### FORWARD LOOKING STATEMENTS

Certain matters discussed herein constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, which represent HEALTHSOUTH's current expectations and beliefs concerning future events that involve risks and uncertainties which could cause actual results to differ materially from those currently anticipated. Such information is based on numerous assumptions (a substantial number of which are contained in the presentation) and involve a number of risks and uncertainties, many of which are beyond our control, including: completion of the investigations by the SEC and DOJ into our financial reporting; completion of the investigation by CMS into our cost reports and other matters; the resolution of outstanding litigation, including certain class action litigation alleging violations under federal securities laws and certain "qui tam" actions; our ability to successfully refinance our existing public indebtedness as it becomes due; our ability to amend or refinance our senior bank credit facility, which is currently in default; our ability to continue to operate in the ordinary course and manage our relationships with our creditors, vendors and suppliers, physician partners, employees and patients; changes, delays in or suspension of reimbursement for our services by governmental or private payors; changes in the regulation of the healthcare industry at either or both of the federal and state levels, including the implementation of the recently adopted 75% Rule; competitive pressures in the healthcare industry and our response thereto; our ability to obtain and retain favorable arrangements with third-party payors; and general conditions in the economy and capital markets. You are cautioned not to place undue reliance on the forward-looking statements contained in the presentation.
