EMERGING VISION, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES:

Business

Emerging Vision, Inc. and subsidiaries (collectively, the “Company” or “EVI”) operates one of the largest chains of retail optical stores and one of the largest franchise optical chains in the United States, based upon management’s beliefs, domestic sales and the number of locations of Company-owned and franchised stores (collectively “Sterling Stores”). The Company also targets retail optical stores within the United States and within Canada to become members of its two optical purchasing groups, Combine Buying Group, Inc. (“Combine” or “COM”) and The Optical Group (“TOG”). Additionally, the Company operates VisionCare of California, Inc. (“VCC”), a wholly owned subsidiary that is a specialized health care maintenance organization licensed by the State of California, Department of Managed Health Care, which employs licensed optometrists who render services in offices located immediately adjacent to, or within, most Sterling Stores located in California. The Company was incorporated under the laws of the State of New York in January 1992 and, in July 1992, purchased substantially all of the assets of Sterling Optical Corp., a New York corporation, then a debtor-in-possession under Chapter 11 of the U.S. Bankruptcy Code.

As of December 31, 2008, there were 139 Sterling Stores in operation, consisting of 6 Company-owned stores (inclusive of 1 store operated under the terms of a management agreement) and 133 franchised stores, 842 active members of COM, and 535 active members of TOG.

Basis of Presentation

The Consolidated Financial Statements include the operations of the Company’s retail optical store operations, VCC, Combine and TOG.

Principles of Consolidation

The Consolidated Financial Statements include the accounts of EVI and its operating and non-operating subsidiaries, all of which are wholly-owned. All intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and the disclosure of contingent assets and liabilities as of the dates of such financial statements, and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. Significant estimates made by management include, but are not limited to, allowances on franchise, notes and other receivables, costs of current and potential litigation, and the allowance on deferred tax assets.

Cash and Cash Equivalents

Cash represents cash on hand at Company-owned stores and cash on deposit with various financial institutions. All highly liquid investments with an original maturity (from date of purchase) of three months or less are considered to be cash equivalents. The Company's cash equivalents are invested in various investment-grade money market accounts and in Canadian treasury accounts.

Fair Value of Financial Instruments

In determining the carrying values of the Company's cash and cash equivalents, short-term franchise and other receivables, and accounts payable, the Company approximates their fair value due to the short-term maturities of such accounts as of each balance sheet date. In determining the fair value of its other financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing as of each balance sheet date. For long-term debt, and stock options and warrants, standard market conventions and techniques, such as discounted cash flow analysis, option pricing models, replacement cost and termination cost, are used to determine fair value. All methods of assessing fair value result in a general approximation of value, and such value may never actually be realized.

Inventories

Inventories are stated at the lower of cost or market, using the first-in, first-out (FIFO) method, and consist primarily of contact lenses, ophthalmic lenses, eyeglass frames and sunglasses.

Property and Equipment, net

Property and equipment, net, are recorded at cost, less accumulated depreciation and amortization. Depreciation is recorded on a straight-line basis over the estimated useful lives of the respective classes of assets. Amortization expense is recorded on a straight-line basis over the remaining term of the associated lease. All depreciation and amortization costs are reflected in selling, general and administrative expenses in the accompanying Consolidated Statements of Operations.

Software

Certain software development costs have been capitalized in accordance with the provisions of Statement of Position 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use." Such costs include charges for consulting services and costs for personnel associated with programming, coding and testing such software. Amortization of capitalized software costs begins when the software is placed into service, is recorded on a straight-line basis over the estimated useful life and is reflected in selling, general and administrative expenses in the accompanying Consolidated Statements of Operations.

Goodwill and Intangible Assets, net

In 2001, the FASB issued SFAS No. 142, "Goodwill and Other Intangible Assets." This Statement provides that goodwill and certain intangible assets with indefinite lives should not be amortized, but should be reviewed, at least annually, for impairment. Intangible assets with definite useful lives are amortized over their respective estimated useful lives to their estimated residual value. In accordance with the adoption of SFAS No. 142, management performed a review of its existing goodwill and certain intangible assets, and determined that they are not impaired as of December 31, 2008. All other intangible assets are being amortized over their useful lives.

Impairment of Long-Lived Assets

The Company follows the provisions of SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." This Statement requires that long-lived assets and certain identifiable intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable, but amends the prior accounting and reporting standards for segments of a business to be disposed of. The Company periodically evaluates its long-lived assets (on a store-by-store basis) based on, among other factors, the estimated, undiscounted future cash flows expected to be generated from such assets in order to determine if an impairment exists. During the years ended December 31, 2008 and 2007, there were no impairment charges.

Revenue Recognition

The Company recognizes revenues in accordance with SEC Staff Accounting Bulletin ("SAB") No. 104, "Revenue Recognition." Accordingly, revenues are recorded when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the Company's prices to buyers are fixed or determinable, and collectibility is reasonably assured.

The Company derives its revenues from the following five principal sources:

Optical purchasing group sales – Represents product pricing extended to the Company’s optical purchasing group members associated with the sale of vendor’s eye care products to such members;

Franchise royalties – Represents continuing franchise royalty fees based upon a percentage of the gross revenues generated by each franchised location. Continuing franchise royalties are based upon a percentage of the gross revenues generated by each franchised location. To the extent that collectability of royalties is not reasonably assured, the Company recognizes such revenue when the cash is received;

Retail sales – Company-owned stores – Represents sales from eye care products and related services generated at a Company-owned store;

Membership fees – VisionCare of California – Represents membership fees generated by VisionCare of California, Inc. (“VCC”), a wholly owned subsidiary of the Company, for optometric services provided to individual patients (members). A portion of membership fee revenues is deferred when billed and recognized ratably over the one-year term of the membership agreement;

Franchise related fees and other revenues – Represents certain franchise fees collected by the Company under the terms of franchise agreements (including, but not limited to, initial franchise, transfer, renewal and conversion fees). Initial franchise fees, which are non-refundable, are recognized when the related franchise agreement is signed. For the years ended December 31, 2008 and 2007, the Company recognized \$299,000 and \$241,000, respectively, of such franchise related fees. Other revenues are revenues not generated by one of the other five principal sources such as commission income and employee optical sales.

The Company also follows the provisions of Emerging Issue Task Force (“EITF”) Issue 01-09, “Accounting for Consideration Given by a Vendor to a Customer (Including a Reseller of the Vendor’s Products),” and accordingly, accounts for discounts, coupons and promotions (that are offered to its customers) as a direct reduction of sales.

Cost of Sales

Cost of retail sales include the sale of inventory items such as eyeglass frames, contact lenses, ophthalmic lenses, sunglasses and accessories as well as the respective shipping and freight costs for such items.

Cost of optical purchasing group sales include Combine and TOG cost of product (based on the volume purchasing power from ordering for its members as a group) from its vendors, the associated shipping and freight costs, less certain discounts for the Company’s guaranteed prompt payment.

Selling, general and administrative expenses

Selling, general and administrative expenses primarily include payroll and related benefits, franchise promotions and seminars, business travel, rent and related overhead, advertising, professional fees, depreciation and amortization, bank and credit card fees, bad debt expense, and equity compensation charges.

Advertising Costs

The Company expenses advertising costs as incurred. Advertising costs aggregated approximately \$390,000 and \$875,000 for the years ended December 31, 2008 and 2007, respectively, and is reflected in selling, general and administrative expenses on the accompanying Consolidated Statements of Operations. Advertising fees received from franchisees are not accounted for in the Consolidated Statements of Operations as the Company acts in an agent capacity with respect to those funds. These funds are included in accounts payable and accrued liabilities on the

accompanying Consolidated Balance Sheets until such time as the franchisee directs the spending of such funds.

Comprehensive Income

The Company follows the provisions of SFAS No. 130, "Reporting Comprehensive Income," which establishes rules for the reporting of comprehensive income and its components. Comprehensive income is defined as the change in equity from transactions and other events and circumstances other than those resulting from investments by owners and distributions to owners. The Company's comprehensive income is comprised of the cumulative translation adjustment arising from the conversion of foreign currency.

Foreign Currency Translation

The financial position and results of operations of TOG were measured using TOG's local currency (Canadian Dollars) as the functional currency. Balance sheet accounts are translated from the foreign currency into U.S. Dollars at the period-end rate of exchange. Income and expenses are translated at the weighted average rates of exchange for the period. The resulting \$191,000 and \$76,000 translation loss from the conversion of foreign currency to U.S. Dollars for the years ended December 31, 2008 and 2007, respectively, is included as a component of comprehensive (loss) income for the years ended December 31, 2008 and 2007, respectively, and is recorded directly to accumulated comprehensive loss within the Consolidated Balance Sheets as of December 31, 2008, and 2007, respectively.

Income Taxes

Effective January 1, 2007, the Company adopted the provisions of FASB's Interpretation ("FIN") No. 48, "Accounting for Uncertainty in Income Taxes – an interpretation of FASB No. 109." FIN 48 prescribes a recognition threshold and measurement attribute for how a company should recognize, measure, present, and disclose in its financial statements uncertain tax positions that the company has taken or expects to take on a tax return. FIN 48 requires that the financial statements reflect expected future tax consequences of such positions presuming the taxing authorities' full knowledge of the position and all relevant facts, but without considering time values. No such amounts were accrued for at January 1, 2007. Additionally, no adjustments related to uncertain tax positions were recognized during the years ended December 31, 2008 and 2007.

The Company recognizes interest and penalties related to uncertain tax positions as a reduction of the income tax benefit. No interest and penalties related to uncertain tax positions were accrued as of December 31, 2008 and 2007.

The Company operates in multiple tax jurisdictions within the United States of America and Canada. Although we do not believe that we are currently under examination in any of our major tax jurisdictions, we remain subject to examination in all of our tax jurisdictions until the applicable statutes of limitation expire. As of December 31, 2008, a summary of the tax years that remain subject to examination in our major tax jurisdictions are: United States – Federal and State – 2005 and forward. The Company does not expect to have a material change to unrecognized tax positions within the next twelve months.

Operating Leases

The Company accounts for all operating leases on a straight-line basis over the term of the lease. In accordance with the provisions of FASB SFAS No. 13, "Accounting for Leases," any incentives or rent escalations are recorded as deferred rent and amortized as rent expense over the respective lease term.

Guarantee Disclosures

The Company follows the provision of FASB Interpretation ("FIN") No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," which clarifies the required

disclosures to be made by a guarantor in their interim and annual consolidated financial statements about its obligations under certain guarantees that it has issued. FIN No. 45 also requires a guarantor to recognize, at the inception of the guarantee, a liability for the fair value of the obligation undertaken. The provisions of this Interpretation did not have a material impact on the Company's financial position or results of operations.

Stock-Based Compensation

The Company follows the provisions of SFAS No. 123R, "Share-Based Payment," which revised SFAS No. 123 to require all share-based payments to employees, including grants of employee stock options, to be recognized based on their fair values.

The Company determined the fair value of the options, warrants and restricted stock issued during 2008 and 2007 using the Black-Scholes option pricing model with the following assumptions: 1 to 5-year expected life; 3 to 10-year expiration period; risk-free interest rates ranging from 2.34% to 4.98%; stock price volatility ranging from 54% to 74%; with no dividends over the expected life.

The Company recognized stock-based compensation expenses of approximately \$2,000 and \$7,000 related to the issuance of stock options to certain employees for the years ended December 31, 2008 and 2007, respectively, which expenses are reflected in selling, general and administrative expenses on the accompanying Consolidated Statement of Income.

The Company recognized stock-based compensation expense of approximately \$5,000 and \$60,000 related to its issuance of restricted stock and stock warrants to certain non-employee investor relation consultants for the years ended December 31, 2008 and 2007, respectively, which expenses are reflected in selling, general and administrative expenses on the accompanying Consolidated Statements of Operations.

The Company recognized stock-based compensation expense of approximately \$81,000 and \$46,000 related to its issuance of stock options certain non-employee directors for the years ended December 31, 2008 and 2007, respectively, which expenses are reflected in selling, general and administrative expenses on the accompanying Consolidated Statements of Operations.

Concentration of Credit Risk

Cash

The Company maintains cash balances with various financial institutions, which, at times, may exceed the Federal Deposit Insurance Corporation limit in the United States and/or the Canadian Deposit Insurance Corporation ("CDIC") limit in Canada. The Company has not experienced any losses to date as a result of this policy, and management believes there is little risk of loss. Uninsured cash as of December 31, 2008 was approximately \$622,000, including \$470,000 in Canada where the CDIC limit is \$60,000.

Receivables

The Company operates retail optical stores and its two optical purchasing businesses in North America, and its receivables are from franchisees that also operate retail optical stores in the United States and from its optical purchasing members that operate retail optical stores in North America. The Company estimates allowances for doubtful accounts based on its franchisees' or members' financial condition and collection history. Management believes the Company's allowances are sufficient to cover any losses related to its inability to collect its accounts and notes receivables. Accounts are written-off when significantly past due and deemed uncollectible by management. At times, the Company experiences difficulties with the collection of amounts due from certain franchisees and with certain franchisees' reporting of revenues subject to royalties. This is a common problem for franchisors, and the Company has taken steps designed to improve such franchise sales reporting such as the installation, across the franchise chain, of a uniform Point-of-Sale computer system.

Vendors

COM and TOG utilize certain key vendors to provide its members with a broad spectrum of product purchasing options. If one of these key vendors ceases to do business with COM or TOG, or ceases to exist, COM and/or TOG could see a decrease in the amount of product purchased by its members, thus decreasing sales and net income. Management believes there are a sufficient number of competing vendors and enough of a product mix to mitigate any changes to the Company's key vendors.

As of December 31, 2008 and 2007, optical purchasing group payables relating to its three most significant vendors as a percentage were as follows:

	December 31,	
	2008	2007
Vendor A	20.4%	32.5%
Vendor B	15.2%	12.0%
Vendor C	5.4%	5.0%
	41.0%	49.5%

Segment Information

The Company follows the provisions of SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information," which establishes annual and interim reporting standards for an enterprise's operating segments, and related disclosures about its products, services, geographic areas and major customers. As defined in SFAS No. 131, for the year ended December 31, 2005, the Company reviewed its business operations and determined that the Company's operations were classified into one principal industry segment; retail optical. During 2006, in connection with the Company acquiring substantially all of the tangible assets of Combine Optical Management Corporation, the Company established a second operating segment (the optical purchasing group segment). Effective January 1, 2008, the Company began reporting on the operations of six reportable business segments.

Reclassifications

Certain reclassifications have been made to prior years' consolidated financial statements to conform to the current year presentation.

NOTE 2 – ACQUISITIONS:

1725758 Ontario Inc. (d/b/a The Optical Group)

On August 10, 2007, effective August 1, 2007, the Company, through its wholly-owned subsidiary OG Acquisition, Inc. ("OG"), acquired all of the outstanding equity interests of 1725758 Ontario Inc., d/b/a The Optical Group ("TOG") and substantially all of the assets of Corowl Optical Credit Services, Inc. ("COC") for an aggregate purchase price of cash consideration of \$3,800,000 CAD (Canadian Dollars). The Company withdrew funds from its Credit Facility with Manufacturers and Traders Trust Corporation ("M&T"), including \$3,609,423 to fund the purchase price payable in connection with the acquisitions of TOG and COC, and \$50,000 for general working capital requirements. TOG is based in Ontario, Canada and operates an optical purchasing group business in Canada. COC is based in Ontario, Canada and operates a credit reference business within the optical industry in Canada. TOG had approximately 535 active members in its optical purchasing group business as of December 31, 2008.

The Company utilized the services of ValueScope, Inc. ("ValueScope"), independent valuation experts, to determine the estimated fair value of the acquisition. In determining fair value, ValueScope reviewed the historical financials of

Edgar Filing: SEABRIDGE GOLD INC - Form 6-K

TOG, interim financials, the Business Acquisition Agreement between OG and TOG, TOG vendor agreements, comparable companies within the industry, along with other pertinent information, the acquisition was accounted for as a business purchase and recorded at the estimated fair value (based on ValueScope's valuation) of the assets acquired and liabilities assumed on August 1, 2007, as follows:

Purchase Price		\$ 3,609,000
Working Capital	1,000	
Accounts receivable	3,817,000	
Property and equipment	41,000	
Intangible assets	1,844,000	
Accounts payable	(3,676,000)	2,027,000
Goodwill		\$ 1,582,000

Property and equipment is being depreciated on a straight-line basis over the estimated useful lives of the respective classes of assets. The intangible assets consist of a covenant not-to-compete agreement with a five year useful life, customer-related intangibles with a ten year useful life, and a trade name with an indefinite life. The goodwill and the amortizable intangible assets are being amortized over fifteen years for tax purposes only.

The following table shows certain unaudited pro forma results of the Company, giving effect to the acquisitions of TOG, assuming the acquisition were consummated at the beginning of the year ended December 31, 2007:

NOTE 3 – PER SHARE INFORMATION:

In accordance with SFAS No. 128, "Earnings Per Share", basic earnings per share of common stock ("Basic EPS") is computed by dividing the net (loss) income by the weighted-average number of shares of common stock outstanding. Diluted earnings per share of common stock ("Diluted EPS") is computed by dividing the net (loss)

income by the weighted-average number of shares of common stock, and dilutive common stock equivalents and convertible securities then outstanding. SFAS No. 128 requires the presentation of both Basic EPS and Diluted EPS on the face of the Company's Consolidated Statements of Operations. Common stock equivalents totaling 7,678,418 and 2,202,687 were excluded from the computation of Diluted EPS for the years ended December 31, 2008 and 2007, respectively, as their effect on the computation of Diluted EPS would have been anti-dilutive. For the year ended December 31, 2008, 3,398,687 of common stock equivalents could potentially dilute the earnings per share calculations, but were not included because their effect was anti-dilutive in 2008.

The following table sets forth the computation of basic and diluted per share information:

Substantially all notes are secured by the underlying assets of the related franchised store, as well as the personal guarantee of the principal owners of the franchise. As of December 31, 2008, these notes generally provided for interest ranging from 6% to 12%.

Other Costs to Exit an Activity.” In accordance therewith, the Company records a liability for the cost associated with an exit or disposal activity when the liability is incurred. For the year ended December 31, 2007, the Company recorded a provision for two store closings totaling approximately \$263,000, which was comprised of lease termination costs. - 1) In connection with the acquisition of all of the net tangible assets of Combine Optical Management Corporation (“COMC”), the Company entered into two promissory notes with COMC. The first note provides for four annual installments, which commenced October 1, 2007, totaling \$1,273,000 (which is non-interest bearing with an imputed annual interest rate of 8.1%). The second note, which commenced October 1, 2006, provides for sixty monthly installments totaling \$500,000 at 7% interest per annum. In order to secure repayment, the Company entered into Security Agreements with COMC granting COMC a security interest in substantially all of the assets of Combine.
- 2) The Company had outstanding borrowings of \$5,306,854 under its Credit Facility with M&T Bank (“M&T”), which borrowings are payable (interest only) monthly and bear interest at a rate of LIBOR plus 2.75%. As of December 31, 2008, the interest rate was 4.18%. The principal and any accrued interest are due and payable in April 2010. In order to secure repayment, the Company entered into Security Agreements with M&T granting M&T a security interest in substantially all of the assets of the Company, other than the assets described above securing Combine.
- 3)

In connection with the remodeling of one of the Company-owned stores, the Company obtained \$78,000 of equipment financing from De Lage Landen Financial Services, Inc. in November 2007, which borrowings provide for sixty monthly installments and bear interest at a rate of 10.2%.

NOTE 11 – CREDIT FACILITY:

On August 8, 2007, the Company entered into a Revolving Line of Credit Note and Credit Agreement (the “Credit Agreement”) with M&T, establishing a revolving credit facility (the “Credit Facility”), for aggregate borrowings of up to \$6,000,000, to be used for general working capital needs and certain permitted acquisitions. This Credit Facility replaced the Company’s previous revolving line of credit facility with M&T, established in August 2005. The initial term of the Credit Facility was to expire in August 2009, however, on April 1, 2009, M&T agreed to extend the maturity date of the Credit Facility to April 1, 2010. All sums drawn by the Company under the Credit Facility are repayable, interest only, on a monthly basis, commencing on the first day of each month during the term of the Credit Facility, calculated at the variable rate of three hundred (300) basis points in excess of LIBOR, and all principal drawn by the Company is payable on April 1, 2010. All other terms of the Credit Facility remained the same.

On August 10, 2007, the Company borrowed \$3,609,423 to fund the purchase price payable in connection with the acquisitions of TOG and COC, and borrowed \$400,000 for general working capital requirements. The Credit Facility includes various financial covenants including minimum net worth, maximum funded debt and debt service ratio requirements. As of December 31, 2008, the Company had outstanding borrowings of \$5,306,854 under the Credit Facility, which amount was included in Long-term Debt in the accompanying Consolidated Balance Sheet, and was utilizing \$500,000 of the Credit Facility to hold a letter of credit in favor of a key vendor of Combine to ensure payment of any outstanding invoices not paid by Combine. The Company was not in compliance with one of the financial covenants, however, on April 1, 2009, M&T granted the Company a waiver and agreed that such covenant was now in compliance as of December 31, 2008. Additionally, the Company had \$193,146 available under the Credit Facility for future borrowings.

NOTE 12 – INCOME TAXES:

The Company records the income tax effect of transactions in the same year that the transactions occur to determine net income, regardless of when the transactions are recognized for tax purposes. Deferred taxes are provided to reflect the income tax effects of amounts included in the Company’s financial statements in different periods than for tax purposes, principally valuation allowances for accounts receivables, equity compensation charges, and depreciation and amortization expenses for income tax purposes. The provision for (benefit from) income taxes for the years ended December 31, 2008 and 2007 was \$591,000 and (\$251,000), respectively.

As of December 31, 2008 and 2007, net deferred tax assets were approximately \$15,800,000 and \$17,300,000, respectively, resulting primarily from the future tax benefit of net operating loss carry-forwards. In accordance with SFAS No. 109, the Company has provided a valuation allowance against its net deferred tax assets of approximately \$14,600,000 and \$15,600,000 as of December 31, 2008 and 2007, respectively. The valuation allowance against the net deferred tax assets decreased by approximately \$1,000,000 and \$1,600,000 during the years ended December 31, 2008 and 2007, respectively.

The Company evaluates deferred income taxes quarterly to determine if valuation allowances are required or should be adjusted. The Company assesses whether valuation allowances should be established against the deferred tax assets based on consideration of all available evidence, both positive and negative, using a more likely than not standard. This assessment considers, among other matters, the nature, frequency of recent income and losses, forecasts of future profitability and the duration of statutory carryforward period. In making such judgments, significant weight is given to evidence that can be objectively verified.

Valuation allowances have been established for deferred tax assets based on a more likely than not threshold. The Company's ability to realize deferred tax assets depends on the Company's ability to generate sufficient taxable income within the carryforward periods provided for in the tax law for each applicable tax jurisdiction.

The tax effect of temporary differences that give rise to the deferred tax asset as of December 31, 2008 and 2007, are presented below (in thousands):

	2008	2007
Deferred tax assets:		
Reserves and allowances	\$ 143	\$ 1,150

As of December 31, 2008 and 2007, the Company had net operating loss carry forwards for regular tax and alternative minimum taxable income purposes available to reduce future taxable income, which may be limited in accordance with Section 382 of the Internal Revenue Code of 1986, as amended, based on certain changes in ownership that have occurred, or could occur in the future. These carryforwards expire as follows (in thousands):

	Net Operating Loss	AMT Operating Loss
2011	\$ 1,518	\$ 1,083
2012	3,845	3,845

The Company's effective tax rate differs from the statutory Federal income tax rate of 34%, primarily due to the effect of state and income taxes and the impact of recording a valuation allowance to offset the potential future tax benefit resulting from net operating loss carry-forwards for all years presented. The following is a reconciliation of the U.S. Federal statutory income tax rate to the Company's effective income tax rate for the years ended December 31, 2008 and 2007:

NOTE 13 – SEGMENT REPORTING

Business Segments

Operating segments are organized internally primarily by the type of services provided, and in accordance with SFAS No.131, “Disclosures About Segments of an Enterprise and Related Information.” The Company has aggregated similar operating segments into six reportable segments: (1) Optical Purchasing Group Business, (2) Franchise, (3) Company Store, (4) VisionCare of California, (5) Corporate Overhead and (6) Other.

The Optical Purchasing Group Business segment consists of the operations of Combine, acquired in August 2006 and TOG, acquired in August 2007. Revenues generated by this segment represent the sale of products and services, at discounted pricing, to Combine and TOG members. The businesses in this segment are able to use their membership count to get better discounts from vendors than a member could obtain on its own. Expenses include direct costs for such product and services, salaries and related benefits, depreciation and amortization, interest expense on financing these acquisitions, and other overhead.

The Franchise segment consists of 133 franchise locations as of December 31, 2008. Revenues generated by this segment represent royalties on the total sales of the franchise locations, other franchise related fees such as initial franchise, transfer, renewal and conversion fees, additional royalties in connection with franchise store audits, and interest charged on franchise financing. Expenses include the salaries and related benefits/expenses of the Company’s franchise field support team, corporate salaries and related benefits, convention related expenses, consulting fees, and other overhead.

The Company Store segment consists of 6 Company-owned retail optical stores (including one under the terms of a management agreement) as of December 31, 2008. Revenues generated from such stores are a result of the sales of eye care products and services such as prescription and non-prescription eyeglasses, eyeglass frames, ophthalmic lenses, contact lenses, sunglasses and a broad range of ancillary items. Expenses include the direct costs for such eye care products, doctor and store staff salaries and related benefits, rent, advertising, and other overhead.

The VisionCare of California segment consists of optometric services provided to patients (members) of those franchise retail optical stores located in the state of California. Revenues consist of membership fees generated for such optometric services provided to individual patients (members). Expenses include salaries and related benefits for the doctors that render such optometric services, and other overhead.

The Corporate Overhead segment consists of expenses not allocated to one of the other segments. There are no revenues generated by this segment. Expenses include costs associated with being a publicly traded company (including salaries and related benefits, professional fees, board of director fees, and director and officer insurance), certain Company-owned store overhead not allocated to that segment, other salaries and related benefits, rent, other professional fees, and depreciation and amortization.

The Other segment includes revenues and expenses from other business activities that do not fall within one of the other segments. Revenues generated by this segment consist of employee optical benefit sales, commission income, and residual income on credit card processing. Expenses primarily include the direct cost of such employee optical benefit sales, salaries and related benefits, commission expense, and advertising.

NOTE 14 – COMMITMENTS AND CONTINGENCIES:

Operating Lease Commitments

The Company leases locations for both its Company-owned and franchised stores, as well as its executive and administrative offices. As of December 31, 2008, minimum future rental payments for Company-owned stores and the Company's executive and administrative offices, as well as for stores leased by the Company and subleased to franchisees, in the aggregate, are as follows (in thousands):

	Total Lease Obligations	Sublease Rentals	Net Company Obligations
2009	\$ 3,910	\$ 3,394	\$ 516
2010	1,206	1,124	82
2011	993	931	62

2013	808	808	-
Thereafter	2,915	2,915	-
	\$ 10,757	\$ 10,097	\$ 660

The Company holds the master lease on certain of its franchised locations and, as part of the franchise agreement, sublets the subject premises to the franchisee. In addition to the fixed rent payable under such master leases, most master leases require payment of a pro rata portion of common area maintenance expenses and real estate taxes, as well as percentage rent based upon the sales volume of the store in question. As required by SFAS No. 13 "Accounting for Leases," the Company recognizes its rent expense on a straight-line basis over the life of the related lease. In most cases, however, the Company's obligations are limited due to the holding of leases in a leasehold corporation with limited guarantees from the Company. Rent expense (which was net of sublease rentals of approximately \$4,799,000 and \$4,819,000, respectively) was approximately \$1,252,000 and \$1,555,000 for the years ended December 31, 2008 and 2007, respectively. Contingent rents include, amongst other items, percentage rent and certain year-end common area and real estate tax adjustments. The Company currently does not anticipate that such charges would be material in nature for the Company-owned stores and franchise locations. With respect to franchise locations, the Company acts in an agent capacity with respect to those charges. Additionally, the Company does not hold any of the leases on Combine or TOG Member locations.

Litigation

On May 20, 2003, Irondequoit Mall, LLC commenced an action against the Company and Sterling Vision of Irondequoit, Inc. ("SVI") alleging, among other things, that the Company had breached its obligations under its guaranty of the lease for the former Sterling Optical store located in Rochester, New York. The Company and SVI believe that they have a meritorious defense to such action. As of the date hereof, these proceedings were in settlement discussions. Although the Company has recorded an accrual for probable losses in the event that the Company shall be held liable in respect of plaintiff's claims, the Company does not believe that any such loss is reasonably possible, or, if there is a loss, the Company does not believe that it is reasonably possible that such loss would exceed the amount recorded.

In August 2006, the Company and its subsidiary, Sterling Vision of California, Inc. (“SVC”) (collectively referred to as the “Company”) filed an action against For Eyes Optical Company (“For Eyes” or “Defendant”) in response to allegations by For Eyes of trademark infringement for Plaintiff’s use of the trademark “Site For Sore Eyes”. The Company claims, among other things, that (i) there is no likelihood of confusion between the Company’s and Defendant’s mark, and that the Company has not infringed, and is not infringing, Defendant’s mark; ii) the Company is not bound by that certain settlement agreement, executed in 1981 by a prior owner of the Site For Sore Eyes trademark; and iii) Defendant’s mark is generic and must be cancelled. For Eyes, in its Answer, asserted defenses to the Company’s claims, and asserted counterclaims against the Company, including, among others, that (i) the Company has infringed For Eyes’ mark; (ii) the Company wrongfully obtained a trademark registration for its mark and that said registration should be cancelled; and (iii) the acts of the Company constitute a breach of the aforementioned settlement agreement. For Eyes seeks injunctive relief, cancellation of the Company’s trademark registration, trebled monetary damages, payment of any profits made by the Company in respect of the use of such trade name, and costs and attorney fees. The case is currently in the discovery phase. The Company has not recorded an accrual for a loss in this action, as the Company does not believe it is probable that the Company will be held liable in respect of Defendant’s counterclaims.

In September 2008, Pyramid Mall of Glen Falls Newco, LLC commenced an action against the Company and its subsidiary Sterling Vision of Aviation Mall, Inc., in the Supreme Court of the State of New York, Onondaga County, alleging, among other things, that the Company had breached its obligations under its lease for the former Sterling Optical store located at Aviation Mall, New York. The Company believes that it has a meritorious defense to such action. As of the date hereof, these proceedings were in the discovery stage. Although the Company has recorded an accrual for probable losses in the event that the Company shall be held liable in respect of plaintiff’s claims, the Company does not believe that any such loss is reasonably possible, or, if there is a loss, the Company does not believe that it is reasonably possible that such loss would exceed the amount recorded.

In October 2008, Crossgates Mall Company Newco, LLC commenced an action against the Company’s subsidiary, Sterling Optical of Crossgates Mall, Inc., in the Supreme Court of the State of New York, Onondaga County, alleging, among other things, that the Company had breached its obligations under its lease for the former Sterling Optical store located at Crossgates Mall, New York. The Company believes that it has a meritorious defense to such action. As of the date hereof, these proceedings were in the discovery stage. The Company has not recorded an accrual for a loss in this action, as the Company does not believe it is probable that the Company will be held liable in respect of plaintiff’s claims.

Although the Company, where indicated herein, believes that it has a meritorious defense to the claims asserted against it (and its affiliates), given the uncertain outcomes generally associated with litigation, there can be no assurance that the Company’s (and its affiliates’) defense of such claims will be successful.

In addition to the foregoing, in the ordinary course of business, the Company is a defendant in certain lawsuits alleging various claims incurred, certain of which claims are covered by various insurance policies, subject to certain deductible amounts and maximum policy limits. In the opinion of management, the resolution of these claims should not have a material adverse effect, individually or in the aggregate, upon the Company’s business or financial condition. Other than as set forth above, management believes that there are no other legal proceedings, pending or threatened, to which the Company is, or may be, a party, or to which any of its properties are or may be subject to, which, in the opinion of management, will have a material adverse effect on the Company.

Guarantees

In connection with the Company’s sale of one of its laser vision correction centers, Insight Laser Centers N.Y.I., Inc. (the “Ambulatory Center”) on May 31, 2001, the Company agreed to guarantee certain of the potential ongoing liabilities of the Ambulatory Center. No such guaranteed liabilities were accrued for as of December 31, 2008 and 2007.

In September 2003, the Company entered into a series of agreements, with the owner of the Ambulatory Center and the landlord of the premises, pursuant to which the Company's future guarantee is now expressly limited to that of the minimum base rent and additional rent, payable under the lease for the premises, as adjusted in accordance with the agreements. In connection with the agreements, the Company agreed to settle its outstanding liabilities allegedly due under its guarantee, which liabilities were settled at lower amounts than the Company had originally accrued for. As of December 31, 2008 and 2007, the Company had no remaining amounts owed relating to this guarantee. However, there can be no assurance that future liabilities will not arise in connection with this guarantee.

As of December 31, 2008, the Company was a guarantor of certain leases of retail optical stores franchised and subleased to its franchisees. In the event that all of such franchisees defaulted on their respective subleases, the Company would be obligated for aggregate lease obligations of approximately \$2,334,000. The Company continually evaluates the credit-worthiness of its franchisees in order to determine their ability to continue to perform under their respective subleases. Additionally, in the event that a franchisee defaults under its sublease, the Company has the right to take over operation of the respective location.

Letter of Credit

Combine held a letter of credit with M&T Bank in favor of one of its key vendors to ensure payment of any outstanding invoices not paid by Combine. The letter of credit has a one-year term that will expire on October 16, 2009. As of December 31, 2008, the letter of credit totaled \$500,000, and was secured by the credit facility with M&T Bank.

NOTE 15 – EXECUTIVE COMPENSATION:

The Company has an Employment Agreement (“Agreement 1”) with its Chief Executive Officer (“CEO”), which extends through November 2009. Agreement 1 provides for an annual salary of \$275,000 and certain other benefits. Additionally, as per Agreement 1, the CEO may be eligible for bonus compensation as determined by the Company's Board of Directors. No bonus was approved by the Board for the year ended December 31, 2008.

Additionally, in connection with the acquisition of Combine, the Company entered into a five-year Employment Agreement (“Agreement 2”) with the existing President of Combine. Agreement 2 provides for an annual salary of \$210,000, certain other benefits, and an annual bonus based upon certain financial targets of Combine. For the years ended December 31, 2008 and 2007, there was approximately \$50,000 and \$60,000, respectively, of such bonuses reflected in the accompanying Consolidated Statement of Operations and Comprehensive (Loss) Income. As of December 31, 2008 and 2007, there was \$50,000 and \$60,000, respectively, of accrued bonuses in accounts payable and accrued liabilities in the accompanying Consolidated Balance Sheets.

NOTE 16 – RELATED PARTY TRANSACTIONS:

Dr. Alan Cohen, Chairman of the Company's Board of Directors, is also one of the principal members and executive officers of General Vision Services, LLC, or GVS. GVS solicits and administers third party benefit programs, which provides services under third party benefit plans administered by GVS, to certain of the Company's Sterling Stores. Such Sterling Stores pay a processing fee to GVS to administer the processing of such third party insurance claims. The Company believes that the cost of such services were as favorable to the Sterling Stores as could be obtained utilizing an unrelated third party.

On December 31, 2002, the Company refinanced certain past due amounts, owed to Cohen's Fashion Optical, Inc. ("CF"), a company that was previously owned by a current and former director of the Company. In connection therewith, the Company signed a 5-year, \$200,000 promissory note, in favor of CF, bearing interest at a rate of 10% per annum. The note was paid in full in February 2008.

Effective April 14, 2003, in connection with certain Rescission Transactions consummated by the Company on December 31, 2003, the Company signed promissory notes with two of its current directors, who are also shareholders, of the Company. The notes, which aggregated \$135,000, together with all accrued interest, was paid in full in October 2007.

The Company's Chief Executive Officer serves on the Board of Directors of Newtek Business Services, Inc. ("NBSI"), a company that provides various financial services to both small and mid-sized businesses. The Company utilizes the bank and non-bank card processing services of one of NBSI's affiliated companies. For the years ended December 31, 2008 and 2007, the Company paid approximately \$101,000 and \$95,000, respectively, to such affiliate for such services provided. Additionally, the Company utilizes insurance administrative services of one of NBSI's affiliated companies. No payments are made directly to that affiliate. The Company believes that the cost of such services were as favorable to the Company as those which could have been obtained from an unrelated third party.

In connection with Combine's acquisition of COMC, the Company entered into a series of promissory notes with COMC, owned by Neil Glachman, Combine's President. The promissory notes amounted to \$1,773,000 with \$498,000 paid in October 2007; \$300,000 paid in September, 2008; \$250,000 due on October 1, 2009; \$225,000 due on October 1, 2010; and \$500,000 (with interest at 7% per annum) payable in sixty, equal monthly installments of \$9,900.60, which commenced on October 1, 2007. For the years ended December 31, 2008 and 2007, there was approximately \$75,000 and \$140,000, respectively, of interest expense reflected in the accompanying Consolidated Statements of Operations. As of December 31, 2008 and 2007, there was \$769,000 and \$1,165,000, respectively, of related party obligations in the accompanying Consolidated Balance Sheets.

During 2008 and 2007, Combine members purchased contact lenses from Visus Formed Optics, a contact lens manufacturer that is partially owned by Combine's President. For the years ended December 31, 2008 and 2007, the total cost of such contact lenses was approximately \$56,000 and \$69,000, respectively. The Company believes that the cost of such product was as favorable to COM as those which could have been obtained from an unrelated third party.

During 2008, Combine members purchased contact lenses from Ocular Insight, Inc., a contact lens distributor that is partially owned by Combine's President. For the year ended December 31, 2008, the total cost of such contact lenses was approximately \$13,000. No purchases were made during the year ended December 31, 2007. The Company believes that the cost of such product was as favorable to COM as those which could have been obtained from an unrelated third party.

On January 31, 2007, the Company entered into a Software License Agreement with Optical Business Solutions, Inc. ("OBS"), to provide software for the Company's new point-of-sale system. OBS is owned by current and former directors, who are also shareholders of the Company. As of December 31, 2008, there was \$27,000 of prepaid expenses in the accompanying Consolidated Balance Sheets, related to the purchase of 27 user licenses for such software.

During the ordinary course of business, primarily due to the fact that the entities occupied office space in the same building, and in an effort to obtain savings with respect to certain administrative costs, the Company and CF will at times share in the costs of minor expenses. Management believes that these expenses have been appropriately accounted for herein.

In the opinion of the Company's management, all of the above transactions were conducted at "arms-length."

NOTE 17 – SHAREHOLDERS’ EQUITY:

Senior Convertible Preferred Stock

As of December 31, 2008, there were approximately 0.74 shares of Senior Convertible Preferred Stock outstanding with a stated value of approximately \$74,000, convertible into Common Stock at a rate of \$0.75. The sole remaining holder of the Company’s Senior Convertible Preferred Stock has the right to vote, as a single class, with the Common Stock, on an as-converted basis, on all matters on which the holders of the Company’s Common Stock are entitled to vote.

Issuance of Common Stock for Consulting Services

Pursuant to a Letter Agreement, dated April 11, 2007 (the “LA”), between the Company and DuBois Consulting Group, Inc. (“DuBois”), DuBois agreed to provide to the Company assistance with investor relations, broker relations, and the planning and execution of assorted activities relating to these tasks. In consideration for these services, the Company agreed to pay DuBois certain cash consideration provided for in the LA and issued to DuBois a warrant (the “DuBois Warrant”) to purchase up to an aggregate of 300,000 shares of common stock of the Company at an exercise price of \$0.30 per share, which vested in equal monthly tranches of 25,000 shares each over the term of the LA. The LA expired in April 2008 and the DuBois Warrant expires April 10, 2010.

As of December 31, 2008, there were 300,000 warrants vested and exercisable. For the years ended December 31, 2008 and 2007, the Company recognized a non-cash charge to earnings of approximately \$1,000 and \$2,000, respectively, representing the fair value of such warrants, which is reflected in selling, general and administrative expenses in the accompanying Consolidated Statements of Operations.

Pursuant to a Letter of Engagement, dated May 7, 2007 (the “LOE”), between the Company and R.D. Stout, Inc. (“RD”), RD agreed to provide to the Company assistance with investor relations, broker relations and the planning and execution of assorted activities relating to these tasks. In consideration for these services, the Company (a) agreed to issue to RD on a monthly basis a number of shares of restricted common stock of the Company (the “RD Shares”) equal to (i) \$8,333.33, divided by (ii) the closing price per share of the Company’s common stock on the applicable issuance date, as reported on the Over-the-Counter Bulletin Board, and (b) issued to RD a warrant (the “RD Warrant”) to purchase up to an aggregate of 300,000 shares of the common stock of the Company at an exercise price of \$0.21 per share, which vested in equal monthly tranches of 25,000 shares each over the term of the LOE. The LOE expired in May 2008 and the RD Warrant expires May 6, 2010.

As of December 31, 2008, there were 300,000 warrants vested and exercisable, and 120,844 of restricted stock. For the years ended December 31, 2008, and 2007, the Company recognized a non-cash charge to earnings of approximately \$5,000 and \$43,000, respectively, representing the fair value of such warrants and restricted stock, which is reflected in selling, general and administrative expenses in the accompanying Consolidated Statements of Operations.

Rescission of Units and Warrants

On December 31, 2003 (effective April 14, 2003), the Company and certain of its shareholders (the “Subject Shareholders”) agreed to, and effectuated, (a) the rescission, ab initio, of the exercise, by the Subject Shareholders, of 13,000,000 of the oversubscription rights (during the Company’s 2002 Rights Offering) of the Subject Shareholders (and, accordingly, of the issuance, to such Subject Shareholders, of the units associated therewith), and (b) the rescission, surrender and cancellation of all of the remaining warrants (33,210,028 in the aggregate) that were

acquired by the Subject Shareholders in the Rights Offering (collectively, the “Rescission Transactions”). In connection with the Rescission Transactions, the Company agreed to repay each Subject Shareholder the original subscription amount of \$0.04 (previously paid by each Subject Shareholder) for each of the rescinded units (together with interest at a rate of 6% per annum from the date of the original acquisition thereof), which, in the aggregate for all of the Subject Shareholders, totaled \$520,000. This sum along with all accrued interest was paid in full during 2007. Additionally, as a result of the Rescission Transactions, the Company’s outstanding Common Stock decreased by 13,000,000 shares.

Recognizing that the Subject Shareholders that participated in the Rescission Transactions suffered certain damages in connection therewith, on December 31, 2003, the Company granted to the Subject Shareholders, in the aggregate, new warrants to purchase 59,210,028 shares of Company Common Stock. The exercise prices of the new warrants issued to each of the Subject Shareholders ranged from \$0.0465 to \$0.0489. These exercise prices were calculated with the intention of allowing the Subject Shareholders to purchase equity of the Company on substantially the same economic terms that they would have been originally entitled pursuant to the Rights Offering, but for the Rescission Transactions.

On September 24, 2007, one of the Subject Shareholders performed a “cashless exercise” of 31,067,776 warrants, with the exercise price paid by surrendering to the Company 4,361,764 of the warrants, having an approximate aggregate value of \$1,485,040, or \$0.34 per share of Common Stock surrendered. As a result, the Company’s Common Stock increased \$267,000, which was offset by a charge to Accumulated Paid-in Capital to account for the “cashless exercise” component of the transaction.

On October 2, 2007, the remaining Subject Shareholders exercised all of their 28,142,252 warrants, with a total exercise price of \$1,344,835 being paid to the Company.

NOTE 18 – STOCK OPTIONS AND WARRANTS:

Sterling Stock Option Plan

In February 2005, the Company amended its 1995 Stock Incentive Plan (the “Plan”) to increase the number of shares of Common Stock permitted to issue there under from 7,000,000 to 25,000,000. The Plan permits the issuance of options to selected employees and directors of, and consultants to, the Company and provides that the term of each award be determined by the Compensation Committee (the “Committee”), which is charged with administering the Plan. The Plan provides the Board with the ability to grant options in excess of the number of shares reserved for issuance in connection with the Plan, provided that the Board obtains shareholder approval to amend the Plan to increase the shares reserved for issuance underlying option grants within 12 months of the date of grant. Under the terms of the Plan, options may be qualified or non-qualified and granted at exercise prices and for terms to be determined by the Committee. Additionally, certain options previously issued under the Plan provide that notwithstanding the termination of the Company’s employment of any such employee/holder, he/she will retain the right to exercise those options that have previously vested in his/her favor until such time that the options expire in accordance with the terms of the original grant.

A summary of the options issued under the Plan is presented in the table below:

Of the total options outstanding as of December 31, 2008, there were 14,384,115 held by current employees of the Company, and 6,654,792 held by non-employee directors of the Company, the Company's independent contractors, former employees and former directors. Of the total options granted during 2008, all 625,000 were granted to certain members of the board of directors of the Company.

On September 29, 2006, in connection with the acquisition of Combine, the Company granted 3,515,625 stock options to the President of Combine (currently an employee of the Company) all at an exercise price of \$0.15, which was the closing price on the date of grant. The stock options vested immediately. All of these options expire 10 years from the date of grant. Additionally, commencing on September 29, 2010, and expiring September 28, 2016, 2,187,500 options may be put back to the Company at a put price per share of \$0.32.

On May 16, 2007, the Committee granted an aggregate of 125,000 stock options to certain of the Company's employees and 75,000 stock options to certain independent contractors, all at an exercise price of \$0.21, which was the closing price on the date of grant. The stock options vest according to the following schedule: (1) 100,000 vested immediately; and (2) 100,000 vested on May 21, 2008. During the years ended December 31, 2008, and 2007, the Company incurred a non-cash charge to earnings of approximately \$2,000 and \$8,000, respectively, which is reflected in selling, general and administrative expenses on the accompanying Consolidated Statements of Operations representing the fair value of the options. All of these options expire 10 years from the date of grant.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

There were no disagreements with accountants on accounting and financial matters.

Item 9A. Controls and Procedures

Report on Disclosure Controls and Procedures

The Company's Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") with the participation of the Company's management ("Management") conducted an evaluation of the effectiveness of the Company's disclosure controls and procedures. These disclosure controls and procedures are designed to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Securities Exchange Act of 1934, within the time periods specified by the SEC rules and forms, is recorded, processed, summarized and reported, and is communicated to Management, as appropriate, to allow for timely decisions based on the required disclosures. Based on this evaluation, the Company's CEO and CFO concluded that the Company's disclosure controls and procedures were effective as of December 31, 2008.

The Company's CEO and CFO were able to reach the conclusion in the preceding paragraph despite filing a Form 12b-25 Notification of Late Filing with respect to this Annual Report. There were unresolved accounting issues as of March 31, 2009, which caused the Company to be unable to meet the filing deadline. Additionally, the Company received an amendment from M&T Bank to its Credit Facility that was effectuated on April 1, 2009. M&T also granted the Company a waiver on a failed financial covenant on April 1, 2009. The unanticipated time required to gather the additional information, caused a delay in the completion of our financial statements, necessitating the filing of a Form 12b-25 Notification of Late Filing with respect to the Annual Report. The Company intends to take steps to address this in establishing its disclosure controls and procedures for 2009.

Report on Internal Control over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. Under the supervision and guidance of an independent internal control consulting firm and with the participation of Management, the CEO and CFO, an evaluation was conducted of the effectiveness of the internal control over financial reporting based on the framework set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control – Integrated Framework.

The Company's management assessed the effectiveness of the Company's internal controls over financial reporting as of December 31, 2008 and identified a material weakness in one of the Company's subsidiary financial reporting. A material weakness, as defined in standards established by the Public Company Accounting Oversight Board (United States), is a deficiency in internal control over financial reporting that could result in the possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Optical Purchasing Group revenues were not recognized properly in that gross revenues and the related cost of revenues from the subsidiary billing system was completely and accurately transferred to the general ledger. As a result, cumulative year-to-date Optical Purchasing Group sales and cost of Optical Purchasing Group sales for the

quarter ended June 30, 2008 and September 30, 2008 were understated, however, there was no effect to gross margins, operating income or net income, as the net effect of such error was zero. This adjustment is reflected in the Company's audited financial statements for the year ended December 31, 2008.

In order to remediate this material weakness, the Company implemented increased levels of review over the Company's subsidiary reporting including implementing new policies and procedures for finance and accounting personnel.

Management's report was not subject to an attestation report by the Company's Registered Public Accounting Firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only Management's report in this Annual Report.

Changes in Internal Control over Financial Reporting

There has been no change in the Company's internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934, as amended, that occurred during the fourth quarter of the 2008 fiscal year that has materially affected or is reasonably likely to materially affect the Company's internal control over financial reporting. However, there were several immaterial control improvements which Management made in an effort to further strengthen its overall system of internal control in 2009. These changes were immaterial both individually and in the aggregate.

Accordingly, the shares shown in the table as beneficially owned by certain individuals may include shares owned by certain members of their respective families. Because of these rules, more than one person may be deemed to be the beneficial owner of the same shares. The inclusion of the shares shown in the table is not necessarily an admission of beneficial ownership of those shares by the person indicated. Item 13. Certain Relationships and Related Transactions

Cohen's Fashion Optical

Dr. Alan Cohen is currently the Chairman of the Board of Directors of the Company, and, along with certain of his family members, a significant shareholder of the Company. Through February 2008, Dr. Cohen was part owner of Cohen's Fashion Optical, Inc. ("CF"). In February 2008, CF was acquired by Houchens Industries. Dr. Cohen is currently a franchisee of CF operating 10 Cohen's Fashion Optical retail stores. In addition, CF also licenses to retail optical stores the right to operate under the name "Cohen's Kids Optical" or "Ultimate Spectacle." As of December 31, 2008, there was 2 Ultimate Spectacle store located in the State of New York; and REAL, as of such date, operated 3 stores (under the name "Cohen's Fashion Optical"), all of which were located in New York State. CF and REAL stores are similar to our retail optical stores. CF has been offering franchises since 1979 and currently has retail optical stores in the States of Connecticut, Florida, New Hampshire, Massachusetts, New Jersey and New York, and has one store in Puerto Rico. In the future, Cohen's Fashion Optical, Cohen's Kids Optical or Ultimate Spectacle stores may be located in additional states. As of December 31, 2008, approximately 16 CF stores (some of which were franchised by Dr. Cohen) were located in the same shopping center or mall as, or in close proximity to, certain of the Company's retail optical stores. It is possible that one or more additional CF stores, operated by Dr. Cohen, may, in the future, be located near one or more of the Company's retail optical stores, thereby competing directly with such stores. In addition, some of the Company's retail stores and certain of Dr. Cohen's CF's stores jointly participate, as providers, under certain third party benefit plans that either the Company or CF obtained, which arrangement is anticipated to continue in the future.

On December 31, 2002, we refinanced certain past due amounts, owed to CF, in an effort to improve our current cash flow position. As a result, we signed a 5-year, \$200,000 promissory note, in favor of CF, bearing interest at a rate of 10% per annum, and which was payable in equal monthly installments of principal and interest. Such note was paid in full in February 2008.

On January 31, 2007, the Company entered into a Software License Agreement with Optical Business Solutions, Inc. ("OBS"), to provide software for the Company's new point-of-sale system. OBS is owned by CF. As of December 31, 2008, there was \$27,000 of prepaid expenses related to the purchase of 27 user licenses for such software.

In the ordinary course of business, primarily due to the fact that the entities occupied office space in the same building, and in an effort to obtain savings with respect to certain administrative costs, we and CF will at times share in the costs of minor expenses. Management believes it has appropriately accounted for these expenses.

General Vision Services

General Vision Services, LLC, or GVS, a Delaware limited liability company located in New York City is beneficially owned, in principal part, by Dr. Alan Cohen and certain members of their respective immediate families (collectively, the "Cohen Family"). In October 2007, GVS entered into franchise agreements with CF for all of its locations. As of December 31, 2008, GVS operated approximately 10 retail optical stores (including 2 mobile vans), principally located in New Jersey and in the New York metropolitan area, which stores are similar to the retail optical stores operated and franchised by the Company. In addition, GVS solicits and administers third party benefit programs similar to those being administered by the Company. GVS does not franchise any retail optical stores. It is possible that a GVS store, or another retail optical store which provides third party benefit plans administered by GVS, may now or in the future be located near one or more of the Company's retail optical stores and may be competing directly with such store.

Furthermore, the Company, CF and GVS jointly participate in certain third party benefit plans, and certain of the Company's retail optical stores, CF's stores and GVS' stores participate as providers under third party benefit plans obtained by the Company, CF or GVS and, in all likelihood, will continue to do so in the future.

Vision World

In October 2003, Vision World, LLC, a Delaware limited liability company located in New York City and beneficially owned, in principal part, by Dr. Alan Cohen and certain members of the Cohen Family, acquired substantially all of the assets of Eyeglass Services Industries, Inc.'s third party administration business. Vision World solicits and administers third party benefit programs similar to those being administered by the Company. It is possible that a Vision World store, or another retail optical store which provides third party benefit plans administered by Vision World, may now or in the future be located near one or more of the Company's retail optical stores and may be competing directly with such store.

Jeffrey Rubin

Mr. Jeffrey Rubin, director of the Company as of April 7, 2008, is part of the Cohen Family. Between Mr. Rubin, his wife, and certain of his businesses, the combined group has a small ownership percentage in the Company.

Newtek Business Services

Christopher G. Payan, the Company's Chief Executive Officer and a director of the Company, serves on the board of directors of Newtek Business Services, Inc., or NBSI, a company that provides various financial services to both small and mid-sized businesses. Additionally, Mr. Rubin was formerly a director and President of NBSI. The Company utilizes the bank and non-bank card processing services of one of NBSI's affiliated companies. For the years ended December 31, 2008 and 2007, the Company paid approximately \$101,000 and \$95,000, respectively, to such affiliate for such services provided. Additionally, the Company utilizes insurance administrative services of one of NBSI's affiliated companies. No payments are made directly to that affiliate. The Company believes that the cost of such services were as favorable to the Company as those which could have been obtained from an unrelated third party.

Transactions Among the Company and the Cohen Family

On December 31, 2003, the Company entered into agreements, with certain of the members of the Cohen Family (collectively, the "Subject Shareholders"), pursuant to which the Company and each of the Subject Shareholders agreed to, and effectuated, (a) the rescission, ab initio, of the exercise, by the Subject Shareholders, of 6,178,840 of the over-subscription rights of the Subject Shareholders (and, accordingly, of the issuance, to such Subject Shareholders, of the units associated therewith) granted to them in the Rights Offering, and (b) the rescission, surrender and cancellation of all of the remaining warrants (15,784,572 in the aggregate) that were acquired by the Subject Shareholders in the Rights Offering (collectively, the "Rescission Transactions"). In connection with the Rescission Transactions, the Company agreed to repay each Subject Shareholder the original subscription amount of \$0.04 (previously paid by each Subject Shareholder) for each of the rescinded units (together with interest at a rate of 6% per annum from the date of the original acquisition thereof), which, in the aggregate for all of the Subject Shareholders, totaled \$247,154. In October 2007, the Company repaid such amounts together with all accrued interest then due.

Recognizing that the Subject Shareholders suffered certain damages in connection with the Rescission Transactions, on December 31, 2003, (i) the Company and the Shareholders entered into settlement agreements with each of the Subject Shareholders, pursuant to which the Subject Shareholders released any and all claims that they may have had against the Company as a result of the consummation of the Rescission Transactions, and (ii) the Company, in consideration for such releases, granted to the Subject Shareholders, in the aggregate, new warrants to purchase 28,142,252 shares of the Company's common stock. The exercise prices of the new warrants issued to each of the

Subject Shareholders ranged from \$0.0465 to \$0.0489. These exercise prices were calculated with the intention of allowing the Subject Shareholders to purchase equity of the Company on substantially the same economic terms that they would have been originally entitled pursuant to the Rights Offering, but for the Rescission Transactions. The new warrants became exercisable on April 15, 2006 and were all exercised in October 2007.

Transactions Among the Company and Neil Glachman

In connection with the acquisition of Combine Optical Management Corporation (“COMC”), a company owned by Mr. Neil Glachman, the Company entered into a series of promissory notes with COMC. The promissory notes amounted to \$1,773,000 with \$498,000 paid in October 2007; \$300,000 paid in September 2008; \$250,000 due on October 1, 2009; \$225,000 due on October 1, 2010; and \$500,000 (with interest at 7% per annum) payable in sixty, equal monthly installments of \$9,900.60, which commenced on October 1, 2006. For the years ended December 31, 2008 and 2007, there was approximately \$75,000 and \$140,000, respectively, of interest expense. As of December 31, 2008 and 2007, there was \$770,000 and \$1,165,000, respectively, of related party payables remaining due under the terms of such promissory notes.

During 2008 and 2007, Combine Buying Group, Inc. (“Combine”) members purchased contact lenses from Visus Formed Optics, a contact lens manufacturer that is partially owned by Mr. Glachman. For the years ended December 31, 2008 and 2007, the total cost of such contact lenses was approximately \$56,000 and \$69,000, respectively. The Company believes that said costs were as favorable to Combine as those which could have been obtained from an unrelated third party.
