XL CAPITAL LTD

PROXY STATEMENT

FOR

THE ANNUAL GENERAL MEETING OF HOLDERS OF CLASS A ORDINARY SHARES

TO BE HELD ON APRIL 28, 2006

The accompanying proxy is solicited by the Board of Directors of XL Capital Ltd (the "Company") to be voted at the Annual General Meeting of holders (the "Shareholders") of the Company's Class A Ordinary Shares (the "Shares") to be held on April 28, 2006 and any adjournments thereof.

When such proxy is properly executed and returned, the Shares of the Company it represents will be voted at the meeting on the following: (1) the election of the three nominees for Class II Directors identified herein, (2) the ratification of the appointment of PricewaterhouseCoopers LLP, New York, New York (the "Independent Auditor"), to act as the independent registered public accounting firm of the Company for the year ending December 31, 2006, and (3) such other business as may properly come before the meeting or any adjournments thereof.

Any Shareholder giving a proxy has the power to revoke it prior to its exercise by giving notice of such revocation to the Secretary of the Company in writing at XL House, One Bermudiana Road, Hamilton, HM 11, Bermuda, by attending and voting in person at the Annual General Meeting or by executing a subsequent proxy, provided that such action is taken in sufficient time to permit the necessary examination and tabulation of the subsequent proxy or revocation before the votes are taken.

Shareholders of record as of the close of business on March 15, 2006 will be entitled to vote at the Annual General Meeting. As of March 15, 2006, there were 179,579,260 outstanding Shares entitled to vote at the Annual General Meeting, with each Share entitling the holder of record thereof to one vote at the Annual General Meeting (subject to certain limitations set forth in the Company's Articles of Association[see "Beneficial Ownership]).

This Proxy Statement, the attached Notice of Annual General Meeting and the accompanying proxy card are first being mailed to Shareholders on or about March 24, 2006.

Other than the approval of the minutes of the 2005 Annual General Meeting, the Company knows of no specific matter to be brought before the Annual General Meeting that is not referred to in the Notice of Meeting. If any such matter comes before the Annual General Meeting, including any Shareholder proposal properly made, the proxy holders will vote proxies in accordance with their judgment.

The election of each nominee for Director and the ratification of the appointment of the Auditor referred to in Item 2 above require the affirmative vote of a majority of the votes cast on such proposal at the Annual General Meeting, provided there is a quorum (consisting of one or more Shareholders present in person or by proxy holding at least fifty percent (50%) of the issued and outstanding Shares entitled to vote at the Annual General Meeting). Shares owned by Shareholders electing to abstain from voting with respect to any proposal and "broker non-votes" will be counted towards the presence of a quorum but will not be considered present and voting with respect to the elections of nominees for Director or other matters to be voted upon at the Annual General Meeting. Therefore, abstentions and "broker non-votes" will have no effect on the outcome of the proposals to elect directors or to ratify the appointment of the Auditors.

In 2005, there were nine meetings of the Board and all incumbent Directors attended at least 75% of such meetings and of the meetings held by all committees of the Board of which they were a member. Formal meetings of the Board and Board committees are supplemented periodically by informational meetings. In 2005, five such informational meetings of the Board were held. The Company expects Directors to attend the Annual General Meeting and eleven of our then Directors attended the 2005 Annual General Meeting.

In connection with each regularly scheduled meeting of the Board, the non-management Directors meet in executive session without any member of management in attendance. In addition, the independent Directors meet as a group at least annually. Mr. Weiser and, in his absence, Dr. Parker were selected by the independent Directors to preside at such executive sessions of the Board. The Board considers annually the selection of an independent Director to serve as presiding Director at executive sessions of non-management Directors.

Independence Standards

The Board has adopted categorical standards to assist it in making determinations as to whether Directors have any material relationships with the Company for purposes of determining independence under the listing standards of the New York Stock Exchange (the "NYSE") and Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The standards are attached as Appendix A to this Proxy Statement. The Board of Directors determined in March 2006 that each of Messrs. Comey, Mauriello, Thornton, McQuade, Senter and Rance and Drs. Parker and Thrower is independent in accordance with such categorical standards.

Code of Conduct

The Company has adopted a Code of Business Conduct and Ethics, which applies to all of the Company's Directors, officers (including the Chief Executive Officer) and employees. The Company has also adopted a Code of Ethics for XL Senior Financial Officers applicable to the Company's chief financial officer, controller and other persons performing similar functions. The Company will post on its website at www.xlcapital.com any amendment to or waiver under the Code of Business Conduct and Ethics or the Code of Ethics for XL Senior Financial Officers granted to any of its Directors or executive officers.

Website Access to Governance Documents

The Company's Director Independence Standards, Corporate Governance Guidelines, Code of Business Conduct and Ethics and Code of Ethics for XL Senior Financial Officers, the charters for the Audit Committee, Compensation Committee and Nominating & Governance Committee, and other Company ethics and governance materials are available free of charge on the Company's website at www.xlcapital.com or by writing to Investor Relations, XL Capital Ltd, XL House, One Bermudiana Road, Hamilton HM 11, Bermuda.

Committees

The Board has established an Audit Committee, a Compensation Committee, a Nominating & Governance Committee, a Finance Committee and a Public Affairs Committee. Each member of the Audit Committee, the Compensation Committee and the Nominating & Governance Committee is independent as independence for members of a company's audit committee, compensation committee or nominating/governance committee, as the case may be, is defined in the NYSE listing standards and Rule 10A-3 promulgated under the Exchange Act, as applicable. Each member of the Public Affairs Committee is independent (as defined in the NYSE listing standards).

Audit Committee

The Audit Committee's primary purpose is to assist in the Board's oversight of the integrity of the Company's financial statements, including its system of internal controls, the Independent Auditor's qualifications, independence and performance, the performance of the Company's internal audit function and the Company's compliance with legal and regulatory requirements. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the Independent Auditor in preparing or issuing an audit report or performing other audit, review or attestation services for the Company. Messrs. Comey (Chairman), McQuade and Weiser comprise the Compensation Committee. The Compensation Committee met six times during 2005 and held two informational meetings in 2005.

Nominating & Governance Committee

The Nominating & Governance Committee also reviews the performance of the Board and the Company's succession planning. Messrs. Weiser (Chairman) and Drs. Parker and Throrer comprise the Nominating & Governance Committee. The Nominating & Governance Committee met six times during 2005 and held one informational meeting in 2005. On February 24, 2006, the Board elected Mr. Mauriello as a member of the Nominating & Governance Committee.

Identifying and Evaluating Nominees

The Nominating & Governance Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of new Board members as well as the composition of the Board as a whole. When the Board determines to seek a new member, whether to fill a vacancy or otherwise, the Nominating & Governance Committee utilizes third-party search firms and considers recommendations from Board members, management and others, including Shareholders. In general, the Nominating & Governance Committee looks for new members possessing superior business judgment and integrity who have distinguished themselves in their chosen fields of endeavor and who have knowledge or experience in the areas of insurance, reinsurance, financial services or other aspects of the Company's business, operations or activities. Mr. Mauriello was recommended to the Nominating & Governance Committee as a potential nominee for Director by Mr. Esposito.

Nominees Recommended by Shareholders

The Nominating & Governance Committee will consider, for Director nominees, persons recommended by Shareholders, who may submit recommendations to the Nominating & Governance Committee in care of the Company's Secretary at XL House, One Bermudiana Road, Hamilton HM 11, Bermuda. To be considered by the Nominating & Governance Committee, such recommendations must be accompanied by a description of the qualifications of the proposed candidate and a written statement from the proposed candidate that he or she is willing to be nominated and desires to serve if elected. Nominees for Director who are recommended by Shareholders to the Nominating & Governance Committee will be evaluated in the same manner as any other nominee for Director. Nominations by Shareholders may also be made at an Annual General Meeting in the manner set forth under "Shareholder Proposals for 2007 Annual General Meeting."

Finance Committee

The Finance Committee establishes and recommends the financial policies of the Company and reviews the Company's capital structure, issuances of securities, dividend policy, mergers, acquisitions and divestitures, significant strategic investments, overall investment policy and performance, and annual business plan and budget. Mr. de St. Paer (or his estate) shall also be entitled to accelerated vesting of his rights under any option or restricted share grants and pension plans.

In the event of termination of his employment without cause prior to a Change in Control (as defined in his employment agreement), Mr. de St. Paer will be entitled to his then current base salary through the date on which termination occurs, a cash lump sum payment equal to two times his then current base salary and one times the higher of (x) his targeted annual bonus for the year of termination and (y) the annual bonus actually awarded in the year immediately preceding the year of termination, any annual bonus earned or awarded but not yet paid and participation in employee benefit programs through the remainder of the term of his employment agreement.

If Mr. de St. Paer is terminated (i) by the Company without cause within the 24-month period following a Change in Control and, if the Change in Control is stockholder approval of an Event (as defined in his employment agreement), prior to a termination of the agreement to effect the Event (the "Post-Change Period"), (ii) by Mr. de St. Paer for Good Reason (as defined in his employment agreement) during the Post-Change Period; or (iii) in connection with or anticipation of a Change in Control within one year prior to the date on which a Change in Control occurs, he will be entitled to (i) his then current base salary through the date on which termination occurs, (ii) a cash lump sum payment equal to the sum of (x) two times his then current base salary and (y) two times the largest annual bonus awarded in the three years preceding the year in which the Change in Control occurs, provided that such bonus is at least equal to the targeted annual bonus for the year of such termination and (iii) an amount equal to the higher of (x) his annual bonus actually awarded in the year immediately preceding the year of the Change in Control and (y) his targeted annual bonus for the year of termination, pro rated by a fraction for the number of months or fraction thereof in which he was employed in the year of termination. Mr. de St. Paer will also be entitled to continued exercisability of stock options for three years after termination of employment and continued benefits for two years after termination of employment. In addition, Mr. de St. Paer will be entitled to gross-up payments in the event excise taxes on his payments or benefits are imposed on him under Section 280G of the United States Internal Revenue Code, as set forth in his employment agreement.

Employment Agreements of Paul S. Giordano, Henry C. V. Keeling, Fiona E. Luck and Clive R. Tobin.

The Company has also entered into employment agreements with the following named executive officers: Paul S. Giordano to serve as Executive Vice President, Chief Executive of Financial Products and Services Operations

of the Company; Henry C.V. Keeling to serve as Executive Vice President, Global Head of Business Services of the Company; Fiona E. Luck to serve as Executive Vice President, Global Head of Corporate Services and Assistant

Secretary of the Company; and Clive R. Tobin to serve as Executive Vice President and Chief Executive of Insurance Operations of the Company.

Each employment agreement provides for (i) a specified base salary, which is initially as set forth in the Executive Compensation Summary Compensation Table and is subject to annual review and may be increased by the Compensation Committee, (ii) an annual bonus pursuant to the Company's incentive compensation plan as determined by the Compensation Committee, (iii) reimbursement for or payment of certain travel and other expenses and (iv) the right to participate in such other employee or fringe benefit programs for senior executives as are in effect from time to time. The original term of each executive's employment is scheduled to expire on January 1, 2006 and will continue to be automatically extended for successive one year periods unless the Company or the executive provides written notice that the term is not to be extended at least six months prior to the then scheduled expiration date. Each executive has agreed to certain confidentiality, non-competition and non-solicitation provisions.

Each employment agreement further provides that, in the event of the termination of the executive's employment prior to the expiration date of the employment agreement (after giving effect to any extensions thereof) by reason of death or disability, the executive (or in the case of death, the executive's spouse or estate) shall be entitled to receive the executive's then current base salary through the end of the six month period after the month in which the executive's employment is terminated, and the executive (or the executive's estate) shall be entitled to any annual bonus awarded but not yet paid and a pro rata bonus for the year of termination in an amount determined by the Compensation Committee (but not less than a pro rata portion of the executive's average annual bonus for the immediately preceding three years). The executive (or the executive's estate) shall also be entitled to the executive's vested accrued benefits under any employee benefit programs, continued rights with regard to any stock options or other rights with respect to equity securities of the Company held by the executive in accordance with the terms of the plans under which such options or other rights were issued, and continued medical benefit plan coverage for the executive and the executive's dependents for a period of six months.

In the event of termination of the executive's employment by the Company without Cause (as defined in the employment agreement) or by the executive if the executive is assigned duties inconsistent with his position (but such assignment does not constitute "Good Reason" as defined in the employment agreement), the executive shall be entitled to the executive's then current base salary through the date on which termination occurs, a cash lump sum payment equal to the sum of (x) two times the executive's then current base salary and (y) one times the higher of the targeted annual bonus for the year of such termination or the average of the executive's annual bonus for the three years immediately preceding the year of termination, and any annual bonus awarded but not yet paid. The executive shall also be entitled to the executive's vested accrued benefits under any employee benefit programs, continued rights with regard to any stock options or other rights with respect to equity securities of the Company held by the executive in accordance with the terms of the plans under which such options or other rights were issued and continued medical benefit plan coverage for the executive and the executive's dependents for a period of 24 months.

Notwithstanding the foregoing, in the event of termination of the executive's employment (x) by the Company without Cause within the 24-month period following a Change in Control (as defined in the employment agreement) (the "Post-Change Period"), (y) by the executive for Good Reason during the Post-Change Period or (z) by the Company within one year prior to a Change in Control and it is reasonably demonstrated that such termination arose in connection with or anticipation of the Change in Control, then the executive shall be entitled to (i) the executive's then current base salary through the date on which termination occurs; (ii) a cash lump sum payment equal to the sum of (x) two times the executive's then current base salary and (y) two times the average of the executive's annual bonus for the three years immediately preceding the year in which the Change in Control occurs, provided such bonus shall be at least equal to the targeted annual bonus for the year of such termination; and (iii) an amount equal to the higher of (x) the executive's annual bonus actually awarded in the year immediately preceding the year in which the Change in Control occurs or (y) the targeted annual bonus that would have been awarded to the executive for the year of such termination, pro rated by a fraction based on the number of months or fraction thereof in which the executive was employed by the Company in the year of termination. The executive shall also be entitled to continued medical benefit plan coverage for the executive and the executive's dependents for a period of 24 months and to accelerated vesting of the executive's rights (i) under any retirement plans; and (ii) with regard to any stock options or other rights with respect to equity securities of the Company held by the executive, which options or other rights shall be exercisable for the shorter of three years or the original term of the security. In addition, the executive shall be entitled to gross-up payments in the event excise taxes on the executive's payments or benefits are imposed under Section 280G of the United States

Internal Revenue Code.

In the event of termination of the executive's employment by the Company with Cause or other voluntary termination by the executive, the executive shall be entitled to the executive's then current base salary through the date on which termination occurs and continued rights with regard to any stock options or other rights with respect to equity securities of the Company held by the executive in accordance with the terms of the plans under which such options or equity securities were issued. The executive shall also be entitled to the executive's vested accrued benefits under any employee benefit programs in the case of voluntary termination and, if such programs expressly provide for such benefits, in the case of termination by the Company with Cause.

Each of Mr. de St. Paer's and the other employment agreements described above also provides for indemnification of the executive by the Company to the maximum extent permitted by applicable law and the Company's charter documents and requires the Company to maintain directors' and officers' liability coverage in an amount equal to at least \$75,000,000 for each such executive.

All grants of restricted shares and share options under the Company's incentive compensation plans automatically vest upon a Change in Control (as defined in such plans).

First Amendment to the Employment Agreement of Paul S. Giordano

On September 13, 2005, the Company and Paul S. Giordano entered into the First Amendment (the "Amendment") to the employment agreement between the Mr. Giordano and the Company, as mentioned above (the "Employment Agreement").

The Amendment provides for the payment to Mr. Giordano of a monthly housing allowance beginning effective July 1, 2005 and continuing for a period of three years thereafter. The amount is \$15,000 per month for the first year, \$10,000 per month for the second year and \$5,000 per month for the third year. If Mr. Giordano's employment is terminated by the Company without cause, due to the disability of Mr. Giordano, by Mr. Giordano for good reason (as defined in the Employment Agreement) following a change in control of the Company or by Mr. Giordano following the assignment to him of duties that are materially inconsistent with his position or following another material breach by the Company of the provisions of the Employment Agreement set forth in Section 8(b)(iv) thereof, Mr. Giordano will receive a lump sum payment equal to the amount of any remaining housing allowance payments scheduled to be paid for the twenty-four months following such termination of employment. In the event Mr. Giordano's employment terminates due to his death, the spouse or estate of Mr. Giordano will continue to receive monthly housing allowance payments through the end of the three year housing payment period or until the principal residence of Mr. Giordano is sold, whichever is earlier.

The Amendment also provides that the Company will reimburse Mr. Giordano, on an after-tax basis, for any loss incurred by him on a sale of his principal residence which occurs prior to June 30, 2010 and prior to his termination of employment. For this purpose, any loss will be measured by the excess of the purchase price paid by Mr. Giordano for the principal residence over the higher of the sale price received by Mr. Giordano or the average of two independent appraisals of the fair market value of the principal residence as of the date of execution of the applicable purchase and sale agreement. In the event Mr. Giordano's employment is terminated by the Company without cause, due to the disability of Mr. Giordano, by Mr. Giordano for good reason (as defined in the Employment Agreement) following a change in control of the Company or by Mr. Giordano following the assignment to him of duties that are materially inconsistent with his position or following another material breach by the Company of the provisions of the Employment Agreement set forth in Section 8(b)(iv) thereof, the period during which he will be protected against loss will not end until the earlier of twenty-four months following such termination of employment or June 30, 2010. In the event Mr. Giordano's employment terminates due to his death, the period of loss protection will continue through June 30, 2010, and any reimbursement for loss will be paid to Mr. Giordano's spouse or estate. The cost of any appraisals required will be paid by the Company.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee is comprised of three independent directors appointed by the Board to evaluate and approve senior executive compensation and compensation and benefit policies, plans and programs of the Company. The Committee Charter is reviewed annually and submitted to the Board of Directors for approval.

The Committee's objective is to ensure (1) that the Company has compensation and benefit programs that will attract and retain superior talent and (2) that total compensation levels, especially for senior executives, are dependent significantly upon the achievement of the Company's performance goals to enhance Shareholder value. In this regard, the Company's Compensation Philosophy, Principles, Standards and Practice is reviewed annually by the Committee and approved by the Board. In addition to receiving recommendations from management, the Committee retains independent compensation consultants as needed for the review of the strength of the Company's compensation program relative to the marketplace in general and to the principal competitors in the Company's various businesses.

Global Incentive Compensation Plan

The Company's basic compensation philosophy is to establish salary levels that are at the median in comparison to its key competitors for the various markets it operates in globally. In addition, the Company has implemented a Global Incentive Compensation Plan that provides variable compensation dependent upon the performance of the Company, its business units and the individual employee. It is the intent of this plan, particularly for senior executives, that performance-based variable compensation be a significant portion of the employee's total compensation opportunity and that it provide above market total compensation for successful performance.

Annual incentive compensation is a key component of the Company's pay for performance philosophy. As a result of the Company's increasing diversity of business operations, the Committee utilizes a number of assessments to ensure that annual incentive compensation appropriately reflects operational business unit, corporate functional and overall company-wide performance. The intent is to ensure that annual incentive awards are equitable and responsive to the pay for performance philosophy. The Committee reviews the Company's performance in the aggregate relative to its corporate goals for the year and the comparison of the Company's performance to those achieved by a group of key competitors. In addition, the Committee reviews the performance of each of the Company's business units relative to their goals for the year. In both cases, operating earnings and return on equity are the prevalent measures, but growth in book value and the Company's total return to shareholders (i.e. change in common stock price plus cash dividends paid) are evaluated at the company-wide level. Under the plan, the Compensation Committee can modify the result up to 25% based on other performance measures it deems appropriate for the year.

Long-term incentive compensation under the plan includes stock option awards, restricted stock grants, deferred cash grants and cash-based long-term incentive plan ("LTIP") awards for senior management. LTIP awards are designed to reward performance intended to create shareholder value over extended periods of time and will be potentially significant if performance goals are achieved. LTIP is used in conjunction with stock-based long-term variable compensation to incent, reward and retain high performing senior executives. The Committee approves guidelines for long-term incentives that are based on competitive practices and, with regard to stock options and restricted stock grants, stock dilution considerations. In accordance with the amended 1991 Performance Incentive Program approved by shareholders in 2003, a minimum of 50% of all shares granted will be performance vested shares that will require a minimum return on equity attainment prior to vesting. Any time-vested restricted stock grants and all stock option awards vest equally over a four-year period. The majority of the long-term variable compensation for the most senior executive leaders of the Company is in stock options and/or LTIP awards where compensation received is dependant on enhancing shareholder value. The Committee has adopted share ownership guidelines for senior officers to encourage them to establish and maintain ownership of the Company's shares. Restricted stock and deferred cash grants are a more significant portion of long-term incentive compensation for other top-performing or high-potential executives. Stock options and restricted stock grants may also be utilized in connection with new hires, personnel retention following mergers or acquisitions or in other special circumstances.

2005 Compensation Review

As a result of catastrophe losses, prior year reserve strengthening and the resolution of the Winterthur International (WI) independent actuarial process, the Company recorded a significant net loss for the year. Accordingly, overall Company-wide results and the performance of business units affected by the above mentioned events resulted in negligible contributions to the annual bonus pool for 2005. The contributions to the 2005 bonus pool were driven by operating business units that performed well in comparison to their objectives for the year and the assessment of performance for corporate support functions. It was noted that business units that accounted for 49% of allocated capital achieved operating income return on equity performance of approximately 29% in 2005.

The Committee approved a bonus pool for 2005 which was 32% below target for the Company and 34% below the bonus pool approved for 2004. Awards to business units and individuals varied from 0% of target to in excess of 175% of target.

The Committee reviewed and approved long-term incentive compensation awards for top-performing and high potential executives. These awards included deferred cash grants, restricted stock grants, stock options and, this year, a significant LTIP award to the Executive Management Board of the Company and identified executive leaders in the Executive Management Group of the Company. The LTIP award is a three-year performance based plan tied to operating earnings and returns on equity for the years 2006, 2007 and 2008 combined. In addition, a significant percentage of restricted stock grants are performance vested shares. It was noted that performance vested restricted stock grants awarded in 2004 and 2005, scheduled to vest in 2006, will not vest this year because the minimum return on equity required for vesting was not achieved in 2005.

The Committee believes that the compensation program for 2006 is appropriately performance based and provides strong incentives to enhance shareholder value.

Chief Executive Officer and Chairman's Compensation

As a result of the Company's results in 2005, the entire Board has been involved in reviewing the performance of the Chief Executive Officer. The catastrophe events and the charge related to the conclusion of the independent actuarial process with Winterthur Swiss Insurance Company overshadowed the solid performance in many areas of the Company. The Committee and the Board continue to believe Mr. O'Hara's leadership strengths are appropriate and proved effective in constructively reacting to the events of 2005. The Committee did not recommend a cash bonus, restricted stock grants or stock option awards for Mr. O'Hara. Mr. O'Hara was granted an LTIP award of \$2.5 million that, in conjunction with prior restricted stock grants and stock option awards, strongly aligns Mr. O'Hara's compensation with the enhancement of shareholder value.

The Committee believes that the Chairman provides excellent overall leadership to the Board, especially with respect to issues of corporate governance. Mr. Esposito continues to initiate actions that enhance the Company's financial and internal controls. As with Mr. O'Hara, the Committee did not recommend a cash bonus or restricted stock grants for Mr. Esposito. However, the Committee recommended, and the Board approved, a 60,000 share stock option award to Mr. Esposito which aligns the majority of his potential total compensation with the creation of shareholder value.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the Independent Auditor for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. During 2005, Messrs. Thornton, Comey, McQuade, Rance, Senter and Dr. Thrower served on the Audit Committee. The Audit Committee currently comprises seven independent Directors, including Mr. Mauriello, who was elected by the Board as a member of the Audit Committee on February 24, 2006 and operates under a written charter, which is attached as Appendix B hereto. It is not the responsibility of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. The Audit Committee has reviewed and discussed the Company's system of internal controls over financial reporting. Based on the Audit Committee's review of the audited financial statements and management's assessment of the effectiveness of the Company's system of internal controls over financial reporting, its discussions with management regarding the audited financial statements, its receipt of written disclosures and the letter from the Independent Auditor required by Independence Standards Board Standard No. 1, its discussions with the Independent Auditor regarding such auditor's independence, the audited financial statements, the matters required to be discussed by the Statement on Auditing Standards 61, the Independent Auditor's opinion on the effectiveness of the Company's system of internal controls over financial reporting and on management's assessment of the effectiveness of the Company's system of internal controls over financial reporting, and other matters the Audit Committee deemed relevant and appropriate, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for the fiscal year ended December 31, 2005 be included in the Company's Annual Report on Form 10-K for such fiscal year.

The aggregate fees billed by PricewaterhouseCoopers LLP for audit services for the years ended December 31, 2005 and 2004 were approximately \$14.5 million and \$17.6 million, respectively. Audit fees are for professional services rendered primarily in connection with the audit and quarterly review of the consolidated financial statements and other attestation services that comprised the audits for insurance statutory and regulatory purposes in the various jurisdictions in which the Company operates and the provision of certain opinions relating to the Company's filings with the SEC (including opinions delivered to securities underwriters in connection with various equity and debt offerings during fiscal years 2004 and 2005). The audit fees with respect to the years ended December 31, 2005 and 2004 also included the fees billed by PricewaterhouseCoopers LLP for the audit services related to the Company's internal control over financial reporting pursuant to section 404 of the Sarbanes-Oxley Act of 2002.

Audit-Related Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for audit-related professional services for the years ended December 31, 2005 and 2004 were approximately \$123,610 and \$2.0 million, respectively. Audit-related fees were (i) in 2005 primarily related to assurance and related services rendered primarily in connection with accounting consultations and (ii) in 2004 primarily related to audits in connection with acquisitions and potential acquisitions, reviews of the Company's system of internal controls over financial reporting and attestation services that are not required by statute or regulation.

Tax Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for tax services for the fiscal years ended December 31, 2005 and 2004 were approximately \$104,661 and \$99,000, respectively. These fees are for professional services rendered for tax compliance.

All Other Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for products and services rendered to the Company, other than the services described above under "Audit Fees", "Audit-Related Fees" and "Tax Fees", for the fiscal years ended December 31, 2005 and 2004 were approximately \$45,052 and \$2.7 million, respectively. The aggregate fees billed by PricewaterhouseCoopers LLP for such products and services rendered to the Company (i) in 2005 primarily related to online access to human resource advisory services and licenses acquired for technical accounting reference tools and (ii) in 2004 primarily related to the post-closing seasoning process in connection with the Company's acquisition of certain operations of Winterthur International ("Winterthur International") from Winterthur Swiss Insurance Company in 2001.

General

The Audit Committee has adopted procedures for pre-approving all audit and permissible non-audit services provided by the Independent Auditor. The Audit Committee will annually review and pre-approve the audit, review, attestation and permitted non-audit services to be provided during the next audit cycle by the Independent Auditor. To the extent practicable, the Audit Committee or the Chairman of the Audit Committee will also review and approve a budget for such services. Services proposed to be provided by the Independent Auditor that have not been pre-approved during the annual review and the fees for such proposed services must be pre-approved by the Audit Committee or the Chairman of the Audit Committee. Additionally, fees for previously approved services that are expected to exceed the previously approved budget must also be pre-approved by the Audit Committee or the Chairman of the Audit Committee. All requests or applications for the Independent Auditor to provide services to the Company shall be submitted to the Audit Committee or the Chairman of the Audit Committee.

The Audit Committee considered whether the provision of non-audit services performed by the Independent Auditor is compatible with maintaining PricewaterhouseCoopers LLP's independence during 2004 and 2005. The Audit Committee concluded in 2005 that the provision of these services was compatible with the maintenance of PricewaterhouseCoopers LLP's independence in the performance of its auditing functions during 2005. In reaching its conclusions in 2004, the Audit Committee took into consideration the fact that the major proportion of these services were either (i) specifically related to the acquisition of Winterthur International and the post-seasoning process in relation thereto or (ii) primarily a continuation of projects commenced in 2001 and were completed in 2004.

II. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

The Audit Committee of the Board of Directors is required by law and applicable NYSE rules to be directly responsible for the appointment, compensation and retention of the Company's Independent Auditor. The Audit Committee has appointed PricewaterhouseCoopers LLP as the Independent Auditor for the year ending December 31, 2006. While Shareholder ratification is not required by the Company's Articles of Association or otherwise, the Board of Directors is submitting the appointment of PricewaterhouseCoopers LLP to the Shareholders for ratification as part of good corporate governance practices. If the Shareholders fail to ratify the appointment, the Audit Committee may, but is not required to, reconsider whether to retain PricewaterhouseCoopers LLP. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the fiscal year if it determines that such a change would be in the best interest of the Company and its Shareholders.

The Board of Directors recommends a vote FOR the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Company's Independent Auditor to audit the Company's consolidated financial statements for the year ending December 31, 2006. The persons designated as proxies will vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's Independent Auditor, unless otherwise directed. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual General Meeting, with the opportunity to make a statement should they choose to do so and are expected to be available to respond to questions, as appropriate.

Such notice must also include information on the Shareholder making the nomination, including such Shareholder's name and address as it appears on the Company's books and the class and number of Shares of the Company beneficially owned by such Shareholder. The nomination of any person not made in compliance with the foregoing procedures shall be disregarded.

IV. OTHER MATTERS

Upon request, the Company will also reimburse brokers and others holding Shares in their names, or in the names of nominees, for forwarding proxy materials to their customers.

The Company will furnish, without charge, to any Shareholder a copy of its Annual Report on Form 10-K that it files with the SEC. A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2005 may be obtained upon written request to the Company's Secretary at XL House, One Bermudiana Road, Hamilton HM 11, Bermuda.

Interlocking Directorates

A director will be deemed to be independent unless, within the preceding three years:

- such director is or was employed as an executive officer of another company where any of the Company's or its subsidiaries' present executive officers at the same time serves or served on that company's compensation committee; or
- an immediate family member of such director is or was employed as an executive officer of another company where any of the Company's or its subsidiaries' present executives at the same time serves or served on that company's compensation committee.

Other Relationships

For relationships not specifically mentioned above, the determination of whether a director has a material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), and therefore would not be independent, will be made by the Board of Directors after taking into account all relevant facts and circumstances. For purposes of these standards, a director who is solely a director and/or a non-controlling shareholder of another company that has a relationship with the Company and/or is, directly or indirectly, a security holder of the Company will not be considered to have a material relationship based solely on such relationship that would impair such director's independence.

For purposes of the standards set forth above, "immediate family member" means any of such director's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law and brothers and sisters-in-law (other than those who are no longer family members as a result of legal separation or divorce, or those who have died or become incapacitated) and anyone (other than a domestic employee) who shares such director's home. For purposes of the standards set forth above, "executive officer" means the Company's president, principal financial officer, principal accounting officer (or, if there is no such accounting officer, the controller), any vice-president of the Company in charge of a principal business unit division or function (such as sales, administration or finance), any other officer who performs a policy-making function, or any other person who performs similar policy-making functions for the Company. Officers of the Company's subsidiaries shall be deemed officers of the Company if they perform such policy-making functions for the Company.

These standards shall be interpreted in a manner consistent with the New York Stock Exchange Corporate Governance Rules.
