NANOMETRICS INCORPORATED PROXY STATEMENT INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the Board of Directors of Nanometrics Incorporated (the "Company") for use at the Annual Meeting of Shareholders of the Company (the "Annual Meeting") to be held on Wednesday, May 14, 2003 at 1:30 p.m., local time, or at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at the principal offices of the Company located at 1550 Buckeye Drive, Milpitas, California 95035. The Company's telephone number at that address is (408) 435-9600.

These proxy solicitation materials were mailed on or about April 17, 2003 to all shareholders entitled to vote at the meeting. A copy of the Company's 2002 Annual Report on Form 10-K accompanies this Proxy Statement. The Company's 2002 Annual Report on Form 10-K is also available on the Security and Exchange Commission's website at www.sec.gov.

Record Date and Shares Outstanding

Edgar Filing: NANOMETRICS INC - Form DEF 14A

Shareholders of record at the close of business on April 1, 2003 (the "Record Date") are entitled to notice of and to vote at the meeting. At the Record Date, 12,006,641 shares of common stock of the Company, no par value (the "Common Stock"), were issued and outstanding. For information concerning security ownership of management and beneficial owners of more than 5% of the outstanding Common Stock, see "Security Ownership of Management and Certain Beneficial Owners" below.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by (i) delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date or (ii) attending the meeting and voting in person.

Voting and Solicitation

The candidates receiving the five highest vote totals will be elected to serve as directors. Every shareholder voting for the election of directors may (i) cumulate such shareholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares that such shareholder holds or (ii) distribute such shareholder's votes on the same principle among as many candidates as the shareholder may select, provided that votes cannot be cast for more than five candidates. However, no shareholder shall be entitled to cumulate votes for a candidate unless the candidate's name has been placed in nomination prior to the voting and the shareholder, or any other shareholder, has given notice at the meeting prior to the voting of the intention to cumulate votes. On all other matters, each share of Common Stock outstanding has one vote.

The cost of this solicitation will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of Common Stock issued and outstanding on the Record Date. Shares that are voted "FOR," "AGAINST" or "WITHHELD FROM" a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares "represented and voting" at the Annual Meeting ("Votes Cast") with respect to such matter.

1

While there is no definitive statutory or case law authority in California as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal. In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against a proposal.

Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of Votes Cast with respect to a proposal.

Edgar Filing: NANOMETRICS INC - Form DEF 14A

Deadline for Receipt of Shareholder Proposals

The attached proxy card grants the proxy holders discretionary authority to vote on any matter raised at the 2003 Annual Meeting. Shareholders are entitled to present proposals for action at the 2004 Annual Meeting if such proposals comply with the requirements of the proxy rules. Proposals of shareholders of the Company which are intended to be presented by such shareholders at the Company's 2004 Annual Meeting must be received by the Company no later than December 19, 2003 in order that they may be included in the proxy statement and form of proxy relating to that meeting.

If a shareholder intends to submit a proposal at the 2004 Annual Meeting that is not intended to be included in the proxy statement and proxy, the shareholder must do so no later than March 3, 2004. The proxy holders will not be allowed to use their discretionary authority to vote on any proposals received after this date when such proposals are raised at the 2004 Annual Meeting.

Matters Not Required to be Submitted to Security Holders

The Company is submitting to the shareholders the proposal to approve the appointment of Deloitte & Touche LLP as independent auditors of the Company for the fiscal year ending December 31, 2003. Although the Company is not required to submit such proposal to a vote of the shareholders, the Company has done so in order to obtain shareholder ratification of the proposal. If the shareholders do not vote in favor of the appointment of Deloitte & Touche LLP, the Company will consider the selection of other auditors.

During fiscal 2002, no incumbent directors attended less than 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings of committees, if any, upon which such directors served. The Audit Committee of the Board of Directors reviews and monitors the corporate financial reporting as well as the internal and external audits of the Company, including among other things, the Company's internal audit and control functions, the results and scope of the annual audit and other services provided by the Company's independent auditors, and the Company's compliance with legal matters that may have a significant impact on the Company's financial reports. In addition, the Audit Committee has the responsibility to consider and recommend the employment of, and to review fee arrangements with, the Company's independent auditors. The Audit Committee also monitors transactions between the Company and its officers, directors and employees for any potential conflicts of interest. The potential realizable value amounts in the last two columns of the following chart represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. The assumed 5% and 10% annual rates of stock price appreciation from the date of grant to the end of the option term are provided in accordance with rules of the SEC and do not represent the Company's estimate or projection of the future common stock price. Actual gains, if any, on stock option exercises are dependent on the future performance of the common stock, overall market conditions and the option holder's continued employment through the vesting period.

Certain Transactions

Pursuant to the terms of an agreement dated May 1, 1985 between the Company and Vincent J. Coates, the Chairman of the Board of the Company, the terms of which were then amended and restated in August 1996 and again effective April 1998, the Company is obligated, in the event Mr. Coates is required to resign as Chairman of the Board under certain circumstances, including a change of control, to continue to pay Mr. Coates his salary and benefits for five years from the date of such resignation.

In April 1998, the Company entered into an agreement with John D. Heaton under which the Company agreed to pay Mr. Heaton his usual annual salary (excluding bonuses) for a period of one year from the date that he is required or requested for any reason not involving good cause, including a change of control, to involuntarily relinquish his positions with the Company as Chief Executive Officer, President and Director. If Mr. Heaton leaves the Company voluntarily or if he is asked to leave under certain circumstances, no such severance payment is required.

On October 1, 2001, Mr. Heaton issued a promissory note to the Company in the principal amount of approximately \$301,000 in a transaction designed to provide Mr. Heaton with funds to meet personal needs. The note bears interest at a rate of 6% and shall become due and payable upon the earlier of (i) 90 days after the termination of Mr. Heaton's employment with the Company or (ii) October 1, 2004.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and the NASDAQ National Market. Executive officers, directors and greater than ten percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms that they file. Based solely on its review of the copies of such forms received by it or written representations from certain reporting persons, the Company believes that during fiscal 2002, its executive officers, directors and greater than ten percent shareholders complied with all applicable filing requirements.

Report of the Audit Committee of the Board of Directors

The following is the report of the Audit Committee of the Board of Directors describing its review of materials and determinations with respect to the Company's auditors and financial statements for the fiscal year ended December 31, 2002. The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act or Exchange Act, except to the extent that the Company specifically incorporates it by reference into such filing.

In accordance with its written charter adopted by the Board of Directors,

Edgar Filing: NANOMETRICS INC - Form DEF 14A

the Audit Committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. During 2002, the Audit Committee met (or acted by written consent) four times, and the Audit Committee chairman, as representative of the committee, discussed the interim financial information contained in quarterly earnings announcements with the Chief Financial Officer and independent auditors prior to public release.

The Audit Committee received from the Company's independent auditors a formal written statement, consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," which describes all relationships between the auditors and the Company that, in the auditors' professional opinion, might reasonably be thought to bear on the auditors' independence. The Audit Committee discussed with the auditors these relationships and satisfied itself as to the auditors' independence.

The Audit Committee also discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the Company's financial statements.

Additionally, the Audit Committee reviewed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2002 with management and the independent auditors. Management has the responsibility for the preparation of the Company's financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the foregoing review and discussions with management and the independent auditors, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission. The Audit Committee also recommended the reappointment, subject to shareholder approval, of the independent auditors and the Board concurred in such recommendation.

Report of the Compensation/Stock Option Committee of the Board of Directors

The following is the report of the Compensation/Stock Option Committee of the Board of Directors describing compensation policies and rationales applicable to certain of the Company's executive officers with respect to the compensation paid to such executive officers for the fiscal year ended December 31, 2002. The information contained in such report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act or Exchange Act, except to the extent that the Company specifically incorporates it by reference into such filing.

General. The Compensation/Stock Option Committee is responsible for making recommendations to the Board of Directors with respect to cash compensation levels for certain of the Company's executive officers. During 2002, the Compensation/Stock Option Committee also was responsible for determining levels of equity-based compensation for the Company's employees.

Edgar Filing: NANOMETRICS INC - Form DEF 14A

Compensation Philosophy. The Compensation/Stock Option Committee makes recommendations as to the salaries of certain of the executive officers by considering (i) the salaries of executive officers in similar positions at comparably-sized peer companies, (ii) the Company's financial performance over the past year based upon revenues and operating results and (iii) the achievement of individual performance goals related to each executive officer's duties and areas of responsibility. The Compensation/Stock Option Committee makes recommendations as to the levels of cash bonuses awarded to certain of the Company's executive officers and views such bonuses as being an integral part of its performance based compensation program. Such bonuses are based on Company profits and are determined as a percentage of the officer's salaries.

Equity-Based Compensation. The Compensation/Stock Option Committee views stock options as an important part of its long-term, performance-based compensation program. The Compensation/Stock Option Committee grants stock options to all employees of the Company under the Company's 2000 Stock Option Plan and 2002 Nonstatutory Stock Option Plan based upon the committee's estimation of each employee's contribution to the long-term growth and profitability of the Company. The 2000 Stock Option Plan is intended to provide additional incentives to the executive officers to maximize shareholder value. Options are granted under the 2000 Stock Option Plan and the 2002 Nonstatutory Stock Option Plan at the then-current market price and are generally subject to three-year vesting periods to encourage key employees to remain with the Company.

Compensation of the President and Chief Executive Officer. The compensation of the Company's President and Chief Executive Officer was based upon the same criteria described above. Due to economic conditions, the Compensation/Stock Option Committee felt that an increase to the base salary of the President and CEO would not be appropriate. Additionally, no management bonuses, which are based on profits, were paid in 2003.

Performance Graph

Set forth below are two line graphs; one comparing the annual percentage change in the cumulative return to the shareholders of the Company's Common Stock with the cumulative return of the NASDAQ Stock Market Index and the RDG Technology Composite Index for the period commencing on January 1, 1998 and ending on December 31, 2002 and the other comparing the annual percentage change in the cumulative return to the shareholders of the Company's Common Stock with the cumulative return of the NASDAQ Stock Market Index and the J.P. Morgan H&Q Technology Index (the "H&Q Index") for the period commencing on January 1, 1997 and ending on December 31, 2001. In each case, the results are shown based on a \$100 investment in the stock or index with any dividends reinvested. The H&Q Index, which we presented in our 2001 Proxy Statement, was discontinued in 2002. As a result, we have included both graphs in the interest of additional disclosure.

The Audit Committee has considered the fees received by Deloitte & Touche for the provision of financial information systems design and implementation services and other services are compatible with maintaining the accountant's independence before recommending Deloitte & Touche as the independent auditor for the next fiscal year.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2003.

PROPOSAL NO. 3

ADOPTION OF THE COMPANY'S 2003 EMPLOYEE STOCK PURCHASE PLAN AND THE RESERVATION OF 750,000 SHARES OF THE COMPANY'S COMMON STOCK FOR ISSUANCE THEREUNDER

As of April 1, 2003, the Board of Directors of the Company (the "Board") adopted the 2003 Employee Stock Purchase Plan (the "Purchase Plan"), subject to the approval of the Company's shareholders. The Purchase Plan is intended to replace the Company's 1986 Employee Stock Purchase Plan, as amended through March 1998 (the "1986 Purchase Plan"), which was terminated by the Board effective September 28, 2002. Shareholders are being asked to approve the adoption of the Purchase Plan and the reservation of 750,000 shares thereunder. The fair market value of the Common Stock as of April 8, 2003 was \$3.99 per share.

The Board believes that the Purchase Plan has been important to the Company's efforts to encourage employee equity participation and increase worker retention by aligning employee interests with those of the shareholders. The Board is pleased with the success of the 1986 Purchase Plan in increasing the level of employee interest in the Company's stock price, and believes that the offer of equity incentives to all employees has been a key factor in the Company's overall financial performance. As of December 31, 2002, no shares of Common Stock were available for issuance under the Company's 1986 Purchase Plan.

The following is a summary description of the Purchase Plan under which no shares have yet been granted. However, this summary is not a complete description of all the provisions of the Purchase Plan, and is qualified in its

Edgar Filing: NANOMETRICS INC - Form DEF 14A

entirety by the specific language of the Purchase Plan.

Summary of the Purchase Plan

General. The purpose of the Purchase Plan is to provide employees with an opportunity to purchase Common Stock of the Company through payroll deductions.

Administration. The Purchase Plan may be administered by the Board or a committee appointed by the Board (the "Administrator"). All questions of interpretation or application of the Purchase Plan are determined by the Administrator, and its decisions are final, conclusive and binding upon all participants.

Eligibility. Each employee of the Company (including officers), whose customary employment with the Company is at least twenty (20) hours per week and more than five (5) months in any calendar year, is eligible to participate in the Purchase Plan; provided, however, that no employee shall be granted an option under the Purchase Plan (i) to the extent that, immediately after the grant, such employee would own 5% of either the voting power or value of the stock of the Company, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans of the Company accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year. As of December 31, 2002, the Company had 305 employees, all of whom were eligible to participate in the Purchase Plan.

Offering Period. The Purchase Plan is implemented by consecutive offering periods lasting approximately six months in duration with a new offering period commencing on the first trading day (as defined in the Purchase Plan) on or after the last day of the Company's first and third fiscal quarters of each year. To participate in the Purchase Plan, each eligible employee must authorize payroll deductions pursuant to the Purchase Plan. Such payroll deductions may not exceed 10% of a participant's compensation. Compensation is defined as regular straight time gross earnings, but exclusive of commissions, overtime, shift premium, incentive compensation, incentive payments, bonuses and other compensation. Once an employee becomes a participant in the Purchase Plan, Common Stock will automatically be purchased under the Purchase Plan at the end of each offering period, unless the participant withdraws or terminates employment earlier, and the employee will automatically participate in each successive offering period until such time as the employee withdraws from the Purchase Plan or the employee's employment with the Company terminates.

Purchase Price. The purchase price per share at which shares will be sold in an offering under the Purchase Plan is the lower of (i) 85% of the fair market value of a share of Common Stock on the first

16

day of the offering period or (ii) 85% of the fair market value of a share of Common Stock on the last day of the offering period. The fair market value of the Common Stock on a given date is generally the closing sale price of the Common Stock as reported on the Nasdaq National Market for such date.

Payment of Purchase Price; Payroll Deductions. Payment for the shares is accumulated by payroll deductions throughout the offering period. The number of shares of Common Stock a participant may purchase in each offering period is determined by dividing the total amount of payroll deductions withheld from the participant's compensation during that offering period by the purchase price. However, a participant may not purchase during an offering period more than 5,000 shares during any offering period. During the offering period, a

Edgar Filing: NANOMETRICS INC - Form DEF 14A

participant may discontinue his or her participation in the Purchase Plan, and may decrease or increase the rate of payroll deductions in an offering period within limits set by the Administrator.

All payroll deductions made for a participant are credited to the participant's account under the Purchase Plan, are withheld in whole percentages only and are included with the general funds of the Company. Funds received by the Company pursuant to exercises under the Purchase Plan are also used for general corporate purposes. A participant may not make any additional payments into his or her account other than through payroll deductions.

Withdrawal. A participant may terminate his or her participation in the Purchase Plan at any time by giving the Company a written notice of withdrawal. In such event, the payroll deductions credited to the participant's account will be returned, without interest, to such participant. Payroll deductions will not resume unless a new subscription agreement is delivered in connection with a subsequent offering period.

Termination of Employment. Termination of a participant's employment for any reason, including death, cancels his or her participation in the Purchase Plan immediately. In such event the payroll deductions credited to the participant's account will be returned without interest to such participant, his or her designated beneficiaries or the executors or administrators of his or her estate.

Adjustments Upon Changes in Capitalization. In the event of any changes in the capitalization of the Company effected without receipt of consideration by the Company, such as a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, appropriate adjustments will be made by the Administrator in the shares subject to purchase and in the price per share under the Purchase Plan. In the event of liquidation or dissolution of the Company, the offering periods then in progress will be shortened, a new exercise date will be set and the offering period will terminate immediately prior to the consummation of such event unless otherwise provided by the Administrator.

In the event of a sale of all or substantially all of the assets of the Company, the merger of the Company with or into another corporation, or other change of control of the Company, the successor corporation will assume or substitute for each outstanding option. In the event the successor corporation refuses to assume or substitute for the options, the offering period then in progress will be shortened and a new exercise date will be set. In such event, the Administrator shall notify each participant at least ten (10) business days prior to the new exercise date.

Amendment and Termination. The Administrator may at any time and for any reason amend or terminate the Purchase Plan, except that no such termination shall affect options previously granted and no amendment shall make any change in an option granted prior thereto which adversely affects the rights of any participant. Shareholder approval for amendments to the Purchase Plan shall be obtained in such a manner and to such a degree as required to comply with all applicable laws or regulations. The Purchase Plan will continue in effect until terminated by the Administrator in accordance with the Purchase Plan.

Certain Federal Income Tax Information. The following brief summary of the effect of federal income taxation upon the participant and the Company with respect to the shares purchased under the Purchase Plan. This summary is not exhaustive and does not discuss the tax consequences of a participant's death or the income tax laws of any state or foreign country in which the participant may reside.

The Purchase Plan, and the right of participants to make purchases

Edgar Filing: NANOMETRICS INC - Form DEF 14A

thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the Purchase Plan are sold or otherwise disposed

17

of. Upon sale or other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon the holding period for the shares. If the shares are sold or otherwise disposed of more than two (2) years from the first day of the applicable offering period and more than one (1) year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period for the shares. The Company generally is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

Participation in the Purchase Plan

Participation in the Purchase Plan is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Non-employee directors are not eligible to participate in the Purchase Plan. Accordingly, future purchases under the Purchase Plan are not determinable. However, purchases were made under the 1986 Employee Stock Purchase Plan, as amended through March 1998 (the "1986 ESPP"), in fiscal 2002.

The following table sets forth certain information regarding shares purchased under the 1986 ESPP during fiscal 2002 for each of the executive officers named in the Summary Compensation Table, for all current executive officers as a group and for all other employees who participated in the Purchase Plan as a group:
