In addition, holders whose Notes are validly tendered and accepted for purchase will receive accrued and unpaid interest on those Notes from the last interest payment date up to, but not including, the applicable payment date for the offer.

The tender offers and consent solicitations will expire at the Expiration Time, unless extended or earlier terminated by the Company. The Company reserves the right to terminate, withdraw or amend the tender offers and consent solicitations at any time subject to applicable law.

The Company's obligation to accept for purchase, and to pay for, Notes validly tendered and not validly withdrawn pursuant to the tender offers and the consent solicitations is subject to the satisfaction or waiver of certain conditions, including, among others, the consummation of the mergers contemplated by the Agreement and Plan of Merger among the Company, Universal Compression Holdings, Inc. ( "Universal" ), Exterran Holdings, Inc. (formerly Iliad Holdings, Inc.) and Exterran's subsidiaries, dated February 5, 2007, as amended, and the receipt of sufficient funds to consummate the tender offers. Each tender offer and consent solicitation is independent of the others, and the complete terms and conditions of the tender offers and the consent solicitations are set forth in the tender offer documents, which are being sent to holders of Notes. Holders of Notes are urged to read the tender offer documents carefully.

The tender offers are part of the refinancing plan of the Company and Universal being implemented in anticipation of the closing of their pending merger, which is currently expected to occur on or about August 20, 2007, if the conditions to the closing set forth in the Agreement and Plan of Merger have been satisfied as of that date. As part of the refinancing plan, Exterran Holdings, Inc., which will be the publicly traded holding company following the completion of the merger, has engaged Wachovia Capital Markets, LLC ( "Wachovia Securities" ) and J. P. Morgan Securities Inc. to arrange and syndicate a senior secured credit facility, consisting of a revolving credit facility and a term loan, and has engaged Wachovia to provide a new asset-backed securitization facility to Exterran. The primary purpose of these new facilities will be to fund the redemption or repurchase of all of the Company's and Universal's outstanding debt other than the Company's convertible debt securities and the credit facility of Universal's publicly traded subsidiary, Universal Compression Partners, L.P. The new facilities will replace the Company's and Universal's existing bank lines and Universal's existing asset-backed securitization facility. The closing of the new facilities is subject to, among other things, the receipt of sufficient commitments from participating lenders and the execution of mutually satisfactory documentation.

Wachovia Securities has been retained to act as exclusive dealer manager in connection with the tender offers and consent solicitations. Under no circumstances shall this press release constitute an offer to purchase or the solicitation of an offer to sell the Notes or any other securities of the Company or any other person, nor shall there be any offer or sale of any Notes or other securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. ***Forward-Looking Statements***

All statements in this release (and oral statements made regarding the subjects of this release) other than historical facts are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements rely on a number of assumptions concerning future events and are subject to a number of uncertainties and factors, many of which are outside Hanover's control, which could cause actual results to differ materially from such statements. Forward-looking information includes, but is not limited to, statements regarding the ability of Universal and Hanover to complete their proposed merger, the expected timing of the closing of the merger, Universal's and Hanover's plans for and the timing of the refinancing of certain of their outstanding debt obligations and Exterran's plans for and the timing of its entering into a new credit facility and asset-backed securitization facility. While Hanover believes that the assumptions concerning future events are reasonable, it cautions that there are inherent difficulties in predicting certain important factors that could impact the future performance or results of its or Exterran's business. Among the factors that could cause results to differ materially from those indicated by such forward-looking statements are the failure to receive the approval of the merger by the shareholders of Hanover and Universal and satisfaction of various other conditions to the closing of the merger contemplated by the merger agreement, the possible inability to obtain sufficient commitments to the credit facility from participating lenders or the inability to reach agreement with participating lenders on mutually satisfactory documentation for the credit facility or the securitization facility.

These forward-looking statements are also affected by the risk factors, forward-looking statements and challenges and uncertainties described in Hanover's Annual Report on Form 10-K for the year ended December 31, 2006, as amended by Amendment No. 1 thereto, and those set forth from time to time in Hanover's filings with the Securities and Exchange Commission (SEC), which are available through [www.hanover-co.com](http://www.hanover-co.com).
