on such non-routine matters (a broker "non-vote"). Please note that Item 1 (Election of Directors) is a non-routine matter, and so Shares subject to a broker "non-vote" will not be considered entitled to vote with respect to Item 1 and will not affect the outcome of the vote on that Item.

A list of stockholders of the Company satisfying the requirements of Section 219 of the Delaware General Corporation Law shall be available for inspection for any purpose germane to the Annual Meeting during normal business hours at the offices of the Company at least ten days prior to the Annual Meeting.

Revocability of Proxies

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

- by writing a letter delivered to Eric Lerner, General Counsel of the Company, stating that the proxy is revoked;
- by submitting another proxy with a later date (i.e., by signing and submitting a new proxy card or by re-voting by phone or by Internet as instructed above); only your latest proxy card, phone or Internet vote will be counted; or
- by attending the Annual Meeting and voting in person.

Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Annual Meeting, the stockholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming that stockholder's beneficial ownership of the shares.

On April 15, 2013, the record date, there were outstanding and entitled to vote (excluding Company treasury shares) 36,679,472 Shares, entitled to one vote per Share. Only stockholders of record at the close of business on the record date will be entitled to vote at the Annual Meeting and at any and all adjournments or postponements thereof. Stockholders will not be entitled to appraisal rights in connection with any of the matters to be voted on at the Annual Meeting.

Internet Posting of Proxy Materials

Why did I receive a notice regarding the internet availability of proxy materials instead of paper copies of the proxy materials?

We have implemented the Securities and Exchange Commission, or SEC, “Notice Only” rule that allows us to furnish our proxy materials over the Internet to our stockholders instead of mailing paper copies of those materials to each stockholder. As a result, beginning on or about April 30, 2013, we sent to most of our stockholders by mail a “Notice of Internet Availability of Proxy Materials” containing instructions on how to access our proxy materials over the Internet and vote online. This notice is not a proxy card and cannot be used to vote your shares. If you received a notice this year, you will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the notice or on the website referred to in the notice.

If you own shares of common stock in more than one account—for example, in a joint account with your spouse and in your individual brokerage account—you may have received more than one notice. To vote all of your shares by proxy, please follow each of the separate proxy voting instructions that you received for your shares of common stock held in each of your different accounts.

How can I access the proxy materials over the Internet?

Your Notice of the Internet Availability of the proxy materials, proxy card or voting instruction card will contain instructions on how to view our proxy materials for the Annual Meeting on the Internet. Our proxy materials and annual report on Form 10-K for fiscal year 2012, as well as the means to vote by Internet, are available at www.proxyvote.com

How may I obtain a paper copy of the proxy materials?

If you receive a Notice of the Internet Availability of the proxy materials, you will find on your notice instructions about how to obtain a paper copy of the proxy materials. If you did not receive the notice, you will receive a paper copy of the proxy materials by mail.

What is “householding”?

SEC rules allow a single copy of the proxy materials or the Notice of Internet Availability of proxy materials to be delivered to multiple stockholders sharing the same address and last name, or who we reasonably believe are members of the same family in a manner provided by such rules. This practice is referred to as “householding” and can result in significant savings of paper and mailing costs. In accordance with SEC rules, stockholders sharing the same address and last name, or who we reasonably believe are members of the same family, will receive one copy of the proxy materials or notice of internet availability of proxy materials.

How can I find voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting and we will publicly disclose the results on a Form 8-K within four business days of the Annual Meeting, as required by Securities and Exchange Commission rules.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

At the Annual Meeting, seven Directors are to be elected to serve until their successors have been elected and qualified. Information regarding such nominees is set forth below.

The accompanying proxy will be voted for the election of the Board's nominees unless contrary instructions are given. Each of the nominees served as a director during fiscal year 2012. If voting by proxy with respect to the election of Directors, stockholders may vote in favor of all nominees, withhold their votes as to all nominees or withhold their votes for specific nominees.

There were no arrangements or understandings between any Director or nominee for Director and any other person pursuant to which such person was selected as a Director or nominee for Director. There are no family relationships among any of our Directors or executive officers or nominees for Director or executive officer, except that Richard Leeds, Bruce Leeds and Robert Leeds are brothers.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF ALL THE DIRECTOR NOMINEES, WHICH IS DESIGNATED AS PROPOSAL NO. 1.

CORPORATE GOVERNANCE

Independence of Directors

In connection with its annual review of director independence, the Board has determined that each of the following Directors or nominees of the Company meets the standards for independence required by the New York Stock Exchange and Securities and Exchange Commission rules: Robert D. Rosenthal, Stacy S. Dick and Marie Adler-Kravec. The Board made this determination based on (a) the absence of any of the express disqualifying criteria relating to director independence set forth in Section 303A of the Corporate Governance Rules of the New York Stock Exchange and (b) the criteria for independence required of audit committee directors by Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act.

Although the Board has not adopted categorical standards of materiality for independence purposes (other than those set forth in the NYSE listing standards and the Exchange Act), information provided by the Directors to the Company did not indicate any relationships (e.g., commercial, industrial, banking, consulting, legal, accounting, charitable, or familial) which would impair the independence of any of the non-employee Directors. The Board has determined that there is no material relationship between the Company and each of Mr. Rosenthal, Mr. Dick and Ms. Adler-Kravec (directly or as a partner, stockholder, or officer of an organization that has a relationship with the Company) and that each of them is independent pursuant to the NYSE listing standards. In making its determination, the Board took into consideration that a private partnership, in which Messrs. Richard, Bruce and Robert Leeds are general partners, has invested funds with a private investment firm, of which Robert D. Rosenthal is Chairman and CEO. The Board (in each case with Mr. Rosenthal and Messrs. Richard, Bruce and Robert Leeds being recused) determined that such relationship was not material to Messrs. Richard, Bruce and Robert Leeds individually or collectively or to Mr. Rosenthal.

As a “controlled company,” the Company is exempt from the New York Stock Exchange requirement that listed companies have a majority of independent directors. A “controlled company” is defined by the New York Stock Exchange as a company of which more than 50% of the voting power for the election of directors is held by an individual, group or other company. The Company is a “controlled company” in that more than 50% of the voting stock for the election of directors of the Company, in the aggregate, is owned by certain members of the Leeds family (including Richard Leeds, Bruce Leeds and Robert Leeds, each of whom is an officer and Director of the Company) and certain Leeds’ family trusts (collectively, the “Leeds Group”). The members of the Leeds Group have entered into a Stockholders Agreement with respect to certain Shares they each own. See “Transactions With Related Persons” below.

Meetings of Non-Management Directors

The New York Stock Exchange requires the “non-management directors” or independent directors of a NYSE-listed company to meet at regularly scheduled executive sessions without management and to disclose in their annual proxy statements (1) the name of the non-management director who is chosen to preside at all regularly-scheduled executive sessions of the non-management members of the board of directors and (2) a method for all interested parties to communicate directly with the presiding director or with the non-management directors as a group (this method is described below under “Communications with Directors”). The Board’s non-management or independent directors meet separately in executive sessions, chaired by the Lead Independent Director (currently Robert D. Rosenthal), at least quarterly.

Corporate Governance Guidelines

The Company has adopted Corporate Governance Guidelines, which are available on the Corporate Governance page of our website at www.systemax.com. The Corporate Governance Guidelines were last amended in April 2010.

Our Corporate Governance Guidelines establish our corporate governance principles and practices on a variety of topics, including the responsibilities, composition and functioning of the Board. The Nominating/Corporate Governance Committee assesses the Guidelines annually and makes recommendations to the Board on any changes to implement. Our Guidelines address, among other things:

- the role and functions of our Board of Directors and management;
- director qualifications, including our director independence standards and director nomination and selection;
 - the requirement to hold separate executive sessions of the independent directors;
 - the conduct of Board meetings;
 - policies for setting director compensation;
 - director orientation and continuing education;
 - policies regarding director access to management, employees and independent advisors; and
 - the annual self-assessment of the Board to evaluate its own effectiveness.

Corporate Ethics Policy

The Company has adopted a Corporate Ethics Policy that applies to all employees of the Company, including the Company's Chief Executive Officer, Chief Financial Officer and Controller, its principal accounting officer. The Corporate Ethics Policy is designed to deter wrongdoing and to promote honest and ethical conduct, compliance with applicable laws and regulations, full and accurate disclosure of information requiring public disclosure and the prompt reporting of Policy violations. The Company's Corporate Ethics Policy is available on the Company's website (www.systemax.com). We intend to disclose on our website, in accordance with applicable laws and regulations, amendments to, or waivers from, our Corporate Ethics Policy. Our Corporate Ethics Policy was last amended in August 2012.

Director Attendance at Annual Meetings

At last year's annual meeting, held on June 11, 2012, three Directors attended the meeting, including the Chairman of the Board and the Lead Independent Director. The Company does not have a policy with regards to Directors' attendance at annual stockholder meetings.

Board Meetings

During fiscal year 2012, the Board of Directors held six meetings, the Audit Committee held nine meetings, the Compensation Committee held six meetings, the Nominating/Corporate Governance Committee held six meetings, and the Executive Committee held six meetings. All of the Directors attended at least 75% of all of the meetings of the Board and the respective committees of the Board of which they were members.

Committees of the Board

The Board of Directors has the following standing committees:

Audit Committee

The Audit Committee is appointed by the Board to assist the Board with oversight of (i) the integrity of the financial statements of the Company, (ii) the Company's compliance with legal and regulatory requirements, (iii) the independence and qualifications of the Company's external auditors, and (iv) the performance of the Company's internal audit function and external auditors. It is the Audit Committee's responsibility to retain or terminate the Company's independent registered public accountants, who audit the Company's financial statements, and to prepare the Audit Committee report that the Securities and Exchange Commission requires to be included in the Company's Annual Proxy Statement. (See "Report of the Audit Committee" below.) As part of its activities, the Audit Committee meets with the Company's independent registered public accountants at least annually to review the scope and results of the annual audit and quarterly to discuss the review of the quarterly financial results. In addition, the Audit Committee receives and considers the independent registered public accountants' comments and recommendations as to internal controls, accounting staff, management performance and auditing procedures. The Audit Committee is also responsible for establishing procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls and auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

In addition, the Audit Committee is responsible for reviewing, and discussing with management and reporting to the Board regularly, the Company's risk assessment and risk management processes. While it is the job of senior management to assess and manage the Company's exposure to risk under the oversight of the Board of Directors, the Audit Committee reviews and discusses with management the Company's risk management process. In addition, the Audit Committee works together with the Compensation Committee regarding the Company's compensation policies for all of the Company's employees as the policies relate to the Company's risk management goals and objectives. The Audit Committee also discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.

The Audit Committee Charter was last amended in August 2012. A copy of the Audit Committee Charter is available on the Company's website, www.systemax.com.

The current members of the Audit Committee are Stacy S. Dick (chairman), Robert D. Rosenthal and Marie Adler-Kravec. None of the current members or nominees of the Audit Committee are officers or employees of the Company. The Committee meets regularly both with and without management participation. As noted above, in the judgment of the Board, each of the members of the Audit Committee meets the standards for independence required by the rules of the Securities and Exchange Commission and the New York Stock Exchange. In addition, the Board has determined that Mr. Dick and Mr. Rosenthal are "audit committee financial experts" as defined by regulations of the Securities and Exchange Commission.

The Company does not have a standing policy on the maximum number of audit committees of other publicly owned companies on which the members of the Audit Committee may serve. However, if a member of the Audit Committee simultaneously serves on the audit committee of more than two other publicly-owned companies, the Board must determine whether such simultaneous service would impair the ability of such member to effectively serve on the Audit Committee. Any such determination will be disclosed in the Company's annual proxy statement.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee's responsibilities include, among other things (i) identifying individuals qualified to become Board members and recommending to the Board nominees to stand for election at any meeting of stockholders, (ii) identifying and recommending nominees to fill any vacancy, however created, in the Board, and (iii) developing and recommending to the Board a code of business conduct and ethics and a set of corporate governance principles (including director qualification standards, responsibilities and compensation) and periodically reviewing the code and principles. The current members of the Nominating/Corporate Governance Committee are Robert D. Rosenthal (Chairman), Stacy S. Dick and Marie Adler-Kravec. In nominating candidates to become Board members, the Committee shall take into consideration such

factors as it deems appropriate, including the experience, skill, integrity and background of the candidates. The Committee may consider candidates proposed by management or stockholders but is not required to do so. The Committee does not have any formal policy with regard to the consideration of any Director candidates recommended by the security holders or any minimum qualifications or specific procedure for identifying and evaluating nominees for Director as the Board does not believe that such a formalistic approach is necessary or appropriate at this time.

The Nominating/Corporate Governance Committee is responsible for developing and recommending to the Board a set of risk management policies and procedures, including the Company's compensation policies for all its employees as they relate to risk management, and to review these policies and procedures annually.

The Nominating/Corporate Governance Committee, in seeking qualified Board members, does not have a policy regarding utilizing diversity, however defined, in its selection process. The Nominating/Corporate Governance Committee looks for individuals who have very high integrity, significant business experience and a deep genuine interest in the Company. We believe that each of the director nominees and other directors bring these qualifications to our Board of Directors. Moreover, they provide our board with a diverse complement of specific business skills, experience and perspectives.

The Nominating/Corporate Governance Committee Charter was last amended in August 2012. The Nominating/Corporate Governance Committee Charter is available on the Company's website (www.systemax.com).

The Compensation Committee Charter was last amended in April 2010. The Compensation Committee Charter is available on the Company's website (www.systemax.com).

Executive Committee

The Executive Committee consists of the Chairman of the Board and any Vice Chairman and such other Directors as may be named thereto by the Board. The current members of the Executive Committee are Messrs. Richard Leeds, Bruce Leeds, Robert Leeds and Robert D. Rosenthal, the Lead Independent Director. Among other duties as may be assigned by the Board from time to time, the Executive Committee is authorized to oversee the operations of the Company, supervise the executive officers of the Company, review and make recommendations to the Board regarding the strategic direction of the Company and review and make recommendations to the Board regarding all possible acquisitions or other significant business transactions. The Executive Committee is also authorized to manage the affairs of the Corporation between meetings of the Board; the Committee has all of the powers of the Board not inconsistent with any provisions of the Delaware General Corporation Law, the Company's Certificate of Incorporation or By-Laws or other resolutions adopted by the Board, but does not generally exercise such authority.

Board Leadership Structure

As noted above, our Board currently includes three independent Directors. Richard Leeds has served as Chairman and Chief Executive Officer since April 1995. Our independent directors have designated, Robert D. Rosenthal, one of the independent directors, to be the Lead Independent Director. We believe that the current mix of employee directors and non-employee independent directors that make up our Board, along with the independent oversight of our Lead Independent Director, benefits the Company and its stockholders.

Although the Board does not have an express policy on whether or not the roles of Chief Executive Officer and Chairman of the Board should be separate and if they are to be separate, whether the Chairman of the Board should be selected from the non-employee Directors or be an employee, the Board believes that it should have the flexibility to make a determination from time to time in a manner that is in the best interests of the Company and its stockholders at the time of such determination. At this time, the Board of Directors believes that Mr. Leeds's service as both Chairman of the Board and CEO is in the best interest of the Company and its stockholders. Mr. Leeds possesses in-depth knowledge of the issues, opportunities and challenges facing the Company and its businesses and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the matters that are most critical to the Company and its stockholders. His combined role has produced decisive leadership, ensures clear accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's stockholders, employees, customers and suppliers, particularly during times of turbulent economic conditions.

The Board believes that the independent directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of Board meetings, the independent directors have regular executive sessions. Following an executive session of independent directors, the Lead Independent Director acts as a liaison between the independent directors and the Chairman regarding any specific feedback or issues, provides the Chairman with input regarding agenda items for Board and Committee meetings, and coordinates with the Chairman regarding information to be provided to the independent directors in performing their duties. The Board believes that this approach appropriately and effectively complements the combined CEO/Chairman structure.

We recognize that different board leadership structures may be appropriate for companies in different situations and believe that no one structure is suitable for all companies. We believe our current Board leadership structure is optimal for us because it demonstrates to our employees, suppliers, customers, and other stakeholders that the Company is

under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations. Having a single leader for both the Company and the Board eliminates the potential for confusion or duplication of efforts, and provides clear leadership for the Company. We believe the Company, like many U.S. companies, has been well-served by this leadership structure.

Lead Independent Director

The independent Directors elect one independent Director to serve as a Lead Independent Director. In addition to presiding at executive sessions of nonemployee Directors, the Lead Independent Director has the

responsibility to coordinate the activities of the independent Directors, and to perform the following functions: (a) advise the Chairman of the Board as to an appropriate schedule of Board meetings, seeking to ensure that the independent Directors can perform their duties responsibly while not interfering with the flow of the Company's operations; (b) provide the Chairman with input as to the preparation of agendas for the Board and committee meetings; (c) advise the Chairman as to the quality, quantity, and timeliness of the flow of information from the Company's management that is necessary for the independent directors to effectively and responsibly perform their duties, and although the Company's management is responsible for the preparation of materials for the Board, the Lead Independent Director may specifically request the inclusion of certain material; (d) recommend to the Chairman the retention of consultants who report directly to the Board; (e) assist the Board and the Company's officers in assuring compliance with and implementation of the corporate governance policies; and be principally responsible for recommending revisions to the corporate governance policies; (f) coordinate and develop the agenda for, and moderate executive sessions of, the independent directors of the Board, and act as principal liaison between the independent directors and the Chairman on sensitive issues; and (g) recommend to the Chairman the membership of the various Board committees.

Our Board conducts an annual evaluation in order to determine whether it and its committees are functioning effectively. As part of this annual self-evaluation, the Board evaluates whether the current leadership structure continues to be optimal for the Company and its stockholders. Our Corporate Governance Guidelines, as amended in April 2010, provide the flexibility for our Board to modify or continue our leadership structure in the future, as it deems appropriate.

Risk Oversight

Our Board as a whole is responsible for overseeing the Company's risk management process. The Board focuses on the Company's general risk management strategy, the most significant risks facing the Company, and seeks to ensure that appropriate risk mitigation strategies are implemented by management. Risk management is a recurring Audit Committee and Board quarterly agenda item, and is considered part of strategic planning. The Board is also apprised of particular risk management matters in connection with its general oversight and approval of corporate matters and receives information relating to material Company risk from management and from the Company's Legal, Risk Management/Insurance and Internal Audit Departments.

The Board has delegated to each of its committees oversight of certain aspects of the Company's risk management process. Among its duties, the Audit Committee reviews with management (a) Company processes with respect to risk assessment and management of risks that may be material to the Company, (b) the Company's system of disclosure controls and system of internal controls over financial reporting, and (c) the Company's compliance with legal and regulatory requirements. The Compensation Committee is responsible for considering and working together with the Audit Committee regarding the Company's compensation policies for all its employees in the context of how such policies affect and promote the Company's risk management goals and objectives. The Nominating/Corporate Governance Committee is responsible for developing and recommending to the Board a set of risk management policies and procedures, including the Company's compensation policies for all its employees as they relate to risk management, and to review these policies and procedures annually. All committees report to the full Board as appropriate, including when a matter rises to the level of a material or enterprise level risk.

The Company's senior management is responsible for day-to-day risk management. Our Internal Audit Department serves as the primary monitoring and testing function for company-wide policies and procedures, and manages the day-to-day oversight of the risk management strategy for the ongoing business of the Company. This oversight includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial,

operational, compliance and reporting levels. The Internal Auditor reports directly to our Chief Financial Officer and Audit Committee quarterly, and the Audit Committee considers risk management issues as part of its quarterly agenda.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing the Company and that our Board leadership structure supports this approach.

REPORT OF THE AUDIT COMMITTEE*

The Audit Committee of the Board operates under its Charter, which was originally adopted by the Board in 2000 and was most recently revised in August 2012. As set forth in its Charter, the Audit Committee's job is one of oversight. Management is responsible for the Company's financial statements, internal accounting and financial controls, the financial reporting process, the internal audit function and compliance with the Company's policies and legal requirements. The Company's independent registered public accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and for issuance of a report thereon, and for monitoring the effectiveness of the Company's internal controls; they also perform limited reviews of the Company's unaudited quarterly financial statements.

The Audit Committee's responsibility is to engage the independent registered public accountants, monitor and oversee these accounting, financial and audit processes and report its findings to the full Board. It also investigates matters related to the Company's financial statements and controls as it deems appropriate. In the performance of these oversight functions, the members of the Audit Committee rely upon the information, opinions, reports and statements presented to them by Company management and by the independent registered public accountants, as well as by other experts that the Committee hires.

The Audit Committee met with the Company's independent auditors to review and discuss the overall scope and plans for the audit of the Company's consolidated financial statements for the year ended December 31, 2012. The Audit Committee has considered and discussed with management and the independent auditors (both alone and with management present) the audited financial statements as well as the independent auditors' evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

Management represented to the Audit Committee that the Company's consolidated financial statements for fiscal year 2012 were prepared in accordance with U.S. generally accepted accounting principles. In connection with these responsibilities, the Audit Committee met with management and Ernst & Young LLP to review and discuss the December 31, 2012 audited consolidated financial statements. The Audit Committee also discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended and as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee also received written disclosures and the letter from Ernst & Young LLP required by Rule 3526 of the Public Company Accounting Oversight Board (Communications with Audit Committees Concerning Independence), and the Audit Committee discussed with Ernst & Young LLP the firm's independence.

Based on the review of the representations of management, the discussions with management and the independent registered public accountants and the review of the Report of Ernst & Young LLP, Independent Registered Public Accounting Firm, to the Committee, the Audit Committee recommended to the Board that the financial statements of the Company for fiscal year 2012 as audited by Ernst & Young LLP be included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and Directors and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, Directors and ten-percent

stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of Section 16(a) forms received by it, or written representations from certain reporting persons, the Company believes its Executive Officers, Directors and ten-percent stockholders complied with all such filing requirements for fiscal year 2012, except for the following filings made on behalf of the named Directors that were inadvertently filed late by the Company: a Form 3 filing for Robert Dooley made on February 2, 2012 and a Form 4 filing for Benjamin White made on March 5, 2012.

TRANSACTIONS WITH RELATED PERSONS

Under the Company's Corporate Ethics Policy, all officers, Directors and employees (collectively the "Company Representatives") are required to avoid conflicts of interest, appearances of conflicts of interest and potential conflicts of interest. A "conflict of interest" occurs when a Company Representative's private interest interferes in any way with the interests of the Company. A conflict can arise when a Company Representative takes actions or has interests that may make it difficult to perform his or her Company work objectively and effectively. Conflicts of interest also arise when a Company Representative, or a member of his or her family, receives improper personal benefits as a result of his or her position in the Company. Company Representatives cannot allow any consideration such as the receipt of gifts or financial interests in other businesses or personal or family relationships to interfere with the independent exercise of his or her business judgment and work activities to the benefit of the Company. Loans to, or guarantees of obligations of, Company Representatives are prohibited unless permitted by law and authorized by the Board or a Committee designated by the Board. If a Company Representative becomes aware of a potential conflict of interest he or she must communicate such potential conflict of interest to the Company.

The Company's written corporate approval policy requires transactions with related persons, including but not limited to leases with related persons and sales or purchases of Company assets by related persons, to be reviewed and approved or ratified by the Company's Audit Committee as well as by the Company's Chief Executive Officer, Chief Financial Officer and General Counsel. In this regard, all such transactions are first discussed with the Chief Financial Officer and are submitted to the General Counsel's office, including for an initial determination of whether such further related person transaction review is required. The Company utilizes the definition of related persons under applicable SEC rules, defined as any executive officer, director or nominee for director of the Company, any beneficial owner of more than 5% of the outstanding shares of the Company's common stock, or any immediate family member of any such person. In reviewing these transactions, the Company strives to assure that the terms of any agreement between the Company and a related party is at arm's length, fair and at least as beneficial to the Company as could be obtained from third parties. The Audit Committee, in its discretion, may consult with third party appraisers, valuation advisors or brokers to make such determination.

Leases

The Company has leased its facility in Port Washington, NY since 1988 from an entity owned by Richard Leeds, Bruce Leeds and Robert Leeds, Directors of the Company. Rent expense under this lease totaled approximately \$937,123 for fiscal year 2012. The Company believes that these payments were no higher than would be paid to an unrelated lessor for comparable space.

Stockholders Agreement

Certain members of the Leeds family (including Richard Leeds, Bruce Leeds and Robert Leeds) and family trusts of Messrs. Leeds entered into a stockholders agreement pursuant to which the parties agreed to vote in favor of the nominees for the Board designated by the holders of a majority of the Shares held by such stockholders at the time of the Company's initial public offering of the Shares. In addition, the agreement prohibits the sale of the Shares without the consent of the holders of a majority of the Shares held by all parties to the agreement, subject to certain exceptions, including sales pursuant to an effective registration statement and sales made in accordance with Rule 144. The agreement also grants certain drag-along rights in the event of the sale of all or a portion of the Shares held by holders of a majority of the Shares. As of the end of fiscal year 2012, the parties to the stockholders agreement beneficially owned 25,286,700 Shares subject to such agreement (constituting approximately 69% of the Shares outstanding).

Pursuant to the stockholders agreement, the Company granted to the parties demand and incidental, or “piggy-back,” registration rights with respect to the Shares. The demand registration rights generally provide that the holders of a majority of the Shares may require, subject to certain restrictions regarding timing and number of Shares that the Company register under the Securities Act all or part of the Shares held by such stockholders. Pursuant to the incidental registration rights, the Company is required to notify such stockholders of any proposed registration of any Shares under the Securities Act and if requested by any such stockholder to include in such registration any number of shares of Shares held by it subject to certain restrictions. The Company has agreed to pay all expenses and indemnify any selling stockholders against certain liabilities, including under the Securities Act, in connection with the registration of Shares pursuant to such agreement.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In this section, we discuss the material elements of our compensation programs and policies, including the objectives of our compensation programs and the reasons why we pay each element of our executives' compensation. Following this discussion, you will find a series of tables containing more specific details about the compensation earned by, or awarded to, the following individuals, whom we refer to as the Named Executive Officers or NEOs. This discussion focuses on compensation practices relating to the NEOs for our 2012 fiscal year.

Our NEOs in 2012 (based on total 2012 compensation earned) were as follows:

Name of NEO	Title
Richard Leeds	Chairman and Chief Executive Officer
Bruce Leeds	Vice Chairman
Robert Leeds	Vice Chairman and Chief Executive of the Company's North American Technology Products Group
Lawrence Reinhold	Executive Vice President and Chief Financial Officer
David Sprosty*	Former Chief Executive of the North American Technology Products Group

*Mr. Sprosty's employment terminated in March 2013 at which time he was replaced by Robert Leeds. Compensation information for Mr. Sprosty has been included, as he was a NEO as of December 31, 2012.

Central Objectives and Philosophy of Our Executive Compensation Programs

The Company's executive compensation programs are designed to achieve a number of important objectives, including attracting and retaining individuals of superior ability and managerial talent, rewarding individual contributions to the achievement of the Company's short and long-term financial and business objectives, promoting integrity and good corporate governance, and motivating our executive officers to manage the Company in a manner that will enhance its growth and financial performance for the benefit of our stockholders, customers and employees. Accordingly, in determining the amount and mix of compensation, the Compensation Committee seeks both to provide a competitive compensation package and to structure annual and long-term incentive programs that reward achievement of performance goals that directly correlate to the enhancement of sustained, long-term stockholder value, as well as to promote executive retention.

Our Compensation Committee seeks to design compensation programs with features that mitigate risk without diminishing the incentive nature of the compensation. The Company's variable pay programs are designed to reward outstanding individual and team performance while mitigating risk taking behavior that might affect financial results. Risk taking behavior includes the risk that an executive will take action that is detrimental to the Company's long-term interest in order to increase the executive's short-term performance-based compensation. We believe our programs encourage and reward prudent business judgment and appropriate risk-taking over the long-term. We believe the following factors are effective in mitigating risk relating to our compensation programs:

- Multiple Performance factors. We use multiple performance factors that encourage executives to focus on the overall health of the business rather than a single financial measure.
- Award Cap. Our 2010, 2011, 2012 and 2013 NEO Cash Bonus Plans each cap the maximum award payable to any individual.

- **Clawback Provision.** Our NEO Cash Bonus Plans provide the Company the ability to recapture all or a portion of cash awards (i) from our executive officers to the extent a bonus resulted from reported financial results that upon restatement of such results (other than as a result of changes in accounting principles) would not have generated the bonus or would have generated a lower bonus or (ii) from an executive officer if the Board learns of any misconduct by the executive officer that contributed to the Company having to restate all or a portion of its financial statements. In addition, the Board may recapture cash bonus awards from an executive if the Board determines that the executive engaged in serious ethical misconduct.
- **Management Processes.** Board and management processes are in place to oversee risk associated with the Company's operations. Our Board as a whole is responsible for overseeing the Company's risk management process. The Board focuses on the Company's general risk management strategy, the most significant risks facing the Company, and seeks to ensure that appropriate risk mitigation strategies are implemented by management. The Company has enhanced its risk management processes, and risk management is now a recurring Audit Committee and Board quarterly agenda item, and is considered part of strategic planning. The Board is also apprised of particular risk management matters in connection with its general oversight and approval of corporate matters and receives information relating to material risks affecting the Company from management and from our Legal, Risk Management/Insurance and Internal Audit departments.
- **Long-Term Equity Compensation.** A number of factors mitigate risks inherent in long-term equity compensation, specifically the vesting period for stock options and restricted stock unit grants, which we believe causes our executives to focus on long-term achievements and on building stockholder value.

We believe that our compensation policies for employees generally throughout our organization are not reasonably likely to have a material adverse effect on our company. From time to time a limited number of key managers are eligible to receive stock options and/or restricted stock units in varying amounts based on the judgment of the Compensation Committee. However, all awards are subject to years long vesting periods.

Elements of Our Executive Compensation Programs

To promote the objectives described above, our executive compensation programs consist of the following principal elements:

- Base salary;
- Non-equity incentive cash compensation, referred to for discussion purposes as bonuses;
- Stock-based incentives and
- Benefits, perquisites and other compensation.

The Committee does not maintain formal policies for specifically allocating compensation among current and long-term compensation or among cash and non-cash compensation elements. Instead, the Committee maintains flexibility and adjusts different elements of compensation based upon its evaluation of the Company's key compensation goals set forth above. The Company does not have a formal policy regarding internal pay equity.

Base Salary - Salary levels are subjectively determined based on individual and Company performance as well as an objective assessment of prevailing salary levels for comparable companies, derived from widely available published reports of the average of prevailing salary levels for comparable companies (based on industry, revenues, number of

employees, location and similar factors) in the Company's geographic regions. Such reports do not identify the component companies. Mr. Reinhold's and Mr. Sprosty's minimum salary is set pursuant to their respective employment agreements.

Cash Bonuses - Incentive cash compensation of the Company's NEOs under the 2010, 2011, 2012 and 2013 NEO Cash Bonus Plans described below (and implemented under our 2010 Long-Term Incentive Plan, described below) is based primarily upon an evaluation of Company performance as it relates to three general business areas:

- Operational and Financial Performance (utilizing standard metrics such as net sales, operating income, consolidated net income, earnings before interest and taxes (“EBIT”), gross margin, operating margin, earnings per share, working capital, return on invested capital, stockholder equity and peer group comparisons);
- Strategic Accomplishments (including growth in the business, implementation of systems, process and technology improvements, and growth in the value of the Company’s assets, including through strategic acquisition transactions); and
- Corporate Governance and Oversight (encompassing legal and regulatory compliance and adherence to Company policies including the timely filing of periodic reports with the SEC, the Sarbanes-Oxley Act, environmental, employment and safety laws and regulations and the Company’s corporate ethics policy).

Pursuant to SEC rules, the Company is not disclosing the specific performance targets and actual performance measures for the goals used in its 2010, 2011, 2012 and 2013 Bonus Plans because they represent confidential financial information that the Company does not disclose to the public, and the Company believes that disclosure of this information would cause us competitive harm. The Company believes that these performance goals were reasonably challenging to achieve. Targets are set such that only exceptional performance will result in payouts above the target incentive and poor performance will result in no incentive payment. We set the target performance goals at a level for which there is a reasonable chance of achievement based upon forecasted performance. Scenarios were developed based upon a range of assumptions used to build our annual budget. We did not perform specific analysis on the probability of the achievement of the target performance goals given that the market is difficult to predict. Rather, we relied upon our experience in setting the goals guided by our objective of setting a reasonably attainable and motivationally meaningful goal.

In determining the compensation of a particular executive, consideration is given to the specific corporate responsibilities that such executive is charged with as they relate to the foregoing business areas.

Stock-Based Incentives - Stock-based incentives, at the present time consisting of (a) non-qualified stock options granted at 100% of the stock’s fair market value on the grant date (based on the NYSE closing price of the Company’s common stock on that date) and/or (b) restricted stock units granted subject to certain conditions, constitute the long-term portion of the Company’s executive compensation package. Stock based compensation provides an incentive for executives to manage the Company with a view to achieving results which would increase the Company’s stock price over the long-term and, therefore, the return to the Company’s stockholders. Stock option, restricted stock and restricted stock unit grants must be approved by the Compensation Committee; however, the Compensation Committee is permitted to delegate this authority to officers of the Company regarding awards to employees who are not officers or directors of the Company and who are not, and are not expected to become, “covered employees” under Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”). We do not use any specific allocation percentage or formula in determining the size of the cash and equity based components of compensation in relation to each other.

The Compensation Committee is cognizant of the timing of the grant of stock based compensation in relation to the publication of Company earnings releases and other public announcements. Stock based compensation grants will not be made effective generally, until after the Company has disclosed, and the market has had an opportunity to react to, material, potentially market-moving, information concerning the Company.

Richard Leeds, Bruce Leeds and Robert Leeds have not historically received stock options or other stock-based incentives as part of their compensation since the Company’s initial public offering, and did not receive any such compensation in 2010, 2011 or 2012. As described below, Mr. Reinhold received stock options in 2009 and 2011 and

restricted stock units in 2010 and 2011. As described below, Mr. Sprosty received stock options and restricted stock units in 2011 in connection with his hiring.

Benefits, Perquisites and Other Compensation - The Company provides various employee benefit programs to its employees, including NEOs. These benefits include medical, dental, life and disability insurance benefits and our 401(k) plan, which includes Company contributions. The Company also provides Company-owned or leased

cars or automobile allowances and related reimbursements to certain NEOs and certain other Company managers which are not provided to all employees. Certain Company executives also have or are entitled to receive severance payments, and/or change of control payments pursuant to negotiated employment agreements they have with the Company (see below). The Company does not provide to executive officers any (a) pension benefits or (b) deferred compensation under any defined contribution or other plan on a basis that is not tax-qualified.

Tax Deductibility Considerations. It is our policy generally to qualify compensation paid to executive officers for deductibility under section 162(m) of the Code. Section 162(m) generally prohibits deducting the compensation of executive officers that exceeds \$1,000,000 unless that compensation is based on the satisfaction of objective performance goals. Our long-term incentive plans (the 1995 Long-Term Stock Incentive Plan, the 1999 Long-Term Stock Incentive Plan, as amended, the 1995 Stock Option Plan for Non-Employee Directors, the 2006 Stock Incentive Plan for Non-Employee Directors, and the 2010 Long-Term Incentive Plan) and the Systemax Executive Incentive Plan are structured to permit awards under such plans to qualify as performance-based compensation and to maximize the tax deductibility of such awards. However, we reserve the discretion to pay compensation to our executive officers that may not be deductible.

Role of the Compensation Committee and CEO in Compensation Decisions

The Compensation Committee's responsibility is to review and approve corporate goals relevant to the compensation of the Chief Executive Officer and, after an evaluation of the Chief Executive Officer's performance in light of such goals, to set the compensation of the Chief Executive Officer. The Compensation Committee also approves, upon the recommendation of the Chief Executive Officer (following consultation with the two Vice Chairmen, the Chief Financial Officer, the Chief Executives of the North American and European Technology Products Groups and the President of the subsidiaries comprising the Global Industrial business), (a) the annual compensation of the other executive officers of the Company, (b) the annual compensation of certain subsidiary managers, and (c) all individual stock incentive grants to other executive officers. The Compensation Committee is also responsible for reviewing and making periodic recommendations to the Board with respect to the general compensation, benefits and perquisite policies and practices of the Company, including the Company's stock-incentive based compensation plans. The Compensation Committee has the authority to retain third party compensation consultants to provide assistance with respect to compensation strategies, market practices, market research data and the Company's compensation goals. The Compensation Committee did not retain any such consultant in 2010, 2011 or 2012.

"Say on Pay" Advisory Vote on Executive Compensation

We provided stockholders a "say on pay" advisory vote on executive compensation at our 2011 annual meeting of stockholders on June 10, 2011, as required under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"). Our 2011 "say on pay" proposal to approve the compensation of the Company's NEOs, as disclosed in the Company's Proxy Statement for the 2011 Annual Meeting, received 87% approval from stockholders. We take this strong stockholder support as an assurance that our executive pay program and practices are reasonable and well-aligned with stockholder expectations. The Compensation Committee and management considered the results of that vote, and given the high approval level, our executive compensation program for fiscal 2013 will be consistent with our 2011 program. Further, and in response to our stockholders vote on the frequency of say on pay advisory votes, we will hold an advisory vote on executive compensation every three years. The next such vote will be held at the 2014 annual meeting. We are committed to being responsive to stockholder feedback, and the results of our say on pay votes help inform the Committee's discussions about the executive pay program.

2010 Long-Term Incentive Plan

In 2010, the Board of Directors approved, and the stockholders of the Company approved at the 2010 Annual Meeting, the 2010 Long-Term Incentive Plan in order to promote the interests of the Company and its stockholders by (i) attracting and retaining exceptional executive personnel and other key employees, including consultants and advisors to the Company and its affiliates; (ii) motivating such employees, consultants and advisors by means of performance-related incentives to achieve longer-range performance goals; and (iii) enabling such employees, consultants and advisors to participate in the long-term growth and financial success of the Company.

The 2010 Long-Term Incentive Plan provides for the granting of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards (which may be in the form of cash) or other stock-based awards. Any of the foregoing is referred to as an “Award.” Subject to adjustment in the case of certain corporate changes, Awards may be granted under the 2010 Long-Term Incentive Plan with respect to an aggregate of 7,500,000 shares of the Company’s Common Stock. During a calendar year, Awards may be granted to any individual with respect to a maximum of 1,500,000 shares (or \$10,000,000 in the case of cash performance awards).

Any employee of the Company or of any affiliate and any individual providing consulting or advisory services to the Company or an affiliate, is eligible to receive an award under the 2010 Long-Term Incentive Plan. The Compensation Committee administers the Plan and determines, in its sole discretion, the terms and conditions of any Award. The Compensation Committee or the Board of Directors may delegate to one or more officers or managers of the Company the authority to designate the individuals who will receive Awards under the Plan provided that the Compensation Committee shall itself grant all Awards to those individuals who could reasonably be considered to be subject to the insider trading provisions of Section 16 of the 1934 Act or whose Awards could reasonably be expected to be subject to the deduction limitations of Section 162(m) of the Code.

The Compensation Committee determines the persons who will receive Awards, the type of Awards granted, and the number of shares subject to each Award. The Compensation Committee also determines the prices, expiration dates, vesting schedules, forfeiture provisions and other material features of Awards. The Compensation Committee has the authority to interpret and construe any provision of the Plan and to adopt such rules and regulations for administering the Plan as it deems necessary or appropriate. All decisions and determinations of the Compensation Committee are final, binding and conclusive on all parties.

The 2010 Long-Term Incentive Plan provides that granting or vesting of restricted stock, restricted stock units and performance awards may be conditioned on the achievement of specified performance goals. These goals must be established by the Compensation Committee within 90 days of the beginning of the year (or other period to which the performance goals relate) or, if shorter, within the first 25% of the performance period.

The performance goals may be based on one or more of: share price, revenues, earnings (including but not limited to EBITDA), earnings per share, return on equity, expenses, and objective strategic and governance business goals. Each such performance goal may (1) be expressed with respect to the Company as a whole or with respect to one or more divisions or business units, (2) be expressed on a pre-tax or after-tax basis, (3) be expressed on an absolute and/or relative basis, (4) employ comparisons with past performance of the Company (including one or more divisions) and/or (5) employ comparisons with the current or past performance of other companies, and in the case of earnings-based measures, may employ comparisons to capital, stockholders’ equity and shares outstanding.

To the extent applicable, the measures used in performance goals set under the 2010 Long-Term Incentive Plan are determined in a manner consistent with the methods used in the Company’s Forms 10-K and 10-Q, except that adjustments will be made for certain items, including special, unusual or non-recurring items, acquisitions and dispositions and changes in accounting principles.

2013 NEO Cash Bonus Plan

In March 2013, pursuant to the 2010 Long-Term Incentive Plan previously adopted by the Board of Directors and by the stockholders at the 2010 Annual Meeting, our Compensation Committee, with input from our Chief Executive Officer, established our 2013 NEO Cash Bonus Plan (“2013 Bonus Plan”) providing for target cash bonuses for the NEOs based on the achievement of certain financial and non-financial performance-based criteria in 2013. The 2013

Bonus Plan implements for 2013 the 2010 Long-Term Incentive Plan and pertains specifically to the payment of non-equity incentive compensation to NEOs for 2013. The following discussion applies to 100% of the 2012 total non-equity incentive compensation for each of Mr. Richard Leeds, Mr. Bruce Leeds, Mr. Robert Leeds and Mr. Reinhold, and to the 25% portion of Mr. Dooley's 2013 total non-equity incentive compensation that is based on the 2013 Bonus Plan. (Mr. Dooley is anticipated to be a Named Executive Officer for 2013).

For 2013, such financial and non-financial goals, the percentage of the executive's entire cash bonus tied to such goals and the weighting of each component under such goal, are as follows:

- Financial Goals (80% of total cash bonus target)

- Adjusted Operating Income Growth (60%): the Compensation Committee believes this is the most important individual component and aligns the interests of our executives with those of our stockholders, in addition to building long-term value. Adjusted Operating Income is defined as operating income adjusted for unusual or nonrecurring items as determined by our Compensation Committee.
- Sales Growth (20%): the Compensation Committee believes top line sales growth is key to our Company achieving the scale necessary to remain competitive with larger companies. Sales are defined as sales revenue net of returns on a constant currency basis.
 - Non-Financial Goals for 2013 (20% of total cash bonus target)
- Strategic Accomplishments (seven specific goals weighted at an aggregated 80% of the total non-financial goal): These goals relate to various strategic initiatives including enhancing both the North American and European Technology Product Group’s information technology systems, reducing our costs in Europe, including implementing our shared services center in Hungary, expanding the Industrial business through foreign sales initiatives and the commercial launch of a new online revenue channel for the Industrial business and the implementation of website enhancements and retail strategy initiatives to enhance North American Technology sales. The Compensation Committee believes these initiatives will enhance the Company’s operational infrastructure and efficiency.
- Corporate Governance Goals for 2013 (three specific goals weighted at 20% of the total non-financial goal): These goals relate to continuing improvements in our internal control processes, ethics compliance procedures and safety protocols that the Compensation Committee believes will generally benefit stockholders.

Achievement of each of the target financial goals generates a variable target bonus payment (base case); reduced bonuses are payable on a pro rata basis for each financial goal component. The bonus for the sales target financial component is payable starting at achievement of in excess of 80% of the sales target financial goal component amount up to 140% of the sales target financial goal component amount. Each 1% variance in actual achievement from the 100% level generates a 5% variance in the target bonus amount. No bonus is payable in respect of this component if achievement is 80% or less of the sales target while increased bonuses (up to 300% of the target bonus amount) are payable on a pro rata basis for over achievement of the sales target financial goal component. The adjusted operating income financial goal component is payable at a level of 100% if the target is achieved. Each \$1 million variance in actual achievement below the 100% level will generate a 5% negative variance in the target bonus amount. Each \$750 thousand variance in actual achievement above the 100% level will generate a 5% positive variance in the target bonus amount up to 300% of the target bonus for this target financial component. The non-financial goals are measured based on whether or not the goal is either accomplished or not accomplished during the fiscal year.

Under the 2013 Bonus Plan, the Compensation Committee set the following cash bonus target amounts for each of Mr. Richard Leeds, Mr. Bruce Leeds, Mr. Robert Leeds and Mr. Reinhold, assuming achievement of the 2013 Cash Bonus Plan financial and non-financial goals at 100% base case target levels, and in the case of Mr. Dooley (anticipated to be a Named Executive Officer for 2013) achievement of such 2013 Bonus Plan goals at 100% base case target levels (25% of the bonus) as well as achievement of the financial and non-financial goals of the Industrial Products Group at 100% base case target levels (75% of the bonus), as discussed above:

Richard Leeds	\$1,100,000
Bruce Leeds	\$ 750,000
Robert Leeds	\$ 750,000
Lawrence Reinhold	\$ 825,000
Robert Dooley	\$ 414,000

The Compensation Committee believes these bonus levels are appropriate for each of our named executive officers; these bonus levels are the same as those that were set for the named executive officers in 2012 (other than for Mr. Dooley). The 2013 salary increases reflect the Compensation Committee's view that such increases are appropriate in light of 2013 NEO bonuses being set at the same level as 2012.

The 2013 Bonus Plan imposes a cap on the total bonus that could be payable to any executive at 260% of the target base case bonus. The Compensation Committee has the discretion to adjust financial targets based on such events as acquisitions or other one-time charges or gains, or other unforeseen circumstances that can skew normal operating results. Targets and bonuses are also subject to adjustment to prevent unreasonable results in the strict application of these formulas. Executives must generally be employed with the Company at the time the bonuses are paid out to receive the bonus.

In addition, the Board can demand repayment to the Company of any cash bonuses paid in the event that (i) the executive's misconduct caused the Company to restate its reported financial results; (ii) the reported results created a bonus that would not have been paid based on the restated results, or (ii) the executive engages in serious ethical misconduct.

2012 NEO Cash Bonus Plan

In March 2012, pursuant to the 2010 Long-Term Incentive Plan previously adopted by the Board of Directors and by the stockholders at the 2010 Annual Meeting, our Compensation Committee, with input from our Chief Executive Officer, established our 2012 NEO Cash Bonus Plan ("2012 Bonus Plan") providing for target cash bonuses for the NEOs based on the achievement of certain financial and non-financial performance-based criteria in 2012. The 2012 Bonus Plan implemented for 2012 the 2010 Long-Term Incentive Plan and pertains specifically to the payment of non-equity incentive compensation to NEOs for 2012. The following discussion applies to 100% of the 2012 total non-equity incentive compensation for each of Mr. Richard Leeds, Mr. Bruce Leeds, Mr. Robert Leeds and Mr. Reinhold, and to the 25% portion of Mr. Sprosty's 2012 total non-equity incentive compensation that is based on the 2012 NEO Cash Bonus Plan, as discussed below.

For 2012, such financial and non-financial goals, the percentage of the executive's entire cash bonus tied to such goals and the weighting of each component under such goal, were as follows:

- Financial Goals (80% of total cash bonus target)
 - Adjusted Operating Income Growth (60%): the Compensation Committee believes this is the most important individual component and aligns the interests of our executives with those of our stockholders, in addition to building long-term value. Adjusted Operating Income is defined as operating income adjusted for unusual or nonrecurring items as determined by our Compensation Committee.
 - Sales Growth (20%): the Compensation Committee believes top line sales growth is key to our Company achieving the scale necessary to remain competitive with larger companies. Sales are defined as sales revenue net of returns on a constant currency basis.
- Non-Financial Goals for 2012 (20% of total cash bonus target)
 - Strategic Accomplishments (eight specific goals weighted at an aggregated 80% of the total non-financial goal): These goals relate to various strategic initiatives including enhancing both the North American and European Technology Product Group's information technology systems, reducing our costs in Europe, expanding the Industrial business's distribution capacity through the operation of our new distribution center, the development of a new online revenue channel for the Industrial business and the creation and implementation of a long-term incentive compensation program for the Company's senior management. The Compensation Committee believes these initiatives will enhance the Company's operational infrastructure and efficiency.

– Corporate Governance Goals for 2012 (three specific goals weighted at 20% of the total non-financial goal): These goals relate to continuing improvements in our internal control processes, ethics compliance procedures and safety protocols that the Compensation Committee believes will generally benefit stockholders.

Achievement of each of the target financial goals generates a variable target bonus payment (base case); reduced bonuses are payable on a pro rata basis for each financial goal component, starting at achievement of in excess of 80% of the target financial goal component amount up to 140% of the target financial goal component

amount. Each 1% variance in actual achievement from the 100% level generates a 5% variance in the target bonus amount for that component, and no bonus is payable in respect of these components if achievement is 80% or less of the target financial component goal amount. Increased bonuses (up to 300% of the target bonus amount for each component) are payable on a pro rata basis for each financial goal component amount achieved. The non-financial goals are measured based on whether or not the goal is either accomplished or not accomplished during the fiscal year.

Under the 2012 Bonus Plan, the Compensation Committee set the following cash bonus target amounts for each of Mr. Richard Leeds, Mr. Bruce Leeds, Mr. Robert Leeds and Mr. Reinhold, assuming achievement of the 2012 NEO Cash Bonus Plan financial and non-financial goals at 100% base case target levels, and in the case of Mr. Sprosty, achievement of such 2012 NEO Cash Bonus Plan goals at 100% base case target levels (25% of the bonus) as well as achievement of the financial and non-financial goals of the North American Technology Products Group at 100% base case target levels (75% of the bonus), as discussed above:

Richard Leeds	\$1,100,000
Bruce Leeds	\$ 750,000
Robert Leeds	\$ 750,000
Lawrence Reinhold	\$ 825,000
David Sprosty	\$ 700,000

The Compensation Committee believes these bonus levels are appropriate for each of our named executive officers; these bonus levels are the same as those that were set for the named executive officers in 2011. The 2012 salary increases reflect the Compensation Committee's view that such increases are appropriate in light of 2012 NEO bonuses being set at the same level as 2011.

The 2012 Bonus Plan imposed a cap on the total bonus that could be payable to any executive at 260% of the target base case bonus. The Compensation Committee has the discretion to adjust financial targets based on such events as acquisitions or other one-time charges or gains, or other unforeseen circumstances that can skew normal operating results. Targets and bonuses are also subject to adjustment to prevent unreasonable results in the strict application of these formulas. Executives must generally be employed with the Company at the time the bonuses are paid out to receive the bonus.

In addition, the Board can demand repayment to the Company of any cash bonuses paid in the event that (i) the executive's misconduct caused the Company to restate its reported financial results; (ii) the reported results created a bonus that would not have been paid based on the restated results, or (ii) the executive engages in serious ethical misconduct.

2011 NEO Cash Bonus Plan

In March 2011, pursuant to the 2010 Long-Term Incentive Plan previously adopted by the Board of Directors and by the stockholders at the 2010 Annual Meeting, our Compensation Committee, with input from our Chief Executive Officer, established our 2011 NEO Cash Bonus Plan ("2011 Bonus Plan") providing for target cash bonuses for the NEOs based on the achievement of certain financial and non-financial performance-based criteria in 2011. The 2011 Bonus Plan implemented for 2011 the 2010 Long-Term Incentive Plan and pertains specifically to the payment of non-equity incentive compensation to NEOs for 2011.

For 2011, such financial and non-financial goals, the percentage of the executive's entire cash bonus tied to such goals and the weighting of each component under such goal, were as follows:

- Financial Goals (80% of total cash bonus target)

– Adjusted Operating Income Growth (60%): the Compensation Committee believes this is the most important individual component and aligns the interests of our executives with those of our stockholders, in addition to building long-term value. Adjusted Operating Income is defined as operating income adjusted for unusual or nonrecurring items as determined by our Compensation Committee.

– Sales Growth (20%): the Compensation Committee believes topline sales growth is key to our Company achieving the scale necessary to remain competitive with larger companies. Sales are defined as sales revenue net of returns on a constant currency basis.

- Non-Financial Goals for 2011 (20% of total cash bonus target)

– Strategic Accomplishments (seven specific goals weighted at an aggregated 70% of the total non-financial goal): These goals relate to various strategic initiatives relating to enhancing our management and business information systems, and implementing distribution/warehouse system improvements. The Compensation Committee believes these initiatives will enhance the Company’s operational infrastructure and efficiency.

– Corporate Governance Goals for 2011 (three specific goals weighted at 30% of the total non-financial goal): These goals relate to continuing improvements in our internal processes and procedures that the Compensation Committee believes will generally benefit stockholders.

Under the 2011 Bonus Plan, the Compensation Committee set the following cash bonus target amounts for each of the following NEOs, assuming achievement of the 2011 financial and non-financial goals at 100% base case target levels:

Richard Leeds	\$1,100,000
Bruce Leeds	\$ 750,000
Robert Leeds	\$ 750,000
Lawrence Reinhold	\$ 825,000

The Compensation Committee believes these bonus levels are appropriate for each of our named executive officers; these bonus levels are the same as those that were set for the named executive officers for 2010, and take into account the 2011 base salary increases. The 2011 salary increases reflect the Compensation Committee’s view that such increases were appropriate in light of 2011 NEO bonuses being set at the same level as 2010 and 2010 NEO base salary having been held at the same level as 2009.

David Sprosty, a former named executive officer, joined the Company in October, 2011, and left the Company’s employ in March 2013. See “Employment Arrangements with Named Executive Officers” and “Potential Payments Upon Termination or Change of Control.”

Under the 2011 Bonus Plan, achievement of each of the target financial goals generates a variable target bonus payment (base case); reduced bonuses are payable on a pro rata basis for each financial goal component, starting at achievement of in excess of 80% of the target financial goal component amount up to 140% of the target financial goal component amount. Each 1% variance in actual achievement from the 100% level generates a 5% variance in the target bonus amount for that component, and no bonus is payable in respect of these components if achievement is 80% or less of the target financial component goal amount. Increased bonuses (up to 300% of the target bonus amount for each component) are payable on a pro rata basis for each financial goal component amount achieved. The non-financial goals are measured based on whether or not the goal is either accomplished or not accomplished during the fiscal year.

The 2011 Bonus Plan imposed a cap on the total bonus that could be payable to any executive at 260% of the target base case bonus. The Compensation Committee had the discretion to adjust financial targets based on such events as acquisitions or other one-time charges or gains, or other unforeseen circumstances that can skew normal operating results. Targets and bonuses are also subject to adjustment to prevent unreasonable results in the strict application of

these formulas. Executives must generally be employed with the Company at the time the bonuses are paid out to receive the bonus.

In addition, under the 2011 Bonus Plan, the Board can demand repayment to the Company of any cash bonuses paid in the event that (i) the executive's misconduct caused the Company to restate its reported financial results; (ii) the reported results created a bonus that would not have been paid based on the restated results, or (ii) the executive engages in serious ethical misconduct.

2010 NEO Cash Bonus Plan

In March 2010, pursuant to the 2010 Long-Term Incentive Plan, our Compensation Committee, with input from our Chief Executive Officer, established our 2010 NEO Cash Bonus Plan (“2010 Bonus Plan”) providing for target cash bonuses for the NEOs based on the achievement of certain financial and non-financial performance-based criteria in 2010. The 2010 Bonus Plan implemented for 2010 the 2010 Long-Term Incentive Plan and pertains specifically to the payment of non-equity incentive compensation to NEOs for 2010.

For 2010, such financial and non-financial goals, the percentage of the executive’s entire cash bonus tied to such goals and the weighting of each component under such goal, were as follows:

- Financial Goals (80% of total cash bonus target)
 - Adjusted Operating Income Growth (50%): the Compensation Committee believes this is the most important individual component and aligns the interests of our executives with those of our stockholders, in addition to building long-term value. Adjusted Operating Income is defined as operating income adjusted for unusual or nonrecurring items as determined by our Compensation Committee.
 - Sales Growth (20%): the Compensation Committee believes top line sales growth is key to our Company remaining competitive with larger companies. Sales are defined as sales revenue net of returns on a constant currency basis.
 - Return on Invested Capital Growth (10%): the Compensation Committee believes this will encourage management to pursue operational efficiencies in establishing strategic goals and planning for growth. Return on Invested Capital is defined as adjusted operating income divided by the sum of (i) the book value of stockholders’ equity plus the book value of interest-bearing obligations minus total cash and cash equivalents.
- Non-Financial Goals for 2010 (20% of total cash bonus target)
 - Strategic Accomplishments (six specific goals weighted at an aggregated 80% of the total non-financial goal): These goals relate to various strategic initiatives that the Compensation Committee believes will enhance the Company’s operational infrastructure.
 - Corporate Governance Goals for 2010 (two specific goals weighted at 20% of the total non-financial goal): These goals relate to continuing improvements in our internal processes that the Compensation Committee believes will generally benefit stockholders.

Under the 2010 Bonus Plan, the Compensation Committee set the following cash bonus target amounts for each of the following NEOs, assuming achievement of the 2010 financial and non-financial goals at 100% base case target levels:

Richard Leeds	\$1,100,000
Bruce Leeds	\$ 750,000
Robert Leeds	\$ 750,000
Lawrence Reinhold	\$ 825,000

Under the 2010 Bonus Plan, achievement of each of the target financial goals generates a variable target bonus payment (base case); reduced bonuses are payable on a pro rata basis for each financial goal component, starting at achievement of in excess of 80% of the target financial goal component amount up to 140% of the target financial goal component amount. Each 1% variance in actual achievement from the 100% level generates a 5% variance in the

target bonus amount for that component, and no bonus is payable in respect of these components if achievement is 80% or less of the target financial component goal amount. Increased bonuses (up to 300% of the target bonus amount for each component) are payable on a pro rata basis for each financial goal component amount achieved. The non-financial goals are measured based on whether or not the goal is either accomplished or not accomplished during the fiscal year.

The 2010 Bonus Plan imposed a cap on the total bonus that could be payable to any executive at 260% of the target base case bonus. The Compensation Committee had the discretion to adjust financial targets based on such events as acquisitions or other one-time charges or gains, or other unforeseen circumstances that can skew normal operating results. Targets and bonuses are also subject to adjustment to prevent unreasonable results in the strict application of these formulas. Executives must generally be employed with the Company at the time the bonuses are paid out to receive the bonus.

In addition, under the 2010 Bonus Plan, the Board can demand repayment to the Company of any cash bonuses paid in the event that (i) the executive's misconduct caused the Company to restate its reported financial results; (ii) the reported results created a bonus that would not have been paid based on the restated results, or (ii) the executive engages in serious ethical misconduct.

Compensation of NEOs in 2012

In determining the compensation of the Company's Chief Executive Officer for fiscal year 2012 and approving the compensation of the Company's other NEOs, the Committee considered, among the other factors discussed above, the achievement of the performance based criteria established under the 2012 Bonus Plan.

The Compensation Committee determined that the Company and management had performed adequately, particularly given trends in the general economic environment that had affected the Company's business throughout fiscal 2012, and that management had executed acceptably on strategic business initiatives to position the Company for growth while managing risk. Based on Company and individual performance, the Compensation Committee believes that compensation levels for fiscal year 2012 were consistent with the philosophy and objectives of the Company's compensation programs. The Company met certain of its 2012 corporate governance non-financial goals described above; however, the Compensation Committee exercised discretion under the 2012 Bonus Plan to defer or eliminate certain of the original strategic goals to take account of the difficulties faced by the North American Technology Products Group business in 2012 in order to focus management on other initiatives, resulting in full payout of the portion of the bonus allocated to non-financial goals. Furthermore, the Company did not achieve its 2012 minimum adjusted operating income and/or its target sales growth financial goals. Accordingly, pursuant to the 2012 Bonus Plan formulas, 2012 non-equity incentive plan/bonus compensation for each named executive officer was paid at only 36% of the target level.

The 2012 threshold, target and maximum bonus amounts for each of our named executive officers are found in the "Grants of Plan-Based Awards" table on page 36.

Mr. Leeds salary for 2013 is set at \$555,000. See the discussion of our 2012 Bonus Plan and 2013 Bonus Plan regarding Mr. Leeds non-equity incentive awards for 2012 and 2013.

Lawrence Reinhold

The Company entered into an employment agreement with Mr. Reinhold on January 17, 2007. The agreement provides for a minimum base salary of \$400,000 (which may be increased at the discretion of the Company) and a bonus (which the agreement states is expected to be at least equal to 50% of the base salary) assuming Mr. Reinhold meets certain performance objectives (including the Company's financial performance objectives) established for him by the Company. He is entitled to receive a car allowance or a Company-leased car.

Mr. Reinhold's bonus for 2012 was determined as described above under the heading 2012 Named Executive Officer Cash Bonus Plan. Mr. Reinhold received a grant of equity compensation in 2011 in the form of stock options. The decision by the Compensation Committee to award Mr. Reinhold stock options was based on Mr. Reinhold's significant accomplishments in 2011 as well as a desire to further align his interests with those of the Company's stockholders. Base salary accounted for 67% and bonus accounted for 33% of Mr. Reinhold's total cash compensation for 2012. In 2010, Mr. Reinhold received a grant of 175,000 restricted stock units under the 2010 Long-Term Incentive Plan. The restricted stock units vest in ten equal annual installments of 17,500 units each, beginning on May 15, 2011. In 2011, Mr. Reinhold received a grant of 100,000 restricted stock units that vest in ten equal installments beginning on November 14, 2012. The Compensation Committee decided to make these equity awards in recognition of Mr. Reinhold's accomplishments in 2010 and 2011 and in order to further align his interests with those of our stockholders. His salary for 2013 is set at \$628,000.

Compensation that may become payable following the termination of his employment or a change in control of the company, and other terms of the employment agreement related to such events, are discussed below under "—Potential Payments Upon Termination or Change in Control."

David Sprosty

The Company entered into an employment agreement with Mr. Sprosty on October 3, 2011, whose employment with the Company terminated on March 1, 2013. The agreement provided for a base salary of \$700,000 and cash bonuses. Under the employment agreement, Mr. Sprosty was eligible for (i) a target cash bonus of \$700,000 during each year of employment (prorated for the first year and based on assumed achievement at target level) assuming Mr. Sprosty met certain performance objectives established for him by the Company; 75% of the bonus was based on performance objectives of the North American Technology Products Group for the applicable year and 25% of the bonus was based on certain Company financial performance objectives under the Company's Named Executive Officer Cash Bonus Plan for the applicable year; and (ii) a special one-time cash bonus of \$2,000,000 upon the North American Technology Products Group's achievement of profitability targets, as determined pursuant to the agreement, for two consecutive full fiscal years, with the first year being no later than December 31, 2014. Of the 75% portion of Mr. Sprosty's bonus that was based on performance objectives of the North American Technology Products Group, 60% (45% of the total bonus) was based on achieving financial goals for increasing operating income and sales, and 40% (30% of the total bonus) was based on non-financial goals involving implementing various information technology enhancements and retail store improvements. Achievement of the target financial goals set for Mr. Sprosty generated a variable target bonus payment (base case); a reduced bonus was payable for the financial goal component, starting at achievement of in excess of 70% of the target financial goal component amount up to 150% of the target financial goal component amount. No bonus was payable in respect of these components if achievement was 70% or less of the target financial component goal amount. An increased bonus (up to 200% of the target bonus amount for each component) was payable for each financial goal component amount achieved. The non-financial goals were measured based on whether or not the goal was either accomplished or not accomplished during the fiscal year.

In 2012 Mr. Sprosty received a one-time cash relocation bonus of \$300,000 upon his relocation to Miami, Florida, plus \$250,000 of additional reimbursements for his relocation to Miami. Mr. Sprosty has also been granted an option to purchase 100,000 shares of common stock pursuant to the Company's Long-Term Stock Incentive Plan (vesting over a period of four years with 25% of the options vesting on the first, second, third and fourth anniversary dates of the grant date; only the first installment vested prior to his termination), and a grant of 100,000 restricted stock units of the Company's common stock in accordance with the Company's 2010 Long-Term Incentive Plan (vesting over ten years in equal installments on each of the first ten anniversaries of the grant date; as of the date of Mr. Sprosty's termination, Mr. Sprosty became immediately vested in all non-vested restricted stock units and

became immediately entitled to a distribution of that number of shares of common stock of the Company that was represented by those vested restricted stock units). He was also entitled to receive a car allowance or a Company-leased car.

Base salary accounted for 85% and bonus accounted for 15% of Mr. Sprosty's total cash compensation for 2012. Mr. Sprosty was not employed by the Company in 2010.

Compensation became payable to Mr. Sprosty following the termination of his employment in March 2013, as described below under "—Potential Payments Upon Termination or Change in Control."

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Lawrence Reinhold

Mr. Reinhold's employment agreement is terminable upon death or total disability, by the Company for "cause" (as defined) or without cause, or by Mr. Reinhold voluntarily for any reason or for "good reason" (as defined). In the event of termination for death, disability, cause or voluntary termination by Mr. Reinhold, the Company will owe no further payments other than accrued but unpaid base salary as applicable under disability or medical plans and any accrued but unused vacation time (up to four weeks). In the event of termination for disability or death, Mr. Reinhold would also receive the pro rata portion of any bonus which would otherwise be paid based on the average annual bonus received for the prior two years. If Mr. Reinhold resigns for good reason or if the Company terminates him for any reason other than disability, death or cause, he shall also receive in addition to the payments paid for other terminations, severance payments equal to 12 months' base salary (or 24 months' base salary if termination is within 60

days prior to or one year following a “change of control,” as defined), one year’s bonus based on his average annual bonus for the prior two years and a reimbursement of costs for COBRA insurance coverage. A “Change in Control” means: (i) approval by the stockholders of the Company of (I) a reorganization, merger, consolidation or other form of corporate transaction or series of transactions, in each case, with respect to which the Majority Stockholders (as defined) cease to own, directly or indirectly, in the aggregate at least forty percent (40%) of the then outstanding shares of the Parent’s common stock or the combined voting power entitled to vote generally in the election of directors of the reorganized, merged or consolidated company’s then outstanding voting securities, in substantially the same proportions as their ownership immediately prior to such reorganization, merger, consolidation or other transaction, or (II) the sale of all or substantially all of the assets of the Company; (ii) the acquisition by any person, entity or “group”, within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act, of beneficial ownership within the meaning of Rule 13-d promulgated under the Securities Exchange Act which would result in the Majority Stockholders ceasing to own, directly or indirectly, in the aggregate, at least forty percent (40%) of the then outstanding shares of the Company’s common stock; or (iii) the approval by the stockholders of the Company of the complete liquidation or dissolution of the Company.

If Mr. Reinhold is terminated for cause, any unvested portion of his restricted stock units will terminate and be forfeited. In the event of a change in control, Mr. Reinhold will become immediately vested in all of the restricted stock units held by him as of the date of the change in control. If Mr. Reinhold's employment is terminated without cause or for good reason, he will become immediately vested in all non-vested units and will become immediately entitled to a distribution of that number of shares of common stock of the Company that are represented by those vested restricted stock units. If Mr. Reinhold's employment is terminated due to disability or death, his estate or designated beneficiary(ies), whichever is applicable, will become immediately vested in 50% of the non-vested restricted stock units.

Pursuant to the Company's standard option agreements, in the event Mr. Reinhold's employment is terminated for any reason other than death, disability or cause, the vested portions of his options will be exercisable for up to three months, and the unvested portion will be forfeited. In the event of death or disability, the vested portion of his option will be exercisable for up to one year, and the unvested portion will be forfeited. In the event of termination for cause, all unexercised options (vested and unvested) will be forfeited.

David Sprosty

Mr. Sprosty's employment agreement is terminable upon "death" or "total disability" (as defined), by the Company for "cause" or "without cause" (as defined), or by Mr. Sprosty voluntarily for any reason or for "good reason" (as defined). As a result of the termination of Mr. Sprosty's employment in March 2013 "without cause", as of the date of termination, the Company became obligated to pay Mr. Sprosty all accrued but unpaid base salary to the date of termination, and any accrued but unused vacation time (up to four weeks) and severance payments (contingent upon and as express consideration for compliance with his non-compete, non-solicitation and other confidentiality obligations) equal to (a) twelve (12) months' base salary; (b) an amount equal to the annual target amount of the annual bonus; and (c) a reimbursement of costs for COBRA insurance coverage.

As a result of the termination of Mr. Sprosty's employment in March 2013 "without cause", as of the date of termination, Mr. Sprosty became immediately vested in all non-vested restricted stock units and became immediately entitled to a distribution of that number of shares of common stock of the Company that was represented by those vested restricted stock units.

As a result of the termination of Mr. Sprosty's employment in March 2013 "without cause" he may exercise (to the extent exercisable) his vested options in whole or in part at any time within three months after the date of termination. All unvested options at the time of such termination were forfeited.

Termination of Employment Without Change In Control

The table below sets forth the severance payments that would have been made had the employment of Mr. Reinhold or Mr. Sprosty been terminated by the Company without cause or by them for “good reason” in a situation not involving a change in control, based on a hypothetical termination date of December 31, 2012, the last day of the Company’s fiscal year 2012, and using the closing price of our common stock on December 31, 2012. These amounts are estimates and the actual amounts to be paid can only be determined at the time of the termination of the officer’s employment.

PROPOSAL NO. 2
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Action is to be taken at the Annual Meeting to ratify the selection of Ernst & Young LLP as independent registered public accountants for the Company for fiscal year 2013.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and to be available to respond to appropriate questions. They will have an opportunity to make a statement if they so desire.

Principal Accounting Fees and Services

The following are the fees billed by Ernst & Young LLP for services rendered during fiscal years 2011 and 2012:

Audit and Audit-related Fees

Ernst & Young billed the Company \$1,605,238 for professional services rendered for the audit of the Company's annual consolidated financial statements for fiscal year 2012 and its reviews of the interim financial statements included in the Company's Forms 10-Q for that fiscal year and \$1,771,069 for such services rendered for fiscal year 2011.

In accordance with the SEC's definitions and rules, "audit fees" are fees that were billed to the Company by Ernst & Young for the audit of the Company's annual financial statements, to be included in the Form 10-K, and review of financial statements included in the Form 10-Qs; for the audit of the Company's internal control over financial reporting with the objective of obtaining reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects; for the attestation of management's report on the effectiveness of internal control over financial reporting; and for services that are normally provided by the auditor in connection with statutory and regulatory filings or engagements. "Audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of the company's financial statements and internal control over financial reporting, including services in connection with assisting the company in its compliance with its obligations under Section 404 of the Sarbanes-Oxley Act and related regulations.

Tax Fees

Tax fees included services for international tax compliance, planning and advice. Ernst & Young LLP billed the Company for professional services rendered for tax compliance, planning and advice in 2011 and 2012 an aggregate of \$0 and \$0, respectively.

All Other Fees

Other fees (i.e., those that are not audit fees, audit related fees, or tax fees) of \$2,167 and \$2,665 were billed by Ernst & Young LLP for fiscal years 2011 and 2012.

The Audit Committee is responsible for approving every engagement of the Company's independent registered public accountants to perform audit or non-audit services on behalf of the Company or any of its subsidiaries before such accountants can be engaged to provide those services. The Audit Committee does not delegate its pre-approval authority. The Audit Committee has reviewed the services provided to the Company by Ernst & Young LLP and believes that the non-audit/review services it has provided are compatible with maintaining the auditor's independence.

Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accountants is not required by the Company's By-Laws or other applicable legal requirement. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to continue to retain that firm. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of different independent registered public accountants at any time during the year or thereafter if it determines that such a change would be in the best interests of the Company and its stockholders.

Vote Required for Approval

Ratification of the selection of Ernst & Young LLP as the Company's independent registered public accountants will require the affirmative vote of the holders of a majority of the Shares present in person or by proxy and entitled to vote on the issue. There are no rights of appraisal or dissenter's rights as a result of a vote on this issue.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR FISCAL 2013, WHICH IS DESIGNATED AS PROPOSAL NO. 2.

Consistent with the Company's confidential voting procedure, Directors, officers and other regular employees of the Company, as yet undesignated, may also request the return of proxies by telephone or fax, or in person.
